

Attributes 501

Chapter 501

When Gu Shaoyang appeared at the location shown in the jade talisman, he found that many people were already there.

The young man in colorful robes and three other powerful men in the True God Realm.

Xiao Chuhan also has a group of the Heavenly Lords from the Little Canglan Realm, and the rest are the Heavenly Lords from the Little Qianyu Realm.

Apart from Gu Shaoyang, there were only two people in the field who had not reached the Tianzun realm.

Demons are ruthless and cold.

Both of them are in the late stage of Divine Lord, but Gu Shaoyang is the one with the lowest cultivation level.

Gu Shaoyang's arrival made everyone's eyes focus on him.

Xiao Chuhan glanced at Gu Shaoyang and turned his head coldly. Most of the other Tianzun and proud men in Xiaocanglan Region looked at Gu Shaoyang with a touch of horror and awe.

In the past few days, Gu Shaoyang's reputation can be said to be at its peak, almost eclipsing Xiao Chuhan in the city of trials.

Most of the deities in the Xiaoqian Realm looked at him with fear and disbelief.

Especially Mo Qingwu and Leng Yan.

They were both in the Divine Lord Realm, so they originally thought that they were no weaker than anyone else. Even the proud disciples of the Little Canglan Region just had better inheritance and cultivation environment than them.

The two of them were confident that they could catch up quickly after being promoted to the Central Thousand Domain Realm.

But it was different when facing Gu Shaoyang.

If the proud disciples of Xiaocanglan Region are the mountains, then Gu Shaoyang is the sky and the firmament.

Mountains can be climbed and surpassed, but how can the sky be surpassed?

You can only look up at the sky, but you can't see its true high end.

The powerful man in the True God Realm of the Little Canglan Region swept his eyes over several people in the field and said, "You and others are qualified to follow the envoy to the Daqian Realm and become disciples of the Cangqing Sect....The remaining people can stay in my small Canglan region.."

There was a hint of joy on the faces of those who were caught by the eyes of the True God Realm powerhouse. They were all the proud sons of the Little Canglan Region. There were ten of them in total, and Xiao Chuhan was among them.

It was also expected that when the Great Thousand Realms were sent to select disciples, they would naturally select the most outstanding geniuses from the Thousand Realms.

However, Gu Shaoyang seems not to be among them.

Gu Shaoyang himself felt a little surprised, but it didn't show on his face.

The rest of the powerful Tianzun from the Little Thousand Realm Realm can be considered as getting their wish. If they stay in the Little Canglan Realm, they may go one step further.

At this time, the young man in Chinese robes cast his eyes on Gu Shaoyang and said, "I want to give you the position of Zhongqianyu envoy, are you willing?".~? "

Everyone on the field immediately looked at Gu Shaoyang.

Gu Shaoyang was slightly startled and immediately replied:"I don't want to."

Everyone was slightly shocked, but they still understood.

Compared with the opportunity to go to the Great Thousand Realm, the position of a mere Middle Thousand Realm Envoy is indeed nothing.

The young man in the Chinese robe smiled slightly, nodded and said,"Okay, then you can just go with me...."

Immediately afterwards, the young man in Hua Pao randomly arranged a powerful Heavenly Master from the Small Thousand Realm Realm as the Middle Thousand Realm Envoy.

The envoy of the Middle Thousand Realms was a huge fat loss. The Heavenly Master from the Little Thousand Realms Realm couldn't help but be overjoyed. Even though he was at the Heavenly Realm, he couldn't contain the excitement on his face.

After doing all this, the young man in Hua Pao wanted to leave with Gu Shaoyang and others.

Two True God Realm powerhouses from the Xiao Canglan Region gritted their teeth and suddenly stepped forward to stop the young man in Hua Pao. They asked in a low voice:"Envoy, what is the number of disciples in the inner sect?".."

The young man in colorful robes said calmly:"Of course it's cold."

The two True God Realm powerhouses looked overjoyed, and Xiao Chuhan also had a look on his face.

One of the True God Realm couldn't help but ask more questions. That Gu Shaoyang..."

"oh."

The young man in Hua Pao replied casually: "He and I, you don't have to worry about it..."

"yes."

The two of them saluted respectfully and said, "Your Majesty."

Xiao Chuhan's face completely relaxed, a faint sneer appeared at the corner of his mouth, and he never looked at Gu Shaoyang again.

Gu Shaoyang and a kind of small Canglan Realm's proud sons followed behind the young man in Hua Pao.

He originally thought that entering the Great Thousand Realm would be a great success. Just like when he came to the Little Canglan Territory, he took a flying boat to cross for a period of time, but he never thought that it only took less than ten breaths. The

Little Canglan Territory has a teleportation array that connects the Great Thousand Domains.

Ten breaths would not take more than ten breaths. When the time came, Gu Shaoyang came to the Great Thousand Realm.

The Great Thousand Realm!

Gu Shaoyang's eyes were bright, feeling everything around him.

The vitality.

The first thing was the change of the vitality.

The richness of the vitality in the Great Thousand Realm was that of the Little Canglan Territory. It is more than ten times, and more than a hundred times that of Zhongtian Domain.

The vitality of heaven and earth is also different. It is purer and higher grade than the vitality of Zhongqian Domain. It is better than the demonic energy, blood, energy and qi of Demonic Blood

Domain. The grades must be high, and they must be righteous and peaceful, suitable for any kind of cultivation.

From the first moment he stepped into the Great Thousand Realm, Gu Shaoyang could feel the energy in his body being rapidly changed by the energy of the surrounding heaven and earth. Becoming more powerful and pure.

The immortal divine body also began to undergo slow transformation.

Being nourished by a higher level of vitality, it began to transform into a higher physical level.

"The stability of the void is also unmatched by the Small Thousand Realm Realm and the Middle Thousand Realm Realm...."

Gu Shaoyang felt that the void around him was no longer as easily broken as before, and had become stronger.

"Being able to travel through the void in the vast realm is also a manifestation of strength."

Gu Shaoyang sighed in his heart

"After coming here, my perception of the power of the laws of heaven and earth seems to have become much clearer...."

This is what surprised Gu Shaoyang the most

"The location of the Great Thousand Realm is much higher than that of the Small Thousand Realm and the Middle Thousand Realm. It is closer to the avenue, and the difficulty of comprehending the secrets of the laws here will also be much reduced...."

No wonder the people below are trying to squeeze into higher realms with their heads sharpened.

Take a step up, and you will be one step closer to the Avenue of Heaven and Earth.

On the contrary, Gu Shaoyang was not surprised the most by the strange mountains, rocks, flowers, birds and trees that caught his eye. It was different from the fairyland-like scenery of the Small Thousand Realms and the Middle Thousand Realms.

".This place is already within the gate of our Cangqing sect."

The young man in Hua Pao said casually to everyone, and then added:"I will go and report to the sect first. You guys wait here for a while. I will come back soon to show you the entrance."

Everyone respectfully praised it.

Gu Shaoyang also found a seat at random, silently comprehending the new wonder of the Great Thousand Realms, and realizing the various changes in himself.

Gu Shaoyang did not choose to peel off the properties of the law of water fragments extracted from Xiao Chuhan. The comprehension of the secrets, after absorption and fusion, directly caused the water attribute sword soul in his Five Elements Sword Soul to also transform in the direction of the secrets of the laws. The power of the three sword souls of gold, wood, and water has completely transformed into the secrets of the laws.

However, the degree of understanding It's not high, just understanding 10% or 20% of the basic mysteries.

At this time, the proud men from the Xiao Canglan Region began to express their congratulations to Xiao Chuhan

"Brother Chu Han will surely soar into the sky this time after joining the Cangqing Sect."

"Senior Brother Xiao should take more care of us in the future...."

Everyone admired and pleased Xiao Chuhan from the bottom of their hearts.

They all know it.

Internal disciples and external disciples of the Cangqing Sect are two completely different concepts. It can be said that the difference is like a cloud and a mud, a dragon and a snake.

As for Gu Shaoyang...

There is only one internal disciple quota this time. Since it has been confirmed that it is Xiao Chuhan, Gu Shaoyang must also be assigned to the external disciple.

We are all expatriate disciples, so we just need to get along well with each other, but it doesn't matter if we can please them.

Xiao Chuhan also had a smile on his face, and suddenly his eyes fell on Gu Shaoyang, who was standing alone outside the crowd.

Xiao Chuhan's eyes flashed with a hint of indifference, he walked up to Gu Shaoyang and said lightly to Gu Shaoyang:

"I originally thought you were qualified to be my opponent, but now it's impossible...begging"

"You have good talent, but unfortunately you have bad luck and can only join Cangqing Foreign Service...."

"When you enter the foreign field, you and I will no longer be in the same world. The gap between you and me will only widen, let alone catching up with my cultivation in the future.

It's a pity that you and I will never have a chance to fight again..."

Xiao Chuhan smiled and said to Gu Shaoyang with a condescending, disdainful and slightly pitiful look:"Remember the two swords that were lucky enough to defeat me in the secret trial realm, they may be the greatest honor in your life....snort!"

Chapter 502

The rest of the proud disciples from Xiaocanglan Region also looked at Gu Shaoyang with slightly sympathetic eyes.

Gu Shaoyang's talent is truly amazing.

It's a pity that Xiao Chuhan was offended.

Xiao Chuhan joined the Cangqing sect, and it can be said that he reached the sky in one step. Coupled with his already extremely strong talent, there is no telling how great achievements he will have in the future.

On the other hand, Gu Shaoyang was born in the Xiaoqian Realm, and his foundation is shallow. If Xiao Chuhan targets him a little bit in the future, he may become completely silent and disappear from everyone.

You must know that there are not a few geniuses in this world who have been suppressed and fell to the altar.

In the martial arts journey, talent is very important, and luck is also very important.

Gu Shaoyang didn't take Xiao Chuhan's words to heart at all, and there was no expression on his handsome face.

He doesn't care at all whether he's an insider or an outsider.

He was able to rise as a white body in the Zhongtian Domain, and now he can do the same in the Great Thousand Domain.

Xiao Chuhan saw Gu Shaoyang's expression of indifference, so he sneered and said nothing more.

Not long after, the young man in Chinese robes came back, followed by a middle-aged man.

"This is Deacon Liu who is in charge of overseas assignments. You should follow him."

The young man in Hua Pao introduced it casually.

The proud sons of Xiaocanglan Territory obeyed one after another, but the young man in Hua Pao added: "Xiao Chuhan and Gu Shaoyang stay with me."

"What?!"

Everyone was startled, with somewhat stunned expressions. They all looked at Gu Shaoyang. Is

Gu Shaoyang staying too?

Isn't there only one inner sect disciple quota of 617?

Xiao Chuhan was the most shocked and couldn't help but blurt out:"He also joins the inner sect? Isn't there only one quota?"

The young man in Hua Pao glanced at him coldly, and the powerful aura belonging to the true god realm was released without any concealment, and he pressed hard on Xiao Chuhan.

Xiao Chuhan's face suddenly turned as white as a piece of paper, his body trembled suddenly, and he almost fell to his knees. land

"When will it be your turn to intervene in my decision, Shi Feichen?!"

Everyone was silent, even the middle-aged expatriate deacon lowered his eyebrows and said nothing.

Xiao Chuhan even bore most of the pressure of the young man in Chinese robes, and his forehead and vest were dripping with cold sweat.

The young man in Chinese robes sneered, and then Said:"I might as well tell you. Can you join the inner sect? I only agreed to it because of the face of your Xiao family god master....

It's him I fancy."

The young man in Hua Pao looked at Gu Shaoyang without hesitation and said coldly to Xiao Chuhan:"Although you have some talent, you are still a little short of the recruitment standards of our Cangqing sect....

I hope you will cherish it and never do anything to destroy the Great Wall."

After what the young man in huapao said, everyone was completely shocked.

Unexpectedly, the envoy of the Cangqing sect was interested in Gu Shaoyang. Senior brother Xiao Chuhan only gained entry into the inner sect because of his reputation as a god-level powerhouse. Qualified (bgff).

This news is so shocking.

Recalling what Xiao Chuhan said to Gu Shaoyang before, everyone's expressions became weird and they subconsciously looked in Xiao Chuhan's direction.

Xiao Chuhan had a handsome face. His face turned red even more, with a look of humiliation.

He saw that Gu Shaoyang was still expressionless, as if everything was against him.

Thinking of what he had done and said before, Xiao Hu was so ashamed and angry that he wanted to die.

He finally suppressed the humiliation, humiliation and anger. , took a deep breath, and said respectfully to the young man in Chinese robe:"Xiao Chuhan sincerely follows the teachings of Senior Brother Shi."

The young man in the Chinese robe nodded with some satisfaction, and then said casually to Gu Shaohan:"Follow me and join the inner sect."

At this time, Gu Shaoyang learned that the name of the young man in Hua Pao was Shi Feichen.

Gu Shaoyang saw Xiao Chuhan's self-humiliation in his eyes, and had neither gloating nor sympathy.

Whatever you sow, you will get whatever you want. He found it himself, and he couldn't blame anyone.

Gu Shaoyang, who knew the law of cause and effect, had long known this truth.

Shi Feichen led two people into the inner sect.

The Cangqing sect was much larger than Gu Shaoyang imagined.

But it was not Not big in the traditional sense, but huge in space. There is a secret realm just a few steps away. Various forbidden formations are spread throughout the sect. It can be said that there is a cave in one place.

Every cave is full of blue. It is the residence of disciples or elders.

Of course, there are also strange and steep mountain peaks, shrouded in clouds and mist like fairy mountains, which are the important places of the sect.

Shi Feichen led the two of them to a steep and beautiful mountain peak, and casually shot a ray of light to open the forbidden spell on the mountain. Formation, casually explained: "In our Cangqing Sect, only true disciples are qualified to take charge of a peak, which is a symbol of strength and status...."

The person I want to take you to meet next is the true successor of our lineage, Senior Sister Lin Lan."

Although Shi Feichen spoke to the two of them, it was Gu Shaoyang who was always looking at him, and his attitude towards the two of them was clear at a glance, which made Xiao Chuhan even more aggrieved.

"I hate that I didn't use all my strength in the secret realm back then....I also understand the second secret of the law of water, and I am not much inferior to this person...."

Xiao Chuhan thought unwillingly in his heart, he wanted a chance to prove himself and shake the dust.

Shi Feichen led the two of them into the mountain peak. As soon as they landed, a young man with bright features and an impressive temperament appeared in front of the three of them.

"Feichen, are you back from the Lower Domain?"

When the young man saw the three people, his eyes suddenly lit up.

Then his eyes quickly swept past Shi Feichen and behind Shi Feichen. He stayed on Gu Shaoyang for less than half an eye before landing completely on Xiao Chuhan.

Xiao Chuhan's heart tightened instantly..

He only heard a chuckle:"Hey, this is the seed you brought from the lower realm, right?..."

Senior Sister Lin said that you boasted that you had found a treasure this time. I was curious and came here in advance to take a look.

I got through it first.."

Shi Feichen shouted angrily:"Hey, don't.."

"Ha ha.."

The next moment, Xiao Chuhan saw the handsome young man casually slap him down with his palm.

This palm seemed to overturn the entire world, the five elements were upside down, and the yin and yang were confused.

A strong man in the true god realm!

Xiao Chuhan felt extremely uncomfortable, as if he was carrying a huge mountain on his back, and a thick haze of death passed through his heart.

If he doesn't resist, he might really die!

Xiao Chuhan was shocked, his face suddenly turned pale, and then he suddenly unleashed Tianzun's mid-stage strength.

"boom!"

The handsome young man's expression remained unchanged, and he said calmly:"The cultivation level is still relatively weak, don't hide it, take out all your trump cards, otherwise you will die..."

The palm that overturned the world seemed to be a bit heavier.

Xiao Chuhan's eyes were about to burst, and he roared,"The sea is frozen!"

Xiao Chuhan suddenly slashed out a sword, which triggered the chain of the Law of Void, and the second secret of the Law of Water appeared.

Shi Feichen even made a slightly surprised sound like"Huh".

The overwhelming momentum suddenly disappeared without a trace.

Xiao Chuhan suddenly collapsed to the ground, sweating profusely, his face was pale, he was panting heavily, as if he was exhausted, and there was still a look of fear in his eyes that had not dissipated from heart palpitations.

The handsome young man stood there with his hands behind his back, as if he had never made a move.

He frowned slightly and said to Shi Feichen:"My mind and cultivation are all average. Only my understanding of the secrets of the laws is pretty good. If I were to send him a qualification, I'm afraid it would only be five or six. Is this considered a treasure?" ? Could it be that this guy has some potential that I didn't see?.."

Shi Feichen shook his head and said angrily to the handsome young man:"Yan Lou, if you don't listen to what I have to say, then take action..."

I'm not talking about Bao..."

Shi Feichen looked back at Gu Shaoyang and said with a smile:"It's him who is right."

"he?!"

The handsome young man looked at Gu Shaoyang, stunned for a moment, and then screamed:"The early stage of the Divine Lord? Isn't this guy the boy's attendant?"

Is he the treasure?

Shi Feichen, are you kidding me?!"

Chapter 503

Shi Feichen said:"Soon you will know if this is a joke."

The handsome young man stared at Shi Feichen suspiciously and at the indifferent Gu Shaoyang behind Shi Feichen. He nodded and said,"I want to see what's so great about this kid?"

Shi Feichen smiled, and said to Gu Shaoyang and Xiao Chuhan,"Then let's not go see Senior Sister Lin first. You have just started, so it's time to go first Go and finalize your talents. It's not too late to come back and see Senior Sister Lin after receiving the belongings from the internal disciples...."

The handsome young man whom Shi Feichen called Yan Lou also smiled and said:"Let's go together, let's go together."

Shi Feichen shook his head helplessly.

The four of them turned around and left the peak.

After passing through the restriction and traveling through the clouds and mist for about half a stick of incense, an extremely steep mountain peak appeared in front of Gu Shaoyang.

The bell is beautiful, full of vitality, and shrouded in a faint clear light, which is quite extraordinary.

"That is Dingpin Peak."

Shi Feichen casually explained to Gu Shaoyang and Gu Shaoyang

"Hurry!"

Yan Lou urged impatiently.

The four of them were about to step into the mountain peak when they suddenly saw Dingpin Peak shining brightly. Four rays of light rose into the sky, two green and two purple, like a purple-green dragon moving in the clouds, mysterious and strange. Incomparable

"Double top-grade talent?!"

Shi Feichen and Yan Lou's eyes lit up, and their faces showed a bit of surprise.

"Another evildoer is introduced? I don't know which lineage it is from?"

"As long as they are not under Liang Qiuhua! Yan

Lou said with a sneer.

Gu Shaoyang was curious and couldn't help but say: "Senior Brother Shi, what does double top-grade talent mean?"

Shi Feichen explained: "Dingpin peak talent is divided into nine grades, upper, middle and lower, with the first grade being the highest.

The lower third-grade talents manifest themselves in white light, the middle third-grade talents manifest in cyan light, and the upper third-grade talents manifest purple light.

If any one of his qualifications, foundation, understanding, and destiny can reach the third level and be manifested by purple light, he is considered to be a person with outstanding talent."

Shi Feichen pointed at the purple-green light that was hovering over Dingpin Peak and had not yet dissipated, and said:"This person can achieve two top-grades and two top-grades, which is already very good.

For example, Yan Lou and I are just top-tier people."

Yan Lou couldn't wait to step into Dingpin Peak and said:"Look at the lineage of these top-grade talented people..."

The four of them entered Dingpin Peak and saw four sky-reaching jade pillars standing on the top of the peak from a distance. Each jade pillar was divided into nine grids.

At this time, the four jade pillars were all blooming with brilliance. The purple and green light that the few people had seen before was emitted from the jade pillars. The light on the four jade pillars were six grids, seven grids, six grids and eight grids respectively.

A figure is located among the four jade pillars, surrounded by brilliance.

Shi Feichen and Yan Lou couldn't help but whisper again,"Second-grade destiny?! What is the origin of this person?" There was a group of people standing next to the jade pillar. Among them was a handsome man with double eyebrows. Led by a young man with a faintly gloomy look, the gloomy young man was wearing an extraordinarily gorgeous purple robe and had a smile on his lips.

When Shi Feichen and the two saw this person, their expressions suddenly turned ugly, and they said bitterly:"I didn't expect that he was actually from the Liangqihua lineage. Damn it."..."

Liang Qihua should be one of the people Shi Feichen and the others were dealing with, Gu Shaoyang guessed in his mind.

The figure in the middle of the four pillars turned around, it was a young man with an innocent face.

"Your grasp of the mysteries of the law is slightly behind. In a few days, you can take my warrant and go to the Ziggurat Tower to understand the laws of the great avenue and make up for this shortcoming. By then, you will not be far away from breaking through to the True God Realm...."

Liang Qihua smiled and said to the young man, "Thank you, Senior Brother Liang."

Liang Qihua laughed and seemed to be in a good mood.

Only then did he turn to look at Gu Shaoyang and others.

Seeing the ugly faces of Shi Feichen and Yan Lou, the smiles on their faces grew wider.

Gu Shaoyang felt that a gaze containing supreme terror was suddenly pressing towards him, more powerful than the True God Realm.

Divine Lord Realm?

Or do you want to be above the realm of God's Lord?

Gu Shaoyang's eyes narrowed slightly, and he released a trace of the power of the domain, wrapping his whole body with the power of the domain.

Pressure is released as soon as it is released.

Gu Shaoyang was feeling surprised when he suddenly heard a muffled sound coming from his ears.

Turning his head to look, Xiao Chuhan was sweating profusely and his face was pale, resisting the invisible pressure in the void. oh...

Gu Shaoyang immediately understood that it was Xiao Chuhan who had blocked him from disaster again.

Xiao Chuhan was so depressed at this moment that he wanted to die.

Before coming to Dingpin Peak, he had just been tested by Yan Lou, and all his energy had not fully recovered. Now he had just arrived at Dingpin Peak and was shunned by the God Lord Realm...

If Xiao Chuhan is really the seed genius that Shi Feichen likes, forget it. But he wasn't, and Shi Feichen didn't even treat him well.

Xiao Chuhan really wants to cry but has no tears. It's so miserable.

.....Asking for flowers 0.....

"Liangqihua, do you dare?!"

Liang Qihua's little move was quickly discovered by Shi Feichen and Yan Lou. The two men's expressions changed and they shouted loudly, and powerful momentum burst out from their bodies.

Liang Qihua's eyes flashed coldly, like a poisonous snake, and sneered. Said:"My name, Liang Qihua, is something that you two in the True God Realm can call me directly?"

"boom!"

The aura emanating from Liangqiu's avatar instantly surged several times.

In an instant, Gu Shaoyang felt that the world had become dark. It was not true darkness, but the subversion of the laws of the great road, chaos...the sky and the earth were pale, and the sun and the moon were gone. Light, this space seems to be under the control of Liangqiu Hua.

The power is similar to his own"domain", but more powerful than the domain.

Is this the power of the God Lord Realm?!

0.....

Gu Shaoyang's heart was shaken. He felt okay. On the contrary, the expressions of Shi Feichen and Yan Lou changed drastically, as if they were under endless pressure and their bodies were crumbling.

Liang Qiuhua showed a trace of indifference on his face and said calmly: "Today I will teach you two disobedient bitches a lesson for Lin Lan.".."

Liang Qiuhua's palms were gently pressed, and the faces of Shi Feichen and Yan Lou suddenly turned from pale to red, and their mouths seemed to have a mouthful of blood ready to spurt out at any time.

Gu Shaoyang also felt that the blood in his body seemed to flow backwards and splash out from the pores of his skin.

Snow falls in summer, fire burns in the water, waterfall flows backwards...The rules of this world have been changed in Liang Qiuhua's hands.

He wants everyone on the field to live and die, and wants everyone to die!

Fortunately, Gu Shaoyang's physical body is strong and he can control his blood and muscles with all his strength, so he can barely resist.

"puff!"

Xiao Chuhan beside him spurted out a mouthful of blood, his face was like gold paper, and he was seriously injured.

Xiao Chuhan was really unlucky, because he was recognized by Liang Qiuhua as the real seed of Shi Feichen and the others, and he once again received special attention.

At this moment, the "dark" sky suddenly broke through with a ray of light.

A sassy and graceful figure walked into the field through the void. Liang Qiuhua's momentum seemed to be cut through by a sharp sword, and he was defeated.

"Huhu.."

Shi Feichen and Yan Lou gasped for air, finally regaining their composure, and immediately looked at the graceful figure that suddenly appeared, they shouted in surprise and respect: "Senior Sister Lin Lan!"

Chapter 504

Senior sister Lin Lan is the true disciple of her own lineage?!

Gu Shaoyang's eyes flashed and he carefully looked at the woman in front of him.

Lin Lan's appearance could not be considered stunning, only beautiful, but her legs were extremely slender, and there was a hint of sharpness, but domineering and aloof aura between her brows.

This makes her completely separated from those ordinary beauties, transcending the category of stunning beauty in the world, and possessing a strange charm that people can't help but look up to and want to conquer.

Even Liang Qihua had a hint of invisible fire in his eyes when he saw Lin Lan.

Lin Lan had a great sense of calmness and confidence in every move she made, which easily gave people confidence. Her appearance instantly gave Shi Feichen and Yan Lou a backbone.

Lin Lan's thin eyes fell on Liang Qihua and said calmly: "Liang Qihua, you are getting more and more useless. You are so cultivated in the realm of God that you are so embarrassed that you bully several juniors..."

"630." Liang Qihua smiled coldly, with a sinister look on his face, but said nothing.

Lin Lan then turned to look at Shi Feichen and Yan Lou, and asked, "How is it? Are there any injuries? Shi

Feichen and the others shook their heads: "Thanks to Senior Sister Lin for arriving in time, there was no serious problem." Lin

Lan snorted coldly and said calmly: "Sooner or later, I will get back this loss tenfold in Liangqiu's incarnation.""

After saying that, Lin Lan looked at Gu Shaoyang and Xiao Chuhan.

Lin Lan's eyes just glanced at Xiao Chuhan casually, and then completely stared at Gu Shaoyang, with occasional divine light in his eyes.

"You are the good seedling Fei Chen mentioned, right?"

Lin Lan praised.

Yan Lou looked puzzled and said depressedly: "Senior Sister Lin, how did you identify it? This guy's cultivation level is the lowest. Even Liang Qihua admitted his mistake."

Lin Lan said casually: "I don't know Meiyu at the moment. I can only say that you are ignorant..."

Yan Lou's face turned red, and then Lin Lan in his body said lightly: "Liang Qiu just targeted the four of you. Take a good look at it. Is this a performance that an ordinary Divine Lord Realm can have?"

Yan Lou and Shi Feichen then said He reacted and was shocked.

Indeed, they never noticed.

The power of Liangqiu Hua Shen Lord was suppressed, and even Yanlou Shi Feichen's energy and blood surged, and he was extremely uncomfortable. He had already suffered some hidden injuries, and Xiao Chuhan was directly seriously injured, and his face was like gold paper.

On the contrary, Gu Shaoyang, who was only at the level of Divine Lord Realm, did not change his expression, as if he was not affected at all.

"Tsk tsk..."

Yan Lou looked at Gu Shaoyang up and down as if he was discovering a new world, as if he only really knew him now.

Lin Lan smiled lightly and said: "Liang Qihua has recruited a genius seed with double top-grade talents this time. I originally wanted to avoid him for a few days to prevent him from becoming more arrogant... Now it seems that it is not the case. There is no chance to compare."

Lin Lan's hand flashed with light, he took out a white pill and threw it towards Xiao Chuhan

"After taking this elixir, prepare the gift of talent"

"Thank you, Sister Lin."

Xiao Chuhan took the elixir, thanked him respectfully, and immediately swallowed the elixir. His face became rosy at a speed visible to the naked eye.

Shi Feichen and Yan Lou also became slightly sad after hearing Lin Lan's affirmation. She became excited and looked forward to Gu Shaoyang's next performance.

When Xiao Chuhan fully recovered, the four jade pillars on the product were normal and dimmed again.

Lin Lan glanced at Gu Shaoyang and Xiao Chuhan. After receiving the signal, he took the initiative to walk towards Dingpin Yuzhu.

"hehe.."

Liang Qihua seemed to be waiting for this moment, he chuckled a few times and showed a playful smile.

The indifferent young man under him has other qualifications that are good. The key is that his fate is actually the second-grade Hidden Dragon fate. He has terrifying potential and a bright future.

"This time, I want to see how you can defeat me, Lin Lan."

Liang Qihua whispered to himself.

Xiao Chuhan took the lead in determining the product.

The four Tongtian jade pillars each performed their own duties, representing qualifications, roots, understanding and destiny respectively.

Xiao Chuhan walked under the qualification jade pillar, and the jade pillar began glow

"drink!"

Xiao Chuhan shouted low, and the strength belonging to the middle stage of Tianzun burst out without reservation, and even felt a bit extraordinary. It seems that the pill Lin Lan just gave him was quite extraordinary. Not only did he recover from his injuries, he also repaired Because there is still some improvement.

A ray of light hangs from the qualification jade pillar, shrouding Xiao Chuhan in it, and then, the bottom grid of the qualification jade pillar begins to glow, gradually rising

"Qualifications are evaluated based on many factors such as bone age, cultivation, and foundation strength....To put it simply, it is the speed of cultivation. It does not mean that the stronger the cultivation level, the higher the level..."

Shi Feichen patiently explained to Gu Shaoyang.

Gu Shaoyang nodded slightly, if it was the speed of cultivation, then it would be fine.

Otherwise, judging by the strength of his strength, with his initial strength as a divine king, it would probably be terrible and he would only be able to light up one or two jade pillars.....

Gu Shaoyang paid more attention to Liang Qiuhua and Lin Lan in the field. He was thinking about how to find an opportunity to extract the properties of the fragments of the law and secrets in them.

The properties of the fragments of the Mysterious Laws must be refreshed when the opponent uses the Mysterious Laws. Just now, Shi Feichen and Yan Lou were forced to do their best by Liang Qiuhua.

Gu Shaoyang also successfully extracted the properties of the law fragments from the two of them.

"Law of Fire Fragment Properties*38493"

"Law of Water Fragment Attributes *34984"

As true god realm experts, the attribute bubble values on the two of them are almost ten times that of Xiao Chuhan.

Gu Shaoyang's fire attribute sword soul also successfully transformed into the secret of law.

The secret of the law of water has reached the basic level of 50%.

Among the secrets of the Five Elements Law, only the secret of the Law of Earth has not been illuminated.

"There's always a chance.."

Gu Shaoyang thought silently in his heart.

There are too many talented monsters in the Cangqing Sect. He will have many opportunities to extract and strengthen his own laws and secrets in the future.

"ah!"

At this time, Xiao Chuhan shouted loudly.

The light of the Qualification Jade Pillar rose sharply, and each grid was quickly lit up, and then became slower. It was not until the fifth grid, which was barely above the sixth grid, that it completely stopped.

Rao It was Xiao Chuhan who desperately mobilized his Yuan Power to no avail.

Green light burst out from the qualification jade pillar, which was much inferior to the indifferent young man under Liang Qihua before.

Some information also appeared on the qualification jade pillar, including Xiao 4.9 Chu Han's bone age, etc. Wait.

Shi Feichen snorted coldly and said dully: "I know that this boy is the heir of the God Master of the Little Canglan Territory. He has eaten too many heavenly materials and earthly treasures in his early cultivation. His foundation is quite stable, but there are still some residues left in his body. There are too many dregs of medicine..."

Otherwise, with his strength in the middle stage of Tianzun, which is more than 900 years old, it is impossible to barely reach the fourth level. It should be higher than the third level."

The people over at Liangqihua even sneered softly.

"Lin Lan, is this the good seed you picked? Not that good either."

Liang Qihua's sarcastic voice came over.

Xiao Chuhan's face turned red all of a sudden.

Lin Lan had a calm look on his face. He didn't look at Liang Qihua and didn't answer.

Shi Feichen felt that he had lost Lin Lan's face and hated him. Said: "If this kid can't even reach the fourth comprehensive level, I will definitely kick him out."

At this time, Xiao Chuhan has already walked under the jade pillar.

Chapter 505

Root bone determination is much simpler than qualification determination.

The bone jade pillar cast a ray of light and swept across Xiao Chuhan's body, and then the light on the jade pillar began to rise.

"Although the importance of root bones to martial arts practice has become less obvious after breaking through to the King Realm, there are still many lucky people in this world who are talented and talented and have extraordinary bones.

Innate Tao body, innate Tao bone...

The better your bones, the closer you will be to the great ways of heaven and earth. After embarking on the path of spiritual practice, it will be easier to understand the secrets of the laws and the principles of the great ways..."

Shi Feichen said to Gu Shaoyang:"Have you ever seen the kind of person who is born with the secret of the law of perfection? I have seen it..."

Completely comprehend the basic secrets of a law as soon as you are born?!

Gu Shaoyang's eyes were shocked and his heart was shocked.

This is a height that ordinary people can't reach in their lifetime.

If a person like this starts to practice martial arts, the speed of improvement will be so fast that even a thousand miles a day is not enough to describe it.

Yan Lou next to him interjected:"Aren't those sons of the 17 God Emperors all born with the law?..."

God Sovereign God Emperor...

What a lofty realm that is.

Xiao Chuhan's root bone finalization is completed, the jade pillar lights up six grids, and the green light manifests, which is also a fourth-level talent.

Xiao Chuhan's face turned redder.

Then there is the Jade Pillar of Comprehension.

Xiao Chuhan walked under the jade pillar of understanding and began to release the secret of the law of water that he had understood.

The basic mysteries are perfected and the second derived mysteries are comprehended.

The light of the jade pillar soared, and it suddenly jumped to the sixth grid. When Kankan was about to cross the sixth grid and almost reach the seventh grid, it stopped, just a little short of it.

Shi Feichen shook his head and said: "The cultivation level of Tianzun in the middle stage is there. Sure enough, even if he comprehends the second secret, he still cannot reach the third level standard of the designated jade pillar... What a pity..."

Xiao Chuhan's three consecutive rankings of four made the slightly mocking smiles on the faces of Liang Qihua and others become obvious.

In fact, Xiao Chuhan's talent is not bad, it can even be said to be top-notch, but with Liang Qihua's indifferent young man Zhu Yu, who is both top-grade, in front of him, his third-middle-grade talent seems to be average.

"Lin Lan, the more I look at you, the less you look like. Could it be that you are a super genius with a first-class destiny?"

Liang Qihua's words were full of ridicule, and then he burst into laughter, and the people behind him also laughed in agreement.

On Lin Lan's side, Shi Feichen and others looked ugly, but they had no way to refute.

Liang Qihua's men The most outstanding thing about that indifferent young man is his destiny.

The second-grade destiny is almost the best destiny that can appear among ordinary people.

Above the first-grade destiny, it can only appear in the outstanding descendants of the gods and emperors. , that is, what Shi Feichen said before, the darlings of heaven and earth who were born

with a golden spoon in their mouths and understood the secrets of the law at birth. The fact that this indifferent young man has a second-grade Qianlong destiny shows that his bloodline is also quite Extraordinary, maybe there were gods or even god emperors in our ancestors.

After the king realm, the importance of destiny is extremely important, even more than the sum of all other qualifications.

What is destiny?

It is the avenue of heaven and earth The mark and expectation of a person are the heights a person will reach in the future.

Either obey the destiny or go against the destiny, it is destiny.

It is no exaggeration to say that with the second-grade destiny, if you do not fall halfway, you will definitely be a god king in the future!

Above the god master is As the God King.

In the Great Thousand Domains, the God Lord is considered a strong person, and in the God King realm

, he can be regarded as a powerful prince. Otherwise, the future overlord figure will make Liang Qiuhua happy and shock Shi Feichen and others.

Xiao Chuhan's fate Is it possible for the character to reach the second level or even exceed the second level?

The probability is almost zero.

In fact, this is the case. Xiao Chuhan walked under the jade pillar of the destiny, and the light of the jade pillar was cast.

A vast sea immediately appeared behind Xiao Chuhan, and above the sea there was A mysterious and majestic figure with an unclear face stood.

The jade pillar's light rose to the sixth grid, paused slightly, and climbed up to the seventh grid with great difficulty.

A brilliant purple light rose up.

Third-grade destiny!

Xiao Chuhan He looked stunned for a moment, and then an expression of excitement and joy appeared on his face.

Even he himself did not expect that he was actually a third-level destiny.

After he became the God Lord, his own strength and talent had the opportunity to become the God Lord, and he could also expect it if he met the God King.

Although Not as good as the second-grade indifferent young man, but still pretty good and can be called a genius.

Even Shi Feichen and others were a little surprised

"Unexpectedly, this kid is not completely useless, but can be considered a useful material."

Shi Feichen said with emotion.

Even Lin Lan smiled and said lightly:"The Heaven-Returning Pill before is not a waste..."

"Hahaha..."

Liang Qihua burst out laughing, walked up to Lin Lan unscrupulously, and sneered:"Lin Lan, is this the seed you spent so much effort to pick?"

Two years later, when all the veins compete, you will still lose.

I am I'm really afraid that you will be removed from the real biography.....hehe.."

Lin Lan's sharp eyes stared straight back without hesitation, staring at Liang Qihua and saying coldly:"Liang Qihua, you are too happy too early. Could it be that there is an extra genius seed with a second-grade destiny?" Are you absolutely sure you can win the martial arts competition?

This is ridiculous.."

Liang Qihua shook his head with a mocking look on his face and was about to retort.

But Lin Lan didn't even look at him, and just said lightly:"Gu Shaoyang, come on."

Gu Shaoyang looked calm and strode towards the Dingpin jade pillar.

Liang Qihua and the others were stunned for a moment when they saw Gu Shaoyang coming out, and then they all had extremely weird expressions on their faces.

"Lin Lan... Could this person be one of the seeds you collected?..You even want 307 ants in the Divine Lord Realm? Tsk tsk..."

Liang Qihua looked like he didn't know what to say.

He seemed to look at Lin Lan with great disappointment and said,"I thought you were a nobody at first, but now it seems that you are just a waste of my time... Let's go!"

Liang Qihua was about to leave with his disciples. at this time...

"boom!"

A brilliant purple light rose from the sky, like a sword, breaking through the heavy clouds and mist above Dingpin Peak and taking over the sky!

"Um?!"

Liang Qihua was suddenly startled. He saw Lin Lan, Shi Feichen, Yan Lou, and even Xiao Chuhan and others' eyes bursting with extremely intense light. They seemed to have seen an incredible scene and couldn't take their eyes away.

He turned around and looked, His face suddenly changed.

His eyes suddenly opened wide and he stared straight ahead.

He saw only the Qualification Jade Pillar among the four sky-reaching jade pillars. At this time, all nine frames were bright, the light was scorching, and the purple light was so dazzling that it was almost impossible to open his eyes. The situation.

The young man in the Divine Sovereign realm who he had looked down upon before was standing under the jade pillar, with a calm expression on his face. He seemed not surprised by the strange phenomenon that erupted on the jade pillar. His whole person had an indescribable feeling. His unpredictable temperament.

Liang Qihua stared at the information displayed on the qualification jade pillar and read it out word by word through gritted teeth.

"The bone age is forty-seven, in the early stage of the Divine Lord Realm, and the foundation is flawless and flawless. It is a heavenly product!..."

"How can this be?!"

Chapter 506

Bone age is forty-seven, early stage of the Divine Lord Realm?!

Not only Liang Qihua, but also Lin Lan, Shi Feichen and others were also shocked.

After the King Realm, warriors are full of vitality, stretching like surging rivers, with lifespans reaching tens of thousands of years. It is difficult to detect a person's true age with the naked eye, and can only estimate a rough range.

Gu Shaoyang's aura was full of vitality, like the newborn sun.

Lin Lan and others knew that Gu Shaoyang's bone age was not very old, but they never expected that Gu Shaoyang would be so young. forty seven!

Not to mention a hundred years old, not even fifty years old

"It's hard to imagine that he actually came out of the Small Thousand Realms World..."

Shi Feichen said with a complicated face:"It would be better if he was born in the Great Thousand Realm, and even a younger God Lord would not be unusual, but in the Small Thousand Realm, where vitality resources are extremely poor, this is simply a miracle. Can't imagine how he did it..."

Lin Lan's eyes bloomed with dazzling strange lights, and he suddenly said:"Feichen, you said he came from Zhongtian Territory, right?"

Shi Feichen nodded:"Yes."

Lin Lan slowly said Xu said:"That can explain it..."

Yan Lou screamed in shock:"It turned out to be Zhongtian Realm. I remember, aren't those people from Zhongtian Realm?"

"Um."

Lin Lan smiled and said nothing, looking at Gu Shaoyang intently, while Yan Lou's face was full of shock.

Of course, the most shocked person was Xiao Chuhan. Xiao Chuhan was stunned. He looked at Gu Shaoyang as if for the first time. It was like knowing him once.

Forty-seven...

Gu Shaoyang was actually only forty-seven.

He was defeated twice head-on by a guy who had only practiced for forty-seven years or even less!

As a descendant of the God Master of the Little Canglan Territory , gathered thousands of favors in one body, and has never lacked the inheritance of various heavenly, material, and earthly treasures since he embarked on the path of cultivation. It also took more than a hundred years to break through to the divine king.

In this way, he is also known as The youngest powerful person in the Divine Lord Realm in the Xiaocanglan Region for tens of thousands of years.

Xiao Chuhan used to be quite proud of this, but now compared with Gu Shaoyang, he just feels like a waste.

You know, his conditions are a hundred times better than Gu Shaoyang It's more than a thousand times.

Moreover, Xiao Chuhan couldn't help but tremble in his heart when he thought of the secrets of the laws that Gu Shaoyang had understood....

This guy must be a monster.

Xiao Chuhan looked at Gu Shaoyang and swallowed hard.

The most important thing is the few lines of small words at the end of the qualification pillar: "...There is no defect or leakage, it is a heavenly product. ! "

Even the Qualification Jade Pillar said that Gu Shaoyang's cultivation was flawless, even surpassing the highest level of the Qualification Jade Pillar, and received an unprecedented evaluation of Heavenly Grade.

This means that Gu Shaoyang is not only fast in cultivation, but also has an extremely solid foundation that ordinary warriors need to look up to.

Even Lin Lan, Liang Qihua and the others couldn't figure this out. How did Gu Shaoyang do it?!

Lin Lan glanced at Liang Qihua with a faint smile and said nothing, but Liang Qihua's face was extremely ugly.

Regardless of anything else, Gu Shaoyang is comparable to his indifferent young man with both top-grade and second-grade fates based on this natural qualification.

"interesting..."

Liang Qihua said solemnly and did not leave. He stood there and continued to watch Gu Shaoyang's finalizing process.

After the qualifications were determined, Gu Shaoyang was not excited or even surprised, giving people the feeling that he had expected it.

It is an indescribable absolute self-confidence, which is slowly accumulated through countless transcendences and breakthroughs in self-awareness.

People with this kind of temperament are the protagonists of the world no matter where they go.

Several people on the field couldn't help but feel a little shocked.

Gu Shaoyang walked under the second bone jade pillar.

The light of the bone jade pillar casts its light, shrouding Gu Shaoyang in it.

To be honest, Gu Shaoyang himself didn't know what his current level of strength was.

He extracted and absorbed too many root attributes from the geniuses and monsters.

If his roots were like a stream in the beginning.

In the process of extracting attributes, it slowly becomes a small river, a big river, a lake, and finally the sea.

The root bones are like the sea, and extracting and absorbing the properties of any number of bones later is like pouring a few scoops of water into the ocean. You don't see its depth or its width, you only see its vastness.

The only thing Gu Shaoyang could feel that his bones were still changing was that his physical strength was slowly but surely improving.

If you want to order...

"It should also be top quality..."

Gu Shaoyang thought silently in his heart.

The next moment, the light on the root bone jade pillar skyrocketed.

In an instant, the nine grids were full, and the white light turned into green light, and then turned into purple light without even taking a breath. It was connected with the purple light of the previous Qualification Jade Pillar, and set off half of the sky in purple.

"Born with Taoist bones, it is a heavenly thing!"

The bodies of everyone on the field were severely shocked again.

"Tianpin, Tianpin again!"

"It is rare to find a first-grade Jade Pillar, and every time it appears, it causes a sensation. Unexpectedly, two heaven-grade evaluations appeared on the same person today!"

"Haha, I said I found a treasure, right?!"

Shi Feichen laughed heartily. Even he himself did not expect that Gu Shaoyang could give him such a big surprise.

Yan Lou murmured: "This is not a treasure, this is a treasure, treasure it!"

The smile on Lin Lan's face also fully bloomed, while the faces of Liang Qihua and the others were frighteningly gloomy.

The previous joy of getting double top-grade genius seeds has been completely diluted.

".The next level of understanding will definitely be of the highest quality again..."

Shi Feichen was proud of the spring breeze and said with a smile

"ah?"

Yan Lou didn't know why.

Shi Feichen said:"This boy has understood two secrets of the law in the early stage of the divine king realm, namely the secret of the law of space and the secret of the law of killing. They are both in the realm of Dzogchen..."

"What?!"

Yan Lou was shocked and shouted in a low voice.

"This is nothing. Shi

Feichen smiled mysteriously and said in a low voice:"Did you know that he also understood the second derivation of the secret of the law of killing? I originally took a fancy to him and brought him here."..."

"It can be said that understanding is this boy's strongest attribute."

"Hiss..."

Yan Lou took a deep breath and was shocked speechless.

At this time, Gu Shaoyang was already standing under the Jade Pillar of Comprehension, showing off the secrets of the laws he had comprehended.

The void vibrates.

A silver-white chain stretched out across it.

The basic mysteries of space laws are complete!

Everyone looked shocked.

Immediately afterwards, another bloody chain appeared.

It is more solid and thicker than the silver chain.

The basic secret of the Law of Killing is complete, and the second derived secret is understood!

"I didn't lie to you."

Shi Feichen looked at the purple light behind Gu Shaoyang that had risen to the second grade, and he was very proud. Lin Lan was also smiling and full of joy, while Liang Qiuhua's face was so gloomy that water dripped from his face.

Two heavenly grades, one top grade. , Gu Shaoyang's current talent can still defeat the indifferent young man under him.

How could such a monster appear in the lower realm!

"Seriously, monster..."

Yan Lou was about to sigh.

Suddenly, at this moment, another pure black chain wrapped with purple electricity slowly came out from the void behind Gu Shaoyang.

The basic secret of the Law of Destruction is perfect and negative

"What?!"

All of a sudden, there were several incredible exclamations in the field.

Even Shi Feichen was shocked.

"Why else?!"

Chapter 507

In addition to the secrets of space and the Law of Killing, Gu Shaoyang actually also understood the Law of Destruction.

And it's the basic mysteries of Dzogchen!

Shi Feichen and Yan Lou were both stunned, and even Lin Lan's pretty face was dull for a moment.

"Damn it.."

Shi Feichen jumped out a sentence for a long time, dumbfounded:"This kid actually hid his strength, what a monster!

Uh...huh?!"

Before Shi Feichen could finish his sentence, he suddenly choked in his throat, and his eyes suddenly opened. Big, like seeing a ghost.

Others have similar expressions

"boom.."

The shadow of law chains appeared in the void behind Gu Shaoyang.

A transparent chain full of watery air.

The secret of the law of water!

Red chains wrapped in flames.

The secret of the Law of Fire!

Full of life, like an ancient chain made of twisted branches.

The secret of the Law of Wood!

Like a gilt chain made of the most brilliant gold in the world, it is full of sharpness.

The secret of the law of gold!....

New phantoms of law chains kept appearing behind Gu Shaoyang, one after another. Each chain phantom represented a completely different secret of the law. finally.

Seven chains across the sky!

"Top quality!"

"Well..."

Shi Feichen's mouth opened wide enough to fit a fist into it.

Yan Lou was not much better than him, and he was also shocked and half stupid.

Xiao Chuhan looked like a puppet, with a dull and silly expression, as if he was sleepwalking.

Even Lin Lan opened his mouth slightly in shock.

This is extremely rare for Lin Lan, who is always known for his calmness and calmness.

Liang Qihua's eyes were fixed on Gu Shaoyang, with murderous intent already revealed in his eyes.

"Seven chains across the sky! Among the seven kinds of laws and mysteries, the basic mysteries of three laws are still perfect! How can this be?!"

Everyone is asking themselves crazily.

How is this possible?!

The bone age is forty-seven.

The early stage of the Divine Lord.

The foundation is flawless.

In addition, he has understood the secrets of the seven laws....

Is that human being?!

I'm afraid he's not a son of Dao!

A mortal who can achieve any of these achievements is enough to be proud of countless people of his generation. In the world of the universe, he can be called a genius. If he achieves three...

It's so horrible,

I can't even imagine it.

Another heavenly product.

Three days of talent.

The sky at Dingpin Peak has been completely dyed purple.

The clouds and mist around Dingpin Peak are reflected by the purple light, turning into magnificent and noble purple clouds. The layers are like fish scales, which is spectacular.

"God, what is that?!"

"Is Dingpinfeng's talent purple? why is it like this!"

The vision on Dingpin Peak was so conspicuous that many disciples of the Cangqing Sect rushed over in amazement to see what was going on.

More and more people gathered, and when they saw Gu Shaoyang standing Among the four high-quality jade pillars, the three jade pillars on the side were shining brightly, and everyone was shocked by the sight of the nine grids being full.

"this..."

"Our Cangqing sect is going to produce another supreme talent?!"

It's almost as expected.

Gu Shaoyang is not worried about the secrets of so many laws and secrets being known to him. His real trump cards are the power of cause and effect and the power of time.

Especially the four-fold bonus and 40% weakening of the power of time. This is his biggest trump card.

At this moment, Gu Shaoyang, with the purple light in the sky, is extremely dazzling in the eyes of everyone on the court.

Unimaginable talent, like a piece of supreme jade

"Fate! Fate is the key!"

Liang Qihua stared at Gu Shaoyang and said in a low voice: "No matter how good your qualifications are, no matter how strong your understanding is, if your destiny is not good enough, you are destined to have no great achievements...."

How powerful an ant from the lower realm can be, the third level is as strong as the sky...."

Shi Feichen and others are also discussing Gu Shaoyang's fate

"Senior Sister Lin Lan, what level of destiny do you think this boy has? Lin

Lan shook her head and said: "Fate is the most elusive and unpredictable. There are people with extraordinary talents who have low fates, and there are those who are dull and have noble fates."

God's will is unpredictable.

However, since this person is from the Zhongtian Domain and can go all the way from the Small Thousand Domain to the Great Thousand Domain, his fate is not too bad compared to that of at least the third grade, and it is very possible to reach the second grade.

But never more than the second grade."

Shi Feichen and Yan Lou both nodded.

The second-grade destiny is already the limit that ordinary warriors can achieve.

Just like the indifferent young man under Liang Qihua, the second-grade destiny is already the top among the best..First-grade destiny will only appear among the descendants of those noble and

emperor-level figures. Those people are born powerful, with the blood of the gods and the blood of the emperor flowing in their bodies. They are precious and their destiny is naturally powerful.

Ordinary warriors, no matter what It is impossible to achieve it no matter what.

Fate?

Gu Shaoyang stood under the jade pillar of Fate, with a light (bice) look of contemplation on his face.

His destiny should still be Qinglong, the Qinglong with a black sword in his mouth.

I don't know. How many ranks of the most noble Qinglong Fate in the Zhongtian Domain can be rated in the Daqian Realm.

The Fate Jade Pillar shone down, shrouding Gu Shaoyang in it.

Countless eyes were fixed on Gu Shaoyang.

These disciples of the Cangqing Sect were all powerful. In the realm of the Divine Lord and even the True God, most people have a higher level of cultivation than Gu Shaoyang.

But at this moment, Gu Shaoyang has become their protagonist, the focus of all eyes.

The jade pillars are lit up one by one. three...six...seven...

"Grade three.."

Another burst of purple light shot out.

Even though they had expected it, everyone still couldn't help but tremble violently in their hearts.

The four purple lights are like dragons, swords, and skylight.

Four top-grade qualifications. horrible.

The light on the destiny jade pillar is still rising.

Everyone stared closely at the light on the jade pillar, watching it enter the eighth frame

"Second grade!"

Shi Feichen shouted excitedly.

Liang Qihua gritted his teeth suddenly, his face full of coldness and hatred.

Second grade!

Lin Lan's seed turned out to be a second grade fate!

Compared with Gu Shaoyang, The seed he collected was crushed to pieces. There was no comparison between the two. They were not on the same level.

"etc...."

Just after the purple light reached the second level, everyone was suddenly stunned and shocked.

"Still rising!"

"More than second grade?!"

The golden light floated behind Gu Shaoyang, the vast dragon roar sounded, and a green dragon shadow slowly came out from behind Gu Shaoyang.

The body stretched for more than tens of thousands of feet, hiding in the purple clouds in the sky.

Mysterious, ancient, majestic, and yet There is an indescribable feeling of supreme dignity

"Qinglong destiny!"

"It turned out to be the Qinglong destiny!"

"Adhering to the destiny of the ancient mythical beast, what is the origin of this person?!"

"First grade!"

The nine grids of the jade pillar of the fate chart are all bright!

Gu Shaoyang's immortal divine body, the physical body, and the path of becoming a divine body and bloodline.

The so-called gods and emperors, their bloodlines also came out step by step.

Although Gu Shaoyang is now compared to I don't know how far that state is, but I'm still on this path.

The destiny is naturally supreme and noble, and it's so wonderful that it can't even be compared to the children of ordinary gods and emperors.

"They were so surprised by the fate of the divine beasts. Which of the geniuses in the Zhongtian Domain was not the manifestation of ancient divine beasts and ferocious beasts? How could it be so unbelievable to them?.."

Gu Shaoyang's eyes flashed with light, and he whispered to himself:"Could this be the reason why powerful geniuses appear so frequently in the Zhongtian Domain?.."

Gu Shaoyang just guessed and didn't know clearly.

The purple light of destiny has reached the limit of jade pillar, and it is not an exaggeration to say that it is of heavenly quality.

At this moment, an extremely clear and ethereal sound of swords suddenly sounded in the field.

The sound of swords made everyone tremble, and the next moment.

The purple light on the destiny jade pillar suddenly changed.

Turn into golden sky...

Chapter 508

The purple light on the destiny jade pillar suddenly turned into golden light.

The golden light shoots straight into the sky, dyeing the sky above Dingpin Peak into purple and gold, which is extremely luxurious.

A huge green dragon loomed in the purple and gold clouds, and the roar of the dragon echoed throughout the entire world along with the sound of swords.

Everyone on the field was so excited that their expressions changed.

"The golden divine light! This is how the same thing?"

"There has never been a golden final light - ah!"

"What level has this person's fate reached? First grade? Tianpin? Or above the heavenly level?!"

Exclamations continued.

Shi Feichen and others were stunned.

Liang Qihua's face was full of shock, and even the murderous intention before disappeared, leaving only shock.

Lin Lan also had a look of horror in her eyes.

She suddenly felt , the seed brought by Shi Feichen, and the treasure dug up, were completely beyond her expectations. He seemed to be an extremely remarkable person, beyond the control of just a true disciple of hers. The huge Cangqing Pai was shocked by this strange scene, and countless rays of light shot out from the caves of the mountain peaks.

They turned into human figures, and they all looked in the direction of Dingpin Peak in surprise and uncertainty.

"What happened?"

There were ripples in the void somewhere outside Dingpin Peak, and two figures walked out of the void.

One old and one young. There were countless divine lights and mysterious lights around them that were flickering, like the sun, moon and stars that were constantly dying and being born..The old man's face was pale, and he frowned as he looked at the Qinglong above Dingpin Peak, with a look of surprise in his eyes.

"I have only seen this kind of fate in my life, but this boy is extraordinary."

The young man is extremely handsome. He looks like he is only fifteen or sixteen years old, but he gives the impression that he has experienced many vicissitudes of life. As if he has gone through many reincarnations. When the young man spoke, his voice was also very old.

"Look at the sword in the dragon's mouth!"

The young man's eyes were fixed on the Qinglong's mouth. There was a dark long sword lying quietly among the blade-like teeth. The long sword seemed ordinary, but it contained a strange magic power. After staring at it for a long time, It seemed to absorb the soul of the person who was watching. The old man followed the young man's gaze, his face showed some doubts, his expression suddenly changed, and he whispered:"It seems to be exactly the same as that person's sword!"

"right.

The handsome young man nodded and said in a deep voice:"But that one's sword is broken."

The old man looked shocked and said slowly:"Is it possible that this boy is related to that person?".."

"have no idea."

The handsome young man thought deeply:"That one has always been alone, the head and tail of the dragon, but his strength is terrifyingly high, and every time he makes a move, it will shake the world. More importantly, that one has many enemies, and each of them is a big shot who can make countless realms tremble with just one stamp of their feet..."

The old man said in a deep voice:"No matter which enemy he is, our little Cangqing sect cannot afford to offend him. We cannot keep this man, so we should find a reason to expel him." ...

The handsome young man pondered for a while and shook his head. This is not necessary. Everything is just our guess. Keeping this son will not bring any improvement to our Cangqing sect....

We don't care about him, just treat it as nothing and let him grow on his own.

The old man thought for a while and said,"Just follow what you say."

After saying that, the two took a deep look at Gu Shaoyang's figure in Dingpin Peak and the giant green dragon in the sky, then retreated into the void and disappeared.

It's like it never appeared

"Qinglong's fate is only first grade or heavenly grade. This golden light should be caused by the sword in Qinglong's mouth...."

Gu Shaoyang himself also guessed the cause of the vision.

He knew that he was not simply a green dragon, but a green dragon holding a sword.

Even in Gu Shaoyang's premonition, the black sword was the embodiment of his true fate, and the noble Qinglong was just a foil.

"This time, I'm afraid there will be quite a stir in the Cangqing sect..."

Gu Shaoyang shook his head, walked out of the four high-end jade pillars, and slowly walked to Lin Lan and the others.

All the eyes of the audience were focused on Gu Shaoyang, shocked, horrified, curious, and confused....

All kinds of looks.

Everyone was discussing everything about Gu Shaoyang, curious about his identity, and the discussion in the venue was buzzing.

At this time, Lin Lan's face was no longer happy, and her eyes looking at Gu Shaoyang were full of complexity.

Shi Feichen and Yan Lou felt a hint of nervousness and awe towards Gu Shaoyang.

Two powerful people in the True God Realm feel awe towards a Divine Lord Realm?

Saying it may make people laugh out loud, but it is the truth.

At this moment, Gu Shaoyang has been covered with a thick veil of mystery in the eyes of Shi Feichen and Yan Lou, and has become unpredictable.

As for Xiao Chuhan, he has not yet recovered from his dazed state.

A pair of eyes looked straight at Gu Shaoyang, feeling as if his three views had collapsed.

.....Asking for flowers 0.....

"Junior Brother Gu."

Lin Lan spoke after considering it.

As a true disciple of the God Lord Realm, Lin Lan called such a disciple who was not yet a formal disciple of the God Lord Realm. This shows that Lin Lan now attaches great importance to him.

"You are so much more than I expected..."

Lin Lan said in a complicated tone:"You are so talented, to be honest, I don't dare to accept you as a member. I think when your talent level is passed on, the sect will definitely cultivate you vigorously, even if you are allowed to take charge of a lineage Not impossible..."

Shi Feichen and Yan Lou were secretly speechless, but Lin Lan was telling the truth.

"..But after all, you are from Cangqing in the flying dust belt. I will ask him to take you to handle various matters for joining the sect in a moment. You can stay in my Canglan Peak for the time being and wait for the sect's arrangements."

Gu Shaoyang had no objection to Lin Lan's suggestion and nodded in agreement.....

He turned to look at Liang Qiuhua and his party.

Liang Qiuhua and Lin Lan looked at each other, then took a deep look at themselves, turned around and left.

Later, some of the Cangqing disciples who were watching wanted to come up to talk and make friends with Gu Shaoyang. Lin Lan frowned slightly, gave Shi Feichen a few words, and left quickly.

Shi Feichen whispered to Gu Shaoyang:"Let's go quickly."

After saying this, he wrapped Gu Shaoyang in his sleeves and flew out of Dingpin Peak. Yan Lou also grabbed the stunned Xiao Chuhan and followed him.

Shi Feichen and Yan Lou took Gu Shaoyang to complete the procedures for joining the sect, and then took them back to Canglan Peak.

Gu Shaoyang and Xiao Chuhan both received items from the inner disciples of the Cangqing Sect.

A pale blue robe, a hair ring for the dust-removing god, an identity tag, and a soul-storing bracelet.

The spirit storage bracelet is similar to the spirit storage ring, but even the lowest-grade spirit storage bracelet in Gu Shaoyang's hand is several times larger than the top-grade spirit storage ring, with nearly a hundred cubic meters of space.

Although these are simple items, they are extremely rare in the Xiaoqianyu world.

After putting on the clothes of a disciple of the inner sect, Gu Shaoyang became more handsome and handsome, with a bit of otherworldly temperament in his coldness, like a banished immortal.

"Junior Brother Gu, over there is Cangdan Peak, where you can exchange for cultivation pills. Over there is Cangjing Peak, where my Cangqing sect stores scriptures. There are also Cangqi Peak and Cangling Peak..."

Along the way, Shi Feichen very patiently introduced to Gu Shaoyang the functions of the Cangqing Sect's large and small pulse peaks, and finally said:"When you return to Canglan Peak later, you can find a place to be your cave temporarily. This It was ordered by Senior Sister Lin Lan...Five"

Chapter 509

Canglan Peak is very wide, and all the people living on it are disciples of the Cangqing Sect of Lin Lan's lineage.

There are many natural caves, and a small part of them are still vacant. Gu Shaoyang randomly found a cave to live in.

"Later, I will arrange for the handyman disciples to come and take care of Junior Brother Gu's daily life. Junior Brother Gu, please have a good rest...."

Shi Feichen finally said hello to Gu Shaoyang, then said goodbye and left.

Gu Shaoyang looked at the cave. The outside of the cave looked ordinary, but there was something very exciting inside.

There are elegant and quiet villas, as well as valleys and streams. Every plant and tree coincides with the sky and the earth. It is harmonious and harmonious, which makes Gu Shaoyang very satisfied.

Gu Shaoyang wandered around casually, and then found a quiet room in the courtyard to sit down.

Gu Shaoyang first gathered everything on his body.

Most of the dozens of spirit storage rings obtained through the selection and trial in the Small Canglan Domain had no value in the "500" world of the Great Thousand Domain, and only the Yuan Stone was the most useful.

Gu Shaoyang made a rough calculation and found that he had a total of more than 800 million top-grade Yuan stones in his hands. He extracted more than 80,000 top-grade Yuan crystals.

It looks like a lot, but it's actually not much.

With his current strength in the Divine Lord realm, a normal practice will consume hundreds of top-grade Yuanjing. These Yuanjing can support his cultivation to the late Divine Lord stage or the peak of the Divine Lord at most.

The practice of the Divine Lord Realm is mainly about the improvement of the "domain".

Gu Shaoyang's domain is comparable to that of Tianzun. He has long been satisfied with this, but the accumulation of Yuanli is far from enough.

"The most important task at this stage is to improve the cultivation level first. I didn't feel it at first, but after joining the Cangqing Sect, I felt that my cultivation level was really too low..."

Gu Shaoyang's current cultivation level may only be considered below average even in the Cangqing Foreign Sect.

Among the items belonging to the disciples of the inner sect, there is an introduction to the entire Cangqing sect. Gu Shaoyang found the most suitable training place for him.

"The Hualong Pond at Cangling Peak!"

The Dragon Transformation Pond has the metaphor of a carp transforming into a dragon. It is actually an extremely huge spirit-gathering array. The richness of the heaven and earth energy inside is several times, ten times or even dozens of times more than that outside.

It is said that high-status true disciples also being able to enjoy a hundred times the benefits of the Spirit Gathering Array is not something Gu Shaoyang can hope for at the moment.

"Hualongchi requires sect contributions to enter cultivation. I don't have any sect contributions now, so I have to find a way to earn some."

Gu Shaoyang thought, "Also, we should also search for the path of physical cultivation. The inheritance of the physical training path in the Zhongtian Domain is cut off. There should be records in the Daqian Domain..."

"Let's do these things one by one."

On the same day, the handyman disciples assigned by Shi Feichen arrived. Three days later, Gu Shaoyang left Canglan Peak and headed for Cangjing Peak.

Cangjing Peak is where the Cangqing Sect's inner sect's scripture collection pavilion is located. Gu Shaoyang relied on his status as a disciple of the inner sect. Cards enter the Tibetan Scripture Pavilion

"Ordinary inner sect disciples can only view scriptures on the first floor of the Sutra Pavilion. Each borrowing costs the sect's contribution. You should know..."

Perhaps seeing that Gu Shaoyang only had the strength of a god, the disciple on duty at the Tibetan Scripture Pavilion looked at Gu Shaoyang's identity token a few more times and gave him special instructions.

Gu Shaoyang nodded to express his understanding.

There are also levels of internal disciples.

Divided into ordinary internal disciples, elite internal disciples, true disciples and direct disciples

"A true disciple like Lin Lan can take charge. I don't know how much power a true disciple should have..."

Gu Shaoyang sighed a few words and started looking around on the first floor of the Sutra Pavilion.

There are quite a lot of classics on the first floor of the Sutra Pavilion, most of which are martial arts secret books and secret knowledge books.

Gu Shaoyang flipped through it casually, and then he knew what martial arts were above the heaven-level top-grade martial arts in the lower realm.

Mysterious martial arts!

It is also divided into low-level arcane martial arts, mid-level arcane martial arts, high-level arcane martial arts and ultimate arcane martial arts.

There are only low-level arcane martial arts in the Tibetan Scripture Pavilion.

Gu Shaoyang casually picked up a martial arts secret book at hand—— 《"Fire Demon Tearing the Sky"

This is a claw skill, which contains some secrets of the Law of Fire. By practicing this skill, you can quickly understand the basic secrets of the Law of Fire.

"It seems that every kind of arcane martial arts contains mysteries that interpret a kind of mysteries of laws. The higher the level of martial arts, the more mysteries it contains or the stronger it is..."

Gu Shaoyang's eyes flashed with a look of shock, "The training environment of the warriors in the Great Thousand Realm is much better than that of the warriors in the Small Thousand Realm. Finding out the secrets of the laws is already considered a great thing, but in the Great Thousand Realms, even people whose understanding qualifications are far inferior to them can completely comprehend the secrets of the laws faster and earlier as long as they practice a secret martial arts...."

The difference between having inheritance and not having inheritance is really huge.

Low-level arcane martial arts had little effect on Gu Shaoyang. Gu Shaoyang looked around casually and didn't pay much attention to it.....

When he is qualified to enter the second or even third floor of the Sutra Pavilion, he can then borrow those intermediate and high-level arcane martial arts that contain derived mysteries, the second and third mysteries.

"The Way of Refining the Body.."

Gu Shaoyang began to search for the real purpose of his visit to the Sutra Pavilion this time.

Suddenly his eyes lit up

"found it!"

A thin book, although there is a dust removal circle to keep it clean, it still looks like few people are reading it.

Gu Shaoyang opened the book and started flipping through it quickly

"The ancient power of body refining, chasing stars and catching the moon, carrying mountains to catch up with the sun, with the physical body can break the sky with one hand, cover the sea with one hand, possess all kinds of incredible powers like innate gods and demons..."

The first sentence of the book takes Gu Shaoyang back to the ancient times when great powers roamed the world, countless martial arts competed, and hundreds of schools of thought flourished.

After a long time, Gu Shaoyang slowly closed the book, his eyes overflowing with sparkle, and his face glowed with an indescribable strange light.

"Unexpectedly, the method of body refining can be so wonderful and magnificent, with infinite beautiful scenery...."

Gu Shaoyang also truly knew that after embarking on the road to enlightenment through strength, the realm of physical cultivation was divided.

The ninth level of life gate!

The book says that the physical body of a warrior is like a prison, and that there is earth-shattering power hidden in the prison that even the innate gods and demons are afraid of.

These powers are firmly imprisoned by the shackles of the great avenue of heaven and earth. What the body-refining warrior has to do is to constantly break the 4.3 innate shackles on the body and release his own potential.

That is the Ninefold Life Gate!

Each time one of the nine levels of life gate is opened, the warrior can be blessed by the laws of heaven and earth, and possess all kinds of incredible powers, comparable to innate gods and demons, and can compete with warriors who practice Yuanli.

If all nine gates are opened, then a realm will evolve in the physical body.

Heaven and earth are corrupt but I am not corrupt; the great road is corrupt but I am immortal.

It is incorruptible and lasts forever.

It's completely achievable.

What a lofty realm that is, Gu Shaoyang is infinitely fascinated by it

"My physical body has been in the process of transformation since I entered the Great Thousand Realms. Perhaps this is the opportunity to sense the life gate in the book...."

Gu Shaoyang's eyes were as bright as the scorching sun, and he said to himself: "It's time to speed up the process of transformation. This process requires a lot of nourishment of the vitality of heaven and earth. You must go to the Dragon Transformation Pond!"

Chapter 510

Ever since he entered the Great Thousand Realms, Gu Shaoyang's immortal body began to undergo some kind of wonderful transformation.

During this transformation process, the potential of the immortal divine body was continuously stimulated. During this period, Gu Shaoyang's physical strength continued to improve.

"The book says that one million kilograms of force can explode a star, which is called the power of a star. I now have the power of a star..."

"However, this so-called exploding star is not a star in the realm of stars, but a meteorite that fell from the sky when the body-refining warriors suffered in ancient times.

One million kilograms of force can explode ordinary meteors falling from the sky, so it is called the power of exploding stars."

"Breaking the first level of life gate can give you the power of one star. Logically speaking, I should have broken the first level of life gate now, but I have not felt any laws of heaven and earth enter my body, nor have I mastered any incredible powers...."

Gu Shaoyang frowned, and in the end he could only attribute this to the fact that the physical transformation was not completed and the shackles of the life gate were not completely broken.

After leaving the Sutra Pavilion, Gu Shaoyang began to think about how to earn contributions from the sect.

"Let's go to Hualong Pond first to see how much contribution of the master 19 is required to enter the Hualong Pond to practice?"

Gu Shaoyang went to Cannling Peak.

Cannling Peak was completely shrouded in thick white mist. In the white mist, there were five-color divine light, colorful clouds, and various strange lights and phenomena.

This is the ultimate expression of the rich vitality of heaven and earth.

Stepping on Going up to Cannling Peak, I felt that the vitality of heaven and earth was extremely barren, not even as good as the Zhongtian Domain.

Because all the vitality of heaven and earth around Cannling Peak had been absorbed by the spirit-gathering formation in the peak veins.

Gu Shaoyang went to the Hualong Pond to guard Disciple, ask him about the situation of Hualong Pond

"One point of sect contribution can be used to practice in the lowest five-fold vitality pool for one day. A ten-fold vitality pool requires two points of sect contribution for one day, fifteen times and twenty times....From there, it increases upwards, up to a hundred times the vitality pool, and the sect contributes 20 points per day."

The disciple on duty had a cold attitude, but he still explained to Gu Shaoyang.

Considering his own specialness, he needs at least twenty times the vitality pool, which means that if the four sects contribute one day, they will need 120 points in a month.

Gu Shaoyang doesn't know about Breakthrough Divine Lord There is also how long it takes to break the gate of life, but it is safer to leave plenty of time. Otherwise, at the critical moment of cultivation, suddenly the cultivation time is up, and the realization is forcibly interrupted, then the desire to kill will arise.

Gu Shaoyang is going to go back and save some first When the sect's contribution came again, the disciple on duty suddenly stopped him and said, "You must be a disciple who has just joined the inner sect, right?"

"yes."

Gu Shaoyang nodded.

"Is it determined by talent?"

"Already decided."

The disciple on duty nodded and said:"Bring over the identity token. After the talent is determined, the sect will issue a certain amount of sect contribution according to the talent level, which should be enough for you to practice for a period of time. This is also the benefit of the sect to ordinary disciples...."

Gu Shaoyang was slightly startled, and then handed over the identity card.

The disciple on duty put his spiritual consciousness into Gu Shaoyang's identity token and asked casually:"How many times of the vitality pool do you plan to choose?"

With your cultivation in the Divine Lord Realm, I advise you that five times the vitality pool is enough.

The talent is determined to get it The contribution reward is 50.

I guess your four talents should be around the fourth and fifth grades. The total contribution value is considered very good. It is most cost-effective to choose the five times vitality pool...."

The disciple on duty was talking when he suddenly stopped with an"uh" sound.

His eyes were dazed, and he held his ID card with a dull expression, as if he had seen something extremely incredible.

"one...A thousand points of sect contribution?!"

The disciple on duty couldn't believe it and stammered a few words.

The expression on Gu Shaoyang's face was as if he had seen a ghost.

"How can this be?! Boy, what level of talent do you have? What is your identity?!"

The disciple on duty asked several questions in a row, with expressions of disbelief and disbelief on his face.

Gu Shaoyang was also a little surprised. He didn't expect that his contribution to the sect was so great. Unfortunately, he had been thinking about making money before. When the disciple on duty saw that Gu Shaoyang did not answer, I didn't dare to ask anymore.

His whole attitude changed drastically, and with a hint of respect in his tone, he said to Gu Shaoyang: "Junior brother, have you considered how many energy pools to choose?"

Gu Shaoyang's eyes flashed and he said: "Thirty times."

The original plan was to do it twenty times. Now that the sect has made enough contributions, let's just do it a little better.

"How long do you plan to practice for?"

"Not sure, can you wait until I come out and then deduct it?"

"sure."

The disciple on duty became extremely talkative. He took out a jade plaque with three crosses engraved on it from his spirit storage bracelet and handed it to Gu Shaoyang, saying: "Junior brother, enter the Hualong Pond and find a quiet room at will in the Thirty Times Vitality Pond. Just go inside."

Gu Shaoyang thanked the disciple on duty and stepped into the magic circle of Hualong Pond with the token.

When Gu Shaoyang's figure disappeared into the light of the magic circle, the disciple on duty took a long breath and reached out to wipe away the blood seeping from his forehead. thin sweat

"I don't know whether he is a genius like a true dragon pride, who has really won so many contributions to the sect based on his talent, or whether he is a descendant of some big shot in the sect...."

But no matter what his identity is, this person is not something that a small number of ordinary internal disciples of mine can afford to offend.

My attitude towards him before was probably not bad, probably not...."

The disciple on duty had a complicated look on his face and kept asking himself worriedly.

When Gu Shaoyang stepped into the magic circle, the richness of the heaven and earth energy inside became even lower. There were only quiet chamber doors that emitted red or white light.

The red light represents someone in the quiet room.

Gu Shaoyang walked to a row of quiet rooms marked with the words Thirty Times Vitality Pool and walked in along the passage.

He randomly found an empty quiet room, and then used the jade token given by the disciple on duty to open the quiet room.

As soon as I stepped into the quiet room, I realized that there was another world inside.

It is a quiet valley with 557 flowers, grass, insects and fish in it, and the mountains and rocks are steep.

In the middle of the valley is a huge lake, covered with thick white mist. Next to the lake are more than a dozen small streams gurgling continuously.

Whether it is lakes, white mist, or streams, they are all completely condensed from the vitality of heaven and earth.

The intensity of the vitality of heaven and earth is terrifyingly high.

As Gu Shaoyang breathed, he could feel that his cultivation level was slowly increasing, and his body's transformation speed was also becoming faster.

"It deserves to be called the Hualong Pond!

Gu Shaoyang sighed:"Once you enter this pool, even a loach can transform into a dragon.""

Gu Shaoyang didn't waste time. He stepped into the lake with a light step. The lake water like nectar and jade dew completely enveloped Gu Shaoyang. Wang Yang's ocean-like vitality of heaven and earth poured into Gu Shaoyang's body crazily.

"Ah..."

Gu Shaoyang almost breathed out in comfort

"correct."

Gu Shaoyang seemed to remember something and suddenly waved his hand.

His sleeves were like bottomless pits, and countless dim gray stones fell down.

The gray stones fell into the lake, almost raising the water level of the entire lake.

These are the top-grade Yuanshi shells left after Gu Shaoyang extracted Yuanqi and fused them into Yuanjing. There are hundreds of millions of them.

"Let these top-grade Yuanshi shells absorb the Yuanqi of heaven and earth in the Yuanli pool, and it should be able to fill up part of it...."

After doing all this, Gu Shaoyang closed his eyes and began to attack the middle stage of the Divine Lord Realm with all his strength.
