Chapter 511

In the thirty-fold vitality pool, a huge whirlpool appeared in the huge lake, and the center of the whirlpool was Gu Shaoyang.

Every pore in Gu Shaoyang's body was pouring in a huge amount of vitality at every moment. An ordinary divine king would have been burst alive, and only Gu Shaoyang's strong physique could sustain it.

Gu Shaoyang's cultivation level increased rapidly at a shocking speed.

Soon approaching the middle stage of Shenjun. boom!

A huge wave of vitality erupted from the lake.

Breakthrough, Shenjun mid-term.

But this is not the end, Gu Shaoyang's cultivation level is still skyrocketing.

The peak of Shenjun in the middle period. breakthrough!

Late stage of Divine Lord Realm!

At this time, the water level of the lake Gu Shaoyang was in had dropped by nearly one-third.

However, Gu Shaoyang's speed of devouring Yuanli did not slow down, but became faster and faster.

The water level of the lake dropped at a speed visible to the naked eye, like a whale swallowing.

Gu Shaoyang's cultivation is heading towards the peak of the later stage of the Divine Lord, and his "domain" is also quietly expanding.

Gu Shaoyang's domain is complete with five elements, including killing, destruction, space, immortality, life and death, reincarnation and other powers. It is infinitely higher than the domains of ordinary gods and even deities.

Around him, countless mysterious lights of mysterious colors flowed, flickered and disappeared, as if a whole new world was being nurtured.

Suddenly, a little light flowed out of Gu Shaoyang's body.

This clear light is like the buds breaking through the ground after the rain, and the new leaves sprouting from the branches in spring, giving people a feeling of infinite vitality and infinite beauty.

The power of new life!

What Gu Shaoyang realized in the Three Eyes Realm was the power of rebirth that was opposite to the power of destruction.

Unexpectedly, he would now be integrated into Gu Shaoyang's "domain".

With the addition of new power, Gu Shaoyang's "domain" has reached a temporary perfection.

The mysterious mysterious light that flickers on and off suddenly becomes richer, and that bit of clear light takes root in the void and begins to grow rapidly.

In an instant, Gu Shaoyang's speed of devouring Yuanli became more than a hundred times faster.

If the speed of devouring Yuanli before was like that of a whale, now it is simply like a wild beast swallowing up the world.

The vitality pool bottomed out in an instant, and the dozens of gurgling creeks next to the lake had no time to supplement the speed at which he devoured the vitality.

Densely packed top-quality elemental stone shells were revealed, most of which had not been filled up and were still dim.

"I didn't expect that the growth of the domain would require so much energy...~."

Gu Shaoyang opened his eyes and frowned slightly.

"There is no need to stay in this quiet room any longer."

Gu Shaoyang stood up, put away all the top-quality Yuanshi shells, and then strode out of the quiet room.

At the entrance of the Hualongchi Array, the disciple on duty was sitting cross-legged in meditation.

Suddenly, he opened his eyes suddenly, with a slight look of surprise on his face.

"Is one part of the thirty-fold vitality pool dry?"

The disciple on duty had a large piece in his hand, and the jade plate was illuminated with grids of white light. The brightness of the white light was not consistent, some were strong and some were dim.

One of the grids was completely dim at this time, as if it was extinguished.

"Could it be that one of the disciples made a breakthrough in the vitality pool? Devouring so much vitality of heaven and earth in one breath, is it possible that Tianzun has broken through to the True God Realm?"

Although it is rare for the vitality pool to be drained, it has never happened before. The disciple on duty was just surprised and didn't think much about it. The disciple on duty was muttering, and suddenly a light flashed from the mouth of the magic circle, and a handsome and elegant young man Step out, step out

"Junior Brother Gu! The disciple on duty quickly greeted him with a smile,"It has only been five days, and you have completed your cultivation so quickly?"..Ah, you've already had a breakthrough?!"

The disciple on duty suddenly opened his eyes, as if seeing a monster. He stared at Gu Shaoyang with his mouth wide open and even stammered.

"God...the late stage of God King?!"

The disciple on duty clearly remembers that when Gu Shaoyang entered, he was only at the early stage of the Divine Lord. After five days of absence, he directly broke through to the late stage of the Divine Lord, crossing two major realms in a row!

What a shocking speed of improvement!" said the disciple on duty. Without being able to speak, a thought suddenly flashed through his mind.

Could it be that the dried thirty-fold vitality pool was sucked dry by Gu Shaoyang?

Just when he was shocked, Gu Shaoyang said lightly:"Senior brother, please give me another pool.""

"Uh...huh?! Have you not cultivated well yet?!"

The disciple on duty was startled, but soon realized that this was not his responsibility, and quickly said:"Junior Brother Gu, how many times the pool do you want to change?"

"A hundred times."

Gu Shaoyang replied without thinking.

To be honest, with the speed at which"Field" is devouring vitality, he doesn't know whether a hundred times the vitality pool is enough.

The cultivation level has not reached its peak,"Field" is crying for food, and the physical body also needs to be improved.

A hundredfold vitality pool may not be enough

"hundred times..."

The disciple on duty was stunned for a moment. He wanted to say that it would be a waste to rent a hundred-fold vitality pool with Gu Shaoyang's cultivation level, but he opened his mouth and swallowed the words.

"OK"

The disciple on duty gave Gu Shaoyang a jade plaque for the Hundred Times Vitality Pool, and Gu Shaoyang thanked him and walked back to the Hualong Pond Array. The

Hundred Times Vitality Pool was also a huge lake, with an area not much larger than the Thirty Times Vitality Pool, but The depth is more than thirty times that of the vitality pool.

There are as many as sixty-nine vitality streams around the lake.

Gu Shaoyang stepped into the vitality pool and expanded his "domain"

"boom!"

The terrifying devouring speed appeared again.

The water level of the Hundred-fold Vitality Pool also dropped rapidly.

Gu Shaoyang's domain became larger and larger, and became more and more stable.

Qingguang, which represented the power of new life, was like a seed, nourished by massive amounts of vitality and growing rapidly. , gradually growing stronger.

Countless mysterious lights and divine lights, flickering to the extreme, with a little gray appearing in the flickering. The energy of chaos!

The void roared, and the intensity of the "domain" also changed qualitatively, climbing to another level.

"Um?!"

Gu Shaoyang opened his eyes and lowered his head.

Looking at the hundred-fold vitality pool that had dried up to the bottom, he shook his head helplessly.

The hundred-fold vitality pool had been sucked dry.

"(Zhao Nuohao) Huh.."

Gu Shaoyang took a breath and walked out of the quiet room.

Gu Shaoyang's figure appeared in the passage of the magic circle, and he randomly found the empty Hundred Times Vitality Quiet Room and walked in.

The Hualong Pond is better. A jade tablet can open all the quiet rooms of the vitality pool in corresponding multiples. Of course, the premise is that there is no one in the quiet room.

However, not long after, Gu Shaoyang's figure appeared again, and he entered another quiet room. so repeatedly....

Outside the Hualongchi magic circle.

A few days after the disciple on duty had just sat down quietly, he was awakened again to play.

"Will the hundred-fold vitality pool dry up?"

The disciple on duty showed an expression of surprise and uncertainty on his face, and took out a purple and gold jade plate with much fewer grids than the one he took out before. Upon seeing it

, the disciple on duty's pupils shrank, his face changed drastically, and he jumped from the ground in shock. stand up

"Eight hundred times the vitality pool was actually sucked dry by someone?!"

How can this be?!"

Chapter 512

After draining eight hundred-fold vitality pools, Gu Shaoyang's "domain" was finally full.

At this time, Gu Shaoyang's domain has completely turned into a gray chaos. In the chaos, there are all kinds of shadows of heaven and earth and all things appearing and disappearing, as if a small world is brewing.

But if you want to completely transform this "world", the amount of heaven and earth vitality required is too much.

Not to mention the eight hundred-fold vitality pools, even if Gu Shaoyang drained the entire Hualong Pond, the entire Cang Ling Peak, and even the entire Cang Qing Sect, it would still not be enough.

This is a long and arduous process, Gu Shaoyang can only do it step by step

"My cultivation finally started to grow..."

Gu Shaoyang let out a breath.

In the past, there was a "domain" that tyrannically absorbed all the vitality of heaven and earth, and his cultivation and physical body could not even drink soup. Only now has he improved one by one.

The cultivation level in the late stage of the Divine Lord Realm continues to soar. breakthrough!

The peak of the Divine Lord Realm!

Then he continued going up until Gu Shaoyang faintly touched Tianzun's barrier, and then he stopped.

Going from the early stage of the Divine Sovereign Realm to the peak of the Divine Sovereign Realm in one breath was such a big step.

The Tianzun realm can be broken with just one step, but there is no rush. Consolidate the current improved cultivation level before thinking about it.

About three-quarters of the remaining vitality in the vitality pool poured into Gu Shaoyang's body. This time, it no longer returned to the Dantian, but merged into Gu Shaoyang's limbs and bones, nourishing his physical body.

The immortal divine body greedily absorbed the pure vitality of heaven and earth, and the transformation speed it had been undergoing suddenly accelerated more than ten times.

The speed at which the immortal divine body absorbs vitality is also terrifying.

The water level of the vitality pool is once again decreasing at a speed visible to the naked eye.

"Nine levels of life gate.."

Gu Shaoyang carefully understood every change in the immortal divine body.

He soon felt that the surface of his body seemed to be covered with a membrane. This membrane tightly wrapped around his body, making him extremely uncomfortable.

"break! Gu

Shaoyang tore it apart fiercely.", "Tear off the film on his body.

In an instant, the water level in the Yuan Qi Pool dropped sharply.

Gu Shaoyang's physical strength also surged by 50%, and his physical strength also surged by 50%, reaching one and a half stars.

And here After the barrier ruptured, Gu Shaoyang truly felt that he was perfectly integrated with the heaven and earth of the Great Thousand Realm. He felt like a fish in water.

He suddenly understood.

This barrier was actually the vitality of the heaven and earth in the Small Thousand Realm. Impurities.

He laid the foundation of his martial arts in the Zhongtian Domain, and absorbed countless amounts of heaven and earth vitality. Compared with the heaven and earth vitality of the Great Thousand Domain, the quality of these heaven and earth vitality was much worse.

When Gu Shaoyang entered the Great Thousand Domain, (cadg) no matter Both his cultivation and his physical body were slowly transforming.

It was like receiving a baptism of "rebirth".

The impurities washed out became the barrier that hindered Gu Shaoyang's progress in martial arts.

Now Gu Shaoyang has removed this barrier, and his mind is pure. The air is refreshing and the inside and outside are clear. It is no less than a new "foundation", and the foundation of martial arts is once again twice as strong.

This is also something that many martial arts masters in the Xiaoqianyu Realm or the Middle Thousand Realms Realm can accumulate and make great achievements. One of the reasons for soaring to the sky.

After two martial arts foundations were laid, the foundation is stronger than that of ordinary warriors from the Great Thousand Realms. Naturally, they can go faster and further.

Without the barrier of the barrier, the rate of Immortal's recovery of vitality skyrockets again.

"Got sucked dry again..."

Gu Shaoyang shook his head helplessly.

This is already the ninth time.

There are only twenty hundred-fold vitality pools in the Hualong Pool. Excluding those that have been occupied by people in retreat, there are less than five left.

If these few people can't completely open the gate of life for themselves, they can only find another way.

Gu Shaoyang changed to a quiet room again and continued to attack the life gate of the physical body.

A tall and majestic body walked out of the quiet room of the Hundred Times Vitality Pool.

He is a young man with a majestic appearance and eyes as bright as lightning.

"We are still one step away from reaching the middle stage of True God Realm... It's a pity that we don't have enough energy, otherwise we would rush forward in one go."

The young man laughed dumbly when he thought of this, "I didn't expect that the hundred-fold vitality pool would also dry up..."

The young man's face showed a rather arrogant expression, and he smiled lightly and said to himself: "To be able to drain a hundred-fold vitality pool in the early stage of the True God Realm, the entire Cangqing Sect is like a rarity, right?..."

"When I am promoted to Divine Master, I will definitely have a place among the true disciples."

The young man was imagining an infinitely better future, and he was even more confident and energetic.

He was going to change his vitality pool so that he could completely break through to the middle stage of the True God Realm, and casually walked into a quiet room with no one in the hundred-fold vitality pool.

After a few breaths, the young man faced Come out doubtful

"Why has this vitality pool dried up? Is it possible that there are still people who are breaking through the realm? And such a strong man can actually drain a hundred-fold vitality pool?"

The slight complacency that had arisen in the young man's heart dissipated in an instant.

"There is still Crouching Tiger, Hidden Dragon in the sect, and there are many hidden masters...."

The young man sighed with emotion, then changed to a quiet room and walked in.

After a few breaths, the young man came out again

"What? The hundred-fold vitality pool in this room has also dried up?! Was there any mistake?"

"Are many strong men breaking through at the same time, or is it the same person? If it's the latter, that's terrible..."

The young man's face was full of shock and doubt, his face slightly condensed, and he walked into the next quiet room thoughtfully.

After a few breaths, the young man's figure appeared in the passage again

"This vitality pool has also dried up..."

"The third one!"

In the following time, the young man continued to enter one quiet room after another, and then kept reappearing

"This one was also sucked dry..."

"So does this!"

"This vitality pool has also dried up!"...

"the seventh.."

"The eighth.."

"Ninth!"

The expression on the young man's face went from initial shock to horror, shock, numbness, and confusion....

In the end, his eyebrows were furrowed tightly and his expression was serious.

"There is no reason why so many vitality pools should be sucked dry by someone. Wanting to drain a hundred-fold vitality pool is not something that just one person can do."

The young man never thought that such a situation of drying up the vitality pool would be caused by one person.

Nor would it be that all the geniuses who had drained a hundred times the vitality pool suddenly gathered in the Hualong Pool, so there was only one possibility left....

"There must be something wrong with the spirit gathering array in Hualongchi!"

The young man said with great certainty.

"No, I have to inform the sect of this news as soon as possible. The failure of the Hualongchi Array is not a trivial matter..."

The young man made up his mind and left in a hurry.

At this moment, Gu Shaoyang was in the tenth hundred-fold vitality pool, and his whole body was shrouded in white air, forming a huge white mist cocoon.

White air surged from the mist cocoon, as if something extremely terrifying was brewing.

The ninth level of life gate!

In front of Gu Shaoyang's eyes was a dark sky, with nine stars connected together in some extremely mysterious trajectory.

One of the stars at the front was shining brightly at this time.

Gu Shaoyang roared in his heart: "Open the door to the fetal fetus!"..

Chapter 513

The ninth level of the gate of life, the first level, the gate of the birth womb!

Under the impact of massive Yuan Power, the invisible shackles were shattered.

The terrifying vitality, like water from a floodgate, poured out of Gu Shaoyang's body.

The source, the heart!

"bang bang bang..."

Gu Shaoyang's heart beat hard, and the beating sound was like a drum, dull, heavy, and vibrating in the void.

Gu Shaoyang could feel that his heart was rapidly strengthening at an alarming rate.

The Gate of Life Fetus reflects the warrior's heart and strengthens the power of the heart.

Vitality, unparalleled surging vitality.

The void broke open, and a magnificent chain appeared from it.

One end of the chain is connected to the void somewhere, and the other end is like a horned dragon, piercing into Gu Shaoyang's heart.

"boom!"

Ten times, twenty times, thirty times...

Gu Shaoyang's heart instantly grew a hundred times stronger

"The law of life! The door of life fetus opens and the avenue of heaven and earth is blessed by the law of life..."

Gu Shaoyang's eyes were burning.

He once saw half of a Kui Niu heart left behind from an unknown time in the Lei Ze of Zhongtian Territory.

After thousands of years, the heart is still beating and bleeding.

This is the horror of the physical way.

The body has been dead for thousands of years, but the heart still does not stop.

Now, he felt that his heart had such power and survived for thousands of years.

The power of immortality in the immortal divine body increased more than a hundred times.

From now on, as long as Gu Shaoyang keeps breathing, no matter how seriously injured he is, he can heal in a few breaths.

The power of opening the door to life is evident

"call..."

Gu Shaoyang took a long breath.

This breath condensed into white air visible to the naked eye in the void. The white air was like sword light, instantly shattering the void in front of Gu Shaoyang, and there was still room for it to shoot into the void.

The void can be shattered by the power of exhalation alone. What a powerful force this is.

At this moment, Gu Shaoyang looked elegant and handsome, like an otherworldly immortal.

But underneath the delicate appearance, there is an extremely terrifying wild beast hiding. Once it breaks out, it will be earth-shattering.

Gu Shaoyang feels his current physical strength

"It has almost reached two and a half stars, and my physical foundation is too strong. When my physical strength reaches three stars, I can try to attack the second level of life gate. It won't be long before I can attack the second level of life gate."

Gu Shaoyang has never learned any physical training techniques, but he can extract other people's bone attribute bubbles and strengthen himself. This is the best way to practice.

There are no bottlenecks, rapid progress, and no upper limit. It can also be regarded as an inverse technique. Tian's body-refining magical skill.

Looking at the vitality pool at his feet, which was so shallow that only half of the water level was left, Gu Shaoyang smiled helplessly.

Cultivation, domain, and physical body all require more vitality than the last, and each of them is vitality. Bottomless pit.

Now the Hualongs of the Cangqing sect who have broken through the Divine Sovereign Realm cannot supply his cultivation, and I am afraid they will be even more stretched in the future.

There are other ways to think of.

Gu Shaoyang casually collected all the top-grade Yuan stones at the bottom of the pool.

These top-grade Yuan stones When Gu Shaoyang was refining, the shell had absorbed enough vitality, and basically all of it was refilled, and some even showed a semi-crystalline state. I went back to extract it, and thousands more top-quality yuan crystals were recorded.

I sucked up all the energy from the Hualong Pond. With ten hundred-fold vitality pools, you can still harvest Yuan Jing, which really takes advantage of the sect. Even Gu Shaoyang himself feels a little embarrassed.

"No need to stay any longer, it's time to leave.."

Gu Shaoyang made up his mind and walked quickly outside the Hualongchi magic circle.

Outside the Hualongchi Array, the disciple on duty looked at the jade plate in his hand, sweating profusely, and swallowed hard. too...horrible!

On the jade plate in his hand, there were twenty light spots representing the hundred-fold vitality pool, five of which were glowing red, and the remaining fifteen...

Originally everything was lit up with white light.

Then these fifteen white light spots were extinguished one after another under his eyes within a period of more than ten days.

It dimmed by a full eleven!

Now, there are only four hundred-fold vitality pools left that can be used.

Who is it that is so terrifying that he sucked up eleven hundred-fold vitality pools alive in more than ten days?!

A disciple came over to him before and told him that there might be something wrong with the spirit gathering array in Hualong Pond, as more than ten hundred-fold vitality pools had lost all their vitality.

The disciple on duty dealt with it vaguely.

He knew it himself.

The hub of the spirit gathering circle in Hualong Pond is in his hands, and he knows best if there is any problem.

It was obvious that someone had sucked him dry while he was still alive.

The disciples on duty couldn't figure out who could use what means to drain all the energy from more than a dozen hundred-fold energy pools.

With so much vitality, I'm afraid even those in the True God realm would be overwhelmed.

··Asking for flowers······

There are no masters above the True God Realm entering the Hundred-fold Vitality Pool area?

Just when the disciple on duty was puzzled, a cold voice suddenly sounded in his ear.

"Please help me calculate the division contribution points."

"Uh..oh oh. It turns out to be Junior Brother Gu!"

The disciple on duty turned around and saw a slender and handsome young man standing quietly in front of him.

He wiped the sweat from his forehead, squeezed out a smile, took the identity token handed over by Gu Shaoyang, and helped him settle the division's contribution.

"There are a total of eighteen days, five days is a thirty-fold vitality pool, and thirteen days is a hundred-fold vitality pool...."

The disciple on duty was talking, but his heart was beating wildly.

Gu Shaoyang's cultivation level has risen again, reaching the peak of the Divine Lord Realm.

It's not the scariest.

What was terrifying was the feeling Gu Shaoyang made him feel.

With his late-stage Tianzun strength, standing in front of Gu Shaoyang, the pinnacle of the Divine Lord Realm, he actually felt trembling and cold!

A casual glance from Gu Shaoyang could make his scalp tingle, as if he would die at any time. horrible!

"...A total of 290 sect contribution points have been deducted, leaving 710 sect contribution points left. Junior Brother Gu, please take your identity token."

The disciple on duty handed Gu Shaoyang's identity token back in a respectful and almost flattering manner.

It was not like the attitude of a peak Heavenly Master towards a Divine Lord Realm.

Gu Shaoyang nodded slightly and left without looking back.

Watching Gu Shaoyang leave. From behind, the disciple on duty took a long breath, shook his head with a wry smile and said:"What kind of monsters are these...wait a minute!"

A crazy idea suddenly popped into the mind of the disciple on duty.

Couldn't this person have drained all the eleven hundred-fold vitality pools, right?

At the peak of the Divine Lord, could he drain eleven hundred-fold vitality pools? It's a fantasy and ridiculous.!

But the more the disciple on duty thought about it, the more he felt it was possible. He had an extremely strong intuition that the dried up vitality pool was definitely related to Gu Shaoyang

"Why! The expression on the face of the disciple on duty changed, and he finally stamped his feet and sighed:"Even if he really did it, I can't prove it, and I can't afford to offend someone with such means... It's better not to report it to the sect. Just use some of the remaining vacant vitality pools to replenish the dried up vitality pools. No one should be able to find out...."

Chapter 514

Gu Shaoyang returned to Canglan Peak.

His cultivation suddenly soared from the early stage of the Divine Lord Realm to the peak of the Divine Lord Realm, and he needed a certain amount of time to stabilize.

Gu Shaoyang has been stabilizing his cultivation for more than a month. During this period, Shi Feichen came once

"After Junior Brother Gu's talent was determined and reported to the sect, the sect didn't even say anything. Logically speaking, it was very possible to directly promote Junior Brother Gu to the True Successor. It was really strange...."

"Senior Sister Lin Lan said that Junior Brother Gu can continue to stay at Canglan Peak if he wants, and she will never stop him from leaving if he wants to start a new career one day."

Shi Feichen was also shocked when he saw Gu Shaoyang's soaring cultivation. His eyes looking at Gu Shaoyang became more and more like looking at a monster.

Gu Shaoyang also felt a little confused about the Cangqing sect's attitude, but it was just confusion, and he soon returned to normal. , without any resentment or injustice.

The sect's respect, resource support and other conveniences have always been the icing on the cake for him,"Zero Seventy", rather than a timely help.

Martial arts practice, in the final analysis, still depends on oneself.

Two months Later, Gu Shaoyang's cultivation was consolidated and there was even a faint tendency to break through to Tianzun.

"It's time to go to the Sutra Pavilion to find some suitable intermediate arcane martial arts to study and study."

Gu Shaoyang woke up from trance, his eyes opened and closed with lightning, and he looked like a hidden dragon awakening from hibernation. The low-level arcane martial arts has little effect on Gu Shaoyang, and the derivative arcane contained in the mid-level arcane martial arts is more important. he helps

"There are still more than 700 disciples left to contribute. It should be enough to copy a few intermediate arcane martial arts. However, only elite internal disciples are eligible to enter the second floor of the Sutra Pavilion. This is a trouble..."

In other words, if Gu Shaoyang wants to enter the second level of the Sutra Pavilion, he must first be promoted to an elite inner sect disciple.

There is only one way for disciples within the Cangqing Sect to advance - the Demonic Martial Illusion!

The Mowu Fantasy Realm is a secret realm used by the Cangqing Sect to hone the combat effectiveness of its disciples.

The ranks of disciples are also divided accordingly.

If you want to be promoted to an elite inner sect disciple, you must pass through the 30th level of the Demonic Martial Illusion Realm.

"Magic mirror? interesting..."

Gu Shaoyang also became somewhat interested. He himself wanted to find an opportunity to verify his current strength, and the Demonic Martial Fantasy Realm was obviously a good choice.

The magical realm of magic is located in Cangmo Peak.

The whole body of Cangmo Peak is shrouded in gray mist, which makes it look psychedelic and strange, giving people a magical feeling.

When Gu Shaoyang stepped into Cang Mo Peak, what appeared in front of him was a huge phantom water curtain.

There were many people standing around under the illusion water curtain.

"People from Chuzhong, how about we make a bet today?..."

Gu Shaoyang looked silently and saw two people standing opposite each other in the crowd.

One person's face was expressionless, as cold as ice.

The other person has an evil look on his face and exudes a cynical temperament.

Both of them are outstanding geniuses, and their auras are all above the True God Realm.

The young man who was as cold as ice said calmly:"What are you betting on? How do you want to bet?"

The young man with an evil face smiled and said:"I have always wanted the piece of sky smoke stone in my hand. Just in time, I will do it to you. I am also very interested in the five-color nightmare flower I got in the Three Demons Secret Realm for the first time.....

These two things are about the same value, so what to bet on?..."

The evil young man looked back and said calmly:"Of course it's a bet on who can pass more levels in the magical fantasy world....

With the list as proof, you should have no objections."

The cold young man said indifferently: "What if the levels passed are the same? The evil young man laughed and said,"

Then whoever comes out first will lose. ""

"good."

The cold young man simply nodded.

"readily!"

The gambling fight between the two obviously aroused the interest of many onlookers.

"Chu Zhongtian and Yang Yan compete against each other to enter the magic and martial arts fantasy world. This is a rare good show."

"Both of them are geniuses in the True God Realm who are expected to be promoted to the True Inheritance. Their talent and strength are about the same. It's hard to say which one is stronger and which one is weaker."

"The craftsmanship is really generous, the sky smoke stone and the five-color nightmare flower are both rare and good things!"

Everyone was talking about it, and they were discussing and speculating about the outcome of the bet.

The two also began to find someone to notarize the bet.

Gu Shaoyang glanced at the two of them and stopped paying attention. He had been looking at the words on the illusion water screen.

"The first place in the Demonic Martial Illusion Realm: Jiang Feng, cultivation level: Peak of God Lord, level: 48th level.

Second place: Lei Jianzi, cultivation level: Peak of God Lord, level: 41st level..."

Revealed on the miraculous water curtain are the performance records set by the disciples who have passed through the barrier.

It can be regarded as the Magic Martial Fantasy Realm record list....

In addition, there is also a real-time scoreboard.

Gu Shaoyang handed over his identity token, which immediately shot out a ray of light and shot into the light screen.

Gu Shaoyang's name also appeared on the light screen

"Gu Shaoyang, Cultivation: Peak of Divine Lord, Level: None."

A huge whirlpool soon appeared in front of Gu Shaoyang, which was the entrance to the magical realm.

Gu Shaoyang's eyes flickered and he stepped directly in.

The whirlpool swallowed his figure, and soon It quickly disappeared into the void.

The pass number after Gu Shaoyang's name on the light screen also showed that it was the first floor.

Gu Shaoyang's entry naturally attracted everyone's attention.

"Someone actually went in first?!"

"Chu Zhongtian and Yang Yan were having a gambling duel, and there were still people who were so short-sighted?!"

"It's still a realm of gods, haha..."

The evil young man found that a name had already appeared on the real-time performance list, and his expression was a little ugly.

He sneered slightly evilly: "Chu Zhongtian, are you ready? There is no such thing as you in the Divine Lord Realm."

"snort!"

The cold young man hummed, directly played his identity token, and entered the entrance of the vortex.

The evil young man also smiled, and then stepped into the magical fantasy world.

At this time, three names appeared on the real-time performance list of the illusion water curtain, Chu Zhongtian, Yang Yan and Gu Shaoyang.

Among them, Gu Shaoyang's peak cultivation as a divine king was so dazzling in everyone's eyes.

But soon no one paid attention to 2.0 Gu Shaoyang, but focused all their attention on the other two. After all, Chu Zhongtian and Yang Yan are the protagonists of this gambling battle.

"call!"

As soon as Gu Shaoyang stepped into the magical fantasy world, a sword light struck him fiercely.

Gu Shaoyang was slightly frightened and subconsciously wanted to avoid it, but he soon realized how weak the sword light was.

He slashed out with his sword, The light shattered, and the illusory figure that shot out the sword light was also killed.

Only King Realm cultivation?

Gu Shaoyang was surprised at the strength of this illusory figure.

Not long after waiting, two illusory figures with King Realm cultivation appeared in front of Gu Shaoyang. Attack him from left to right

Chapter 515

The same sword slashed out, and two king-level shadows also exploded.

Xu Ying's strength is at the peak of the King Realm. To Gu Shaoyang, there is no difference between following an ant that can be crushed to death with his hands.

After the two king-level shadows, there are four.

It was still a sword, and four phantoms exploded.

Then there are eight paths, sixteen paths, thirty-two paths, and sixty-four paths....

The number of ghosts increases exponentially.

Although his cultivation strength has always been at the early stage of King Realm, by the tenth time, more than five hundred phantoms appeared at the same time, and then rushed towards him.

Even though Gu Shaoyang could destroy them all with one sword, the dense and indifferent aura still made his heart throb.

"One, two, four, then eight, sixteen, and finally five hundred and twelve..."

The number of ghosts increases twice each time.

This is only the tenth level, the eleventh level, and the twelfth level...

If we continue to keep growing at this rate, the ants will bite the elephant to death..."

Gu Shaoyang frowned slightly and thought to himself.

However, when he killed all the more than five hundred king-level phantoms, the next time the phantoms did not appear as densely packed as locusts, but turned into one again.

The phantom of the divine king at his peak!

"I see."

Gu Shaoyang's heart became clear and he suddenly realized. 22

"It is equivalent to ten levels as one level. Levels 1 to 10 are the phantoms of the king, levels 11 to 20 are the phantoms of the gods, followed by the gods, true gods, and gods..."

Gu Shaoyang was not in a hurry to kill the shadow of the peak god king, but let it attack a few times to observe its combat effectiveness.

"Without understanding the arcane martial arts, the attack power is very stable, equivalent to the most ordinary powerful person in the Divine Lord Realm..."

"No wonder the Cangqing sect wants to use the Demonic Martial Illusion as a criterion for selecting elite inner sect disciples and true disciples..."

"If I guessed correctly, the cultivation realm of these shadows should be related to the cultivation realm of the passers-by. My cultivation level is at the peak of the divine king, so the cultivation realm of the shadows is also at the peak of each realm..."

"To pass through thirty levels of magic and martial fantasy, you have to defeat 512 powerful Heavenly Masters at the same time. Five hundred and twelve times the Tianzun's combat power requires at least the strength of the True God in the middle stage to achieve it, right?..."

Gu Shaoyang breathed out gently and whispered to himself: "Moreover, there is no time to recover, and there is almost no chance for people to breathe. This is also a test of the ability of the breaker to continue fighting."

Although after the King Realm, warriors The Yuan Power in the body is already very deep, and the Yuan Power of the Divine Lord and even the Heavenly Master Realm warrior is like the ocean of Wang Yang.

But in such a high-intensity battle, even the sea will be exhausted one day. Sooner or later, the challengers will have to retreat due to lack of energy and reduced combat effectiveness.

Gu Shaoyang thought of the person who ranked first on the Magic Martial Fantasy Realm record rankings.

Jiang Feng!

The peak of the God Lord Realm, the 48th floor!

In other words, this person has defeated at least the joint attacks of sixty-four phantoms of the peak power of the God Lord.

Sixty-four times the peak combat power of the God Lord is truly terrifying.

He should be the top disciple of Cangqing Sect.

At this time, the phantom of the divine king came to him again.

Gu Shaoyang's eyes flashed, and he wanted to beat him to death, but suddenly he stopped.

He dodged the phantom's attack and looked at the attribute bubbles on the phantom's body.

"Vitality*284843..."

"Extract attributes!"

The attribute bubbles on Xuying's body were immediately absorbed by Gu Shaoyang, and Gu Shaoyang felt a pure energy pouring into his body. The

Xuying body at the peak of Shenjun paused slightly, his body became much darker, and his aura also weakened. In the later stage of Shenjun!

"Sure enough, it works!"

Gu Shaoyang was overjoyed

"Extract attributes!"

"Extract attributes!"

"Extract attributes!"

Gu Shaoyang kept waiting for the attribute bubbles on the shadow to refresh and kept extracting.

The aura of the shadow of the divine monarch also continued to weaken.

From the peak of the divine monarch realm, it has been weakening to the early stage of the divine monarch.

The shadow's light is dim and even has a tendency to fade away.

His extraction The ability of attributes will not play a big role when fighting against the living warriors who are incomparably condensed with essence, energy, blood and god. They can only extract their overflowing attribute bubbles.

But for this kind of phantom that is completely constructed from the vitality of heaven and earth. The war spirit is an invincible weapon.

Without the soul to defend itself, the phantom war spirit, which is completely made of the vitality of heaven and earth, cannot withstand Gu Shaoyang's ruthless plundering again and again.

Gu Shaoyang once again extracted the attribute bubbles on his body and tried to see if he could completely extract it until it dies.

But when he extracts it this time, an extremely rich vitality of heaven and earth suddenly falls from the void and is injected into the body of the phantom. The phantom, which cannot even maintain the cultivation level of the God King, rises again. The peak of the Divine Lord.

Gu Shaoyang's eyes flickered and he whispered to himself: "It seems that the most we can do is weaken the shadow to the early stage of each realm, but this is also a great help to me."

Gu Shaoyang didn't delay any more.

He directly slashed the peak shadow of the Divine Lord with one sword.

Then came the second, fourth, and eighth paths....

Level 20, a total of 512 phantoms, shadowy figures

"area!"

Gu Shaoyang's face was expressionless, and the domain that turned into chaos suddenly expanded, and all the shadows of the gods were motionless.

The chaos shook slightly, and the peak shadows of more than five hundred god monarchs were all shattered into pieces, turning into the most primitive vitality of heaven and earth.

These Yuan Qi tried to return to the magical realm, but was tightly grabbed by the chaos of the realm, swallowing up everything.

""Domain" seems to have grown stronger.

Gu Shaoyang's expression is as usual, and he does not need to use weakening methods to deal with the shadows of the Divine Lord Realm.

The next moment, a new shadow appears, the peak of the Heavenly Lord Realm!

"cut!"

The bloody chain appeared in the void, and the secret law of killing took action.

This shadow of the peak of Tianzun only resisted for a moment, and then suddenly shattered.

457 Then two, and four...

When transforming into the Eight Paths, Gu Shaoyang had already mastered the second secret of the Law of Killing.—""No self" is displayed

"Already feeling a little tired.."

Gu Shaoyang's face was slightly condensed. After all, he was the peak of the divine king.

"However, this kind of pressure is interesting!"

The vigorous fighting spirit rose in Gu Shaoyang's heart, turned into flames, and ignited from his eyes.

"Extract attributes!"

Gu Shaoyang was frantically extracting the attribute bubbles from the phantoms, while dozens of phantoms in the Heavenly Realm were fighting together.

"Give it a try and see how far my limit can go!"

At this moment, outside the magical realm of magic and martial arts,

"Yang Yan and Chu Zhongtian are indeed the elite disciples who are most likely to be promoted to the True Inheritance, and now they have reached the 30th level or above!"

"It's so terrifying that these two people can be promoted to true successors after breaking through the thirty-seventh level. I wonder if we can witness the birth of one or two true successors today!"

"It should be impossible. If you want to pass the thirty-seventh level, you must at least be at the level of God Lord. Although the two of them are strong, they are still far behind."

Everyone standing outside the Magic Martial Illusion Realm was talking about it. There were three names on the real-time performance list on the magic light water curtain.

But no one paid attention to the third name.

Someone inadvertently scanned the name and suddenly froze. Stopped, and then exclaimed:"How is this possible?!"

Chapter 516

When one person exclaimed, others naturally saw it too.

I saw Chu Zhongtian and Yang Yan behind their names on the real-time performance list.

Gu Shaoyang, cultivation level: Peak of Divine Lord, level:...

The twenty-ninth floor!

"The twenty-ninth floor? Was it a mistake? This person has actually been pushed to the twenty-ninth floor?!"

"In the twenty-ninth level of the Monster Illusion, the phantom of the combat power of 256 Heavenly Lords, his cultivation level is still at the peak of the Divine Lord, that is, the phantom of the peak strength of the 256 Heavenly Lords! unbelievable!"

"If he breaks two more levels, won't he become the first person in the history of our Cangqing Sect to be promoted to an elite disciple at the Divine Lord Realm?!"

"It's so scary. I didn't expect that there is such a person hiding among our Cangqing sect?!"

In a short period of time, everyone who was watching the gambling duel between Chu Zhongtian and Yang Yan outside the monster fantasy world all focused on Gu Shaoyang's name. They were closely watching the changes in his real-time performance.

Soon, Gu Shaoyang's name The results after that jumped a bit

"The thirtieth level!"

"Hiss..."

There was a sound of gasping on the field, and someone was shocked:"He can survive the siege of more than two hundred phantoms with peak combat power of Tianzun! It's too terrifying!"

"More than two hundred phantoms of peak Heavenly Lords attacked me at the same time. Even though I was in the early stage of True God Realm, I was seriously injured in an instant. How did this person do it? It is still the peak strength of the God King!"

"There are too many geniuses and monsters in this world, and there are many incredible methods that defy the will of nature that we cannot even imagine. Just like Senior Brother Jiang Fengjiang, the first direct descendant, he has more than a hundred times the peak fighting power of the God Lord, and his foundation is so deep that you can't even imagine it!"

"He is only one step away from being promoted to the elite! Someone sighed and spoke, but someone quickly shook his head and retorted:"Unlikely, twenty-nine to thirty. Although there is only one level, I don't know how many True God Realm disciples are stuck here." There are more than 500 phantoms in the Heavenly Realm, which are many times more terrifying than facing the True God alone in the middle stage.

Moreover, this person is facing the peak of Tianzun Realm! It's almost a nightmare difficulty, and the chance of passing is almost zero.

Even if Senior Brother Jiang Feng were to come, it would be impossible for him to get through."

Everyone nodded slightly.

Indeed, almost all the disciples who have the strength to advance to the elite are at the early stage of the True God Realm or the middle stage of the True God Realm.

Firstly, it can reduce the strength of the Shadow Realm in the Demonic Martial Illusion Realm, and secondly, their own strength is sufficient.

But this guy As a disciple of Gu Shaoyang, he chose to challenge the Demonic Martial Illusion at the peak of the Divine Lord Realm. To put it bluntly, it was simply stupid to the extreme. A total of 512 fighting shadows at the peak of the Heavenly Lord Realm, even a strong man in the middle stage of the True God Realm. Avoid the edge for the time being.

To pass, one must have a combat power of 510 times the peak of Tianzun. Is it possible that someone can do it?

It's a fantasy.

Everyone began to stare at the exit of the magic martial arts illusion, waiting for Gu Shaoyang to appear.

Eliminated.

They still wanted to take a good look at this monster of the Divine Lord Realm. After all, Gu Shaoyang's ability to break through the twenty-ninth floor was already an extremely impressive achievement. As expected, a figure suddenly appeared at the exit of the Demonic Martial Illusion Realm.

"Out!"

Everyone's eyes lit up, but they were soon stunned.

A young man with an evil face appeared slightly outside the illusion, followed closely by Chu Zhongtian!

The two were eliminated at the same time almost in no particular order.

It turned out that The two of them!

Only then did everyone realize that they were paying too much attention to Gu Shaoyang and the records of the two gambling protagonists.

Both of their records were fixed at the thirty-fifth floor.

After passing the thirty-fourth floor, they defeated eight phantoms of the same level who were besieging them..With the peak strength of the two true gods, it is also very good.

"Chu Zhongtian..."

Yang Yan's face looked a little ugly. He casually took out a misty colored flower and threw it to Chu Zhongtian.

"You are half a breath slower than me, so you win this time!"

Chu Zhongtian snorted coldly and took the flower without saying anything. He seemed to be a little dissatisfied with his small advantage.

"Fight again!"

Yang Yan was about to leave when he suddenly felt that something was wrong with the atmosphere on the field.

Looking down, he found that those who had followed to watch their gambling fight had no intention of leaving at all, and they didn't even look at them.

"what happened?"

Yang Yan had a puzzled expression on his face.

Chu Zhongtian also discovered this.

The two found that the onlookers were staring intently at the magic light water curtain.

They had both come out, and the gambling fight was over. Anything good to see?

"pass!"

"Damn it, I actually passed it!"

"horrible! Is that human being?!"

"It's terrible. This natural talent and combat power are probably more powerful than Senior Brother Jiang Feng who is in the same realm!"

At this time, there was a burst of exclamation from the crowd, and everyone looked shocked and disbelieving. The two people quickly looked at each other.

The next moment, their eyes suddenly opened wide, their pupils shrank, and their faces were full of disbelief.

"How can this be!"

On the illusory water curtain, the names of the two people have disappeared, leaving only one name.

Gu Shaoyang, cultivation level: peak of the Divine Sovereign Realm, level: 31st level!

Divine Sovereign Realm, breaking through the 30th level of the Demonic Martial Illusion Realm ?!

And they are still at the peak of the Divine Lord Realm, which means that the fighting shadows in the illusion are also the peak strength of each realm.

Crazy?!

The two of them could hardly believe their eyes, and froze in place with their mouths slightly open.

Flashing in their minds A blurry figure flashed into the illusion.

It was the person who entered the illusion first when they were fighting.

That inconspicuous junior god, was so terrifying?!

What is the origin of this person ?...

At the same time, in the magical fantasy world, Gu Shaoyang was blasting the last phantom with a punch!

After facing the phantom of the Heavenly Realm, Gu Shaoyang did not extract the attribute bubbles from the phantom to weaken the phantom, but instead used his own physical strength.

The power of two and a half stars.

In addition, the door to the life fetus has been opened, and the law of life is blessing.

Gu Shaoyang didn't care at all about attacks from ordinary Tianzun-level experts. Even if he was injured, he could recover in an instant.

It can be said that what Gu Shaoyang is least afraid of is group battles.

Any shadow that is hit or even brushed by his fists, elbows, or any part of his body will be exploded by the terrifying force and turned into the vitality of heaven and earth.

Gu Shaoyang is like (Qian Nuo's) a giant galloping among the babies. The nightmare difficulty levels that are difficult to achieve in the eyes of outsiders are nothing to Gu Shaoyang.

The realm of chaos opened up, swallowing up all the vitality transformed from the blown shadows before they could be recovered by the illusion, like a greedy and never-satisfied big mouth.

"call.."

Gu Shaoyang took a long breath. After the battle, his energy was billowing like a dragon, and his energy and blood were like the sun. His whole body was like a terrifying ancient beast.

"Are you going to face the phantom of the True God Realm next?"

Gu Shaoyang thought, a phantom in front of him had quietly condensed out of Xian.

The aura belonging to the peak of the True God Realm was unbridled pressing down on Gu Shaoyang.

Gu Shaoyang's eyes were extremely bright, with a faint look of madness pouring out, and he took the initiative to move toward the phantom. Shadow rushes away

"Without extracting the attributes for now, let's give it a try. With my current strength, what are my chances of winning against a peak powerhouse in the True God Realm!"

"boom!"

The terrifying explosion broke out in the illusion..

Chapter 517

In the realm of true god, the breath blends into the heaven and earth, communicates with heaven and earth, and can use the power of heaven and earth for one's own use.

A casual attack, blessed by the power of heaven and earth, is ten times or even a hundred times that of the Tianzun state.

Fighting against the True God Realm is equivalent to fighting against heaven and earth.

The higher the realm, the greater the power of heaven and earth that can be borrowed. The peak of the true god realm is even more terrifying to the extreme.

The phantom in front of Gu Shaoyang was not something Gu Shaoyang could contend with, even if it only had the most ordinary strength at the peak of the True God Realm, without the blessing of any additional laws and secrets.

Gu Shaoyang tried his best to punch out, like a mortal body punching the black iron wall hard.

Gu Shaoyang's right hand broke instantly and exploded.

As the general situation suppressed, his body also exploded inch by inch.

A blurry blood clot that was not human-shaped quickly retreated.

In the process of regressing, the blood clot quickly recovered and healed.

In a few breaths, it became the intact Gu Shaoyang again.

"terrible!"

Gu Shaoyang's eyes narrowed slightly, and his face was solemn.

The peak of the True God Realm is simply not something he can resist now.

There is a whole big gap between the peak of the Divine Lord Realm and the peak of the True God Realm. Gu Shaoyang dares to challenge the Peak of the True God with the Peak of the Divine Lord. It was simply a crazy move.

The phantom of the peak of the true god rushed towards Gu Shaoyang quickly, and the general force of heaven and earth, like a wall of black iron, slowly poured down. 417

Gu Shaoyang had no expression on his face and spoke coldly

"Extract attributes!"

A raging force of energy poured into his body, and the realm of phantom at the peak of True God fell.

In the later stage of True God, the wall of black iron turned into a wall of fine iron, but it was still enough to crush him.

Extract again!

The realm of phantom fell again.

In the middle stage of True God, the wall of refined iron becomes a wall of solid stone!

"Not even close..."

"Extract attributes!"

The shadow's aura fell to the bottom, completely losing its previous momentum, and the power of the world it controlled also shrunk dozens of times. The wall of solid stone turned into a wall of pure wood.

Gu Shaoyang's eyes shot out two rays of light, Once again, he rushed forward.

He looked like a dragon, using his body as a sword and his fists as the edge.

His physical fists could not penetrate black iron, but they could smash wood.

"boom!"

Gu Shaoyang punched the phantom of the early stage of True God hard.

Two and a half stars of great power suddenly erupted at one point.

The force that could even shatter the falling star directly punched the phantom of the early stage of True God.

Rolling. The vitality of heaven and earth is like a sea of Wang Yang, flying upwards, but it is swallowed by Gu Shaoyang's "domain" of chaos. Gu Shaoyang

, who is at the first level of Mingmen and is close to the second level of Mingmen, even without the cultivation of Yuanqi martial arts and swordsmanship, It can be considered extremely strong.

In ancient times, the body-refining warriors fought freely, and the gods and demons fought against each other. This is not just a casual talk.

"With the power of two and a half stars, it can crush the true god's early stage and match it. Of course, they are just the most common ones. No matter how stupid a person is, they will definitely be able to understand several laws and mysteries once they advance to the True God Realm. Those who have laws and mysteries will be even lower...."

Gu Shaoyang thought silently in his heart

"Moreover, I must attack first and get close to the opponent's body. Otherwise, even if I have the power to kill the True God Realm, it will be useless if I can't hit them.

I need to break more gates of life, obtain more powerful blessings from heaven and earth, evolve magical powers, and refine my body to truly be able to take the stage and become one of my trump cards."

Two phantoms of the peak of true gods appeared quickly.

"Extract attributes!"

Gu Shaoyang quickly extracted the attributes of the opponent and used the secrets of space law to deal with it. It was not until the aura of the two phantoms fell to the early stage of True God that he took action and smashed them into pieces.

Then there were four phantoms.

"The second secret of the law of killing is selflessness!"

Gu Shaoyang's expression and eyes became extremely indifferent, and he lost all human emotions in an instant, as if he had transformed into a killing avenue.

The bloody chain sword light shot out, and its power quickly increased four times.

"The power of time increases fourfold!"

The power of this sword was so terrifying that it directly shattered the two shadows of the true gods in their early stages. The other two shadows were exploded one by one by Gu Shaoyang's free left hand.

Swordsmanship cultivation and body refining With all his Tao cultivation achieved, this is the first time that Gu Shaoyang has fully unleashed his strength in the true sense.

"fear! horrible!"

Outside the monster's illusion, exclamations continued to sound.

"It is already the thirty-third level of the illusion. With the cultivation level of the human god king, he should face the fighting shadow of the peak true god."

(ccbc)"This person must have hidden his strength, or he has hidden extremely powerful trump cards that far exceed his cultivation level, otherwise he would never have reached this point."

"I don't believe that he is really at the peak of the Divine Lord Realm! Absolutely impossible!"

Everyone looked at the real-time results that kept beating after Gu Shaoyang's name, and felt that their hearts were beating hard. Their faces twitched

, and their faces were full of expressions ranging from horror to numbness.

Even after the gambling fight was over, it had already Chu Zhongtian and Yang Yan, who were planning to leave, also stood there for a long time, becoming one of the many astonished onlookers. They were obviously the protagonists of today's magical fantasy, but now they were reduced to supporting roles, and all the light on their bodies was wiped out. Covered up by Gu Shaoyang who was in a fantasy world.

Even the achievements he had just achieved have become Gu Shaoyang's foil.

"I remembered!"

Suddenly someone made an expression of sudden realization, exclaimed, and said:"Some time ago, Dingpin Peak was filled with purple light, and it was said that a super monster with fourth-grade talent appeared.

I didn't see it with my own eyes, so I initially took the news as a joke.

How is it possible for someone to have the talent of a fourth grade person? Even if they did, they would not be able to appear in our Cangqing Sect. but now..."

The man looked a little horrified and said in a deep voice:"It seems that this news is very likely to be true."

Everyone was shocked.

What this person means is that the peak disciple of the Divine Lord named Gu Shaoyang who is currently in the illusion has unprecedented talent for the fourth level?!

If it is true, then it makes sense that he can achieve such a terrible record.

"How is it possible to have four levels of talent?!"

Yang Yan and Chu Zhongtian also had expressions of disbelief on their faces.

But they couldn't believe it. No matter who Gu Shaoyang was, his record was clearly laid out in front of them.

In front of the magical world, how could anyone hide their cultivation? For the realm, Gu Shaoyang is the peak of the God King.

He broke into the nightmare difficulty of the Demonic Martial Illusion Realm, and the results he achieved almost caught up with the two of them in the True God Realm....

No!

Their eyes suddenly opened wide.

Already caught up

"Floor 34! He is on the thirty-fourth floor!"

"The Divine Sovereign Realm has at least four times the combat power of the true god peak. True Nima is a monster. Could this guy be the bloodline left behind by some god emperor?!"

"Most likely!"

While everyone was marveling, the monster illusion in front of them suddenly fluctuated, and a figure walked out quietly.

"Out!"

Everyone's pupils shrank, staring closely at the figure of Gu Shaoyang who shocked them immensely. He had a tall and straight figure, a handsome face, and a cold, moon-like, otherworldly temperament, just like an immortal. There was a natural nobility in his movements. And out, he looked like a natural nobleman.

Not to mention, he really looked like a proud man with the bloodline of the God Emperor!

Gu Shaoyang's eyes fluctuated slightly when he saw so many eyes staring at him, but he soon returned to normal..

He casually took a look at his final results on the illusion water curtain, and then left expressionlessly.

At this time, many people on the field seemed to have just woken up from a dream, and they quickly came forward to greet them.

"This senior brother, please stay..

Chapter 518

Gu Shaoyang could guess what the purpose of these people was by thinking with his heels. Before they could gather around him, he quickly disappeared in a flash.

"What a proud person."

The Cangqing sect disciples who originally planned to have some friendship with Gu Shaoyang all looked at each other.

However, this also made them more and more convinced that Gu Shaoyang was the rumored super monster with fourth-grade talent.

Monsters are all arrogant, and the more The prouder the genius, this is an unchanging truth.

Yang Yan and Chu Zhongtian also looked a little ugly, and they also wanted to make friends with Gu Shaoyang.

True God Realm turned around and befriended a Divine Lord Realm disciple, the latter should It's just a matter of sincerity and fear. I didn't expect that this person wouldn't even look at them. It's really irritating.

"Sooner or later there will be a chance..."

Yang Yan's eyes flashed with light, and he whispered to himself:"Elite disciples compete with each other, and true disciples compete with each other in martial arts. I don't believe I can't even touch you."..."

"snort!"

Yang Yan and Chu Zhongtian snorted and disappeared in unison.

After passing the thirtieth level of the Demonic Martial Illusion Realm, Gu Shaoyang's identity on his identity token had changed to that of a disciple of the elite inner sect. Not only that, he also received two thousand More points of teacher contribution.

In the Demonic Martial Fantasy Realm, from level 1 to level 10, you can get 10 points of teacher contribution for each level, from 11 to 20, you can get 50 points of teacher contribution for each level, from 21 to 30 It is one hundred points, and the thirty-one to forty points are one hundred and fifty points.

Gu Shaoyang stopped at the thirty-fourth level and received a total of two thousand and fifty points from the teacher's contribution.

In addition to his original seven hundred and ten points, which adds up to a total of 2,760 sect contribution points.

It is more than enough to exchange for a few intermediate-level arcane martial arts.

Gu Shaoyang went straight to Cangjing Peak without stopping.

This time he successfully entered the second floor of the Sutra Pavilion..

There are still many people on the second floor of the Sutra Pavilion. Gu Shaoyang walked in here with the cultivation level of the Divine Lord. He was like a sheep walking into a pack of wolves. He was very conspicuous.

But anyone who is truly discerning knows how a sheep can be. Only a wolf in sheep's clothing is possible to join a pack of wolves.

To do this is undoubtedly more terrifying.

Gu Shaoyang didn't pay attention to the curious and surprised eyes that were constantly being cast around him, and just kept looking for the secret he wanted. Martial arts.

The minimum sect contribution required to borrow an intermediate martial art is 500 points, which means that Gu Shaoyang can borrow up to five books. Gu Shaoyang's most powerful laws and secrets at present are the secrets of the law of killing and the secrets of the law of space, and the mysteries of the Law of Destruction.

There is also the Mystery of the Five Elements Law, which is still short of one of the laws of earth. If the five elements are gathered together, the power should be greater than any of the above three laws and mysteries.

"The secret of the law of killing has been understood to the second derived secret. You can put it aside for the time being and exchange it for the laws of space, destruction and earth."

Gu Shaoyang made up his mind and spent half a day finding the secret martial arts he wanted.

«"Flowers in the Mirror, Moon in the Water", intermediate space arcane martial arts.

Containing the second secret of the law of space - mirror image, this intermediate secret martial arts is so high that it can be ranked among the top three in the entire second floor of the Tibetan Scripture Pavilion, but it has very few advantages.

One is because there are very few people who can master the mysteries of space laws, and even fewer people have the second derived mysteries.

Moreover, the mysteries of space are notoriously difficult, so although the power of "Flowers in the Mirror, Water and Moon" makes people covet it, there are very few people who are qualified to practice it.

The second is that "Jing Hua Shui Yue" has a whopping 1,000 points, which is exactly twice that of ordinary arcane martial arts. The price alone makes many people prohibitive.

Gu Shaoyang did not hesitate to exchange it, because this was exactly what he needed.

Then there is the secret martial arts of the Law of Earth, "Sword of Sinking Mountains and Rivers".

It contains the basic secrets of the Law of Earth and a derivative secret. The exchange price is also very affordable, only 500 points.

The arcane martial arts of the Law of Destruction could not be found at all. Gu Shaoyang searched for a long time before he found some clues in a magical martial arts.

《The World-Destroying Demonic Fist》.

This boxing technique mainly explains the secrets of the laws of magic, but it also contains a small part of the secrets of the laws of destruction. Perhaps many disciples who have practiced this martial art do not know this.

It is too difficult to comprehend the Law of Destruction. People who understand the Law of Destruction are even rarer than the Law of Space.

《The exchange price for "World-Destroying Demonic Fist" is also quite high, requiring 800 points of sect contribution.

Three martial arts schools, a total of 2,300 points of teacher contribution.

After Gu Shaoyang redeemed it, he immediately returned to Canglan Peak for retreat.

Five months passed by in a hurry.

In a cave somewhere in Canglan Peak, countless silver lights flashed, and in a small space there were hundreds of Gu Shaoyangs in every corner, pointing their swords at the same location.

The space of the cave seemed to have turned into a huge mirror at this moment.

Hundreds of attacks hit it, countless cracks appeared on the mirror, and it suddenly broke

"click..."

The entire void was shattered and turned into chaos.

Hundreds of figures of Gu Shaoyang finished all this and walked in the same direction. After a few breaths, only Gu Shaoyang was left in the room.

····Asking for flowers····

"Jing Hua Shui Yue, the power of this sword is enough to compete with the general early stage of True God Realm. With the blessing of the power of time, I am afraid it can also kill the early stage of True God....

This is because I have only comprehended 10% of the second secret. If it were 100% perfect and divided into nine hundred and ninety-nine mirror clones, even the peak True God could be killed with one sword."

Gu Shaoyang said to himself with emotion.

However, after the basic secrets, it is too difficult to fully understand another secret. The deeper you go, the harder it becomes.

With Gu Shaoyang's understanding, he can only comprehend 10% of it in five months.

Therefore, the choice of a warrior is usually They are all after comprehending one derived secret, and then continuing to comprehend the second and third.

Every time you comprehend one more secret, your combat power will skyrocket. When you can no longer comprehend any more, you can then choose one of the secrets to refine.....0.....

No one can fully understand all the mysteries of a law, let alone fully understand it.

If you can do this, you can completely control the laws of heaven and earth, and the power is immeasurable.

"Then there is the secret of the Five Elements Law!"

Gu Shaoyang took a deep breath, and Qixing Longyuan stabbed forward with a sword in his hand. The light of this sword was colorful, giving people a misty, beautiful, and dreamlike feeling.

But the dream contained terrifying murderous intent.

"The five elements flow!"

The power of the five-color sword light has not yet fully exploded, and the space that had just recovered a little from the Jing Hua Shui Yue sword showed a tendency of collapse again.

"Very strong!"

Gu Shaoyang is very satisfied with the power of this sword.

"This is just the combination of the basic secrets of the five elements. If the laws of the five elements all derive the second secret, this sword will completely surpass the power of any sword move in my hand!"

Gu Shaoyang's eyes showed a light of thought, and he murmured: "Perhaps, the way forward after comprehending the secrets is the fusion of secrets. It is too far away for me. I am afraid that even the realm of God Lord or even God King may not necessarily reach that step."

Gu Shaoyang's attainments in the mysteries of laws far exceed his cultivation. If anyone knew about it, he would scare a lot of people to death. Even monsters cannot be used to describe him, and monsters are not very appropriate.

"Finally, there is the second secret of the Law of Destruction that was learned from "The World-Destroying Demonic Fist"!"

The aura of the sword light in Gu Shaoyang's hand changed again, from five colors to jet black, and the jet black was mixed with many violent purple electric lights... Mountain.

Chapter 519

"The Law of Destruction explains the process of destroying the world. The second secret is to exterminate living beings, which can be described as killing!"

Purple-black electric light burst out from Gu Shaoyang's eyes, and at the point of the long sword, all life was cut off.

This sword contains the terrifying connotation of great destruction and severance, and can instantly kill the peak Tianzun!

"《The second secret of the Law of Destruction contained in "World-Destroying Demonic Fist" is still too shallow and rare, otherwise the power of this sword would be even greater."

Now Gu Shaoyang's method is that the Mirror Flower, Water Moon is the strongest, the Five Elements Flow is the second, and the Killing Sword is the last.

But even the weakest Killing Sword has reached the level of invincibility under the True God. It can be said that Gu Shaoyang's combat power has increased more than ten times.

"In these five months, my cultivation has been completely consolidated, and I can try to break through to the Heavenly Realm."

In less than a year, he has soared from the early stage of the Divine Lord to the peak of the Divine Lord, and now he is about to break through the Tianzun realm. Gu Shaoyang's cultivation has advanced to the "seven-four-three" degree, which can be said to be shocking. He is better than many people who rely on the treasures of heaven and earth for food. The progress is even faster.

And his foundation is still very solid, which is the benefit of profound knowledge of the laws.

Gu Shaoyang's plan is to find an opportunity to visit the Hualong Pond again. After half a year, he wants to come to the Hualong Pond and be sucked dry by him. The ten hundred-fold vitality pools should almost be filled again.

At this moment, Gu Shaoyang's expression suddenly changed.

"Shi Feichen is here."

We haven't seen each other for half a year. Shi Feichen has not changed much, and his attitude towards Gu Shaoyang is the same as before.

"Junior Brother Gu, how are you doing lately?.."

Shi Feichen smiled and exchanged greetings with Gu Shaoyang

"Brother Shi, you want to see me if you have something to do?"

Gu Shaoyang asked straight to the point.

Shi Feichen nodded and made his purpose clear.

"Recently, a secret realm was opened, and Canglan Peak got more than ten places to enter the secret realm. Senior Sister Lin Lan asked me to come over and ask Junior Brother Gu if he was interested in going there."

"Secret realm?"

Gu Shaoyang's expression moved slightly and he said, "What secret realm?" Brother Shi, can you explain a little bit? Shi Feichen said:"

It is a small secret realm that has been discovered a long time ago but has not been fully developed. The resources in it are quite rich. It is not of great value to the true disciples, but it is still useful for us true god realm disciples." It's valuable, Junior Brother Gu's cultivation level is still in the realm of God Lord, it will be of great help to you.

This trip to the secret realm Canglan Peak was led by Yan Lou and I, plus seven or eight ordinary Tianzun Realm disciples.

Junior Brother Gu has outstanding combat power, so even if his cultivation level is not at the level of Tianzun, he can definitely join."

"As for what treasures there are in the secret realm?..."

Shi Feichen handed Gu Shaoyang a jade talisman and said, "Basically everything is here. Junior Brother Gu can check it out." Gu

Shaoyang took the jade talisman and glanced at it a few times, and his eyes suddenly lit up.

The jade talisman records a kind of spiritual grass called Jiao, which is of great benefit to the physical body of warriors.

His physical strength is still a star away from opening the second life gate. It may take a year or two to simply extract attributes. If there is spiritual grass to assist, this process should be greatly shortened.

"Can."

Gu Shaoyang readily agreed, "Thank you, Senior Brother Shi. I also hope that Senior Brother Shi will thank Senior Sister Lin Lan on my behalf."

"Easy to say.

Shi Feichen smiled and finally said to Gu Shaoyang: "We will meet outside Canglan Peak in three days." Also, this secret realm is not unique to our Cangqing sect. It is developed and explored jointly with the Pixin sect. When the time comes, we will encounter Pixin sect disciples in the secret realm. Junior Brother Gu must pay attention."

Shi Feichen reminded himself to be careful, and Gu Shaoyang nodded to express his understanding.

Three days later, Gu Shaoyang arrived outside Canglan Peak as promised. There were already nine internal disciples of Canglan Peak waiting here. They were with Gu Shaoyang Xiao Chuhan, who entered the Cangqing Sect, was actually among them.

After half a year, Xiao Chuhan's cultivation level has also improved, reaching the late stage of Tianzun.

This is normal. People who enter the Daqian Realm from the Lower Realm will have an explosive period of rapid progress at the beginning. Only when the potential is almost fully realized will it gradually become stable.

These nine internal disciples are all at the Tianzun level. Most of them are in the late Tianzun stage, even the peak Tianzun level, and even the middle stage Tianzun level is considered weak.

Gu Shaoyang's cultivation level at the Divine Lord level appears. Here, it was like a big light bulb, which immediately attracted everyone's attention, with curiosity and doubts appearing on their faces.

"We at Canglan Peak still have disciples from the Divine Lord Realm?"

"You can also participate in this secret exploration, tsk tsk...I'm afraid it's not the backstage that's tough"

"There is no need to worry about him. Even if this kind of cultivation enters the secret realm, it is just asking for trouble. Let's just wait and see."

Almost all of these people thought that Gu Shaoyang was inserted into the team of this secret exploration team because of a backdoor relationship. The eyes looking at Gu Shaoyang immediately turned into a touch of disdain and ridicule.

Only Xiao Chuhan's face was complicated. He was the most complicated. Someone who knows the reason why Gu Shaoyang appears here.....

Gu Shaoyang didn't bother to pay attention to others.

Not long after, Shi Feichen and Yan Lou appeared in front of everyone.

"I have met Senior Brother Shi and Senior Brother Yan."

Many Tianzun disciples said hello to the two of them. Shi Feichen and the two nodded slightly, looked in the direction of Gu Shaoyang, felt slightly satisfied, and then said:"Let's go."

The group of people left Canglan Peak and Cangqing Sect and flew outward.

The boundaries, mountains, etc. of the Great Qianyu Realm are much larger than those of the Small Qianyu Realm.

More than three thousand miles away from Cangqing Sect, Shi Feichen and Yan Lou He brought Gu Shaoyang and others to a stop.

A ray of light shot out in the high sky, and a light blue vortex was revealed.

"This is the entrance to the secret realm. People from other peaks may have already entered...."

Shi Feichen said to everyone: "Brother Yan Lou and I will enter the center of the secret realm to compete with other True God Realm experts for the resources we want. After entering, you can explore on your own.

It's best. You must stay close to the center, otherwise you will die at the hands of a true god realm powerhouse. No wonder I didn't warn you in advance."

All the disciples responded respectfully.

Then one by one, the disciples entered the secret realm. When Gu Shaoyang arrived, Shi Feichen suddenly threw something at him.

It was a jade talisman for communication.

"Junior Brother Gu, your cultivation level is low and you will be at a disadvantage in the secret realm. If you encounter any danger that is difficult to withstand, you can use the jade talisman to inform us and we will come as soon as possible."

Shi Feichen said to Gu Shaoyang.

It must have been Lin Lan's explanation to the two of them.

Gu Shaoyang nodded, thanked the two, and stepped into the secret realm on 4.6.

This small secret realm is similar to the outside environment, but the vitality of heaven and earth needs to be stronger. It was richer, and there was no sun, moon, or stars in the sky.

Gu Shaoyang was not in a hurry to act, but began to check the secret realm introduction and map information that Shi Feichen had given everyone before he came.

"There are many heavenly materials and earthly treasures that can enhance the strength of the physical body. The most effective one is the dragon tendon. However, the dragon tendon is located in the center of the secret realm, so it is a bit difficult to handle...."

Gu Shaoyang shook his head and said to himself: "Let's search the surrounding area first. If there is a chance, it is not impossible to break through Tianzun here."

Heavenly materials and earthly treasures can provide him with a large amount of pure medicinal power and vitality. If he searches for more, no worse than breaking through in a hundred-fold vitality pool.

Gu Shaoyang's spiritual consciousness, which was far beyond the divine king realm, was released, covering an area of thousands of miles, and he searched along the land inch by mile..

Chapter 520

"Is this Zhu Guo?"

Gu Shaoyang suddenly stopped and swooped down to the shady side of a valley below.

What appeared in front of him was a small green tree with eight fruits on it, each one the size of a fist. Red, purple lines appear

"It is very similar to the red fruit in the Zhongtian Realm, but one red fruit can only bear one per plant. The ten thousand year red fruit is not even half the size of a fist. I didn't expect it to grow like this in the Great Qian Realm...."

Gu Shaoyang felt the unimaginable huge energy of heaven and earth contained in the red fruit, and was secretly speechless.

Quickly pluck these red fruits and move on.

Under Gu Shaoyang's powerful consciousness, almost nothing can escape his search.

Soon, Gu Shaoyang had collected seven or eight kinds of heavenly materials and earthly treasures that were as good as Zhu Guo.

Of course, they also encountered the monster guarding the spirit fruit along the way, but they were easily killed by Gu Shaoyang.

The heavenly materials and earthly treasures outside the secret realm are not particularly precious, and the monsters are not particularly strong either. Most of them are only as strong as the early and middle stages of Tianzun.

Suddenly, a milky white cloud appeared in front of Gu Shaoyang's eyes and stayed in the mid-air.

"This is...A ninth-grade heavenly herb?!"

Gu Shaoyang's eyes were bright, and he was slightly happy.

The Zhongtian Domain divided elixirs, herbs, spirits, and fruits into levels one to ten. After reaching the Daqian Domain, the levels above 10 and 24 were also divided into earth level, heaven level, and divine level. Level.

For example, the red fruits that Gu Shaoyang collected before are earth-level spirit fruits. Those above the first level of the earth level are heaven-level.

The heaven-level spiritual grass and spirit fruits are already amazing. They contain vitality so strong that it can communicate with heaven and earth. Forming a spiritual cloud of vitality.

There is one for the ninth grade, two for the eighth grade, and so on.

This is why Gu Shaoyang recognized at a glance that this is the ninth grade heavenly grade spiritual grass.

Even a strong person in the true god realm will be moved by the heavenly grade spiritual grass. A few minutes, which was of great help to Gu Shaoyang.

Gu Shaoyang quickly approached, and in a few flashes of space identity, he had already approached the location of the vitality spirit cloud.

But at this moment, a ray of light shot out from opposite Gu Shaoyang very quickly.

"boom!"

An attack tore through the void, struck in front of Gu Shaoyang, and blasted a large crater dozens of feet deep and dozens of feet wide in front of him.

Gu Shaoyang stopped, and a figure roared in front of him and appeared in front of him.

The Great Thousand Domains Only a strong person in the True God Realm can tear through the void and rush forward. The person who came was a late-stage Tianzun, with a tall and slender figure and a handsome appearance. He looked down at Gu Shaoyang with a cold and indifferent expression.

This person was also wearing clothes from the Cangqing Sect. The inner sect disciple's clothing.

This man looked at Gu Shaoyang for a moment, with a sneer at the corner of his mouth, and said lightly: "Out of friendship with my fellow disciples, I won't kill you, and keep what you got from this secret realm, so get out of here."

Gu Shaoyang didn't bother to pay attention to him, and went to the location of Tianjie Lingyun.

"It's just that his cultivation level is low, he is still a brainless person! snort!"

The handsome young man snorted coldly, with a stern look on his face. This time he did not hesitate to grab Gu Shaoyang.

"Let me, my fellow disciple, teach you!"

The Divine Lord's later cultivation can appear in the secret realm, so he should have some background in the sect.

I don't need to really kill him, I just need him and loot him again. I guess this guy must have a lot of good things..

The various veins compete with each other. As a senior brother, I punished him with small punishments and severe warnings, but I couldn't find any fault. The handsome young man's wishful thinking was loud in his heart. He was confident that the guy in front of him was not so easily beaten to death, and he would definitely He had a way to save his life.

But Gu Shaoyang didn't look back and seemed to turn a blind eye to the attack.

"Really not afraid of death!"

The handsome young man was so angry that he couldn't help but add a little more force to his hand. Just when the blow was about to hit Gu Shaoyang, Gu Shaoyang suddenly turned around.

A pair of cold and ruthless eyes shot directly into the handsome young man's eyes, and the handsome young man's heart suddenly turned violent. The ground trembled, and a great feeling of fear and excitement arose for no reason.

"How can it be? How could a mere Divine Lord Realm give me such a terrifying feeling as the Tianzun Realm?!"

The handsome young man looked shocked.

The next moment, he saw a scene that made him even more horrified.

"boom!"

Directly facing the blow he had just made, Tianzun's late-stage full blow, there was not even a trace of fluctuation on Gu Shaoyang's face.

He stretched out his hand and caught the light of that blow in his hand like a fly. Then use force...

"Click!"

Tianzun's later blow was crushed to pieces by Gu Shaoyang!

Looking at Gu Shaoyang's palm again, it was still fair and slender, with not even a trace left on it.

"What?!"

The handsome young man's face changed drastically when he saw it, with a look of disbelief on his face.

Gu Shaoyang stared at him coldly, the cold light in his eyes was like two fierce swords, which made the handsome young man's scalp numb.

"Out of love for my fellow disciples, I won't kill you, just leave the soul-storing bracelet and get out!"

What the handsome young man said to Gu Shaoyang before, now Gu Shaoyang returns everything!

The handsome young man turned around and ran away without hesitation.

Gu Shaoyang seemed to have expected this reaction and did not chase him. He just moved his "domain of chaos" "Let go quietly.

The expansion speed of the domain is more than a thousand times faster than the handsome young man's escape speed. In just a moment, the handsome young man's figure stopped moving. The whole person fell into the mire, like an insect solidified by rosin.

"I give! I give!"

The handsome young man used all his strength to shake off his soul storage bracelet and shouted heartbreakingly. His words were full of incredible horror and fear.

Gu Shaoyang didn't really kill them all, so he put away the handsome man. The young man's soul storage bracelet released Yu.

The latter was able to break free and immediately ran like a lifeless man, disappearing without a trace in a very short period of time.

Gu Shaoyang was too lazy to look at him again, and finally came to the ninth level of the heaven. In front of the spiritual grass, carefully pick it

"If I could have ten heaven-level spiritual grasses and fruits, plus the earth-level I obtained before, it should be enough for me to break through to the Heavenly Realm."

Gu Shaoyang thought secretly in his heart.

After putting away the spiritual grass, Gu Shaoyang continued to move forward.

"Um?!"

Gu Shaoyang's expression suddenly changed, and he paused slightly, but soon returned to normal and continued to move forward.

After a while, several figures appeared in Gu Shaoyang's field of vision.

These figures rushed towards him in a roar, and the clothes on each of them were Gu Shaoyang has never seen the decorations before.

They should be the disciples of the Pixin Sect that Shi Feichen mentioned before.

"There are still people in the Divine Lord Realm who dare to come in?!"

Seeing Gu Shaoyang, these Pixin Sect disciples seemed to have discovered some new species, and they all stared at Gu Shaoyang curiously.

"He is a disciple of Cangqing Sect!"

One of the Pixin Sect disciples at the peak of Tianzun snorted coldly:"The person who can enter the secret realm with the Divine Lord Realm must be extraordinary. Catch him. The competition

between the brothers in the Secret Realm Center and the True God Realm of the Cangqing Sect is fierce. This kid Maybe there will be a chance to come in handy and become a bargaining chip in our hands."

"Makes sense!"

Several Pixin Sect disciples' eyes lit up, and one of them immediately took action against Gu Shaoyang....

At the same time, three or five Cangqing Sect disciples happened to be coming in this direction.

Xiao Chuhan is among them, even because he was promoted from the lower realm and has great potential, he has always been deliberately befriended by the other people.

"Huh?!"

A Cangqing sect disciple in the late stage of Canglan Peak and Tianzun made a strange sound of surprise.

The others immediately asked:"What did Junior Brother Xu see with his clairvoyance?"

This Canglan Peak disciple has a special martial art called Tianyantong, which can detect physical objects in extremely distant places. After entering the secret realm, several people have been relying on his detection. Not only have they avoided many meaningless battles, but they have also gained something. Quite abundant...
