

## Attributes 531

Chapter 531

The Jinpeng fruit is golden all over, and it feels like biting on a gold stone, it is extremely hard.

But with Gu Shaoyang's current cultivation level, even a magic weapon can be chewed into pieces, let alone a mere gold stone.

It turns into iron juice at the entrance and flows into the body along the throat.

Suddenly, a hot breath spread throughout Gu Shaoyang's body.

In an instant, a golden-winged roc seemed to appear in front of Gu Shaoyang's eyes. It made a chirping sound that penetrated the clouds and cracked the rocks.

"boom!"

The energy and blood in Gu Shaoyang's body skyrocketed like a volcano erupting.

His muscles and bones kept crackling, like setting off firecrackers.

His physical strength also skyrocketed.

Three and a half stars... four stars...

Four and a half stars...

It has been soaring to the power of five stars, and nine stars connected together once again appeared in front of Gu Shaoyang's eyes.

One of them has been lit up, shining brightly.

It is the life-birth star that breaks the door of life-birth and is released

"open!"

Gu Shaoyang shouted low, and the fourth of the nine stars suddenly lit up, and the light bloomed in the starry sky.

In an instant, a vast power of law appeared from the void and quickly penetrated into Gu Shaoyang's body.

"Branches of the Avenue of Power..."

Gu Shaoyang's eyes were as bright as stars, and he whispered:"The Law of Shock!"

393 He punched out fiercely.

Under this punch, everything in front of him shook, and an invisible ripple rushed out, smashing everything in sight into pieces.

Even the void was shattered and turned into chaos.

A clear light appeared in front of Gu Shaoyang's eyes, and he could see a bright and sunny sky.

The cave of retreat was also broken by him.

The force of this shock and impact has not ended yet and continues to rise.

"boom!"

There was only a loud noise, and the ground beneath me shook violently.

A "big hole" opened in the sky above Canglan Peak, and several figures flew out instantly. Shi Feichen, Yan Lou, and another person who was also at the peak of the True God Realm. The elite disciples all had expressions of shock and anger on their faces.

"Who dares to break the peak-protecting formation of Canglan Peak!"

"Huh?!"

Shi Feichen and others soon discovered that the power that broke the peak-protecting formation came from within. Looking in the direction from which the power came, they happened to see Gu Shaoyang slowly withdrawing his fist.

"Senior Brother Shi, Senior Brother Yan, I made a breakthrough in my practice and I couldn't control my strength for a while. I'm sorry."

The two of them, Shi Feichen and Yan Lou, understood. Immediately they looked at each other with wry smiles on their faces.

This Junior Brother Gu is really annoying.

But when he thought about it carefully, he felt a lot of worries in his heart..

The peak-protecting array of Canglan Peak is enough to withstand the attack of the God Lord.

Even if the defense from the inside out is more demanding, it is still beyond the reach of the general True God Realm.

Even those at the peak of the True God Realm like them cannot do it.

Gu Shaoyang It can actually break the guard with just one blow. This destructive power....

It's really scary.

Another disciple at the peak of the True God Realm also had a look of horror on his face. He looked in the direction of Gu Shaoyang's cave and said to Shi Feichen and Yan Lou: "Could this be the super genius that Senior Sister Lin Lan values so much?"

Shi Feichen and the two nodded silently.

The man sighed with a complicated face: "Sure enough, ... He is a dragon among men!"

The three of them cleaned up, repaired the magic circle, and left in a hurry.

Even Gu Shaoyang himself was shocked by the power of this punch.

The five-star physical power, coupled with the power of the law of shock, could actually produce such terrifying destructive power.

It is almost comparable to the realm of God Lord!

The power of crushing and crushing everything fully brings out the power of the physical body.

The most important thing is that after opening this so-called door of divine martial arts, just as Gu Shaoyang expected, the power of the body-refining warrior finally began to show.

With the power of his body alone, he has long-range attack methods that are not inferior to Yuanli.

With one punch, everything will be wiped out.

There have been several The ancient body-refining power can defeat all kinds of magic with one punch!

"If I were to compete with Bei Mingjue with my current strength, I'm afraid Bei Mingjue would be beaten to the point where he would have to use his magical powers to escape in a hurry..."

Gu Shaoyang thought secretly.

The order in which each body-refining warrior opens his life gate and the blessings he receives from heavenly powers are not necessarily the same.

For example, the two magical powers Bei Mingjue obtained are the Heavenly Magic Field and the End of the World.

Although it is considered powerful, they are all auxiliary magical powers, which are much inferior to the power of the law of shock.

"This punch is as powerful as the Great Destruction, so let's name it...the Fist of Annihilation."

Gu Shaoyang added another powerful trump card.

"The next step is to win the first place in the inner sect disciple competition and gain the qualification to enter the Spirit Tower."

Gu Shaoyang's eyes calmed down and he continued to practice quietly.

Three days later, the clouds and mist on the peak of the Cangqing sect opened up.

Countless rays of light escaped from the tower. People from all directions gathered together. Today is the day for the inner sect disciples of the Cangqing sect to compete in skills.

Gu Shaoyang is also among the many inner sect disciples.

The inner sect disciples of the Cangqing sect are basically in the Tianzun realm. Among the true gods.

Gu Shaoyang Tianzun's early cultivation level stood among the crowd, just like a drop of water in the sea, inconspicuous at all.

"Root bone\*2483"

"Root bone\*2393"

"Comprehension\*1992"

"Root bone\*3248" ....

Wherever Gu Shaoyang looked, there were attribute bubbles everywhere.

Although the attributes he needs to grow in all aspects are very large, the accumulation of sand into a tower, water into a sea, and countless attribute bubbles add up to a rare opportunity.

"Extract attributes!"

Gu Shaoyang deliberately shuttled among the crowd, extracting the attribute bubbles from each disciple.

After breaking through the second level of the life gate, the physical strength fixed on the five stars began to grow bit by bit.

The same is true for the understanding, which is covered in the profound meaning of the great law. The fog is dissipating little by little, making it easier for Gu Shaoyang to understand

"bang——"

A vast and majestic bell rang out from nowhere, and then dozens of figures appeared in the sky.

An indifferent voice sounded in the ears of all the internal disciples

"The internal disciple competition begins now!"

In an instant, countless streams of light flew out from the sky and flew in front of each disciple.

There was also a stream of light in front of Gu Shaoyang. He stretched out his hand to grab it. It turned out to be a small jade talisman.

The jade talisman said "A The words"534"

"It seems that as Brother Shi expected, no one has been promoted to an elite disciple in the Divine Lord Realm before, so now I can still participate in the internal disciple competition, which can be regarded as taking advantage of a loophole..."

Gu Shaoyang had no interest at all in the so-called internal disciple competition.

In his eyes, the battle between Tianzun realms is just like a warrior watching a mortal fight.

The main purpose of his visit this time was to get rewards from the Ziggurat, so it was just a formality.

Hundreds of competition platforms made entirely of vitality appeared in the void, and the disciples from the inner sect entered the competition platform one after another.

Guided by the jade talisman in his hand, Gu Shaoyang took a random step and appeared on his own fighting stage.

His opponent also came up, a late disciple of Tianzun.

As soon as this man saw Gu Shaoyang, a smile suddenly appeared on his face..

Chapter 532

"It turned out to be an early stage Tianzun, and I was pretty lucky."

This man was smiling and seemed very relaxed.

Then the next moment, a light flashed on the competition platform.

"boom!"

A figure smashed into the forbidden magic circle on the competition platform, shot out as fast as a cannonball, fell heavily into the clouds and disappeared.

Gu Shaoyang put his sword into its sheath, without even looking in that direction, his eyebrows lowered, It was as if nothing had been done.

Although there was a lot of movement in Gu Shaoyang's arena, there were so many battles going on at the same time that it did not cause much shock.

Only a few people noticed this and showed a little After being surprised, he quickly turned his gaze away.

There were many internal disciples of Cangqing Sect, and this competition lasted for several days~.

During these few days, Gu Shaoyang stood on his competition platform The last step has not been taken.

Of all the Cangqing sect disciples who were assigned to fight him, Gu Shaoyang only used one sword, and no one could block his sword. In each round, the winner or loser will compete with each other. Fusion, occupying a wider area.

Gradually, the number of preserved fighting platforms on the field is getting smaller and smaller.

From hundreds to dozens.

From tens to sixteen or eight...

In the end, only four competition platforms were left.

There is only one person on each fighting platform, and the area of the fighting platform reaches dozens of miles. It is like a floating island in the sky, which is extremely spectacular.

At this time, the people who were still on the competition stage had truly become the focus of all the disciples' attention, the top four within the inner sect!

The eyes of most of the disciples were focused on a slender, tall and handsome figure, and their faces were full of shock, horror, disbelief, disbelief, and many other expressions.

"Seven rounds, I watched him fight for seven rounds. Every time he encountered an opponent, he only used one sword and didn't even move his feet!"

"Is this still the combat power that Tianzun can have in the early stage? horrible!"

"Even the disciples from the Cangming Peak lineage who had reached the peak of the Tianzun realm in the previous round couldn't withstand his sword and were cut away directly!"

"I don't know if I can really fight with him in the early stage of True God Realm!"

"He should be no match for the True God Realm. There is still a certain gap between the Invincible Tianzun Realm and the True God Realm. But being able to reach the top four in the early stage of Tianzun is already quite remarkable!"

"Boom!"

The four competition platforms in the sky merged again, facing each other.

The person facing Gu Shaoyang was a tall and thin man in the early stage of True God.

Gu Shaoyang's expression did not change in any way because the opponent's cultivation level reached the True God realm. He remained indifferent. Like snow, as cold as the moon.

On the contrary, the tall and thin man in the early stage of True God looked at Gu Shaoyang with a slightly solemn look.

Everyone opened their eyes and stared at the two people on the stage, including the other competition stage. No one pays attention to the battle anymore

"Senior Brother Gao of Cangxing Peak is not a weakling. He has almost reached the peak of True God, and is only one step away from being promoted to the elite."

"This battle should be very interesting!"

While everyone was discussing, suddenly a black-purple sword light filled with a destructive aura suddenly exploded in their field of vision.

"boom!"

Standing opposite Gu Shaoyang, the Senior Brother Gao they were talking about was sent flying directly without the ability to resist. He was no different from the previous disciples who only had Tianzun realm cultivation.

One sword!

Still one sword.!

The many disciples of the Cangqing Sect who were watching looked horrified and could not utter a word.

After crossing so many levels and instantly killing their opponents, are they still human?!

"It's him! I remembered! it's him!"

Suddenly someone in the crowd pointed at Gu Shaoyang on the competition stage and screamed

"Previously, Senior Brother Yang Yan and Senior Brother Chu Zhongtian, among the elite disciples, entered the Demonic Martial Illusion Realm for a gambling fight. This person happened to be present at the time. Guess what happened to him?..."

"how? Say it quickly, you are going to scare us to death!"

The man slowly swallowed his saliva, and said slowly with a look of shock:"He passed directly through the 30th level of the Demonic Martial Illusion Realm, and finally stopped at the 34th level....

At that time, his cultivation was at the peak of a divine king!"

"What?!"

There was another burst of incredible exclamations on the field.

"Doesn't that mean he is already an elite disciple?!"

"Will he be promoted to the elite in the Divine Lord Realm?! Hiss..."

"I'm afraid he is the first person in the history of my Cangqing sect!"

There was a gasp of air on the field, and someone murmured:"Since you are an elite disciple, why are you here to participate in some internal disciple competition? Isn't this bullying us?..."

The faces of many Cangqing Sect disciples were complicated, although the truth was this. but...

After all, Gu Shaoyang is only in the early stage of the Tianzun realm. This level of cultivation is considered weak among the disciples of the inner sect.

Who would have known that his fighting power is so abnormal. It only takes one move to defeat the Heavenly God Realm. It's like a dream.

.....Asking for flowers.....

After a while, the two True God Realm disciples competing on the other side of the field also decided the winner.

The two competition platforms slowly merged together.

Next, it's Dabi's final battle.

If Gu Shaoyang has really been promoted to the elite and passed through the 30th level of the Demonic Martial Illusion Realm, then there will be no suspense in this battle.

It must also be a process that ends with one move, and Gu Shaoyang will definitely win the first place in this competition.

Even the strong man in the True God Realm who acted as Gu Shaoyang's opponent looked defeated, with a depressed and slumped posture, and he didn't show much fighting spirit at all.

But at this moment, a tall and clear figure suddenly appeared on the competition platform.

He is an elder of Cangqing Sect.....

The man announced in a deep voice:"Gu Shaoyang of Canglan Peak is actually a disciple of the elite inner sect and is not qualified to participate in this competition. There is no need to continue the final competition. Populus euphratica of Cangmo Peak wins directly."

"Wow..."

As soon as this news was announced, the entire audience was in an uproar.

This was too dramatic. Gu Shaoyang was directly disqualified from the competition.

However, this also completely confirmed the news that Gu Shaoyang had been promoted to the elite.

It was so amazing.

The Cangmo Peak euphratica who was originally going to fight Gu Shaoyang looked confused, then ecstatic.

He actually won directly. The surprise always comes so suddenly.

Gu Shaoyang frowned.

It's a pity that we have reached the last step and have been disqualified from the competition.

His purpose was to gain the reward of three days of studying the Ziggurat for being the first in the competition, but now he can only waste his time.

Just when Gu Shaoyang was getting ready to leave.

The elder who announced the news looked at him and threw a green jade plaque towards him.

"This is the tower entry token for the Ziggurat. It contains a seven-day time limit. It is regarded as a reward and compensation for you from the sect..."

"Um?!"

Gu Shaoyang was surprised and happy. He didn't expect that he would be qualified to enter the Spiritual Tower to practice. The goal has been achieved, and the so-called first place in the competition doesn't matter anymore.

Gu Shaoyang collected the jade tablet and asked the elder He thanked him and turned around to leave.

Countless disciples of the Cangqing sect stared blankly at his departing figure, their expressions in a daze.

Perhaps, they will never forget this competition in their lives...

Chapter 533

"Is this a ziggurat?"

Gu Shaoyang looked at a beam of light that penetrated the sky and the earth in front of him, and murmured in a low voice.

Without thinking too much, Gu Shaoyang walked quickly towards the beam of light.

When he walked to the pillar of light, according to Shi Feichen's instructions before coming, he sent the internal Take out the jade token obtained in the competition.

A ray of light falls from the light column, sucking in both Gu Shaoyang and the jade token in his hand.

Gu Shaoyang is lifted up by an invisible force and rises to the light column. At a certain height, the whole person was submerged in the beam of light.

After a short period of darkness, his eyes were filled with white.

This was a huge space with nothing and no edges visible.

Gu Shaoyang felt the small tree in his body that represented the power of time. I trembled slightly, and felt a different kind of throbbing in my heart.

"Time attribute\*93""Seven Nine Seven"

"Time attribute\*14"

"Time attribute\*66"

"Golden Rule Fragment Properties\*374"

"Law of Fire Fragment Properties\*233"

"Space law fragment attributes\*384..."

Gu Shaoyang saw countless attribute bubbles floating around him.

There are various attributes of law fragments, the most common is the time attribute bubble, the value is not very large

"The time flow rate between the outside world and here is exactly 1:10..."

Gu Shaoyang looked up and found that the higher up, the more time attribute bubbles there were and the larger the values.

He tried to fly up and enter an area where time attribute bubbles were denser, but when he flew to a certain height, he felt an invisible obstruction above his head preventing him from continuing upward.

I can only give up.

For Gu Shaoyang, who has the ability to extract attributes, this place is simply his paradise.

Of course, his first priority was to extract the rare and valuable time attribute bubbles, but Gu Shaoyang had only extracted dozens of them when he suddenly stopped what he was doing.

He felt that the flow of time around him slowed down a bit.

A little bit, insignificant.

Originally it was 1:10, but now it is 1:9.99. If Gu Shaoyang hadn't possessed the power of time and was extremely sensitive to the flow of time, he wouldn't have noticed it at all.

"If I continue to extract, the flow of time in this space should become slower and slower until it becomes exactly the same as the outside world...."

In that case, the seven days would have passed in a flash, and I would not have had time to absorb and comprehend the other secrets of the law."

Gu Shaoyang gave up the idea of extracting the time attribute bubble first, and instead began to extract the attributes of other law fragments that he needed.

"First, the law of five elements..."

Gu Shaoyang has fully understood the basic meaning of the Five Elements Law. What he wants to understand now is the second derived meaning of the Five Elements Law.

"Extraction, golden rule fragment attribute"

"Extract, the properties of the fragments of the Law of Wood!"

"Extraction, Earth Law Fragments..."

Gu Shaoyang's attainments in the secrets of the Five Elements Law are growing every moment.

Soon all five laws derived the second secret, and then the degree of understanding of the second derived secret also increased rapidly.

One percent, two percent, three percent....

For ordinary warriors, understanding the second secret is as difficult as climbing to the sky. For Gu Shaoyang, who can extract attribute bubbles of law fragments at will, it is as easy as eating and drinking.

Countless mysteries poured into his mind, like gifts from the great road.

Soon, Gu Shaoyang had understood more than 50% of the second secret of the Five Elements Law.

At this time, all the attribute bubbles belonging to the Five Elements Law in this space were gone.

It was all extracted and absorbed by Gu Shaoyang!

"Then comes destruction, killing, space..."

There are many and complex attribute bubbles of various laws in space, and the difference is the number.

Gu Shaoyang's attainments in various laws and mysteries are increasing rapidly.

In a short period of time, he had traveled a distance that ordinary warriors might not have been able to travel in thousands or even tens of thousands of years.

Unknowingly, Gu Shaoyang made a breakthrough!

The middle stage of Tianzun!

It's a pity that the vitality of heaven and earth is relatively thin in this space. Although Gu Shaoyang's realm is already at the late stage of Tianzun, if he wants to fully reach it, he still needs to go outside to complete his promotion.

"Then there is the power of life, death, and reincarnation."

There are even fewer attribute bubbles for the law of life and death and the law of reincarnation in this space.

Gu Shaoyang searched the entire space, but he could only reach the point where the basic secrets of these two laws were 10%.....

Finally, there is the power of time and the power of cause and effect.

Let's not talk about the power of time for the moment. The law of cause and effect is more mysterious and profound than time, and it is also more difficult to understand.

In this space, not only are they scarce in number, but they cannot be found at all.

Gu Shaoyang could only start extracting time attribute bubbles wholeheartedly.

The small tree belonging to the power of time in his body continued to thrive, and Gu Shaoyang's power of time also began to increase. five times... six times.... seven times...

When Gu Shaoyang absorbed all the time attribute bubbles in the entire space, his power of time also increased to increase his own attack by ten times, and weakened his opponent's attack by nearly 10%.

In other words, if someone attacks Gu Shaoyang, Gu Shaoyang can use the power of time to almost completely eliminate the attack.

Of course, there is an upper limit to this weakening. If the Divine Emperor attacks Gu Shaoyang, even if Gu Shaoyang's ability can eliminate the offensive power of the Divine Emperor.

But the little bit of power revealed between the latter's fingers was enough to crush Gu Shaoyang hundreds of times from start to finish.

Although the power of time is abnormal, it is not so powerful.

However, if he met Gu Shaoyang, whose cultivation level was not much different from his, he would be invincible.

The opponent's attack has almost no effect on Gu Shaoyang, but Gu Shaoyang's attack can be multiplied ten times.

Just when Gu Shaoyang finished extracting 0.7 of all time attribute bubbles, he was also squeezed out by the light beam.

Looking from the bottom up, a certain section in the middle of the light column became much dimmer, which was probably caused by him absorbing too much time power.

But thinking that those attribute bubbles would slowly recover, Gu Shaoyang felt at ease.

At this time, Shi Feichen appeared in front of Gu Shaoyang and was slightly surprised to see Gu Shaoyang's expression.

"Junior brother Gu came out so early, less than five days ago."

Of course it has been less than five days, and the flow of time has been slowing down.

Gu Shaoyang thought to himself.

Shi Feichen continued:"You came out just in time. The Zhumai Martial Arts Competition is about to start in a few days. Senior Sister Lin Lan asked me to come I'm taking you to discuss important matters...."

Do all the veins compete in martial arts?!

Gu Shaoyang's eyes flashed, and his face showed a thoughtful look.

Chapter 534

Gu Shaoyang followed Shi Feichen back to Canglan Peak.

Many elite disciples from the Canglan Peak lineage have gathered together and are waiting for him there.

They are all above the middle stage of True God Realm, and there are about ten people.

There are only three people at the peak of True God, and besides Shi Feichen and Yan Lou, there is one more person.

Lin Lan is at the top of the list, with a heroic appearance, looking down on all the heroes, and having the air of a heroine.

Seeing Gu Shaoyang's appearance, Lin Lan showed a satisfied smile on his face, nodded lightly and said:"Now that everyone is here, let's start discussing the martial arts competition."

Gu Shaoyang's appearance attracted the attention of everyone on the scene.

Except for a few people who came out of Yanlou, Shi Feichen, the other elite disciples had been in seclusion all year round and didn't know him at all.

Suddenly there was a hint of dissatisfaction, and there was a lot of discussion

"We have been made to wait for so long for a little Tianzun realm disciple?!"

"Isn't it a meeting of elite disciples? How come even the Tianzun realm can participate?.."

"This guy's skin is really outstanding. Senior Sister Lin Lan can't...hehehe.."

"Shut up!"

Suddenly, an icy cold shout rang out in everyone's ears, and for a moment there was a feeling that the whole world was eclipsed.

Lin Lan's pretty face was filled with frost, and all the elite disciples of Canglan Peak were silent for 30 seconds, not daring to say another word..

Gu Shaoyang had no expression on his face and found a seat at random to sit down.

Then Lin Lan began to talk about the Zhumai Martial Arts Competition.

The Zhumai Martial Arts Competition compares the overall strength of many true peaks, which will affect the next few decades. The resource allocation provided by the sect for hundreds of years.

The strength of Canglan Peak is not very strong. There are only a dozen elite disciples and only three at the true god peak.

Among the ten peaks of the Cangqing Sect, they can only be ranked second. The last few.

The main reason is that Lin Lan's time to achieve the realm of God Lord was too short and he didn't have many resources at his disposal, so he couldn't attract many elite disciples with talent and strength.

Liang Qiu, who had never dealt with Lin Lan before, The strength of Canghua Peak is slightly stronger than that of Canglan Peak, but it can only belong to the mid-stream. The truly top peaks and pulse owners are all the true successors of the God Lord in the middle and late stages. They have many masters under their command, and they are the masters of Canglan Peak. It is incomparable.

The rules of the Zhumai Martial Arts Competition are also very simple.

They are divided into three competitions: internal sect, elite and true disciples. They are conducted in the form of ranking.

The competition between internal sect disciples is nothing, the key is the elite. Disciple competition and true disciple competition.

Lin Lan's strength is good. Among the thirteen true disciples of the Cangqing sect, her strength ranks sixth and seventh.

But in the elite disciple competition, Canglan Peak always comes in at the bottom.

Shi Fei Although Chen and others are at the peak of the True Gods, there are too many masters better than them, and they can't even squeeze into the top twenty. After

Lin Lan finished talking about the martial arts competition of various veins, he immediately distributed some to everyone. Resources such as elixirs and Yuanjing.

It can be regarded as encouragement to everyone, and it can also be regarded as a reward.

The Zhumai Martial Arts Competition requires everyone in Canglan Peak to have a higher ranking, the more resources Canglan Peak can get, and everyone in Canglan Peak can allocate The more resources are obtained.

This matter is closely related to the interests of everyone, and they are all in the same boat.

Gu Shaoyang also allocated a large amount of elixirs and Yuanjing, and Lin Lan was quite generous in this regard. etc. As soon as Lin Lan left, those rumors rang in his ears

"Lin Lan is too biased to be able to get resource allocation even though he is in the Tianzun realm!"

"He actually had the nerve to accept it, how shameless.."

"Even in a competition between internal disciples, I'm afraid he won't be of much use. Hey, I really don't know why Senior Sister Lin Lan prefers such a waste so much."

"Say less..."

When Shi Feichen and others came over, these people immediately shut up, said hello to Shi Feichen and others, and then left one after another.

Before leaving, he glanced at Gu Shaoyang with eyes full of disdain and contempt.

"Junior Brother Gu, don't take it to heart.."

Shi Feichen smiled bitterly and apologized to Gu Shaoyang:"These people don't know your strength at all."

Yan Lou and another peak True God expert also agreed.

The three of them all watched with their own eyes as Gu Shaoyang destroyed the peak-protecting formation of Canglan Peak with one punch, and knew that Gu Shaoyang's true combat power might not be weaker than theirs.

But this fact is so shocking that even if you tell people, they won't believe it unless they see it with their own eyes.

"They criticize Senior Sister Lin Lan so much, but Senior Sister Lin Lan has a good temper..."

Gu Shaoyang spoke calmly.

These people obviously regarded him as Lin Lan's mistress or something like that, which didn't matter to him, but Lin Lan had obviously heard their criticism and could tolerate it, which surprised Gu Shaoyang.

Shi Feichen sighed and said:"There is no way. Who makes Canglan Peak so weak now that we still need to rely on their strength?"...

Otherwise, Senior Sister Lin Lan would not have to suffer such grievances."

Yan Lou and another peak True God also showed a somewhat sad look on their faces.

Gu Shaoyang suddenly understood, and immediately said: "Instead of leaving so much waste and wasting resources, it is better to get rid of the waste and save the good, and concentrate a large amount of resources on a few people. Cultivate with all your strength. After saying that

, Gu Shaoyang shook his head and left quickly.

"Get rid of the bad and keep the good..."

Shi Feichen and others looked thoughtful, standing there not knowing what they were thinking.

During the trip to the Ziggurat, Gu Shaoyang's attainments in the mysteries of the law have been greatly enhanced.

The power of those sword moves created before increased exponentially.

Even Gu Shaoyang is curious about what level of strength he has reached now.

The Zhumai Martial Arts Competition is undoubtedly a good opportunity to verify one's own strength.

Gu Shaoyang spent half a month consolidating his strength to break through to the middle stage of Tianzun.

On the second day after he came out of seclusion, the Zhumai martial arts competition also happened to begin.

Compared with the inner sect disciple competition, the Zhumai martial arts competition is more grand and attracts more attention.

The venue for the Zhumai martial arts competition is at the main peak of the Cangqing sect.

By chance, all the inner sect and elite disciples were present, as well as many sect elders, deacons, etc.

This is an excellent opportunity for each peak to show its strength, heritage, and style to the whole sect.

Each peak and lineage can also take this opportunity to attract more talented, capable, and potential disciples to join.

The main peak of the Cangqing Sect was filled with clouds and mist, and countless disciples and elders gathered here. The scene was spectacular and shocking.

There are bursts of bells and fairy sounds in the void, and countless divine lights and shadows appear. It is really indescribable to describe the indescribable majestic majesty and myriad phenomena.

Gu Shaoyang followed Lin Lan, and together with many Canglan Peak disciples, went to the martial arts venue at the top of the main peak.

"The disciples of Canglan Peak have arrived!"

"The disciples of Canghua Peak have arrived!"

Every time people from Fengmai arrived, they would sing loudly.

When Gu Shaoyang and others arrived at the martial arts venue, people from Canghua Peak also happened to arrive.

Liang Qihua and Lin Lan looked at each other, and the disciples on both sides didn't seem to be the first. They fought once and looked at each other coldly.

Then both sides found an open space to fall down.

Not long after, the sound of singing sounded again in the ears.

"The disciples of Cangmo Peak have arrived!"

Gu Shaoyang looked up and saw a black cloud with surging demonic flames moving quickly in the sky.

Shi Feichen sighed softly beside him:"Those powerful peaks have arrived..

Chapter 535

Not all disciples of Cangmo Peak practice magic. In fact, the monstrous magic flames in the sky are all emanating from one person.

It was a handsome man with long dark purple hair and a face full of demonic features.

Even the clothes belonging to the disciples of the Cangqing Sect were changed by him into black and red, which looked extremely evil.

This is a real demon, a demon among humans, a demon among demons.

Shi Feichen said to Gu Shaoyang:"Zhao Duquan, the peak master of Cang Mo Peak, a late-stage god master. He once passed the inheritance of the ancient demon sect in a training, and he can be ranked in the top three in terms of personal strength and peak power..

He is a figure who is like an overlord among the true disciples."

The arrival of Cang Mo Peak made the Cang Qing main peak become more violent and ferocious among the immortals.

This is the difference between the Great Thousand Realm and the Lower Realm.

In the lower realm, most warriors who practice evil and evil ways are not tolerated by the world, just like rats crossing the street, everyone shouts and beats them.

But the Daqian Realm is different. The martial arts in the Daqian Realm are extremely inclusive. Everyone knows that thousands of great ways lead to the same destination. Even warriors who follow the evil path can achieve the status of God Supreme God Emperor and dazzle everyone. sky.

The overall strength of Cangmo Peak is also very strong. There are fifteen people at the peak of the True God Realm. Every one of them is not inferior to Shi Feichen, Yan Lou and others.

Gu Shaoyang also saw that the Yang Yan who had a gambling fight with Chu Zhongtian that he had seen in the Mowu Fantasy Realm was also among them.

Yang Yan is already considered a great genius among the elite disciples, but he is extremely inconspicuous among the many disciples of Cangmo Peak, which shows the strength of Cangmo Peak.

Not long after the forces of Cang Mo Peak arrived, another piece of clear air floated over from the western sky.

"Cangqing Peak disciples have arrived!"

Gu Shaoyang looked up and saw a handsome young man in white clothes walking on the clouds, as graceful as an immortal. Around the young man, there seemed to be countless Taoist sounds and Sanskrit chants echoing, and countless bells, cauldrons, drums, and dust were manifested one by one.

The whole person was as if Like a son of the great road, dazzling with brilliance、

"Cangqing Peak Pulse Master, Lin Qiandao!"

Shi Feichen said in a deep voice:"It is also the strength of the God Lord in the later stage. Lin Qiandao was born with a Taoist body, and his talent was of the first level. He mastered many laws and secrets, his understanding was like that of a demon, and his strength was terrifying, comparable to that of Zhao Duquan."

With the two characters Cangqing from Cangqing Sect as the name of the peak, Cangqing Peak is naturally extremely powerful. Those who can become the masters of a peak and a lineage are extremely outstanding beings among Cangqing disciples, including young giants and young overlords. Gu Shaoyang counted the number of peak pulses on the field. Among the thirteen pulses, twelve pulses had been reached, and only one pulse had not yet arrived.

His eyes flashed, and he couldn't help but ask:"What is the other pulse? ?"

Shi Feichen looked up into the sky and said in a low voice: "You will know soon, maybe you have already guessed it...."

All the disciples on the main peak, including Lin Lan, Liang Qihua, Lin Qandao, Zhao Duquan and other Fengmai true disciples, all looked in the same direction.

Everyone's eyes were very focused, as if they were waiting for some big shot to appear.

With Gu Shaoyang's wisdom, he had certainly guessed what the last lineage was.

There is probably only one person who has such a status in the entire Cangqing sect and is so admired and valued by everyone.

The only direct descendant of the Cangqing Sect—Jiang Feng!

Under everyone's attention, a dense purple mist spread rapidly from the eastern sky.

This purple energy swallowed up the heaven and earth, covering the entire eastern sky.

There is a domineering Leng Jue in the purple energy, which gives people the impression of being born in consciousness. The purple-haired young man led many disciples to Lingxu Yukong.

"Is this Jiang Feng?!"

Gu Shaoyang was a little confused, this was very different from what he imagined.

Shi Feichen shook his head and said: "Feng, this is Lei Jianzi, the deputy pulse master of Cangtian Peak."

Lei Jianzi?!

Gu Shaoyang thought of this name.

On the Mowu Fantasy Realm performance rankings, Jiang Feng ranked first, and Lei Jianzi ranked second.

Lei Jianzi was stronger than Zhao Duquan, Lin Qiandao and others.

Almost the first person among the true legends.

But even such a person is willing to serve under Jiang Feng, instead of taking charge of a peak by himself, and staying at Cangtian Peak as a deputy pulse master.

That impressed Lei Jianzi How could Jiang Feng be such a peerless figure in the world?!

Gu Shaoyang soon saw it.

A slender and tall figure broke through the purple air and appeared on the main peak of Cangqing.

With the appearance of this figure, all the disciples in the scene had faces. Everyone showed faint excitement and reverence.

Gu Shaoyang could clearly see the appearance of this figure. He was just generally handsome, but his eyes were like the vast starry sky, making it impossible to look directly at him.

He stood in the void, and the void behind him Perfectly integrated into one, the main peak of Cangqing is him, and he is the main peak of Cangqing.

Whether it is Zhao Duquan with monstrous flames, Lin Qiandao with Dao sounds, or even the domineering and cold Lei Jianzi, in front of him, the momentum is overwhelming They are all lower.

Just like the difference between a peak and the sky.

No matter how high the mountain is, it can never reach the height of the sky. This is the gap between them and Jiang Feng.

Gu Shaoyang's eyes narrowed slightly, and he thought of more. There are still 107 people like Jiang Feng in the realm of God Lord of the Great Thousand Realms....

The road he needs to walk is too long.

But Gu Shaoyang's eyes ignited with a fiercer fighting spirit.

This is what he wants.

Isn't it the greatest joy in life to hold a three-foot green sword to meet the world's heroes and test one's martial arts?!

Jiang Feng slowly descended from the sky and stood still on the Cangtian Peak. The purple energy in the sky filled his body, making him noble and extraordinary.

Immediately afterwards, an ancient and thin old figure appeared in the void, and his face could not be seen clearly.

When this man appeared, all the disciples of the Cangqing Sect, including Jiang Feng, bowed slightly and shouted: "I have met the leader."

Gu Shaoyang felt an indescribable majesty from the old man, as if the whole world was under his control. Under his control, all living beings are insignificant ants in his eyes.

God King!

He must be a strong man in the God King realm.

Gu Shaoyang was shocked.

A faint voice came from the old man's mouth

"Let's get started."

All the disciples returned to their positions.

Then, all the internal disciples of the various veins came out, and some people began to arrange drawings of lots and conduct screening competitions.

There is no limit to the number of disciples participating in the competition for each Feng Mei.

In other words, the stronger the Feng Mei is, the stronger the Feng Mei is. , the more disciples there are, the greater the advantage.

It is even possible that the top five and ten (for Li Zhao) are all disciples of the same peak.

The competition between inner disciples is quite boring, and the Tianzun realm does not exceed the true god. In the eyes of Gu Shaoyang, the fights among the disciples in the early stage of the realm are like children playing house.

In the eyes of the true disciples of the God Lord realm, they should be no different from fighting with ants. In the end, the top ten disciples of the various sects in the competition were almost eliminated. The Cangtian Peak lineage was completely covered. Only Cangmo Peak and Cangqing Peak had people squeezed in, and the rest of the peaks were squeezed in ten people away.

It was considered as everyone expected.

What followed was a competition among the elite disciples. Competition.

When Gu Shaoyang came out, many people on the field looked shocked.

"What? Why did Tianzunjing come over to join in the fun?!"

"Was there any mistake?!"

"Is Canglan Peak deserted? Let the Tianzun Realm disciples come in to make up the numbers?!"

"Haha, this person in the Tianzun realm must have been confused by the formation of Zhumai Martial Arts, so he walked out in a daze."

"Most likely!"

Chapter 536

Liang Qihua, who had always been at odds with Canglan Peak, even mocked him unceremoniously: "Lin Lan, I know you have good qualifications, but you just let him participate in the elite disciple competition. , are you looking too high on him?"

Does he have the qualifications?"

Lin Lan said lightly: "Junior brother Gu has already been promoted to the elite, why is he not qualified?"

"What?!"

Many elite disciples of Fengmai were shocked. One can be promoted to the elite by reaching the Tianzun realm. Is it true?!

"I recognize him. He is the one who was temporarily disqualified in the internal disciple competition because of his status as an elite disciple."

"Unexpectedly, he turned out to be from Canglan Peak!"

After hearing the discussions of many inner sect disciples, many Fengmai's eyes suddenly changed when they looked at Gu Shaoyang.

"Being promoted to an elite in the Tianzun realm is indeed an amazing qualification!"

"Canglan Peak has harvested a good seedling!"

"There is a chance to dig him over."

However, they were amazed. Everyone in Fengmai only regarded Gu Shaoyang as a genius with terrifying qualifications. They were thinking about how to draw Gu Shaoyang into their own influence. They didn't have any other ideas.

"Canglan Peak asked this person to participate in the elite disciple competition. It should just be for him to come up and show off his presence."

"No matter how strong the Tianzun Realm is, how can it compete with so many at the top of the True God Realm?!"

No one in Fengmai believes that Gu Shaoyang can have any impact on the competition between elite disciples.

Talent does not mean strength. Converting talent into strength requires a process, and this process takes time to smooth out.

Maybe in the future Gu Shaoyang can become Giant figures such as Zhao Duquan and Lin Qiandao, but that is in the future, not now. The usual lottery process.

There are more than 300 people participating in the elite disciple competition of the Thirteen Peaks, which generally do not appear in the previous rounds of competition. Faced with people from the same Fengmai.

There are more than 40 elite disciples from Cangtian Peak, accounting for one-seventh of the total. The remaining Fengmai are also more than 20 people, which shows that Canglan Peak is showing weakness.

Every time It's normal to be at the bottom

"Yanlou at Canglan Peak is perfect for Cangtian Peak!"

After several competitions, it was soon the turn of the people from Canglan Peak to take the field.

Everyone in Canglan Peak looked unhappy when they heard the result of the draw.

Yan Lou is the general of Canglan Peak, and he actually competed with Cangtian in the first round. Disciple Feng is facing off

"I went."

Yan Lou changed his previous cynical appearance and entered the competition with a serious face.

The Cangtian Peak disciple named Jian Zhengcheng was also a strong opponent, at the peak of the True God Realm.

Yan Lou fought with him for hundreds of rounds, but unfortunately he lost. defeat

"Yan Lou was incompetent and failed to live up to Senior Sister Lin Lan's high expectations."

Yan Lou came down with a frustrated look.

Lin Lan comforted her softly, "It doesn't matter, just do your best."

Having said that, Lin Lan and everyone in Canglan Peak didn't look very good.

Gu Shaoyang appeared very late in the order because of his low level. The other Canglan Peak disciples had already competed before him.

Shi Feichen came out. There was another one who was at the peak of True God Realm, and all the other disciples were wiped out.

It was really tragic.

Finally, it was Gu Shaoyang's turn to play.

"Gu Shaoyang at Canglan Peak, and Yang Yan at Cangmo Peak.

When many people heard the news, they all shook their heads and sighed:"It seems that only two people from Canglan Peak have entered the second round this time, and they will be at the bottom again."

The people from Canghua Peak even sneered again and again, without hiding their faces. The color of.

The morale at Canglan Peak was low, but Lin Lan still forced out a smile to encourage Gu Shaoyang:"Junior brother Gu, don't force it, just do your best, self-preservation is the first priority"

"clear."

Gu Shaoyang didn't say much and walked up to the big competition platform in the middle of the main peak.

Yang Night was an old acquaintance.

Yang Night also knew part of Gu Shaoyang's strength. He didn't despise Gu Shaoyang like the others, and of course he didn't go too far. Pay attention to

"The record in Mowu Fantasy Realm does not represent the real combat effectiveness. I know you are good, but you will never be my opponent...."

Yang Yan said to Gu Shaoyang,"If you don't want to suffer, you'd better admit defeat."

Others had the same idea. There is a gap of five or six realms between the middle stage of Tianzun Realm and the peak of True God Realm. If you want to challenge beyond the level, it is undoubtedly Arabian Nights

"You talk a little too much."

Qixing Longyuan held the sword flower lightly in Gu Shaoyang's hand and spoke lightly.

"you..."

Yang Yan's face turned ugly for a while, (dbdi) he laughed angrily and said: "Okay, since you are shameless, I will teach you a lesson."

Yang Yan's pupils shrank at least the size of a pinhole in the next moment, his momentum, evil flames Soaring, strange and difficult to distinguish

"Yang Yan cultivated the evil way, and he understood the third derived secret of the evil way. Even at the peak of the True God Realm, he was considered a strong man!"

"This Canglan Peak Tianzun Realm junior is in danger"

"He was very unlucky. If he had met an ordinary True God, he might have been beaten in the middle stage, but he met Yang Yan."

The dark green strange aura gathered and took shape, turning into a twisted snake-like sword energy that shot towards Gu Shaoyang.

"Attributes of evil law fragments\*3748"

"Extract attributes!"

Gu Shaoyang didn't even mean to evade, and was directly hit by the sword energy.

The onlookers couldn't help frowning, but the next moment, they all opened their eyes wide and exclaimed.

"What?!"

I saw Gu Shaoyang's figure suddenly shattered after being hit by the sword energy.

Fake? Phantom?

Immediately after, Gu Shaoyang walked out one after another from all over the void.

They were densely packed, occupying the entire sky, and each one had a lifelike expression and outstanding style.

There were more than five hundred.

These more than five hundred Gu Shaoyang took action at the same time.

The entire void suddenly stopped, as if it had turned into a huge mirror.

Cracks appeared on the mirror, and then...

Shattered suddenly?!

"This is impossible?!"

Yang Yan had a look of disbelief on his face, and his body flew backwards, blood spurting out of his mouth!

"It's the secret of space law!"

"The second derived secret, and the level of comprehension has reached more than 50%!"

"fear! horrible! How did he do that!"

Many peaks, many disciples at the peak of the True God Realm all stood up all of a sudden, with horrified and moved expressions on their faces. The secrets of the Space Law are notoriously difficult to understand, and even more difficult to deepen.

But Gu Shaoyang actually made the second derived secret of the Space Law It's incredible to realize more than 50%!

It's simply a fantasy.

"Canglan Peak Gu Shaoyang....Win!"

Even the disciples who announced the results of the competition were a little confused.

Everyone in Canglan Peak was stunned, feeling like they were in a dream.

"Junior Brother Gu... is so strong?!"

Lin Lan looked at Gu Shaoyang with dazzling eyes.

"Junior Brother Gu, you are so strong!"

Yan Lou, who was eliminated, had a look of excitement and excitement on his face. He was even happier than if he had won.

However, the elite disciples of Canglan Peak who had mocked Gu Shaoyang before the competition all had dull expressions, shocked, horrified, and ashamed... all of them. All kinds of emotions came up, one after another.

Thinking of Gu Shaoyang defeating Yang Yan with a move in the middle stage of Tianzun Realm, but they were all eliminated, they were all ashamed and wanted to find a crack in the ground to crawl under...

Chapter 537

A sword across six realms defeated Cang Mo Peak Yang Yan in one second.

Gu Shaoyang's skills shocked everyone, and everyone had to re-examine his strength.

"This person's talent is too terrifying, and it would be a pity to end up at Canglan Peak. We must bring him to our peak!"

"A natural talent, worthy of being a super monster with a natural talent, he is even more perverted than the original Senior Brother Jiang Feng~"

"Give him a few more years, and when he reaches the True God Realm, there may be no one among the entire Cangqing sect's God Lord who will be his opponent."

Not less than Fengmai True Successor and his disciples looked at Gu Shaoyang with flashing eyes, each with their own plans in mind.

Gu Shaoyang walked back to where the Canglan Peak disciples were, Lin Lan looked at him with shining eyes, nodded slightly in approval and said : "well-done"

"Junior Brother Gu, you hide it deeply enough!"

Shi Feichen and Yan Lou were in a happy mood, with spring breeze on their faces.

As for the other elite disciples of the True God Realm, they all had awe on their faces and did not dare to look directly into Gu Shaoyang's eyes.

The first round of competition ended quickly. Except for Gu Shaoyang, Shi Feichen and another elite disciple at the peak of True God, everyone in Canglan Peak was wiped out.

Canglan Peak is the most miserable one. There are at least ten or so remaining peaks in the other peaks. Even Canghua Peak has seven or eight disciples who have entered the second round.

However, Liang Qiu Hua's face was very gloomy, and he had been staring at Canglan Peak and Gu Shaoyang from the beginning.

The look in his eyes was like seeing a rare treasure in someone else's hands.

The second round begins immediately.

After the first round of competition, almost all those with cultivation in the middle stage of True God have been screened out, and the remaining ones are at least as strong as those in the late stage of True God.

Gu Shaoyang's luck was pretty good this time. He was facing an elite disciple of the late True God.

"Junior Brother Gu is extremely talented..."

This disciple in the late stage of True God Realm was generous with his praises and said to Gu Shaoyang: "However, Canglan Peak has a shallow foundation and cannot accommodate a true dragon like Junior Brother Gu. Why don't Junior Brother Gu come to our Cangxing Peak?" Our senior brother Yuxing will definitely cultivate him vigorously."

When this person spoke, Gu Shaoyang also saw another handsome young man behind him smiling at him and nodding.

Poaching people on site?!

The expressions on the faces of everyone in Canglan Peak were extremely ugly. Lin Lan even had a pretty face with frost. He looked directly at the true legend of Cangxing Peak and said coldly: "Yu Xing, what do you mean?"

The handsome young man smiled slightly and said: "A good bird chooses a tree to roost in, and a good minister chooses his master to serve."

Junior Brother Gu is amazingly talented, wouldn't it be a pity to be trapped in a small Canglan Peak. I am giving him a better choice."

"you!"

Lin Lan's eyes were so angry that they burst into flames.

At this time, the Cangxing Peak disciple who was dueling with Gu Shaoyang said: "Junior brother Gu, if you have the intention, there is no need to compete in this battle. I will admit defeat immediately. If you meet someone from Cangxing Peak again in the future, we will definitely open the door to you."

Senior Brother Yuxing said that this is compensation for Canglan Peak, so that others will not describe you as a treacherous person."

The people in Cangxing Peak have thought carefully. Many people on the field looked at Gu Shaoyang's choice with strange smiles. Gu Shaoyang

's expression did not change at all from the beginning to the end. He raised his eyes and glanced at the other party casually, lightly He opened his mouth and said:"I want to win, but do I still need you to give in? How ridiculous!"

After saying that, countless Gu Shaoyang walked out of the void.

Mirror Flowers, Water Moon!

The second secret of the Law of Space, the comprehension level is more than 50%!

The face of the disciple of the late True God in Cangxing Peak changed drastically, and it was too late to retreat.

More than five hundred Dao Gu Shaoyang's figures all took action.

The void was shattered like a mirror.

The broken point was located on his chest.

This late-stage disciple of Cangxing Peak True God said he resisted, but he didn't even have a chance to take action, just like Yang Yan before. Vomiting blood and flying out

"Gu Shaoyang from Canglan Peak wins!"

Gu Shaoyang put away his sword expressionlessly, turned around and left.

Even though he had already seen Gu Shaoyang take action once, but seeing him defeat a True God Realm opponent who was four or five realms higher than him so cleanly, the disciples still had doubts in their eyes. A lingering shock.

For Gu Shaoyang, the challenge of overcoming levels seems as simple as eating and drinking. The combat power is so high that it makes people's scalp numb.

"Geniuses have the arrogance of geniuses"

"It seems that in order to convince this person, you must first defeat him severely."

"Let's see how long he can be arrogant."

Many Fengmai disciples sneered in their hearts.

In the second round of the competition, one of the few remaining seedlings in Canglan Peak was broken.

Another peak True God, who was unlucky to meet a very strong opponent from Cangqing Peak, directly were eliminated.

At this time, only Gu Shaoyang and Shi Feichen were left in Canglan Peak.

"well..."

Lin Lan's expression was a little sad.

As expected, Canglan Peak will face the fate of being at the bottom of this competition.

Even Canghua Peak is much better than them.

The third round of competition.

When Shi Feichen saw his opponent clearly, his face suddenly turned pale and ugly.

"It's him..."

...Asking for flowers 0.....

Lin Lan remained silent for a long time before taking a long breath and saying: "Admit defeat as soon as possible, and put your own safety first."

Shi Feichen bit his lips tightly and nodded silently.

Gu Shaoyang saw a name written on Shi Feichen's lottery token - Cang Mo Peak, Gu Hengbo!

"Who is this person?"

Gu Shaoyang couldn't help but speak.

Shi Feichen replied in a bitter tone: "Cang Mo Peak, the number one elite disciple."

Gu Shaoyang didn't know what to say.

Shi Feichen was so unlucky that he directly ran into the top master of Cang Mo Peak.

As his name suggests, Gu Hengbo was a man of domineering aura, with eyes like an eagle and eyebrows like a sword. The whole person exudes a powerful aura that looks down on the world.

His temperament is somewhat similar to that of Zhao Duquan, the leader of Cangmo Peak. It seems that he is deliberately imitating him, and both have the demeanor of a demonic overlord.....0

"The black water surges across the world!"

Gu Hengbo took action, and a violently surging pitch-black river suddenly appeared in the sky.

The river water was ice-cold to the bone, and there were surging demonic flames.

"Law of Water Fragment Properties\*2384

"Attributes of magic law fragments \* 3505."

Gu Shaoyang's eyes flashed.

Two different laws? And they all reach the third derivative of mysteries?!

Fusion of mysteries?

No!

He immediately denied it.

It's just a simple combination of mysteries.

It's like It's the same as the "World-Destroying Demonic Fist" he got on the second floor of the Sutra Pavilion.

However, even if it's just a combination of secrets, the power of two laws that comprehend the third derived secrets can be unleashed in the same move. It was extremely terrifying!

Shi Feichen was directly defeated with one move

"boom!"

Shi Feichen fell heavily outside the competition stage, his face was pale, and blood oozed from the corners of his mouth. Gu Hengbo stood in the void, looking at him condescendingly, without concealing the disdain and contempt in his eyes, and said coldly: "So weak It's better to disband all the peaks and devote them all to my Cangmo Peak...."

"you!..puff..."

Shi Feichen was so angry that he spurted out another mouthful of blood.

Suddenly, a slender and powerful palm gently pressed on his vest, continuously injecting pure energy into his body to sort out his injuries.

Shi Feichen turned his head in astonishment and whispered: "Junior Brother Gu.."

Gu Shaoyang stared at Gu Hengbo in the sky and said calmly: "Senior Brother Shi, please don't get angry. I'll beat him to pieces later.""

"Well.."

Shi Feichen was stunned.

Chapter 538

Once Shi Feichen was defeated, only Gu Shaoyang was left in Canglan Peak.

And no one thinks that Gu Shaoyang can go far. Canglan Peak is equivalent to being eliminated early.

"It seems that Canglan Peak is at the bottom again this time"

"Each time the martial capital of Zhumai meets is at the bottom, the resource quota it gets is getting smaller and smaller, and the disciples are disengaged. This is a vicious circle.

If things continue like this, Canglan Peak will sooner or later be banned or merged into other peaks."

"Although Lin Lan is a true successor, she is a woman after all, and her strength and means are far inferior to other true successors."

Many disciples of the Cangqing Sect expressed worries about the future of Canglan Peak, shaking their heads and sighing.

The morale of Canglan Peak is even more weakened.

Lin Lan and other senior officials of Canglan Peak all had slightly condensed expressions. The middle-level elite disciples and the lower-level insiders below The disciples' eyes flickered and their minds turned.

"Gu Shaoyang at Canglan Peak, Xu Yang at Canghai Peak!"

At this time, it was Gu Shaoyang's turn to compete in the "four-seven-zero" competition.

Gu Shaoyang walked up to the competition platform with a calm face.

He saw a stern-faced sword-wielding disciple walking out of Canghai Peak, a cultivator in the late stage of True God. for

"The rising sun is in the sky!"

Xu Yang from Canghai Peak attacked with force as soon as he came up, and understood the sword martial arts of the second derived secret of the Law of Fire.

Xu Yang didn't understand much of the secret, but he understood 20% of the second derived secret of the Law of Fire. His combat power is pretty good in the later stages of True God.

It's a pity that he met Gu Shaoyang

"Through the Looking Glass!"

Xu Yang's Sun Fire Knife was shattered directly, and Gu Shaoyang was instantly killed in one move.

Everyone had guessed the result a long time ago.

"The law of space is worthy of being the law of space. This move, Mirror Flower, Water Moon, is both offensive and defensive. In addition, this child has understood the second secret of the law of space to more than 50% of the terrifying level, and the power is even more terrifying."

"I didn't expect that the elite disciple competition at Canglan Peak would have to rely on a middle-level Tianzun realm to support the appearance. It's really ridiculous."

Everyone in Canghua Peak looked shocked, Liang Qihua looked ugly, and soon looked at Gu Shaoyang with a sneer.

"Let me see how far you can go? snort!"

Having still extracted some of the fragmented attributes of the Law of Fire from Xu Yang, Gu Shaoyang's own second secret of the Law of Fire has also grown slightly, gradually approaching 60%, and the prototype of a new, third derivative secret has emerged in his heart.

Gu Shaoyang's victory boosted Canglan Peak's morale a little.

Shi Feichen and Yan Lou squeezed out a smile at Gu Shaoyang, "Thank you, Junior Brother Gu, for protecting my last bit of dignity at Canglan Peak. Lin

Lan looked a little gloomy and laughed at himself: "I didn't expect that only Junior Brother Gu would be able to enter the fourth round in our huge Canglan Peak. Haha.".."

Shi Feichen and others suddenly looked ashamed

"I originally thought that in the elite competition, one of us could enter the top twenty, or two of us could enter the top thirty. In addition, I tried my best to get sixth or seventh in the true competition. I, Canglan Feng, won this martial arts competition. The ranking will be greatly improved and it will not be at the bottom.

Now it seems...Why..."

Not to mention whether Lin Lan can get the sixth or seventh place in the Thirteen True Legends, Gu Shaoyang will never be able to enter the top twenty in the elite competition.

After three rounds, there were only about thirty people left on the field.

Those who have survived until now are almost all true god peaks, ranked in the top three in their respective peaks, and are powerful elite opponents.

There is a 90% chance that Gu Shaoyang will be eliminated in the next game.

Canglan Peak has no face left, and is at the bottom of the mountain

"This time...we were really unlucky..."

Shi Feichen and others whispered.

Lin Lan shook his head, "If you are strong enough, it doesn't matter if you have some luck....Maybe, it's because I'm not suitable to be the leader of a peak or a lineage..."

Everyone looked gloomy and depressed.

Soon, the fourth round of competition continued.

The battle in this round was obviously much more intense than the previous round.

There is almost no weak opponent, the duel between the peak of the true god and the peak of the true god.

Almost all the secrets of the law are understood on top of the third derived secret. What matters is the background, the strength of the law, and the degree of comprehension of the secret.

Gu Shaoyang is the biggest winner.

For those heroes from all over the world who competed in a duel, the law fragment attribute bubbles leaked during the duel fell all over the place.

Each one is colorful and looks like a plump and juicy fruit.

"Extract attributes!"

"Extract attributes!"

Gu Shaoyang watched the battle while extracting and absorbing all the attribute bubbles he could reach.

His understanding of the secrets of various laws is also constantly improving.

The two laws of life and death and reincarnation are the most powerful laws second only to time and cause and effect. , Gu Shaoyang has the least understanding of this law.

Even the basic mysteries are not perfect.

Taking advantage of this opportunity, Gu Shaoyang continues to feed the power of these two laws with law fragments.

The understanding of the basic mysteries of reincarnation and the law of life and death is getting deeper and deeper.

Thirty percent...

Four percent... unconsciously

"Gu Shaoyang from Canglan Peak, facing the dragon from Cangmo Peak!"

It was Gu Shaoyang's turn to appear. 0.

Gu Shaoyang suddenly came back to his senses from the profound understanding and frowned slightly.

It felt really bad to be forcibly interrupted by others.

He walked casually onto the competition platform, and Gu Shaoyang saw On the other side of Cangmo Peak, a young man who looked like a demonic dragon jumped through the air.

There were constant sighs in his ears.

"I originally thought that this boy could go one more round with his knowledge of the secrets of space laws. Unexpectedly, he encountered the Dang Long from Cang Mo Peak. He was definitely eliminated now...."

"Dang Long's magical power can block one of this attack, and this time is enough for Dang Long to defeat him ten times and hundreds of times."

Those who understand the Cangmo Peak Party Dragon in front of him seem to believe that Gu Shaoyang will definitely lose this battle.

Gu Shaoyang looked at the person in front of him.

Qi is like smoke, blood is like pulp, and marrow is like mercury.

This person...He is a body-refining warrior!

Gu Shaoyang raised his eyebrows.

The young man, who was as wild and wild as a demon dragon, looked down at Gu Shaoyang with a mocking smile on his face.

"To be honest, I really don't want to fight with you..."

A flash of violence flashed in Dang Long's eyes, and he grinned, revealing his sharp white teeth, and said harshly every word:"Because I'm afraid, I will accidentally squeeze you to death."...I heard that your talent is very good..."

Gu Shaoyang snorted coldly, and Qixing Longyuan suddenly unsheathed it.

The void turned into a mirror, and more than five hundred figures of Gu Shaoyang stepped out one after another.

"Through the Looking Glass!"

The mirror was shattered, and Dang Long's body was also shattered.

Blood spurted out wildly, and it shattered into pieces. 5.9

But the look on Gu Shaoyang's face was not at all relaxed. He clearly saw that Dang Long's broken cheeks were still stained with... A trace of crazy smile.

The next moment, a figure burst out of the void like a dragon.

In an instant, it was in front of Gu Shaoyang.

Gu Shaoyang's pupils shrank suddenly.

The second level of life gate!

The power of five stars!

Divine power, outside the body Incarnation!

Magical power, so close to the end of the world!

Everyone on the sidelines shook their heads and sighed:"It's a pity that this child stops here. But to be able to reach this point with the cultivation level of Tianzun Realm is quite remarkable. Lin

Lan's face tightened and she said hastily:"Junior Brother Gu must not be allowed to get hurt." I'll stop Dang Long later, you must save him..."

Behind him, the hesitant voices of Shi Feichen and Yan Lou could be heard.

"Senior Sister Lin Lan, maybe...Junior brother Gu, we don't need to worry.."

Chapter 539

Incarnation outside the body.

It is one of the most powerful magical powers.

If you are prepared in advance, you can block an attack for yourself.

Moreover, the aura of the incarnation condensed by the incarnation outside the body is exactly the same as the main body, and cannot be distinguished even if the soul is locked.

Gu Shaoyang's Jinghua Shuiyue is powerful enough, but his own realm is only the Tianzun realm.

In other words, he has combat power that rivals those at the peak of the True God realm, but does not have the same defensive power as those at the peak of the True God realm.

Therefore, everyone believed that Gu Shaoyang was destined to lose!

When Jing Hua Shui Yue finished using it, it was the moment when Gu Shaoyang was at his weakest, and it was also the moment when Gu Shaoyang showed his flaws.

During this period, Gu Shaoyang was no different from an ordinary Tianzun state.

Of course... these are what others think

"Defeat!"

Dang Long's face was ferocious, his black hair was dancing wildly, and he punched Gu Shaoyang with a terrifying force. The second level of Mingmen, the power of five stars.

The void was directly torn apart, and collapsed into pieces of darkness.

This If a punch were delivered properly, it would be enough to blow Gu Shaoyang's whole body apart.

Of course, it was just a fight now, and Dang Long would not kill him.

But everyone could already foresee the scene of Gu Shaoyang's chest collapsing and vomiting blood being thrown away.

But , when Dang Long crossed the void and came to Gu Shaoyang at the moment 01, Gu Shaoyang's eyes quickly returned to calm after the initial surprise. They became like an ancient well without waves again, and nothing could make it ripple.

Facing the Gu Shaoyang's face was expressionless when Dang Long punched him. He shook his hand into a fist with his left hand that was not holding the sword, and met it with the same punch.

"hehe.."

Dang Long's face showed a mocking laugh,"You are really looking for death!"

Everyone onlookers also shook their heads.

"I'm afraid I'm crazy and dare to use physical fists against Dang Long's physical fists."

"This guy may have been frightened out of his wits."

"well..."

Before everyone could finish their sighs, the next moment they saw dark ripples visible to the naked eye spread out from Gu Shaoyang's fist.

Those are the traces left by the force of shock that shattered the void.

"The fist of annihilation!"

"boom!"

The two fists fiercely clashed together.

One muscle was knotted like the arm of a demonic elephant, and the other was as fair and handsome as the hand of a mortal scholar.

The two formed a great contrast, striking everyone's attention.

Giving people a sense of It felt like a cricket shaking a tree, or a mantis arm acting like a car.

Gu Shaoyang was the cricket, and his hands were the mantis arms.

However, the result was beyond everyone's expectations.

The two fists collided, and they fell into a strange stalemate.

Then Dang Long was seen to be thick and strong. His arms trembled violently, and large chunks peeled off from his arms, as if countless sharp knives were cutting him.

Dang Long's expression quickly changed from unruly, arrogant, and confident to shocked, horrified, and... Unbelievable

"How can this be?!"

Dang Long roared sharply, and his right arm clicked like a straw pole, and then quickly turned into minced meat.

Then the whole person seemed to be hit head-on by a giant beast from the ancient times, and flew backwards violently.

A wave seemed to be rolled up in the void. A hurricane from bottom to top.

The hurricane knocked Dang Long away, and without any remaining force, it rushed straight into the sky, sweeping away all the clouds and fog in the small half of the sky in the direction of Gu Shaoyang's punch, forming a huge fan-shaped blank.

"What?!"

There were exclamations after waves of exclamations from the surrounding crowd.

"Is this son also a body-refining warrior?!"

"Is his physical training stronger than Dang Long?!"

"At least the second level of life gate! This is magical power!"

"What a powerful supernatural power!"

On the other side of Cangmo Peak, a bunch of people suddenly stood up, with expressions of shock and emotion on their faces.

Gu Shaoyang punched Dang Long, which was no less than a punch in the crowd, causing an incomparable shock. sensation

"Tianzun realm, such a profound attainment of the mysteries of laws, and possessing such shocking body training skills. Is this guy still a human?!"

"It's really outrageous! He has the appearance of being engraved on the Heavenly Dao Monument!"

"Amazing talent and beauty, amazing talent and beauty!"

Countless eyes focused on Gu Shaoyang, more full of wonder and shock than before.

Gu Shaoyang made them think of a monster before, but now he is a monster.

Even Zhao Duquan of Cangmo Peak, Lin Qiandao of Cangqing Peak, and Lei Jianzi, Even Jiang Feng glanced at Gu Shaoyang.

They were the bright sun in the sky. Compared with them, Gu Shaoyang was like a slowly rising sun.

Lin Lan looked at Gu Shaoyang steadily, his expression a little dull. Sakura's mouth opened slightly, with a look of disbelief on her face

"Junior Brother Gu was able to compete with Bei Mingjue physically before without losing."

"Moreover, he once destroyed our peak-protecting formation on Canglan Peak with one punch."

Shi Feichen and Yan Lou sighed slowly with strange expressions on their faces.

Lin Lan had a complicated face, and suddenly sighed and said:"Junior Brother Gu is our blessing to Canglan Peak, but it is a pity that Junior Brother Gu is in our Canglan Peak. It's a bit humiliating."

Gu Shaoyang, who also has five-star power and has the bonus of the law of shock, is much more terrifying than Dang Long. He crushes him with one punch, simply rough and unreasonable.

This is the difference between a body-refining warrior and a body-refining warrior.

By opening the same life gate, it is possible to obtain different magical powers. Some magical powers are beneficial to cultivation, and some magical powers are beneficial to fighting. This is how the gap arises.

Gu Shaoyang defeated Danglong with one punch and directly entered the top twenty in the elite disciple competition.

When the fifth round of competition began, Gu Shaoyang's Tianzun realm cultivation appeared on the field and was as eye-catching as the stars in the night sky.

"Entering the top 20 in the middle stage of Tianzun Realm, this boy is also the first person in the history of our Cangqing Sect's martial arts competition."

Many people sighed with complicated faces.

"Maybe in a few years, there will be someone like Senior Brother Jiang Fengjiang again"

"After the Zhumai martial arts competition is over, you must send someone to have a good contact with him. You can't win over them, but you have to make friends."

Even Canghua Peak's Liang Qihua's attitude has changed a bit. Looking at Gu Shaoyang's figure, his eyes kept flickering. 763 didn't know what he was thinking about.

"Canglan Peak Gu Shaoyang..."

When Gu Shaoyang's name was read, everyone's eyes unconsciously focused on him.

Many people are more interested in his battle than the duel between the first person and the second person in Fengmai who have been famous for a long time.

Although Gu Shaoyang only has the cultivation level of Tianzun Realm, his potential is too terrifying, and all kinds of powerful methods are endless.

At first it looked like a shallow puddle of water, but gradually I realized that it was actually a deep pool, so unfathomable that it was impossible to see where his bottom line was.

Everyone wants to know how far he can go

"...Cangmo Peak, Gu Hengbo!"

"The ancient Hengbo turned out to be the Ancient Hengbo!"

There was a slight uproar on the field.

"this time...There should be no more suspense."

Gu Hengbo is the number one master under Zhao Duquan at Cangmo Peak and a dominant figure at the pinnacle of the True God Realm. There is no reason why he will be defeated by Gu Shaoyang again.

"Ha ha.."

Gu Hengbo, whose eyebrows were as arrogant as a sword soaring to the sky, stood up, stared at Gu Shaoyang with sharp eyes like a falcon, and smiled coldly.

"It seems that you, Canglan Peak, and I are really destined, and I will run into you every time."

Gu Hengbo stepped out with one step, and the black water and demonic flames surged into the sky, almost completely occupying half of the sky.

Countless onlookers were shocked by the terrifying momentum.

Gu Shaoyang didn't seem to notice it, but nodded slightly and said:"Very good. I can take this opportunity to avenge that punch for my senior brother Shi."

Chapter 540

Hearing Gu Shaoyang's words, Gu Hengbo smiled instead of angry, looked at Gu Shaoyang with an evil expression and said

"You have outstanding talent, and you have taken on challenges such as eating and drinking. Along the way, you must have defeated countless people who are more powerful than you, right?..."

"You must think that like those who have fought with you, I will become a stepping stone for your rise."

"Unfortunately, you are wrong."

Gu Hengbo shook his head and looked at Gu Shaoyang condescendingly:"I am different from those people. I, Gu Hengbo, reached the pinnacle of true gods at seven thousand years old, and no less than a hundred powerful true gods of the same realm were defeated by me...."

"How dare you change the world even though you are so small in the realm of Heavenly Lord?!"

Gu Hengbo shouted loudly, punching like a devil's sun, punching down hard

"The black water surges across the world!"

"I won't fight with you. I'll defeat you with just one punch!"

The demonic black river fell from the sky like water from the sky, as if it wanted to cleanse all the light in the world and turn the place into a demonic realm.

Many people watching on the sidelines changed their expressions.

"This punch was even more fierce and domineering than Gu Hengbo's before. He was using all his strength to strike."

"The combination of the power of the two laws that have understood the third derived secret, this black water billow is too terrifying, it is probably close to the level of a strong person in the True God Realm of Heavenly Dao Monument!"

"If Gu Hengbo could understand the third secret of the Demonic Way and the Law of Water more deeply, he should be able to be engraved on the Heavenly Way Monument."

Gu Hengbo is known as the number one master among the elite disciples of Cangmo Peak. He is also ranked among the top three among the elite disciples of the entire Cangqing Sect.

With this punch, not only all the elite disciples, but also many divine masters The Lord of Peaks in the realm also had his eyes lit up.

"Through the Looking Glass!"

Gu Shaoyang's tried-and-tested Jinghua Shuiyue took action again.

More than five hundred figures of Gu Shaoyang walked out from all over the void.

The entire void became a huge mirror.

But before more than five hundred Gu Shaoyang took action to smash it, the "mirror" had already Break open in one step!

The vast black water demon river breaks through the shackles of Jing Hua Shui Yue and rages like a demon dragon breaking free from its chains.

"Such fancy methods are fine for dealing with ordinary people, but they can be used against me....There is still a lot to be desired!"

Gu Hengbo shouted coldly.

The Black Water Demonic River just stirred slightly, and more than five hundred Gu Shaoyang in the void were all involved and smashed into pieces. The real Gu Shaoyang stepped out from a corner of the void, his expression was nothing. Variety

"Got you!"

A sharp light flashed in Gu Hengbo's eyes, and the black water demon river rushed down, as if it wanted to swallow Gu Shaoyang.

"This son of Canglan Peak is going to be defeated."

Everyone who was watching spoke one after another.

But most people's faces showed a trace of relief.

"Finally defeated."

With the cultivation level of Tianzun Realm till now, the consecutive defeats against the peak powerhouses of True God Realm are simply putting 99% of the Cangqing disciples on the field to shame. It feels like all the thousands of years of cultivation have been transferred to the body of a dog..

Now that Gu Shaoyang is about to lose, their martial arts hearts can also relax a little, and they no longer have to bear so much pressure.

Facing the black water demon river spreading across the entire sky, Gu Shaoyang's expression did not change.

Not only did he not retreat, Instead, he took the initiative to take a step forward.

Draw his sword!

This time, the silver-white law glow no longer bloomed on the Seven-Star Dragon Abyss.

Instead, it glowed with five colors, misty and magnificent.

"five elements...circulation!"

A five-color sword light shot out from Gu Shaoyang.

It quickly expanded and became a sheet of colorful swords that covered the sky and the sun. Gu

Hengbo's black water demon river was suddenly blocked by the colorful sword curtain.

The demon dragon was blocked, and the water waves surged into the sky, roaring angrily. more than

"What?!"

Gu Hengbo was shocked, and his face changed drastically.

Everyone on the sidelines also felt as if they had seen a ghost, and they all exclaimed in disbelief.

"blocked?!"

"Gu Hengbo's most powerful blow was actually blocked?!"

"Mirror Flowers and Water Moon is not this kid's strongest method!"

More than eight true disciples of the Lord of the Peaks suddenly stood up from their chairs, with expressions of emotion that could not be concealed on their faces.

"This is..."

"The Law of Five Elements, the second derived secret! And all are understood to...More than 50%!"

"Oh My God!"

"Hiss hiss..."

There was a gasp of air on the field.

Gu Shaoyang had already demonstrated that he had understood more than 50% of the second secret of the Law of Space, and now it was the Law of the Five Elements.

To put it into perspective, there are six laws of the law, all of which have been comprehended the second secret, and more than 50% of them have been comprehended.

Is this what the Tianzun realm can do? crazy!

Countless Cangqing Sect disciples felt that their knowledge of martial arts had been greatly impacted and was about to collapse.

Not to mention those disciples of the Heavenly Lord Realm and the True God Realm.

Even some of the true disciples of the God Lord Realm in Zhumai feel that they are like a waste compared to Gu Shaoyang.

How far did they understand the secrets of the law when they were both in the Heavenly Realm?

It is considered good to be able to understand the two laws and the second secret. Gu Shaoyang has fully understood the six laws, and he is profound in all of them!

At Cangtian Peak, a young man with half-closed eyelids suddenly opened his eyes.

The moment he opened his eyes, he seemed to have taken away all the light in this space and became the center of the world.

Jiang Feng!

The only direct descendant of the Cangqing Sect, Jiang Feng, the supreme genius who ranks 108th on the list of gods of the Tiandao Monument!

"Senior Brother Jiang!"

Many disciples of Cangtian Peak couldn't help but whisper.

Even Senior Brother Jiang was alarmed.

Jiang Feng looked directly at the figure of Gu Shaoyang who was confronting Gu Hengbo in the field, and his eyes bloomed with unparalleled strangeness like the finest gems. Brilliance, said every word

"If this son is promoted to the True God Realm, he will definitely go to the Heavenly Dao Monument!"

"What?!"

Jiang Feng's words were naturally heard by many people on the field, and countless people were moved by them.

Among them were Those true disciples.

Jiang Feng's status is unique in the Cangqing Sect, even surpassing the mysterious leader.

Jiang Feng rarely speaks, but every time he speaks, he must speak loudly and without lies.

Jiang Feng actually said that Gu Shaoyang must go to the Heavenly Monument?!

This evaluation...Unprecedentedly high!

Jiang Feng's face showed a strong look of interest, and he said:"This level of body training, coupled with this level of profound knowledge of laws. Not to mention the true God of Heaven, even in the realm of God Lord, he will be overtaken by 80%.

Now If my son (Manuo Zhao) does not go to the Heavenly Dao Monument, it will be unbearable. I just don't know where he will be ranked on the Heavenly Dao Monument."

Everyone stopped talking and looked at Gu Shaoyang in disbelief. Their expressions were complicated and they didn't know how to use it. How to use words to describe the complex and shocking emotions in your heart?

"No, this is impossible!"

Gu Hengbo's face turned green and white, looking extremely ugly.

He roared unwillingly and punched Gu Shaoyang hard.

"How could it be possible for someone in the mere Tianzun realm to be so strong? How could he be my opponent?!"

Give me defeat!"

Gu Shaoyang looked indifferent and used

10% of the power of time. The light of the colorful sword curtain suddenly doubled.

"You say you're different from those I've defeated? you are wrong."

Gu Shaoyang shook his head, the sword light completely chopped the Black Water Demon River into pieces, and said calmly: "There is no difference between you and those people.

It should be the stepping stone for me, Gu Shaoyang, and it should be the stepping stone for me, Gu Shaoyang!"
