Chapter 631

When Salo heard him scolding him in this place, he couldn't help but spread his hands with a look of helplessness on his face, and then saw Losman beside him.

"I really didn't expect him to be able to provoke your bad temper for so long. I thought this young man just left after working for a short time.

Looking at your irritable look, no wonder those people are unwilling to have anything to do with you. They might be offended at some point."

Hearing these words, Medusa couldn't help but get angry. She wanted to rush up to argue with him here, but she was stopped by Losman next to her.

"Don't tell him yet, don't forget that we are here, but we are here for that thing."

After hearing these words, Medusa swallowed back her breath. She didn't expect that this person's mouth was still so bad, so she ran to Christi who was aside.

She told her own distress. The person in front of her couldn't stand it at first. He couldn't help but smile at her, and then she seemed to be taking it indifferently here.

However, after a few people discussed it here, the successor decided to enter from the tower first. Of course, Christi didn't forget to take the person next to him. Salo cursed.

At this time, Medusa shook his body and left with satisfaction. Seeing this look made the people behind him a bit dumbfounded. After all, for several other people, this was a A nuisance, not to mention other superfluties

"Next, we will start to eliminate the overflow of abilities from the periphery of the tower. If they stay here for too long, it will cause other troubles."

Hearing these words, the person in front of him also hesitated, and finally nodded. However, Medusa formulated another method. It only needs to suppress the appearance of those energies here, which is enough to deal with it here. Follow-up troubles.

But I don't know if there is anyone in the tower. After all, everything is still within the scope of my hesitation. Even if the target state is similar to what I thought.

But I am constantly reviewing what I should do. In the process, perhaps these were some of the troubles I guessed, but correspondingly, I guessed some other one-sided processes at the time.

"At this stage, all everyone can think of is to find those so-called inheritances, but I am not, and I am not here to get the treasures, I just wonder if I can have more."

Gu Shaoyang complained to Xiang Keli here. After all, the outside environment did make him feel a bit suffocated, no matter from various angles.

Or from other considerations, the corresponding Gu Shaoyang carried his body Next to him, Qixing Longyuan also walked up to the 5th floor.

Emperor Liuyun in front of him had been completely eliminated by him. When he slashed down with his last sword, he also recited the incantation and activated it in both directions.

Using his physical strength After hollowing out to a certain level, and walking from the 4th to the 5th level, I felt like I was sweating profusely.

I even felt extremely tired, but there was no way to escape, and at this moment, Gu Shaoyang was still looking at He looked at the ghost that had not yet dispersed in the corner. If he guessed correctly, this tower would continue to operate here.

However, he did not expect that the tower that suppressed Emperor Liuyun had already formed its own soul here. He was even aware of these practices. Of course, the target's state caught him off guard, but he didn't hesitate to do what he had to do.

"This time, the soul of Emperor Liuyun himself has been eliminated, which has also improved your abilities a lot."

"What's the use of improving a lot? Can I defeat Medusa here? My purpose has never been simple change."

Zhao Yuyan couldn't help but laugh when she heard these words. She didn't expect that he had such lofty ambitions, but it was precisely because his words came out.

That made her think about something else here. Will Gu Shaoyang start from the beginning? It's a stage where it's impossible to guess, but I didn't say anything. Excessive explanations will only bring changes to myself here, and Salo and Christi are also looking outside. The direction of entry.

Not to mention other things, these energies are like golden light, swinging left and right here, passing by the two of them. There is even some golden power that can be gathered into a fist, here we are fighting against them.

Just relying on the power of their eight holy gods, it is impossible to expel all the golden light back to where they should be before.

After all, everyone knows very well that there is no hesitation at this time. It would become a troublesome thing. Of course, at this stage, Gu Shaoyang also guessed some other things.

Why didn't Emperor Liuyun tell him this before? It must be because he was afraid that he would not be willing to come here and continue to complete his mission..

Chapter 632

Qixing Longyuan next to him was trembling at this time, as if he had been summoned by someone.

However, I have to say that the aspects that I should have thought about were also exposed at this moment. If Zhao Yuyan's prediction here before was enough to give me some help.

Then isn't this woman the prototype of Medusa? The aura of the other party standing here was pressing down on him like a raging flame. At this moment, Gu Shaoyang was just stunned for a moment, but didn't say anything else.

Zhao Yuyan in front of him was also frightened by this posture, but Gu Shaoyang could tell at a glance that this was a fake. After all, it didn't matter how superior his aura was.

The unspeakable feeling on his body cannot be concealed. A real queen will never feel this way, but an innate sense of superiority.

So at this moment, Gu Shaoyang in front of him didn't say anything, he just rushed forward with Qixing Longyuan in his hand. It seemed that he was disturbed by the side. At this time, Qixing Longyuan was also extremely excited.

Maybe the previous situation is not clear to me, but the feeling of Qixing Longyuan is definitely not a lie. This thing should be a weapon, but I have not seen his true form for the time being.

Then he was keenly aware of the feeling of Qixing Longyuan, so he simply used the sword control technique here to release it directly. While he was on top of it, he originally thought he could see some others.

But he didn't expect that the Seven-Star Longyuan would lead him directly to his interior. At this moment, he suddenly realized that the one under his feet was just a small compass.

Although I didn't see clearly what kind of patterns were carved inside it, some things here must have been exposed. Instead, at this time, Qixing Longyuan directly pierced the inside of the compass, and Gu Shaoyang had to jump down quickly.

It was the first time I saw him so excited. Could there be any sense of resonance between the two?

What's more, I have never seen this compass before, and it doesn't look like Emperor Liuyun's treasure, so I really should consider other aspects.

See if you really want to deal with it this way, but Zhao Yuyan beside you does not respond to you at this time, and there is not even a trace of contact.

So Gu Shaoyang looked out from the heavy fog, and it seemed that he had not followed him to this level at all. Could it be that he was trapped in the area just now? At the moment, he just hesitated, but did not say anything.

Excessive changes will cause some things to happen to you. Of course, hesitating at this moment is not what you should do, it's just in the midst of changes in this area.

I may not necessarily be able to have such a smooth life, but the corresponding situation has made me guess some aspects. After all, doesn't everything here start from those things?

And being trapped in this compass, I also realized some other things. If I want to escape from here, I probably need some other skills and opportunities to deal with all of this.

However, I could clearly see several positions around me. There was a high probability that I would be overthrown by them if I rushed out.

So at this moment, I hesitated and drew my head back, and had no intention of continuing to do these unreasonable things. Of course, I didn't know that I was guessing too much.

Still, I didn't expect it from the beginning. I clearly saw the edge of the compass, and I didn't expect that this thing would be displayed in front of my eyes.

As the air here solidified, I also noticed the changes in the compass. The Seven Stars Long Yuan could only stop a little above it.

There was still just a tiny bit left to penetrate the interior of the compass, but he stopped, which really made me feel a little surprised.

I don't know what changes will happen here, but at this time, Gu Shaoyang entered the palace directly, and Qixing Longyuan's sword hilt wanted to push her directly into the building at this time.

But for some reason, the compass released a particularly powerful force, as if it was trying to push Gu Shaoyang out of here.

How could he let such a good opportunity slip by, so he took a deep breath, gathered all the strength in his body into his hands, and entered here by pushing the sword.

I have to say that the current situation really surprises me. Perhaps nothing can compare to Qixing Longyuan being able to win the compass here.

After all, this is also a good tool for myself. It can release mist here and create illusions here.

It is indeed a rare treasure, and the illusion just now was very considerate, and even the aura of Medusa was created. If it was said to be fake, I would definitely not believe it.

Chapter 633

So maybe if I go out with the compass, I can fake it and make it shine on the snake people's territory outside. Of course, I can't avoid it.

There were some other troubles. At least at this time, before I saw the appearance of the men in black and white, I just thought that they were minions of other people sent out to create chaos here.

But I didn't expect to appear on the snake man's territory again. The two people looked at me from left to right, with smiles on their faces, which made me feel a little creepy.

"What are you here for?"

"We wanted to compete with you here before, but we never got the time. How about you make it happen this time and let us try our skills here?"

Gu Shaoyang in front of him was very resistant in his heart, and even wanted to reject it all directly, but he didn't mention anything at this time. After all, in the current situation, he was indeed a little surprised.

"I probably don't have much time to do now. As you can see, I am concentrating on conquering the compass."

"But we have also seen that you were ejected by the compass and were not accepted. Why not come with us? Maybe we can help you find some interesting places."

But at this time, Gu Shaoyang in front of him didn't pay attention to them. Instead, he turned his head and looked aside. After all, at this stage, no one wanted to say anything. The man in black next to him saw Gu Shaoyang and said nothing, and couldn't help but feel... A little annoyed, he directly pulled out his sword and rushed here. Gu Shaoyang's Seven Star Longyuan is indeed a good sword, but it is of no use.

In front of his own sword, all the keys can only be defeated. , I don't know if it was because of other factors, or Gu Shaoyang also noticed some other options at this time.

Of course, the compass in front of him was also controlled by the man in white, and the energy in his hand should be able to use it naturally and flexibly. All kinds of things.

Including the Seven-Star Longyuan in his hand, so Gu Shaoyang used one to connect with the Seven-Star Longyuan at this time.

This can also avoid some troubles, and he doesn't want to be disturbed at this time, especially In this different situation, Gu Shaoyang guessed that they would attack Qixing Longyuan, but he did not expect that their actions would be so fast.

Maybe this was some of the aspects that he had guessed before, but Gu Shaoyang did not take the initiative to resist them. Instead, he is waiting for an opportunity here.

When both of them enter his trap step by step, then he will have the ability to defeat them, but at this moment, he cannot guess.

Thinking of how they got there After all, everything is within the scope of consideration. Of course, Gu Shaoyang has also seen it now. Not only the people in black and white, but also some in red next to them, But at first glance, it was obvious that they were little-known people here and they didn't even have masks on their faces.

But the man in black in front of him revealed an evil feeling to himself, while the man in white looked more like a breeze with two sleeves, but with strength He couldn't figure out his emotions and emotions.

The more this kind of person is, the more troublesome he is, so Gu Shaoyang wanted to deal with it at this time, but he couldn't do it so comprehensively.

Only by getting the compass first can he use the compass design here. To intercept them, we can only start with the man in white. However, Qixing Longyuan made a trembling sound when he approached the man in white.

As if he was a little scared here, Gu Shaoyang did not He didn't say anything, just pursed his lips into a straight line, and finally walked around the attack of the two of them. The men in red next to him couldn't hold him back at all.

After all, no matter their strength or ability They are not even as good as him, but at this moment Zhao Yuyan ran over to support him.

"I didn't expect you to come over anyway"

"Yes, I thought you didn't need my help before. I wanted to breathe a sigh of relief and look at other locations.

I didn't expect to see you fighting with others as soon as you came back, but they seem to be regular visitors to this tower, so I advise you to be more vigilant."

Hearing Zhao Yuyan's prompt, Gu Shaoyang in front of him raised the corners of his mouth, smiled and ran away.

The two of them attacked together here, which finally gave the man in black and the man in white some sense of oppression. As long as they don't have all their abilities. They are attacking themselves.

That is enough. After all, even gods can't stand it if they attack themselves alone. So at this moment, Gu Shaoyang also recognized some of their ways of dealing with it.

If they can really take down themselves, then I won't keep turning around here, I just want to rush forward and cut through the mess quickly.

Chapter 634

"Do you think things this time will be the same as we thought before?"

"There won't be any redundant people in the tower, so I advise you to put this idea away."

Hearing his words, Gu Shaoyang was stunned for a moment. After all, he had already abandoned all the stages he could transition to in this process. He could only fight with the men in black and white, but I still have the elixir I made on the third level just now.

.....

The Eight Holy Gods and Medusa outside were trying their best in this place. No one expected that these attacks would be so difficult to conquer.

Not only that, you can even smell a hint of danger from them. From all angles, they will definitely hesitate to do something.

It's just that at this stage, Xiang Salo and Christi have taken on the main responsibility of this position. Although they don't know how the rest of them will solve the problem, this scene clearly makes them aware of the direction they cannot seek.

"Are you sure you want to surrender this golden light in this place?"

"What else to do? Do you want Emperor Liuyun to escape from here? When the time comes for him to find another successor, it is estimated that our Snake Clan will return to the previous stage."

Hearing these words, Kristen next to her also nodded thoughtfully. There is indeed nothing wrong with what he said. After all, everyone saw that incident and remembered it in their hearts.

If it is true, If you want to show your skills, in fact, the Eight Holy Gods have practiced a lot in the past few decades, and some people have even experienced it for hundreds of years.

But Medusa is different. He is an important pillar of this place. , in fact, he has been given a very important mission from the beginning.

What's more, now the task of sealing Emperor Liuyun has fallen on him again. Every team leader of the snake clan will experience all this.

But a few people next to him are not immune. I have some sympathy for him. After all, no one wants him to get hurt here. Even Salo, who usually has opinions about him, didn't mention anything at this time.

"Don't worry, if Emperor Liuyun really can't seal it, we will still be behind you."

"Even if you are here to bear the weight of Emperor Liuyun for me, how should I explain to my clansmen?"

After hearing these words, several people looked at each other. Yes, they have never been in the position of team leader, so they have not thought about it so much. Unexpectedly, Medusa would not forget to put herself in other people's shoes at this time.

Moreover, Correspondingly, they also thought of some troubles. If Emperor Liuyun really ran out, there would inevitably be another chaotic scene outside.

Then they had already hid in the desert area. If they were squeezed to other locations, Wouldn't that be even worse?

The bad terrain was enough to give them a headache, and now there is an additional seal from the tower, but I have to say that what happened this time is really surprising.

Who exactly is that person? Who is able to come and go freely here? Although no one knows, no one says anything.

After all, everyone knows that some things are not that simple once they are spoken out.

"I believe you must have considered what happened this time. After all, everyone is a member of the Snake Clan. I don't believe anyone here will turn a blind eye."

Hearing these words, the few people in front of them agreed secretly. Maybe what happened before was not as simple as they imagined.

But in the target state, some other methods have evolved. With a high probability, Gu Shaoyang is in At this time, it appeared on the entire Snake Clan territory.

It has been locked by all of them. After all, at this stage, everyone understands and knows how to deal with it in the next step, so it has become a key target here.

"But here, someone should probably be in the tower. After all, this tower has always been emitting some special light recently."

"None of this is important anymore. Once we have conquered these attacks, it will not be too late to find this person. After all, he has entered the tower and there is no other way except being trapped."

Some of the scenes I had guessed before flashed through my mind like a fleeting glance at this moment.

"In this case, I won't say much, but you must be prepared this time. If there is any trouble along the way, you will definitely be unlucky."

"Don't worry, everyone is here for each other. Besides, Salo also specifically reminded me before that there are still many things that are not good about your place."

Hearing these words, Medusa couldn't help but clenched her fists and looked at Salo next to her outside.

"I heard you said our place is not very good. I wonder if there is any place in the desert that is more suitable for you?"

Chapter 635

At this time, Salo laughed dryly a few times, as if he was a little embarrassed. After all, everyone around him could see at this time that the two enemies would inevitably fight again. , but at this moment, what they should do is more obvious

"Don't think too much about the matter in front of you. After all, there are some positions in the desert that are hard to find. If you really want to show your ability, then Natasha may be a good factor. He can at least get it. Underground, no one knows."

Hearing what he said, Natasha in front of her couldn't help but frowned. Why did she mention it again and again?

Besides, this skill of hers has always been something she hates. Why can't you be more upright and flee underground every day?

But it is useless no matter how much you say at this time. After all, the aspects that should be considered are also shown, but only at this time.

Can the three of them be so stable? After settling down in the situation, Losman beside them also walked towards them at this time.

It seemed that he planned to fight here at the same time as them. This actually surprised Medusa in front of him. Who didn't know his What about the name?

He would never take the initiative in this place unless there was something he was interested in. How could this tower attract them this time?

In this current state, he must be hesitant and even doubtful. Did something happen to me and I made a wrong choice? But in this scene, I can't think about it that much.

"I didn't expect this golden light to be quite interesting."

"This golden light has its own meaning, otherwise why would we be trapped for so long."

At this moment, several people are quietly considering the direction here. After all, no one expected such a change in the past.

But it can be regarded as a good thing. After a few changes, finally I got some practical methods.

Gu Shaoyang inside was running up and down at this time. I have to say that the situation here really surprised me.

All the directions made me feel a little uncomfortable compared to before. Understand why it turned out to be in these aspects, not to mention that it created a lot of trouble for himself at this time.

Especially at this moment, Gu Shaoyang clearly saw the scene left for him here after Emperor Liuyun disappeared. In fact, It's not as complicated as I thought.

But the things here are definitely making me questionable, and in this state, Gu Shaoyang can understand it. What

I guessed before is actually not without reason, at least it's like At this moment, I also saw several chain changes nearby.

Although Gu Shaoyang didn't say anything, he could still see the obvious changes. Maybe this was a fatal gap.

But Zhao Yuyan also If I guessed correctly, the scene I saw must be processed slowly during this time period.

And after coming out of the tower, I realized that the appearance here was indeed very high, but it was not that complicated..

Instead, I escaped directly with only the simple 5th floor.

Chapter 636 Escape

However, looking back at this huge space, I felt a little relieved. After all, the directions I considered were all the same as what I thought.

Slightly different It's a bit different, and of course it also includes some circumstances. After all, generally speaking, these things must still be recorded.

"Does that mean the two of us are at odds here?"

"Not necessarily. It is said that people who escape from this tower can have followers."

Hearing these words, the person in front of me also hesitated a bit, but in the end, as expected, seeing him appear at this time, I also considered many methods in my mind.

I may not be able to guess at this time. Yes, and correspondingly, she may encounter some troubles in this aspect.

However, Zhao Yuyan suddenly seemed to be unblocked and looked at the position next to her at this time.

Although she had thought of some aspects before, But he didn't expect that this thing would happen so quickly, and correspondingly, he would also notice some positions nearby.

If he guessed correctly, everything Gu Shaoyang could see at this time was representative.

After all, from all directions From an angle, I might not be able to see their positions clearly at all, but the men in black and white did not stop.

Instead, they looked at me here. As expected, the initial guesses were all aimed at this aspect. Although there are many things that he can think of at the moment.

But there is no need to pursue unnecessary things at this time, especially at this moment, Gu Shaoyang also saw Zhao Yuyan following him.

"I didn't expect that I would actually be relieved here."

When he said this, there was still a bit of disbelief on his face. It seemed that he had never experienced this, but he had never seen such a thing. Who knew what he was thinking, but then what happened in front of him The person jumped up and down. The current situation was really beyond his expectation.

But the next second, he saw the people around him approaching him. He couldn't see clearly at first, but the next second he realized that they were actually snakes. people

"Oops, don't get excited yet, you're in trouble this time."

Hearing these words, Zhao Yuyan looked to her side with happiness.

She didn't expect that this look didn't matter. After reading it, her face turned cold. No one expected that there would be a group of people standing beside her at this time.

And it was the last thing he wanted to see. At this moment, it also gave Zhao Yuyan a headache. Then when the Medusa opposite saw it, the look on her face froze. Only then did Gu Shaoyang believe that it turned out that Zhao Yuyan What he said before turned out to be true.

The two of them really knew each other. What happened this time must have caught me off guard. After all, I had already thought of the aspects that I should have considered.

"What are you doing here?"

"Is it possible that we have to say hello to you, a little minion, when we do something?"

Hearing these words, the people in front of them couldn't help but stiffen their faces. Zhao Yuyan did not expect that he would reply to her like this. Medusa in front of her did not speak, but just watched them quietly talking to Losman.

Zhao Yuyan next to her At this time, I paused, not knowing how to deal with this situation.

Chapter 636

However, looking back at this huge space, I felt a little relieved. After all, the directions I considered were all in line with my own thoughts.

There are some slight differences, and of course it also includes some circumstances. After all, generally speaking, these things must still be recorded.

"Does that mean the two of us are at odds here?"

"Not necessarily. It is said that people who escape from this tower can have followers."

Hearing these words, the person in front of me also hesitated a bit, but in the end, as expected, seeing him appear at this time, I also considered many methods in my mind.

But at this time, there is no need to pursue those unnecessary things, especially at this moment, Gu Shaoyang also saw Zhao Yuyan following him.

"I didn't expect that I would actually be relieved here."

When he said this, there was still some confidence on his face. It seemed that he had never experienced this, but he had never seen such a thing. Who knew what he was thinking? The people in front of him were jumping up and down. He jumped up. The current situation was really beyond his expectation.

But the next second, he saw the people around him approaching him. He didn't see clearly at first, but the next second he realized that they were actually snake people.

"Oops, don't get excited yet, you're in trouble this time."

Hearing these words, Zhao Yuyan looked to her side with happiness.

She didn't expect that this look didn't matter. After reading it, her face turned cold. No one expected that there would be a group of people standing beside her at this time.

"Is it possible that we have to say hello to you, a little minion, when we do something?"

Hearing these words, the people in front of them couldn't help but stiffen their faces. Zhao Yuyan did not expect that he would reply to her like this. Medusa in front of her did not speak, but just watched them quietly talking to Losman.

Zhao Yuyan next to her The steps under my feet paused for a moment, not knowing how to deal with this situation.

Chapter 637

However, at this time, Salo and Christi looked at each other and the original god was about to rush over at this time, but the people around him held him down and did not let him quickly I came here, as if I had anticipated some other troubles.

"What happened this time, we just wanted to suppress the Liuyun Emperor"

"Then you can continue, it has nothing to do with me."

Then Gu Shaoyang grabbed Zhao Yuyan next to him and wanted to leave directly. Unexpectedly, the person in front of him was reluctant to leave and was not willing to let him go at all. The current situation is a bit embarrassing. No one wants to break up now.

"Stop, if you came out of the tower, how could you not have seen him?"

But Gu Shaoyang does not intend to look back at this time. Emperor Liuyun himself does have an impression and knows the inheritance here, but he should not give up other things casually just because of this.

After all, the water poured out at this time , sayThere is definitely no way to take it back, but the more this happens, the more clearly you have to consider some clues.

After all, the things that should be guaranteed are also impossible to pass by, but some of the methods Gu Shaoyang thought of at this stage will also be changed at this time.

On the contrary, Salo and Christine next to them lowered their heads and whispered to each other for a while, and then raised their heads to look at Gu Shaoyang opposite.

I didn't expect that he was such a person, and the words he spoke looked like this. So should I continue to hesitate, but the Medusa in front of me suddenly became interested.

If this is the case, then there is no need to say anything. After all, in the process, I can clearly see what he is capable of. Those who come out alive from this tower are usually not simple.

"Since its ability is so extraordinary, it certainly cannot be solved with just a few words. Maybe we can try to discuss it with her via voice."

But there was no one around her at this time. She seemed to have learned some aspects, but during the process, Gu Shaoyang also guessed some other troubles. Medusa also calmed down at this time and walked directly to her. In front of me, I had just received him, but the person in front of me still turned around and dodged as if I saw a monster.

But at this moment, the person in front of me was really caught off guard. After all, his Medusa's actions made Medusa feel a little unbelievable.

Which man didn't try his best to stick to her when he saw her? How could he be so surprising every day? However, at this time, he did not take the initiative to say anything else. , after all, this is also a situation that should be avoided

"I didn't expect that you might have a certain relationship with Liu Lindaidi. We are not here to cause trouble at the moment. We just want to see if there is a chance to meet him again."

Hearing these words, Zhao Yuyan in front of her squinted her eyes and looked at the people beside her. Medusa did not fully believe what she said, so at this time the people beside her also felt a little wary, but Judging from the target state, no one can take the initiative.

And in the current state, Gu Shaoyang can understand that if Medusa really wants to do something, he can completely prevent it.

Chapter 638

However, Emperor Liuyun promised his inheritance, when will he give it to him?

I wanted to look at the people next to me and ask him, but I didn't expect that Zhao Yuyan was looking intently at Medusa in front of her at this time.

It was as if he was showing murderous intent with his eyes. This look was true and made Gu Shaoyang in front of him laugh angrily, but he did not say anything to refute here.

Moreover, he was still looking at Medusa and the Eight Holy Gods next to him. You must know that the name of the snake people is spread much further than humans. Moreover, they are in the desert and on their territory. He does not want to be too reckless.

"You may have to take your time this time. Just take a look around to see if there are any aspects."

Hearing these words, Zhao Yuyan was dissuaded, and then she didn't say anything else. She didn't continue to stare closely at the Eight Holy Gods and Medusa here, but the breath of the Eight Holy Gods must be released here. Chasing and blocking oneself

"You can probably guess what's going on inside the tower., I won't say much more, and besides, I'm not the only one heading here, there are many people nearby who are in this place."

At this time, everyone looked at Zhao Yuyan beside them. After all, he seemed to be the only one who had stayed in this place for a while. Does that prove that he had met Emperor Liuyun? But just when Zhao Yuyan wanted to take action When he was standing, Gu Shaoyang patted his thigh again.

It was as if he had just remembered it. Although the expression on his face was not loose at all, even like a facial paralysis, his tone could still tell that he was annoyed.

"How could I forget this? I killed Emperor Liuyun in the first level before I came out. If I didn't defeat him, I wouldn't be able to escape."

Everyone was interested in Zhao Yuyan. It seemed that Zhao Yuyan was in front of him to prove it, so she could only nod her head. After all, what he said was indeed the truth.

She couldn't refute it, but here, Medusa was a little confused. , Zhao Yuyan has been sarcastically sarcastic with her eyes since just now.

Even the deep hatred before would not have turned into what she is now, so she tilted her head and told Natasha next to her her suspicions. Natasha He just patted his hand to signal her to calm down.

"Don't worry, we will take precautions against him here. After all, the aura on his body is somewhat similar to Emperor Liuyun."

But although Salo next to him usually smiles, at this time he can see through his true reason at a glance.

"No, it's not the same as Emperor Liu Ying, but it's very similar to the ghosts outside before. If I guessed correctly, he should be part of this tower. No, no, I don't know why he escaped at this time.."

Hearing these words, the two people next to him couldn't help but feel a little confused. Logically speaking, how could the people next to Emperor Liuyun escape from that high tower here?

Just thinking about it makes it a bit unbelievable. But Salo's eyes in front of him were very firm, and even Medusa could only believe him.

After all, his strength is obvious to all here. It is not so easy to reach the position of the Eight Holy Gods, but correspondingly, he I also think of some other things.

Chapter 639

Instead of thinking about unnecessary things here, why not take a look at other methods before doing so?

I can't guarantee that what appears in front of me next is what I'm most looking forward to. Of course, this is just a preliminary guess.

If there really is such a substantial change, then I will definitely be eager to escape from it all here, but it will also put myself into a difficult problem.

"Let's do this, I can make a deal with you and tell you the real secret of Emperor Liu Lin, but I hope you can let us go as promised."

Hearing these words, Medusa hesitated, but in fact Gu Shaoyang's real purpose was not to leave here, but to get rid of them directly.

After all, he also understood part of what happened this time. , if you can really capture the Medusa area, it will be a rare good thing for you.

However, as the leader of the snake people, Medusa may not necessarily succumb to him so early, so he used Liuyun It was a good idea for the Emperor to suppress them.

As expected, Medusa was a little helpless at this time, but she could only compromise. Everyone around her was staring at her closely.

It was as if he was here If you don't agree, you have to start speaking out here, but at this moment, Medusa is a little surprised. He is obviously just a small character coming out of the tower, how can he dare to say that he knows the whereabouts of Emperor Liuyun?

However, the current situation is really a bit caught off guard. In this case, I might as well reveal some clues to them, just in case it is really possible. After all, I am just following the theory that has been passed down from the ancient original era. As long as I can be here By suppressing Emperor Liuyun, their ability here will be improved, but correspondingly, they will also have some precautions.

Perhaps at this stage, they have also practiced some other methods.

"If this is the case, then aren't we the same? See if you have any other requirements here."

Hearing these words, the person in front of him shook his head. This time's incident had nothing to do with him.

What's more, in this situation, as long as he can leave this desert, it is enough. He didn't think too much about other things, but at the moment this The state obviously caught him off guard.

Then he and Medusa left Zhao Yuyan in front of him. He was still a little worried and hesitated to look at him in this place, but the person in front of him didn't give him any reaction.

I just stayed here quietly without even thinking about anything else. The current situation caught me a little off guard.

"Please send him out first. Anyway, I don't have to worry about other things here."

Medusa couldn't help but be a little surprised when she saw that he was confident of winning, but in the end she chose to let him stay here.

Then she sent Zhao Yuyan away. The people around her didn't want to do this at this time. He even wanted to stay with her here, but the person in front of him directly rejected him.

"Now that you're out, won't we have more hope? Besides, he won't do anything to me. Are you thinking too much?"

Chapter 640

After hearing Zhao Yuyan's words, the people in front of them almost understood it. It is estimated that the process this time is also through some of the results that have been revealed before. As for what to do, it still depends on the people behind. Nothing special will appear.

However, the eight holy gods beside him did not say anything at this time. It seems that this time they must have guessed some other aspects.

Everyone is gathered here, and seeing themselves is indeed a bit caught off guard. Of course, the target's state is not complicated, which catches me off guard.

But all the situations in the desert seem to be different from what you thought. Especially at this time, you have basically guessed some other aspects.

Why do they insist on knowing the whereabouts of Emperor Liuyun right here? But in a separate room, before they asked, Emperor Liuyun appeared in his eyes.

"I don't know if you've still done what you promised me back then?"

"It depends on what price you pay now. Don't forget that they are surrounding me in a room now. Besides, you never said you would be enemies with them before."

Hearing these words, Emperor Liuyun couldn't help but have a look of embarrassment flash across his face. This was indeed something he had forgotten to say before.

But it doesn't mean it's too late to say it now, so at this moment he also knew clearly. He cleared his throat. Although there was a look of regret on his face, he didn't say anything else.

"This time the matter is nothing more than to get rid of Medusa and the Eight Holy Gods. It would be great if you can convince them."

"How much hatred do you have?"

"It's not particularly big, but he wiped out my entire clan and occupied our territory. The place where the snake people live now is where we were." Hearing these words, Gu Shaoyang couldn't help but feel a little embarrassed. They were stunned. If this was the case, then the strength of the Eight Holy Gods must not be underestimated.

Who knew that the only skill in Emperor Liuyun's hands was to surrender the snake man here, and hit the snake seven inches, his The method is also very accurate.

Being able to identify their worst parts here, when Gu Shaoyang heard its method, a look of surprise flashed in his eyes.

This look really surprised him, but There must be a direction for the aspects that should be dealt with.

"I won't say much about what happened this time. I have poured these inheritances into your mind. You can slowly absorb them when the time comes. If there is anything you can't handle, you can call me again."

"Are you always available?"

"This is not guaranteed, but my soul body has always been sleeping near you. When you can build a real body for me, I won't have to continue to work so hard."

Hearing these words, Gu Shaoyang in front of him couldn't help but twitch the corner of his mouth. He just learned a few things that couldn't be brought to the table, but he wanted to emphasize these words like this. He couldn't help but feel a little impatient, and then waved He waved her to leave, but Emperor Liuyun seemed to be unable to bear it and tilted his head and asked him about other things.

"What about Zhao Yuyan before?"

"Don't worry, I know how to cherish his life better than he does, and I have already sent him out long ago."
