

Attributes 521

Chapter 521

The Canglan Peak disciple with clairvoyance laughed and said to several people with great interest: "See for yourselves."

As he said that, he fired a ray of light.

The light turned into a water curtain, and a scene of a young man wearing the clothes of a Cangqing Sect disciple surrounded by five or six Pixin Sect disciples appeared on the water curtain.

Everyone who saw it clearly laughed

"Haha, isn't this the related person?.."

"He is really lucky to meet so many disciples of the Pi Xin Sect."

"Do you think we should go and help him? After all, we are all members of Canglan Peak."

Someone waved their hands and said indifferently: "No need, it is impossible for a Tianzun-level disciple of the Pixin Sect to kill a Divine Lord-level disciple. At most, he should be taught a lesson...."

"Wouldn't this be a good idea? Let this kid suffer a little loss, increase his memory, and let him know that not everyone can enter the secret realm."

"This is exactly the truth."

Many Tianzun disciples at Canglan Peak were chatting and laughing, and they were full of gloating and watching Gu Shaoyang's "experience". The water curtain suddenly shattered

"Why don't you watch for a while? I want to see if this kid will cry and beg for mercy from the Pixin sect later. The disciple with clairvoyance replied with a smile: "What's the point of looking through the water curtain? Why don't we get closer and take a closer look. When this kid has

learned enough lessons, we will rescue him and scold and ridicule him." Wouldn't it be better if Ichiban?

The eyes of other disciples suddenly lit up, and they all agreed:"Big praise."

Suddenly someone said to one of them strangely:"Junior Brother Xiao, you seem to have something on your mind?""

Xiao Chuhan hasn't said a word from the beginning to now. His expression is very strange, full of complex colors, and he has an expression that he wants to speak.

Hearing the questions from others, Xiao Chuhan shook his head and said nothing.

The water curtain appeared. In an instant, he recognized that the person among them was Gu Shaoyang.

He knew how scary Gu Shaoyang was, but even if he told others, they might not believe it, and they might even laugh at him.

"Junior Brother Xiao is actually afraid of a person in the Divine Lord Realm. It's really...hehe.."

It's better to let them see with their own eyes how terrifying Gu Shaoyang is.

To be honest, although Xiao Chuhan's strength has increased to the late stage of Tianzun in the past six months, the fear and awe of Gu Shaoyang in his heart has only deepened.

Indeed, he came from the Middle Thousand Realms Realm and has accumulated a lot of experience.

But Gu Shaoyang was born in Xiaoqianyu Realm.

And with Gu Shaoyang's talent and understanding, God knows how much his combat effectiveness has soared in the past six months.

"Go quickly, don't miss the show!"

Canglanfeng and his party galloped towards the target....

"Boy, if you were obedient and surrendered, you would have suffered less...."

A Pixin Sect disciple slapped Gu Shaoyang with a ferocious smile, suppressing the late Tianzun's powerful power.

Gu Shaoyang's face was expressionless, seeming to turn a blind eye to the imminent terrifying pressure.

Seeing this, the disciples of the Pixin Sect sneered:"This kid looks like he was frightened."

"Haha, is it funny that Cangqing sent him in?"

The next moment...

"boom!"

Gu Shaoyang punched casually.

The fist pulled out a dark trace in the void. The rapid and terrifying punch pressure in the void was ten times or dozens of times that of a disciple of Tianzun Realm.

The pressure of the latter was broken like a piece of paper, and the punch was Jumping out like a dragon, the late Tianzun disciple of the Pixin Sect was directly knocked out by Gu Shaoyang without even having time to say a word.

The whole person was shot out like a cannonball and fell hard into the ground.

A large human-shaped figure appeared on the ground. The pit, I don't know how deep it is

"Well..."

The smiles of the Pixin Sect disciples suddenly froze on their faces, and their chatter and laughter stopped abruptly. They all opened their mouths with exaggerated expressions, as if they had eaten a fly.

"This this..."

Gu Shaoyang took a step forward, and this time he was overlooking everyone from a high position.

Cold words echo in the sky

"Hand over your soul storage bracelet and you will live."

The whole world fell into silence for a moment. All the Pixin Sect disciples stared at Gu Shaoyang blankly, unable to react.

What is this?

What happened?

How could a small Divine Lord Realm disciple do this? Forced like this?!

"Damn it!"

A Pixin Sect disciple reacted suddenly, stabbed Gu Shaoyang with a sword frantically in shock and anger, and shouted: "Boy, you are looking for death!"

"boom!"

"Click!"

The long sword shattered, a chest collapsed, and the figure with blood spurting from its mouth flew backwards. It fell heavily to the ground, and a large human-shaped pit appeared on the ground.

"Forget it, I'll get it myself."

Gu Shaoyang shook his head. The next moment, the Realm of Chaos was completely released.

All Pixin Sect disciples in the field suddenly felt that countless mountains were pressing on them, making them almost breathless.

Gu Shaoyang's figure was like a dragon.

Two stars. Half the strength of the physical body did not even fully explode, and he was afraid of directly beating these people to death.

Each of the Pixin Sect disciples was blown away by Gu Shaoyang's punches. The scene was spectacular and shocking.

The Pixin Sect disciples were going crazy..shock

, fear, disbelief...

All kinds of emotions filled their hearts, making them almost feel remorseful.

Divine Lord Realm! How can there be such a terrifying divine king realm!

This guy is a monster!

Originally they thought they met a little sheep, but they didn't expect that what was hidden under the sheep's skin was not a wolf, but an ancient ferocious beast!

To deal with opponents who were in the True God Realm and could not break free from his domain, Gu Shaoyang could use his fists more cleanly than his sword.

And the scene where he beat a famous Pixin Sect disciple flying around happened to be in the eyes of the Canglan Peak disciples who came over in great interest to watch Gu Shaoyang being humiliated and bullied.

"~Uh...."

The Canglan Peak disciples who arrived with the mentality of watching a good show were stunned.

Everyone opened their eyes wide, almost unable to believe that the scene they saw in front of them was real.

Each of the disciples of the Pixin Sect is at the middle to late stage of Tianzun, or even the peak level of Tianzun.

But under Gu Shaoyang's hands, she was like a baby, being kneaded by him wantonly.

If you want to make it round, make it round. If you want to make it flat, make it flat. There is no resistance at all.

"This is not true, is it..."

A Canglan Peak disciple swallowed hard and murmured.

Just in time, Gu Shaoyang blasted the last Pixin Sect disciple into the ground and glanced in this direction.

All the Canglan Peak disciples shivered and their bodies trembled subconsciously.

This look is so terrifying.

It seems that he can pinch himself to death at any time, which is not the power that the divine king realm can possess.

The Canglan Peak disciples all looked at each other with extremely embarrassed expressions.

Now it's true, it doesn't matter if I leave, it doesn't matter if I don't leave.

Xiao Chuhan was so shocked that he was in a trance.

Compared to the last time he fought against Gu Shaoyang, Gu Shaoyang was much stronger.

In just half a year, he was no longer qualified to fight Gu Shaoyang.

Suddenly, the words he once mocked to Gu Shaoyang rang out.

"Having fought against me may become the thing you are most proud of in your life...."

Fighting against people like Gu Shaoyang may become the thing that Xiao Chuhan is most proud of in his life.

Xiao Chuhan felt inexplicably ashamed and wanted to die..

Chapter 522

Gu Shaoyang did not kill the Pixin sect completely, but took away all their soul storage bracelets.

The disciples of the Pixin Sect who had been beaten up by Gu Shaoyang crawled out of the pit in embarrassment. When they were glanced at by Gu Shaoyang's cold and indifferent eyes, they were all immediately horrified and turned around and ran away.

"monster! Cangqing sent a monster!"

"This news must be known to the brothers in the True God Realm!"

Gu Shaoyang roughly counted the trophies he had snatched from the Pixin Sect disciples.

"Five heaven-level ninth-level spiritual fruits, two heaven-level eighth-level spiritual fruits, plus hundreds of thousands of top-level essence crystals and a large number of earth-level spiritual fruits... should be enough for me to advance to the Tianzun realm."

Gu Shaoyang looked around and decided in his heart: It's better to get promoted here.

Although Gu Shaoyang is very confident in his own strength, it is safer to have someone to protect him when he is promoted.

As for the person who protects him.....

Gu Shaoyang's eyes subconsciously fell on the Canglan Peak disciples and others who had not left not far away.

All the disciples at Canglan Peak suddenly trembled and did not even dare to look directly into Gu Shaoyang's eyes.

The impact and pressure Gu Shaoyang gave them was too great, like an ancient ferocious beast in human skin.

Gu Shaoyang can punch the Pixin Sect disciples one by one, so naturally 750 can also hit them with teeth everywhere.

"I want to reach the Tianzun realm, so I have to trouble all the senior brothers to protect me for a while."

Gu Shaoyang was condescending and said to all the Canglan Peak disciples calmly.

He was talking about trouble, but his words were full of undoubted power.

Many Canglan Peak disciples immediately raised their hands in salute and respectfully replied:"Junior brother, feel free to advance to the next level. , we will risk our lives to protect you."

Gu Shaoyang nodded slightly,"Thank you all."

After saying that, he stopped looking at them and took care of himself to take out all the resources prepared to attack the Tianzun realm.

All the Canglan Peak disciples looked at each other with wry smiles on their faces.

A group of Tianzun strong men were used by a Divine Lord realm. Such a tone was half an order and half a threat. No one believed it, but the fact was that they had no choice but to obey.

A few people smiled bitterly, regained their composure, and spread out to protect Gu Shaoyang.

Although it was a bit humiliating, it was an excellent opportunity to make good friends with Gu Shaoyang. A person like Gu Shaoyang is destined to shine in the Cangqing Sect and even the Daqian Realm in the future. If they can embrace Gu Shaoyang's lap, it will be of endless benefit to them.

Gu Shaoyang In front of him was a large (cgea) pile of heaven-level spiritual fruits and earth-level spiritual fruits.

He pointed out with an expressionless face.

The large pile of spiritual fruits were all smashed into pieces, and then he opened his mouth and took a deep breath. The extremely surging spiritual energy. The power of the medicine turned into a long river of rolling vitality, pouring into Gu Shaoyang's mouth like a giant white python. The eyes of many Canglan Peak disciples who were protecting Gu Shaoyang almost popped out of their eyes when they saw it.

"Damn it, is there such an operation?!"

"There are so many heaven-level and earth-level spiritual fruits. If they are refined into elixirs, their value will increase exponentially. It is impossible to absorb even three-tenths of the vitality in such a devouring process. It is really a waste of natural resources!"

"he...Isn't he afraid of being exploded by so much energy?!"

Many Canglan Peak disciples were stunned.

But for Gu Shaoyang, who has the ability to extract attributes, there is not much difference between swallowing it directly and refining it into elixirs.

As for the problem of body explosion...

Gu Shaoyang can still swallow the physical body that breaks the first level of the life gate, even if it is ten times the vitality.

Incomparably turbulent vitality poured into Gu Shaoyang's body, and the shackles of his cultivation, which was only half a step away from the Tianzun realm, immediately loosened.

The power of Tianzun Realm compared to Divine King Realm is that although Tianzun Realm cannot borrow the power of heaven and earth for its own use like True God Realm, it can treat the whole world as its own treasure house of energy.

The recovery speed of Yuanli is unparalleled. Even if all his Yuanli is consumed in an instant, it can be quickly replenished within a few breaths.

This means that the Yuan Power of a strong person in the Heavenly Realm is almost infinite.

It is almost impossible to kill a powerful person in the Heavenly Realm by relying on wheel fighting.

At the moment when his realm was loosened, Gu Shaoyang felt as if an invisible bridge of communication had been established between himself and heaven and earth.

One end of the bridge is himself, and the other end is the vast vitality of heaven and earth.

It's just that there is a door on the bridge, which only opens a small gap, so that the nearly endless vitality can only be slowly injected into Gu Shaoyang's body through this gap.

"not enough!"

Gu Shaoyang thought silently in his heart, and with a wave of his hand, densely packed large swaths of top-quality Yuan Crystals immediately appeared in front of his eyes.

There were hundreds of thousands of them.

"So many top quality crystals?!"

The many Canglan Peak disciples who were protecting Gu Shaoyang were shocked again, especially Xiao Chuhan.

He was dumbfounded.

He knew the most about Gu Shaoyang's origin in the Small Thousand Realm, but in just half a year, he had accumulated so much He was stunned to have such a huge fortune.

But when everyone thought of Gu Shaoyang's terrifying fighting power, they suddenly felt relieved.

"What does he want to do?"

"Could it be..."

A possible idea just popped up in everyone's mind, and the next second it became a reality

"Extract attributes!"

All the pure vitality from hundreds of thousands of top-grade Yuanjing was stripped out in an instant, turning into a long river of vitality that was several times more turbulent than before and pouring into Gu Shaoyang's mouth. The

Canglan Peak disciples were completely numb at the sight of the monster. It is a monster and cannot be measured by common sense.

They will not be too surprised if Gu Shaoyang does anything amazing next. The huge impact formed by the energy of hundreds of thousands of Yuanjing slams into the bridge of heaven and earth. on the gate

"boom!"

The door was blown open again.

The missing Yuan Power in Gu Shaoyang's body was immediately replenished.

At this time, large black clouds gathered, and terrifying pressure brewed in the thunder clouds.

Tianzun Thunder Tribulation!

Every time a great realm is broken There will be thunder tribulations falling. Gu Shaoyang is almost used to it, and there is no unexpected expression on his face. However, after coming to the Great Thousand Realms, the power of thunder tribulations has also increased a lot, and the aura coming from the thunder clouds can even reach Gu Shaoyang. All have a little bit of heart palpitations

"What a terrifying thunder disaster!"

Many disciples opened their eyes and shouted in a low voice.

"I have seen many brothers in the true god realm survive tribulations, but they are not even as powerful as one-tenth of the thunder tribulation of the Heavenly Lord!"

"How deep is Junior Brother Gu's background?"

Just when everyone was amazed, a white light suddenly burst out from the ground under everyone's feet.

The extremely rich vitality of heaven and earth gushes out from the white light.

In the white light is a fat and white ginseng doll wearing a bellyband, with three white spiritual clouds above its head. Emerging, faintly about to condense the fourth spiritual cloud

"This is...Thousands of years of jade ginseng!"

Everyone was shocked and exclaimed

"Unexpectedly, it was hiding underground from all of us!"

"Is it planning to use Junior Brother Gu's thunder tribulation to attack Tianzun to advance to the sixth level of the Heavenly Rank?!"

Chapter 523

The appearance of jade ginseng surprised even Gu Shaoyang.

This area of land has been completely searched by him before. It stands to reason that there is no way that the existence of seventh-grade heavenly materials and earthly treasures will not be discovered by Gu Shaoyang.

The only explanation is that this thousand-year-old jade ginseng just "ran" here secretly.

Yes, there are differences between "running" elixirs and elixirs.

Some elixirs, no matter how high the grade, are difficult to upgrade to spiritual wisdom; some elixirs can give birth to spiritual wisdom very early.

Jade Ginseng is the latter, and is the best among the latter.

Thousand-year-old jade ginseng can give birth to spiritual wisdom and self-cultivation. Ten-thousand-year-old jade ginseng can walk like flying and is no different from ordinary people.

This jade ginseng had already become a spirit if it could even think of sneaking over while Gu Shaoyang was going through the tribulation and "blaming" the thunder tribulation caused by his promotion to the sixth rank on Gu Shaoyang.

The Ten Thousand Years Jade Ginseng reaches the heavenly level, and it rises to the first level in ten thousand years. This Ten Thousand Years Jade Ginseng is called "820" and has survived for forty thousand years.

Due to the appearance of Ten Thousand Years Jade Ginseng, the thundercloud above Gu Shaoyang's head suddenly expanded by half, becoming even more terrifying.

"not good!"

The many Canglan Peak disciples who were protecting Gu Shaoyang changed their expressions and shouted in a low voice.

"Junior Brother Gu's Tianzun Thunder Tribulation was originally terrifying, but now coupled with the sixth-grade thunder tribulation of Ten Thousand Years Jade Ginseng, it became even more terrifying!"

"Junior Brother Gu is in danger!"

Even Gu Shaoyang's face became slightly solemn.

The thundercloud quickly brewed to the extreme, and then the dark thundercloud suddenly opened a large hole.

Countless thunderlights poured down like a heavy rain, completely submerging Gu Shaoyang. The chubby and cute Wannian Jade Ginseng There was a somewhat guilty, guilty and apologetic expression on his face. He was a little embarrassed and wanted to sneak away.

"We can't let this guy escape!"

"Stop it!"

"When Junior Brother Gu survives the catastrophe, it can be used to replenish Junior Brother Gu's vitality!"

The disciples of Canglan Peak took action one after another to intercept the Ten Thousand Years Jade Ginseng that was trying to escape.

At this moment, streaks of escaping light flew from all directions and rushed here quickly.

"not good!"

The expressions of all the disciples changed greatly.

The movement of Gu Shaoyang's tribulation was already very loud, and with the addition of Wannian Jade Ginseng's sixth-grade thunder tribulation, the momentum became even greater. People within ten thousand miles can almost see this place by raising their eyes. There were so many disciples exploring the secret realm, and there must be a lot of them who came here driven by curiosity.

Soon, a series of confused figures appeared in front of the disciples.

At a glance, these people saw that they were being chased and intercepted by all the Canglan Peak disciples. The thousands-year-old jade ginseng that was running around suddenly showed expressions of joy on their faces.

"Ten Thousand Years Jade Ginseng?!"

"Moreover, it is a fifth-grade one that is about to be promoted to Ten Thousand Years Jade Ginseng! I didn't expect to find such precious elixirs outside the secret realm!"

The figures arriving one after another were wearing the clothes of Cangqing sect disciples and the clothes of Pixin sect disciples.

Both sides were gearing up.

The faces of the Canglan Peak disciples changed dramatically, and some couldn't help but shout: "Everyone, don't do anything! A disciple of the Cangqing sect laughed and said,"

"They must be of Canglan's lineage. What you are saying seems a bit unkind. Only those who are virtuous and possess the treasures of heaven and earth will live there." This thousand-year-old jade ginseng is visible to everyone, so whoever grabs it will naturally get it... but..."

As he spoke, the man glanced to the side and said coldly: "But don't worry, the first thing is to get rid of some of the troublesome guys first."

The disciples of the Pixin Sect were furious and shouted: "Who do you think is in the way?! We, the Pixin Sect, are here. You can't even imagine getting this ten thousand year old jade ginseng, and..."

The Pixin Sect disciple looked up at the waterfall-like thunderstorm in the sky, and said with fiery eyes: "There are also treasures in the thunderstorm!"

Everyone on the field immediately looked at the bursting thunder and lightning in the sky, with excitement and anticipation on their faces. Comes with a curious look.

Since the Ten Thousand Years Jade Ginseng appears here, the treasures in Thunder Falls should be more precious than the Ten Thousand Years Jade Ginseng.

The disciples of the Pixin Sect were right. Compared with the treasures in the thunder waterfall, the Ten Thousand Years Jade Ginseng seemed to be secondary.

The Canglan Peak disciples couldn't laugh or cry, and someone explained: "Everyone, please don't misunderstand. This thunder cloud is not a treasure, but the Heavenly Thunder Tribulation of one of our Canglan Peak disciples." ..."

"hehe..."

Before the Canglan Peak disciples could finish speaking, they were interrupted by some people with sneers.

"I said that if you want to find an excuse to deceive us, you should also find a decent one. Which god-king realm breakthrough deity will have such a terrifying thunder disaster come to the world? Do you think you are the heir of the god emperor?!"

"that is! The smart ones should step aside now and let everyone compete according to their abilities later."

The Canglan Peak disciples looked at each other with helplessness.

To be honest, no one wanted to believe it.

But it was normal. If they hadn't seen it with their own eyes, they wouldn't have believed that this was someone's Heavenly Lord Thunder Tribulation.

It was too shocking.

Later disciples of the Cangqing Sect and the Pixiu Sect swarmed forward, grabbing the Wannian Jade Ginseng in the field with more than a dozen big hands. The white and fat Wannian Jade Ginseng screamed, and the fourth spiritual cloud above its head was completely formed. , suddenly broke free from the shackles of everyone, suddenly sank into the ground and disappeared.

"At this! Still want to run?! A strange light flashed in the eyes of a disciple of the Pixiu Sect, and he gave a fierce smile and slapped a certain place on the ground.

"boom!"

The soil was flying, and a beautiful fat baby wearing a red bellyband ran out of the ground screaming again.

The moment the Wannian Jade Ginseng appeared, dozens of big hands grabbed it.

Seeing that there was no way to escape the fat baby Avoid, with a deep look of despair in his eyes, suddenly at this moment...

"Boom!"

A series of thunder exploded on the ground.

Everyone was startled and looked up suddenly.

Just in time to see the dark thunderclouds dispersed, and the thunder and lightning all over the sky gathered in one place.

Like a long whale sucking water, it fell into a black hole. Among them.

The big mouth of a certain body.

In just a few breaths, all the terrifying thunder clouds and lightning were swallowed up by a slender, tall, domineering and boundless body.

Then this body suddenly stepped out and punched everyone in the direction. Call

"Click, click, click!"

This punch directly shattered a large area of void, carrying endless terrifying power, crushing everyone. Those who faced this punch, even late Tianzun, 1.5 peak, all changed their colors.

The terrifying power When it was passed to them, they all vomited blood and flew away like kites with broken strings, without exception.

"Are you able to touch my, Gu Shaoyang's things? court death!"

A slender and tall figure completely appeared in front of them.

His body was like a dragon, his eyes were like prisons, and countless tiny thunder and lightning lights were beating and flashing around him. The whole person was like an ancient god, unparalleled in dominance, looking down at the sky.

He was beaten away The expressions of the powerful Heavenly Masters were extremely horrified.

"It turns out...it's really just Tianzun's Thunder Tribulation!"

Everyone's eyes showed disbelief.

The faces of the Canglan Peak disciples showed joy and enthusiasm.

Unknowingly, Gu Shaoyang, who was ostracized and hated by them before, has now become their backbone. The existence of the world. The changes in the world are really wonderful.

"Leave the soul storage bracelet and get out!"

Gu Shaoyang said coldly to everyone

"You are a little Tianzun realm..."

A disciple of the Pixin Sect was unwilling to be convinced and shouted loudly.

But he hasn't finished speaking yet

"boom!"

The void in front of him suddenly shattered, and a white and powerful fist passed through the void and hit him hard on the face. His cheeks sunk directly from it, and his eyes exploded and squeezed out from all sides.

"boom!"

My whole body was shot out like a cannonball, and I fell to the ground. When I got up, my whole body was shaking like chaff, and I didn't dare to say a word.

"Does anyone else have an opinion?"

Gu Shaoyang glanced at everyone indifferently.

The Pixin Sect disciples honestly placed the soul storage bracelets in their hands on the ground in front of them, and then stepped back cautiously. After realizing that Gu Shaoyang's murderous intention was no longer locked on them, they immediately pulled out the bracelets. They ran wildly.

It was as if there was a savage beast chasing them behind them.

Gu Shaoyang was so terrifying. How could there be such a terrifying Tianzun realm? He was crazy. He was simply a monster!

These disciples of the Pixin Sect were filled with regret. If they had known it, they would not It's time to come over and join in the fun. You can't steal the chicken but lose the rice. Only those disciples of the Cangqing sect are left on the field.

A disciple of the Cangqing sect, against the huge pressure brought by Gu Shaoyang, bravely spoke. Said:"We are both disciples of the Cangqing sect, so there is no need to treat us like this...."

"boom!"

The man flew backwards before he finished speaking. His chest was severely sunk into a big hole, and it was almost penetrated. Blood spurted out wildly.

"Okay, then you don't have to. Gu

Shaoyang scanned the audience and said calmly to everyone:"Whoever can take a punch from me doesn't have to hand over the spirit storage bracelet.""

There was a deathly silence on the field.

The disciples of the Cangqing sect looked at each other with extremely ugly expressions.

The disciple who had spoken before was lying next to them.

His flesh and blood were blurred, and the wounds on his body were recovering bit by bit. The severe pain made him miserable. They couldn't stop screaming.

Everyone's heart couldn't help but tremble slightly.

The physical body of a strong person in the Tianzun realm is extremely powerful, and any serious physical injury can heal itself quickly.

But after Gu Shaoyang's punch, his whole body was about to be blown apart. , the injury can be recovered, but the pain cannot be eliminated.

This is how Gu Shaoyang crushes his opponent with his body.

Punch after punch, the opponent has no chance to recover, and can only be beaten to death by him.

Although it is only one punch, But it's enough to keep these guys who don't cultivate the body in a weak state for at least a few months.

The disciples of the Cangqing sect didn't dare to say more. They all left their soul storage bracelets and then stepped back respectfully. Waiting for them to fly out Gu Shaoyang's Qi machine was locked in the range, and everyone's face immediately changed, and their expressions became ugly and gloomy.

"What a disciple of Canglan Peak..."

"This revenge must be avenged sooner or later!"

"Wait, then."

Gu Shaoyang put away all the soul storage bracelets on the ground with a casual move.

There were seventeen in total, and any one of them was several grades better than Gu Shaoyang's original soul storage bracelet.

Gu Shaoyang randomly picked a high-grade one and put all of them together. Everything was put together, and all the wealth that had been squandered in order to reach the Tianzun realm was not only fully replenished, but also directly turned over.

"Congratulations to Junior Brother Gu for being promoted to Tianzun Realm..."

The Canglan Peak disciples respectfully came forward to congratulate Gu Shaoyang.

Gu Shaoyang's domineering and cruel methods and the disciples of the Cangqing sect were all severely bullied. Their eyelids jumped wildly and they secretly complained in their hearts, but they did not dare to do more..

"Please help me, brothers, to protect me."

Gu Shaoyang thanked him lightly.

All the Canglan Peak disciples showed embarrassed smiles on their faces, and said slightly unwillingly: "It's a pity that the Ten Thousand Years Jade Ginseng that made Junior Brother Gu Tianzun stronger during the Thunder Tribulation escaped... alas...."

"Ten Thousand Years Jade Ginseng?!"

Gu Shaoyang's expression changed, and then he remembered the culprit of this incident.

His eyebrows were raised slightly, and Gu Shaoyang sneered.

"escape? It can also escape."

After saying that, Gu Shaoyang's figure was pinned in the air and stopped moving.

The Canglan Peak disciples were confused, and after a while they realized that they could no longer feel Gu Shaoyang's aura. The figure of Gu Shaoyang in front of them gradually became illusory, and this Only then did they realize that it was just a phantom.

They didn't even know when Gu Shaoyang's twin sisters left.

There were expressions of horror and horror on each of their faces, followed by bitter smiles.

They were both in the Heavenly Realm, how could the gap be so big?.

Gu Shaoyang reappeared thousands of miles away, almost entering the middle of the secret realm.

His figure only stayed in place for a moment, then suddenly disappeared.

Then he reappeared in the next moment.

"I was almost fooled by a little thing like you... Humph..."

Gu Shaoyang sneered and grabbed it on the ground.

Two and a half stars of physical power gathered in one palm, and the void was directly crushed.

The terrifying power squeezed out caused the soil where Gu Shaoyang's palm landed to explode and turn over, as if there was an invisible giant dragon turning over.

"ah!"

Suddenly, there was a burst of frightened screams from the ground.

A white light suddenly flew out.

A white and fat ginseng doll wearing a red bellyband shot four spiritual clouds into the sky and ran away. It only escaped a few hundred meters. Being stopped motionless,

Gu Shaoyang's realm of chaos has long enveloped this area. All creatures whose strength is below him, life and death depend on his thoughts. The fat and white ginseng doll was dragged by Gu Shaoyang. Come in front of me.

The chubby little face of the ginseng doll is full of panic and fear. Looking at Gu Shaoyang's expression is like seeing a big devil. The four fat white arms like lotus roots are struggling and waving, which is a bit cute.

"I endured the thunder disaster for you, you owe me some karma..."

Gu Shaoyang looked at the ginseng doll with an indifferent expression, "Now is the time to repay my karma."

After saying that, Gu Shaoyang opened his mouth slightly and was about to eat the ginseng doll alive.

The ginseng doll was so frightened that she burst into tears, until her chubby little face was stained with tears.

He desperately saluted Gu Shaoyang with his hands together, and said vaguely: "Yes... I'm sorry! Yes... I'm sorry...."

"If I'm sorry, it's useful. What can I do with this sword in my hand?.."

Gu Shaoyang's heart was as solid as stone.

Wannian Yucan has a pure mind and has no idea how serious the consequences of grafting Thunder Tribulation will be.

That is to say, Gu Shaoyang regards the thunder tribulation as nothing and can easily survive it. If it were an ordinary person at the peak of the Divine Lord Realm, he would have perished in the thunder tribulation and died.

Moreover, even if Gu Shaoyang lets go of Wannian Jade 993 Ginseng.

This guy can't dodge it this time, nor can he dodge it next time. When it is promoted to the fifth level, the catastrophe will be even more ferocious, with both capital and profit, enough to bombard it into slag.

Although the Ten Thousand Years Jade Ginseng looks like a cute doll, in the final analysis it is just a plant.

Just like a monster or something, if you eat it, you will eat it. Gu Shaoyang has no mercy.

But just when Gu Shaoyang was about to swallow the Ten Thousand Years Jade Ginseng, his mind suddenly moved and he stopped what he was doing.

"Do you want to survive?"

Gu Shaoyang's eyes were bright and he stared at Wannian Yushen and said.

Wannian Yushen had been frightened by Gu Shaoyang for a long time. She immediately stopped crying and nodded hurriedly.

"good."

Gu Shaoyang nodded, then pointed towards Wannian Jade Ginseng's eyebrows with one finger.

"I give you a sword technique..."

"Within three days, if you can practice successfully, you can survive and join my sect, Gu Shaoyang, as my sword-wielding boy, and gain the inheritance of my supreme swordsmanship...."

"If not, then your karma still needs to be repaid with flesh and blood...."

"Life or death, great danger or great opportunity, it all depends on you....."

Wannian Yu Shen's young face suddenly shook, and she suddenly became extremely serious. She knelt down respectfully in the void, kowtowed to Gu Shaoyang, and babbling as if to express respect and gratitude.

Gu Shaoyang nodded slightly.

The main reason is that even if he eats the Wannian Jade Ginseng, it will not be of much use to him.

In addition, before being promoted to Tianzun, he had already encountered the problem of almost no one protecting him, so Gu Shaoyang had the idea of recruiting a sword-wielding boy.

Ten Thousand Years Jade Ginseng is naturally intelligent and intelligent, so it is a perfect choice.

Chapter 525

Three days later, a fat baby the size of a two-year-old baby stood in front of Gu Shaoyang, practicing his sword skills seriously.

What it holds in its hand is a jade-like thin sword that is over a foot long. Although it looks childish, it is powerful when wielded, and there is a sharp sword energy that stretches across the void.

After performing a set of sword techniques, Fat Baby flew in front of Gu Shaoyang and stood respectfully holding the disciple's ceremony.

The cute face is pretending to be serious, and it looks a bit naive.

"good.."

Gu Shaoyang's eyes showed satisfaction.

What he gave to the Wannian Jade Ginseng was a set of swordsmanship that was at the middle level of the heaven level in the Zhongtian Domain. Unexpectedly, in just three days, the Wannian Jade Ginseng not only practiced it to great perfection, but also developed a trace of sword intent.

Gu Shaoyang was a little surprised by his good aptitude in swordsmanship.

"It seems that you and I are indeed destined..."

Wannian Jade Ginseng was recognized by Gu Shaoyang, and she couldn't help being happy for a moment, giggling, and becoming more respectful to Gu Shaoyang.

Now Wannian Yucan not only had no intention of escaping, but was also determined to follow Gu Shaoyang.

Ten Thousand Years Jade Ginseng develops spiritual wisdom early and is born with a certain ability to understand people's hearts.

The warriors it has always seen are full of greed and fiery possession of it.

Only Gu Shaoyang was different.

Gu Shaoyang's heart was too lofty and indifferent, just like heaven and earth.

It makes no difference whether it is a piece of grass or a stone on the ground. You may or may not kill it.

I wanted to swallow it before, but I really wanted to eat it, not for its vitality and medicinal power, but for its karma.

But now, Gu Shaoyang no longer wants to eat it.

The share of karma it owed to Gu Shaoyang was repaid in a different way.

The most important thing is that Wannian Yucan saw the hope of enlightenment in Gu Shaoyang.

It is made from grass and trees. It can escape being hunted by warriors, and can escape the fate of being refined in the alchemy furnace. One day it will not be able to escape the catastrophes of heaven and earth, and sooner or later it will die under the catastrophe of heaven.

No matter how you advance up the ranks, it is still a piece of fish meat under the knife of heaven and earth, the knife of human calamity.

Gu Shaoyang could teach it to become stronger, teach it how to practice swordsmanship, and teach it how to transform its abundant medicinal energy into combat power.

The means Gu Shaoyang gave it to fight against people and heaven and earth are incomparable to anything else.

Therefore, Wannian Yucan is sincerely willing to worship Gu Shaoyang and be the sword-wielding boy.

Gu Shaoyang pointed out casually and placed it between Wannian Yucan's eyebrows.

This finger contains countless sword moves and sword techniques

"This is a thousand heaven-level sword techniques. Once you have mastered them all, I will help you advance to the fifth level."

Gu Shaoyang said lightly.

The ten thousand year jade ginseng of the sixth grade of heaven is only equivalent to the cultivation level of the middle stage of Tianzun, and the combat power is far worse than that of ordinary Tianzun. Some of these thousand heaven level swordsmanship come from the inheritance of Brahma Holy Land , and the other part was created by Gu Shaoyang himself.

With Gu Shaoyang's current level of cultivation and swordsmanship, creating a heaven-level swordsmanship is as easy as eating and drinking. If the inheritance such as the Nine Sword Diagrams he left in the Southern Territory were Calculated in detail, it is even above the heaven level. Gu Shaoyang possesses too many powerful swordsmanship.

Wannian Jade Ginseng was taught by Gu Shaoyang and couldn't help being happy. He quickly understood it carefully, with a charming little face. It looks very cute when thinking hard.

The Wannian Jade Ginseng is holding a jade thin sword in its hand, and it can't stop gesticulating. There are three jade whiskers on its head that are very similar to the jade sword.

These are the whiskers of the Wannian Jade Ginseng. It's only one long.

The material is extremely tough, comparable to a top-grade magic weapon.

It is the most suitable material, and can be refined into a handy weapon. When combined with one's heart, the same sword moves are several times more powerful.

"My cultivation level has been promoted to Tianzun, now it's time to improve my physical body...."

Gu Shaoyang took out the things he had collected from many Tianzun disciples and picked them

"Hanxing Crushed Jade Fruit, Red Ginger Grass..."

Gu Shaoyang picked out all the natural and earthly treasures that were beneficial to the body, and then Gu Shaoyang swallowed them all.

"boom!"

Gu Shaoyang's body immediately erupted with a muffled sound, and he could clearly feel that his bones, energy, blood, etc. were slowly increasing.

His physical strength also increased slightly, about one-tenth of the power of the exploding star.

"Still not enough."

Gu Shaoyang looked in the direction of the center of the secret realm, his eyes flashing

"Dragon tendon is just one of the more common heaven-level body-refining medicines. There are many better ones in the secret center. I need to go to the secret center...."

Gu Shaoyang looked at the ten thousand year jade ginseng in front of him, and the realm of chaos suddenly let go.

Wannian Jade Ginseng obediently entered his realm of chaos and turned into a thin sheet of vitality that clung to him.

Gu Shaoyang's Chaos Domain is a world of its own, and it can accommodate dead objects that are easily lost in the chaos or crushed and swallowed by the chaos, but powerful living creatures can still be accommodated temporarily.

After doing all this, Gu Shaoyang took a step forward, and his whole person suddenly disappeared into the void.

The vitality of heaven and earth in the center of the secret realm is ten times stronger than that in the periphery.

The disciples of the two sects have done the least to explore and develop the Secret Realm Center, so there are still many precious medicinal materials hidden in the Secret Realm Center.

A two-foot-long spiritual grass with a purple-red body and twisted knots that looks like a flying dragon grows quietly in the middle of a steep mountain rock.

"call!"

A ray of light roared over, revealing the figure of a young man wearing the clothes of a Cangqing sect disciple.

The young man's features were flat and his appearance was ordinary, but his body exuded the powerful strength of the middle stage of the True God.

Seeing this spiritual grass, the young man's face revealed Happy, laughing

"Millennium dragon tendon, not bad, not bad..."

Although the foundation of a warrior is the cultivation of vitality, the physical body is also extremely important.

No matter how two warriors at the same level of cultivation fight, the physically stronger one will have the advantage.

This ordinary-looking young man was about to step forward to pick the dragon tendon.

Suddenly, at this moment, ripples appeared in the void in front of him, which was closer to the dragon tendon, and a slender and tall figure walked out slowly.

"Anyone else?!"

The young man was taken aback and immediately assumed a posture as if he was facing a formidable enemy. But when he saw clearly the strength of the person coming, he immediately relaxed again.

"Tianzun realm?! hehe..."

The young man shook his head, frowned and said coldly to the figure: "You are so small in the Tianzun realm, why did you come to the center of the secret realm?"

This is not a place for you to stay, hurry up and leave!"

Perhaps it was because he saw this person. The clothes Tianzunjing wore belonged to the Cangqing sect like himself. Although the young man's tone was cold, there was not much malice.

After hearing this, Gu Shaoyang said to him seriously: "Senior brother, can I discuss something with you?" The young man frowned slightly, with a puzzled look on his face, and said calmly: "What's the matter?"

Gu Shaoyang turned around to look. In a certain direction, punch lightly and skillfully

"boom!"

A crack as dark as ink spread in the void, extending like a dragon to a hill dozens of miles away.

The hill exploded instantly and was flattened by the invisible and terrifying force.

When the smoke and dust dissipated (Zhao Zhaohao) Go, there is only an unfathomable big pit left on the hill.

"Well..."

The young man's eyes were straight and his expression was a bit dazed.

If this punch had hit him, I'm afraid even he who was in the middle stage of True God would be beaten to the point of vomiting blood and flying back.

This guy...

"Gulu!"

The young man stared at Gu Shaoyang and swallowed hard.

What kind of monster is this guy?!

"Let's discuss it with my senior brother. Can you give me this dragon tendon?"

Gu Shaoyang was polite and said to the young man impeccably.

The young man's ordinary face was slightly pale, and there were a few drops of sweat on his forehead. He chuckled and said, "Since you need it more, I'll let you go...."

After saying that, the young man turned around and ran away without looking back, as if his butt would be burned if he stayed a little longer....

Gu Shaoyang looked at the young man's leaving figure with a faint smile on his face.

This is right.

He has always been a person who likes to reason with people rather than using swords and fists..

Chapter 526

"Whether it is my cultivation of law, mysteries, mystical energy, or my physical strength, I can now suppress the mid-stage True God Realm, and the late True God Realm is still a little bit more difficult...."

The biggest benefit that breaking through to the Tianzun realm brought to Gu Shaoyang was the control of Yuanli, which directly doubled his attacks of every law and mystery.

It used to be that I could barely suppress the early stage of True God, but now I can defeat the middle stage of True God.

"The main reason is that the progress in body refining is too fast. In comparison, my practice in Yuanli martial arts has only reached the Tianzun realm, which is a bit slow..."

Gu Shaoyang shook his head.

He has never deliberately practiced the physical way, but the physical way has been advancing by leaps and bounds. He can jump up several big steps without any hindrance at all.

He casually swallowed the thousand-year-old dragon tendon in front of him.

The medicinal properties are perfectly extracted.

Gu Shaoyang suddenly felt as if there was a dragon of blood stirring and rolling inside his body, and his physical strength increased steadily.

"Another tenth of the power of the exploding star!"

Gu Shaoyang stretched his arms and felt the pure strength emerging from his limbs and bones. It seemed that a force was being bred in his body.

He had a strong premonition that this force would open his second life gate. It is to break out of the shell.

And the emergence of this power will also be the key for the body-refining warrior to be completely qualified to compete with the Yuanli warrior.

167 Gu Shaoyang is looking forward to it.

There are only three steps away from the power of three stars.

No Knowing whether the second level of Ming Gate can make him match the late stage of True God, or even the peak of True God,

Gu Shaoyang suddenly changed his expression and released the Ten Thousand Years Jade Ginseng from the Realm of Chaos.

"babbling..."

"There...have...this.."

The Wannian Jade Ginseng was making noises and gesticulating at Gu Shaoyang.

Gu Shaoyang's eyes lit up and he said:"You mean, you know the location of many heavenly materials and earthly treasures similar to dragon tendons?"

"Uh-huh!"

Wannian Jade Ginseng nodded desperately, as if he really wanted to please Gu Shaoyang.

Gu Shaoyang had some understanding.

Wannian Jade Ginseng is also an elixir, and it can move around. After tens of thousands of years in the secret realm, any elixir has been used in any position. It was investigated clearly

"You can also walk in the dirt, so you are naturally gifted at finding medicines and treasures! Only then did Gu

Shaoyang realize the true value of Wannian Jade Ginseng.

After thinking about it, he said to Wannian Jade Ginseng:"You have entered my sect and you don't have a real name yet. I will give you one today and call it Fu Baoke." good?"

Wannian Jade Ginseng immediately knelt down to Gu Shaoyang in the void and kowtowed respectfully.

"Thanks...Master..."

Gu Shaoyang nodded with satisfaction and said,"The next step is up to you."

The Ten Thousand Years Jade Ginseng jumped up and then jumped into the ground like diving. The breath of the Ten Thousand Years Jade Ginseng continued to swim in the soil.

Gu Shaoyang looked indifferent and followed Wannian Jade Ginseng's footsteps.

Wannian Jade Ginseng Fubao quickly gave Mr. Gu two dragon tendons.

One is five thousand years old, and one is eight thousand years old.

Gu Shaoyang swallowed them all, and his physical strength increased. He was only 10% away from the power of three stars. As long as he had another dragon tendon or a magical elixir similar to the dragon tendon, he could hit the second level of the life gate.

In addition, Fubao also gave Gu Gu the seven-grade elixirs of three plants, two of the sixth-grade elixirs, and one of the fifth-grade elixirs.

There are countless earth-level elixirs.

In just a few days, Gu Shaoyang's harvest exceeded what he had gained before.

The name Fubao is really not chosen for nothing.

"There are so many elixirs, I can try to hit the middle stage of Tianzun."

Gu Shaoyang was a little moved, but he still suppressed the idea.

Now the place he is in is the center of the secret realm, and there is no one to guard it.

If there is a vision manifesting in the middle stage of being promoted to Tianzun, it will attract a large number of powerful people in the true god realm. It will be difficult to handle

"And a big guy?!"

Wannian Jade Ginseng suddenly whispered to Gu Shaoyang for a while, and Gu Shaoyang's heart moved.

"take me!"

Wannian Jade Ginseng plunged into the ground again.

Gu Shaoyang quickly followed.

After flying for about half a day and collecting some elixirs on the way, Gu Shaoyang finally saw eight spiritual clouds floating in the sky in front of him. (cgef)

2 Taste the elixir!

Gu Shaoyang instantly zoomed in and saw a small green tree growing on a mountain top from a distance, with a golden fruit hanging from the top of the tree.

"Golden Peng fruit!"

Gu Shaoyang's heart trembled again, and a burst of intense light burst out from his eyes.

Golden Peng Fruit is a heavenly spiritual fruit that can enhance the strength of the physical body, just like Jiaolong Jin, and it is more precious and powerful than Jiaolong Jin.

This one is still in front of him. The second-grade Jinpeng fruit has probably been growing for tens of thousands of years.

"I want to order this Jinpeng fruit!"

Gu Shaoyang rushed forward. Just when he was about to enter within ten miles of Jinpengguo, he suddenly stopped as if he had hit an invisible transparent wall.

"The power of restraint! Gu Shaoyang frowned fiercely,"

It turns out to be an owner!""

Soon Gu Shaoyang shook his head again

"There is nothing in the secret realm that has an owner. It is a treasure of heaven, materials and earth, and a virtuous person can live there."

Gu Shaoyang punched hard, causing the void in front of him to shake endlessly. Light blue ripples appeared in the air, forming a thick film of light.

"At least it is the prohibition imposed by the True God in the later period!"

Gu Shaoyang's expression remained unchanged, and he never stopped pumping his fists for a moment.

It doesn't matter in the later stages of True God, it just takes more time.

"Boom..Boom..Boom..."

Punch after punch.

The light blue restraint trembled endlessly, and Gu Shaoyang's terrifying punch force was transmitted to the ground, even the earth shook.

At the same time, somewhere in the secret realm.

A strange man with a haggard face and a skeletal figure, who would have looked like a walking skeleton if it weren't for his extremely bright eyes, suddenly raised his head.

"Someone is trying to break through my restriction outside the golden roc fruit?!"

Several murderous intentions burst out from the weirdo's eyes, and he said coldly:"Seeking death!"

After saying that, the weirdo's thin figure suddenly disappeared, and when he reappeared, he was already nearly a thousand miles away. He was so fast that it didn't even take a tenth of the blink of an eye, giving people the feeling of being so far away.

"It seems like someone is coming!"

Gu Shaoyang's expression changed, and his face became gloomy.

He could feel that several breaths were quickly approaching in his direction.

"boom!"

Gu Shaoyang punched out again, and the light blue forbidden light curtain trembled violently. The light flickered on and off, and was extremely dim, giving people a feeling that it would break at any time.

"There are only ten punches left. Within ten punches, I will be able to break this restriction!"

Gu Shaoyang thought bitterly.

The noise caused by his bombardment of the restriction was a bit loud, so it was not surprising that it attracted others, but it happened so quickly, but Gu Shaoyang didn't expect it.

"call..."

Gu Shaoyang breathed a long sigh of relief, simply stopped bombarding the restrictions, restrained his breath, turned around and looked behind him.

As soon as he turned around, three different figures appeared in three directions in his field of vision.

Everyone's face showed surprise and ecstasy

"Second-grade spiritual fruit?!"

Chapter 527

These three figures are all disciples of the Cangqing Sect.

Gu Shaoyang asked Fu Bao to continue hiding underground, pretending to be just arrived and remaining calm.

"Why did the Tianzun Realm disciple come to the center of the secret realm?"

Seeing Gu Shaoyang, several disciples of the Cangqing Sect in the middle stage of True God couldn't help but frown in confusion, but their attention was quickly focused on the second-grade Golden Peng Fruit in front of them and no longer paid attention to Gu Shaoyang.

"Are there any restrictions?!"

The three people also quickly discovered the existence of the restriction.

However, most of the energy of the restriction had been consumed by Gu Shaoyang before, and the remaining thin film of light quickly became shaky under the combined efforts of the three people.
stand up

"Work harder and it will break soon!"

The three Cangqing sect disciples looked happy.

At this moment, another escaping light appeared with a roar.

"It's the second-grade Golden Peng Fruit, and the people from the Cangqing Sect got there first!"

This time, four powerful people from the True God Realm of the Pixiu Sect came.

"No, hurry up!"

The disciples of the Cangqing Sect quickly increased the intensity of the attack in their hands, and the light blue restraint whined and finally shattered.

"opened?!"

Everyone on the field was shocked. In the next moment, they turned into streams of light and shot wildly in the direction of the Jinpeng fruit.

Gu Shaoyang's body trembled for a moment, and then calmed down again.

The blessing treasure hidden under the Jinpeng fruit tree was in his hands. He was about to surface under the command, and he would definitely be the first to pick off the Golden Peng Fruit.

But at this moment, a cold snort suddenly sounded in the sky

"snort!"

When this voice sounded, all the surging figures on the field suddenly stopped, changing from extremely fast to extremely slow, as if they were suddenly stuck in a quagmire of difficulty.

Who is this?!

Gu Shaoyang's heart froze, and Fubao's movements also stopped.

He looked up and saw a thin, tall figure appearing above everyone's heads.

It was a haggard and indifferent young man with a sallow complexion. There was no flesh on his body, only a layer of skin wrapping the bones. But it gave people an extremely powerful feeling.

The young man was wearing the clothes of a Pixin sect disciple, standing quietly in the void, looking at everyone in the audience indifferently.

He exuded an invisible and inexplicable force field, covering the whole place, it was this force field that made it difficult for everyone to move.

Gu Shaoyang was also in the force field. He felt as if his body suddenly became hundreds or thousands of times heavier. He could only fight by desperately mobilizing his energy. This kind of force field. The power of the Ming Gate!

Gu Shaoyang's eyes burst out with a strong light.

This is the power of the Ming Gate.

I just don't know which Ming Gate is opened to get the magical power, but one thing is certain.

In front of me This strange young man with a haggard appearance definitely has more than two life gates opened!

His physical strength is even more terrifying than that of Gu Shaoyang!

"call..."

Gu Shaoyang took a long breath, feeling slightly shocked in his heart.

This was the first time he met a strong person on the body refining path in the Great Thousand Realms. In addition to being shocked, he also felt faintly excited and fascinated.

As long as he can continue to open the gate of life, sooner or later he will have such magical powers, or magical powers more powerful than this force field.

The realm of chaos quietly let go, and the force field on Gu Shaoyang disappeared immediately.

Gu Shaoyang's eyes relaxed, but he still pretended to be in trouble

"Bei Mingjue! It's Bei of the Pixin Sect!"

The True God Realm disciples in the field have shouted out the identity of the strange young man in horror. The strange young man seems to have a great reputation. He is a disciple of the Cangqing Sect. Even the disciples of the Pixin Sect also had similar expressions when they saw the young man appear. He was as frightened as a ghost.

A mysterious, strange and ugly smile appeared on the young man's skinny cheek, and he said in a low voice: "You know my name, Bei Mingjue, and you dare to touch the ban I placed?!"

Everyone in the venue looked ugly for a while.

"Unexpectedly, the ban on Jin Pengguo was actually imposed by Bei Mingjue."

"Bei Mingjue has forbidden body and double skills. Logically speaking, there is no reason why we can break the restriction he placed so easily."

"What are you still thinking about now? Let's think about how to withstand Bei Mingjue's anger!"

The seven disciples of the Cangqing Sect and the Pixiu Sect looked at each other, and then desperately urged their Yuanli to escape in different directions.

However, they were still in the force field, and their speed was as slow as a turtle crawling, which made people unbearable to watch.

"Haha..ridiculous..."

Bei Mingjue sneered and disappeared suddenly.

Reappearing next to a disciple who is already in the middle stage of the True God of Cangqing Sect.

When this Cangqing disciple saw Bei Mingjue appearing in front of him, his expression suddenly changed, and he subconsciously activated his Yuanli to resist.

Bei Mingjue just punched randomly

"boom!"

There was a dull loud noise.

I saw this Cangqing sect disciple flying backwards like a cannonball. His right chest had been completely shattered, and blood mixed with internal organs fragments spurted out from his mouth.

Although it would not kill him. , but it was also seriously injured.

Everyone on the scene became even more frightened.

Bei Minjue's figure kept disappearing and reappearing, like a ghost.

In the middle stage of the True God Realm, he was almost like a baby, with no resistance at all.

Moreover, not only A disciple of the Cangqing sect, even a disciple of the Pixin sect, Bei Minjue, is still ruthless and heavy-handed.

Gu Shaoyang's eyes flashed, and he moved closer to Jin Pengguo without leaving any trace.

He was waiting for a suitable person. Opportunity to make a move.

Bei Mingjue is too strong. Even at the peak of the True God Realm, he is still an absolute powerhouse. He is no opponent, so he only has one chance.

"coming!"

Gu Shaoyang's eyes suddenly froze when he saw Bei Minjue's figure appearing next to a disciple of the Pixin Sect who was farthest away from him and Jin Pengguo.

"It's now!"

The Realm of Chaos suddenly opened up the restraints of the force field, and Gu Shaoyang ran out like an arrow.

This force field was so weird that even if he mastered the secrets of the laws of space, he could not tear apart the void.

Gu Shaoyang escaped completely with the power of his physical body.

This time it was like throwing a stone in a calm pond, causing a huge commotion.

"Um?!"

Bei Mingjue turned around suddenly and saw Gu Shaoyang's running figure, although the direction was not towards Jin Pengguo, but running away.

0.....0

Bei Mingjue's face still showed a hint of weirdness, and he sneered.

"The Tianzun realm can actually break away from my heavenly magic field? interesting..."

Bei Mingjue's figure suddenly disappeared, and he immediately abandoned his original target and chased after Gu Shaoyang.

In Bei Mingjue's force field, his speed has no impact.

In a few flashes, Bei Mingjue appeared behind Gu Shaoyang.

Gu Shaoyang seemed to have eyes on his back. The moment Bei Mingjue appeared, he turned around suddenly, with an expressionless face, and punched him hard.

Close to the power of three stars and explode!

"boom!"

The terrifying physical power tore through the force field and tore into the void, making a sound like tearing silk.

Bei Mingjue's eyes also showed traces of movement.

"Body refining warrior?!"

"snort!"

He also punched forward.

The two fists collided!

For a moment, the heaven and earth were silent, and then a deafening explosion broke out.

"puff!"

Gu Shaoyang vomited blood and flew back, and Bei Mingjue also groaned and took a few steps back.

"Extract attributes!"

"Root bone*328484

"Do it!"

Gu Shaoyang shouted in his heart. Although blood was still dripping from the corner of his mouth, there was a faint and confident smile on his face.

"Um?"

When Bei Mingyue saw Gu Shaoyang's sly smile, he had a bad premonition in his heart. He turned around suddenly and saw a chubby jade ginseng doll quickly climbing up the Jinpeng fruit tree and grabbing a handful of the golden fruit at the top of the tree. Pull it off, then jump into the dirt and disappear instantly.

"What?!"

For the first time, a look of emotion appeared on Bei Minjue's face...

Chapter 529

I saw two figures standing like dragons between the mountains, fighting together.

It was like two comets colliding, and like two ancient giant beasts fighting.

With a single move of his hand, he can break the sky and tear the earth apart.

The huge roar that Shi Feichen and Yan Lou heard before was made like this

"It's the warriors who practice the way of body training who are competing!"

Shi Feichen and Yan Lou's eyes moved.

"It's terrifying. They should all be powerful body refiners who have broken through the gate of life. Every move and every move has a star-shattering power!"

"So, where is Junior Brother Gu?"

The two of them were a little confused. They had already reached their destination, but there was still no sign of Gu Shaoyang, nor the crisis he mentioned.

"boom!"

At this time, the two body-refining warriors who were fighting fiercely exchanged blows and suddenly separated.

Shi Feichen and Yan Lou finally saw the appearance of the two people clearly.

One of them was haggard and broken, and the whole person looked like a It looks like a gloomy big gun with a handle made of Stygian iron, sharp, straight, and cold.

"Bei Mingjue!"

"It turned out to be him!"

Shi Feichen and Yan Lou recognized Bei Minjue's identity and couldn't help but whisper.

"The evil genius of the Pixin Sect, who possesses both physical and mental limitations, is worse than seeing him after having heard about him for a long time. His body is truly terrifying!"

"Who was the person who fought against him?!"

The two of them saw clearly Bei Mingjue's opponent.

He was wearing a blue robe....He is a disciple of Cangqing Sect.

Are there such powerful body-refining warriors among the Cangqing sect?!

The robe was stained with blood, but the figure inside was slender and straight, like a cold green pine, with a proud body.

The extremely handsome face is a little pale, but the eyes are so bright that people can't take their eyes away from him.

This man's appearance was very familiar to them.

If it wasn't Gu Shaoyang, who could it be?!

"Junior Brother Gu?!"

The pupils of the two people shrank for a while, and they shouted in surprise.

"The body-refining strongman who competed with Bei Mingjue's body was actually Junior Brother Gu?!"

"Junior Brother Gu's physical body is actually so powerful?!"

"He has been promoted to the Heavenly Realm!"

Wave after wave of shocks couldn't help but hit the hearts of Shi Feichen and Yan Lou, making them open their mouths and almost speechless.

"carefree..."

Gu Shaoyang's heart was full of fighting spirit, and there seemed to be burning flames in his eyes.

He relied on himself to open the door to the life fetus, and his recovery power was invincible. Even if Bei Mingjue was two stars stronger than him, he couldn't kill him.

He simply let go and had a good fight with Bei Mingjue.

"During this battle, I continued to extract Bei Mingjue's attribute bubbles, which was no less than eating seven or eight dragon tendons. My physical strength has soared to three and a half stars!"

"The second life gate can already be touched, and you can try to attack at any time!"

"Bei Mingjue's strength is the second level of Mingmen, and the two magical powers he has obtained should be the magic field of heaven that controls gravity and the near end of the world that represents speed. Both of these magical powers are extremely powerful, no less than my recovery magical power."

After the battle, Gu Shaoyang had a thorough understanding of Jue's body-refining strength, and he was very clear about the gap between himself and Bei Mingjue before.

Bei Mingjue looked at Gu Shaoyang. Although his face was expressionless, his heart was really aroused. It was so terrifying! The more he fought, the more terrible he felt about Gu Shaoyang.

At the beginning, his strength was clearly far different from his own, with two stars, but in less than half a day, it quickly shortened to one and a half stars.

If he was in battle. Forget about the breakthrough.

But Gu Shaoyang's power grew slowly bit by bit, and Bei Mingjue didn't see him eating any pills, spiritual fruits, or anything like that.

It just grew out of thin air.

Bei Mingjue was even afraid, If he continues to fight, will Gu Shaoyang's physical strength finally catch up with him? He is simply a monster.

The most important thing is that Gu Shaoyang's current cultivation level is only at the Tianzun realm!

The Tianzun realm is so terrifying. When he waits for the True God realm, the True God At the peak of the realm... wouldn't it be possible to crush him easily?!

Bei Mingjue had two thoughts and two choices in his mind.

Either, forcefully strangle Gu Shaoyang here to prevent him from having a chance to grow up.

Or, give up decisively.

Bei Minjue obviously preferred the first option.

There was a strong murderous intention in his eyes. He no longer punched Gu Shaoyang, but stretched out his hands like dead branches, and formed a mysterious and complicated seal in a short period of time.

For a moment, an indescribable sense of crisis suddenly arose in Gu Shaoyang's heart.

Many invisible threads seemed to appear between heaven and earth, weaving a big web that strangled all things.

Restriction!

The power of restriction!

Gu Shaoyang's eyes shook, and the Seven Stars Longyuan instantly Appearing in his hands, the whole person felt like facing a formidable enemy.

Shi Feichen and Yan Lou also woke up

"The forbidden body and double skills, forbidden word first, Bei Mingjue wants to use the power of forbidden!"

"No, go and help Junior Brother Gu!"

Shi Feichen raised his head and roared. The roar penetrated the clouds and cracked the rocks, causing the void to tremble.

The two of them quickly approached the battle.

"They are from the Cangqing sect!"

"Two true gods at their peak!"

"Damn it!"

Bei Mingjue noticed the cultivation levels of Shi Feichen and Yan Lou, a trace of cruelty flashed in his eyes, and the movements of his hands stopped.

"Good luck to you! Even if that Golden Peng Fruit is given to you, I hope that next time, you will not just be beaten passively, but can have a good fight with me!"

Bei Mingjue grinned at Gu Shaoyang, as ferocious as a lone wolf, then turned and left without looking back, disappearing without a trace in an instant.

Gu Shaoyang's mind was also slightly relaxed.

Shi Feichen Yan The two of them rushed to him, looked at Bei Mingjue's retreating back, their expressions were slightly relaxed, and then they smiled bitterly and said to Gu Shaoyang:"Junior brother Gu, how did you get into trouble with this murderous person?"

Gu Shaoyang thought for a while, and a golden fruit appeared in his hand.

"I took his stuff."

Gu Shaoyang replied calmly.

Shi Feichen and Shi Feichen stared at each other.

"Golden Peng fruit! Second grade! "

"No wonder he pursues you so hard!

Then the two of them looked at Gu Shaoyang with complicated faces and said,"I never expected that Junior Brother Gu's body-refining skills would be so strong that he could compete with Bei Mingjue.".."

Gu Shaoyang was too shocked by the two of them. They were still in shock and had not yet fully digested it.

Soon Shi Feichen changed the topic again and said sternly to Gu Shaoyang:"However, Junior Brother Gu, although you can compete with Bei Mingjue physically, you still must not provoke him
213.

Bei Mingjue is forbidden to use both body and body skills. The word comes first, his strength in the way of restraint is far more terrifying than the way of body refining!

If we hadn't arrived in time just now, you might have been in danger."

Gu Shaoyang thought of the restraint outside Jin Pengguo, which was indeed extraordinary, and said
Asked: "Bei Mingjue of the Pixin Sect is so powerful?"

Shi Feichen nodded and said: "Of course, after all, he was also an existence that was inscribed once on the Tiandao Monument, although he was squeezed out in a short time. , but the amazing talent is still far beyond ordinary people"

"Inscribed on the Heavenly Way Monument? once?"

Gu Shaoyang's eyes lit up, and he felt a little curious.

"What does it mean?"

"You come from the Lower Domain and don't know this matter. Let me explain it to you."

Shi Feichen said: "The Tiandao Stele is the number one divine object in the Great Thousand Domains. It exists forever. It is said that those who can grasp the existence of the Tiandao Stele can master the Heavenly Dao in the Great Thousand Domains. However, no one can do it, and no one can learn from it. There is something mysterious about the Heavenly Way Monument.

The greatest use of the Heavenly Dao Monument to the present world is to attract heroes from all over the world."

"All warriors in the Great Thousand Domains will be included in the Tiandao Monument and their names will appear on the Tiandao Monument if their comprehensive values such as talent, combat power, luck, and luck reach a certain level.

There are one hundred and eight people in each realm.

Only the 108 people with the strongest comprehensive strength in each realm are selected. Once a newcomer comes to the fore, the name of the replaced person will disappear immediately.

The lowest realm requirement is the true god realm..."

Chapter 530

"It can be said that as long as someone can be inscribed on the Heavenly Dao Monument, he is undoubtedly the top genius in the entire universe.

The Tiandao Monument is connected with the secrets of heaven and can accurately detect all your strength. There is no situation where you can keep a low profile or hide your strength without being discovered."

"Bei Mingjue had been inscribed on the Tiandao Monument once before, which caused quite a stir among the Cangqing Sect and the Pixin Sect. However, he only stayed there for seven days before he was replaced by someone else."

Shi Feichen sighed and said:"Although the Cangqing Sect and the Pixin Sect are good in strength, they are still at the bottom of the entire Great Thousand Domains, and their resource inheritance and other things cannot be compared with those big forces.

Even if you are lucky enough to get the Tiandao Monument, it will be easily surpassed by other geniuses.

Because there are too many people with similar strength to you.

But Bei Mingjue is proud enough. He is still the top genius in the true god realm.

Yan Lou also interjected:"Bei Mingjue was the Heavenly Dao Monument on the forbidden path at first. Later, after he was replaced by others, he also practiced physical training. But even so, he has never been there again."

One can imagine how fierce the competition for geniuses on the Tiandao Monument is.

It is said that Bei Minjue was a well-known handsome man among the two sects before he refined his body. Even if you compare him to Junior Brother Gu, you are still giving in in vain. As a result, after he refined his body, he made himself look like neither a human nor a ghost.."

Gu Shaoyang's mind was slightly shaken.

The existence of the Heavenly Dao Monument reminded him of hundreds of armies vying for the river, and all things competing against the frosty sky. The avenue is like a river, and all warriors are

fish swimming upstream in the river. Everyone is trying their best to move up, trying to reach the river. Look at the source.

As long as you relax a little in this process, you will be ruthlessly surpassed.

Gu Shaoyang thought for a while and couldn't help but ask: "In addition to Bei Mingjue, there are people in the Cangqing and Pixin factions who have been killed by Tiandao." Has it been inscribed on a monument?"

"have."

Shi Feichen replied in a deep voice: "Senior Brother Jiang Fengjiang, the only direct disciple of my Cangqing sect, his name is still engraved on the Tiandao Monument, ranking last among the Divine Lord Realm Monuments."

"Last place?!"

Gu Shaoyang was shocked.

He also guessed that if someone from the Cangqing sect could reach the Heavenly Monument, that person must be Jiang Feng.

But he did not expect that with Jiang Feng's strength, he could only be ranked at the bottom.

That is Said that there are one hundred and seven super geniuses in the same realm in front of him who can suppress him.

This is too terrifying.

You must know that Jiang Feng himself has sixty-four times the combat power of the peak god master.

The evil genius in the Great Thousand Domains , It's really like a crucian carp crossing a river.

"Senior Brother Jiang Feng is already amazing. He has been able to climb the Tiandao Monument step by step on his own, and has never been pushed down by anyone.

Geniuses are rising every moment in the Great Thousand Realm. How difficult it is to ensure that one's own strength is always among the top 108 in the same realm in the entire Great Thousand Realm."

When Shi Feichen and Yan Lou mentioned Jiang Feng, there was a hint of sincere pride and admiration on their faces.

Just like when the disciples of Hanhai Sect mentioned his reputation as Gu Shaoyang.

Jiang Feng is also the role model and idol of the young disciples of Cangqing Sect.

"Why is there such a big gap in strength when they are both at the peak of the God Lord Realm?"

Sixty-four times the combat power of the peak God Lord Realm is already incredible, but when you think about Jiang Feng, there are 107 more perverted beings on top of Jiang Feng.

Don't those people have a hundred times, a thousand times the combat power of the Peak God Lord Realm?!

Ordinary peak gods In their eyes, isn't the God Lord no different from an ant dust?

Shi Feichen explained:"Because the gap between the God Lord Realm and the God King Realm is too big. The peak of the God Lord Realm can only be called a strong one, but the God King Realm is already the overlord." A level existence can become a prince in the Great Thousand Domains."

Gu Shaoyang nodded.

He is still in the early stage of Tianzun. He is too far away from the realm mentioned by Shi Feichen and others. He still needs to continue to work hard.

"We are almost done exploring the secret realm this time. We are afraid that Bei Mingjue will come back for revenge, so we should leave early and return to Canglan Peak."

Shi Feichen suggested.

Gu Shaoyang nodded.

So the two gathered the disciples of Canglan Peak and returned to Cangqing Sect three days later. After this trip to the secret realm, the attitude of the disciples of Canglan Peak toward Gu Shaoyang There have also been earth-shaking changes.

His words and deeds were full of awe, almost the same attitude towards Shi Feichen, Yan Lou and others.

After letting the disciples disperse, Shi Feichen stopped Gu Shaoyang alone.

"There will be a competition for internal disciples in January. Junior Brother Gu can go and participate. With your current strength, there should be no problem in getting first place.

Gu Shaoyang thought for a while and replied:"I have been promoted to become a disciple of the elite inner sect.""

"What? Shi

Feichen was shocked and blurted out:"Junior Brother Gu has already passed the thirtieth level of the Demonic Martial Illusion Realm?""

Gu Shaoyang nodded.

Shi Feichen was so shocked that he didn't know what to say, and looked at Gu Shaoyang with complicated eyes.

Gu Shaoyang was promoted to the Tianzun realm in the secret realm, which means that he passed the thirtieth level of the Demonic Martial Illusion Realm. At that time, he was still at the level of the Divine Sovereign Realm.

The Divine Sovereign Realm has more than 500 peak Tianzun Realm combat capabilities.....

Shi Feichen realized that he still didn't know enough about Junior Brother Gu.

After being promoted to the elite in the Divine Sovereign Realm, one can face off against Bei Mingjue in the Tianzun Realm.

Gu Shaoyang's future is simply unlimited.

Maybe he will become the second Jiang Feng

"There has never been a person who was promoted to an elite disciple before reaching the True God Realm. Your situation is too special...."

Shi Feichen muttered:"Junior Brother Gu, you should go and take part. The reward for being the first disciple of the internal sect is to practice in the Spirit Tower for three days. This opportunity is rare, and it is also important for the elite internal disciples of the True God Realm. So precious"

"ziggurat..."

Gu Shaoyang remembered that when the talents were determined, Liang Qihua had laughed and said that he would let his disciples with double top-level talents go to the Spiritual Tower to cultivate and break into the true god realm.

I don't know what kind of existence this ziggurat is.

Perhaps seeing Gu Shaoyang's doubts, Shi Feichen explained:"The speed of time in the Ziggurat is not the same as the speed of time in the outside world. The past ten days and a hundred days in the Ziggurat are only equivalent to one day in the outside world.

And the psychic tower It is easier to understand the secrets of the law in the tower than in the outside world, and it is the holy land of cultivation that all disciples dream of."

Time flows...

Gu Shaoyang's eyes moved slightly.

The word time aroused his interest.

The power of time has been stagnant for a long time and there has been no progress. There may be something he wants in this ziggurat.

It seems that he really wants to participate in the internal disciple competition.

"Okay, Senior Brother Shi, I understand."

Gu Shaoyang nodded and thanked Shi Feichen.

Shi Feichen nodded, turned and left without saying anything.

Gu Shaoyang returned to his cave, took out the Golden Peng Fruit he obtained in the secret realm, and determined to attack the second level of the Gate of Life...
