

Attributes 551

Chapter 551

With the help of Fubao, Gu Shaoyang harvested the elixir again.

All kinds of heaven-level and earth-level elixirs can be picked up easily by looking down. In the time when others harvest one elixir, Gu Shaoyang may have already obtained ten or even dozens of elixirs.

Gu Shaoyang threw all the elixirs that had no special effects into the realm of chaos.

A part of the chaotic energy has been accumulated, which is enough for Gu Shaoyang to use for his next tempering.

The most important thing is the evolution of the Five Elements Law

"90%..."

The second derived mysteries of the five laws have all increased to 90%. Gu Shaoyang could not imagine how powerful the Five Elements Flow sword would be now.

"If coupled with the tenfold increase in the power of time,...."

Unthinkable.

Fu Bao ran up to Gu Shaoyang holding a third-grade heavenly elixir in his hands, and handed it to Gu Shaoyang like a treasure.

Gu Shaoyang accepted it with great satisfaction and was about to continue searching.

Suddenly, his expression changed, and a shimmering jade talisman appeared in his hand.

"Senior Brother Shi Feichen and the others are also nearby...."

Gu Shaoyang shook his head and said to himself: "Forget it, let's not meet again."

He didn't want to have too many interactions with those from the Cangqing faction.

Gu Shaoyang continued on his own route, but after a few hours,...

Gu Shaoyang stopped, frowned slightly, and stared at the jade talisman in his hand.

"Why haven't you moved for so long?..."

It was understandable to not move for a short period of time, but without moving for such a long time, Gu Shaoyang had to guess whether Shi Feichen and others were in trouble.

Moreover, 547 Gu Shaoyang clearly felt that the jade talisman shone light several times and was slightly hot, as if something really happened.

Gu Shaoyang's eyes calmed down and he quickly flew away in the direction guided by the jade talisman.

Back in the secret realm, Shi Feichen and Yan Lou had helped him once under Bei Mingjue. Now that Shi Feichen and Yan Lou were in trouble, he couldn't ignore them.

Gu Shaoyang quickly approached the location shown by the jade talisman, his expression becoming more and more solemn.

He vaguely felt that there were many powerful auras coming from the front.

Every breath is something that Shi Feichen and others cannot contend with.

These powerful breaths mix together and stir up the clouds, seeming to be in a fierce battle.

"Hope nothing happens..."

Gu Shaoyang became more and more anxious, and his speed inevitably increased a bit.

Finally, Gu Shaoyang saw a dozen figures from a distance, as well as energy attacks of different colors.

At this time, an angry voice suddenly sounded

"Bastards, you forced me to do this!"

The next moment, an indescribable powerful force suddenly exploded, and the clouds in the sky were swept away.

Gu Shaoyang saw the shadow of a huge bronze tripod with two ears appearing in the sky, and then, nearly a hundred miles of void All shattered...

"What power is this! ?"

Gu Shaoyang's eyes were shocked.

"Wang Bing! It must be Wang Bing!"

Gu Shaoyang thought of the rumors he had heard in the teahouse before.

"The phantom of the bronze cauldron (ahdj) must be Luo Hongwen, the true successor of the Alchemy Cauldron Sect. According to rumors, he is the only one who possesses a half-step king's weapon.

The half-step king's soldiers already possess such powerful power, how terrifying must the real king's soldiers be!"

Gu Shaoyang subconsciously tightened Xing Longyuan in his hand, and a sense of ambition arose in his heart.

If he could figure out the secret of Wang Bing, it would be possible to upgrade Xing Ye to the level of Wang Bing....

Thinking of this, Gu Shaoyang not only did not retreat in the face of the spreading terrifying power, but rushed forward at a faster speed.

Soon, Gu Shaoyang saw six or seven figures coming quickly towards his direction.

All of them looked pale and frightened. Who could it be if it wasn't Shi Feichen and the others?

"Junior Brother Gu!"

Shi Feichen was overjoyed when he saw Gu Shaoyang, and then said eagerly: "Junior brother Gu, hurry up, Bei Mingjue has united a group of masters to besiege Luo Hongwen, the true successor of the Alchemy Sect, in order to compete for his king's soldiers.

Let's get out of here quickly, don't let them get involved. Gu

Shaoyang thought for a while and said, "Senior Brother Shi, you go first. I'll go take a look. I'll be back soon."

"Um?"

"What?!"

Shi Feichen and Yan Lou were stunned. Before they could react, Gu Shaoyang had already passed them and rushed towards the center of the battle.

Shi Feichen and others were fine. Gu Shaoyang put down his worries and wanted to go and explore Wang Bing. It's a mystery.

The rest of the Cangqing faction were also dumbfounded.

"Is Gu Shaoyang crazy?!"

"Did he think that by winning first place in the Zhumai Martial Arts Competition, he would be able to compete with those true disciples of the great sects?!"

"It's simply a matter of life and death!"

The members of the Cangqing faction couldn't help but shake their heads, looked at Gu Shaoyang's retreating back and sneered a few times, then turned around and left without hesitation.

Shi Feichen and Yan Lou showed hesitation on their faces, hesitating.

"what should we do? Yan

Lou asked.

Shi Feichen gritted his teeth and said firmly:"Wait a little longer, we can't leave Junior Brother Gu alone.""

Several people from Cangqing faction ran wildly and fled tens of thousands of miles before they stopped.

"Neither Brother Shi nor Brother Yan followed."

Some people spoke hesitantly, with worried looks on their faces.

Someone sneered,"Let them go, they are willing to accompany the boy named Gu to death, who can stop them."

A few people were all indifferent and said no more.

Just when they were planning to move to another place to explore the martial arts realm, suddenly a brilliant escaping light appeared in the sky in the distance, and it roared in front of them in a few breaths..

The strong pressure made several people feel like they couldn't breathe.

Several people looked shocked, looking at a handsome and cold young man in front of them with fear and horror.

The true god was at the peak of his peak, but he was emitting waves that made them feel nervous. The suffocating and terrifying aura.

Another talented man as powerful as Bei Mingjue.

The handsome young man looked at a few people coldly, and suddenly slapped them hard with a palm.

"It was you, the Cangqing Sect, who killed my disciples of the Xingyun Sect. I'll kill you first, and then I'll kill that person!"

"What?!"

"Well.."

The eyes of several Cangqing disciples suddenly opened wide, and before they could say anything, they were all slapped to death by the young man.

The handsome young man casually swatted to death four or five true god peaks, just like swatting a few flies to death, extremely casually.

He looked ahead and muttered to himself:"It's just in front, not far away".."

After saying that, his figure disappeared in a flash.

"Bei Mingjue!"

Gu Shaoyang recognized at a glance a haggard figure among a group of people fighting in the melee.

It was Bei Mingjue.

It was better to say it was a melee than a siege.

Led by Bei Mingjue and a distinguished young man with a high crown and a robe, there were nine people in total. , attacking a handsome young man in the middle.

The young man held a small palm-sized cauldron tightly in his hand.

The small cauldron looked exactly like the shadow of Wang Bing that Gu Shaoyang had seen before.

The young man threw the small cauldron out from time to time. It quickly expanded and blocked a wave of siege for him.

If it weren't for this small cauldron in hand, the young man would have been beaten into a pulp by Bei Mingjue and others.

But controlling the half-step king's soldiers was obviously a heavy burden for him. The young man His face was pale and he looked shaky.

""Drink!"

Suddenly, the handsome young man roared wildly and pushed the small cauldron with all his strength, forcing Bei Mingjue and others back, and then summoned up the remaining strength to escape from the encirclement.

The direction of escape....This is exactly the direction Gu Shaoyang is heading!

"Get out of here!"

Luo Hongwen's eyes were already red.

When he saw a person in the Tianzun realm blocking the way, he casually swatted him away, trying to swat him away.

But what he casually swatted out, even if it was an average true god peak powerhouse, He wanted to avoid the sharp palm for a moment, but the guy in front of him, who was only at the Tianzun level, did not dodge.

The opponent stretched out his hand extremely casually, easily deflecting Luo Hongwen's blow, and even reached out to grab it tightly. Luo Hongwen's arm

"What?!"

Luo Hongwen was shocked and wanted to break free.

However, he felt that the other party's hand was like being made of supreme black iron, containing huge strength. He struggled but could not move at all.

At this time, a cold and indifferent voice spoke to him. Ringing in ears

"Make a deal, I will block this disaster for you, and your Wang Bing will lend me a few days to observe"

"What?!"

Luo Hongwen was completely shocked..

Chapter 552

"Will you protect me from this disaster?"

"There are nine proud men in the True God Realm behind you. You are only in the Tianzun Realm. Why should you block this disaster for me?!"

"Are you still bragging about wanting to lend me Wang Bing?!"

"crazy?!"

Luo Hongwen laughed angrily, believing that the Tianzun-level young man in front of him was a lunatic.

In his excitement, he even forgot the fact that the other person had one hand on him and couldn't move.

"Haha, Luo Hongwen, you can't run away!"

A loud laugh rang out from behind. It was the distinguished young man with a high crown and fine uniform who had already caught up.

He stretched out his hand and punched, the void shook, and the punch went straight to Luo Hongwen's back.

"Get out of here! Let me go quickly!"

Luo Hongwen screamed anxiously and struggled desperately.

If he was hit by this punch, the injury would still be minor. He would have been entangled again after finally breaking out. Today would be more fierce and less good.

The next moment, Luo Hong Wen felt a lightening of strength on his arm.

It turned out that the young man with strange powers had let go of his hand. Luo Hong Wen didn't have time to rejoice, so he ran away quickly.

But for some reason, he turned his head and glanced again.

This glance immediately made him stop completely, and he almost forgot about escaping.

He saw that the young man who was only at the peak of the Tianzun Realm, faced a punch from a young man with a high crown and fine clothes who was far beyond the peak of the True God Realm. Instead of dodging, he took the initiative to greet him.

The scene was like a mantis trying to use a chariot or a cricket shaking a tree.

But the result was...

The mantis' arms overturned the car, and the earthworm pushed down the tree!

The Tianzun-level young man also punched mediocrely, but he met the fist of the young man with a high crown and beautiful clothes.

"boom!"

There was a dull sound, and the latter's face suddenly changed. His expression was as if he had seen a ghost, and he screamed and stepped back.

But the young man at Tianzun level did not take a step back, and still stood there with an indifferent expression.

"Varied...What..."

Luo Hongwen was completely stunned.

How can this be?!

The peak of Tianzun Realm and the peak of True God Realm had a fist fight, but the latter was defeated! and...The other party is not at the peak of the ordinary True God Realm.

Si Ji, the ninth prince of the Yu Dynasty.

Among the thousands of princes in the royal family of Dayu, those who can be crowned princes are all extremely talented and beautiful people.

Si Ji is ranked as the Ninth Prince. Although he is only at the True God Realm, his strength is definitely more than ten or even dozens of times that of the average True God Realm peak. He is an extremely terrifying figure.

But he is such a character.

But he was punched back by a guy in the Tianzun realm?!

Not to mention Luo Hongwen, even the strong men who were chasing Luo Hongwen were all stunned, with shocked looks on their faces.

A haggard figure flew up, looked at Gu Shaoyang coldly, narrowed his eyes and said in a low voice, "It's you."

Gu Shaoyang raised his head and said nothing.

It's Bei Mingjue

"Bei Ming is fierce, who is this person?"

Si Ji, the ninth prince of the Dayu Dynasty, asked Bei Minjue with a look on his face.

Bei Mingjue looked down at Gu Shaoyang indifferently. He was just a boy with some abilities."

Someone said: "Since it's not something, just kill them together."

Si Ji's murderous intention was revealed, and he had just been knocked back by Gu Shaoyang's punch, which made him feel his face dropped, and he naturally wanted to kill Gu Shaoyang soon.

"It's over."

Luo Hongwen's face was a little pale. He had exhausted a lot of control over the king's soldiers. He knew that he no longer had the strength to break out for the second time.

Gu Shaoyang was surrounded by powerful people, but there was no trace of panic or panic on his face. Instead, he was calm. Terrible

"The proposal just now is still valid. I will block this disaster for you, and you, Wang Bing, will lend me your troops. Luo

Hongwen showed a hint of laughter and a sad smile, shook his head and said:"We will wait until we can survive this disaster." Gu

Shaoyang nodded slightly and said word by word:"Then stand back and wait for me to take you through this disaster.""

"Well..."

Luo Hongwen's face was full of astonishment.

At this time, Prince Si Ji of Dayu could not help but attack again.

"Boy, even a mere Heavenly Master dares to intervene in a fight of this level. He really doesn't know how to write the word"death"! Die to me!"

This blow was several times more powerful than the one that Si Ji had hurriedly delivered before. However, Gu Shaoyang had no expression on his face and still responded with a punch.

"boom!"

The two fists collided together without any fancy, and the result was no different from the last time. Si Ji flew backwards.

"impossible!"

Si Ji's face was full of disbelief.

He punched with all his strength, but he was still defeated by a Tianzun. Is this a joke?!

The expressions of others also became suspicious.

"It seems that the Golden Peng Fruit last time was of great help to you."

Bei Minjue snorted coldly, and flew straight over like a zombie. He punched Gu Shaoyang with the power of his body and hit Gu Shaoyang hard.

"Let me see, where have you reached now to have such arrogant capital?!"

"Well come."

Gu Shaoyang's eyes suddenly burst out with a brilliant light.

He slowly punched Bei Minjue.

This punch directly made a series of dark ripples in the void, and an extremely terrifying concussive force was brewing. Spreading, devouring...

"What?!"

Bei Mingjue's eyes, which had always been filled with contempt and disdain, were shaken for the first time, with a look of disbelief in his eyes.

0·····Asking for flowers·····

Gu Shaoyang deliberately hid his strength!

He had only shown enough physical strength to suppress Si Ji before, but just for this moment, he completely exploded and severely cheated Bei Mingjue.

The power of eight stars, the law of shock, and a punch of annihilation!

"boom!"

The dark ripples spread to Bei Mingjue's body. The right arm of Bei Mingjue's fist with Gu Shaoyang was as thin and solid as a magic gun. At this moment, it was shattered inch by inch.

Bei Mingjue roared, gritted his teeth and broke his arm. , the whole person retreated as fast as a big bird.

The remaining power of the Annihilation Fist was still biting him tightly, and Bei Mingjue punched several times in a row before he could barely offset the power of Gu Shaoyang's punch.

"Um?!"

Si Ji and the other proud people all looked tense when they saw this scene, as if they were seeing the most incredible scene in the world, and their eyes were filled with incredible looks.....

This Tianzun-level guy had defeated Si Ji twice in a row before, but he actually hid his strength?!

His physical strength was so strong that he broke one of the arms of Bei Mingjue, who was both imprisoned and powerful! this is too scary

"The power of eight stars!"

Bei Mingjue's face was extremely ugly, and he spoke word by word.

His broken right arm was quickly growing back, but without the magical power of the life fetus, even if his right arm grew back, the strength of the new arm would be far inferior. Before, the strength would have dropped by at least several percent.

"You are about to break through the third life gate. Is that Golden Peng Fruit really so effective?!"

Bei Mingjue stared at Gu Shaoyang, as if he wanted to eat him alive, full of unwillingness.

Luo Hongwen, who was standing behind Gu Shaoyang, felt a little confused.

He saw Gu Shaoyang defeating the crown prince of the Dayu Dynasty twice in a row. Si Ji, now breaks Bei Mingjue's arm with another punch....

Gu Shaoyang's strength was beyond his expectation, it was amazing.

A powerful man at the peak of the True God who holds the king's weapons in one hand is actually being protected by a Heavenly Master!

It's more dreamy than dreaming...

"Why don't you recover your strength quickly and wait for an opportunity to break out?"

Gu Shaoyang's cold voice sounded faintly in Luo Hongwen's ears.

Luo Hongwen woke up from a dream and quickly took out a large amount of pills from his soul storage bracelet and stuffed them into his mouth as if they were free.

As a member of the Alchemy Cauldron Sect , As a true disciple, the last thing he lacks is pills.

He was besieged before, and he didn't even have time to take pills. Now he finally has a chance.

Bei Mingjue and others also noticed this. Bei Mingjue's face was gloomy. , said coldly:"Come together, he is a body-refining warrior, drag him, I will kill him with forbidden methods!"

Chapter 553

"He turned out to be a body-refining warrior, but he pretended to be a pig and a tiger to get on top of this prince? snort!"

Si Ji snorted coldly and shot a mysterious light at Gu Shaoyang,"Die!"

The other strong men stopped watching and attacked Gu Shaoyang one after another. The shock in their hearts is no longer as great as before.

It is understandable for pure body-refining warriors to have low Yuanli cultivation, but they did not expect this time. Such a body-refining fierce person unexpectedly appeared in the Tianyuan Martial Realm, and even Bei Mingjue's body-refining skills were completely suppressed by him.

Gu Shaoyang looked as usual, fighting alone against eight proud figures at the peak of the true gods.

His figure Like a dragon, a casual punch can destroy the world and destroy the earth.

With the power of eight stars, even if it is the peak of the true god, it will be seriously injured even if it is not killed even if it is hit.

The eight people do not dare to get too close to him, so they can only keep a certain distance. The distance is bombarded with Yuan force.

In addition, Gu Shaoyang's life embryo door has been opened, and with the blessing of the law of life, vitality is as endless as the "710" of the Yangtze River.

Even if he is injured anywhere on his body, he can recover immediately.

So although Gu Shaoyang was fighting eight people alone, the other eight people threw rat weapons, and he was at a disadvantage.

Bei Mingjue's face was as dark as water, and he did not join the fight, but stood aside, with his hands and fingers like butterflies piercing flowers. , shooting out streams of light.

Strange restrictions were placed in the void, and an inexplicable general trend of heaven and earth suddenly came.

"Um?!"

Gu Shaoyang's body suddenly shook.

He felt as if there were countless giant mountains on his body, and an indescribable terrifying pressure almost collapsed him. He punched under this pressure, and there was a lot of resistance. Every time It's extremely difficult to wave.

This is...Bei Mingjue's restraining power?!

Not only Gu Shaoyang, but Si Ji and others were also obviously under pressure, and their expressions changed.

However, the pressure they endured was obviously much less than that of Gu Shaoyang, and they returned to normal after just a little adaptation.

Bei Minjue stared at Gu Shaoyang coldly, with a sinister smile on his ugly face.

"This is the martial arts prohibition I use to temper my physical body. The stronger the physical body, the greater the pressure on the prohibition.

Aren't you the power of the eight stars, close to the third level of life gate?!

I see how arrogant you are now!"

When Si Ji and others heard this, smiles appeared on their faces.

They didn't train their bodies, so the little pressure they endured could be offset by their Yuan Power, which would hardly affect their combat effectiveness.

But Gu Shaoyang was different. He had no flesh. With his own advantages, he is just an ordinary, ant-like person at the peak of Tianzun Realm.

Even if his physical strength is still there, he can only become a human sandbag for everyone and can no longer pose any threat.

This time, even the one who has been there all the time Luo Hongwen's face changed completely after he regained his strength.

Luo Hongwen gritted his teeth, took out the small cauldron again, stared at Bei Minjue and others, and said in a deep voice: "Brother, today I, Luo Hongwen, I appreciate your love. You've bought enough time for me, now it's up to me..."

"No need."

Before Luo Hongwen finished speaking, he heard Gu Shaoyang speaking calmly.

"Well."

Luo Hongwen looked at him in surprise.

In such a "desperate situation", Gu Shaoyang still didn't look panicked.

His expression was as calm as ever, and he said calmly: "Back off."

Luo Hongwen was a little confused.

"..Since I said I would block this disaster for you, I will block this disaster for you.

After saying that, Gu Shaoyang took a gentle step forward

"boom!"

A terrifying aura rose up from his body.

The restraining force originally exerted on Gu Shaoyang was shattered like ice.

Bei Mingjue's eyes suddenly opened wide, and his eyeballs almost bulged out of their sockets. The whole People look terrible

"impossible! How can this be! Why is the ban on martial arts useless to you!"

Bei Mingjue was not so surprised when Gu Shaoyang exploded with eight-star power before. The forbidden method was Bei Mingjue's most confident power, but now, this confidence was shattered in front of Gu Shaoyang. How could he not be surprised! Gu Shaoyang just let go a little. It's just the Realm of Chaos.

The Realm of Chaos is a nascent small world. Although it doesn't even have a prototype now, the level is still frighteningly high.

It is the most suitable to deal with the power of restriction and the like like Bei Mingjue.

He is unparalleled and overbearing. It's just unreasonable.

The biggest advantage of everyone is now gone. Before the shock on the faces of Si Ji and others is fully revealed, Gu Shaoyang has already taken action.

But this time, Gu Shaoyang no longer uses punches!

Using punches is too slow.

"Clang!"

The sound of the long sword being unsheathed like a dragon's roar echoed in the void, and it was extremely clear.

Gu Shaoyang held the Seven-Star Dragon Yuan and slashed out a sword towards Bei Mingjue Siji and others.

The five-color sword light was like a continuous sky. The water curtain showed its boundless edge again and swept out.

The five elements flowed!

The power of the five laws, the second derived secret, 90%!

The eyes of Bei Mingjue Siji and the other nine people suddenly opened wide, and before they had time to react, they were all This sword swept out, and the formation was instantly dispersed.

"Damn it! This sword light..."

"The Law of Five Elements, the second derived secret...90%!"

"Why is his knowledge of the mysteries of law so profound!"

"Yuanwu Dual Cultivation! This boy is a Yuanwu double cultivator, he is an absolute monster!"

Everyone on the field was shocked 0.....

Bei Mingjue Siji and others looked as ugly as if they had eaten flies.

A group of proud people at the peak of the True God Realm couldn't even defeat a Tianzun Realm, and they were repeatedly slapped in the face....

Of course, there was more shock and horror in his eyes.

This kid's talent is really terrifying.

Luo Hongwen was completely stunned.

Standing there stupidly, with an expression as if he had seen a ghost, he murmured to himself:"Tianzun Realm, is this really the combat power that Tianzun Realm can have?"

If the Heavenly Dao Monument is inscribed with a Tianzun Realm warrior, this person can definitely Ranking among the best!

No! Even if he is included in the category of True God Realm, this person can definitely be among the top 108 in the True God Realm of the Great Thousand Domains!

Monster, he really is a monster!"

Luo Hongwen originally thought that he was meeting I have become a madman, and now I realize...

This is not a madman, this is a monster!

He is the noble man who saved himself from death!

At this time, Gu Shaoyang grabbed the stupid Luo Hongwen by the collar and quickly left the battlefield.

"Walk!"

Luo Hongwen was like a little chicken, being completely carried away by Gu Shaoyang.

When Gu Shaoyang took Luo Hongwen a long way away, Bei Mingjue and others reacted

"Chase!"

Gu Shaoyang grabbed Luo Hongwen and moved forward at full speed. In a few steps, he arrived at the place where Shi Feichen and Yan Lou were on the 5.6th floor.

Seeing Gu Shaoyang appear, Shi Feichen and Yan Lou were overjoyed at first.

"Junior Brother Gu, you are finally back. It's too dangerous there, so it's better to leave... This is..."

When they saw the Luo Hongwen in Gu Shaoyang's hand, they were so shocked that their eyes almost popped out.

"Is the Alchemy Cauldron really passed down by Luo Hongwen?!"

Both of them were dumbfounded.

But Gu Shaoyang just nodded slightly and replied casually: "Yes, I snatched Wang Bing out."

"Wang Bing?!"

Both Shi Feichen and Yan Lou were almost crying.

"Is this Wang Bing? Junior Brother Gu, you obviously snatched everyone out, right?"

Luo Hongwen, who can hold the king's weapon, can carry it casually in his hand like an object, and he snatched it from the hands of Bei Mingjue and other nine true gods.

The process involved...

Neither of them could imagine it.

There was only one thought left in the two people's minds: How strong is Junior Brother Gu?.

Chapter 554

"let me go! Brother, please put me down first, okay?...."

Luo Hongwen struggled desperately, his tone almost pleading.

Although Gu Shaoyang was right to have saved him, it was too embarrassing for him as a true god-level expert to be held by his collar by a deity-level person like this.

Moreover, in front of two other peak true gods, he was a true disciple of the Alchemy Cauldron Sect, and Luo Hongwen was really worried about it.

Gu Shaoyang casually let go of Luo Hongwen, looked back, and said, "Can you use the king's soldiers again now?"

Luo Hongwen took a deep breath, his face became serious, and he nodded: "You can force it again." Use it three times."

Gu Shaoyang muttered:"Three times is enough."

Gu Shaoyang looked back and said lightly:"They are almost catching up. There is no point in escaping. Let's just kill a few people to establish our authority."

Shi Feichen and Yan Lou It was frightening to hear it.

Anyone who dares to ambush Luo Hongwen must be a proud person whose status and strength far exceed those of the same level.

In Gu Shaoyang's mouth, it was said in such an understatement, killing a few people to establish his authority!

The evaluation circulated in the sect about Master Gu's 11th brother is indeed correct.

Junior Brother Gu...What a vicious person!

Luo Hongwen's eyes were also shaken, but a look of fierceness quickly flashed across his face, and he nodded heavily and said:"Okay!"

Gu Shaoyang then said to Shi Feichen and the two of them:"Senior Brother Shi and Senior Brother Yan, please leave as soon as possible. I'll come find you again."

Shi Feichen and the others knew that they would only be Gu Shaoyang's burden if they stayed here, so they nodded slightly with complicated expressions.

Just when the two were about to leave, a figure suddenly roared towards them.

Everyone on the field was attracted by the escaping light.

Gu Shaoyang saw clearly that there was a handsome and cold young man in the escaping light.

Suddenly he squinted his eyes. The robes worn by the young man looked familiar and were covered with cloud patterns.

"It's Sikong Fu from Xingyun Sect! Luo

Hongwen said in a deep voice: "Why is he here too?" I hope it won't have anything to do with us, so as not to create any complications"

"I'm afraid it's just me."

"ah?!"

Luo Hongwen let out a surprised sound and suddenly turned his head to look at Gu Shaoyang.

"I have killed two Xingyun Sect disciples before."

Gu Shaoyang said calmly.

Luo Hongwen's face was filled with bitterness. This guy is strong, but his ability to cause trouble is also second to none.

"What should we do?"

Shi Feichen and Yan Lou both looked a little ugly.

"There are pursuers behind and obstacles in front..."

There is a wolf in front and a tiger in the back. I am afraid this is the worst outcome.

"No problem."

Gu Shaoyang slowly put his hand on the hilt of Qixing Longyuan's sword and said slowly:

"Bei Mingjue and the others should still have ten breaths to catch up...."

"ten breaths..."

Luo Hongwen's face paled slightly, and he subconsciously clenched the small tripod in his hand.

But the next moment, I heard Gu Shaoyang's faint words ringing in my ears.

"Ten breaths are enough for the guy in front of me."

After saying that, Gu Shaoyang stepped out in one step

"ten...."

Before Luo Hongwen could react, he found that Gu Shaoyang had appeared in mid-air, right in front of Sikong Fu.

"That's you!"

The moment Si Kongfu saw Gu Shaoyang, his eyes immediately burst out with astonishing murderous intent, and he said coldly: "If you dare to kill my Xingyun Sect disciples, you will pay with your life!"

"Nine...."

Gu Shaoyang's face was expressionless, and the Seven-Star Longyuan suddenly unsheathed, and a clear sound like a dragon's roar sounded in the void.

"Clang!"

The five-color sword light crosses the void, connecting the sky and the earth.

The five elements flow...Five times the power of time!

"What?!"

Sikong Fu's expression, full of murderous intent, suddenly changed and became horrified.

"eight...."

Shi Feichen and others were also stunned.

Especially Luo Hongwen. He originally wanted to help Gu Shaoyang deal with Sikong Fu first, but when he saw the power of Gu Shaoyang's sword, he retracted his hand.

The aura of Gu Shaoyang's sword was similar to the one he used to defeat Bei Mingjue and others before, but it was five times more powerful! terrible

"He actually..."

Luo Hongwen had to believe a fact that was hard for him to believe, "He also hid his strength!"

This was not in the True God Realm. Luo Hongwen believed that Gu Shaoyang was a powerful God Lord Realm. too exaggerated!

"seven...."

In order to achieve a quick victory, Gu Shaoyang directly transferred the five elements and added five times the power of time to bless him.

The power of the sword light surged to a level that even made him feel palpitations.

With a fierce slash of the sword, Sikong Fu changed from the murderous intent to being horrified, and subconsciously wanted to run away.

But the five-color sword light has already passed over him

"Well..."

Sikong Fu froze on the spot, motionless.

With the next breath, a bright red blood line appeared between Sikong Fu's eyebrows, and his whole person was silently divided into two halves.

The true biography of Xingyun Sect, Sikong Fu, died!

"six!"

Gu Shaoyang casually grabbed Sikong Fu's soul storage bracelet, returned the sword to its sheath, turned around and walked back to Luo Hong's tattoo.

His expression was as usual, calm and calm, as if he had never left his original position and never made a move.

"Guru..."

Shi Feichen and Yan Lou swallowed hard.

The eyes that looked at Gu Shaoyang were full of astonishment.

In four breaths...

In just four breaths, Gu Shaoyang killed Sikong Fu, a famous disciple of the Xingyun Sect, with his sword.

This strength must be several times stronger than it was during the Zhumai Martial Arts Competition!

It would be okay if Junior Brother Gu hid his strength, but if it were the result of this period of practice...

Junior Brother Gu's improvement speed is simply terrifying!

Luo Hongwen also stared at Gu Shaoyang dumbfounded. Standing next to Gu Shaoyang, he always felt a chill in the back of his chest and a numb scalp.

Even holding Wang Bing tightly in his hand could not give him the slightest sense of security.

Calling this guy a monster is an understatement!

"There are still five breaths left, which should be enough for Senior Brother Shi and Senior Brother Yan to evacuate."

Gu Shaoyang looked at the sky behind him and said calmly.

Shi Feichen and Shi Feichen looked at each other and said to Gu Shaoyang in a deep voice: "Junior brother Gu, please take care of yourself."

After saying that, he no longer hesitated and left quickly.

A few breaths of time passed quickly, and several black spots appeared in Gu Shaoyang's vision, and then quickly enlarged.

It was Bei Mingjue and others who were chasing them.

Luo Hongwen was slightly nervous and couldn't help but said:

"Brother Gu, later you and I will pick one person to attack with all our strength. It would be better to cut off one of his fingers than to hurt him. What do you think?"

Gu Shaoyang nodded slightly: "Okay." Luo

Hongwen nodded and looked at Gu Shaoyang, "Which one of their fingers does Brother Gu think is best to cut off?"

The people were getting closer and closer, and the killing intent on both of them was quickly condensing.

Luo Hongwen was waiting for Gu Shaoyang to speak, but he heard Gu Shaoyang say indifferently: "I have a better idea..."

"what idea?"

"Brother Luo, hold Bei Mingjue for ten breaths for me, and I will take the remaining eight people...Kill them all!"

"What?!"

Luo Hongwen almost shouted

"Ten breaths again?!"

Gu Shaoyang no longer answered Luo Hongwen.

Countless Gu Shaoyangs appeared in the void, all dressed in green and holding swords. Their temperaments were indifferent and noble.

With a rough sweep, there were more than five thousand!

More than five thousand Gu Shaoyangs were shooting at those people at the same time. Draw your sword from the direction where the escaping light is coming!

Mirror Flowers and Water Moon, blessed by ten times the power of time!

Kill!..

Chapter 555

"not good!"

The nine proud men who were rushing forward were faced with the scene of more than five thousand Gu Shaoyang wielding their swords at the same time. The void where they were was turned into a huge mirror, and before they had time to react, the mirror suddenly shattered

"Puff puff..."

At least five people were seriously injured by this sword, and they flew backwards with blood spurting out from their mouths. Each of them had hideous cuts like wounds on their bodies.

"How did this man understand so many secrets of laws?!"

"It's really terrifying to have such a profound understanding of the secrets of space laws!"

The nine people looked alarmed.

Bei Mingjue snorted coldly, and the fingers of his hands flipped quickly like butterflies through flowers, shooting out a stream of restricted light.

But before his restriction could be fully formed, a huge small cauldron phantom collided. Come out and completely break his restriction

"Your opponent is me!"

Luo Hongwen's expression was cold, and his brows were full of anger. He had been tricked by Bei Minjue before, and now he was about to vent his anger.

The Luo Hongwen in Wang Bing's hand, even if it belongs to Bei Minjue His face couldn't help but change slightly.

"Brother Beiming, let me help you!"

A burst of cheers sounded.

Si Ji, the ninth prince of the Yu Dynasty, shouted and was about to come and besiege Luo Hongwen together with Bei Mingjue.

After all, Wang Bing was their real target.

But before Si Ji could take a step, a The figure appeared silently in front of him, blocking his way.

"Want to help Bei Mingjue? Better take care of yourself first."

Gu Shaoyang looked at Si Ji coldly with no expression on his face. The aura on his body was like the cold wind coming from the Wanzai Glacier, chilling to the bones.

Si Ji's expression suddenly changed and he subconsciously retreated.

But Gu Shaoyang had already taken another step. , abandoning the sword and using fists, the power of the eight stars burst out completely without reservation.

Within a hundred feet, there is a world of body-refining warriors, and using swords is not as scary as using fists!

"boom!"

Gu Shaoyang punched hard, and the white fist was condensed with darkness, which were floating cracks in the black void.

Si Ji tried his best to fight back.

But his fist contained at least one law and the third derived secret. The force of his palm was easily broken like a bubble under Gu Shaoyang's fist.

Si Ji's fleshy palm collided hard with Gu Shaoyang's fist without any protection. It immediately made a sound like dry straw breaking.

Si Ji's arms were broken section by section, and Gu Shaoyang punched him directly into the chest.

The scene was so shocking and terrifying that the eyelids of the proud men around him twitched, and they felt chills in the back, and they did not dare to come forward for a moment..

They finally saw what it is to be a body-refining warrior who can break all laws with one punch.

In the face of absolute and pure physical power, even the secrets of laws must be bowed. Nothing is unbreakable!

"Damn it,

Si Ji has long since lost the handsome and graceful appearance of Fengshen before. He has broken arms and collapsed chest, and the whole person looks extremely embarrassed.

He quickly retreated, but Gu Shaoyang followed him like a shadow.

Although he didn't get the speed boost from So Far, the speed bonus brought by understanding the Law of the Void made him not slow down.

Gu Shaoyang punched again.

The power of shock shakes everything into waves, and everything becomes weak and weak in the face of this force.

With this punch, Gu Shaoyang hit Si Ji in the lower abdomen.

"boom!"

Si Ji's entire lower body exploded directly, leaving only half of his body escaping in the void.

"asshole! asshole!"

Si Ji was horrified, and his face was extremely pale.

As the ninth prince of the Yu Dynasty, when had he been so hurt and insulted?

Fear occupied his heart, and for the first time in his life, he deeply felt the presence of death.
Approaching step by step

"I am the ninth prince of the Dayu Dynasty, and my father is a powerful man in the divine realm.
You must not kill me! Don't you dare kill me!"

Si Ji yelled crazily, shouting at Gu Shaoyang at the top of his lungs.

Gu Shaoyang's face was expressionless, and his killing intent was like a sword from heaven.

The third punch came out!

"boom!"

This punch was directly printed on Si Ji's forehead.

Si Ji's crazy words suddenly stopped, and the whole person was stunned.

The next moment, it suddenly exploded.

It turned into a blood mist, and he was actually hit by Gu Shaoyang's punch. Beaten to powder

"Hiss..."

All the proud people on the field took a breath when they saw this.

The ninth prince of the Yu Dynasty, Si Ji...died?!

He was beaten to death with three punches by the guy in front of him who was only in the Tianzun realm.

Not even the slightest ability to resist.

Is this guy still a human?!

He is simply a monster and demon in human skin!

Gu Shaoyang killed Siji with overwhelming murderous intent. His cold eyes swept across the field with a punch, looking down at the entire audience.

Everyone who was swept by his gaze subconsciously backed away a long distance. Gu Shaoyang was like a savage beast to them.

Nine proud people at the peak of the True God Realm were frightened into this state by one Heavenly Master Realm. No one would believe it!

Absolutely ridiculous, but it actually happened on the field

"four breaths..."

Gu Shaoyang whispered to himself, then looked to one side and looked at Luo Hongwen who was dumbfounded, and said calmly: "Brother Luo, there are still six breaths left, can you hold on?"

Luo Hongwen was like a dream. He woke up, recovered from the shock of Gu Shaoyang killing Siji, and nodded quickly: ", hold on!"

After saying that, he picked up the small cauldron and struck Bei Mingjue hard again.

Gu Shaoyang nodded slightly, and when he nodded, his figure disappeared as quietly as the water curtain.

The remaining seven proud figures were immediately shocked.

"ah!"

But it was already late. One of them let out a shrill scream, and everyone turned around suddenly.

Just in time to see Gu Shaoyang blow his head open with one punch, and then the whole person disappeared.

The rest of them immediately felt like they were facing a formidable enemy. He was desperately on guard.

But he still couldn't resist Gu Shaoyang's killing momentum.

Si Ji was the second most popular person among the nine people after Bei Mingjue. Even he died at the hands of Gu Shaoyang with three punches, and the rest....

Two punches at most!

Once Gu Shaoyang bullies him to within a hundred feet of his body, it will be a matter of life and death!

"boom!"

Another ball of blood mist burst out in the void. It was cold... bone-deep cold.

It spread in the hearts of every remaining pride-level figure.

They (De Wang Hao) never imagined that Luo Hongwen would be surrounded and killed to seize the king's soldiers. The game unexpectedly ended up like this.

A king who came out halfway made everything worse. Not only that, the identities of the hunter and the prey were also reversed.

They became the target of being hunted!

"monster! This guy is a monster!"

A proud man could no longer bear the huge pressure in his heart. He screamed and quickly evacuated the battle group. At the same time, he said: "I will no longer participate in this matter. Everyone, I will leave first!"

After saying that, he ran away without looking back.

Where there was the first, there was the second....

Gu Shaoyang's elusive figure and violent and cruel methods directly shattered their confidence.

Now these people on the field just want to run away from the monster Gu Shaoyang.

As for the original purpose, Wang Bing?

To hell with it, Wang Bing also needs to be useful.

Facing such a monster-like figure, even if he holds a king's weapon,...I'm afraid he will also be decapitated.

Chapter 556

One after another figures fled in panic. Bei Mingjue's face was as black as a pot lid. It was already withered and ugly, but now it has become even more ugly.

He stared at Gu Shaoyang with eyes that wanted to eat Gu Shaoyang alive.

"I really regret not killing you then..."

When he was in the secret realm, Gu Shaoyang was no different from an ant in front of Bei Mingjue.

Bei Mingjue fought with Gu Shaoyang in a playful manner, and then walked away.

Who would feel bad about not crushing an ant?!

But Bei Mingjue didn't expect that Gu Shaoyang, an ant, would grow enough to threaten him in the blink of an eye.

Gu Shaoyang's growth rate was so fast that even he felt scared.

"good very good. Bei

Mingjue knew that the matter of snatching the king's soldiers was over. He glanced at the tattoos of Gu Shaoyang and Luo Hong with ferocious eyes, and said in a deep voice:"I, Bei Mingjue, have miscalculated this matter. I will wait for another day."..."

"Wait for another day? Do you still want to have another day?!"

A fist that dragged out dark ripples and with a cold voice slammed in front of Bei Mingjue, blocking the rest of Bei Mingjue's words directly.

"Damn it!"

Bei Mingjue's face changed drastically, and he hurriedly received Gu Shaoyang's punch.

920 His right arm, which had been broken once, was once again beaten to pieces by Gu Shaoyang's punch.

"Now that you're here, don't leave."

Gu Shaoyang spoke coldly, with endless murderous intent in his words.

Luo Hongwen also had a tacit understanding and controlled the Wang Bing Xiaoding to suppress the void.

Bei Mingjue's right arm quickly grew out, and he quickly formed restraints one after another. One after another emerged between his hands. Countless weak water, sky fire, sharp blades, boulders and strong winds came out and rushed towards Gu Shaoyang crazily. Gu

Shaoyang had no expression on his face and punched out.

Black ripples spread, and all forbidden attacks such as water, fire, wind, earth, etc. were all under the ripples. He was crushed into powder.

He could defeat all magic with one force.

No matter what attribute of heaven and earth energy, it could not withstand Gu Shaoyang's terrifying power.

"boom!"

The phantom of the small cauldron suddenly pressed down and hit Bei Mingjue's back hard.

Luo Hongwen's spiritual blow made Bei Mingjue unable to dodge, and he spurted out a few mouthfuls of blood.

Before he could recover, Gu Shaoyang was already approaching again.

Bei Mingjue's eyes finally showed traces of fear and panic.

Gu Shaoyang and Luo Hongwen really wanted to kill him!

"asshole!"

Bei Mingjue flew back while wildly punching out restrictions one after another.

The strange thing was that after flying out, the lights of these restrictions sank directly into the void around him, and then disappeared silently without any movement.

Gu Shaoyang frowned slightly and punched harder. Spicy

"Use all your strength."

He said coldly.

Luo Hongwen nodded, and also urged the small cauldron with all his strength, roaring wildly.

Bei Mingjue simply turned into human flesh, and was ravaged wildly by the two men.

The sound of cracking bones and shattering bones continued to be heard from his body, and blood He sprayed wildly, but he refused to fall even though he was teetering.

He didn't fight back either...

The suspicion in Gu Shaoyang's heart deepened.

Gu Shaoyang took a deep breath and stopped punching.

Bei Mingjue's body was very strong. It would take some time to beat him to death with physical strength alone. The fastest way would be to kill his soul.

Terrifying murderous intent condensed on Gu Shaoyang's sword.

The five elements flow and are blessed by ten times the power of time.

Gu Shaoyang was determined to kill Bei Mingjue with one sword without reservation.

Bei Minjue's eyelids were twitching wildly, his scalp was numb, and his heart felt like countless ants were gnawing at him crazily.

"He can kill me! His sword can kill me!..."

Bei Mingjue yelled at himself crazily in his heart.

Finally, when Gu Shaoyang slashed down with his sword with all his strength, Bei Mingjue's eyes suddenly opened wide and the last forbidden light shot out from his hand.

"One day, I will kill you! ah!..."

An extremely vicious curse, accompanied by screams.

The void where Bei Mingjue's body was suddenly collapsed, swallowing him up.

It was similar to the restriction of moving in the void. Unfortunately, before his lower body had time to retract into the void, he was struck by Gu Shaoyang's sword light.

Bei Mingjue's lower body disappeared directly, and only his upper body dived into the void and disappeared.

At the end (ajaa), Gu Shaoyang also saw Bei Mingjue's eyes that wanted to choose and devour others.

"pity..."

Gu Shaoyang felt a slight regret in his heart, but it was a pity that he did not keep Bei Mingjue.

He was not worried about Bei Mingjue's revenge.

Bei Mingjue's strength has almost reached its limit. Being inscribed and removed from the Tiandao Monument is the best proof, otherwise he would not have practiced more.

Unless Bei Mingjue breaks through to the realm of God Lord.

But he is different. His upper limit still has a lot of room for improvement.

He has not yet entered the True God Realm. Once he does, Gu Shaoyang is confident that even if Bei Mingjue breaks through to the God Lord, he can still suppress him!

After a series of battles, as many as four people at the peak of the True God level died in Gu Shaoyang's hands.

Coupled with the attribute bubbles extracted from previous battles, Gu Shaoyang's strength has increased again.

The second derived secret of destruction and killing has increased to 30%, and the second derived secret of space law has reached 60%.

The physical body also grew.

But compared with the effect of using the energy of chaos to temper oneself, it seems to be negligible.

"Thank you Brother Gu for your help."

Luo Hongwen was in a good mood after escaping death. He couldn't help but express his gratitude to Gu Shaoyang.

Gu Shaoyang's talents, strength and methods all made him admire him to the extreme. Luo Hongwen was half grateful, and half also meant to make friends with Gu Shaoyang.

Gu Shaoyang He nodded slightly and said calmly: "Brother Luo, just don't forget what you promised me before."

Luo Hongwen's expression froze, he hesitated for a moment and then handed the small cauldron in his hand to Gu Shaoyang. Gu Shaoyang

's combat power was much higher than his, and even if he directly robbed his king's soldiers, he would most likely succeed. He would go through many twists and turns to help him get out of trouble. , it seems that they really just want to use Wang Bing to have a look

"It is said to be a half-step king's soldier, but in fact it does not even have one-tenth of the power of a king's soldier...."

While Luo Hongwen handed the small tripod to Gu Shaoyang's hand, he explained:"It only contains a little bit of original power and is considered a defective product. I was rewarded for pleasing an elder in the sect..Moreover

, this defective King's Soldier is used to assist in alchemy, not for killing at all...."

When Luo Hongwen said this, he became angry and said angrily:"I don't know why those guys are chasing me. If I really had a killing weapon in my hand, I would have suppressed them all long ago." Kill!"

Gu Shaoyang was slightly surprised when he heard this. He didn't expect that this small tripod was just a defective product, not even one-tenth of the power of a real king's weapon, and it was not a specialized killing weapon.

How terrifying would it be to have a real king-killing weapon?

The combat effectiveness must be improved hundreds and thousands of times.

Gu Shaoyang looked at the small three-legged and two-eared cauldron in his hand. There were several bubbles floating on the small cauldron.

"The Origin of Alchemy*3894

This should be what Luo Hongwen said, the origin of power.

Gu Shaoyang's eyes flashed, thinking secretly.

The true god realm relies on the general trend of heaven and earth, the god master realm forms its own general trend, and the god king realm...

It should be about touching this so-called...Three Thousand Avenues, the original power!

Gu Shaoyang tried to absorb a trace of the original energy on the small tripod.

About the size of a hair.

But just this trace of it made Gu Shaoyang's divine sea shake.

For a moment, he seemed to be in contact with the most essential power in the world, and many enlightenments came to his mind. There seemed to be countless golden avenues in front of him, which were dazzling, vast, majestic, and mysterious.

This is a great power that is more powerful than the power of law.

The secrets of law are only the power of heaven.

But the original power is the power of the great avenue.

The realm will also perish, and the way of heaven will be annihilated. Gu Shaoyang has personally seen the gradual decline of the three-eyed realm.

In other words, if the way of heaven in the Great Thousand Realms dies, the power of the laws and mysteries understood by the billions of warriors in the Great Thousand Realms will be like a rootless tree and a sourceless water, which will instantly become a joke.

But the original power is different.

The road is eternal.

Mastering the power of the source is equivalent to communicating the great road.

There are three thousand avenues, all pointing straight to the top.

Only those who have mastered the power of the source have some qualifications. They can say that the heaven and earth will be destroyed but I will not be destroyed, and the way of heaven will be destroyed but I will not be destroyed.

This is also the origin of the huge gap between the God Lord Realm and the God King Realm.

No matter how strong the former is, it only relies on the power of the laws of heaven and earth, but the latter has already found its own path and can rely on the power of the great road.

For example, the former is like an ant standing on a rope.

If the rope is broken, the ants will naturally no longer survive.

The latter has already grown wings and can still exist in the air even if the rope is broken.

"click..."

After Gu Shaoyang extracted a trace of the original energy from Xiao Ding, a crack suddenly appeared on Xiao Ding's body.

"Brother Gu! Brother Gu!..."

Luo Hongwen screamed in shock, his heart trembled with heartache, and he wished he could snatch the small tripod back from Gu Shaoyang's hand immediately.

But Gu Shaoyang saved his life before, and his combat effectiveness was frighteningly high.

Luo Hongwen dared not speak out in anger.

In addition to being distressed, there was also an indescribable huge shock.

What kind of existence is Wang Bing?

It's a weapon that only those in the God King realm are qualified to use.

Even though his small tripod is just a defective product, it still has some of the power and characteristics of Wang Bing. indestructible.

Not to mention the True God Realm and Tianzun Realm, it is almost impossible for even a strong God Lord Realm to leave a trace on the king's soldiers.

Otherwise, Luo Hongwen would not have used the Alchemy King's soldiers to hit people without restraint.

But Gu Shaoyang actually "pinched" Xiaoding to create a crack?!

This is so scary!

This scene had a greater impact on Luo Hongwen than when Gu Shaoyang fought against nine pride-level figures by himself.

Luo Hongwen couldn't even imagine what Gu Shaoyang was doing.

Suddenly, Gu Shaoyang's image in his heart became more mysterious and mysterious.

Gu Shaoyang played with the small tripod for a while and then gave it to Luo Hong.

Luo Hongwen carefully received it and put it away like a treasure.

The only person who can throw a half-step king's soldier like a stone is right in front of you. You really can't afford to offend him.

"What's Brother Gu's next plan?"

Luo Hongwen had some free time and asked Gu Shaoyang.

It seemed that he planned to hold on to Gu Shaoyang's thigh in this Tianyuan Martial Realm.

Indeed, after seeing Gu Shaoyang's terrifying talent, Luo Hongwen naturally wanted to make friends with him.

Have you ever seen the Tianzun realm beating the peak of the True God realm like beating a dog?

Luo Hongwen had never seen it before, and even if he heard it, he would definitely take it as a joke. Now he knows that the Daqian Realm is very big and has many monsters.

Gu Shaoyang replied calmly Said:"Looking for spiritual medicine, looking for vitality, and grabbing resources."

What Gu Shaoyang has to do now is to feed his own Chaos Domain. The stronger the Chaos Domain, the stronger he will be.

Luo Hongwen pondered for a while and whispered mysteriously:"If this is the case, Brother Gu is not as good as Follow me to somewhere in the martial realm..."

"Um?"

Gu Shaoyang frowned in confusion.

Luo Hongwen said in a deep voice:"Brother Gu, you don't know, right? In this martial realm, there is a king of soldiers!"

"What?!"

Gu Shaoyang was really shocked this time.

Wang Bing?

Wang Bing was born in the martial arts realm?!

"right! Luo

Hongwen explained: "Many people know about this, but there is an ancient forbidden barrier outside the Wang Bing, and ordinary people cannot enter at all."

Only now do I understand why Bei Mingjue and others have been chasing me.

They actually want to use the king's soldiers in my hand to blast open a hole in the ancient restriction, so that they can get there first."

·0 flowers requested···

Gu Shaoyang's eyes flashed and he asked: "Then can your Wang Bing do it?"

Luo Hongwen showed hesitation on his face and said hesitantly: "If it is just a hole for two people, it should be possible... Bar"

"good. Gu Shaoyang nodded,"

Then go." Luo

Hongwen was overjoyed, nodded and said: "With Brother Gu's help, and my king's weapon in hand, who else in the entire martial realm can snatch this king's weapon from us?!"

Gu Shaoyang's eyes flashed, and a majestic figure like the rising sun appeared in his mind, and he whispered to himself: "It's really not necessarily true..."

Gu Shaoyang met Shi Feichen and Yan Lou again, and agreed to meet in Mirage City after the training, and then go to the place where Luo Hongwen said Wang Bing was.....0The place Luo Hongwen mentioned is located in the extreme east of the martial realm, in a very remote place.

If Gu Shaoyang hadn't been absolutely sure, even Luo Hongwen and the royal weapon in his hand wouldn't be his match. He would have to wonder if Luo Hongwen was lying to him.

Luo Hongwen took Gu Shaoyang to an empty wilderness and looked around at the empty space.

Gu Shaoyang dispersed his soul, and the difference was immediately huge.

In the empty wilderness ahead, there seemed to be a thick barrier blocking his exploration.

"Kill!"

The sword of the second derivative of the Law of Destruction was suddenly unsheathed.

The dark sword light exploded, shocking Luo Hongwen.

"Another secret of law!"

Luo Hongwen's eyes almost popped out of his head, because he had never seen the power of the law that Gu Shaoyang had used before, and it was not weak, enough to kill the average true god peak expert in an instant.

Luo Hongwen was already worried about Gu Shaoyang in his heart. The endless means were so shocking that I was numb.

This guy is a monster, this guy is a monster...

He could only continue to comfort himself.

The killing sword slashed into the void, exploded suddenly, and the sword light shattered.

A mysterious light barrier immediately appeared, as if it was blocking off another world.

"Is this the ancient forbidden barrier?"

Gu Shaoyang stared at the place where the mysterious light exploded, his eyes moved, and he said in a low voice..

Chapter 558

Gu Shaoyang changed his sword moves.

The five elements flow!

The five-color sword light slashed hard on the black barrier. The black light flowed on the barrier like the water of a pond hit by rain, but there was no crack at all.

"Come again!"

Gu Shaoyang frowned and used all his strength this time.

The five elements circulated and were blessed by ten times the power of time.

The power of the five-color sword light suddenly increased tenfold, and the terrifying sword pressure made the void collapse into pieces of darkness.

This sword was fierce Cut it off.

The mysterious light barrier shook violently and trembled violently. Cracks appeared on it, and gaps appeared.

However, it was still far from the gap where a person could enter.

"Sure enough, it doesn't work."

Gu Shaoyang shook his head and gave up trying.

Luo Hongwen's eyelids jumped as he looked at the shaking and cracked Xuanguang barrier, and he quickly said:"Brother Gu, I'd better do it."

""720" Gu Shaoyang nodded and got out of the way.

Luo Hongwen directly used the half-step Wang Bing small cauldron. The small cauldron quickly enlarged, and the Wang Bing's aura flowed into the void, and then slammed into the Xuanguang barrier.

"boom!"

This time, the mysterious light barrier broke easily.

It opened a big hole, but it shrunk at an alarming speed. The power of the recovery of the restriction made the small cauldron's shadow continue to shrink.

Luo Hongwen gritted his teeth to support, and spoke hastily : "Brother Gu, come on quickly!"

Gu Shaoyang hesitated for a moment and entered the barrier in a flash.

Luo Hongwen also quickly followed, and then waved his hand to put away the small cauldron.

He took out a large amount of pills from the spirit storage bracelet, without even looking at them. Stuffing it into his mouth, he quickly recovered the energy consumed by controlling the king's soldiers with all his strength.

Gu Shaoyang calmly looked at everything in front of him.

This was a gray wasteland, and the void was filled with an inexplicable aura, which made Gu Shaoyang's heart avatar. It's like a big stone is pressing down on it, and it feels like an uncomfortable heavy weight.

"It's Wang Bing's breath.."

Gu Shaoyang had seen Luo Hongwen's Wang Bing Xiaoding take action more than once and was very familiar with this aura.

However, although the aura spreading in the void now is many times weaker than the aura of Luo Hongwen's Wang Bing Xiaoding, it is more ferocious and violent.

"It should be a killing force! Luo

Hongwen said affirmatively: "And, unlike my small tripod, at least it is a complete low-grade king's weapon." "

Gu Shaoyang nodded.

After feeling the direction of the spread of the strong aura of the King's Armament, he could basically determine the approximate location of the sealed King's Armament.

Gu Shaoyang and Luo Hongwen rushed towards the determined direction....

At the same time, a figure stood quietly in the void outside the Xuanguang restriction.

With the appearance of this man, there seemed to be an extra scorching sun rising in the sky.

He has a majestic face and a majestic face. There is a strong aura of dominance flowing out of his hands and feet.

The true biography of Shenzhao Sect, Jin Dong is here!

"This place happens to be located in the extreme east of Martial Realm, which is consistent with my fate...."

Jin Donglai talked to himself lightly, with an indescribable calmness and confidence, and a sense of absolute control over everything that ordinary monsters don't have.

"This ancient king's weapon should be in my hands and become a weapon for me, Jin Donglai, to conquer the Tiandao Monument."

After saying that, Jin Donglai slapped a palm very casually.

His palm was like holding a red sun in his hand, majestic and unimaginable.

The red sun collided with the mysterious light barrier, and the mysterious light The barrier shook wildly, with countless cracks appearing in an instant, and then breaking into a hole.

Jin Donglai stepped in gently and deftly.

The mysterious light barrier healed and returned to the same state as before.

About half a quarter of an hour after Jin Donglai's figure disappeared, another The figure appears here.

The shape is broken and the bones are erect, and the description is haggard. It is Bei Mingjue.

"What a terrible pressure..."

Bei Minjue's face was sallow and his eyes were solemn,"Even though we are thousands of miles away, you can put so much pressure on me. Is this the power of the True God Realm genius engraved on the Tiandao Monument?

Jin Donglai's ranking on the Tiandao Monument It's not particularly high, it's only eighty-three, so how terrifying would it be to be ranked first!"

Bei Mingjue's eyes showed a lot of unwillingness when he thought about this.

After all, he had been to the Tiandao Monument once before.

Soon this trace of unwillingness turned into resentment and resentment.

"That boy from the Cangqing sect, and Luo Hongwen... you two ruined my cultivation. If I don't take revenge, it will be difficult to relieve the hatred in my heart!"

Bei Minjue suddenly sneered again, and countless mysterious black forbidden lights appeared around him, exuding a dangerous aura.

"But thanks to you for breaking my physical body, my physical training and cultivation were destroyed in one day. I cannot stand without breaking.

The destruction of my physical training has actually allowed me to achieve a breakthrough in the way of restraint. I will definitely give you a big surprise next time we meet!"

Bei Mingjue's eyes flashed with cold murderous intent.0

"The Cangqing sect boy's Tianzun realm is so terrifying. If he is promoted to a true god, I am afraid that he will be engraved on the heavenly monument immediately. It will be extremely difficult for him to seek revenge at that time.

He needs to be completely strangled in the cradle before he reaches the True God Realm."

A dark stone-like object appeared in Bei Mingjue's hand, and a smile broke out at the corner of his mouth.

If Gu Shaoyang were present, he would definitely recognize that the black stone in Bei Mingjue's hand was the man from Cangmang Cave Tang in Mirage City. The stone that Hao snatched from his hand

"No one would have thought that this inherited core of the ancient king's weapon would be in my hands!"

"I am bound to get this ancient king's weapon! Bei

Minjue looked at the position of the Xuanguang barrier coldly and sneered,"It doesn't matter if the Holy Son of Shenzhao Sect, Jin Donglai, still wants to drink the foot-washing water from me, Bei Minjue."

This time, I, Bei Mingjue, will seize the king's soldiers and return to the Tiandao Monument with the blood of the proud son of the Tiandao Monument!"

After saying that, Bei Mingjue took a step forward and flew straight towards the mysterious light barrier. The extremely hard mysterious light barrier was in front of Bei Mingjue, but without any intention of blocking it, it automatically opened an entrance and followed him in.

Bei Minjue held the black stone in his hand, with a sneer on his face....

"Just ahead!"

Gu Shaoyang and Luo Hongwen didn't know how far they had traveled, and finally saw a piercing gray light appearing on the gray wasteland.

Looking carefully, there was a spear floating quietly in the center of the gray light.

The spear was more than seven feet long and had a 5.1 shape. Gu Zhuo, the tip and body of the gun are both black, with a vast and ancient atmosphere.

"King Bing This is the unborn ancient King Bing!"

As he got closer, Gu Shaoyang's eyes moved.

Only then did he see clearly that nine dark chains extended from under the spear, locking the spear tightly.

These chains were like shackles imprisoning the blue dragon, making the king's spear unable to move.

Gu Shaoyang Taking a deep breath, he said coldly:"Look closer."

Luo Hongwen nodded, and the two of them approached quickly.

But when they were within a hundred miles of the spear, their bodies were shaken hard, and they couldn't help but fall down.

Luo Hongwen shouted in shock:"It's an ancient prohibition. Power!"

Gu Shaoyang also felt it. He seemed to be under endless pressure. Every inch of skin on his body was like a knife cut, and the pain was unbearable.

Chapter 559

Gu Shaoyang slightly released the realm of chaos, and the pressure and skin-cutting pain on his body immediately disappeared.

The Realm of Chaos is simply a powerful weapon to deal with such restrictive pressure. Once the Realm of Chaos comes out, any miscellaneous power that attempts to be attached to Gu Shaoyang will be swallowed up.

Gu Shaoyang's expression changed slightly and immediately returned to normal. His figure stabilized and hovered in mid-air.

Luo Hongwen fell straight down like a stone.

"Brother Gu, how come you are not affected by the ban?!"

Luo Hongwen's eyes widened in shock. Gu Shaoyang always shocked him one after another. Gu Shaoyang stretched out his hand and grabbed Luo Hongwen's collar, carrying him forward and galloping away.

Luo Hongwen rushed forward. She screamed, then her face turned red, and she couldn't help but smile.

"Gu...Brother Gu..."

He was too embarrassed to ask Gu Shaoyang to put him down. He had no choice but to make him unable to overcome the power of restraint.

Counting it all together, this was the second time that Luo Hongwen was carried away like a chicken by Gu Shaoyang.

This feeling was really bad, and Luo Hongwen secretly swore in his heart that he would never do it a third time.

Gu Shaoyang didn't fly far when he saw the nine chains locking Wang Bing's spear in front of him trembling slightly.

Immediately afterwards, the ground beneath his feet shook violently.

Huge cracks appeared on the ground, and dozens of people jumped out of the ground with thick black chains, dancing wildly, like ferocious dragons and pythons.

Gu Shaoyang's eyes flashed, and he grabbed Luo Hongwen with one hand and unsheathed the Seven-Star Longyuan with the other.

The five-color sword light turned into a curtain of light, covering Gu Shaoyang and Luo Hongwen.

The five elements flow.

This sword can be used both offensively and defensively.

The terrifying dark chains swept over crazily and slapped the five-color light curtain. The light curtain trembled violently, but there was no trace of breaking.

Gu Shaoyang felt relieved and continued to move forward.

His figure loomed in the void, like a flicker. Every time he flickered, he could move forward a long distance.

Most of the chains couldn't hit Gu Shaoyang. The occasional ones that did hit would be blocked by the five-color light curtain and couldn't hurt them at all.

Gu Shaoyang quickly passed through the interception of the black chain.

Within ten miles of the king's spear, all the black chains suddenly retracted into the ground and disappeared.

Even the pressure around me suddenly disappeared

"The ban is gone~?"

Luo Hongwen screamed in surprise, hurriedly broke away from Gu Shaoyang's hand, and flew in the air. But before the two of them were happy for a long time, gray shadows suddenly walked out of the void.

Each of these shadows had a majestic figure, and in their hands Holding a broken weapon, murderous and resentful, like an ancient lonely soul returning from an ancient battlefield.

"It's the resentful soul of a strong man who died under this king's spear. Brother Gu, be careful!"

Luo Hongwen shouted in a low voice, and the ancient war spirits had already rushed towards them crazily.

Gu Shaoyang had no expression on his face, and held out his long sword.

The dark sword light entwined with purple thunder passed by in the void, and an ancient warrior
The war soul immediately split into two halves silently and dissipated invisible.

The secret of the Law of Destruction is a killing sword.

The secret of the Law of Destruction has extra lethality against things like souls, spiritual bodies, etc., so it is perfect for dealing with such ancient war souls..

Gu Shaoyang slashed out two more swords, smashing the two Gu into pieces.

He raised his head and looked around, but his face suddenly became serious.

He saw densely packed ancient war spirits occupying the void. He could not sweep away hundreds of Gu Zhan, and the weakest Gu Zhan. The souls all have the strength of the true god realm.

That is to say, Gu Shaoyang and Luo Hongwen are extraordinary in strength. If they were ordinary true god peak powerhouses, they would be torn apart by so many ancient fighting souls at once.

Of course, the average true god peak powerhouses would not even be able to reach the front. I can't even get through the chain level, let alone face the ancient fighting spirit.

"Green Sun Treasure Pill Technique!"

Luo Hongwen shouted loudly, and two blue suns appeared in his hands, which were unparalleled in power.

His King Bing Xiaoding was suspended above his head, and it seemed to have a certain bonus to his skills.

Luo Hongwen Wen's strength is also very strong, so the two of them are not in much danger for the time being.

If they just keep dragging it on, they will be dragged to death sooner or later.

Gu Shaoyang thought for a while, simply put away his sword, and relied on his physical strength to fight the ancient war spirit.

The power of eight stars Erupting without reservation, the void was almost completely covered by pitch-black ripples. The ancient war spirit rushed up with murderous intent, but as soon as it touched the pitch-black ripples, it quickly shattered and died.

The situation gradually became clearer.

Just when Gu Shaoyang and the two saw the light of day, a shocking turmoil suddenly came from the direction behind them.

"who?!"

The two men suddenly turned their heads.

They saw a figure like the rising sun flying towards this side quickly.

Wherever it went, everything became majestic and bright, majestic and indescribable.

This figure was very special. He quickly entered the range of the chain.

The dark chain was like a magic dragon, but this man pinched the sun with his hands and beat it into a dead snake!

"Jin Dong is coming!"

Gu Shaoyang read out this person's name word by word.

Luo Hongwen also looked shocked, "Why is Jin Donglai here too?!"

"As you said before, the location of the ancient king's soldiers here is not a secret to many people."

Gu Shaoyang said coldly

"Brother Gu, what should we do? Luo

Hongwen's face turned slightly pale when he saw Jin Donglai's unstoppable momentum, "He's about to get through the blockage of the chains!"

"Then speed it up."

Gu Shaoyang had no expression on his face, took a deep breath, aimed in the direction of all the ancient war spirits, and punched slowly.

This punch seemed to distort the void, and the black ripples were so thick that even Gu Shaoyang's fist could hardly be seen clearly. All he could see was a blur of darkness.

It was like he was holding a round of black sun in his hand.

After Gu Shaoyang punched out, the black sun suddenly turned into five rounds, and then exploded suddenly!

"boom!"

The void completely collapsed.

Luo Hongwen was horrified and quickly moved away from Gu Shaoyang.

The ancient war spirits without intelligence all roared and were completely annihilated in the terror of this punch. They were annihilated for five days.!

This is the name Gu Shaoyang gave to this punch.

The fist of annihilation with the power of eight stars, plus the blessing of five times the power of time!

The principle of the five times blessing of the power of time is to punch oneself at different times in the long river of time. The power of this blow is collected and exploded in the current time and space.

It is equivalent to five Gu Shaoyangs in different time and space striking at the same time and space at the same time, so the power is increased tenfold.

Gu Shaoyang has never It's not that I don't want to, but I don't want to.

The strength of the physical body is not as strong as Yuan Li. The greater the increase in the power of time, the greater the burden on Gu Shaoyang's physical body in an instant.

The power of the eight stars explodes with all its strength. , with a power of eighty stars, maybe before Gu Shaoyang could punch this punch, he himself had been crushed into minced meat and powder.

Five times the blessing is already his limit at this stage.

It can be said that this is Gu Shaoyang's Forbidden punch.

Even so, after Gu Shaoyang punched this punch, there was still a trace of blood oozing from the corner of his mouth.

But it only took him a breath, and his face returned to normal. The power of the life fetus is not something you talk about casually.

"Walk!"

Gu Shaoyang destroyed all the ancient war spirits with one punch, then shouted low to the dumbfounded Luo Hongwen, and quickly rushed in the direction of the king's spear.

Luo Hongwen hurriedly followed after waking up from a dream..

Chapter 560

Gu Shaoyang and Luo Hongwen quickly approached Wang Bing.

Without the ancient war spirit blocking the way, the distance of ten miles could be crossed by the two of them without even blinking.

But as soon as the two took a step, the nine chains on Wang Bing's spear suddenly burst out with a strong evil spirit and murderous intention.

Soar into the sky and clear away the wind and clouds.

The two men were suddenly knocked apart.

Gu Shaoyang felt another layer of heavy pressure on himself.

This is... Wang Bing's aura!

"Wang Bing! These nine chains are actually Wang Bing!"

Gu Shaoyang's mind was shaken, and Luo Hongwen screamed in surprise.

What level of existence must the Wang Bing locked with the Wang Bing be?

"At least the middle-grade king soldiers, even if they are not top-grade, are definitely the best among the middle-grade king soldiers!"

Luo Hongwen shouted in ecstasy.

But joy turned to joy, and the road ahead for the two of them became difficult again.

Luo Hongwen directly sacrificed his small cauldron, barely resisted the pressure of Wang Bing's chain, and shouted at Gu Shaoyang Said:"Brother Gu, come with me! Well..."

Luo Hongwen hadn't finished speaking yet, and the remaining half of the sentence was stuck in his throat and he couldn't say it out.

He saw that Gu Shaoyang only trembled slightly, then returned to normal, and appeared directly in front of Wang Bing's spear in a flash.

There are several 510 attribute bubbles suspended on the nine chains.

"The Qi of Destruction*2738"

The Qi of Destruction. Unexpectedly, this chain king weapon actually contains the Qi of Destruction!

Gu Shaoyang's eyes flashed, and he reached out directly to grab the chain.

Gu Shaoyang had just extracted a bubble, and suddenly the nine in front of him Four of the chains suddenly broke away from the body of Wang Bing's spear and shot at Gu Shaoyang with great speed.

"What?!"

Gu Shaoyang was shocked and subconsciously raised his sword to resist.

"With a crisp sound, Gu Shaoyang's chest felt like he was hit hard, and his whole body flew backwards like a cannonball.

"Brother Gu!"

Luo Hongwen was shocked and exclaimed.

Gu Shaoyang stood up unsteadily with a pale face.

A big hole as big as a bowl was opened in his chest, blood gurgled out, and the seven-star Longyuan in his hand whined slightly, which was originally smooth. Three soybean-sized gaps appeared on Hong Qingquan's sword.

He blocked three chain attacks, but it was too late to block the fourth one.

Fortunately, Gu Shaoyang was successful in body training, otherwise he would have died immediately.

After all,...That was a king-level attack.

Moreover, it is not a defective king's weapon like the small tripod in Luo Hongwen's hand, but a real king's weapon, a king's weapon that contains the energy of destruction!

Wang Bing's breath entangled in Gu Shaoyang's wound (bdbf), making it impossible for him to heal.

Wang Bing's destructive aura is enough to grind a strong person in the God Lord realm to death. fine...

"Extract attributes!"

Gu Shaoyang extracted all the Wang Bing's aura from the wound, and the wound on his chest healed quickly at a speed visible to the naked eye, and the color returned to his face.

"Huh?"

There was a soft cry in the void.

A slender and tall figure came out of the void. He was dressed in black and handsome.

Except for his slightly thin body, he was absolutely handsome.

"Even the king's soldiers can't kill you, you are really tough."

The young man in black looked at Gu Shaoyang with a smile, but his eyes were full of coldness and murderous intent.

The young man in black stood in the void, with nine chains circling and dancing around him obediently, like a tamed demon python.

Gu Shaoyang only felt that this person His aura was extremely familiar, and suddenly a flash of inspiration flashed in his mind. He stared at the young man in black and said word by word: "Bei Mingjue!"

"Bei Mingjue?!"

Luo Hongwen opened his eyes wide and looked at the young man in black in disbelief.

"Best you can recognize. Bei

Mingjue smiled and nodded, "Even if you die like this, you will know whose hands it is.""

It's really Bei Mingjue.

Bei Mingjue's appearance has changed drastically. He is no longer like the ghost-like appearance before, but has become a handsome and beautiful man.

Gu Shaoyang guessed that most of Bei Mingjue's body was destroyed before. , the reason for the drastic regression in body training.

He was originally a handsome man, but because of practicing special body training techniques, he became neither human nor ghost. Now that the body training has been abolished, his appearance has been restored.

But...Why can he control the King's Soldier Chain?!

Luo Hongwen was also extremely surprised. He quickly approached Gu Shaoyang and looked at Bei Minjue as if he were facing a formidable enemy.

Bei Mingjue's own strength is not bad, and with the addition of a real king's weapon, his combat effectiveness suddenly reaches an extremely terrifying level.

"Today, you two, and him..."

Bei Mingjue raised his eyes and looked behind Gu Shaoyang and said lightly:"We are all going to die here. They will become the stepping stones for me, Bei Mingjue, to march into the supreme martial arts, paving the way for bones!"

The aura of the bright sun approached quickly, and a stalwart The godlike young man in white stood quietly on the other side of Gu Shaoyang and looked at Bei Minjue indifferently.

The"he" in Bei Minjue's mouth is Jin Donglai!

Bei Mingjue himself didn't expect it.

It turns out that the mysterious black stone he got was not the inherited core of the king's weapon that was blocked in this ancient restriction, but the inherited core of the chained king's weapon that blocked the ancient king's weapon.

But this made him even more happy.

Because he might get...Two pieces of royal weapons!

Gu Shaoyang showed no expression as he slowly poured the energy of destruction that he had extracted previously into the Seven-Star Dragon Abyss in his hand.

Qixing Longyuan let out a strange trembling sound, and traces of inexplicable aura began to flow above it.

Qixing Longyuan is transforming to the level of Wang Bing, and the three gaps on the sword are gradually beginning to recover.

No one noticed this change.

Bei Mingjue couldn't help but take action

"Die to me!"

Bei Mingjue snorted coldly, and five chains suddenly shot out. The aura of Wang Bing spread across the world, and the pressure was extremely terrifying.

Three chains besieged Jin Donglai, and the remaining two attacked Gu Shaoyang and Luo Hongwen respectively..

This is a true king's weapon. Each chain has all the power of a king's weapon.

Luo Hongwen roared, and directly used the small cauldron and the chain to compete. Gu Shaoyang greeted him with his long sword.

Jin Donglai held the big sun in his hand. , one person fights three chains alone, and he is not weak at all.

"Extract attributes!"

Gu Shaoyang extracted another attribute bubble of the destructive energy from the chain in front of him, and blended it into the Seven-Star Dragon Abyss.

The power of the Seven-Star Dragon Abyss surged a little, while the chain weakened a little.

His eyes flickered, and he was not in a hurry to completely suppress the chain. Instead, grind slowly and accumulate strength.

"The sun is rising!"

A majestic and deep voice sounded in his ears, and a real sun seemed to rise in the gray sky. The three chains that besieged Jin Donglai were violently pushed aside. Bei Mingjue's eyes were shocked, and he endured Unable to resist, two more chains separated from the king's soldiers' spears and attacked Jin Dong. The sleeping ancient king's soldiers' spears seemed to tremble, and a terrible murderous intention leaked out.

Gu Shaoyang's eyes lit up, and he suddenly burst out with all his strength.

Five Elements Flow, blessed by ten times the power of time

"Damn it!"

Bei Mingjue gritted his teeth and had no choice but to separate a chain to attack Gu Shaoyang.

He already regretted that he had trusted him so much.

Both Jin Donglai and Gu Shaoyang were powerful geniuses. It was still a bit reluctant to fight one against two.

This By that time, the aura fluctuations of Wang Bing's spear had become more and more obvious.

Bei Mingjue's eyes flashed, and he suddenly took action, forming a series of restraints and continuously applying them to Wang Bing's spear.

Now!

Gu Shaoyang's eyes flashed with brilliance. The sword swung open the two chains, the realm of chaos opened, and the whole person rushed towards the location of Bei Mingjue and the spear.

His real purpose was the locked spear of the king's soldier!
