

## Attributes 491

Chapter 491

Not long after, a figure appeared in front of Gu Shaoyang.

He is a figure who looks like a middle-aged man, holding a long-handled sword in his hand. His temperament is as cold as a military commander, and his body exudes the powerful aura of the late God Lord.

This person Lingxu walked up to the top of Gu Shaoyang's head and slashed at Gu Shaoyang with a fierce knife.

"die!"

He shouted low, like a fierce general deciding life and death on the battlefield.

Gu Shaoyang looked like he only had the strength of the early stage of the Divine Lord. Against a strong person in the later stage of the Divine Lord, he could indeed be killed with one strike.

Gu Shaoyang had no expression on his face and casually said The sword slashed out.

The sword's light was like a sword, like blood, and it passed over the middle-aged man's body in an instant. The middle-aged man's face in the late stage of Shenjun suddenly changed drastically, and his body remained in the posture of holding the sword down, with disbelief on his face. look

"Clang!"

With the next breath, there was a crisp sound, and the long-handled sword in the middle-aged man's hand broke into two halves from the front with a cry. The middle-aged man's whole body was also smoothly divided into two halves.

In the later stage of the Shenjun, he died!

Gu Shaoyang casually catching him, the body of this powerful late-stage divine king was immediately shattered into powder, and an exquisite spirit storage ring flew into Gu Shaoyang's hands.

"After all, he is a top powerhouse in the Small Thousand Realm world, and his net worth is quite rich. It is a pity that these things are treasured in the Small Thousand Realm world, but they may not be worth much in the Middle Thousand Realm world. After all, there are still tens of millions of top quality items. Yuanshi, that is, thousands of top-grade Yuanjing..."

Gu Shaoyang casually took back the spirit storage ring and carefully understood the changes in his own cultivation.

"A strong person in the Divine Sovereign Realm has more than ten times the attributes of the bubbles carried by a strong person in the King Realm, whether it is understanding, bones, or martial arts. The values of various attribute bubbles have reached four digits...."

"But for my current state, it is only a drop in the bucket. I have to accumulate slowly and lead to qualitative changes from quantitative changes..."

Generally speaking, the more powerful a warrior is, the more perfect his control over his own power will be, but because the base becomes larger, no matter how he controls it, it will be leaked.

Gu Shaoyang had not persistently and deliberately collected and extracted attributes before, but now he began to pay attention to it.

One is that understanding the power of the law requires a large amount of martial arts and artistic conception, and the accumulation of attributes, and the other is the way to refine the body.

With his physical body cultivated to this point, Gu Shaoyang is reluctant to give up completely, but he will not allocate a part of his mind to take care of the method of body training.

Fortunately, he has the ability to extract the "root and bone" attributes, and his physical strength has been slowly but surely improving.

This powerful man in the later stage of the Divine Lord was killed by Gu Shaoyang's sword, and the blood order he carried with him also fell off.

The blood orders of the powerful men in the late stage of the Divine Lord quickly collapsed, emitting a blood spirit aura that merged into Gu Shaoyang's blood orders. The aura on Gu Shaoyang's blood orders became thicker.

"Regardless of whether it is the Divine Sovereign Realm or the Tianzun Realm, the Blood Spirit Qi on the initial Blood Order is the same, so the wisest way now is to find those with the weakest cultivation and only the early Divine Sovereign Realm to plunder the Blood Spirit Qi...."

The longer the strong ones are left to the end, the more blood spirit energy they will have, so it will be the same when harvesting these strong ones in the later stages. There is no need to worry now...."

The key is that the strength Gu Shaoyang is showing now is only at the late stage, that is to say, even if he doesn't take the initiative to look for others, others will take the initiative to come to him when they see him.

Gu Shaoyang randomly found a direction where the blood spirit aura was coming from and walked there.

Sure enough, it didn't take long before a figure appeared in front of me.

This man was in the middle stage of the Divine Lord. He first looked at Gu Shaoyang with a wary look on his face, and when he felt his aura, his face suddenly became overjoyed.

"It turns out it was just the early stage of the Divine Lord..."

The man laughed heartily, and while pouring his momentum towards Gu Shaoyang unbridled, he shouted at him: "Boy, hand over the blood order and leave the secret realm voluntarily. You still have a way to survive. Otherwise, don't blame me. You're welcome...Well..! ! ! "

Before this powerful man in the middle stage of the Divine Lord could finish a sentence, his eyes suddenly opened wide, as if he had seen a ghost, and even the tone of the remaining words that came out of his mouth completely changed.

Gu Shaoyang showed a little bit of his real momentum, and the feeling of this mid-level divine king suddenly changed from a harmless little sheep to a terrifying ancient behemoth.

Gu Shaoyang glanced at him indifferently. This late-stage divine king suddenly felt as if he had fallen into an ice cellar. Cold sweat broke out in large drops on his forehead. His whole body was stiff, as if he could not move like a piece of wood.

It's so scary. Who is this person?!

The powerful mid-level Divine King asked himself crazily in his heart.

Soon he found that he really couldn't move.

Gu Shaoyang's domain opened slightly, and a powerful mid-level divine king broke into his domain. He was immediately like a bug caught in a drop of pine gum, a bug solidified in amber, unable to blink even if he wanted to.

Gu Shaoyang, on the other hand, can easily kill him with just a thought.

"Extract attributes!"

Gu Shaoyang first extracted the attribute bubbles of the basic understanding and martial arts conception of the mid-stage Shenjun, then took off his spirit storage ring, and finally the blood order. The strong man in the mid-stage Shenjun opened his eyes wide and looked at Gu Shaoyang. He moved step by step casually and skillfully, with a look of fear in his face and eyes.

At this moment, his intestines were about to turn green.

How could this person be in the early stage of the Divine Lord? He was clearly scarier than the later stage of the Divine Lord at the peak of the Divine Lord, right?!

Facing the peak powerhouse of the Divine Lord, he could still struggle for a while. In front of this person, it was difficult for him to even blink his eyes and reach the sky!

Tianzun!

He was definitely a Tianzun strongman who pretended to be a pig and eat the tiger.

He originally thought that he There was no doubt that he would die, but Gu Shaoyang just scraped him clean and then took away his blood spirit energy.

Without the blood order, this person was quickly repelled by the power of the secret realm and was teleported out of the trial place.

This divine king in the middle stage The words that the strong man said saved his life. Those who participated in the trial and selection were all top strong men in their respective small thousand realms, and they were also protectors.

Gu Shaoyang had some kindness in his heart.

If he came up No matter how hard he kills, he will not be merciful and will kill when he should, just like the strong man in the later period of the first divine king.

Martial arts is the way of humanity and the way of kings.

Gu Shaoyang, who was once the emperor of heaven, is now acting more and more in a more arrogant way The wind of a king.

Joy brings the spring breeze and rain, and anger makes the ocean of blood drift!

Just after sending this divine king away, in Gu Shaoyang's induction, several more blood (Wang Nuohao) spiritual auras quickly approached him.

Gu Shaoyang smiled slightly. , continue to fly forward at the original unhurried speed....

In the city of trials, nearly half of the countless light curtains in front of the huge ship have disappeared in just a few months.

And the outstanding ones among them also began to stand out, and a small part of the particularly conspicuous light screen attracted everyone's attention all the time, causing waves of exclamations.

One of the most eye-catching light curtains is Xiao Chuhan, the genius of Xiao Canglan Territory who instantly killed the powerful Tianzun as soon as he entered the trial area.

His light screen almost occupies a small half of the void. You can imagine how many powerful people he eliminated or killed during this period of time.

Except for Xiao Chuhan, almost all the other conspicuous light curtains were deleted by powerful people in the Tianzun realm.

There are powerful Tianzun from the Xiaoqian Realm and the proud Tianzun from the Little Canglan Realm.

The light screen of those who are powerful in the Divine Lord Realm is much worse than those who have reached this level.

However, there are also outstanding ones among the powerful divine kings, and the most outstanding are the three.

Chapter 492

Two men and one woman.

One person is a stern young man with long mottled white hair and an extremely young face.

The young man was holding a black magic weapon, his eyes were like ice, and looking at him was like seeing a thousand-year glacier.

The woman is as beautiful as a flower, with short fiery red hair and fiery red eyes. Her whole person is like a walking blazing fire.

The last person is a young man who looks unremarkable, but his appearance, temperament and demeanor are extraordinary. He is a young man who is hard to find in the world.

But among the three, the young man seemed the least conspicuous.

"Mo Qingwu and Leng Yan, these two people are indeed the top talents of Xiaoqianyu who have been spotted by Xiaocanglanyu early. However, due to the later cultivation of Shenjun, more than one or two of the strongest experts at the peak of Guangshenjun died in their hands. Got it....."

"The third young man must have hidden his strength. He may have the strength of a divine king, but he has been pretending to be a pig and eating the tiger. But sooner or later it will be exposed, it can be regarded as a bit of strength and cleverness."

"But he is much inferior to Mo Qingqing and Leng Yan."

While everyone was sighing, Mo Qingqing in the light screen had already encountered a person.

This man was so powerful that he laughed and rushed towards Mo Qingqing at the first sight. He seemed to be a powerful person at the level of a god.

But he was just a god. Mo Qingqing, who was in the later stage of Hai, not only was not afraid when he saw the Tianzun-level powerhouse, but took the initiative to meet him.....

"The devil is ruthless!"

Mo Qingqing slashed out with a majestic sword.

Moreover, there were thin shadows of dark chains appearing on the sword. Although they were very thin, they were filled with demonic energy. The face of the Heavenly Lord suddenly changed, and he shrieked in disbelief. He shouted:"The secret of the law!"

Mo Qingwu, who was blessed by the shadows of dark chains, had extremely terrifying combat power. Even the powerful Tianzun level was no match for him. In the end, he was forced to leave the blood order and escape from the trial place.

"940 Horror!"

The warriors in the Xiao Canglan Region outside the secret realm also took a breath of cold air.

"A strong person who understands the secrets of the laws is terrifying, and a genius like Mo Qingqing who understood the secrets of the laws in the realm of the God Lord, if the resources are sufficient, can definitely soar to the sky."

"Leng Yan is also a being who understands the secrets of the law. These two people should be the top geniuses in the Xiaoqianyu world. Even the deities in the Xiaoqianyu world do not have as much potential as them."

Even the young man in the Chinese robe who had always been expressionless said calmly when he saw the scene of Mo Qingqing killing Tianzun: "If you can understand a trace of the secrets of the magic law in the realm of the divine king, you are still a talent."

At this time, Mo Qingqing's light curtain has become more conspicuous than some of the Heavenly Lords, and many people's eyes were on him unconsciously.

Suddenly, someone shouted in surprise: "Mo Qingqing seems to be going to compete with that pretender. What happened to the young man who was a pig eating a tiger!"

"Hey, it's true..."

Everyone connected the two light screens of Mo Qingqing and the handsome young man, and realized that the two were indeed going to meet each other.

"This young man felt how strong the blood spirit energy was in Mo Qingqing's body, and he didn't even flinch. I don't know whether it was stupidity or confidence."

"I'm afraid he's quite confident in his hidden strength."

"Even if this handsome young man really hides most of his strength, the battle between the two of them will probably be without any suspense."

"After defeating this young man, one of the people who can enter the Little Canglan Domain must be Mo Wuqing."

"I hope this young man can bring us a little surprise, otherwise this battle will be quite boring hahaha..."

No one was optimistic about the handsome young man who looked ordinary, and everyone expected his defeat.

"This blood spirit energy is so strong, I'm afraid it's a Heavenly-level powerhouse coming...."

Gu Shaoyang thought silently in his heart, but there was no trace of flinching or nervousness on his face, and he still had a calm demeanor.

Soon, a cold and domineering figure with monstrous demonic flames appeared in Gu Shaoyang's field of vision.

He is a stern young man with long gray hair, holding a long knife, like a real demon coming out of hell.

"Huh?"

Gu Shaoyang was slightly surprised,"It turned out that the later cultivation level of the Divine Lord was not that of the Heavenly Lord....With the later cultivation of the Divine Lord, he can plunder so much blood spirit energy....."

A name suddenly flashed in Gu Shaoyang's mind, and he couldn't help but blurt out,"Are you the devil?""

Mo Qingqing looked cold and said calmly: Are you still not afraid or running away after saying my name?"

Gu Shaoyang smiled slightly and did not answer.

Mo Qingqing glanced at Gu Shaoyang indifferently, with a bit of contempt and ridicule in his eyes, and said:"I know you must be hiding your strength, either your cultivation level or your combat power.

But your cultivation level definitely does not exceed the Tianzun realm. And as long as it does not exceed the Tianzun realm..."

Mo Qingqing crossed the magic sword and said with great confidence: "Within the same realm, in the Xiaoqian Realm, no one can be my opponent!"

Gu Shaoyang pondered for a while and said to Mo Wuqing: "After today, you should be I won't think so anymore"

"snort!"

Mo Wuqing sneered disdainfully and slashed at Gu Shaoyang with his sword.

"Humanity is ruthless!"

Gu Shaoyang looked calm and didn't look at his movements. He just slashed out with his sword, and Mo Wuqing's sword was wiped away silently.

"Um? Mo

Qingqing's eyes moved and he said coldly: "Sure enough, there is something.""

"Heaven is ruthless!"

Mo Qingqing's sword was much stronger than the previous one, and its power was close to the peak of the Divine Lord Realm.

With this sword alone, he was enough to be called "Tianjiao".

The bloody sword light swayed from Gu Shaoyang's hand, just the ultimate sword The power of the soul can easily shatter Mo Qingqing's sword.

"good!

Mo Qingqing smiled instead, "Then take my stab!"

"The devil is ruthless!"

Mo Qingqing held the sword with both hands and slashed it down with a fierce blow. The sword, which was thousands of feet long, struck Gu Shaoyang on the head. The moment the sword appeared, its power had reached the peak of the Divine Lord Realm.

Immediately afterwards, a sword appeared above the sword. With the black chains like thin snakes, the power of Dao Gang suddenly increased ten times.

It has surpassed the realm of the God King and reached the level that even the Heavenly Lord will turn pale.

"The secret of magic law!"

Many people outside the secret realm were watching the battle and started talking,

"Even the powerful Tianzun can't stop him, this young man will definitely be defeated!"

Everyone's tone was extremely determined.

"Is this the secret of the law?"

Facing Mo Qingqing's sword, Gu Shaoyang not only did not have any panic or fear, but instead showed a bit of interest.

"Magical Law Fragments\*2849"

"Root bone\*3934"

"Comprehension\*2834....."

Mo Qingqing's sword reminded him of Gu Shaoyang's appearance when he used the Law of Killing, the Law of Space, etc., but the chains that appeared were much thinner and smaller than his, and the aura of the law was far less strong than Gu Shaoyang's.

As expected by Gu Shaoyang, when Mo Qingqing slashed out this sword, many attribute bubbles appeared on his body.

Gu Shaoyang extracted and absorbed it in an instant

"Magical Laws...It's not the law I want to understand...."

Gu Shaoyang felt weak in his heart, and the fragments of the magic law that were suddenly absorbed into his body were quickly peeled off, which contained countless Mo Qingqing's own understanding of the magic. This part was far away from Gu Shaoyang, and what was left was only the breath of the law fragments.

"Can it still be like this?"

The properties of the law fragments after peeling off the ruthless demonic path are only one-third of the original ones.

But after being absorbed by Gu Shaoyang, the power of several sword souls with perfect gold and wood attributes in Gu Shaoyang's body seemed to have added a catalyst, and began to A wonderful transformation occurs quickly.

From the soul of the sword to the direction of manifesting the law, the properties of the fragments of the law are not enough.

"Very good, this is indeed a shortcut!"

Gu Shaoyang was overjoyed, and then he slowly raised his head to face Mo Qingqing's sword.

Gu Shaoyang stayed there motionless, and his taste suddenly changed in the eyes of others.

"This young man pretended to be a pig to eat a tiger, but when he encountered the ancient ferocious beast Mo Qingqing, he was frightened out of his wits...haha"

"Hey, it is the secret of the law after all. The addition of the secret of the law to the combat power is so terrible that anyone will be captured by the mind."

"Pretending to be a pig to eat the tiger, pretending to be a pig to eat the tiger, but in the end being treated as a pig and slaughtered, it's really ridiculous!"

Many people from Xiaocanglan Territory shook their heads, sighed, and mocked Gu Shaoyang....It was almost certain that he would die under Mo Qingqing's sword.

But at this moment, Gu Shaoyang moved in the light curtain.

Gu Shaoyang struck out a sword seemingly casually, and said casually:"Is there a secret to the law? What a coincidence, I know a little bit about it."..."

The next moment, a terrifying silver-white chain like a silver dragon appeared through the void behind Gu Shaoyang, looming.

The brilliant white sword light is like a stream of light, and the Milky Way reaches the sky.

Mo Qingqing's sword shattered instantly, and the tiny black chains on the sword's blade also fell apart.

Compared with the terrifying silver chain behind Gu Shaoyang, the dark chain on the Demon Wuqing Knife really looked like a small snake or earthworm.

There is no comparison between the two

"What?!"

Outside the trial site, countless people screamed in shock, their eyes almost popping out of their heads when they saw this scene. The young man in the Chinese robe who had been careless

accidentally caught a glimpse of this scene, and he instantly came back from his laziness. , Sitting upright in a flash.

A strong light burst out from his eyes...

Chapter 493

"A kind of fundamental profound perfection!"

"But is he still in the divine king realm?!"

Not only the young man in Hua Pao, but also the two True God Realm powerhouses in Xiao Canglan Territory were also shocked, with huge expressions of emotion on their faces.

"Haha, the Lord God can actually comprehend a basic secret to perfection, and it is the secret of space...."

The young man in the Chinese robe had bright eyes, staring at Gu Shaoyang's figure in the light screen, and said with a smile:"Interesting, finally a little interesting..."

The small Canglan warriors who were watching under the building boat were even more shocked and screamed again and again.

"This young man actually understood the secret of the law in the Divine Lord Realm! And he understands it more profoundly than Mo Wuqing!"

"It turns out that the part of his hidden strength is not the peak of the divine king, but the secret of the law?!"

"He is really in the early stage of a divine king~, it's incredible!"

"Why are you pretending to be a pig and eating the tiger? We obviously thought he was a pig, but he was really a dormant beast from ancient times!"

No one dares to look down on Gu Shaoyang anymore. Anyone who looks down on Gu Shaoyang has already paid the price, and so has Mo Qingqing.

Mo Wuqing's sword quickly collapsed and melted under Gu Shaoyang's sword.

However, Gu Shaoyang's sword did not kill Gu Shaoyang. The demon mercilessly killed him, but only wounded him

"puff..."

Mo Qingwu spat a mouthful of blood, his expression was slumped, and he said bitterly:"I lost."..."

Mo Qingqing took out the blood order from his arms and threw it towards Gu Shaoyang. He stared at Gu Shaoyang and it was full of complicated things.

"Even Leng Yan, I thought I could overwhelm her, but I didn't expect that there would be someone like you in the Xiaoqianyu world....It is simply unimaginable that someone in the Divine Lord Realm can fully comprehend the basic mysteries of space laws..."

Gu Shaoyang's eyes flashed slightly and he said:"What is the perfection of the basic secret?"

Mo Qingqing looked at him strangely,"Don't you know? Every power of law has many kinds of secrets, such as your space law, As far as I know, there are many mysteries such as cutting, speed, mirroring, etc. The most common one is the basic mysteries.

It is said that if you can master all the mysteries of the law and understand the perfection, you can truly control the full power of a law.

But this is not true at all. Possibly, no one can do this..."

"Leng Yan and I have only scratched the surface of the power of the law, and have just understood the basic meaning of a law.

And you not only realized it, but also realized it perfectly. The concrete manifestation of the power of the law when using the power of the secret is the best evidence.

It's really hard for me to imagine how you did it in the world of Xiaoqianyu..."

After Mo Qingqing said these words, he disappeared because all the blood spirit energy was plundered by Gu Shaoyang and then teleported out of the secret realm.

"Perfection of Basic Mysteries..."

Gu Shaoyang muttered these words, and he roughly understood Mo Wuqing's explanation.

If the power of law is compared to a book, the secrets are the various knowledge points in the book, and the basic secrets are the words.

In the small world of Xiaoqian Realm with poor inheritance in high realms, it is an extremely remarkable achievement for Mo Qingqing and others to be able to figure out a few words on their own, but Gu Shaoyang actually recognized all the words?!

No wonder he would be regarded as a monster by Mo Qingqing and a group of people outside the secret realm.

"The power of law also has many different mysteries, such as cutting, speed, and mirroring...."

Gu Shaoyang's eyes gradually glowed as he recalled what Mo Wuqing had said to him, a faint smile appeared at the corner of his mouth, and he continued to move forward.

He felt as if a door opened in front of him.

Leaving the Zhongtian Territory was indeed the right choice. With just a few words of guidance, it might take him a long time to realize it if he was in the Zhongtian Territory.

Gu Shaoyang met several more divine kings, and those with strong murderous intentions were beheaded, while those with the power of words were simply expelled from the secret realm by him.

At this time, the selection trial has passed for some time, the secret realm is not big, and most of the gods in the early, middle and even late stages have been eliminated.

Gu Shaoyang finally met a powerful person in the Tianzun realm.

When Gu Shaoyang made a move with the profound meaning of space law and beat the powerful Tianzun-level man until he vomited blood and flew back, the expression of the powerful Tianzun-level man was as if he had seen a ghost.

"How can it be? How is it possible for you to comprehend the profound meaning of the law, and to comprehend the profound meaning of a law to perfection?! You are the genius of Little Canglan Territory!"

For the powerful people in the Small Thousand Domain Realm, even those in the Tianzun Realm, the mysteries of the law are an existence that is elusive and unattainable.

Only the geniuses in the Middle Thousand Realm Realm can reach the level of the Tianzun Realm or the Divine Lord. After eliminating this Tianzun, Gu Shaoyang's Blood Order Qi is already extremely strong.

There are many Tianzun strongmen who are beyond the Xiaoqianyu Realm, and they are almost on the same level as the Tianzun Realm proud men in the Xiaocanglan Realm.

"Too strong, I didn't expect this person to be the real dark horse among the strong people in the Xiaoqianyu Realm!"

"As expected, after this selection is over, this person, Mo Qingqing, and Leng Yan will all be attracted by the top forces in the Little Canglan Region!"

"For someone who comes from the world of Small Thousand Realms, it is no less than a carp leaping over the dragon gate!"

Many people began to pay attention to Gu Shaoyang's light curtain and marveled at it again and again.

"But if he encounters the genius of our Little Canglan Region, he will probably be eliminated!"

"This is inevitable. The top genius in the Xiaoqianyu Realm is equivalent to a top genius in our Xiaocanglan Realm. It is not really a top genius."

···Asking for flowers·····

"Leng Yan encountered the genius of our Little Canglan Region!"

Everyone looked up and saw a handsome woman with fiery red hair fighting with a handsome man with a smile. The former was at a disadvantage.

"Flames are moving in all directions!"

Leng Yan shouted in a low voice, and swung the long sword in his hand to shoot out a series of flaming sword energy. Each sword energy was more or less entangled with the shadow of the flame chain.

This move is enough to fight with most of the small thousand realms. Leng Yan is also a genius who has understood the secrets of the Law. She has understood the secrets of the Law of Fire.

But in front of this handsome man in front of her, Leng Yan felt waves of deep powerlessness in her heart..The gap is too big.

The handsome young man is not a strong man, but a peak god. But he also understands the secrets of the law, and he understands it more deeply than Leng Yan.....

If Leng Yan has only scratched the surface of the profound meaning of the Law of Fire, not even 10%, this handsome young man from the Xiaocanglan Region has understood about 20% of the profound meaning of the law he has mastered, and is stronger than Leng Yan in all aspects. on many

"You have good talent."

The handsome young man casually resisted Leng Yan's attacks, and said with a smile:"Why don't you consider being my concubine? I'm not as shallow as the world, and I value your talent more than your appearance...."

"Go to hell! Leng

Yan's pretty face turned red, and he slashed out again in shame and anger.

The handsome young man comforted him: "With your talent, there is no problem in entering our Little Canglan Domain, but it is impossible to enter the Great Thousand Domains." But I'm different...

This time, the Cangqing sect from the Great Thousand Realm came to recruit disciples. There were a total of nine disciples, nine from outside and one from within.

Naturally, I, Senior Brother Xiao Chuhan, get the quota for the internal faction, but there must be a place for me among the nine people from the external faction.

If you become my concubine, then you can follow me directly into the Great Thousand Realms, Cangqing Sect, and your achievements in the future will be limitless. Isn't it a beautiful thing?"

"you..."

Leng Yan gritted his teeth and cursed: "Asshole, you're dreaming!"

"Stubborn!"

The handsome young man shook his head and his expression became cold, "How many women want to climb into my bed but have never had a chance. After all, they are mud-legged people from the Xiaoqianyu Realm. They are short-sighted and don't know how to lift!"

"Defeat!"

The handsome young man clapped his palm, and several phantoms of law and mystery chains exuding a cold breath were blessed on his palm like a giant python, and he pressed down hard on Leng Yan.

Leng Yan's face turned pale, and he was about to swing out a wave with all his strength. The last stubborn resistance.

Suddenly at this moment, a handsome and cold young man seemed to pass by them casually...

The moment the handsome young man appeared, both Leng Yan and the handsome young man were startled.

How this person appeared, neither of them noticed at all.

It wasn't until the handsome young man stood less than a thousand meters away from their battle group that the two of them suddenly realized

"Damn it!"

Frightened by this man, there was a flaw in the palm of the handsome young man's inevitable victory.

Leng Yan slashed with all his strength, vomiting blood and flying back.

The injury was not serious, but he was still a short distance away from being eliminated.

"Who are you?"

The handsome young man shouted angrily at Gu Shaoyang in surprise.

Gu Shaoyang said calmly:"You guys continue, whoever wins will keep the blood order."

"Well?..."

Leng Yan and the handsome young man were stunned when they heard this, and then their eyes became strange. crazy!

This was the only thought in Leng Yan's mind about Gu Shaoyang.

In the early stage of the Divine Lord, there was no hidden cultivation.

Among the powerful people in Xiaoqianyu Realm, those who are at the level of "Six Six Seven" in the Divine Sovereign Realm have understood the secrets of the law and have the combat power of the Tianzun Realm. Apart from himself, the only one is Mo Qingqing.

But Mo Qingqing has white hair, is cold and ruthless, and looks very different from this person.

This person is definitely not a demon.

Not even a genius from the Little Canglan Region.

Geniuses who are born in the Little Canglan Realm will have a sense of superiority, and they can be easily distinguished from those who are born in the Small Thousand Realm.

Since this person is neither Mo Qingqing nor a prodigy from the Xiao Canglan Region, nor does he have an extremely powerful state.

And he said such big words.

Then he can only be a madman.

Leng Yan looked away from Gu Shaoyang expressionlessly, slowly wiped the blood from his mouth, and stood up with the knife.

She still has the power of a knife, and this knife will use up all her strength. If she still can't snatch a chance of life from the handsome young man, she will immediately give up the blood order and teleport out of the secret realm.

Leng Yan had already made up her mind. Gu Shaoyang was the only one she had not taken to heart for a long time.

The handsome young man also showed contempt and disdain on his face, and shouted angrily at Gu Shaoyang: "Go away!"

Then he slapped Leng Yan hard with his palm again.

Leng Yan also gritted his teeth, his momentum surged, and he slashed out with all his strength.

Seeing that the two were about to confront each other.

Suddenly, a brilliant silver light bloomed from one side of the two of them, quickly spreading and turning into a mighty Milky Way.

In the Milky Way, there are ancient and vast shadows of chains that appear and disappear, like a knotted silver dragon.

It enveloped both of them in an instant.

"How can this be?!"

The handsome young man screamed with a horrified expression on his face.

Leng Yan also had a look of incredible shock on his face.

The attacks of the two men were broken without any difference, and the two figures all flew out.

Gu Shaoyang casually With one move, two blood tokens flew into his hands and were shattered by him. He absorbed all the blood spirit energy.

In addition to the blood spirit energy, there were also law fragment attribute bubbles, spirit storage rings, etc. on the two of them..

Feeling the transformation in his body and the power of his soul, Gu Shaoyang showed a faint smile on his face.

After doing all this, Gu Shaoyang turned around and left as if he had done an extremely trivial and trivial thing, without even looking at Leng Yan and The two handsome young men glanced at each other.

Leng Yan and the other two were still in great shock, looking at Gu Shaoyang as if they had seen a ghost.

When they came to their senses and wanted to say something, they had already been teleported out of the secret realm. , the figure disappeared in place

"The total number of Tianzun strongmen in the Small Thousand Realm and the Tianzun strong in the Little Canglan Realm is about one hundred, but there are only ten places to enter the Great Thousand Realm. In other words, if I want to enter the Great Thousand Realm, this test Must be at least in the top ten..."

Gu Shaoyang sighed slightly,"There is still a long way to go. We need to speed up..."

With that said, Gu Shaoyang stepped out and his figure quickly disappeared here....

Outside the secret realm, the onlookers have marveled at Gu Shaoyang's performance many times.

Except for Xiao Chuhan and several other geniuses from the Little Canglan Realm, most people paid the most attention to Gu Shaoyang. Even the showdown between the Heavenly Masters from the Little Thousand Realm could not attract their attention.

Just now, Gu Shaoyang defeated Leng Yan and Leng Yan at the same time, which shocked them even more.

"He has the temperament of a peerless person!"

Some people said this about Gu Shaoyang.

In front of Gu Shaoyang, even the proud men of the Little Canglan Region do not have the slightest sense of superiority.

In other words, although Gu Shaoyang was born in the Little Qianyu Realm, he looks better than the geniuses of the Little Canglan Region. They are more superior.

Just like a real dragon overlooking a python, even if the environment of the python is better than that of the real dragon, the real dragon is not envious at all, because it knows that it is inherently more noble than the python.

This is A rare kind of magnanimity.

It is the belief in invincibility cultivated in countless battles and confrontations, absolute confidence in oneself, and the magnanimity of a king and overlord.

Even Leng Yan and Mo Wuqing do not have this.

"This person is a rare and good prospect...."

The young man in the Chinese robe was obviously interested in Gu Shaoyang, and he even took the initiative to praise him. You should know that even Xiao Chuhan did not receive such praise from him.

The two True God Realm powerhouses in the Little Canglan Realm nodded slightly and agreed:"It is indeed remarkable to be able to fully understand the basic meaning of the power of a law in the Little Qianlan Realm...."

"Which small thousand realm did it come from?"

The young man in Chinese robe asked casually....

The True God Realm expert searched for a while and said with a slight surprise:"It turned out to be a person from the Zhongtian Realm. No wonder..."

The young man in Hua Pao also had a strange look in his eyes, and said in a low voice:"The Zhongtian Domain is indeed the most special domain among the many small thousand domains. Many earth-shaking big names came from there, and their fate dictates...."

The True God Realm experts from Xiao Canglan Region nodded in agreement. Although the young man in Hua Pao showed unprecedented concern and interest in Gu Shaoyang, the two of them were not worried at all.

Although Gu Shaoyang's current talent is very strong, the gap between him and Xiao Chuhan is still too big.

Xiao Chuhan's spot as a disciple within the Cangqing sect is destined to be Xiao Chuhan's, and no one can take it away.

"Damn damn damn!"

A blood-red figure was like light and electricity, flying quickly in the secret realm.

A strange, handsome, ferocious and terrifying blood-red figure was revealed, with two bat wings flapping gently behind the figure.

"It's too scary. These sons of genius who were born in the Middle Thousand Realms Realm are all at the Heavenly Venerable Realm, and their combat power is more than ten times that of mine!"

The Holy Blood Saint's whole body was burning with blazing blood flames, and he activated the Xueluo clan's secret method of escape.

"After all, it's because of that bitch..."

An extremely magnificent bloody sword light flashed through the mind of the Holy Blood Saint, and now he recalls it with a trace of fear.

It was unimaginable that an attack of that level could be carried out by a lowly person from the lower realm who did not even have the Holy Lord realm.

The Holy Blood Saint gnashed his teeth in hatred.

If he hadn't been injured by that sword, his vitality would not have been greatly damaged. Even if he madly devoured the Holy Lord of his clan, he would only be able to recover to about 70% of his strength.

The plan of 3.7 thousand realms in Demonic Blood Realm Impact has become a huge joke.

"Don't let me see you again, otherwise I will peel your skin and cramp your muscles, dig out your soul and refine your bones!"

The Holy Blood Saint cursed extremely viciously.

The terrifying aura behind him seemed to be approaching again. A trace of fear showed on the Holy Blood Saint's face, and he accelerated his speed again.

Not only did he fly far away, a figure suddenly appeared in front of the Holy Blood Saint..

It was a handsome young man who was walking leisurely.

The young man's appearance was both strange and familiar. The Holy Blood Saint could hardly believe his eyes.

"It's him?!"

The color of ecstasy surged from the eyes of the Holy Blood Saint, and he was extremely happy.

"Hahaha, the sky has eyes, and it actually allowed you to be promoted to the Divine Lord Realm to participate in this selection trial, and you even took the initiative to come in front of me...."

The Holy Blood Saint was overjoyed, laughed, and slapped his paw in the direction of the handsome young man.

"Boy, come and die!"

Chapter 495

Holy Blood Saint?

Gu Shaoyang was stunned for a moment, then a smile appeared on his face.

I felt a strong blood spirit energy moving towards this side before, and I guessed it would be a Heavenly Master, but I didn't expect it to be the Holy Blood Saint.

There is no place in life that we don't meet!

Gu Shaoyang's hand gently touched Qixing Longyuan, and a faint murderous aura surged out of him.

"How brave, not even hiding!"

The Holy Blood Saint sneered, a cold color flashed in his eyes, and his hands became a little more powerful. He must not let this kid have a chance to activate the teleportation array to escape!

Kill him and devour all his blood. I can just do it. Use this to escape from the pursuit of the powerful Tianzun from Xiaocanglan Region behind you.

"die!"

The Holy Blood Saint shouted loudly.

The rolling blood flame turned into a fierce claw that covered the sky, and seemed to crush Gu Shaoyang to pieces.

But the next moment, an invisible domain burst out from Gu Shaoyang's body, instantly killing the Holy Blood Saint. shrouded

"What?!"

The Holy Blood Saint felt that his body was frozen, as if he was stuck in a quagmire. He had to make great efforts to move even slightly.

Not only his body, but also the sky-covering vicious claw he shot out was also stuck in the quagmire. The speed becomes as slow as a turtle crawling, even...

The blood flames on the vicious claws are slowly disintegrating at a speed visible to the naked eye, and the momentum is rapidly weakening.

"What power is this?!"

14 The Blood Saint was horrified and roared.

Before this wave of shock dissipated, the next wave of even greater shock came oncoming.

"Uh-huh!"

I saw Gu Shaoyang casually slashing at him with a sword. With this sword, blood light shot into the sky, and an illusory blood-colored chain loomed in the void, emitting waves of terrifying power that made him tremble.

It was that sword.!

The Holy Blood Saint suddenly opened his eyes and his pupils shrank.

He was injured by this sword in the first place. However

, this sword is no longer what it used to be, and it is more powerful than the last time it cut him. More than ten times!

"What power is this?! What kind of power is it! ?!"

The Holy Blood Saint roared in his heart, both in shock and fear.

The Holy Blood Saint suddenly felt some attributes, and lightning suddenly flashed in his mind, and a bigger and thicker fear appeared on his face.

The kind of fear contained in this sword Power, isn't it the power of the little Canglan Domain Heavenly Lord who was chasing him behind him and played with him wantonly in the palm of his hand?

Moreover, the terrifying aura contained in Gu Shaoyang's sword seemed to be more powerful than the one who chased him into a lost dog. What the Little Canglan Domain Tianzun masters is more powerful and richer?!

How is this possible?!

The Holy Blood Saint has been completely stunned. He watched the sword fall from the sky, and the color of blood occupied his eyes. Next He was about to fall in seconds.

At this moment, there was a huge sound of breaking through the air behind the Holy Blood Saint, and a arrogant figure roared towards him.

"Little bat, where can you run to? hehe...Um?! what's the situation?!"

A strange-looking young man in black robe appeared on the scene with a smile on his face. However, when he saw the Holy Blood Saint standing there blankly like a pig and sheep waiting for the sword light to fall, he was suddenly shocked. He stopped, with a look of surprise and uncertainty on his face.

"oh? Another one?"

Gu Shaoyang saw a look of surprise on his face when he saw the young man in black robe. Then he casually turned his sword light and slashed diagonally towards the young man in black robe.

"Then I'll deal with you first."

The bloody sword was like a dragon, turning around and slashing at the young man in black robes.

The ancient and vast blood-colored locks appeared as if they were eternal, conveying the terrifying murderous intention directed towards the avenue.

"The secret of the law?!"

The face of the young man in black robe suddenly turned extremely pale, and he screamed in disbelief.

Then he stabbed Gu Shaoyang with a sword. This sword also stirred the void, bringing out a large number of dark green chains that were as fine as poisonous snakes.

"Attributes of evil law fragments\*7848"

"Extract attributes!"

Gu Shaoyang expressionlessly extracted the attribute bubbles from the young man in black robes, but the sword light in his hand was half a bit sluggish.

Compared with the dark green evil law chain and the blood-colored chain, it was like the gap between a poisonous snake and a blood dragon.

The two The Dao sword light only remained in a stalemate for a while before it suddenly shattered. The bloody sword light still had more than half of its power left and continued to slash at the black-robed young man.

"The basic principles of the law are complete!!"

The young man in black robe exclaimed again, this time the exclamation was louder and sharper than the last time.

The voice became distorted and trembling due to the huge shock and horror.

The young man's understanding of the secrets of the law was beyond what Gu Shaoyang had ever seen so far. The most profound one probably reached about 40%.

But before Gu Shaoyang understood the perfect secret of the Law of Killing, there was still not much resistance.

The young man in black robe turned around and left without looking back.

"Want to leave?!"

Gu Shaoyang snorted coldly, and quickly caught up with him with a flash of silver light.

The Holy Blood Saint felt that the inexplicable power that enveloped him had finally disappeared, but he still stood there blankly, his mind going blank.

How could this happen?

The one who fought so hard back then The human youth who tried his best to barely cut himself was now so powerful that he was so terrifying.

He was like a ball of mud in front of him and could be kneaded at will.

What made the Holy Blood Lord even more like a dream was that even The powerful Heavenly Masters in the Little Canglan Region were no match for him. They turned around and ran away after being beaten.

God, this guy seems to be just looking to advance to the Holy Lord (God Lord) realm!

How can he be so perverted?

"No, I have to leave here immediately!"

The Holy Blood Saint reacted suddenly, took out his blood order tremblingly, and was about to activate the teleportation array above.

Suddenly, his hand froze.

The suffocating feeling of being stuck in the mire came back.

Holy The Blood Saint's face suddenly turned pale.

Then, he saw the indifferent Gu Shaoyang returning from the sky, casually crushing a blood order in his hand.

Huh?!

The Blood Saint's eyes suddenly opened wide.

That person The Heavenly Lord of the Little Canglan Region is dead?!

"The Demonic Blood Realm slaughters all living beings and is riddled with evil consequences. Now the retribution is in my hands...."

Gu Shaoyang glanced at the Holy Blood Saint lightly, and the sword light suddenly appeared.

"Die."

The Holy Blood Lord suddenly exploded into a ball of blood mist, and was completely annihilated in the void.

Gu Shaoyang put away the blood order of the Holy Blood Lord, crushed it and absorbed it, and then moved forward slowly...

At this moment, the situation outside the Trial Territory has already exploded.

The number of light curtains appearing in the void is less than a hundred, and the largest one is still that of 617 Xiao Canglan Territory Prodigy Xiao Chuhan, occupying almost half of the sky.

The owner of the second largest light curtain, which occupies nearly one-third of the sky, is a divine king.

Now everyone's eyes are focused on this light screen, and their expressions are as if they have seen a ghost.

"The second basic secret is to understand the power of the perfect law! The second course! I must be dazzled!"

"It used to be the secret of the Law of Space, but now it is the secret of the Law of Killing. They are two paths and can never be wrong!"

"Is this the kind of combat power that a strong person in the Divine Lord Realm can possess? I don't believe it, Xiao Chuhan, the first genius of the Little Canglan Region, didn't have such terrifying fighting power when I was in the Divine Lord Realm!"

"Even Xie Haizong's Xie Yan Tianzun died in the hands of this person. It's really terrifying!"

"Is he really from Xiaoqianyu Realm? Not the top genius in the universe?!"

"incredible!"

All the onlookers couldn't help shaking their heads and sighing, staring at the light screen intently, as if trying to see the flowers from the light screen.

On the building boat, the two True God Realm powerhouses from Xiao Canglan Region were also completely shocked..

Eyes wide open, mouth slightly open, they don't know what to say at all.

The shock that Gu Shaoyang brought to them was too great and amazing.

"It's getting more and more interesting..."

There was also a smile on the face of the young man in Chinese robes, and his eyes became brighter.

The young man in Hua Pao originally focused more on Xiao Chuhan. Now, he no longer looks at Xiao Chuhan at all, but only looks after Shaoyang.

"As expected of someone who came out of that small world, it seems that I am going to find a treasure this time....hehe.."

"My current blood spirit energy should be three times as strong as the average Heavenly Master from the Xiao Canglan Realm, and four to five times that from the Heavenly Master from the Xiao Qian Realm Realm.

There should be a place for me among the top ten in the trial."

At this time, Gu Shaoyang's blood spirit energy had reached an extremely strong level.

He felt that his current results were enough and he should be able to rank among the top ten, and his mind immediately relaxed.

"However, for the sake of insurance, it would be safer to eliminate a few more Tianzun realm experts."

Nowadays, ordinary Tianzun Realm experts, even the Tianzun Realm experts in Xiaocanglan Region, are no different in Gu Shaoyang's eyes, just like chickens and tile dogs. The blood spirit energy they carry is like a rich... Gu Shaoyang just needs to pick the fruit when he encounters it.

"The intensity of my current blood spirit energy should be as strong as the scorching sun in other people's perception. People with a little bit of vision would not dare to come close. Even if I want to pretend to be a pig and eat the tiger, I can't do it...."

Gu Shaoyang thought for a while and decided:"Then just be more showy and take the initiative."

Thinking about it, a silver light flashed on Gu Shaoyang's figure, and his whole person disappeared in an instant, flying away an unknown distance.

Although Gu Shaoyang's cultivation level is only at the early stage of the Divine Lord, after understanding the secrets of the Space Law, his speed is much stronger than that of the Tianzun Realm. Whether he is chasing or escaping, he is extremely fast. It can be said that he can advance or retreat in a single thought. , innately invincible.

The two Tianzun-level experts flew forward cautiously, with a look of vigilance on their faces at all times.

"At this time, the selection trial should have come to an end. We just need to persist for a while to ensure that we are not eliminated. We should be one of the top sixty."

A powerful Tianzun said.

The other person relaxed slightly and nodded:"I hope so."

"Fortunately, you and I can put aside our barriers and help each other, otherwise we wouldn't be where we are now....Many of the Heavenly Lords like us who were born in the Small Thousand Domain Realm have been eliminated...."

"Alas, there is no other way...These experts from the Little Canglan Region are too powerful, and we are not even qualified to fight against them at the same level. Not to mention the Heavenly Lord Realm, even the Divine Lord Realm is quite difficult for me to deal with.

If we don't join forces, there's no chance of getting promoted to the Middle Thousand Domain Realm."

"yes...."

The two Tianzun experts from Xiaoqianyu were filled with emotion. Just as they were about to move on, a breath suddenly appeared in their senses.

This breath was extremely blazing, as bright and eye-catching as a bloody sun, and it was approaching them quickly.

The total amount of Blood Spirit Qi on the two of them is not even one-third of this breath!

The expressions of the two people suddenly changed drastically.

"The blood spirit energy is so strong, how many powerful gods and kings should be eliminated by this coming person!"

"Definitely the best among the powerful Tianzun in Xiao Canglan Territory!"

"Neither of us may be his opponent if we join forces!"

"Go quickly!"

The two of them subconsciously wanted to escape, but the breath came so fast, and it was in front of the two of them in almost the blink of an eye.

A figure appeared in the field of vision and quickly zoomed in.

It was a handsome and elegant young man with a calm expression. , the figure is like a god, just looking at it from a distance makes people feel extraordinary.

This young man is the bloody sun in the induction. The two powerful Tianzuns were about to look nervous when they suddenly froze.

This young man, surprisingly...The early cultivation level of the Divine Lord!

How can it be?!

The two were stunned for a moment, not knowing how to react.

But the young man was already in front of them.

He looked at them condescendingly and said to himself:"Is he the Heavenly Lord of the Small Thousand Realms Realm? Then I'll let you go."

After saying that, the young man never looked at the two of them again and whizzed away.

The two Heavenly Lords looked at each other and saw a strange expression on each other's faces.

Let them go?

This was said from the mouth of a divine king.

Are you kidding?

The two of them thought it was extremely ridiculous, but when they thought about the extremely terrifying blood spirit energy in the other party, they felt lucky to survive the disaster.

It's really like a dream.

The secret realm is actually not that big, but there are far fewer people now, so it seems a bit empty and lonely.

However, Gu Shaoyang quickly met his target.

Still two.

Two powerful men.

One in front and one behind, one escaping and the other chasing.

The escapee was a middle-aged man with a Chinese character face, wearing a purple and gold robe, and an extraordinary bearing.

The middle-aged man obviously came from the Small Thousand Realm. He was supposed to be a supreme and noble figure above tens of thousands of people in his own realm. Now he was being hunted down by a young Heavenly Lord who was much younger than him. He was in a state of embarrassment..

The middle-aged man held his blood order tightly in his hand. He wanted to crush it several times and activate the teleportation circle, but there was a look of reluctance on his face.

He has already reached this point in the trial, and the opportunity to be promoted to the Middle Thousand Domain Realm is right in front of him. How could he be willing to give it up in vain?

Gu Shaoyang was very fast and immediately rushed towards them after seeing the two of them.

The two of them had just sensed a powerful blood spirit aura, and before they had time to react, Gu Shaoyang's figure appeared in their field of vision.

"What a strong blood spirit energy?!"

Both of them were shocked.

The young man who was chasing the middle-aged Tianzun saw clearly Gu Shaoyang's cultivation level and immediately showed suspicion.

"Why is there only the Divine Lord Realm?"

"Could it be that he was just a lucky guy?!"

The more he thought about it, the more likely it became. The young man's eyes showed a look of fiery greed. He immediately abandoned the middle-aged Tianzun who had been chasing him for a long time and rushed towards Gu Shaoyang.

"Boy, where did you pick up the blood order? Please call it out...."

Gu Shaoyang had no expression on his face and looked directly at the young man at the Tianzun realm.

This look turned into confusion and ignorance in the eyes of the middle-aged Tianzun who was being hunted.

".~It seems that he is really a lucky guy who got a lot of blood spirit energy through bad luck...."

It is not impossible that the two powerful Tianzuns fought with each other and both suffered losses, and then were taken advantage of.

As a middle-aged Tianzun man, I have lived for tens of thousands of years and experienced countless things. I know that there are too many coincidences in this world. Many of them sound unbelievable but they really exist.

"It's a pity that if you don't have enough strength, no matter how lucky you are, you can only make wedding clothes for others...."

The middle-aged man looked at Gu Shaoyang with a look of sympathy and gloating.

"Fortunately, this person appeared and I escaped. I should take advantage of this opportunity to escape quickly...."

The middle-aged man was about to take the opportunity to escape when the young Tianzun from Xiaocanglan Territory captured Gu Shaoyang, but the scene that happened next moment made his eyes almost jump out of their sockets.

I saw that an invisible force suddenly burst out from the body of the handsome young man who was only in the Divine Lord Realm. call!

The middle-aged man felt as if he was being enveloped by a strange force. His mind suddenly froze, and his body fell into a brief stiffness.

Not only him, but also the figure of the young Tianzun from Xiao Canglan Territory also stagnated for a moment.

And at this moment, a bloody sword light suddenly bloomed in the hands of the handsome young man in the Divine Lord Realm, and the sword light carried the vast shadow of ancient blood-colored chains.

With a sudden slash, the young Tianzun from Xiaocanglan Territory had no time to react before he was cut into two pieces by the sword, and then was smashed into broken rice and completely destroyed.

Well...

The middle-aged man was stunned, standing there blankly with his mouth wide open, as if he was stupid.

The impact of the scene before him was no less than that of a rabbit suddenly jumping up and swallowing a lion in one gulp.

It was incredible, almost like a dream.

Gu Shaoyang, however, seemed to have only done a trivial thing, collecting blood orders, spirit storage rings and other items with great proficiency.

"The killing power of the Mysterious Law of Killing is indeed stronger than the Mysterious Law of Space. In addition, my domain suddenly erupts, and even the Heavenly Lord will be temporarily immobilized by the power of my domain for a period of time. This period of time is enough for me to kill them. Killed many times..."

Gu Shaoyang is quite satisfied with his current method of dealing with the enemy.

Simply, neatly and efficiently....Chapter 497

Outside the secret realm, more than 70% of the people's eyes were focused on the light screen showing Gu Shaoyang's figure.

In fact, at this time, Gu Shaoyang's light curtain was not inferior to Xiao Chuhan's.

Two huge light curtains occupied both sides of the sky, competing against each other, covering up the light of the other celestial beings around them.

People outside the field were almost numb.

Gu Shaoyang is too scary.

As a divine king, killing the deity is like butchering a dog, or cutting up melons and vegetables.

Is this even a human being?

This is a monster, an out-and-out monster!

Many people even suspect that Gu Shaoyang is not from the Small Thousand Realm, but the supreme genius from the Great Thousand Realm.

"Except for Xiao Chuhan, I'm afraid no one can defeat him."

"There are less than fifty people left in the trial, why hasn't it ended yet?"

"I don't know, but this trial has completely become the unique show of this son of Xiao Qianyu Realm, and even Xiao Chuhan's light has been covered up by him...."

The onlookers had mixed expressions on their faces.

As warriors from the Small Canglan Domain of the Middle Thousand Domain, they have a natural sense of superiority towards the warriors from the Small Thousand Domain, just like standing on the clouds overlooking the people below.

But now, someone pulled them down from the clouds and threw their sense of superiority into the mud and crushed them.

You can imagine the complicated moods of these people.

On the building ship, the two True God Realm powerhouses from Xiao Canglan Region looked very ugly.

There is also a lot of shock and horror in the gloom.

Gu Shaoyang's talents and combat prowess are too terrifying, so terrifying that he doesn't look like a character that Xiaoqian Realm can produce.

Gu Shaoyang's performance reminded them unconsciously of all the legends and rumors about that realm.

Is it possible that this boy is the next great power to emerge from that realm?

If that is really the case, the number of candidates for the internal disciples of the Cangqing Sect will be up in the air...

The two of them were full of worries and worries.

Contrary to the two of them, the young man in the Chinese robe was full of radiance, his eyes were blazing, and there was always a slight smile on the corner of his mouth.

The previous laziness and casualness had long since been wiped away, and he was looking at the pictures on the light screen with great interest.

Everyone knew who the person who aroused his interest was

"This time it's really almost done..."

After Gu Shaoyang killed the Tianzun from Xiaocanglan Territory, he also wiped out the middle-aged Tianzun's net worth.

At this time, his blood spirit energy was already five times that of the average Xiaocanglan Domain Heavenly Lord.

If this is not in the top ten, it is really unreasonable.

Not only that, the deities in the Xiaocanglan Domain are basically talented people who have understood the secrets of the law.

Gu Shaoyang extracted a large number of properties of the secret fragments of the law.

The two ultimate gold and wood attribute sword souls have transformed into the level of the power of law, allowing his "domain" to be strengthened once again.

Not only that, but the continuous killings seemed to have caused some changes in the power of his killing law.

Based on the original power of law, it seems that new profound changes will be derived.

"The phantom of the chain of laws that I activated is only a section of the power of the law. One secret represents a section of phantom of the chain. If I can understand another secret, I may be able to activate more and longer phantoms of chains. The power of the secret of the law. will also become stronger..."

Gu Shaoyang's eyes flashed and he thought:"Under the Law of Killing, all living things on earth can be killed. They are ruthless and meaningless. They have no desire and no self."..."

The aura on Gu Shaoyang's body became more and more ice-cold, not the coldness of an eternal glacier, but an inhumane coldness.

It is so indifferent that it makes people shudder, as if it has lost all human emotions and has become a killing machine.

Killing purely for the sake of killing, anything can be killed, even close relatives can be killed with a knife.

When this coldness reached its extreme, Gu Shaoyang's aura became extremely terrifying.

Bloody chains automatically appeared behind him, penetrated the void, and came out slowly.

The shadow of the second chain appeared quietly.

"The second secret of the Law of Killing!"

"call..."

Gu Shaoyang took a long breath, and the cold air on his body slowly subsided, returning to his original cold and indifferent appearance.

"This second kind of mystery is so terrifying, even I feel scared when I am immersed in it...as if my body no longer belongs to me, and I am watching everything as a bystander.

Gu Shaoyang sighed:"In my eyes, anyone is no different than a chicken, a piece of grass, or a stone. Not to mention my closest relatives, even I can kill myself without hesitation if necessary.""

Despite this, it is quite gratifying to understand the second secret of the Law of Killing. At least Gu Shaoyang's combat power has skyrocketed several times again.

"The second kind of profound understanding is just a superficial understanding, but I feel..."

Gu Shaoyang's eyes sparkled,"In the middle stage of Tianzun, you only need one sword!"

In the early stage of Divine Lord, in the middle stage of killing Tianzun.

There are five realms in between, which would probably scare a lot of people to death.

But Gu Shaoyang did it. This is the power of the secret of the law.

This is also the source of the sense of superiority that the talented and powerful people from the Xiao Cang Lan Realm have when facing the powerful people from the same realm who were born in the Xiao Qian Lan Realm.

"Since the trial is not over yet, let's just take this opportunity to extract the attributes of all the geniuses in the secret realm. There are not many opportunities like this...."

Gu Shaoyang thought for a while and gave up the idea of waiting for the trial to end.

Once out of the secret realm, his achievements will surely shock the world.

Since it has already been high-profile, let's just keep it high-profile to the end.

If possible, what about the first person to do this selection trial?

Thinking about it, Gu Shaoyang's speed became even faster.

A handsome and tall young man is walking in the secret realm.

His demeanor and pace were like taking a leisurely stroll in a courtyard, very casual, as if he didn't take the trial to heart at all.

The eyes of the handsome young man seemed to contain the stormy sea, but his face was calm.

He is like a blue dragon flying in the clouds. He is so high that he can stir up heavy rain and strong winds by flicking the clouds around him at will.

Xiao Canglan Territory's first genius in the past ten thousand years, Xiao Chuhan.

It only took him five hundred years to reach the level of Heavenly Lord, and he was hailed by countless people as the man who might become the youngest true god in the history of the Little Canglan Region.

Xiao Chuhan didn't take this trial too seriously at all, because basically everyone who participated in the trial was defeated by him.

He entered the selection trial as the strongest person, and the first place position was naturally prepared for him.

There were more than a hundred powerful Tianzun from Xiaoqianyu Realm who participated in the trial this time, and at least half of them were eliminated by Xiao Chuhan himself.

Moreover, many of them were intercepted by Xiao Chuhan not long after the trial began, and they did not accumulate much blood spirit energy at all.

Even so, Xiao Chuhan has also accumulated extremely terrifying blood spirit energy.

"There should be no one who can do more than me..."

Just as Xiao Chuhan was thinking about it, he suddenly sensed a breath appearing in his body.

This breath of blood spirit energy is extremely powerful, almost as powerful as Xiao Chuhan.

Xiao Chuhan was slightly shocked and couldn't help but frown. who is it?

Who else has the strength to accumulate so much blood spirit energy?

Evil eye? Red fire?

Harvested a large amount of the blood spirit energy of the low-level gods and tried to win by quantity, causing him to capsize in the gutter?

It's not impossible.

Xiao Chuhan leaned towards the breath with a sullen face.

The breath came towards him without hesitation.

Soon, an extremely young and handsome man appeared in Xiao Chuhan's field of vision.

Xiao Chuhan looked startled.

Early stage of the Divine Lord?

Xiao Chuhan thought he had made a mistake.

But it soon became apparent that it wasn't.

The powerful blood spirit energy that was no less than his own was revealed from the young man in the Divine Lord Realm in front of him.

The other party obviously saw him, but his feet didn't stop at all, and he still flew towards him in proportion. interesting...

Xiao Chuhan narrowed his eyes slightly and his eyes became cold.

Chapter 498

This should be the most powerful one among the Tianzun experts in Xiaocanglan Domain in this trial.

While Xiao Chuhan looked at Gu Shaoyang, Gu Shaoyang was also looking at Xiao Chuhan.

In addition to the unprecedented richness of blood spirit energy, the attribute bubbles on Xiao Chuhan's body are also richer than those Gu Shaoyang has seen before.

"Finally met, these two people~..."

Outside the secret realm, everyone's eyes became nervous and expectant.

The two largest light curtains in the sky merged into one, completely showing the figures of Gu Shaoyang and Xiao Chuhan.

It is hard to imagine that a powerful person in the Heavenly Realm is actually confronting a divine king.

Someone murmured:"I don't know who is stronger among the two..."

"hehe.."

Someone next to him sneered and shook his head speechlessly:"Are you kidding?"

"What's the meaning?"

"Even if this person understands the basic meanings of the two laws and realizes perfection, he is only in the divine king realm, how can he be worthy of Xiao Chuhan?!"

"But he has defeated many powerful people in the Tianzun realm before..."

"That's someone else..."

The man said firmly: "What he is facing now is Xiao Chuhan! There is only one Xiao Chuhan in the entire Xiao Canglan Region. He is not the only one who has fully understood the basic laws and mysteries..."

"you mean..."

The questioner's eyes widened, a little surprised.

The man didn't explain too much, and said calmly: "He can be proud of being able to come all the way from the Small Thousand Realms Realm and be qualified to fight against Xiao Chuhan..."

On the building ship, the young man in Chinese robes and two powerful men from the True God Realm of Xiao Canglan Region were also watching intently.

"Who do you think I will give this spot to?"

The young man in colorful robes suddenly laughed and asked the two people beside him.

The two True God Realm experts smiled bitterly and replied: "How can we guess the thoughts of the envoy?"

The young man in Hua Pao said calmly: "Don't think of me as a person who makes decisions based on his own preferences and wants to join our Cangqing sect. Qualification, potential, wisdom, courage, strength...It must be the best choice.

Otherwise, even if I am willing to give him this quota, he will be expelled within a few days after joining the inner sect.

So feel free to make a bold guess, I must have considered it fairly."

One of the true gods said without hesitation: "If we judge by talent and potential, this Zhongtian Domain Divine Lord is indeed better than Xiao Chuhan.

But if we judge based on the result of this battle, Xiao Chuhan must win"

"oh.."

A look of surprise appeared on the young man's face, and he said:"So sure? As you can see, this boy from the Zhongtian Domain is much stronger than the powerful Tianzun who understands the secrets of the law."

Another powerful man in the True God Realm He said seriously:"The envoy will just watch.

Before, Xiao Chuhan's brilliance was overshadowed by this guy. Xiao Chuhan's opponents were all mediocre gods. Now that he meets him, his true strength will be revealed.""

"Let's wait and see."

The young man in colorful robes smiled slightly, becoming more interested in the current battle.

Xiao Chuhan slashed his sword at Gu Shaoyang without saying a word.

His sword was light blue, with divine light. It contained great sharpness and sharpness. , the power of the light has surpassed that of the top-grade divine weapons by many.

The top-grade divine weapons!

The sword light shot towards Gu Shaoyang like a python, domineering and flamboyant, with a peerless aura that would make no one better than me. The vast ancient color chain across the void Appearing from behind Gu Shaoyang, the same sword light rushed towards Xiao Chuhan, like a counterattack from the Milky Way. The two sword lights collided together, making a huge explosion.

Gu Shaoyang's figure flashed continuously, looming in the void, waiting for him His figure stabilized again, with a slightly moved look in his eyes.

"The middle stage of Tianzun!"

Gu Shaoyang spoke word by word.

He was much more tyrannical than the Little Canglan Domain Tianzun he had encountered before. He also majored in swordsmanship and had sharp attacks. With just one casual blow, Gu Shaoyang was forced to use his space. The secret of the law, and using the power of space to constantly shuttle through the void, avoiding the power attached to Xiao Chuhan's sword, and then barely succeeding with the sword.

The gap between the two is too big

"The outcome is decided!"

Outside the secret realm, the onlookers spoke with determination.

"There are two types of top geniuses in the Xiaocanglan Territory. One is the ordinary geniuses, and the other is the geniuses like Xiao Chuhan!"

"The opponents Xiao Chuhan had faced before were too weak and could not bring out any of his strength. And once he fully reveals his strength, there will be no chance for anyone in the lower realm."

"Even if this child perfectly understands the basic secrets of the power of the two laws, it is useless. How can the dragon python fight with the real dragon?!"

Seeing this, the two small Canglan Realm True God Realm powerhouses on the boat also smiled and said, "Your Majesty, we are not exaggerating." The outcome of this battle was actually decided from the beginning."

The eyes of the young man in the Chinese robe shone brightly. He did not answer, but said to himself with a smile: "Yes, yes, I did not run away in vain this time..."

In the secret realm,

Xiao Chuhan had a look of surprise on his face when he saw Gu Shaoyang taking his sword.

"Is the basic meaning of space law complete? No wonder you can accumulate so much blood spirit energy"

.....Asking for flowers 0·

Gu Shaoyang took his sword to be eligible to exchange with Xiao Chuhan. The look of surprise on Xiao Chuhan's face quickly dissipated and he said lightly: "Yes, you are qualified to be my opponent. You are better than the average Tianzun level waste." Much stronger"

"call..."

Gu Shaoyang exhaled slightly, his expression slightly condensed.

Tianzun middle stage.

He still underestimated the Tianzun realm.

The gap between the early stage of Tianzun Realm and the middle stage of Tianzun Realm is also too big.

He has just mastered the second secret of the Law of Killing, and is confident that he can defeat the middle stage Tianzun, but he is only an ordinary middle stage Tianzun.

The person in front of me is obviouslyHe is not an ordinary middle-level Tianzun, but he must also be a being who masters the secrets of laws.

This battle is difficult!

Gu Shaoyang's eyes turned cold. He was not afraid at all, but took the initiative to take action.....0

A sword containing the secret of the law of space appeared again, and the Milky Way rushed towards Xiao Chuhan

"snort!"

Xiao Chuhan snorted, "I don't know whether to live or die."

Just as he was about to defeat Gu Shaoyang with a sword, suddenly an inexplicable domain power burst out from Gu Shaoyang, instantly covering Xiao Chuhan.

"Um?!"

Xiao Chuhan felt as if infinite restraint had been exerted on his body, and he was struggling to raise his hands. At this time, the light of Gu Shaoyang's Space Law Mysterious Sword had flashed in front of his eyes.

Xiao Chuhan's face turned cold. He had no power at all in the middle stage of Tianzun. It exploded without reservation.

Gu Shaoyang's domain was suddenly broken, and Xiao Chuhan subconsciously raised his sword.

It happened to block the silver sword light.

"boom!"

Xiao Chuhan suddenly took a few steps back, a little embarrassed.

"Damn it!"

Xiao Chuhan raised his head and looked at Gu Shaoyang, with a hint of anger in his eyes.

As the number one genius in the Little Canglan Territory, the strength of the middle-stage Tianzun was actually repelled by a god from the Little Thousand Territory. For him, It's really a shame

"Let's end this boring fight..."

Xiao Chuhan's eyes became extremely cold, and he slashed a sword at Gu Shaoyang. This sword brought out a water-blue sky, so vast, it really looked like the Milky Way pouring out!

And as this sword was slashed out, a vast and ancient transparent chain phantom appeared in the void behind Xiao Chuhan, containing infinite water energy.

"The basic mysteries of the law of water are complete!"

Outside the secret realm, countless people exclaimed.

Then they all calmed down, their faces lit up, and they spoke in an excited and slightly proud tone: "This is Xiao Chuhan. There is no need to watch this battle anymore...two"

Chapter 499

The basic meaning of the law of water is complete!

The secret of law is the understanding of the great road of heaven and earth.

It's like the relationship between Yuanli and Wuji cultivated by warriors.

The deeper the understanding of the mysteries of the law, the stronger the power that can be exerted with the same strength.

One point of Yuan Power, under the blessing of the Dao Harmony Law, can exert ten, one hundred or even one thousand percent of power.

This is also the reason why Gu Shaoyang used his cultivation in the Divine Lord Realm to kill the Tianzun Realm like butchering a dog.

The level of understanding of the secrets of the law is different, and the power is also very different.

But now, Xiao Chuhan has also fully understood the basic meaning of the power of a law, but his cultivation is five realms higher than that of Gu Shaoyang. You can imagine how terrifying the power of this sword is.

"No need to look any further..."

Everyone outside the secret realm showed faint smiles on their faces and said, "This kid will definitely fail."

"If he can escape with his life from Xiao Chuhan's sword, it will be his ability""Four Thirty"

"Open the secret realm!"

The young man in the Chinese robe on the boat shouted in a low voice. The smile and laziness on his face had disappeared, and instead he became slightly serious.

"Envoy..."

The two True God Realm experts were still admiring Xiao Chuhan's heroic appearance with smiles on their lips. They were stunned when they heard these words.

The young man in Chinese robes became more serious in tone and said coldly: "Didn't you hear what I said?"

"Yes Yes.."

The True God Realm expert from the Xiao Canglan Region quickly shot out a ray of light, and a vortex appeared in the void, connecting to the trial place.

The figures of Gu Shaoyang and Xiao Chuhan can be vaguely seen among them.

When the young man in Chinese robe saw the whirlpool opening, he stretched out his hand to grab at the whirlpool, as if he wanted to intervene in the battle between the two.

The young man in Hua Pao seemed to be talking to himself, but also seemed to be telling the two True God Realm powerhouses in the Little Canglan Territory: "It is not easy for a person like this to come out of the Little Canglan Territory, let alone come from that realm. After he came out, he might have some relationship with those in the Great Thousand Realm, but we couldn't let him die in vain like this...."

Don't worry, no one can take away Xiao Chuhan's spot. With this perfect secret of the law of water, he is barely qualified to join our Cangqing sect..."

Only then did the two true god powerhouses from the Little Canglan Region understand.

But just when the young man's hand in Chinese robe was about to penetrate the entrance of the whirlpool, his hand suddenly stopped.

A strange light burst out from the eyes on his face, and he let out a low cry of "Huh".

Not only the young man in the robe, but also the warriors who were watching the battle, as well as the two True God Realm powerhouses from the Little Canglan Region, all had shocked looks on their faces.

It was like seeing an extremely incredible scene

"How can this be?!"

Xiao Chuhan's secret law of water was cut down with one sword, covering the entire void. Gu Shaoyang's domain that could rival the Heavenly Lord realm was shattered like a bubble under this sword. With

Huanghuang's sword, Gu Shaoyang, whose cultivation was only at the Divine Lord realm, became Like an insect about to be crushed to death, there is no chance of resistance at all.

But there is no fear or panic on Gu Shaoyang's face.

He took a deep breath, and two dazzling rays of light burst out from his eyes. , like divine light.

He took a step forward suddenly, and then drew his sword

"Uh-huh!"

The bloody sword light rose up like an angry dragon, condensed into a thin line, and slashed upward.

""Rumble."

There was a silent roar, the void shattered, and the blood-colored locks descended, with overwhelming power.

A trace of surprise flashed in Xiao Chuhan's eyes, "The second secret of the basic law of perfection?" You're better than I thought...but.."

Xiao Chuhan shook his head and sneered. There was a sense of majesty in his body that looked down on the common people. He said coldly: "So what? Your cultivation level is too low. Even a baby with a peerless sword cannot defeat the giant. It can only cut. Die yourself!"

Xiao Chuhan's sword light was pressed down fiercely, and the void in the trial ground shattered like pieces of paper. The light blue sword light seemed to destroy Gu Shaoyang's sword light, Gu Shaoyang, and this A piece of heaven and earth was chopped into pieces.

Gu Shaoyang's eyes reflected the sword light, and then quickly became indifferent.

The whole figure seemed to have been stripped of all human emotions in a very short period of time and turned into the way of heaven.

The executor of the Great Law.

Unspeakable murderous intent emerged from him.

Kill kill kill!

Everything can be killed, and nothing cannot be killed.

This sword, Gu Shaoyang called it——""No self"!

The blood-colored chain in the void suddenly jumped out, far exceeding the transparent chain filled with water energy attached to Xiao Chuhan's sword. The collision of the Law of Killing and the Law of Water!

The latter was obviously invincible and kept retreating. It's like being pressed back into the void by the blood-colored chains.

"The second secret?!"

This time, Xiao Chuhan's face really changed. He couldn't help blurting out, his face was full of shock.

"Have you actually understood the second secret of the Law of Killing?!"

A mere divine king realm?!

This is impossible?!"

Xiao Chuhan roared, but he couldn't stop the defeat of his water law and the collapse of his sword light at all.....

His figure kept flying back, with a deep look of disbelief on his face as he flew back.

He is the most dignified genius in the Little Canglan Realm and has achieved the Heavenly Realm at the age of 500. Now, the proud son of the Middle Thousand Realm who is in the middle stage of the Tianzun Realm, was actually repelled head-on by a god-king ant who was born in the Small Thousand Realm?! and...Or twice!

"Oh My God?!"

Outside the secret realm, the many warriors from the Little Canglan Region who were watching were almost dumbfounded.

"In the Divine King Realm, on the basis of fully understanding the basic secret of a law, he also understood the second derived secret?!"

Is this guy still human?!"

"Don't forget, he also fully comprehended the basic secrets of the laws of space!"

"Well..."

These people were almost speechless. They only stared at the light screen, looking at the handsome figure on the light screen, swallowing hard, trying to suppress the incomparable pain in their hearts in this way. Shock

"This guy's bone age looks much younger than Xiao Chuhan's. How did he practice? Did he start to realize Taoism from his mother's womb?"

"Even if you have enlightenment from your mother's womb, is this too terrifying?!"

"Even in the Great Thousand Realms, there are no such terrifying monsters, right?! I don't believe it, this must be fake!"

"..."

What Gu Shaoyang is currently showing is becoming more and more "inhuman".

It's like a monster, and it's not a monster that can be born in the world of Xiaoqianyu.

Before, they thought that Mo Qingqing and Leng Yan were already the top geniuses in the world of Xiaoqianyu. Now compared with 4.9 Gu Shaoyang, Mo Wuqing and Leng Yan are no different from trash.

"ah..."

The two true god powerhouses from the Little Canglan Region also opened their mouths wide enough to fit a duck egg inside.

"How evil is this person's understanding?"

"Even Xiao Chuhan, the first genius of my little Canglan Territory in thousands of years, can't compare to him!"

"Is that realm really so scary?..."

The young man in the Chinese robe had a dazzling light in his eyes, and he looked at Gu Shaoyang intently, as if he were looking at a treasure.

"The derived secrets of the Law of Killing...How many powerful men of the same level and even higher levels did this kid kill before he got to where he is now? He is truly a killer... But that's fine. If Senior

Sister Hu sees him, she should You will be very happy, we are short of such a seed now...

Haha, I really found a treasure this time!"

Chapter 500

"What about the second secret of the Law of Killing?!"

Xiao Chuhan's handsome face was filled with anger and indifference, and a stronger aura of the secrets of law rose from his body.

"The second secret of the Law of Water!"

Xiao Chuhan actually understood the second secret of the law of water?!

Gu Shaoyang was slightly shocked. This person was even more difficult than he imagined.

Tianzun's middle-stage cultivation, coupled with the two secrets of the law, was more difficult than before. The sons of geniuses I saw in the Little Canglan Region were more than ten times stronger. They were geniuses at two different levels.

"I can only use that one trick...."

Gu Shaoyang's eyes narrowed slightly, and a faint coldness emitted from his body.

The secret of the law of killing is obviously superior to the secret of the law of water. If he uses the blessing of the power of time to quadruple the power of his sword moves, he should be able to completely defeat Xiao Chuhan.

No, it's not just defeat, it should be kill!

Xiao Chuhan's heart was filled with great shame and anger. As the first genius of Xiaocanglan Territory, he started to practice martial arts....

Whether they are at the same level or of the same generation, or they are higher up the hierarchy.

Never defeated!

Now, he was actually repelled twice by a small Qianyu Realm warrior whose cultivation realm was five realms lower than his!

The shame and humiliation are unbearable.

Xiao Chuhan also understood the second derived secret on top of the basic secret of the Law of Water. Once this move is performed, even the strongest masters in the later stage of Tianzun will have to temporarily avoid the edge.

"Die!"

Xiao Chuhan stared at Gu Shaoyang.

But just when he was about to take action, he suddenly felt an extremely terrifying aura from Gu Shaoyang.

This aura pierced into Xiao Chuhan's heart like a needle, causing a huge feeling in his heart. Panic.

The alarm bell rang!

If he took action, Gu Shaoyang might die, but he... would also die!

Xiao Chuhan had a very strong intuition.

Impossible!

A mere Divine Lord Realm could defeat him twice. This is an unbelievable thing. Threatening your own life?

How is this possible?!

But...

This kid is full of weirdness.

Xiao Chuhan frowned, holding the sword tightly in his hand, and for a moment he didn't dare to take action.

Once he wants to take action, the feeling of death in his heart will become extremely strong, making his heart beat as fast as a drum.

When Xiao Chuhan saw that Gu Shaoyang was about to draw his sword, his heart suddenly felt as if it was being clenched tightly by a big hand, and he felt like he was suffocating.

"Damn it, how could I be afraid of him?!"

Xiao Chuhan roared in his heart and was about to draw his sword regardless.

At this moment, a huge whirlpool suddenly appeared in the void not far from the two of them.

A big hand flew out of the whirlpool, carrying the Supreme The huge force of the force came straight towards the two of them.

Gu Shaoyang's expression changed. Just when he was about to resist, the scene in front of him changed drastically, and he suddenly appeared in the city of trials.

A young man in a Chinese robe stared at him with burning eyes. , with a faint smile on his face.

They were the True Gods he had seen before.

Gu Shaoyang's heart froze, and then he quickly calmed down.

A True God behind the young man in the robe stepped forward and coldly announced:"Selection The trial is over."

There was a sound of relief in the field.

The faces of Xiao Qianyu Tianzun strongman and Lanyu Tianzun strongman who were left at the end showed signs of relaxation and joy.

Only Xiao Chuhan's face was ugly.

He stared at Gu Shaoyang closely. , said in a low voice:"Sooner or later, there will be a battle between you and me. Next time, you won't be so lucky."

After that, Xiao Chuhan stood up and left.

The eyes of countless people on the field were all focused on Gu Shaoyang.

Surprise, shock, wonder, fear, disbelief....

All kinds of looks.

After announcing the end of the selection trial, Gu Shaoyang and other people who stayed until the end of the trial each received a light cyan jade talisman.

Then the building boat was activated, and the three True God Realm powerhouses left.

Whether he is qualified to stay in the Middle Thousand Realms or the Great Thousand Realms will be known later.

Gu Shaoyang looked at the jade talisman in his hand. There was a small character "Cang" engraved on the front and back of the jade talisman.

The material of the jade talisman is rare and has never been seen before. It seems to be unique to the Great Thousand Domains.

Gu Shaoyang also left.

After his back disappeared, a burst of heated discussion suddenly broke out in the venue.

"This guy can knock down Xiao Chuhan, it's really scary!"

"This time he will definitely soar to the sky and reach the top"

"Is this boy really from the Small Thousand Realms world? It's unbelievable..."....

The results of the selection trial were spread throughout the trial city within three days, and Gu Shaoyang's name was also known to countless warriors in the Little Canglan Territory, as well as many top powerhouses in the Little Thousand Territory.

Everyone knows that this time, an unparalleled evildoer has appeared in the Small Thousand Realms world.

With a body in the Divine Sovereign Realm, he was able to overwhelm Xiao Chuhan, the prodigy of the Little Canglan Region who was in the middle stage of the Tianzun Stage.

Moreover, he has fully comprehended the basic mysteries of the two laws of killing and space, and the former has even comprehended the derived mysteries based on the basics.

Unbelievable and terrifying.

Countless top powerhouses in the Xiaoqian Realm were filled with mixed feelings after hearing the news, and all the sense of superiority they felt in being a saint in their respective realms disappeared without a trace.

You really have to go out of the Small Thousand Domains to realize how vast the world is.

It doesn't matter if he is crushed by the geniuses of the Zhongqian Realm. He can still accept it. After all, there are differences in the cultivation environment in all aspects.

But being so shocked by a divine king from the Small Thousand Domain Realm, they only felt that compared with Gu Shaoyang, their tens of thousands of years of practice had been transformed into a dog's body.

Gu Shaoyang's reputation was spread by many warriors in the Xiaocanglan Region, and gradually spread more and more widely in the Xiaocanglan Region.

As dazzling as Xiao Chuhan was in the past, Gu Shaoyang's reputation is as loud now.

Following Xiao Chuhan's fame as the number one genius in the Xiaocanglan Region, Gu Shaoyang is destined to become a legend in the Xiaocanglan Region.

And when many of the top experts from the Xiaoqian Realm who participated in this trial return, the legend of Gu Shaoyang may still be spread among countless Xiaoqian Realm.

In a quiet room somewhere in the city of trials, Gu Shaoyang, Shenjun Kanyuan and others were sitting opposite each other.

There were five people when they came, but now there are only three left in the room.

Two of the three powerful men from the Divine Lord Realm of the Zhongtian Domain who came together died in the secret trial realm.

They are only in the early stage of the Divine Lord. Under the hands of many late Divine Lords, peak Divine Lords and even Heavenly Powers, they don't even have the chance to activate the Blood Order Teleportation Formation to escape from the secret realm.

Kan Yuan Shenjun and others were a little depressed, and Gu Shaoyang was also silent.

Although they had made all preparations before coming, the cruelty of the selection trial was still beyond their imagination.

"Gu...Brother Gu should be able to go to the Great Thousand Realm smoothly this time.."

Mr. Kan Yuan Shen 770 looked at Gu Shaoyang with a complicated expression full of envy, with a hint of awe in his eyes unconsciously, and the same was true for the other god.

Although the great gods in the Zhongtian Territory have long recognized Gu Shaoyang as the number one person in the Zhongtian Territory, they never expected that Gu Shaoyang's strength could reach such a level.

Before they understood the existence of the secrets of the laws, Gu Shaoyang had already surpassed the number one genius in the Xiaocanglan region by many in his understanding of the secrets of the laws.

The gap between them and Gu Shaoyang can't be described as the difference between cloud and mud.

The two of them, Kan Yuan Shenjun, felt a little bit excited again.

Is Qianyu going to have another great master?

Just like the sages before, this time, they witnessed it with their own eyes.

Gu Shaoyang did not give a clear answer. In fact, he himself did not know where he would go in the future, but he naturally passed the selection trial.

"My family members in the Zhongtian Territory will be temporarily entrusted to the care of the two of them..."

Kan Yuan Shenjun and the other two nodded sternly and said, "Brother Gu, you can rest assured that as long as we are here, the power of Hanhai Sword Sect and Tiangong will not weaken."

With Yan Qingyuan here, plus the current promise of Kan Yuan Shenjun, Gu Shaoyang I feel completely relieved.

Still wanting to say something, Gu Shaoyang's expression suddenly changed, and a blue jade talisman appeared in his hand.

Gu Shaoyang suddenly stood up and said to Kan Yuan Shenjun and the other two: "Then I'll leave first."

"Um."

Kan Yuan Shenjun and the two looked at Gu Shaoyang's figure disappearing in a flash, and their eyes suddenly showed a deep sigh.

"Brother Gu was born with the destiny of the Zhongtian Domain, and rose through great calamities, unparalleled in the world.

When he comes back again, I'm afraid he will be a supreme figure who will be astonishing for all eternity...."
