Chapter 541

""Five Elements Flow", after Gu Shaoyang understood all the second derived secrets of the Five Elements Law to more than 50%, it has long become the most powerful trump card in Gu Shaoyang's hand.

Adding 10% of the power of time, the power doubled.

Gu Hengbo originally had Being able to maintain a stalemate with Gu Shaoyang, this fragile balance was suddenly broken. The demonic black water river collapsed directly, Gu Hengbo let out an unwilling roar, and was swatted away by Gu Shaoyang's sword like an insect.

"Gu Shaoyang from Canglan Peak wins!"

An even bigger shock!

Everyone looked at Gu Shaoyang in shock, and the venue fell into a strange silence.

"Why did the power of his sword suddenly surge?!"

"What method is this?!"

"Could it be... some kind of supernatural power that defies heaven?!"

"Most likely!"

Everyone saw Gu Shaoyang's suddenly powerful sword, which sealed the victory, but they didn't know how the power of this sword suddenly increased. It was weird, mysterious, and made people shudder.

The sound of Gu Hengbo coughing up blood suddenly woke everyone up..

Gu Shaoyang has already won.

He has suddenly broken into the top twenty in the elite disciple competition!

Even Gu Hengbo was defeated by him. How many people are stronger than Gu Hengbo?

Gu Shaoyang is even qualified to compete for the top three. With a cultivation level in the middle stage of the Tianzun Realm!

It's terrifying just thinking about it.

There has never been a Tianzun Realm disciple in the Cangqing Sect who has been able to reach such a level, beating a group of peak True God experts completely out of temper.

573 "It's amazing."

Jiang Feng stared at Gu Shaoyang with burning eyes, and a smile appeared on his face.

Many Fengmai true disciples also set their sights on Gu Shaoyang.

If they had thought of recruiting Gu Shaoyang before, they have completely given up the idea now.

With the talent Gu Shaoyang has shown now, it is almost certain that he will become the fourteenth true successor in the future.

They cannot afford to recruit people like Gu Shaoyang!

People like Gu Shaoyang, they...Can't hold it down!

There were a lot of people waiting here at Canglan Peak. They were shocked, surprised, and complicated.

Yan Lou couldn't help but sigh and said: "We are both in the Tianzun realm, but I am not even qualified to carry Junior Brother Gu's shoes."

Shi Feichen's faint words immediately drifted into his ears.

"Not to mention that they are both in the Tianzun realm, so what if they are now at the peak of the True God realm? I'm not even qualified to carry Junior Brother Gu's shoes."

"Well..."

Yan Lou was speechless for a while, but after thinking about it he shook his head helplessly.

Shi Feichen was right.

So what if you are at the peak of the True God Realm? You are still not worthy of carrying Junior Brother Gu's shoes at the peak of the True God Realm!

Wherever Gu Shaoyang goes, everyone's eyes will move.

He has become the most eye-catching (aaa) point on the field.

Many disciples of Canglan Peak are looking at Gu Shaoyang with respect, which is more than awe for Lin Lan.

Lin Lan's attitude towards Gu Shaoyang has also changed.

"Brother Gu, thank you for your hard work."

Originally, Lin Lan was more pleased and respected Gu Shaoyang.

She vaguely put Gu Shaoyang on an equal footing with herself.

Because of Gu Shaoyang's existence, Canglan Peak has become the biggest dark horse in the elite disciple competition. , everyone's morale has increased a lot, and it is unlikely that Canglan Peak will be at the bottom.

There is no suspense in the next six and seventh rounds.

Even Gu Hengbo was defeated by Gu Shaoyang. Although the others are strong, they are also strong. But Gu Hengbo.

Gu Shaoyang advanced all the way to the semi-finals

"The first elite disciple of Cangqing Peak, Cheng Dao, is not inferior to the masters of Gu Hengbo, and then there are the two brothers of Xunyu and Xunjie from Cangtian Peak...."

Shi Feichen, who was introducing the remaining strong men on the field to Gu Shaoyang, paused here and said:"Actually, in the final battle of the top four, Junior Brother Gu only needs to pay attention to the Chengdao of Cangqing Peak, and Xunyu and Xunjie don't need to pay attention to it."

"Why?"

Gu Shaoyang's expression changed, "The strength of these two people cannot match Gu Hengbo?"

"You can say that."

Shi Feichen said, "The strength of any of them is slightly inferior to Gu Hengbo and Cheng Dao, but the number one in this elite disciple competition must be between the two of them...."

"What's the point?"

Gu Shaoyang frowned.

Shi Feichen smiled bitterly and said, "This is almost universally recognized, and it has always been like this before.

Xunyu and Xunjie are brothers from the same mother, and they are born with twin magical powers.

One person practicing is equal to two people practicing, and one person fighting is equal to two people fighting.

Regardless of cultivation or combat power, they can be completely superimposed on one of them.

So if you fight against them, it is equivalent to fighting against a strong opponent with twice the combat power of Gu Hengbo!

Tell me, how do you fight them?!"

Gu Shaoyang's eyes showed surprise.

Is there such a strange thing?

The power of twins is an extremely heaven-defying power.

"Doesn't that mean they have twice their own combat power at all times?"

Gu Shaoyang asked

"almost. Shi

Feichen nodded and explained:"Unless the two are far apart, the effect of the twin magical powers will be weakened." However, the two of them knew this weakness very well, and they were always inseparable, acting as each other's shadow.

Now is the martial arts competition. The distance between the two people is no more than one thousand meters, so there is almost no impact.

Unless the two of them draw the lottery to face each other in the final semi-finals showdown, others will have no chance at all.

But this is simply impossible..."

Shi Feichen smiled bitterly and said:"As long as Jiang Feng is here, it is impossible for the top four to fight between the people of Cangtian Peak and the people of Cangtian Peak."

Gu Shaoyang was silent.

Facts have proved that it is indeed what Shi Feichen said.

The results of the draw for the battle of the top four came out. Gu Shaoyang faced off against Xunyu, and Cangqingfeng Chengdao faced off against Xunjie.

The battle of Chengdao and Xunjie started first.

Cheng Dao has a handsome face and extraordinary temperament, but at this time his face is full of solemnity.

Xun Jie is handsome, with delicate features like a porcelain doll, but his eyes are cold and he doesn't have much human emotion.

"Taoism is born!"

When the duel began, Cheng Dao attacked first.

He shouted and slashed a sword towards Xunjie.

The sword was wrapped with five different colors of Qi.

Each Qi represented the power of a law.

The power of each law reaches the level of the second derived secret, with a comprehension level of 20 to 30%. The five laws and secrets complement each other, and the combined power is earth-shattering.

Cheng Dao's sword is "born with the law" and is not inferior to Gu Hengbo at all. "The waves of black water spread all over the world", but there was no fluctuation on the face of Xun Jie who was fighting with him.

Xun Jie's aura skyrocketed crazily in a few breaths, doubling its original volume, and approaching the realm of the God Lord infinitely.

He He slapped Cheng Dao lightly.

The power of eight laws was gathered in his palm.

For a moment, everyone on the field felt as if the sky was dark and the earth was dark.

When the sky lighted up again, Cheng Dao appeared on the competition stage with a pale face. He knelt on the ground with a sword on one knee.

Cheng Dao... was defeated!

A face-to-face confrontation

"call..."

Everyone couldn't help but let out a long breath, shook their heads and sighed: "How can we fight like this? It's impossible to fight at all."....

Chapter 542

The first person to defeat the elite disciples of Cangqing Peak, who was not inferior to Cheng Dao, the master of Gu Hengbo, but Xun Jie showed no expression as if he had just done an insignificant thing.

Gu Shaoyang's eyes narrowed slightly.

Twins' magical powers can be shared not only by superimposing their cultivation levels, but also by sharing the secrets of their respective laws.

Xunyu and Xunjie are equivalent to having one more clone than ordinary people. Whether it is cultivation or doing anything, they are twice as efficient as ordinary people.

It would be fine if they were just two mediocre people. However, any one of them in the Xun Realm is a top-notch genius. Their talents and qualifications are second only to Gu Hengbo Chengdao and his ilk.

"With the superimposed cultivation levels of Xunyu and Xunjie, they have completely reached the level of strength inscribed on the Tiandao Monument."

"If it weren't for the special circumstances, the two of them should have been engraved on the Tiandao Monument."

"There is no suspense in the final battle. Even if Gu Shaoyang is stronger than Cheng Daogu Hengbo, it won't help. The gap is too big..."

Everyone shook their heads and sighed.

This situation in Xunjie is really too shameless.

But I can't blame anyone, because the two of them are twins, and they have relied on their twins - supernatural powers to fight with others since they embarked on the path of cultivation.

It is equivalent to two people becoming one body, inseparable.

The same is true against one person, and the same is true against ten people.

"Junior Brother Gu..."

Lin Lan couldn't help but said to Gu Shaoyang: "Why don't we give up on this battle."

Gu Shaoyang pondered for a while and said, "Let's give it a try."

Lin Lan's eyes flashed and she stopped trying to persuade him.

When Gu Shaoyang stepped onto the stage, Lin Lan's eyes were filled with brilliance, and he said to Shi Feichen, Yan Lou and others next to him: "Doing something when you know you can't do it is for bravery."

Regardless of Junior Brother Gu's proud talent, this alone A distracted mind is something that ordinary geniuses cannot match."

Shi Feichen and others nodded slightly, and the eyes looking at Gu Shaoyang's back also showed a bit more admiration.

"Senior Brother Jiang Feng said that if you are promoted to the True God Realm, your name will be engraved on the Heavenly Dao Monument...."

Xun Yu, one of the Cangtian Peak twins, said to Gu Shaoyang expressionlessly: "Since it was said by Senior Brother Jiang Feng, it must be true."

But you are not my opponent yet. It is better to wait until you are promoted to the True God Realm and truly accepted by Heaven." On the day when the monument is inscribed, come and fight me again."

It makes sense.

Many people even heard a different meaning from it.

Senior Brother Jiang Feng...It seems that he admires Gu Shaoyang quite a lot.

However...

Gu Shaoyang shook his head and said to Xunyu calmly: "I think there is no need to wait until that time."

"Um?!"

Everyone on the field was stunned.

Then they all looked at Gu Shaoyang.

What Gu Shaoyang meant by this was...Is he confident of fighting Xunyu now?!

Can the Tianzun Realm challenge the peak strength of the True God Realm inscribed on the Tiandao Monument?!

Isn't this too crazy and too arrogant?!

Although the words are plain, the meaning revealed in them is so crazy that they are boundless.

"hehe.."

Many of the true disciples of Fengmai sneered, looking like they were waiting for a good show.

At Cangtian Peak, the young man in the center of heaven and earth had a faint smile on his lips.

His eyes hid the sun and the moon, and fell firmly on Gu Shaoyang. He didn't know what he was thinking about with the light.

"good. Xun

Yu also simply looked at Gu Shaoyang and nodded coldly:"I hope this battle will not frustrate your self-confidence. If your martial arts ambitions are frustrated and affect your future development, senior brother Jiang Feng will also be very disappointed.""

Gu Shaoyang smiled slightly and said,"This sentence is returned to you."

The two were tit for tat, and the field was already filled with the smell of gunpowder before they even started.

"snort!"

Xun Yu snorted coldly, and then the aura on his body began to surge.

The twin magical powers began to take effect.

Gu Shaoyang narrowed his eyes slightly.

From his perspective, the number and value of Xun Yu's attribute bubbles were also constantly increasing.

"External incarnation, twin supernatural powers...These magical powers are truly mysterious."

Gu Shaoyang whispered to himself.

Suddenly, Gu Shaoyang's eyes lit up.

"Symbiosis Law Fragment Properties*2844..."

As soon as this attribute bubble appeared, it immediately attracted Gu Shaoyang's attention.

The law of symbiosis?!

It was a law he had never seen before.

Could it be that this so-called law of symbiosis is the fundamental secret of the twin magical powers of brothers in Xun Realm?

Gu Shaoyang's eyes flashed with light

"Extract attributes!"

All kinds of mysteries about one body with two souls, two bodies with one soul, and twin souls and bodies flowed through his heart. In front of his eyes, there seemed to be broken and messy pictures of flowers blooming with twin stems, twin lotuses growing, nine-headed demon dragons, etc.

This time Gu Shaoyang did not choose to use the law of symbiosis to feed the other laws, but turned it into a seed and planted it in his heart.

When he opened his eyes again, Xun Yu had already slapped his head with a palm.

The secrets of the eight laws were entangled into a big hand that covered the sky, Unparalleled, indescribably shocking, with a terrifying momentum that would raze the entire main peak of the Cangqing Sect to the ground.

0·Please give me flowers·

It was the palm that Xun Jie used to defeat Cheng Dao before.

Already infinitely close to the realm of the God Lord, he is qualified to be inscribed on the Heavenly Dao Monument, and ranks among the top 108 True God Realm geniuses in the Great Thousand Domains.

Only by facing this palm directly can you feel how terrifying the power of this palm is.

Countless Cangqing sect disciples were shocked.

Not surprisingly, Gu Shaoyang will inevitably retreat like Cheng Dao and become another victim of the twins' magical power.

"hope..."

Lin Lan sighed softly, "Junior Brother Gu, can you not be affected by this palm and come out of the shadow of failure."

The more evil a genius is, the more proud he is, and the less he can bear the frustration of failure.

Any warrior who can achieve the title of Tianjiao has not defeated countless peers and even seniors along the way, and has long developed an invincible mentality.....

The invincible heart is rare and valuable. Once it is broken, the combat effectiveness will be greatly reduced immediately and it will take a long time to recover.

It's even...possible that it will never recover.

There are not many geniuses who disappear from the crowd after one failure, and those present have already seen too many of them.

Gu Shaoyang's talent is too good.

Just like a sword, if it is too sharp, once it breaks, it becomes more difficult to forge it again.

Gu Shaoyang took a deep breath, and the seven-star dragon abyss jumped up like a stream of light.

Five-color sword light leaped into the sky.

The secret of the Five Elements Law, the flow of the Five Elements!

The sword that defeated Gu Hengbo before.

Baigu Hengbo was enough, but it was far from enough to resist Xun Yu's eight-law palm.

But at this time.

The light of the five-color sword light suddenly doubled!

Everyone's eyebrows jumped.

This weird method again doubled the strength for no reason.

Unfortunately it's still bad.

Immediately afterwards.

Doubled again!

"Um?!"

Everyone was startled.

They haven't played yet.

The five-color sword light was like blowing air, and it skyrocketed crazily.

Double, double, triple...

It has surged seven times, reaching seven times its original power!

The five-color brilliance reflects the heaven and earth, covering up all the glorious colors between heaven and earth.

Even Xun Yu's palm seemed to become smaller.

"What?!"

Many disciples on the field exclaimed, and many Fengmai True Masters stood up suddenly with expressions of disbelief on their faces... Dao...

Chapter 543

Xun Yu, whose face had always been expressionless, like an indifferent statue carved from ice crystals, suddenly changed his expression at this moment.

For the first time, a panicked and shocked expression appeared on the cold face.

"How can it be?!"

The secrets of the Five Elements Law are circulating endlessly in the majestic universe.

The secrets of the Laws and Yuan Power on this sword obviously have not increased at all, but the power has increased seven times for no reason!

"What exactly is this method?!"

Everyone had expressions of disbelief and confusion on their faces. They stared closely at the majestic five-color sword light in the sky, with expressions of astonishment on their faces.

"Could it be some kind of supernatural power that defies heaven?"

"What magical power can increase the attack by seven times for no reason?!"

"Unbelievable..."

Gu Shaoyang's Five Elements Circulation, which was already far beyond the peak of the True God Realm, has once again increased by seven times, and its power is almost as powerful as that of the average God Master Realm.

In the middle stage of Tianzun Realm, one has "260" combat power with the power of God Lord Realm?!

Everyone on the scene could not find words to describe the shock in their hearts.

Xun Yu flew away like a rag doll under Gu Shaoyang's sword.

This battle was as everyone expected.

It was a one-sided situation right from the start, with one move deciding the outcome. only...The positions of the winners and losers were completely reversed. This was a result that no one expected.

Gu Shaoyang stood on the competition stage.

The eyes of countless people in the entire Cangqing sect were all focused on him.

At this moment, he took away the light of the sun in the sky, making it dazzling.

Even among the masters of many peaks and veins, the light of Jiang Feng, the only one who personally inherited it, was eclipsed by him for an instant.

"Another Jiang Feng!"

Such an idea suddenly popped into the minds of countless people.

Perhaps, stronger than Jiang Feng?!

Everyone seemed to see an extremely bright comet rising slowly, residing in the sky above the Cangqing Sect.

Perhaps, one day, this comet The stars will turn into the sun and shine throughout the universe

"You are the second person I admire..."

The defeated Xun Yu said to Gu Shaoyang with a complicated face, "The first one is Senior Brother Jiang Feng."

When Gu Shaoyang came down from the competition platform, the entire Canglan Peak was boiling.

Many Canglan Peak disciples looked at Gu Shaoyang with an almost fanatical look.

Gu Shaoyang's status in their hearts was almost as high as that of Lin Lan.

At Cangtian Peak, Jiang Feng's eyes were like the most precious jade in the world. He looked at Gu Shaoyang intently, smiled slightly, and whispered to himself: "Interesting, the Cangqing sect has finally become more interesting...."

Some people silently clenched the sword in their hands, their eyes wandered back and forth between Jiang Feng and Gu Shaoyang, and then fell completely silent again, keeping a low profile.

It's Lei Jianzi.

High above the main peak, a certain figure that had been half-hidden since the beginning of the competition and could only be vaguely seen seemed to be looking at Gu Shaoyang through the clouds and mist.

An old voice sounded in the clouds and mist

"Still can't suppress him..."

"I don't know if this son is a blessing to my Cangqing sect."

"Let's see again"

"Why..."

The subsequent battles between the true disciples of the Zhumai were not as exciting as the battles between the elite disciples.

Firstly, the cultivation level of many true disciples is in the realm of God Lord. A small progress in the realm of God Lord needs to be measured in hundreds, thousands or even ten thousand years.

The time interval between a mere martial arts battle will not make much difference to their strength.

In addition, every pulse master has tacitly chosen to reach the point, so the ranking is almost the same as the last martial arts competition.

Lin Lan was a woman who did not outshine her men and won the seventh place in the True Legend Competition.

The first place is Cangtian Peak. Jiang Feng did not end up. Lei Jianzi's skills surpassed the others.

Zhao Duquan from Cangmo Peak ranked second, followed closely by Lin Qiandao from Cangqing Peak.

Liang Qiuhua ranked eighth behind Lin Lan.

Taken together, Canglan Peak's performance in martial arts is pretty good, ranking fifth.

This is considered the best result in Canglan Peak's history.

It is conceivable that the resource quota available to Canglan Peak will be greatly increased in the next period of time.

And everyone knows that all this was brought about by Gu Shaoyang.

After the martial arts competition between various veins, Lin Lan directly appointed Gu Shaoyang as the deputy pulse master of Canglan Peak, and his position was higher than that of Shi Feichen, Yan Lou and others.

No one has any objections, Gu Shaoyang's strength is the best proof.

The one with the most complicated mood was probably Xiao Chuhan.

Chu Han, the martial artist of the Zhumai Association, did not go to watch because he was in seclusion. When he heard the news that Gu Shaoyang had surpassed the peak of all the true gods of the Thirteen Peaks with his Tianzun cultivation, he was completely stunned.

He had fought against him once before, but he was only slightly stronger than him.

Now that he had completely jumped into the clouds, he tried to raise his neck and couldn't see Gu Shaoyang's back.

Gu Shaoyang also received a lot of benefits. Lin Lan waved his hand and took away the resources of Canglan Peak....

Gu Shaoyang is currently in the middle stage of Tianzun's cultivation. His laws, mysteries, and other realms are adequate. The only thing missing is his Yuanli cultivation.

What he lacks most now is vitality. As long as there is enough vitality, Gu Shaoyang's cultivation can soar without any hindrance. only...

The amount of energy he needed was simply too great.

After being promoted to Tianzun, the bottomless pit of the Chaos Realm began to show its greedy side again, and began to compete with Gu Shaoyang for the vitality absorbed during training.

Gu Shaoyang devoured nearly a million top-quality Yuan Crystals, and his cultivation only improved by a few percent.

I also went to Hualong Pond once.

After draining fifteen hundred-fold vitality pools at once, he could barely push his cultivation level to the peak of the middle stage of Tianzun.

The disciple on duty at Hualong Pond was now afraid when he saw Gu Shaoyang.

He was already absolutely certain that Gu Shaoyang was the culprit who drained the hundred-fold vitality pool, but he had nothing to do with Gu Shaoyang.

After the Zhumai martial arts competition, Gu Shaoyang's name had already spread throughout the Cangqing sect.

It is favored by countless people and is very likely to be the next one.

Furthermore, Senior Brother Jiang Feng Jin Kou Yu said that he concluded that Gu Shaoyang would definitely go to the Heavenly Monument.

How could he offend a small disciple on duty?

Even if he dares to report it to the sect, I'm afraid the sect won't pay attention to it. In the end, he won't have to solve it by himself.

So now he saw that Gu Shaoyang was hiding as much as he could. Fortunately, Gu Shaoyang also lost interest in Hualong Pond after the Hundred Times Vitality Pond was basically dried up.

On this day, Gu Shaoyang was practicing silently in the cave. Suddenly Shi Feichen visited again.

"Gu...Junior brother Gu, how are you these days?"

Shi Feichen looked a little embarrassed when he called Gu Shaoyang.

Gu Shaoyang was more than ten times stronger than him, but his cultivation level was only in the middle stage of Tianzun. This made him not sure whether to call him Junior Brother or Senior Brother.

Gu Shaoyang nodded. , called out:"What is the reason for Senior Brother Shi coming here? Shi

Feichen expressed his intention:"Yunzhou Tianyuan Martial Realm has been opened. Is Junior Brother Gu interested in going to check it out?"

"Tianyuan Martial Realm?"

A strange look flashed in Gu Shaoyang's eyes. Shi

Feichen then explained:"The Tianyuan Martial Realm only allows warriors below the Divine Lord Realm to enter. The heaven and earth energy inside is extremely abundant. Junior Brother Gu is currently in a period when he needs a lot of energy to consolidate his cultivation." , that is an extremely suitable place."

When Gu Shaoyang heard this, his heart suddenly moved, and he nodded and said: "It all depends on Senior Brother Shi's arrangement."

Chapter 544

After coming to the Great Thousand Realm for several years, Gu Shaoyang has already understood the pattern and distribution of the Great Thousand Realm.

There are a total of nineteen states in the Great Thousand Territory, and the territory of each state is more than a hundred times and a thousand times larger than that of the Middle Thousand Territory.

The Cangqing sect belongs to Qingzhou among the nineteen states.

Qingzhou is adjacent to Yunzhou, and Cangqing Sect is located on the border of Qingzhou and Yunzhou, very close to Yunzhou.

So this time when the Tianyuan Martial Realm opens, the two factions of Cangqing Pixiu and many True God Realm experts from Qingzhou will rush there.

"The small worlds opened up by the ancient powers disappeared in the long river of time, but the small worlds opened up remained....

Some were annihilated by the void, while others would see the light of day again from time to time.

These small worlds are collectively called Tianyuan Martial Realm..."

Shi Feichen explained to Gu Shaoyang: "The rules of heaven and earth in each Tianyuan Martial Realm are different and have many restrictions. Those born this time are those who have surpassed the True God Realm and cannot enter. In most Tianyuan Martial realms, the vitality of heaven and earth is extremely abundant. , can even 04 condense into vitality pools and vitality lakes....

There are also various martial arts and secret treasure inheritances that have been passed down from ancient times.

Gu Shaoyang thought for a while and said, "When will we set off?" Shi

Feichen replied:"I, Yan Lou and several close disciples from Cangxing Cangbai Fengmai plan to set off tomorrow. What does Junior Brother Gu think?"

If you don't have time to prepare, you can just wait a few more days."

A group of people at the peak of the True God Realm are waiting for a Heavenly Master. No one may believe it if they say it.

But it is indeed the case.

With Gu Shaoyang's current reputation and status, a group of powerful people at the peak of the True God Realm are waiting for him willingly.

Gu Shaoyang has nothing to prepare for. Agree.

The next day, Gu Shaoyang rushed to the place agreed with Shi Feichen.

Outside the Cangqing sect, a huge building spaceship was hovering quietly, with several young men of extraordinary temperament standing on the bow. Shi Feichen Yan Lou and others were among them.

Seeing Gu Shaoyang flying over, Shi Feichen immediately showed a smile on his face, turned to the others and said,"Junior Brother Gu is here."

Gu Shaoyang stepped onto the boat, and everyone greeted him one after another. Gu Shaoyang had seen them one by one.

After the martial arts competition between the various veins, Gu Shaoyang's reputation was at the peak of the sky among the Cangqing sect. Except for the masters of the peak veins in the God Lord Realm, he was the most The light was dazzling, so naturally many people came up to him and tried to make friends with him.

On this trip to Canglan Peak, Shi Feichen, Yanlou and Gu Shaoyang were the only ones on the trip, and the others were from Cangxing Peak, Cangbai Peak, etc., a total of five people.

Among them. There was also a woman.

She only had the cultivation level of the late True God. She looked like an all-rounder and was good at dancing. She was also particularly attracted to Gu Shaoyang.

Gu Shaoyang knew that the building ship belonged to Shi Feichen and was too lazy to deal with these people, so he gave Shi Feichen a fight. After saying hello, I went directly inside to retreat.

"Although his talent is good, his temper is too bad."

As soon as Gu Shaoyang left, some people couldn't help but complain.

A young man with narrow eyebrows and a feminine face sneered and said to Shi Feichen and Yan Lou: "Brother Shi, Brother Yan, tell me what you shouldn't say. do not be angry.

I'm afraid you, Canglan Peak, will avoid suffering during this trip.

Someone next to him immediately echoed: "Brother Ming is right." The Tianyuan Martial Realm born in Yunzhou will definitely attract many True God Realm geniuses from Qingzhou and Yunzhou.

Although Gu Shaoyang is a great genius in our Cangqing sect, there are too many people better than him in Qingzhou and Yunzhou.

Moreover, in the final analysis, he is only at the level of Tianzun.

He is also arrogant and arrogant. If there is a dispute with others, it will bring disaster to us."

"Yes, Brother Shi and Brother Yan should find an opportunity to persuade him."

A few people spoke one after another. Both

Shi Feichen and Yan Lou looked a little ugly, but they managed to squeeze out a smile to deal with a few people.

After everyone had dispersed, Shi Feichen said: "Junior brother Gu devoted himself to martial arts, but in the end he failed. Being teased like this behind my back..."

Yan Lou said coldly: "Senior Sister Lin Lan is right. Instead of spending time and energy on dealing with these people, it is better to retreat several times."

Shi Feichen nodded: "After this trip, we will break up with them." Come on."

Then he added thoughtfully: "But what they said is not completely unreasonable. Qingzhou and Yunzhou are too big and have too many geniuses. They want to remind Junior Brother Gu to avoid trouble...."

The two discussed for a few more words and then went back their separate ways.

Gu Shaoyang had not left the house since the first day on the boat. Ten days later, he was awakened by Shi Feichen's message and walked out of the room.

"Yunzhou has arrived."

The building boat stopped outside a huge city and was put away by Shi Feichen.

"This city is called Mirage City. This time, the Tianyuan Martial Realm was born more than 10,000 miles away from Mirage City. Let's enter the city first and inquire about the situation before making plans."

A group of people entered the city.

At this time, there were many powerful people gathered in Mirage City. True God Realm was everywhere, and people like Gu Shaoyang, who were in Tianzun Realm, were considered a rare species.

Shi Feichen led everyone into the largest teahouse in Mirage City. , find a place to sit down and listen to everyone talking in the teahouse

"Three days ago, Sikong Fu, a true disciple of the Xingyun Sect, obtained a divine treasure in the Tianyuan Martial Realm. He was really the envy of others!"

"The true disciple of the Alchemy Sect, Luo Hongwen and the Martial Realm, used half-step king soldiers to kill seven true gods in one breath. Didn't you see? Who said that the Alchemy Sect disciples only know how to refine elixirs?..."

"Have all the half-step king soldiers been brought out? Darling, this Danding Sect is really rich and powerful."

"Even if Luo Hongwen showed off his half-step as a king soldier, he wouldn't be afraid of being robbed?"

"Haha, so there is no trace of Luo Hong's 560 pattern recently. At least four or five sects' true successors are looking for trouble with him, partly seeking revenge and partly coveting the half-step king soldier in his hand."

The news that can be said casually in the teahouse lobby is naturally not valuable news. Shi Feichen and others frowned slightly when they heard it, but Gu Shaoyang listened with gusto.

Above the first-grade elixir of heaven is the divine treasure Medicine.

Every magic medicine is a great opportunity that can be encountered but cannot be sought. Unexpectedly, there is a magic medicine in the Tianyuan Martial Realm this time, which is really exciting.

There is also a magic weapon.

Above a magic weapon It is a king's weapon.

As the name suggests, only those who are powerful in the God King Realm are qualified to use it and have the ability to exert its full power.

Even those who are powerful in the Divine Lord Realm rarely hold it.

I didn't expect that the true inheritance of the Alchemy Cauldron Sect would be in my hand. There was actually a half-step king's weapon.

No wonder he was being chased so much that he didn't dare to show his face.

Just as he was listening, there was suddenly a huge roar and commotion outside the teahouse.

This sound attracted the attention of everyone in the teahouse. Everyone looked outside.

Then they heard a loud roar in the sky outside Mirage City: "Bei Mingjue, don't bully others too much!"

Gu Shaoyang, who was drinking tea, suddenly stopped what he was doing, and his eyes suddenly lit up.

Bei Mingjue is here too?!

Chapter 545

"boom!"

"boom!"

There was a huge roar outside the teahouse. It was two powerful beings colliding with each other.

Many people in the teahouse heard the sound and walked out, and Gu Shaoyang and others followed.

I saw that above the mirage city, the vitality of the world was disturbed. It looked like paste.

Two powerful figures stood in the void.

One looked heroic and angry, while the other looked haggard, like a living dead, and his eyes were frighteningly cold. It was Bei who had been robbed of the Golden Peng Fruit by Gu Shaoyang before. Mingjue.

The two fought continuously, and Bei Mingjue steadily put the heroic young man at a disadvantage.

His fingers were like piercing flowers, giving people an inexplicable feeling of exquisiteness, complexity and beauty.

Streams of light shot out from Bei Mingjue's hands, Submerged into the void, forming an inexplicable killing trend, which suppressed the heroic young man opposite and could not even lift his head.

"It's Tang Hao from Cangmang Cave. He can be regarded as one of the most powerful young men in Yunzhou. He is not inferior to the ordinary sect's true successor. How come he is suppressed like this by the weirdo opposite?"

The people below exclaimed.

Someone recognized Bei Mingjue's identity and said, "That is Bei Mingjue of the Qingzhou Pixiu Sect. He is a dual expert in the forbidden body and has been engraved on the Heavenly Dao Monument.

It's normal for Tang Hao to be suppressed by him"

"Ever been inscribed on the Tiandao Monument?! So strong!"

"Bei Mingjue's forbidden method is so terrible. He kills all living beings and is invisible. It is not unfair at all for Tang Hao to be suppressed by him."

"This guy has an unstable temperament and is moody, so it's better to avoid provoking him less."

Shi Feichen and others also recognized Bei Mingjue, and their expressions were slightly condensed.

"Unexpectedly, Bei Mingjue also came."

"I just hope I don't run into this vicious talent in the Tianyuan Martial Realm."

Gu Shaoyang's eyes were very bright.

Now, both his physical training and the mysteries of the law have greatly increased, and he is eager to fight Bei Mingjue again. He only saw Bei Mingjue's "body" last time, this time, he wanted to see Bei Mingjue's "forbidden".

The gentle-faced disciple who had mocked Gu Shaoyang behind his back before saw Gu Shaoyang's appearance and couldn't help but sneered and said: "Junior brother Gu, you should not be impulsive.

Although Senior Brother Jiang Feng Jinkou Yuyan concluded that you can go to the Heavenly Monument, it is only possible for you in the future.

Bei Mingjue is a genius and evildoer who has actually been inscribed once on the Tiandao Monument.

The gap between you and him is too big. Don't do that thing of throwing an egg at a stone and destroying all the possibilities in the future..."

This person's words seemed to be good words of advice, but they sounded strange and sinister.

Gu Shaoyang glanced at him lightly and said nothing. He just continued to stare at the fight between Bei Mingjue and Tang Hao.

When the Yinrou disciple saw Gu Shaoyang's disdainful look, a sneer appeared on his lips, he shook his head and said nothing.

Shi Feichen and Yan Lou had complicated looks in their eyes.

The two of them knew that Gu Shaoyang could physically match Bei Mingjue before participating in the Zhumai Martial Arts Competition, let alone now.

Saying it will definitely shock a few people.

However, Gu Shaoyang didn't bother to mention it, and they were embarrassed.

It's just that the idea of returning to the sect and severing contact with these people became more and more determined in my heart.

"puff!"

Not long after, Tang Hao finally arrived in the sky.

Bei Mingjue's restraint method was too cruel, and Tang Hao was covered in wounds. Although they healed quickly, he still looked bloody and miserable.

"Bei Mingjue, I'll give you what you want!"

Tang Hao shouted sharply and threw a black iron-like object in one direction.

Bei Mingjue's eyes suddenly lit up and he stretched out his hand to grab the black iron piece.

Tang Hao took this opportunity to move in the opposite direction. Flying away quickly.

The black iron piece was caught in Bei Mingjue's hand. He didn't seem to have any intention of killing Tang Hao. He glanced at Tang Hao's retreating back and stopped looking at it.

With the power to repel Tang Hao, Bei Mingjue's ferocious flames surged into the sky. He stood in the void, overlooking the people in the city. In the absence of the geniuses of the same level as him, no one in the huge mirage city dared to look at him.

Bei Mingjue's momentum was unprecedented.

An ugly smile appeared on Bei Mingjue's face, with white teeth.

He seemed to be satisfied with everyone's reaction and was about to leave.

Suddenly, at this moment, a red light lit up in the eastern sky.

It was similar to the red light of the rising sun. The sky was covered with clouds.

The sun was clearly hanging high above our heads, and two suns seemed to appear in the sky at once.

One was the scorching sun, and the other was the early sun.

Everyone subconsciously looked towards the eastern sky.

Only a human figure was seen in the red clouds. Stepping on the glow, he walked towards Mirage City step by step.

He walked very slowly, but one step was thousands of miles away. In just the blink of an eye, he was in front of everyone.

Everyone could see this man clearly. He was eight feet tall. He has a majestic figure, wearing a white robe, his eyes are deep and dark, and his facial features are full of edges and corners like knives and axes. When he walks, it is like the rising sun and a big sun outing.

He gives people a majestic look that is shining in all directions and full of golden light. feel

"This person...who is it?!"

Even Bei Mingjue's face became slightly solemn when he saw this person.

The appearance of this person made countless true god powerhouses in Mirage City feel a great sense of oppression and looking up.

Some people in the crowd frowned, and then opened their eyes. With big eyes, he finally exclaimed in disbelief:"~He...he...he is Jin Donglai!"

"Jin Dong is coming!"

"Jin Dong, the Holy Son of Shenzhao Sect, is coming?!"

"Hiss hiss..."

Many people on the field seemed to react all of a sudden, with shocked faces and gasps.

"I didn't expect him to come too!"

"Maybe he wants to use the resources of this Tianyuan Martial Realm to increase his foundation and attack the God Lord Realm!"

"When Jin Dong comes, how can the other geniuses have any drama... ugh..."

When Gu Shaoyang saw Bei Minjue seeing this young man in white who was as dazzling as the sun, his face became extremely solemn and gloomy, and there seemed to be a trace of strong unwillingness surging in his eyes.

"Jin Donglai, the Holy Son of the Great Sun..."

Gu Shaoyang muttered the name, "Who is he?"

Shi Feichen next to him said in a low voice: "Jin Donglai is the first true disciple of the Shenzhao Sect. The Shenzhao Sect has a powerful person in the Divine Realm who is in charge, who is better than our Cangqing (The Wang Zhao sect has become more than ten times more powerful.

As for Jin Donglai, he is truly a genius engraved on the Tiandao Monument. He is currently ranked 83rd on the list of True God Realm on the Tiandao Monument!

As soon as he comes, everyone is stressed..."

The supreme genius ranked 83rd on the list of true gods of the Tiandao Monument?!

Gu Shaoyang's mind was slightly shaken, and something appeared in his eyes.

Fascinating, and fighting spirit.

How powerful is the character who ranks 83rd in the realm of true gods in the entire Daqian Realm?

I'm really curious and really want to try fighting with him....

Gu Shaoyang's hand holding the sword seemed to be a little tighter.

Jin Donglai turned a blind eye to everyone's gazes and walked into the mirage city by himself.

Wherever he went, the crowd separated automatically. Under the silent pressure, no one dared to speak, and even the sound of breathing seemed to be muted.

Gu Shaoyang saw Jin Donglai walking not far from him.

There are attribute bubbles appearing on Jin Donglai's body...

Chapter 546

Jin Donglai's body has more than ten times the bones, understanding, and energy attribute bubbles that Gu Shaoyang had on the first-class person in the ancient Hengbo Xun domain.

Extremely rich.

Moreover, Jin Donglai came to the sun like the rising sun, and there were corresponding law fragment attribute bubbles emerging from his body.

"Law of Fire Fragment Properties*3848"

"Extract attributes!"

Gu Shaoyang directly extracted all the attribute bubbles from Jin Donglai's body.

Suddenly, a stream of mysteries about the law of fire flowed through Gu Shaoyang's heart.

"The third derived secret of the Law of Fire!"

Gu Shaoyang's eyes lit up quickly, as if there were two red suns rising in his pupils, scorching his beauty.

The third derivative of the law of fire, which includes the meaning of rebirth, hope, vitality, etc., manifested in Jin Donglai. What came out was the majestic atmosphere of the rising sun.

"Jin Donglai's Law of Fire has at least reached the perfection of two mysteries, and more than 50% of the third mysteries...."

Gu Shaoyang slowly exhaled and thought to himself: "No wonder it is engraved on the Heavenly Dao Monument."

Being able to comprehend three derived mysteries from the power of a law is already considered a leader in the True God Realm. Jin Donglai perfected the two mysteries. Five percent of the mysteries are planted. Just think about it and you will know how terrifying it is.

Jin Donglai booked the best meditation room in Mirage City and never showed up again.

But even if Jin Donglai is not exposed to the public eye, everyone will feel like there are 830 heavy rocks weighing on their hearts when they know that he is in the city now.

The sky above Mirage City seemed to be shrouded in dark clouds, making everyone breathless.

"Even Jin Donglai is here. It seems that the Tianyuan Martial Realm born this time has a lot of good things...."

Shi Feichen and others discussed and analyzed: "But because of this, we should enter the martial arts realm as soon as possible and try our best to stay away from such top-level monsters, otherwise it will be bad if we are involved in the battle of top-level monsters."

Everyone said. Agreeing with Shi Feichen's judgment, he chose to enter the Tianyuan Martial Realm that day.

Ten thousand miles away from the Mirage City, over a mountain range, a sheet of radiance shrouded the sky, presenting a translucent light film. It seemed that as long as you passed through it gently, you could reach another world.

Shi Feichen drove the flying boat into the light film.

An extremely abundant energy of heaven and earth immediately rushed towards him.

Gu Shaoyang's spirit was shocked, and at this time, the building and spaceship quickly fell from the sky.

Everyone rose into the sky. Shi Feichen put away the flying boat and said, "The rules of the world here are a little different, and the flying boat cannot be used."

What appeared in front of Gu Shaoyang was a continuous mountain range, lush and green, the sky was clear but there was no sun, and there was no sun in the air. It seems to be filled with a fresh fragrance

"Heavenly elixir!"

Suddenly, someone shouted low and flew into a mountain range below. After a few breaths, he reappeared in front of everyone.

A lavender, vigorous *Ganoderma lucidum* appeared in his hand.

"Purple *Ganoderma lucidum* at the seventh level of heaven is very lucky."

This man seemed to be in a good mood. He was also sharp-eyed and immediately discovered opportunities that others had not seen.

The expressions of the other people also became eager to move.

The resources of this Tianyuan Martial Realm are beyond their imagination. , Heaven-level seventh-grade elixirs can be found everywhere, and there are no powerful monsters to protect them. It is

simply a treasure place. The feminine young man with narrow eyebrows immediately said:"What should we do next?"

The feminine young man was looking at Shi Feichen, and Shi Fei looked at Gu Shaoyang.

Gu Shaoyang said calmly:"Don't worry about me. Brother Shi, you should know better. I will find a place with abundant energy to retreat."

Shi Feichen nodded and handed Gu Shaoyang a jade talisman for communication.

"If you have any questions, please contact us via Jade Talisman."

Gu Shaoyang agreed and immediately turned around and left without looking back.

"Haha... Junior Brother Gu's temperament is really arrogant."

The feminine young man laughed a few times.

Someone echoed:"It's okay if he leaves, so that the things he gets will not be easily distributed."

Gu Shaoyang's strength is much stronger than everyone else. If he really wants to take something by force, no one can do anything to him. But

Shi Feichen and Yan Lou had expressionless faces and said coldly:"Everyone, hurry up. Let's go"

"What Brother Shi said is absolutely true."

The group chose a different direction from when Gu Shaoyang left and flew quickly.

"Fubao!"

After Gu Shaoyang left Shi Feichen and others, he summoned the Ten Thousand Years Jade Ginseng Fu Bao.

The Fu Bao still looked fat and white, but all the jade whiskers on his head had disappeared and turned into four jade handles. The small sword was stuck behind his back.

The aura exuding from Fu Bao's body also changed from the original mellow and peaceful to extremely sharp and full of aggression.

"Master!"

As soon as Fu Bao (afdb) appeared, it respectfully bowed to Gu Shaoyang as a disciple.

During this period, it had mastered the thousand heaven-level sword techniques that Gu Shaoyang had taught it before, and mastered all its skills. The pure vitality is transformed into sword energy.

The current combat power is weaker than that of ordinary Tianzun in the later stage, which is already extremely impressive.

Gu Shaoyang looked at it and nodded slightly, and said:"I still need to use your magical power. Find me the elixir and a place where my energy is abundant."

Fu Bao nodded obediently and jumped down from mid-air.

The earth, rock and mud were like water to it, and it quickly submerged into the ground and disappeared.

Gu Shaoyang followed Fu Bao's breath and moved forward.

With Fu Bao's Innately gifted with supernatural powers, all kinds of heaven-level elixirs were picked up at will like carrots and cabbages in front of Gu Shaoyang. In just half a day, Gu Shaoyang got more than ten heaven-level elixirs.

The resources of this Tianyuan Martial Realm are indeed rich, and Gu Shaoyang I didn't encounter any powerful monsters along the way.

"Master! Master!..."

Suddenly Fu Bao screamed in surprise, jumped out of the ground, pointed to a place in front and shouted to Gu Shaoyang eagerly.

Fu Bao couldn't speak much yet, and he could only shout "Master" most eloquently.

So whenever it gets excited, it will just shout "Master, Master", which is very naive.

Gu Shaoyang flew in the direction pointed by Fubao.

As soon as his eyes moved, he did feel an extremely strong breath of vitality.

However, there is no fragrance of the elixir, and it doesn't look like it comes from the elixir.

After crossing a mountain range and finally arriving at the target location, Gu Shaoyang's eyes suddenly froze, and then showed a look of joy.

He saw a huge green lake under him. The lake was full of vitality, and a white mist on the lake remained.

It is clearly a lake made entirely of condensed vitality!

"It contains more vitality than a hundred-fold vitality pool of the Cangqing Sect, which is exactly what I want!"

Gu Shaoyang had a smile on his face and descended.

Just when he was less than a hundred meters away from the lake, the lake suddenly broke open, and a poisonous dragon with dense green scales opened its mouth and bit at him.

The poisonous dragon at the peak of the True God, has horns on its head and four claws on its belly.

If it were in the Zhongtian Domain, it would already be a true dragon-like existence, enough for countless warriors to worship.

There was no emotion on Gu Shaoyang's face, as if he had expected the appearance of the poisonous dragon.

Gu Shaoyang casually said He punched the poisonous dragon on the head.

The void shook, showing black ripples visible to the naked eye, and then he lightly slapped the poisonous dragon on the head.

"Crackling!"

Poison Dragon's whole body immediately erupted with a series of crackling sounds like firecrackers, without even a whine, it fell straight down.

"Don't dirty my lake water."

Gu Shaoyang casually put the dead poisonous dragon into the soul storage bracelet with a casual move. Killing the monster poisonous dragon at the peak of the True God with one punch was as easy and satisfying to Gu Shaoyang as swatting a fly to death. Onlookers watched from the side.

The Fu Bao was dumbfounded, with its little mouth wide open in shock, looking so cute and cute. Even if you think about it, you can't figure it out.

Why is it that Gu Shaoyang's vitality is almost the same as it, but he can kill it at will, which is a hundred times stronger than it? It's twice as powerful a monster.

I can't figure it out at all.

Fu Bao's eyes looking at Gu Shaoyang became even more admiring and admiring.

"Master... the most powerful!"

Chapter 547

Gu Shaoyang slowly submerged into the Yuanqi Lake.

When his figure disappeared without a trace, a whirlpool immediately appeared on the Yuanqi Lake.

It was small at first, then grew larger and larger, and finally expanded to the size of the entire lake.

It was as if there was a terrifying ancient behemoth under the water, opening its big mouth and frantically devouring the lake water, and the water level of the lake was also slowly dropping.

Fu Bao looked at the movement of the lake with an astonished expression on his white and tender face, and then turned serious again.

Fubao took off all four jade-bearing swords from his back and assumed a posture of alertness at all times.

It was fulfilling the duty of a sword-wielding boy and protecting Gu Shaoyang in seclusion.

After being facing a formidable enemy for a while, Fubao seemed a little tired.

He tilted his head and thought for a while, then sat cross-legged in the void and began to meditate.

Illusory sword lights danced vertically and horizontally above its head. It was once again studying the sword skills that Gu Shaoyang had taught him.

The Realm of Chaos is like a greedy mouth, a bottomless pit that is insatiable, madly devouring waves of pure vitality that Gu Shaoyang has sucked into his body.

Gu Shaoyang can only rely on a little bit of vitality pulled out from the teeth of the Chaos Realm to improve his cultivation.

Fortunately, this Yuanqi Lake, which is completely condensed from the energy of heaven and earth, is big enough. Gu Shaoyang's cultivation level is slowly but surely improving.

"click..."

It was as if some shackles had been broken.

In the later stage of Tianzun, things will fall into place.

The vortex on the Yuanqi Lake seemed to stagnate for a moment, and then began to spin rapidly again.

Gu Shaoyang worked non-stop and continued to hit the peak of Tianzun Realm.

Time passes day by day.

When the sword light above Fu Bao's head changed to the seventh different sword technique, a fierce sound of breaking through the air suddenly came from the sky.

Two escaping lights flew towards this place side by side.

Fu Bao suddenly shuddered and woke up from his meditation.

Seeing the approaching light, Fu Bao bawled for a while, and all four small swords behind him flew up and floated above its head.

Her fair little face was tense, with a nervous look on her face

"Haha, I didn't expect that the Tianyuan Martial Realm I was born in this time would be so rich. All kinds of heaven-level and earth-level elixirs are everywhere. This trip has been quite fruitful!"

"Who says otherwise? This trip is equivalent to the decades I have spent working in the sect."

Among the escaping lights were two young men with impressive figures. They were wearing the same cloud-patterned robes, as if they came from the same sect. The two of them were smiling, chatting and laughing happily.

The two escaping lights quickly approached Yuan Qi. lake location

"Huh?"

"What a rich vitality of heaven and earth!"

"They all condensed into liquid and gathered into a lake! Incredible!"

The two people immediately discovered the existence of the Yuanqi Lake, and then naturally saw the strange phenomenon of the huge whirlpool in the Yuanqi Lake, and their faces immediately showed a look of surprise.

"What an amazing weather!"

"Is it possible...Are there any ancient treasures down there?!"

The eyes of the two of them were shining, and they wanted to go into the water, but they were a little worried.

While they were hesitating, there was a sudden sound of "babba babbling" coming from their ears.

"leave...Walk!"

Fu Bao tried his best to show his teeth and show his fierceness to the two Qingwei.

However, it was too white and fat. Instead of looking fierce at all, it looked cute and cute.

The two young people took a look. Fu Bao, eyes full of surprise

"Ten Thousand Years Jade Ginseng?!"

"It seems that he is not only ten thousand years old, but also has spiritual intelligence!"

"Ha ha..."

The two of them laughed, with cheerful expressions on their faces

"This kind of spiritual creature is of the highest quality whether it is made into medicine or sold to people as pets.

Don't the disciples of the Alchemy Sect most like to grab the jade ginseng that has opened up the spiritual wisdom to make alchemy boys and refine living elixirs?

Just catch it and sell it to them, it will be worth at least the value of a second-grade heavenly elixir!"

The two young men were in a very good mood. One of them was talking and laughing and reached out to grab Fubao.

Fubao scolded, and the four jade-bearing swords above his head spun around in a circle and stabbed at the two of them quickly.

The four-handed jade-bearing swords They each displayed their own different sword techniques, and each sword technique showed a faint and different meaning of the sword.

It formed an inexplicable strangulation force, and Fu Bao was equivalent to Tianzun's middle-stage vitality cultivation. In an instant, it can burst out a powerful combat power that is not weaker than Tianzun's later stage.

But...

The young man in moiré robes who attacked Fubao was at the peak of the true god's strength!

In their eyes, Fu Bao's attacks were no different than a child waving a few sticks around.

Fu Bao's sword energy shot past, unable to even penetrate the protective energy of the two men.

The young man in the moiré robe exclaimed, with a surprised look on his face.

"Still practicing swordsmanship? Could it be that there is an owner?"

The two of them thought of the existence under the Yuanqi Lake for a moment.

The young man who took action hesitated for a moment, but soon continued to press down with his big hand.

0····Asking for flowers···

"So what if there is a master? The one who can make the Jade Ginseng boy of Tianzun Realm protect the Dharma, his own cultivation level is definitely not that high, let's catch him first."

As he spoke, the strength in his hands became stronger.

Fubao was so frightened by the young man's power that he screamed "Ah", put away the four jade-bearing swords, shrunk his neck and got into the ground. If you can't beat him, run away.!

The last word is Fubao's most commonly used strategy for tens of thousands of years.

"Want to leave?!"

The young man snorted coldly.

With his cultivation at the peak of the True God Realm, if a sixth-grade heaven-level elixir slipped away under his nose, he would really be laughed out of his mouth. The young man flexed his fingers slightly and felt empty. It was like a membrane that was caught by an invisible force and "raised".

The next moment, Fu Bao's figure suddenly flew out of the soil.

He was held by an invisible force, his limbs were dancing wildly, and he kept shouting in a panic.....

"Master...save...Run..Danger!"

Fu Bao shouted loudly in the direction of Yuanqi Lake.

The young man understood some of its meaning, smiled slightly, and said lightly: "It's useless to call Master, no one can save you."

Seeing that Fu Bao was about to be taken into the palm of the young man's hand.

Suddenly, an inexplicable power seemed to descend from heaven and earth. The expressions of the two young men suddenly changed, and their faces showed a look of uncertainty.

They all felt an inexplicable power in an instant. The throbbing feeling is like a sword hanging above my head, which will fall at any moment.

I want to explore it, but I can't find it.

"what happened?"

The two looked around subconsciously.

Suddenly one of them opened his eyes wide and pointed at an exit and whispered: "Look."

The other person quickly followed the sound and saw the Yuanqi Lake not far in front of them.

The whirlpool in the lake suddenly became more than a hundred times faster.

The huge Yuanqi Lake dried up quickly and bottomed out at a speed visible to the naked eye.

The lake water disappeared, and part of the Yuanqi Lake disappeared. The liquid turned into vitality again and rose up.

And among the clouds of white air, a slender and tall figure sat cross-legged at the bottom of the lake.

It was a handsome and graceful young man.

The two frowned, looked carefully, and then relaxed their brows. , with a sneer of ridicule and disdain on his face

"It turned out to be just a peak Tianzun..."

Before he finished speaking, the handsome young man suddenly opened his eyes.

It was as if a divine sword that cut off the long sky came out of its sheath and pierced the sky. Even the sun dimmed at this moment....

"Do you even dare to touch my disciples?"

"What a brave knife!"

Chapter 548

The expressions of the two young men at the peak of True God Realm suddenly changed drastically.

Although the cultivation level of the handsome young man in front of them is only at the Tianzun level, the sense of oppression brought to them is not even comparable to that of the True God level.

"Master! Master!"

When Fubao saw the appearance of the handsome young man, all the panic and fear on his face disappeared, and turned into an extremely surprised person, dancing and shouting

"Damn it!"

The young man wearing a cloud-patterned robe grabbed the Fu Bao with one hand, and with the other hand stirred up the vitality of heaven and earth and struck it hard at the handsome young man.

The other man also took action at the same time.

Two attacks came one after the other, attacking the handsome young man.

The handsome young man had no expression on his face and casually took a step forward.

With this step, countless figures who looked exactly like him walked out of his body.

"What?!"

The faces of the two young men changed drastically.

The next moment, the void of the world seemed to become a huge mirror.

Countless figures of handsome young people from "Zero and Twenty" drew their swords at the same time, and the mirror of the void suddenly broke.

Two people wearing cloud patterns The young man in the robe vomited blood and flew away. Fu Bao also took the opportunity to break away from their grasp and sneak into the ground. Then he quickly appeared next to the handsome young man, followed him very obediently, and made a big face at the two of them.

"Who are you?!"

The two young men at the peak of the True God were shocked and angry. They looked at the handsome young man in disbelief, with fear overflowing from their eyes. They are too strong!

How can the Tianzun realm be so strong!

Are they monsters?!

These two people Their faces were pale, they looked at each other, and in tacit agreement, they turned around and ran away in two different directions.

Gu Shaoyang's face was expressionless, and the Seven Star Long Yuan took out its sheath with a long groan. A sword light that was as black as ink and wrapped with purple electricity shot out. With a domineering aura that slaughters all living beings.

The second secret of the Law of Destruction, killing!

It is a bit worse than Jinghua Shuiyue and Five Elements Flow, but it is used to kill ordinary people at the peak of the True God Realm....

More than enough!

The dark sword light wrapped with purple electricity shot out and caught up with one of them in an instant.

Cutting through Ping Ping, the latter died without saying a word.

Gu Shaoyang casually asked Fu Bao to get the man's soul storage bracelet, and then took a step forward. The secret of the Space Law was activated, and the distance between him and the other person was rapidly shrinking in a few flashes.

The young man at the peak of the True God occasionally turned around and saw Gu Shaoyang approaching him quickly through the void. His face turned pale with fright, and his eyes were full of horror and fear.

Gu Shaoyang slowly raised the sword in his hand, terrifying murderous intent quickly gathering.

The young man turned pale and shouted sternly: "I am a disciple of Xingyun Sect, you still dare to kill me?!"

"Uh-huh!"

Gu Shaoyang slashed with his sword, and the expression on the young man's face suddenly froze, and his body stiffened.

The whole person continued to rush forward for a distance, and then split into two pieces silently.

His soul had been completely killed by sword, but he could Killing a person's soul directly is extremely terrifying!

"Xingyun Sect..."

Gu Shaoyang casually took the young man's soul-storing bracelet into his hand, looked at the cloud patterns on it, muttered something in a low voice, and then ignored it.

The Xingyun Sect is a sect in Yunzhou, and its scale is smaller than that of the Cangqing Sect.

Gu Shaoyang is not worried. In this battle in the martial arts realm, are you still holding back at all times?

Naturally, it is necessary to eliminate the roots.

At this time, Fu Bao also ran over holding a spirit storage bracelet.

Gu Shaoyang looked at the two spirit storage bracelets. They were worthy of being disciples at the peak of the True God Realm and were quite wealthy.

There are millions of top-grade Yuanjing alone, not to mention the rest of the elixirs, elixirs, magic weapons and the like.

"The peak of Tianzun..."

Gu Shaoyang feels that his current cultivation level has reached the limit of Tianzun Realm and is only one step away from the True God Realm.

"True God Realm is about taking advantage of the general trend of heaven and earth for one's own advantage. Logically speaking, with my current knowledge of laws and mysteries, I should be able to take this step easily, but why do I feel that there are so many obstacles?..."

For example, the cultivation of a strong person in the True God Realm is like cultivating a relationship with the world, understanding the way of heaven, and getting close to the way of heaven, so that he can borrow more of the general trend of the world.

But when Gu Shaoyang tried to communicate with heaven and earth, he felt a huge repulsive force and was unable to borrow even a little bit of power from the general trend of heaven and earth.

Gu Shaoyang has a profound understanding of the laws and secrets, and logically speaking, he should be able to "please the favor of heaven".

But this step is much more difficult than ordinary people.

"I see."

Gu Shaoyang thought about it for a while, his eyes lit up, and he suddenly figured out

"It's because of the existence of the Realm of Chaos! The Realm of Chaos is a small world of its own, forcibly cutting off the connection between me and the Heavenly Dao of the Great Thousand Realms...."

Gu Shaoyang couldn't help but smile bitterly.

Although the world of the Realm of Chaos does not even have the prototype of the Will of Heaven, it is extremely tyrannical and does not allow Gu Shaoyang to communicate with the Will of Heaven in the Great Thousand Domains.

Gu Shaoyang had a vague hunch in his heart that starting from the True God Realm, he might embark on a path of cultivation that was different from that of other warriors in the Great Thousand Domains.....

However, for such a long time, countless vitality being swallowed up by the Chaos Realm is not without any effect.

The clear light in the realm of chaos has become much larger.

The initial strength turned into a small tree with lush branches and leaves.

The power of transformation into the nascent law has reached 90% of the basic secrets.

The vitality of heaven and earth is constantly instilled, and the small trees in the chaos are growing little by little.

"Perhaps when the power of the nascent law completely reaches basic perfection, new changes will occur...."

Gu Shaoyang's eyes flashed with light of thought.

He thought for a moment and simply threw all the millions of top-quality Yuan Crystals he had just obtained from two Xingyun Sect disciples into the Realm of Chaos.

With a slight stir of the chaotic energy in the Realm of Chaos, millions of top-grade Yuanjing were all shattered into pieces, turning into a river-like flow of vitality and pouring into the Realm of Chaos.

The power of the nascent law immediately began to soar.

It has increased from 90% to 95%.

Gu Shaoyang took out a large number of heavenly and earthly elixirs.

"Extract attributes!"

Extract all the medicinal power and vitality from the heaven-level and earth-level elixirs and inject them into the realm of chaos. The vitality and medicinal power of hundreds of heaven-level and earth-level elixirs are like injecting chicken blood into the realm of chaos.

The law of birth The power was instantly perfected, reaching the level of 100%.

In an instant, the realm of chaos began to undergo earth-shaking changes.

Streams of gray air overflowed from Gu Shaoyang's body.

0.9"From virtual to real!"

Gu Shaoyang's eyes suddenly burst out with a ray of light, full of surprise.

The previous Realm of Chaos was just a virtual realm, and more was manifested at the level of soul consciousness.

Now, the Realm of Chaos has begun to turn from virtual to real, and is actually generating matter.
Come

"Chaos energy*384.."

"Qi of Chaos*394

Gray attribute bubbles also appeared in Gu Shaoyang's eyes.

What is the energy of chaos?!

Is it a higher level of vitality than the vitality of heaven and earth in the Great Thousand Domains?

Gu Shaoyang didn't know that he tried to extract and absorbed a wisp of gray gas.

Suddenly, he felt a strange power integrating into his body.

The physical strength has clearly increased a little bit

"The energy of chaos actually has the effect of tempering the physical body!"

Gu Shaoyang was surprised and happy, and hurriedly continued to extract the energy of chaos..

Chapter 549

As traces of chaotic energy are continuously absorbed into the body, Gu Shaoyang feels that his physical body is constantly strengthening.

After breaking the two life gates, his physical strength reached five stars.

Now, the power is growing rapidly.

Five and a half stars... six stars.... six and a half stars.....

In the end, it grew to a full eight-star power before it stopped.

The power of Samsung has skyrocketed!

The standard for opening the triple life gate is the power of ten stars.

Gu Shaoyang jumped from the power of five stars to the power of eight stars in one breath. For this span, ordinary body training warriors would not know that they would consume precious heavenly materials, earthly treasures, heavenly and earthly spiritual objects, and it would also require a lot of time and energy to practice hard. fighting

"This chaotic energy is simply a holy object for body refining!"

Gu Shaoyang's eyes burned brightly and he said to himself happily.

Unfortunately, the first wave of chaotic energy generated by the Chaos Realm has been absorbed by Gu Shaoyang. If he wants to generate the next wave of chaotic energy, he needs to feed the Chaos Realm with a large amount of heaven and earth vitality again..Amidst the gray, a small green tree branch swayed with leaves, dotted with little bits of life.

"The world is born.."

If Gu Shaoyang realized something, he whispered to himself 06:"The next step should be to establish the Yin Yang and the Five Elements." Thinking about it, Gu Shaoyang threw all the remaining Yuan Jing Yuan Shi and so on into the Realm of Chaos.

"Rumble..."

This time, in addition to the generation of chaotic energy, faint vitality of metal, wood, water, fire and earth appeared in the realm of chaos, like a stream of light, rotating around the green trees.

It is indeed the Five Elements!

Before a smile appeared on Gu Shaoyang's face, bigger surprises came one after another.

A large amount of mystical feedback came from the Realm of Chaos, and countless mysteries about the Five Elements Law poured into Gu Shaoyang's mind, which quickly deepened his understanding of the Five Elements Law.

Sixty percent of the second derivative of the Five Elements Law!

70% of the second derived secret of the Five Elements Law! at last...It has grown to a terrifying 80%!

In just a few dozen breaths, Gu Shaoyang's comprehension increased from 50% to 80%.

The leap in this is more terrifying than the physical body's ability to jump three stars!

After all, the physical body can also be assisted in cultivation through various heavenly materials and earthly treasures. The understanding of the secrets of the law depends entirely on one's qualifications and opportunities, and others cannot help even if they want to.

"The five laws and the second derived secrets all reached a full 80%. The power of the Five Elements Flow move is more than ten times stronger than before!"

"Is this a benefit brought by the step-by-step evolution of the Chaos Realm? The world's laws are deduced and fed back to me, which can save me countless efforts.

As long as I continue to use my vitality to promote the evolution of the Chaos Realm, it will be possible to fully master the power of several or even dozens of complete laws in the end!"

Gu Shaoyang's eyes are extremely bright, as if they are in the sky.

The benefits brought to him by the Chaos Realm are really great. Countless hard work can easily achieve what others cannot achieve in ten thousand years, tens of thousands years or even hundreds of thousands years. The results of his training.

Of course, from then on, Gu Shaoyang no longer followed the same martial arts as others.

He followed his own martial arts.

Although his subsequent realms were still true gods, divine masters, and divine kings...

But Gu Shaoyang will only be the true god, god lord, and god king of his own realm of chaos....

Gu Shaoyang still doesn't know whether this path is better than the path currently taken by warriors in the Great Thousand Domains.

But he could only choose to go on. The Realm of Chaos was one with him, and he could no longer part with it.

"So what I want to do next is to search for the vitality of heaven and earth...."

Gu Shaoyang didn't know whether to laugh or cry.

Although the realm of chaos brings many benefits, his appetite is getting bigger and bigger. Even Gu Shaoyang feels like he will be eaten up by it.

"Fubao!"

Gu Shaoyang called softly.

Fu Bao immediately appeared in front of Gu Shaoyang obediently.

"It would be best if you could find more vitality lakes like this for me."

Gu Shaoyang said calmly.

Fu Bao nodded, continued to play its role as a treasure-hunting boy, and quickly disappeared into the soil.

Half a day after Gu Shaoyang and Fu Bao left this place, a ray of light suddenly roared in the sky.

It fell from the light. A handsome and cold young man, wearing a purple robe with golden cloud patterns printed on the edge.

"right here."

The young man glanced around, frowned slightly, and finally looked in one direction.

This direction was exactly the direction where Gu Shaoyang disappeared.

"You dare to kill my Xingyun Sect disciples in Yunzhou. No matter who you are, you must pay the corresponding price."

A cold light burst out from the young man's eyes, turned into an escaping light again, and quickly flew towards the direction where Gu Shaoyang disappeared.

"In just ten days, we have obtained a total of more than thirty heaven-level elixirs, and countless earth-level elixirs. This trip to the Tianyuan Martial Realm is really not in vain...."

A young man wearing the clothes of a Cangqing sect disciple said with a smile, his face full of joy.

Several people around the young man also had smiles on their faces.

They were Shi Feichen and other people who had parted ways with Gu Shaoyang.

"We have entered deeper and deeper into the martial realm. I think we might as well go back and meet up with Junior Brother Gu?"

Shi Feichen pondered for a while and then suggested.

However, as soon as he said his words, he was immediately opposed by others.

"Brother Shi's words are wrong. It has only been more than ten days. I'm afraid your Junior Brother Gu hasn't even found a suitable place for retreat.

Even if you find it, you may not have practiced it for long.

If we go back and disturb him now, he might not like it."

Others also agreed.

Shi Feichen thought for a while, nodded and said:"Okay, but I still feel that this trip is a bit too smooth. Let's not go any further and continue exploring in another direction."

The rest of the people frowned slightly, but what Shi Feichen said made sense, so they all agreed. But just when they were about to head to the left, a purple light suddenly rose into the sky a few 507 miles away, accompanied by a shocking sound. The vitality of heaven and earth fluctuated.

Shi Feichen and others all saw it, were stunned for a moment, and then blurted out in unison:"God-level treasure medicine!"

Every face was quickly filled with surprise and excitement.

"The purple light soaring into the sky is the vision of a god-level treasure, that's right!"

"If we can get this god-level treasure, it will be enough to equal all our previous harvests!"

"Go quickly! Go quickly! This god-level treasure has just been released. Get it quickly before anyone discovers it, otherwise it will attract powerful enemies to covet it."

Without saying a word, they all rushed towards the direction where the purple light appeared.

A trace of hesitation flashed across Shi Feichen's face. He opened his mouth as if to say something, but when he saw the conspicuous purple light, he closed it again and walked quickly following the footsteps of everyone,

I quickly approached the location where the purple light burst out, and gradually saw it clearly.

A red lotus with nine petals in bloom, the petals were like carved red jade, swaying at the mouth of a volcano pool, which was very attractive. Love it.

Everyone has a fiery look in their eyes, and the smile on their lips gets bigger.

"Nine-petal red fire lotus! It turns out to be a low-grade nine-petal red fire lotus on the divine level!"

"Haha, we are really lucky this time!"

But before everyone could laugh happily, a ray of light suddenly flew from the other side.

This ray of light was several times faster than their speed. It was so bright that the expressions of Shi Feichen and others suddenly changed..

Chapter 550

Dun Guangli is a young man with flying eyebrows and handsome appearance.

Naturally, this person also came here for the divine medicine.

His eyes were very bright, like stars, and there was a smile on his lips, and he seemed to be in a very good mood.

"I never expected that I would come across a divine elixir. What a blessing!"

The young man's eyes were only staring at the god-level treasure from beginning to end, without even looking at Shi Feichen and others, as if they didn't exist at all.

Shi Feichen and his group looked ugly.

"what to do?"

Some people looked back at the crowd, and someone immediately said bitterly:"What else can we do? The divine elixir is in front of you, how can you miss it in vain?"

Even if this person is stronger than us, there are so many of us, why are we still afraid of him?"

The rest of the people all had ruthless expressions on their faces.

Shi Feichen, on the other hand, kept staring closely at the young man who suddenly appeared, with his eyebrows furrowed and a light of thought flowing in his eyes.

Except for Yan Lou, the others all looked towards him. The young man rushed

"That man, stop! is the opportunity we see first."

The young man heard the sharp shouts coming from his ears, and finally turned his head to look at the few people.

He glanced at the few people very casually, without slowing down at all, and then lightly shot a chapter at the few people..

As this palm was shot, endless green light seemed to bloom in the young man's hands.

It was like a green sun appeared in the void! When

Shi Feichen saw this scene, his eyes flashed, as if he finally remembered something, and his face There was a big change, and he shouted in shock:"The Green Sun Treasure Pill Technique! This is

the secret of the Danding Sect that is not passed down. This person is Luo Hongwen, the true successor of the Danding Sect!

Go back!"

But Shi Feichen has finished what he said.

The blue sun swayed out the shadowy shadow of the giant tree. With a slight movement, it crushed the void and made a creaking sound.

Several people in the Cangqing sect suddenly seemed to be hit by an invisible giant millstone. , the body trembled suddenly, and then they all spat out a mouthful of blood and flew back.

One by one, they fell back to Shi Feichen and the other two, their faces full of horror and shock.

The handsome young man had already arrived next to the nine-petal red fire lotus, A big bird with red-gold flames all over its body flew out with a fierce chirp and pounced on him.

However, it was suppressed by his bright blue sun, and its skull was smashed and it died.

This scene made Shi Feichen wait for him. The person's scalp was numb.

But the young man looked at the fire lotus with joy as if he had just done a trivial thing, and said to himself:"The nine-petal red fire lotus should be picked with the ten thousand year fire jade. Only by preserving the core of sandalwood for thousands of years can the medicinal properties be perfectly preserved.

With this nine-petal red fire lotus, I can make a furnace of red jade pills, haha...

Shi Feichen and others watched the young man take down the nine-petal red fire lotus, a divine medicine, and were busy for a while. Several of them turned a blind eye and regarded them as nothing.

Although their faces were full of unwillingness and jealousy, none of them dared to say another word.

"They are both at the pinnacle of True God Realm, why is the gap so big?!"

Someone said with a face full of horror.

Shi Feichen frowned and spoke in a deep voice."Luo Hongwen from the Danding Sect, Sikong Fu from the Xingyun Sect, Jin Donglai from the Shenzhao Sect....These can be classified as true legends by the sect in the True God Realm. They are all terrifyingly powerful. Their combat power is dozens or even hundreds of times higher than that of ordinary people at the peak of the True God Realm. Their profound knowledge is beyond my imagination!"

"Luo Hongwen...Luo Hongwen..."

Several people muttered the name, and suddenly whispered:"This is the man who I heard before, carrying half of the king's soldiers!"

Shi Feichen nodded.

Luo Hongwen, who is in the true god realm, has half a step of king's soldiers. Without the king's soldiers, he can hit four or five peak true gods with one palm and vomit blood and fly away. If he uses the king's soldiers,...

The power is simply unimaginable.

The handsome young man took off the nine-petal red fire lotus and kept it happily. At this moment, seven or eight rays of light suddenly roared from the sky.

Before the light arrived, there was a sound rolling in like thunder from the sky.

"Luo Hongwen, you can't escape!"

The joy on the face of the handsome young man suddenly disappeared, and his expression became extremely ugly. His anger was mixed with a hint of deep helplessness.

He gritted his teeth and said: "These guys are like flies, and they can't be shaken off no matter how hard they are. Lose!"

"Alas, I have to run away again."

The handsome young man sighed, stood up and flew forward.

But a strange scene happened.

Shi Feichen and others saw that the handsome young man stood motionless, with an irritated and urgent look on his face, and looked back from time to time. After a few glances, it seemed like someone was chasing him from behind.

Those escaping lights quickly came closer, revealing figures that were either majestic or otherworldly.

Each one was at the pinnacle of a true god, but the aura on his body was particularly powerful, compared to the handsome young man. It's just a little bit worse.

Those who have the courage to chase and kill Tianjiao must also be Tianjiao!

There are eight people in total. After stopping to escape the light, they separated in various places in the void. Their eyes were all fixed on the handsome young man below, with a touch of ridicule and teasing on their faces. The expression is like looking at a rabbit trapped in a cage without knowing it.

"The forbidden law is the power of prohibition!"

Shi Feichen's eyes showed a look of horror, his face was full of horror, and he stepped back unknowingly.

The rest of the Cangqing sect disciples were also pale, with panicked and nervous expressions.

It was clear that they had unknowingly been involved in a far-reaching conflict. The disputes between their levels of strength.

The fight between the gods and the pond fish.

They are the poor pond fish.

At this time, the handsome young man also noticed something was wrong, with a puzzled look on his face.

"

He suddenly woke up and shouted loudly:"Damn it!"

Looking again, he realized his current situation, and his face became extremely ugly.

"Ha ha ha ha..."

Those who were chasing the young man all laughed.

A handsome young man dressed up like a prince of the dynasty said with a smile:"Brother Beiming's restraint technique is really amazing. Even the famous Alchemy Sect true disciple Luo Hongwen became a fool today."

"Bei Mingjue!"

Luo Hongwen roared.

Somewhere in the void, a haggard figure quietly appeared. Bei Minjue looked at Luo Hongwen with a gloomy face.

"You were already here, right? Luo

Hongwen finally came to his senses and laughed angrily,"It's really a big deal!" Using a god-level treasure medicine as bait, he lured me into the urn and unknowingly placed a restriction that even I didn't notice. Bei

Mingjue said calmly:"Compared with the half-step king's soldiers, a god-level treasure is nothing." not to mention..(Yes)."

Bei Minjue looked at Luo Hongwen deeply, and then said:"Anyway, you will spit out that precious medicine sooner or later."

Luo Hongwen was so angry that he couldn't say a word.

Others clapped their hands and praised:"Okay! Brother Beiming is really ambitious. He is worthy of being a figure who has been engraved on the Tiandao Monument."

For a moment, all nine eyes fell on Luo Hong's tattoo, which was full of joking, cold, and... murderous intent...

It's like looking at a piece of meat on the cutting board and considering how to proceed.

Only Shi Feichen and others were not even considered as side dishes.

From beginning to end, no one looked at them.

Compared with these top geniuses in the True God Realm, they are indeed like ants.

"damn it..."

A jade talisman appeared in Shi Feichen's hand, and he hesitated whether to crush it or not.

"Junior Brother Gu...Even if Junior Brother Gu comes, he may not be able to cope with this scene, and he will be dragged into danger! well..."
