Chapter 571

In the chaos, there was Yin and Yang, the Five Elements, and then time and space...

Finally, the first land was formed.

With the green sapling as the center, the chaos on all sides began to boil like boiling water. Pieces of dark brown soil rolled out and condensed into solid land.

Even Fu Bao, who was sleeping soundly under the tree, was startled. He sat up suddenly and rubbed his eyes. After being confused, he was particularly surprised.

Fu Bao stood under the tree and danced with joy as he looked at the expanding and extending space around him.

Gu Shaoyang stood in the midst of chaos, surrounded by pure vitality that flowed like a river, and his tall and majestic figure was like the creation of the world.

When the land expanded to a radius of ten miles, the vitality under Gu Shaoyang's feet suddenly stopped.

Cangyang Peak's ten thousand-fold vitality pools were all sucked dry by the Chaos Realm.

Gu Shaoyang shook his head with regret and stepped onto the newly created land in the Realm of Chaos.

Walking in front of the green tree, the tree felt his arrival like "Zero One Seven", conveying a hint of joy and joy. The branches swayed slightly, and suddenly swayed out a wisp of fresh air visible to the naked eye.

"Um?"

Gu Shaoyang's eyes moved, and he reached out to grab the fresh air, with a look of joy on his face.

This is...The vitality of heaven and earth!

It seems that the quality is a level higher than the vitality of heaven and earth in the Great Thousand Domains.

In other words, if there are real creatures born in this world in the future.

The starting point of these creatures' cultivation will be higher than that of the races in the Great Thousand Domains.

Gu Shaoyang also wanted to try to use this feeling of vitality cultivation, but it was obviously not possible yet.

Although the green trees are still producing a steady stream of fresh air, for Gu Shaoyang, who is in the True God Realm, this fresh air is still a drop in the bucket, a drop in the ocean.

"But it finally paid off.."

Gu Shaoyang smiled slightly. From the beginning to now, the Realm of Chaos has swallowed up an unknown amount of the vitality of heaven and earth. This vitality of heaven and earth was enough to push him directly to the peak of the True God or even the realm of God Lord. However, in the end, it only produced a land of ten miles in radius in the Realm of Chaos.

"After reaching the True God Realm, my cultivation realm is closely related to the Realm of Chaos. Only when I grow in the Realm of Chaos can I advance..."

"There are advantages and disadvantages. The advantage is that there will be no obstacles for me to break through the realm in the future. As long as the realm of chaos expands, my cultivation will be able to advance rapidly. The downside is that if the Realm of Chaos never gets nourishment, or is bombarded and damaged, and the world dies prematurely, my cultivation realm will also regress..."

Gu Shaoyang thought in his mind.

Then he tapped the small tree lightly, and a strange power of law merged into the small tree.

The small tree suddenly made a rustling sound, doubled in height, and swayed with much more fresh air.

"With the five elements of time and space, the next step is to give birth to living beings..."

What Gu Shaoyang had just integrated into the little tree was the law of life that he realized when he broke through the first level of life gate.

Integrated with the law of birth of all things, it is the origin of all creatures.

"I wonder what it would be like to give birth to the first creature in the Realm of Chaos?"

Gu Shaoyang withdrew from the Realm of Chaos with expectation.

The ten huge thousand-fold vitality pools at the foot of the Cangyang Peak that were restored in front of him have completely dried up. It will take a long time until they are all filled up again.

Gu Shaoyang came from Cangyang. When he came down from the peak, God let go a little. In less than three breaths, a figure suddenly came out of the sky and knelt down respectfully under him.

"Qian Junming met with Senior Brother Gu.

Gu Shaoyang nodded slightly and asked lightly: "Has anything big happened recently?"

About half a year has passed since he retreated this time, mainly because it took several years for the land in the Realm of Chaos to evolve. The flow rate of time in the Realm of Chaos is different from that outside, and the flow rate inside is faster than that of the Great Thousand Realms. More.

The higher the world level, the slower the flow of time. This is what Gu Shaoyang has realized recently.

When the Realm of Chaos is gradually perfected, the flow of time in it will continue to approach the Great Thousand Realms, or even exceed the Great Thousand Realms.

"There are only a few major events within the sect..."

Qian Junming pondered for a while and said:"Senior Brother Zhao Duquan, the leader of Cangmo Peak, has broken through to the middle stage of the Divine Lord Realm. The sect is celebrating. Also, Senior Sister Lin Lan, the leader of Canglan Peak, has announced that she will seal the line and plans to bring some of her disciples to join us at Cangyang Peak." Next... there are some sect disciples who are also willing to follow Senior Brother Gu. Because Senior Brother Gu has been in retreat, I didn't agree immediately. It all depends on Senior Brother Gu..."

Gu Shaoyang was slightly surprised, but it was reasonable for this to happen.

He thought about it for a moment and then said:"Reply to Senior Sister Lin Lan, we at Cangyang Peak welcome her to come at any time."

Qian Jun nodded in agreement.

Lin Lan was kind to Gu Shaoyang and took good care of him later on, so he had to repay the favor.

Speaking of which, Lin Lan is a powerful person in the realm of God Lord. He can be regarded as having great vision and courage if he gives up his noble position as the Lord of a lineage and a peak and wants to follow him.

"There is another matter. This matter has now shaken the entire Great Thousand Domains, and the storms in the Nineteen States have stirred up..."

Qian Junming reported again.

Gu Shaoyang's eyes showed a hint of curiosity,"What's the matter?"

"The Emperor Puluo is about to die, and the emperor's decree calls on the world to find an emperor's son to inherit his tens of thousands of years of cultivation and inheritance..."

"The inheritance of the God Emperor?!"

This time, even if it was Gu Shaoyang, he couldn't help but be slightly moved.....

"Does the Emperor Puluo have no heirs?"

"have."

Qian Junming said in a deep voice:"However, among the thousands of emperors of Emperor Puluo, there is no one who can make him feel that he can surpass or reach his current height. That's why he recruits all over the world. , these matters were directly named in the imperial decree...."

Gu Shaoyang thought for a moment to understand this.

As an emperor's son, with the blood of the God Emperor, his starting point is countless times higher than that of countless people. He can easily reach the realm of God Lord, God King or even God Lord that others may not reach in their lifetime.

However, once they reach the God-Emperor realm, the Emperor's blood will become their biggest fetter.

Each god-emperor's path to becoming an emperor is unique and cannot be copied.

If the emperor's son wants to become emperor, he must break through the shackles of his own bloodline and overthrow the old path his father took.

The difficulty of this is thousands of times more difficult than that of ordinary people.

God Emperor Puluo pointed out so unceremoniously in his imperial edict that none of his heirs would be capable of anything. I'm afraid he was also motivating his heirs, hoping to forcibly force out a child with the appearance of a god-emperor.

"Now most of the genius monsters in the Great Thousand Realm have gone towards the Fuluo Realm, including many of the sons of other god-emperors.

This time the Emperor of Baluo chooses a successor, which can be regarded as the greatest prosperity in the world of the Great Thousand Realms in tens of millions of years.

Senior Brother Jiang Feng, the first direct descendant of our sect, also rushed there a few days ago on 4.9. Gu

Shaoyang thought for a while and said:"There are many talented people on the Tiandao Monument, why not just choose one from the Tiandao Monument?"

Qian Junming said with a smile:"Senior Brother Gu, you don't know something now. When you reach the realm of the God Emperor, even if you are about to die and go to bed, it is very easy to live for tens of thousands of years in the remaining life. At that time, I turned into a handful of loess, and the Emperor Puluo was still jumping around.

Similarly, this process of selecting successors is also extremely long, and it may take hundreds or even thousands of years.

Who can say how many amazing and talented people will be born in the Great Thousand Realms during this period of time.

Moreover, the God-Emperor's standards for selecting successors should be different from those of ordinary people. No one can figure it out, so everyone may have a chance..."

Gu Shaoyang smiled slightly, looked at Qian Junming and said:"Then why don't you try it?"

Qian Junming blushed and said embarrassedly:"Senior Brother Gu is joking, I am still a little self-aware."

Chapter 572

"God Emperor Puluo, Puluo Territory...You might as well go there.."

After listening to Qian Junming's description, Gu Shaoyang had some thoughts in his heart.

God-Emperor-level inheritance is rare for tens of millions of years. This is a great opportunity for young talents in the entire universe.

Gu Shaoyang didn't have any extravagant expectations that he would be able to inherit the inheritance, but since countless geniuses gathered in the Fulo Region, it was a pleasure to go and witness this prosperous age, fight against others, and verify his own cultivation strength.

Gu Shaoyang waited for a whole day at Cangyang Peak, and Lin Lan arrived in a hurry the next day with the people from Canglan Peak.

"Meet Brother Gu.."

Lin Lan hesitated for a moment before saying the words "Senior Brother Gu".

Gu Shaoyang is now a direct disciple. As a true disciple, it is understandable for her to call her senior brother Gu Shaoyang.

Shi Feichen, Yan Lou and others followed behind Lin Lan.

Almost all the disciples from Canglan Peak came.

No one is a fool. Gu Shaoyang is now the person that even the leader of the God King Realm wants to befriend. He has unlimited potential and his future is ten times more immeasurable than the first direct descendant Jiang Feng.

"Senior Sister Lin Lan, just feel free to do as you please. Cangyang Peak will have to trouble you more in the future to take care of you..."

Gu Shaoyang said with a smile.

Lin Lan's expression also relaxed. Although things were different and she was filled with sadness, these emotions had long since passed. Before she came, she was only worried that Gu Shaoyang would turn his back on him.

He regarded his previous experience of being at the Canglan Peak as a great shame and humiliation, and then deliberately targeted them.

Now it seems that she was worrying too much

"Is Senior Brother Gu planning to go to the Puluo Territory to fight for the inheritance of the God Emperor?"

Lin Lan asked thoughtfully.

Gu Shaoyang smiled slightly and said lightly: "I can't argue, I just went to join in the fun."

"Senior Brother Gu's talent is astonishing and his luck has given him a chance."

Gu Shaoyang didn't say much. He gave Lin Lan a few words, assigned all matters concerning Cangyang Peak to Lin Lan, and asked Qian Junming, Shi Feichen, and Yan Lou to assist Lin Lan, and then left gracefully.

Three days After that, Gu Shaoyang left the Cangqing sect alone

"Fuluoyu is located in Mingzhou, and it takes a year and a half to get there..."

The Daqian Realm is too big. Each state is more than ten times larger than the Zhongtian Region or even the Zhongqian Realm. Moreover, different states are ruled by different divine emperors, and teleportation arrays are rare, similar to those in the underworld. To such a remote place as Zhouzhou, one has to travel by oneself.

The journey was boring, so Gu Shaoyang simply called out the Wannian Jade Ginseng Fubao and trained Fubao to practice swordsmanship every day, just to kill the boring time.

Changes in the Realm of Chaos continue.

Now the passage between the Realm of Chaos and the Great Thousand Realms has been completely opened.

The new-born tree takes root in the void and can directly absorb the vitality of heaven and earth from the vast realm to nourish the realm of chaos. It has finally achieved self-sufficiency, which saves Gu Shaoyang a lot of trouble.

"Swish Swish Swish..."

The jade-colored sword energy split the void, bringing with it an aura that made people feel heart-stopping and frightened.

Fu Bao stood in front of Gu Shaoyang solemnly, with a small sword flying horizontally and vertically above his head. The sword was full of energy, and he had the air of a strict law-abiding person.

Gu Shaoyang's eyes showed a bit of joy and excitement.

Fubao's swordsmanship talent was beyond his expectation, and he has now understood the secret of the first law, the Law of Wood.

This is not what surprises Gu Shaoyang the most. What surprises Shaoyang is Fubao's swordsmanship.

Gu Shaoyang stared at the five flying swords above Fubao's head that flowed according to his will, as freely as swimming fish, as if he had seen another kind of great joy.

Fubao has gradually embarked on a kendo that is different from Gu Shaoyang's kendo.

The way of the flying sword!

"It is said that the ancient swordsmen practiced flying swords and sword pills. Later, the laws of the Great Dao changed, and this sword technique almost disappeared from the world. I have never seen anyone use it in the Great Thousand Realms. Fu Bao can understand the secret method of flying swords on his own. It can be said to be a profound blessing. It is impossible to say that he will be called the flying sword in the future. A person who carries the Way."

Gu Shaoyang also gave more and more generous advice to Fubao. Fubao accepted it wholeheartedly, and his swordsmanship progressed by leaps and bounds.

Perhaps because he breathed more fresh air under the young tree, Fubao's appearance also changed slightly.

He was originally a white man. The fat baby, wearing a red bellyband, looks like a little baby who has just turned a few months old in this world.

Now his body has begun to grow slowly. He is about two or three years old, and the red bellyband on his body can hardly hold it.

It looks like he will It won't be long before he can become a real "boy with a sword."

Gu Shaoyang left Qingzhou and passed through Yunzhou, traveling for more than half a year.

On this day, he was walking in a wild wilderness.

Suddenly, I noticed that there was an extremely fierce battle sound in the distance. The sound of this battle was earth-shattering. The two figures shattered the void. The sky was dark, the earth cracked, and the scene was extremely horrifying.

"A battle between gods?"

Gu Shaoyang's eyes flashed, and he subconsciously approached. When he got closer, he realized that he was not in the realm of the God Lord.

"It's the realm of true gods! Both sides of the fight are strong in the True God Realm..."

Gu Shaoyang's eyes were shocked:"The person who is strong in the True God Realm and can make such a move must be the one who is engraved on the Heavenly Dao Monument and is at the top of the True God List, or even the top of the True God List."

Gu Shaoyang naturally would not miss such a battle and was approaching quickly.

Finally, he could clearly see the appearance of the two figures in the battle.

The man was seven feet tall, his arms were above his knees, and his whole body was emitting rays of light. He was like an innate demon. He could shatter the void with just one punch. His power was extremely terrifying.

"A body-refining warrior, and a body-refining warrior with at least the third level of Ming Gate!"

Gu Shaoyang's eyes flashed. This was the first time he had seen a figure with such a high level of physical training.

The young man who fought with this innate demon-like figure was completely opposite to him.

He was like an innate god.

Wearing a high crown, wearing a gorgeous robe, unparalleled beauty, exuding endless five-color divine light from all over his body.

This young man struck out with one palm after another, and faced off against the figure with terrifying physical training skills.

Gu Shaoyang could see that this young man seemed to The gate of life was not opened, but for some reason his physical body was as strong as Wang Bing. He was not afraid of his opponent at all. The 767 moves were a combination of physical body and magical power, which was extremely mysterious.

Those who were attracted by the battle between the two were obviously Gu Shaoyang was not the only one.

There were three people with extraordinary temperament standing on the edge of the fight between the two, looking at each other in amazement.

All three of them were at the level of God Lord.

Gu Shaoyang leaned over and asked the three of them: "Dare I ask if both sides are fighting? What kind of person is he? Can fellow Taoists explain it to me?"

The three God Lords turned their heads to look at him. Seeing his True God Realm cultivation, they immediately showed impatient and contemptuous expressions on their faces. They waved their hands casually and drove them away: "A mere little kid in the early stage of the True God Realm

dares to come over and join in the fun. I'm afraid. Don't you know how to write the word "death"? Get out of here, don't bother standing in front of us."

Gu Shaoyang didn't have any expression after hearing this, but just punched out.

Seven rounds of dark magic sun rose up in Gu Shaoyang's hands, and the terrifying power of both sides flashed across the field.

"boom!"

The body of a strong man in the God Lord Realm was directly exploded.

Then it quickly condensed, but Gu Shaoyang had already stepped on it, and the power of the Law of Destruction flowed into him, making it impossible for his body and soul to fuse and recover. He could only see An illusory figure in the blood mist roared and screamed in terror.

The remaining two God Lord realms were stunned and horrified.

Gu Shaoyang stepped on the God Lord realm, looked at them, and asked seriously: "Can you tell me more carefully now?"

Chapter 573

How could two God Lord realm dare to say no? Seeing that the God Lord realm expert who was about the same strength as them was blasted by Gu Shaoyang with a casual punch, not even his soul could escape.

Although there is an element of surprise in it, it is enough to prove the terrifying strength of Gu Shaoyang.

A voice inside the two of them yelled crazily

"This person is definitely engraved on the Heavenly Dao Monument and ranked as the supreme genius on the list of true gods!"

"He is definitely a proud man who ranks at the top of the list of true gods!"....

The two God Lords looked at each other, one of them wiped the sweat from his face and said with a smile: "Brother Taoist, I don't know, these two are both well-known people."

"That person who is like an innate demon and has an unparalleled physical strength is the supremely proud figure ranked 45th on the list of true gods on the Tiandao Monument.

It is said that this person once received half a drop of the essence and blood of a true innate god and demon. Even before it is completely refined, he is already ranked 45th on the list of true gods. It can be said that he has unlimited potential.

If that half drop of essence and blood is completely refined and he has not been promoted to the realm of God Lord, there is no way he can reach the top ten on the True God List."

"another person....."

A slightly strange expression appeared on the face of this God Lord Realm, and he said after careful consideration: "He is the son of Emperor Ao Xin, that is, the Puluo God who is about to die and is recruiting outstanding talents from all over the world to select his disciples. The emperor's son.

He carries the emperor's blood and ranks 32nd on the list of true gods on the Tiandao Monument.

It is said that after the decree of Emperor Buluo was made clear, Emperor Ao Xin has been frantically looking for people to fight against. He has fought many true gods before. The pride of God...."

Floating as if killing...Ao Xin...

Gu Shaoyang's heart was slightly shaken.

One is a body-refining genius who carries the essence and blood of innate gods and demons, and the other is the son of Emperor Baluo. They are both indeed of extraordinary status.

"After the battle between these two people is over, their rankings on the list of true gods are expected to jump up again.

Emperor Ao Xin didn't know that Fu Ruo Sha was definitely going to improve his ranking.

There is a gap of more than ten rankings between him and Emperor Ao Xin, but they have been fighting until now, and their strength is improving all the time. It's terrifying.

Gu Shaoyang asked:"How long has the battle between the two lasted?""

The strong man in the realm of God Lord replied:"We have been fighting for more than half a year."

The battle lasted for half a year?

It seems that both of them regarded each other as a whetstone to hone themselves and improve their strength.

Gu Shaoyang was thinking about it when suddenly there was a loud noise in the sky.

"boom!"

The two demon-like figures separated, separated on both sides of the void, and did not take action again.

Is it over?

Gu Shaoyang was a little surprised. The battle between the two ended just after he came. It was a coincidence.

"No fight, no fight! Fu

Ruo Sha, who was much taller than an ordinary person, waved his hand and said loudly:"I don't want to fight you anymore.""

Emperor Ao Xin did not speak.

After Fu Ruo Sha finished speaking, he suddenly... A pair of big copper bell-like eyes stared at Gu Shaoyang, with a look of joy, excitement, and eagerness to try.

"I have found a better opponent and will compete with you next time when I have time.

"snort!"

Suddenly, Emperor Ao Xin snorted coldly and stood in front of Fu Ruo Sha.

"what you do? Fu

Ruoxa frowned and said impatiently: "Since I said I'm not interested in fighting with you anymore, I'm just not interested. I'm not afraid of others caring about your father's identity... No matter how powerful the Emperor Fu Luo is, he doesn't have a son under his knee." One thousand or eight hundred, is it possible that I will still come to trouble me because of you? Emperor

Ao Xin's face turned ugly for a while, and then he said coldly: "I stopped you not because I wanted to fight you, but because I wanted to fight you.".."

Emperor Ao Xin suddenly turned around, a seven-foot-long divine light burst out from his eyes, and punched Gu Shaoyang hard, causing the void to shake.

"..But this person is also my chosen opponent. Otherwise, you know why I parted ways with you so readily!"

Emperor Ao Xin's fist had five colors of divine light flowing around it. It seemed to contain many kinds of mysterious power. It did not contain the power of laws and secrets, but it was terrifyingly powerful. The two divine masters standing next to Gu Shaoyang were struck by Emperor Zi Ao Xin. This punch made his face turn pale with fright, and he turned around and ran away in an instant.

The only person who could scare away two God Lords with one punch was the supremely proud figure at the top of the list of true gods.

Gu Shaoyang's eyes flashed, facing Ao Xin's He was not afraid of the punch at all.

Gu Shaoyang took action boldly, seven rounds of dark magic sun rose in his hand, and he suddenly met Ao Xin's punch.

"boom!"

The terrifying energy poured out from the collision of the two fists shattered the void for hundreds of miles into pieces, and the sky was in a mess, like rags

"How dare you, Ao Xin, steal my favorite opponent!"

At this time, Fu Ruosha also roared and rushed forward.

He also punched, this time towards Gu Shaoyang.

He and Ao Xin were tired of fighting.

Gu Shaoyang had just punched Ao Xin, and he also punched Ao Xin. Before he could regain his composure, the Seven Demonic Suns rose again.

Seven suns were annihilated together!

"boom!"

Gu Shaoyang was hit by a strong force. He spat out a mouthful of blood and flew backwards.

There was a look of shock in his eyes.

The power of Furuoshan's fist was at least twenty stars. It was worthy of absorbing the essence and blood of the innate gods and demons. existence.

The power of the Life Fetus Gate was revealed, and Gu Shaoyang's injuries recovered quickly at a speed visible to the naked eye.

Fu Ruoxa's eyes lit up, and he said with great joy: "Although your strength is a bit lacking, you are forbidden to fight. I like it!" Ha ha..."

Fu Ruosha rushed forward and punched again, and Gu Shaoyang also punched him in return.

"boom!"

This time Gu Shaoyang also retreated, but the retreat distance was much smaller.

"Darling, you have achieved a breakthrough in strength so quickly!

Fu Ruosha clapped his hands and praised, "Excellent, wonderful, come again, come again!"

At this time, a cold snort sounded in the ears, and Emperor Ao Xin also rushed up.

The three of them fell into a melee.

"Extract attributes!"

"Extract attributes!"

Gu Shaoyang's eyes also burned with blazing fighting spirit.

Both of them are the most favored men in the entire universe. The attribute bubbles on their bodies are frighteningly rich, and new attribute bubbles will be generated every time they fight.

This For him, it was like a great opportunity.

He could not only prove his cultivation against his peers, but also grow in the battle. This was a good opportunity to kill two birds with one stone.

Fu Ruo Sha and Ao Xin's eyes became brighter and brighter.

At first, she realized that Gu Shaoyang was only interested in seeing the scene where Gu Shaoyang punched the God Lord Realm with one punch.

Gu Shaoyang's early stage cultivation in the True God Realm still made them look down on him..

But I didn't expect that Gu Shaoyang was like a spring. No matter how much force they used, Gu Shaoyang could catch up and respond with more powerful explosive power.

Gu Shaoyang's strength was improving, and the potential of the two of them was also being used bit by bit. forced out

"Have fun!"

Even Emperor Ao Xin couldn't help shouting, his face full of joy.

The battle between the three continued from the sky to the earth, from void to chaos...

Sometimes Fu Ruosha and Emperor Ao Xin besieged Gu Shaoyang, and sometimes Gu Shaoyang One of them besieged the other, and sometimes the three of them fought with each other. The battle group quickly rushed towards the direction of Mingzhou, causing endless strange phenomena along the way...

Chapter 574

Mingzhou, Broken Bone City.

Broken Bone City is the most powerful city in the Netherworld. It is located on the top of the mountain. The entire city has been tempered with the energy of the Netherworld and is indestructible. Even a strong person in the True God Realm will have a hard time breaking on the walls of Broken Bone City. Leave some traces.

There is a huge, slightly rotating black vortex in the sky above Broken Bone City. It is deep and invisible, like the entrance to the sky.

It is said that before the Emperor of Baluo attained enlightenment, he fought for the throne with a powerful enemy. The two sides fought fiercely here for thousands of years. In the end, Emperor

Baluo killed his opponent forcefully and used half of the enemy's spine to lay the foundation of Broken Bone City.

In Mingzhou, there are so many legends about Emperor Puluo that it is impossible to tell them all.

Some of them have been buried in the dust, but now that Emperor Balo is about to die, and the emperor's decree has announced to the world, those glorious achievements that were buried in the dust are mentioned again.

There were streams of light flying towards Broken Bone City from all directions, and they were all geniuses who were preparing to go to the Puluo Territory to participate in the selection of the successors of the God Emperor.

Among them there are many who are as dazzling as the sun and the moon, and they always make people exclaim.

A handsome young man with his feet on the boundless river strode towards the sky. There seemed to be endless water flowers emerging and disappearing around him, endless life and death.

"Pei Jicang, the 67th person on the list of true gods in the Tiandao Monument, is said to have understood the sixth derived secret of the law of water, making him the first person to understand the law of water in the true god realm!"

"The river 933 beneath his feet is both a magical power and a magic weapon. Every drop is weak water, weighing more than a thousand pounds"

"Pei Jicang doesn't need to use the secrets of the law. He only needs to sacrifice this river to crush his opponent to death."

"He is worthy of being the top genius ranked 67th on the True God List, so terrifying!"

Pei Jicang had no expression on his face, and took advantage of the Yujiang River to step onto the Broken Bone City. Then he stood proudly in the sky at the top of the city, waiting quietly. At this time, a black dragon snaked quickly from the sky in the distance, attracting everyone's attention.

It was getting closer. Only then did he realize what kind of black dragon it was. It was clearly a dark cloud moving across quickly. The dark clouds were filled with thunder and lightning, including deep purple lightning, crimson red, and gold...

The thundercloud seemed to encompass everything in the world. This type of thunder has astonishing power, giving people a sense of world-destroying terror.

Standing in the thunder clouds is a majestic figure like an innate thunder god, with hard features and a perfect body like copper poured into iron, showing the appearance of a young overlord. Style.

Seeing this person's appearance, everyone's faces showed shock. Even Pei Jicang's face became slightly solemn, and he softly uttered the person's name: "Sikou Ting"

"Si Kou Ting, who is ranked 39th on the list of true gods of the Tiandao Monument!! He's here too!"

"This is a real young overlord, a young giant, who is infinitely more tyrannical than Pei Jicang."

"Si Kou Ting was born from the conception of thunder. He has never eaten grains since he entered Taoism. He eats thunder and lightning, drinks thunder slurry, and is an extremely pure and born thunder demon. At this stage, I'm afraid there won't be any true God genius as tyrannical as him in the entire Broken Bone City!"

"The selection of the God Emperor has just begun, and now it is the stage for the geniuses on the True God List. At least 60% of the characters on the True God List have arrived one after another. I really don't know who will appear later."

"The God Emperor will die. This is the end of an era and the rise of an era."

I dare say that in the next 100,000 years, there will definitely be many peerless figures with the appearance of god-emperors in the Great Thousand Realms. Heaven will naturally find ways to fill the vacant thrones.

"Yes, the pinnacle of this prosperous age will be when those figures on the Tiandao Monument God Master List get the news."

Everyone was talking about it. Si Kou Ting stayed in the sky, and the thunderclouds under him almost covered one third of the sky in Broken Bone City. His power was boundless. The two great geniuses on the True God Ranking were here, and the atmosphere seemed to have become stagnant.

All People are waiting for the opening of the entrance to Balik Valley.

The entrance to Balik Valley is only open once a month, and the latest entrance opening time is today. The black vortex is spinning faster and faster, and a small small one appears in the center of the vortex. The black hole gets bigger and bigger

"The entrance to Balikyu is about to open!"

Everyone's eyes lit up and they got ready.

At this moment, the void suddenly shook slightly, as if there was an extremely strong energy wave extending from a distance.

"what happened?"(chdd)

Everyone stopped and subconsciously looked around.

Pei Jicang and Si Kouting also frowned slightly and looked in one direction.

"Look there!"

Someone screamed.

Everyone followed the sound, and their faces suddenly showed expressions of surprise and uncertainty.

I saw an astonishing vision in a very far place.

It was a broken void, thunder, flames, gods, Light and mysterious light splashed everywhere, and the void was shattered into pieces, then healed, and then shattered again... The vibration in the void

became more and more intense, and the vision on the horizon quickly approached Broken Bone City

"What kind of character is he?!"

Some people exclaimed.

This vision was more than ten times more majestic than when Si Kou Ting appeared.

"Could it be that one of the top ten, or even the top five, on the list of true gods has arrived?!"

Everyone speculated, and when the vision finally got closer, everyone saw it clearly.

In the chaos of the broken void, there were three figures that looked like gods and demons fighting desperately.

These three figures were taller than each other. Ten feet tall, his body shape is very different from ordinary people. He is surrounded by a faint light, like an innate demon god.

With a high crown and gorgeous clothes, the whole body is filled with divine light. He is indescribably noble. He is a born noble spirit.

The last line of white clothes is fluttering. He is handsome and handsome. Perfect, with peerless grace, an otherworldly temperament, and an edge that can split the sky.

No matter which one of these three figures, their power is not inferior to that of Si Kou Ting in the field, and even Pei Jicang is slightly inferior to them. Not enough.

When Si Kou Ting and Pei Jicang saw these three fiercely fighting figures, their expressions changed a little.

"He is also a proud figure on the list of true gods!"

The two of them were extremely sure.

Someone in the crowd finally recognized the identities of these three people.

"Isn't that young man who is innately like a god and a devil, Furoo Sha, who is ranked 45th on the list of true gods?!"

"The young man with a high crown is the son of Emperor Ao Xin. I have met him once and will never admit his mistake."

"Emperor Ao Xin's son ranks thirty-second on the list of true gods, seven ranks higher than Si Kou Ting!"

"Who is that young man who can fight against Emperor Ao Xin and Fu Ruo Sha? I have never seen him?!"

While they were discussing, suddenly everyone saw that Fu Ruoxa and Emperor Ao Xin suddenly reached a tacit understanding for a moment, and almost simultaneously struck a powerful blow at the handsome young man in white who was fighting them.

"This person is going to die!"

"Being attacked jointly by Emperor Ao Xin and Fu Ruo Sha, even Si Kou Ting was seriously injured and defeated!"

But what happened next was a scene that made everyone feel incredible.

The handsome young man in white looked as normal as he faced the joint efforts of Emperor Ao Xin and Fu Ruosha, as if he had expected that the two would take action like this. I have long been accustomed to the attacks of the two of them.

The handsome young man in white made a fist with one hand and a sword with the other. In the next moment, nine rounds of dark magic sun and an astonishing sword energy that wanted to separate the heaven and the earth burst out at the same time, stunning the Broken Bone City!

Chapter 575

Ten rounds of dark magic sun collided with Fu Ruosha's fist and exploded.

Furuo Sha flew backwards, and his right arm exploded in fistfights with the young man in white, and blood flowed out.

Five colors of light circulated in the sword energy that split the sky, and collided with the divine light released by Emperor Ao Xin. They were in a stalemate, and then the two of them avoided it at the same time.

The high crown on the head of Emperor Ao Xin was directly cut off by the sword energy, leaving a magnificent split-shaped cloud in the sky behind him.

"Hiss hiss..."

There was a gasp of air from everyone on the field. fear! horrible!

"Emperor Ao Xin and Fu Ruosha attacked the young man in white at the same time, but they were defeated and tied with each other. They couldn't do anything to him at all?! This is too scary!"

"This person's strength is truly terrifying!"

"Definitely one of the top fifty on the True God List, no! Otherwise, the sons of the top forty geniuses would never have such fighting power!"

Not only ordinary warriors, but also Si Kou Ting and Pei Jicang had solemn expressions on their faces.

The fighting prowess of Emperor Ao Xin and Fu Ruosha made them look askance, and the young man who fought against the two of them alone was even more so. They were amazed.

There was even some fighting spirit in Si Kou Ting's eyes, as if he was ready to join the three of them.

Pei Jicang was not qualified yet. If he went up, he would be beaten to the point of vomiting blood if he met him. quit

"Haha, have fun!"

Fu Ruosha laughed loudly. The injuries on his body had long since healed. On the contrary, he became more and more courageous as he fought.

"After fighting for half a year, we finally arrived at Broken Bone City in Mingzhou!"

Fu Ruosha looked at the handsome young man in white, his eyes were filled with strange light, and he said in amazement: "If you don't fight, you are simply a monster."

In just half a year, from the early stage of the True God Realm to the middle stage of the True God Realm, the combat power has soared several times, and the more he fights, the stronger he gets.

I don't want to be your whetstone, otherwise I might be pushed to the ground and beaten by you at some point!"

The eyes of Emperor Ao Xin when he looked at the handsome young man in white were also full of complex emotions.

In the past six months, he and Fu Ruosha had witnessed the growth of the man in front of them.

From the beginning, they could only barely support themselves under the siege of the two, and then became more skillful, and now he can faintly suppress two people with one person.

This talent and potential are simply terrifying.

Emperor Ao Xin and Fu Ruosha are both top monsters, and they can break through in battle. Fighting nourishes fighting, and cross-level challenges are as easy and satisfying to them as eating and drinking.

The changes in the past six months are not that they have stayed still. On the contrary, the two of them have also made great progress. What will lead to this result, It can only prove one point.

The handsome young man in white in front of him has made more progress, faster!

The most important thing is that his realm is only in the middle stage of True God, which proves that the potential is far unfathomable!

It's terrible.

Fu Ruosha said, Only then did everyone on the field notice that the strength of the handsome young man in white was actually not as good as most of the people on the field. He was only in the middle stage of the True God Realm.

"Hiss hiss..."

Immediately there was another gasp of exclamation on the field, and everyone had words to describe the shock and horror in their hearts.

The handsome young man in white is naturally Gu Shaoyang.

In the past six months, Gu Shaoyang has undergone a transformation.

His physical body, while constantly extracting the attributes of Fu Ruosha and Ao Xin Emperor's son, was tempered with the energy of chaos during battle, directly soaring to twenty-three stars of power, and could withstand nine times the blessing of the power of time.

With one punch, he was annihilated for nine days. Even Fu Ruosha, who had the inheritance of the essence and blood of innate gods and demons, had to lower his head on his fist.

His understanding of the mysteries of the law gradually merged into physical combat.

This is a technique learned from Emperor Ao Xin.

One move after another, the secrets of the law flowed, countless times more harmonious and natural than before.

Although Gu Shaoyang's cultivation level has not improved much, he only broke through from the early stage of True God Realm to the middle stage of True God Realm, but his combat effectiveness has increased more than ten times.

The same power of ten can only be exerted at most eight or nine in the hands of ordinary people, the ultimate power of ten.

But in the hands of the top geniuses, they can explode with power of twenty, thirty or even one hundred. This is the gap.

Gu Shaoyang's mastery of the mysteries was not very good before, and the power of ten could only exert the power of one or twenty.

The fierce battle with Fu Ruosha and Ao Xin's emperor's son made his fighting skills evolve at an incredible speed. Now he can explode with a power of 100. The progress is terrifying.

At this moment, five top geniuses on the True God List had gathered outside Broken Bone City, making everyone in the audience feel excited, as if they were seeing the beginning of a great era.

The black hole at the center of the black vortex above Broken Bone City has expanded to several thousand feet in size, and the entrance is completely open.

Gu Shaoyang and others looked at each other and were about to enter.

At this moment, the sky cracked open, and golden light poured down onto the world.

Once again, everyone was attracted by this sudden change.

·····Asking for flowers·····

I saw a shadow of a giant monument appearing in the crack in the sky. Everyone recognized it, and some people exclaimed:"It's the shadow of the Heavenly Dao Monument!"

"Is there anyone on the field who is about to be inscribed on the Tiandao Monument?"

Some people were shocked, and others shook their heads and explained:"It's impossible, it should be because the ranking on the list of true gods on the Tiandao Monument has changed. It is written

that the top arrogant man is here, and the Qi machine pulls him, and the Heavenly Way Monument will naturally manifest."

That's exactly what happened.

Fu Ruosha's face was full of excitement, he licked his lips and said in anticipation:"It should have come out a long time ago. Let me take a good look. Where is it ranked now?"

Emperor Ao Xin also had glaring eyes, staring closely at the phantom of the Tiandao Monument.

Gu Shaoyang had seen the manifestation of the Tiandao Monument once before, and he was not surprised when he saw it again.

The giant stele was finally fully revealed in front of everyone, with mysterious characters such as skyrun.....

Gradually, a huge name shines in the sky

"Fu Ruo Sha, the peak of True God Realm, ranked thirty-fifth!"

The name representing Fu Ruosha flashed on the Tiandao Monument.

At the same time, a name also appeared.

"Si Kou Ting, at the peak of the True God Realm, ranked forty."

Because Si Kou Ting was also present, his ranking changes also appeared.

"Ha ha..."

Fu Ruosa couldn't stop laughing, looking very happy.

He jumped from the forty-fifth to the thirty-fifth place in one breath, climbing ten places, which proved that he had made great progress during this period, and he had obviously refined some of the innate god and demon essence and blood.

Si Kou Ting, who was forced to squeeze out a noun, looked a little gloomy, and thunder and lightning were intertwined around him, jumping endlessly.

At this time, the second name also appeared

"who is it?!"

"Ao Xin, the peak of True God Realm, ranked 31st!"

The eyes of Emperor Ao Xin also flashed.

He was originally ranked thirty-second, and now he has moved up one place, which proves that the progress is not small.

After all, the higher the ranking on the true god list, the harder it is to climb up. The higher it is.

Si Kou Ting's original ranking was just below Emperor Ao Xin, but it has not changed.

The changes in the Tiandao Monument have not stopped, but the golden light on it surges more violently.

"It must be showing the ranking of that handsome young man in white! I wonder where he can rank?"

"I'm more curious about his name? I have never seen this person before, but he must be an evildoer who has risen to prominence in recent years."

Everyone's eyes are fixed on the Tiandao Monument, waiting for the manifestation of the third name...

Chapter 576

The golden light rolled, and the name gradually appeared.

"Gu Shaoyang, in the middle stage of True God Realm, ranked...Twenty-ninth place!"

"Hiss hiss..."

The big golden characters were deeply embedded in everyone's eyes. Many people on the scene took a breath and looked at Gu Shaoyang suddenly, their expressions already full of shock and disbelief.

"It turns out that he is Gu Shaoyang!"

"I have heard of this name before. Jin Donglai, the Holy Son of Shenzhao Sect, came to the list of true gods. He was ranked fifty-third when he entered the list. Only a short time later, he jumped to the twenty-ninth place!

This talent, this potential, is really terrifying!"

"Soared twenty-four rankings in one go? The speed of this child's progress is simply astonishing! In the middle stage of True God Realm, he has suppressed the old geniuses such as Emperor Ao Xin, Fu Ruo Sha, and Si Kou Ting. The future is simply limitless!"

"In this selection of the God Emperor's successor, he will definitely become famous."

The Tiandao Monument manifested again, and this time the name "303" appeared again. Because Gu Shaoyang's ranking rose, Si Kou Ting was once again squeezed down one place, and it has become forty-one.

Si Kou Ting's face It was extremely ugly. Thunderclouds were surging crazily beneath him, and the muffled thunder was rolling incessantly.

However, this was all incompetent rage. After seeing the strength of Fu Ruosha, Ao Xin Emperor Zi and Gu Shaoyang with his own eyes, Si Kou Ting admitted that no matter what He is not sure of defeating anyone.

"Enter the Puluo Realm."

Someone shouted, and then everyone realized that the black vortex over Broken Bone City had expanded to its extreme limit.

"Haha, I'm here.."

Furuosha gave a long laugh and was the first to enter the Fuluo Realm.

Then came Emperor Ao Xin, and Gu Shaoyang followed closely.

Fuluoyu is completely different from what Gu Shaoyang imagined. Broken Bone City and Mingzhou are both ghostly places.

However, Pulau Territory has a fairy-like atmosphere and the scenery is extremely pleasant.

"How does selection work?"

Fu Ruosha asked urgently as soon as he came in.

In fact, this is what everyone wants to ask.

Emperor Ao Xin said calmly:"Go to Fulo Palace first."

After saying that, he took the lead and galloped away in a certain direction, and everyone followed closely behind Emperor Ao Xin.

With the speed of everyone, a gorgeous and solemn hall appeared in front of them in half an hour, with a gilded plaque high. Hang, submit a letter——""Puluo Qingtian" are four big characters.

This should be the Fulo Palace mentioned by Emperor Ao Xin.

Stepping into it, even the floor tiles are paved with top-quality lapis lazuli, which is indescribably luxurious.

"Why is there no one?"

Fu Ruo Sha looked around and muttered carelessly.

Emperor Ao Xin ignored him and walked straight to the innermost part of Fu Luo Palace, in front of a light blue light curtain, and stepped in.

Others followed suit. Go in.

The moment Gu Shaoyang stepped through the light curtain, he felt as if his whole body was swept by an extremely powerful consciousness. He was so shocked that he almost pulled out his sword from its sheath.

Looking at the rest of the people, they were all the same, looking like this. He looked like he was facing a formidable enemy.

Only Emperor Ao Xin's expression remained as usual. This situation had been expected for a long time.

"What's this?"

Gu Shaoyang suddenly noticed the three red lines on the palm of his left hand. They looked like they were born in the flesh and blood. There was no discomfort, but there was no way to eliminate them.

Others also noticed the red lines on the palm of his hand. Everyone had three red lines.

"What is this stuff? Fu

Ruosha frowned and shouted.

Emperor Ao Xin looked at everyone and said calmly:"These are your three lives."

"What's the meaning?!"

Everyone looked confused, wondering what Emperor Ao Xin meant.

"Here, you have a total of three chances to come back. Once you are killed three times, you will only perish...."

Emperor Ao Xin glanced at everyone and said word by word:"From now on, everyone has entered the trial place where Emperor Puluo selects successors."

"What?!"

Everyone was shocked, and there was a sense of surprise that they were caught off guard.

"However, this is only a pre-selection trial, and only those who pass the pre-selection trial are eligible to enter the next round. Emperor

Ao Xin punched dozens of ordinary True God Realm warriors with a fierce punch. While beating him, he said coldly:"The rules are very simple. You just need to kill every trialist you meet." Or just eliminate it"

"boom!"

These dozens of True God Realm warriors flew out directly, and a ray of light shone on their bodies.

When they stabilized their bodies in fear, they found that their whole body was safe and sound, without any injuries.

Looking at the palm of their left hand again, the original The three red lines have lost one and become two.

"look..."

Emperor Ao Xin said casually:"This is the rule."

Everyone was shocked.

On the one hand, he was surprised by the suddenness of the trial and the simplicity and roughness of the trial rules. On the other hand, he was frightened by the behavior of Emperor Ao Xin who directly used dozens of true gods as an example without saying anything.

Without the power of rules to protect themselves, these dozens of true god realm experts would have died directly from the punch of Emperor Ao Xin.....

The True God Realm warriors looked at each other, and no one knew who said:"Let's go!"

In just a few breaths, everyone on the field immediately fled without a trace, leaving only the five people on the True God List.

The atmosphere was a little stagnant and tense.

Suddenly a roar of laughter broke the freeze

"Isn't it just a fight? I come first! After saying that

, he punched Si Kou Ting directly,"I have long disliked you. Come and die!"

Si Kou Ting was shocked and angry. He grabbed the infinite lightning and hit Fu Ruoxa.

The two of them fought instantly.

The difference in strength between the two is not too big. It is not difficult to decide the winner. But if you want to win, Life and death are not matters that can be resolved in a short time.

The deadlock was broken, and the smell of gunpowder on the field suddenly became thicker.

Emperor Ao Xin looked at Gu Shaoyang. He said calmly: "We have been fighting with Brother Gu for half a year, and we are very familiar with each other's strength. It is not much fun to fight now. How about we decide whether to live or die next time?"

Gu Shaoyang nodded.

Indeed, he and Emperor Ao Xin were tired of fighting.

Seeing that he agreed, Emperor Ao Xin didn't say much and went straight to kill Pei Jicang.

Pei Jicang's expression changed drastically, and he turned around and left without saying a word.

The two of them chased each other and quickly disappeared into the sky.

The battle between Fu Ruosha and Si Kouting was still going on. Gu Shaoyang looked around him, shook his head slightly and left the place.

This selection trial obviously cannot end in a year and a half.

Emperor Puluo wants to see everyone's potential and strength, so he will naturally leave enough room for growth for everyone who participates in the trial.

Judging a person's potential solely by strength and weakness is not worthy of the great wisdom of God. 1.2 Emperor.

The entire trial place is like a huge voodoo cup, and Emperor Puluo is like raising voodoo. He is high up, overlooking the fighting of everyone, and then selects the strongest one or the one that satisfies him the most to pass on the mantle.

However, it is not as cruel as raising Gu. At least Emperor Puluo gave each trial three chances to fail.

The first time was to avoid the situation of being crushed and killed by a strong enemy just after entering the trial area, leaving no room for improvement.

The second time is your chance to make a comeback.

The third time was the last chance.

Continue to participate in the selection, or leave at the risk of your life, it all depends on your own wishes, and he will not force it.

"Roar——"

Gu Shaoyang was flying aimlessly and casually when he suddenly heard a majestic dragon roar ringing in his ears.

When he looked up, he saw a five-clawed purple-gold divine dragon flying towards him very quickly..

Chapter 577

Ancient dragon?!

Gu Shaoyang was shocked.

The ancient true dragon clan is almost extinct in the Great Thousand Realms. Unexpectedly, it can still be seen in the trial place.

This five-clawed purple-gold divine dragon stretches for thousands of miles, with its head but not its tail. It is so huge that it is unimaginable.

Gu Shaoyang was like an ant in front of it, like dust.

The aura on Shenlong's body is also extremely terrifying

"At least above the God King realm!"

Gu Shaoyang took a deep breath and took the initiative to approach.

He was not worried that the five-clawed purple gold dragon would have any hostility towards him. The five-clawed purple gold dragon would not notice him at all.

Just like Gu Shaoyang would not notice the ants crawling under his feet. Average.

But although the Purple Gold Dragon's body is huge, its speed is too fast.

Although Gu Shaoyang has pushed the secret of speed of the Space Law to the extreme, he can still only watch the Purple Gold Dragon fly away quickly, disappearing into the vast clouds in the blink of an eye....

"It seems that this trial place is not a simple secret realm..."

Gu Shaoyang remembered the huge will that swept over him when he first entered, and the incredible supernatural power that could give a person three more lives. They all vaguely revealed the supreme power that Gu Shaoyang could not fathom.

"God Emperor, you are too far away from me..."

Gu Shaoyang shook his head and continued to move forward.

There is no mandatory rule 29 for this pre-selection trial, simply put it is just a matter of staying as late as possible.

You can even find a place to practice in seclusion and have plenty of time

"Roar!"

Suddenly, a strange roar sounded in Gu Shaoyang's ears, like a baby's cry.

Gu Shaoyang's expression changed and he quickly rushed in that direction.

Soon a large swamp appeared in front of him, and the water vapor in the swamp was transpiring, giving off a mysterious and strange sound..

Gu Shaoyang's eyes gradually became deep and far away, and the sun, moon and stars seemed to be flowing in them.

The Eye of Reality.

The water mist on the swamp disappeared in Gu Shaoyang's eyes, and he could even see clearly underwater.

"Very poisonous water..."

Gu Shaoyang narrowed his eyes slightly and whispered to himself

"Roar..."

The roar that sounded like a baby crying continued to sound, and it seemed that there was more than one, but many voices mixed together.

Gu Shaoyang continued to use the ability of the Eye of Truth and finally saw clearly.

It was an extremely huge and ferocious monster.

It looks like a turtle and a dragon, with nine heads, each of which can make a sound like a baby crying.

Gu Shaoyang's eyes trembled slightly

"This is...The ancient ferocious beast Nine Infants?!"

The facts have proved Gu Shaoyang's judgment.

There are more than ten figures around the huge nine-headed monster, all of them are in the true god realm, and they are running away in a hurry.

The nine heads of the nine-headed monster spurt out divine fire and fierce water respectively. Those strong men in the true god realm As long as you touch these two things, you will immediately scream.

Either you will be burned to ashes alive, or you will be directly turned into a puddle of black water.

"Nine infants who are almost in the realm of God Lord.."

In just a short time, these dozen true gods were all

"It seems that they have already been killed by Jiu Ying. I don't know if they took the initiative to provoke Jiu Ying, or if they happened to break into this vast swamp and were chased by Jiu Ying...."

Gu Shaoyang looked away after seeing it. It was a bit difficult for him to deal with the ancient ferocious beasts in the God Lord Realm. He tried not to provoke them as much as possible.

"Brother Tao, please stay...."

Gu Shaoyang was just about to leave when suddenly there was an urgent call from behind.

Gu Shaoyang turned his head subconsciously, only to see a fierce sword slashing down at him.

Behind the sword glow is a twisted face full of sinister malice.

"sneak attack on me..."

Gu Shaoyang's face was expressionless, but a cold murderous intention burst out from his eyes.

"court death!"

Gu Shaoyang didn't even look at the sword light, and punched out directly.

Nine dark demonic suns rose at the same time.

Nine suns were annihilated together!

The sneak attack sword light sent by this man was enough to kill ordinary warriors at the peak of the True God Realm. , but under Gu Shaoyang's punch, it was shattered like glass.

An incredible look of horror suddenly appeared on the man's face

"How can this be?!"

"boom!"

Gu Shaoyang had already punched down.

The guy's body flashed with light, and then he retreated for more than ten miles safely.

He looked down at his left hand, and then looked at Gu Shaoyang with an expression as if he had seen a ghost.

"Are you not in the middle stage of True God Realm?"

After saying that, he ran away.

Gu Shaoyang raised his feet and chased after him. Qixing Longyuan was in his hand and he slashed out with a sword.

"Bang!"

This guy rushed for dozens of miles again, and the light on his body flashed.

He died again.

Gu Shaoyang raised his hand again and killed again.

This time, all three lives were gone.

"Brother Dao, please be merciful, please listen to my explanation?!"

The guy who sneak-attacked Gu Shaoyang was so frightened that his face turned blue, and he couldn't help but beg.

His heart was almost filled with regret. Originally, he just wanted to take advantage of this opportunity of trial and selection to sneak-attack others and kill people, but he never expected to meet Gu Shaoyang. A pervert whose combat power is a hundred times higher than his own level of cultivation.

Gu Shaoyang raised the Seven-Star Longyuan in his hand for the third time unmoved, and was about to cut it down when his expression suddenly changed.

He felt the strong desire of the Realm of Chaos.

"boom.."

The invisible ripples spread out and immediately caught up with the True God Realm warrior who was running away like crazy.

Then, he "swallowed" it directly.

Pulled into the realm of chaos

"call..."

The moment the Realm of Chaos just pulled people in, Gu Shaoyang suddenly felt a huge consciousness descending from the sky.

He was as small as dust under this consciousness. Not to mention resisting, he couldn't even turn his thoughts.

Really great horror.

But fortunately, this consciousness came and went as quickly as it came, disappearing in an instant.

It's like 997 never appeared

"Could it be that the secret of the Realm of Chaos has been discovered?"

"Or is it a necessary process to kill a trial selector?"

Gu Shaoyang doesn't understand, but the Realm of Chaos doesn't seem to be a secret. The

Realm of Chaos is his biggest trump card besides the ability to extract attributes. Since it is a trump card, it must be used, and people will find out sooner or later.

I can't figure it out. Gu Shaoyang didn't think much, and disappeared into the void in a flash, having stepped into his own realm of chaos.

At the same time, in the boundless void, there was a decaying throne.

On the throne, the faces could not be seen clearly, but they could only glimpse His figure felt boundlessly majestic and noble, sitting quietly.

A low voice sounded from the throne.

"He is as small as an ant, but he has already touched the original mystery that opened up the world....Interesting, really interesting...Worth paying attention to.."

When Gu Shaoyang appeared in his Realm of Chaos, the True God Realm expert who was pulled into the Realm of Chaos still looked around with a confused look on his face.

Gu Shaoyang didn't bother to talk nonsense with him anymore and cut him into two pieces with one sword.

A divine soul was about to fly out, but was smashed to pieces by Gu Shaoyang's sword.

Immediately afterwards, the energy of chaos in the realm of chaos swept over quickly, rolling up the corpse and soul of the true god realm warrior and grinding them into powder.

The billowing breath of pure vitality and profound principles of law spreads out from it..

Chapter 578

Everything about this true god realm powerhouse was wiped out by the energy of chaos.

The pure vitality was absorbed by the newborn tree and transformed into more pure energy. As for the secrets of the law, it was completely integrated into the chaos.

"Rumble.."

The Realm of Chaos began to change, and the land in the middle expanded slightly.

In the five-color light on the top of the young tree, the secrets of the Law of Water and the Law of Gold, which represent the Law of the Five Elements, began to increase.

Gu Shaoyang received feedback from the Realm of Chaos, and his understanding of the secrets of the laws of gold and water also deepened.

The whole process was as if the Realm of Chaos had completely used the True God Realm powerhouse as nourishment to nourish and strengthen itself.

Gu Shaoyang's eyes lit up, and he said to himself:"This is a shortcut to speed up the transformation of the Chaos Realm, but killing and devouring creatures without a bottom line is harmful to the world, and it involves too many causes and effects.

But those attempts are not good for me, Enemies who have murderous intentions towards me can be pulled into the Realm of Chaos to serve as nourishment for the Realm of Chaos."

After devouring this powerful man in the True God Realm, Gu Shaoyang understood the fourth derivative of the laws of water and gold. The degree increased by 10% respectively.

It seems like a lot at first glance, but if you think about it carefully, this is what a true god realm expert has learned over thousands or even ten thousand years, and you will feel that it is very little.

Gu Shaoyang walked out of the Realm of Chaos to the place of trial and selection, which probably took less than a few blinks of time.

"The current strength of the Chaos Realm should be able to be used against the enemy..."

Gu Shaoyang had never used the Realm of Chaos to fight enemies before, simply because the Realm of Chaos was in its infancy at that time and was still very unstable, for fear that the violent energy bombardment would shatter it.

Now it seems that even the strong ones in the True God Realm cannot break free from the shackles of the Chaos Realm. The upper limit of the Chaos Realm may be higher than expected.

"I don't know if it's possible to trap and kill those in the God Lord realm...."

Gu Shaoyang muttered to himself, his eyes flashed with light, and he naturally thought of a good experimental subject.

Nine babies.

There are no real warriors in the God Lord Realm in the pre-selection trial place, or they are the proud ones on the True God List whose combat power is comparable to the God Lord Realm.

However, there are too many variables on the True God List, and it is difficult for Gu Shaoyang to find one right now.

The Nine Infant Beast in the fierce water of Daze that we saw before is undoubtedly the most suitable target.

Gu Shaoyang made up his mind, turned around and rushed towards Daze Jiuying quickly.

"damn it!"

"What a terrifying Nine Infant Beast! It almost made it impossible for us to come back."

"It's really unexpected that such an ancient ferocious beast is hidden in this place of trial and selection..."

"I only have one life left, what about you?"

"I only have one left."

In the misty swamp, two figures escaped from it in embarrassment. Their faces were pale, and they had a look of fear on their faces when they heard the shrill screams like babies' cries that came from behind from time to time. The cultivation of both of them was very good. He was at the peak of the True God Realm, so his strength was pretty good.

But he accidentally broke into this vast swamp, and was chased by the Nine Infant Beasts. He barely managed to escape at the cost of two lives.

The two of them just stopped to take a breath. , suddenly heard a roaring sound coming from the front

"who?!"

The two of them had just narrowly escaped death, and when they were sensitive, they suddenly became nervous when they found someone coming out, and they all acted as if they were facing a formidable enemy.

But when the ray of light came in front of them, the two of them relaxed again.

"It turns out it's just the middle stage of True God Realm..."

However, the speed of this escaping light was astonishingly fast.

The two of them had just seen clearly the appearance of the young man who had escaped from the light, and the other person disappeared before their eyes with a shout.

The two men turned their heads suddenly and looked at each other....

The young man in the middle stage of True God Realm fell directly into the fierce water of Daze.

"This guy is finished!"

An idea immediately came to the minds of the two of them.

There is a Nine Infant ferocious beast in Daze, which is equivalent to the cultivation level of the God Lord. Entering the peak of the True God Realm is a dead end. If you enter a small middle stage of the True God Realm, you may even be a scumbag. There were no more left.

After the young man in the middle stage of True God entered, the unique roar of Jiuying immediately sounded in Osawa, accompanied by the sound of fierce fighting.

Then the sound of fighting stopped.

"That kid is dead."

One of the true god realm peak warriors said with certainty.

Then the two of them planned to leave this terrifying fierce water swamp.

But just as they were about to leave, the roar and fighting sounds of Jiu Ying came from the swamp again.

The two of them were shocked and didn't know why.

"It's that kid's second life. Or someone else broke in again..."

This prediction makes sense.

However, the two of them stopped by mistake.

Sure enough, the sound soon disappeared.

But after a while, the same voice appeared again.

Then disappear and appear again...

After repeating this cycle four or five times, the two peak True God Realm warriors were a little confused.

What happened in Osawa?

Why is it so weird?!

They were extremely curious and wanted to go in and take a look, but thinking of the horror of Jiuying and the fact that they only had one life left, they always hesitated.

When the sound sounded for the sixth time and then disappeared, a sharp sound pierced the air suddenly sounded in the vast mist.

The sound of cracking the air is getting closer.

The two people's hearts tightened inexplicably, and they subconsciously wanted to escape, but a figure had already appeared in front of them.

"It's you?!"

"You're not dead yet?!"

The two peak True God masters screamed in shock.

This man was clearly the young man they had seen before, the young man in the middle stage of True God.

Logically speaking, in the middle stage of True God, even if he had ten lives, he should be completely dead.

How could this guy still be alive and well?

Not only was he alive, this young man seemed to be in a very bad mood, and his face was terrifyingly gloomy. It wasn't until he saw the two of them that the young man's eyes lit up, and a trace of joy appeared on his face.

"He didn't even leave (the king's). It seems he is destined to be with me..."

As he said that, the young man grabbed the two of them with his big hands.

The two peak True God Realm experts were shocked. Before they had time to react, they felt absorbed by an inexplicable and powerful force.

The world was spinning before my eyes, and when I reappeared, I was in an unknown place.

There was chaos and nothingness in front of him, with strange lights of various colors flowing around, and a small piece of land. There was a small tree on the land, and at the bottom of the tree there was a little baby about three or four years old. besides...

"Nine babies! ?"

A nine-headed ferocious beast was located in the chaos, fighting with the surging gray energy.

The two of them were shocked and confused. Before they had time to learn more, they saw a terrifying sword light covering the world pouring down in front of them. There was a voice talking to himself

"With the addition of two strong men at the peak of the True God Realm, we should be able to completely wipe out this Nine Infants this time...."

Chapter 579

The energy of chaos swept in, smashing the corpses of the two peak True God Realm experts into pieces.

The vitality and the secrets of the law were separated, and all were absorbed by the realm of chaos, strengthening its already somewhat shaky foundation.

"snort!"

Gu Shaoyang snorted coldly, staring at the Nine Infants ferocious beast and rushing forward quickly.

The seven-star dragon abyss in his hand exuded a terrifying power that only Wang Bing could possess. The five elements flowed and were blessed by ten times the power of time.

Gu Shaoyang slashed down with a sword and drew a line in the void. After a five-color stream of light, three of Jiu Ying's heads, which were roaring and writhing crazily in the chaotic energy, suddenly paused, and then all fell down. The chaotic energy immediately surged up, shattering the three heads of Jiu Ying in an instant. It turned into pure vitality to strengthen itself.

However, the three heads of Jiuying that were cut off by Gu Shaoyang quickly grew back, but the breath became slightly weaker.

Gu Shaoyang's eyes softened slightly.

He did not expect that Jiuying's strength exceeded His imagination has reached the late stage of the God Lord.

When he first entered the Realm of Chaos, the Realm of Chaos was almost collapsed by this beast.

Gu Shaoyang had no choice but to release Jiu Ying, and when the Realm of Chaos recovered, he would bring Jiu Ying out. Ying - dragged in.

Going back and forth several times, consuming Jiu Ying's power bit by bit.

This is also the reason why the two true god realm warriors heard strange noises outside the fierce water swamp before.

Devouring two true god realm peak powerhouses, A lot of chaotic energy is once again produced in the realm of chaos.

The energy of chaos has extremely strong destructive power, which is the basis for Gu Shaoyang to use the realm of chaos to fight against Jiuying.

If he just pulls his opponent into the realm of chaos, killing the enemy is still entirely dependent on Himself, the realm of chaos is meaningless at all, it is just a different battlefield.

Gu Shaoyang keeps using his sword. With his current combat power, he is no match for Jiuying. It is difficult to kill Jiuying, but it is very easy to injure it. After all , with Wang Bing in hand and the bonus of ten times the power of time, Gu Shaoyang's instant explosive power is too much beyond his cultivation level. The energy of chaos is like a huge millstone under Gu Shaoyang's control. Continuously destroying Jiu Ying's aura.

Every time Gu Shaoyang cuts off Jiu Ying's head, Jiu Ying's aura weakens, making it harder to break free from the entanglement of the chaotic energy.

Finally, when Gu Shaoyang cuts off Jiu Ying's two heads again , Jiuying let out a piercing and loud cry, but this time no head was regenerated.

Gu Shaoyang's eyes lit up.

Jiuying's breath had been weakened to the extreme, and he didn't even want to waste his energy to recover from his injuries.

This is another giant in the Realm of Chaos. Advantage.

Entering the Realm of Chaos, everything here is dominated by Gu Shaoyang.

Without Gu Shaoyang's consent, no one can absorb even a trace of the vitality of heaven and earth from the Realm of Chaos.

Therefore, Jiuying will only become weaker and weaker, destined to The fate of being wiped out and dead

"唉——"

Jiuying howled miserably and was sucked into the chaos.

The huge body was shattered and annihilated inch by inch, and the extremely pure vitality washed out.

"boom!"

The land in the center of the Chaos Domain suddenly expanded, and even the young trees trembled and trembled for a while, rising a little.

The Chaos Domain expanded again and became more stable.

Gu Shaoyang received feedback from the Chaos Domain and understood the secret of the law of water in his body. It skyrocketed like crazy.

The two law secrets that originally reached more than 60% of the fourth derivative secret, suddenly surged to 90%, almost giving birth to the fifth derivative secret.

Gu Shaoyang tried to use the sword of Five Elements Circulation, and it was even more powerful. Thirty percent.

Gu Shaoyang was very satisfied. The light in his eyes flashed and he murmured to himself:"Since the time span of the trial and selection is so long, it is better to take this opportunity to improve your cultivation first...."

It can also strengthen the Realm of Chaos and explore its usefulness in battle.

Gu Shaoyang made up his mind and stepped out of the realm of chaos.

He was still in the ferocious swamp, but at this time the fog on the swamp had dissipated a lot. Because Jiuying was not around, even the ferocious water seemed to have lost its ferocity.

Gu Shaoyang thought for a while and simply let go of the entrance to the Realm of Chaos.

Suddenly, a huge attraction came from his hands.

The fierce water and mist from the entire swamp all converged towards Gu Shaoyang's palm, forming a huge white vortex, which was astonishing and spectacular.

Looking from a distance, it looks like there is a terrifying ancient beast swallowing it in the middle of Daze.

Everyone who knew that Jiu Ying existed in Daze felt chilled in their hearts when they saw this scene. They immediately stayed away and did not dare to get close at all. Instead, they saved Gu Shaoyang a lot of unnecessary trouble.

The extremely poisonous and fierce water that is enough to corrode ordinary Tianzun Realm and even True God Realm experts continuously enters Gu Shaoyang's Chaos Realm, and then is shattered by the Chaos Qi, turning into the most essential and original power.

0···Asking for flowers······

Ominous water is extremely toxic, which also means that it contains rich vitality.

Gu Shaoyang swallowed up all the ferocious water in Daze, and the energy he obtained was several times more than refining an entire Nine Infant ferocious beast.

The fourth derived secret of the law of water is directly completed, and the fifth secret is generated, which is called - the evil of water!

Water kills everything!

And with continuous feeding, the land in the center of the Chaos Domain has also continued to expand, reaching a radius of more than 20 miles, more than doubling in size.

Under the young trees, there is a clear stream gurgling out.

The first water in the birth of heaven and earth.

Gu Shaoyang was very happy and looked at the stream and said: "Then you are the mother of all waters and the source of all rivers!"

The water seems to be alive and makes a fresh and pleasant flowing sound.

The young tree swayed happily, and a small bulge grew from the top of a branch.

Everything in the Realm of Chaos is developing in a better direction, and there are already signs of creatures appearing.

Gu Shaoyang stood in the void, with the surging chaotic energy under his feet.

He no longer freely mobilizes the energy of chaos to temper his body. This is the basis for fighting enemies in the realm of chaos.

The more chaos energy there is, the stronger the power of the Chaos Realm will be, and the greater the power of destruction.

When Gu Shaoyang walked out of the Realm of Chaos for the second time, he saw an open space in front of him, the swamp had dried up, and not a drop of the evil water was left.

Gu Shaoyang casually took a step forward, covering a distance of thousands of miles. The trial ground was too vast, and he was left behind for a long distance.

Suddenly, Gu Shaoyang stopped

"Roar!"

The terrifying roar came from a very far away place, and you could feel a faint fiery breath just from the sound.

"It should be an ancient beast with the power of controlling fire...."

Gu Shaoyang's eyes lit up and he quickly approached.

He was shocked to see that the land under his feet was gradually drying up and cracking, as if it had been in a drought for thousands of years.

"A thousand miles away!"

Gu Shaoyang's eyes burst out with a strong light.

Looking up, he saw a group of extremely coquettish red-black demonic fire rising thousands of miles ahead, almost burning a hole in the sky.

A tall and burly body was sitting on the demonic fire. Among them, he raised his head and roared, and the roar was filled with endless killing and cruelty.

Chapter 580

This figure is bathed in flames, covered with long hair, eyes on the forehead, and a tail behind it.

Human-like and monkey-like, with a ferocious nature.

Gu Shaoyang's eyes narrowed slightly and he uttered one word: "Bane!"

The ancient ferocious beast, the drought monster!

Legend has it that when this ferocious beast was born, it passed through thousands of miles of bare ground and no water. It was an ancient ferocious beast that was born from the great evil fire between heaven and earth.

"Judging from the power, it seems to be similar to Jiuying..."

Gu Shaoyang muttered to himself while strolling towards Hanbao.

At this moment, a mysterious light suddenly swept towards him from the side.

Gu Shaoyang's eyes were sharp, and the sword intent and murderous intention in his body were about to explode, but he felt that this mysterious light did not have the slightest murderous intent, and seemed to just want to drag him aside.

Gu Shaoyang's mind changed slightly, and the sword light shattered Xuan Guang into pieces.

"Huh?!"

There was a surprised "six or seventy" sound in his ears.

Gu Shaoyang followed the sound and saw a young man of medium height and ordinary appearance standing not far from him. He had the late cultivation level of the True God.

"You are pretty good.."

The young man walked directly towards Gu Shaoyang, and explained as he walked: "Don't worry, I have no ill intentions, I just don't want you to die."

Gu Shaoyang's eyes flashed and he did not speak.

The young man walked up to Gu Shaoyang and said with a smile: "Don't have any ill intentions towards me. In this trial to select the successor of Emperor Baluo, everyone knows that the real winner must be one of the geniuses on the list of true gods.."

For people like us who have not even reached the peak of the True God, we mainly come here to gain experience, go through the motions, and see if we can have good luck and encounter some opportunities.

There is no need to fight to the death."

Gu Shaoyang was amused in his heart. This young man It's quite clear.

When the young man saw Gu Shaoyang's expression slowing down, he also relaxed and said with a smile:"Speaking of which, you still want to thank me for saving your life.

If I hadn't scared you just now, you would have been possessed by the evil nature of the ancient ferocious beast Hanba. Fan, walk straight over and die..."

"I don't see fools like you very often these days..."

Gu Shaoyang glanced at the young man lightly, not bothering to explain to him, and continued to walk towards Hanba.

The young man suddenly became anxious, grabbed him, and said,"I think you are really crazy."..."

"Don't go any further."

The young man said seriously to Gu Shaoyang,"Several geniuses who are on the list of true gods of the Tiandao Monument have joined forces to plot the accompanying demonic fire of this Drought Demon. If you go a hundred miles further, even if you are not burned to death by the Demonic Fire of the Drought Demon, you will. He was killed by those geniuses on the True God List!"

"Is there a demonic fire associated with a true god's genius plotting to create a drought?"

Gu Shaoyang was really shocked this time and couldn't help but said:"Which geniuses are in the top ten or the top five? The young man shook his head and replied:"Zhuang Ming, whose real name is the 45th, Long Lang, who is the 43rd, and Hu Xuandao, who is the 37th."..."

"Boom boom boom..."

Before the young man could finish speaking, he heard earth-shaking loud noises coming from the distance, accompanied by the angry roar of the Drought Demon.

Gu Shaoyang quickly turned his head to look, and saw three figures surrounding Hanbao and attacking crazily.

These three figures, with their mysterious energy all over their bodies, and their random mysterious lights, are astonishingly powerful.

With a shudder all over his body, he turned into an ink-colored true dragon, wrapped in clouds and carrying mist, and kept spitting out towards the drought demon.

The last figure was the most powerful, with a long sword in his hand constantly emitting light like the light of heaven, and each sword was earth-shattering.

Suddenly, Hanbao was still at a disadvantage by the three of them.

"Tsk tsk...."

The young people around Gu Shaoyang were dazzled by this battle and couldn't help but sigh: "He is worthy of being the top genius on the list of true gods. The ancient ferocious beasts in the God Lord realm are not able to defeat the three of them who are in the true god realm.".."

There was a sneer at the corner of Gu Shaoyang's mouth.

Hanbao is an ancient ferocious beast as famous as Jiuying, and its true strength is also in the late stage of the God Lord Realm.

Even he relied on the Realm of Chaos to barely suppress and kill them. Although these three people were good in strength, they were obviously not good enough to deal with the Drought Demon.

The fact was just as Gu Shaoyang expected.

The three of them were at full strength as soon as they came up. Hanbao was caught off guard and was at a disadvantage.

But when Han Bao's ferocity increased and his true strength was revealed, the situation of the three people suddenly took a turn for the worse.

"Roar!"

Han Bao roared wildly, stretched out two vicious claws entwined with the monstrous demonic flames, and grabbed the Molong that kept spitting water vapor in front of his eyes.

His eyes were red, with a fierce glow, and then he made a sudden force

"ah..."

Molong let out a shrill howl, and was torn into two pieces by the Han Demon, and the dragon's blood was spread all over the sky.

The expressions of Zhuang Ming and Hu Xuandao suddenly changed, and they quickly took action frantically, bombarding the Han Demon 0.....

However, Hanbao's physical body was extremely strong, and the attacks of the two men could only leave traces on Hanbao's body, but could not hurt it at all.

On the contrary, it stimulated Han Ba even more fiercely. He directly grabbed the two parts of the ink dragon body in his hand, stuffed one part into his mouth, and used the other part as a weapon to sweep towards Zhuang Ming and Hu Xuandao.

"Bang!"

The ink dragon exploded suddenly, causing Hanba to tremble and take a few steps back.

Long Lang, who transformed into the ink dragon, reappeared on the field, his face pale and his expression extremely ugly.

Gu Shaoyang looked at him and glanced at him with his left hand. There is no doubt that Long Lang died just once

"Walk!"

Zhuang Ming and the three of them realized that Hanba was invincible. They looked at each other, reached a tacit understanding in an instant, and quickly retreated. It was obvious that they had the intention to retreat.

"Be obedient..."

The young man who had been watching the battle was dumbfounded and couldn't help but sigh: "This drought demon is too fierce. Even the three geniuses on the True God Ranking are no match for it. Long Lang actually lost his life." ..."

The young man turned around and was about to say a few words to Gu Shaoyang, when he suddenly saw Gu Shaoyang dashing towards the direction of Zhuang Ming, the three of them and Hanba.

"you you you..."

The young man was so shocked that he just stamped his feet and shouted: "Why do you always want to rush to die!"

Gu Shaoyang was already in front of Zhuang Ming and the others.

Zhuang Ming and the others were startled when they saw Gu Shaoyang coming towards them, and their bodies suddenly froze.

In the next moment, Gu Shaoyang had already passed them.

The three people who originally wanted to call Gu Shaoyang were stunned for a while, and subconsciously looked behind them.

But he only saw a brilliant five-color sword light blooming between the sky and the earth, carrying indescribable power, and slashed down violently.

"boom!"

Han Ba, who was charging straight up, was forcefully slashed back by the sword. A huge wound on his chest was bleeding profusely.

"What?!"

"How can this be?!"

Zhuang Ming, Hu Xuandao and the others were so shocked that they exclaimed with disbelief on their faces.

As for the young man further away, his eyes almost popped out of his sockets when he saw this scene.

"I...I, I couldn't have seen it wrong, right?.."

The young man's mouth opened wide, his expression was as if he had seen a ghost,
