

Attributes 721

Chapter 721

And at this stage, I also think of some things.

However, when Gu Shaoyang picked up the thing in his hand, he discovered some unexpected situations. He never knew that such complicated situations would occur here.

Of course, it also allowed me to see clearly another location. What I had searched there before was nothing more than something special.

On the contrary, Medusa had some surprises at this time, so she quickly adjusted her direction here and re-evaluated her abilities. After all, it was obvious that the other party must have learned more than this at this time..

However, although his advancement process went smoothly, he saw beads of sweat on his forehead. If the target state was a little different from what he expected.

That must be shown through this aspect, but no matter what, Gu Shaoyang is also sweating for him now. After all, it is obvious that the other party is not adaptable to the situation here at this time.

Is this the first time she has shed her skin here?

Gu Shaoyang tentatively looked at Salo next to him, but the other person shrugged his shoulders. After all, they hadn't seen each other for a long time.

So not to mention learning some relevant aspects here, but correspondingly, I also learned some things.

Instead of just sitting here and waiting to die, it would be better to help him. Then he took out a pill in his hand and stuffed it directly into his mouth.

Medusa's eyes widened, and the people watching here were a little caught off guard, but at this time Gu Shaoyang just smiled and nodded.

It seemed that as soon as he took the medicine here, Medusa felt a particularly powerful force spreading out of her body.

This situation caught me off guard. After all, I had never understood his strength before. I just thought he was an ordinary person, but I saw something unexpected.

As the power in his body slowly began to become majestic, and gradually appeared in front of his eyes, Salo suddenly became aware of a special scene. It seemed that this moment was not as simple as he expected.

Then Medusa went into shedding directly here. It has to be said that during this process, Salo also smelled some of the scent on it.

You must know that this is a symbol of strength. If he guessed correctly, his skin will soon be used for many purposes here, but now he has to weigh the consequences of doing so.

Gu Shaoyang was beside him helping to collect the fallen ashes, while Salo and Christi were helping to guard the situation.

But for Natasha, she felt a little panicked. After all, she also learned some about the changes in the cave. Now Gu Shaoyang couldn't see the surrounding scene at all, which caught her a little off guard.

What if something happens then? Is he still discernible only by the edges? Wouldn't that be terrible.

Anyway, arriving at such an energy gathering point caught me off guard. It seemed that because of the changes I was making here, Medusa actually accelerated its advancement process.

Chapter 722

Salo and Natasha next to them were both stunned. They thought that this matter would not be as they expected, but now it seems that it may not be that simple.

Moreover, Christie was also weighing the situation beside him. Fortunately, through this aspect, he could clearly see what these people were doing.

Although Gu Shaoyang's eyes can't be seen here, he is better than others and doesn't know where he is going. Xiao Hei and Xiao Bai were silent along the way.

Although Christi usually didn't know anything about them, he couldn't help but feel a little annoyed when he saw the two people's calm behavior at this time, including their nonchalant behavior here.

But at this time, Gu Shaoyang, who was in the center, was definitely the gathering area for everyone. Even at this time, he did not dare to speak rashly, for fear of causing some trouble.

Of course, correspondingly, I also learned some things. Instead of stumbling here, I might as well take the initiative to see if I can get some other changes. And correspondingly, I also saw some other things.

Since Gu Shaoyang is willing to help, he must not let go, and now he has understood some aspects.

Now in this area, Christie quickly found the center point of Medusa's advancement. If possible, he could seize the opportunity to capture him directly at this time.

However, the people in black and white next to them did not speak. It seemed that the two of them had already grasped the location of Emperor Liuyun. Anyway, it was useless to say more at this moment. It was better to take the initiative to take a look. There would be people nearby. There is something.

The man in black next to him suddenly clapped his hands, and just like him, he looked directly at the thing in front of him. I have to say that this really made it a bit difficult to control himself, seeing this position.

Unexpectedly, they happened to bump into it. To be honest, Emperor Liuyun said that several people did not expect to see it at this time, but Christie in front of him just took a look and turned his head back.

"Don't worry about it, it's just a kid. I guess that man just wants to convey some message to us. If it's really Emperor Liuyun, even if he ran away after seeing me, what on earth are you dreaming about."

Then he directly selected the contents of this song here, and also searched for some clues about Medusa from here, but he was really caught off guard.

After all, he also saw some characteristics here and there. Of course, at the moment This moment also allowed me to understand some other aspects.

Instead of being hesitant here, it would be better to cooperate with the Medusa block first, so their pill was catalyzed by themselves and Tianyu nectar.

Finally, it was It was successfully resolved, but it was a pity that this bottle of Tianyu Nectar was lost. Several people nearby were also a little surprised when they saw this scene.

I didn't expect such a precious thing to be used as soon as I said it. If it were me, I would definitely I want to treasure this thing, which can cure any poison in the world.

But it is a pity that only one drop may be produced in hundreds of years, so this bottle is particularly precious. This Medusa has no idea at all that such a precious thing can be It was smeared all over his body.

Chapter 723

But after molting, his body will become as smooth as jade, so I have worked hard, but I will definitely make a deal with him at the same price next. Let him give this thing back to him.

There is no need to stimulate him now, and Medusa also realized something else at this time, if everything at this moment is as she thought.

Is the molting next to it almost complete? I wanted to open my eyes and take a look here, but I didn't expect that my eyelids were as heavy as lead.

Not to mention opening it here, it is extremely difficult to see some clues around it from the gaps.

So now I slowly gave up on such thoughts and carefully absorbed the essence of heaven and earth, including the breath of Gu Shaoyang next to me.

I don't know if it's because of their different genders or something else, but Medusa obviously feels that the power in him is stronger, and here she is completely guiding herself forward.

Then I took a breath here, readjusted my state, and prepared to replace all of this here. Of course, this is the current situation.

He also let himself smell another breath. From the corner next to him, he could feel the steps of the people around him approaching him.

After all, every breath, including the smell here, is different from before. Could it be said that Emperor Liuyun really appeared?

But at this moment, it was just a sound, and there were no other changes, and correspondingly, I also guessed some aspects.

Instead of hesitating at this time, why can't I check some other situations? Anyway, it won't be a difficult thing at the moment, but I also saw a few corners.

Now I can smell some of his scent from the surrounding air without using my eyes, and can accurately judge where the other person is. To be honest, Muya caught himself a little off guard.

However, this person is definitely not Emperor Liuyun. They guessed wrong here, but it made Gu Shaoyang feel a little surprised. He seemed to have felt the energy emanating from Medusa just now.

Looking around for this matter really caught me off guard. After all, it was the first time I felt this kind of aura coming from it. Could it be that I encountered some danger?

Gu Shaoyang held his breath here, and then turned to look at Medusa aside. They exchanged breaths with him here, but found that there was no change in the other party, as if there was no problem.

However, this state also made me guess some unnecessary things. If it was like what I saw before, then there might be some trouble at this time.

Of course, he also learned about some of the nearby situations. It seems that he wanted to prove that this person was not the same person before, but it didn't matter, after all, it didn't seem so abrupt now.

"You don't have to worry about so many other things here. If you really have the time, you should just do what you should do here."

Hearing these words, the people in front of me were caught off guard. They didn't seem to have expected that the situation would become like this, but they also made themselves feel relieved.

Chapter 724

With his guarantee, my sisters will never suffer any injustice here, but it does catch me off guard. I am afraid that these people in white and black are going to change from before. things to come.

However, this Medusa quickly completed its transformation, but something very unexpected happened. After the transformation, it turned into an egg, and it was also a colorful one.

Seeing this look, Gu Shaoyang next to him was a little surprised. Could it be that he had given a dose of medicine here, was it too much?

It actually directly broke through his endurance point, but correspondingly, he also guessed some other stages. Logically speaking, this is not normal. Is there something wrong somewhere? Salo next to him also gathered around.

He laughed out loud when he saw this egg. I don't know what he was thinking.

"I didn't expect that he was so greedy and insisted on letting you protect him next to him. This time, he absorbed your breath and power too much, causing him to return to his original nature again here.

Don't worry too much. Since it has absorbed your energy, it is best to stay by your side. Just take good care of our snake leader for us."

Hearing what he said, Gu Shaoyang immediately waved his hand. He didn't want to have a little ancestor go home to serve him, and he didn't want to have anything to do with this matter.

So he thought about escaping here, but what's the real thing? It might be that easy, and these people in front of me have been staring at me.

I can't wait to tear myself apart at this moment. I also understand this. Instead of thinking about so many unrealistic things here, why not to think about it

"This is for you, in case your mascot goes away with me here, and now he is just an egg. It is different from whoever he is with, and he doesn't know anything."

Hearing these words, the rolling bullet seemed to prove that he knew everything. Salo couldn't hold it back. He actually laughed here. Gu Shaoyang raised his head and stared back. He didn't expect that he would be like this. So cool, he actually had the nerve to laugh.

"It's not all just to help here. Look, he has become a big egg now. As the Eight Holy Gods and her patron saints, you are not even willing to take in an egg."

Natasha next to her also shook her head crazily when she caught Gu Shaoyang's eyes. She was afraid that she would cause some trouble here. At the moment, Gu Shaoyang was really caught off guard.

But correspondingly, she also found another method. This Venus didn't know whether it absorbed enough energy when he advanced or something. It actually changed back to its previous appearance at this time, and the two merged into one again. Then Natasha took a picture here He coughed up a mouthful of blood on his back, which just brought the matter to an end.

However, the men in black and white next to him came back after searching around and found that there was nothing nearby. , but unexpectedly, he saw a colorful one on the ground.

But the man in white was a little curious and wanted to reach out and touch it, but unexpectedly, he was glared hard by Salo in front of him, and then he retracted his hand angrily. Go back.

Chapter 725

The man in black next to him immediately expressed his dissatisfaction, and then raised his hand to interrupt his touch.

"What are you doing? If you don't let me touch you, I won't let you touch me. Why are you doing anything here?"

This actually surprised the network in front of me. Isn't this just a slap in the face? I haven't said anything yet, but he was the first to say it.

And correspondingly, I can see some of the situation clearly. Instead of making some forced actions here before, it is better for me to take the initiative.

Then I reported to Gu Shaoyang next to me about the situation on the other side. It turns out that Emperor Liuyun is indeed not in good condition in the cave, but now he is basically in trouble. They are some soul bodies. It is not that easy to find his location just right.

"Even if it is a soul body, it will still avoid our search in the subconscious, so the next step still depends on everyone's luck. How about we act in two groups here, which can just ensure the integrity of this event."

But they were unwilling to separate the two of them at this time, and the network was not at ease, so they sent a separate person to follow the two of them here.

Then there was a quarrel in front of them, which made Gu Shaoyang a little irritable, and then he went directly here Stomping his feet, everyone fell silent.

He was holding a small stone in his hand, and then crushed it into powder. At this moment, the egg next to him cracked just right.

There was also a sound, and Gu Shaoyang next to him was caught off guard.

Everyone changed from arguing to watching this egg, as if they wanted to see what was in this egg that made them all stop. Watching the scene.

But at this time, the Internet curled his lips and deliberately blocked the route of the men in black and white, but at this time, Gu Shaoyang stared back. He had no choice but to flatten his mouth. The person next to him, At the moment, I am really caught off guard, but the final result of everything is definitely different.

So what will happen in the end, this is what I need to consider most, and at this moment, there are cracks on it. At the same time.

A little snake gradually hatched out. At this time, Gu Shaoyang couldn't help but sigh. Natasha next to him was actually amused by him.

"Why do you still think that at this moment, a fairy can hatch out of it?"

After hearing these words, Gu Shaoyang shook his head regretfully and sighed. Although he couldn't see it, after hearing the sound of the eggshell cracking, he could feel that this thing must be a sane person. Sure enough, not as expected, this little snake seems to have absorbed Gu Shaoyang's energy and is extra friendly with him here.

Even the Internet and Natasha tried to get close to him, but he avoided them. The two people's faces looked like this right now. A flash of embarrassment flashed across his face, but in Christie's eyes it was a look of success.

Now that Medusa is willing to stick to him, it is also a good thing for other people. He doesn't understand, but in his heart it is very clear. After all, I have understood some aspects of this current state, instead of stumbling in the future.

Chapter 726

It is better to do it yourself with confidence, and there will be no problems.

At this time, the two people next to them were also stupid. After all, the people in black and the people in white didn't know them very well, so at this time they just kept a distance that could be far or close.

Then she fell in love with the person in front of her and found that this snake had been clinging to her. This also made the man in white a little surprised. The person in front of her who couldn't get close to Wenwen the most was Gu Shaoyang, but this little snake still chose to get close to him.

This suddenly surprised everyone, but nothing else was shown at this time, as if these people had already guessed it.

Anyway, for now, I have done everything I can. The next step is to see how far they will go.

But with the changes in the next second, I must have found something else. After all, even if I have great abilities, I have to gradually improve.

This colorful sky-swallowing python was tied directly to his wrist. Although it looked like an ornament, he actually knew that its strength was far greater than an ornament.

But correspondingly, I am also hesitating about how to deal with it. At this moment, this sky-swallowing python may not be able to exert its greatest advantage on myself.

And correspondingly, Gu Shaoyang should also understand some aspects. Now that he has become Xiao She, it will be much easier to bring him.

Then he took Medusa and left here directly. At this time, Medusa showed some colors, which really caught me a little off guard.

But the next second, he also found some Dorsey. At this time, he suddenly came up to him and licked his eyes, and then he regained his vision here. The current appearance was really a bit surprising.

"I think I can see it.

But the Dawn Snake in front of him couldn't see the joy, anger, sorrow, and joy on his face. He just looked at him blankly here. Through its round and big eyes, he was a little caught off guard.

Moreover, it seems that some of his own movements can be reflected under the eyes. If he does it in this way, he will have to make some extra preparations.

But at this time, this little python seemed to be different from what I thought. After all, Medusa thought of something superfluous at this time.

If I was thinking about things that were unimportant right now, wouldn't it be adding to the trouble? So at this stage, I was a little overwhelmed.

But Gu Shaoyang made another move. He took a few people to search here. After seeing the environment here, he finally became happy.

After all, without eyes, it is difficult to explore the surrounding environment here. At this time, Natasha took out the thing in her hand. In fact, this matter could not be her hesitation at the beginning.

But as they walked down this road of life, they saw an environment like a secret room. Then several people looked here frequently, seeming to be weighing whether to go in, but at this time Gu Shaoyang was also hesitant.

After all, it was the first time I came to this place. I originally wanted to find some clues from Xiao Hei and Xiao Bai.

But judging from the current situation, I'm afraid it's not that simple. If you want to search for something similar, you shouldn't start here.

"Are you sure you don't know the terrain here?"

Although I don't know what the Internet asked me to mean, the two people next to me looked at each other and shook their heads. This is a special secret room, and it is on the territory of Emperor Liuyun.

Even if the two of them are very powerful, it is impossible to turn this matter around, and at this moment, I also think of some other aspects.

I can indeed understand some, but it does not mean that this matter will go as I want. After all, once a change really happens here, no matter whether you take this step on your own initiative or whatever.

There is no room for turning around, so the network is also caught off guard at the moment, but at this time the people next to you But he didn't put too much thought on this matter.

After all, for Gu Shaoyang, he would take them out regardless of whether they knew the terrain here, but Natasha was very happy along the way.

He The best sister actually turned into a little snake. He was teasing Medusa all the way until the little snake stuck out its tongue and refused to accompany him.

Seeing this little snake's appearance This appearance makes the people around me feel uncomfortable complaining. After all, I can't say anything. It's okay for the two of them to be so crazy all the time.

But at this time, it makes me think that there are only a few people found on this road. The entrance to the secret room.

Although it looks very complicated and luxurious, it is unexpected. After all, at this moment, no matter how luxurious all the designs here are, what is the use?

But there is something on this door. One, it seemed like they were going to place something. Several people searched around the area but couldn't find any clues. Then they locked on Medusa. He was the only one here who looked like this. So they looked at

Na From the look in Tasha's eyes, Gu Shaoyang knew that he probably wanted to put Medusa on this to see if there would be any reaction.

So he took a step forward and snatched the person back. If he really wanted to let him If you do this, that is the most terrifying situation.

What if there is no change, you can't just put it here again and absorb it, and it finally became like this, but at this moment Natasha He was already ready to take action, but the network next to him stopped him first.

"Why be anxious? Maybe there is another way."

"Then give it a try. Anyway, he doesn't know anything now. You look so cute with your big eyes."

Hearing these words, Xiao Hei next to him couldn't help but shudder. He didn't expect that they would even harm his own people at this time. Anyway, he was suddenly a little intimidated by them. I did n't expect that Medusa would usually be with people like this. At the same time, it's no wonder that apart from the fluctuations in front of celebrities, no matter what, they have found a special one.

Chapter 728

If I had some ability before and could turn this matter around here, I wouldn't have reached this point, so I was hesitant next time.

I was hoping to get some direction from this matter, but at this time, Christie took out a key in his hand, which inevitably made the Internet pale.

"Isn't this something that the elders passed on to you before? What did you take it out for?"

"It seems that he told me that this key was opened when there was an opportunity here. I think I have never encountered any opportunity in my life. Could this be the one time?"

The network in front of me was somewhat caught off guard. I asked for help and saw the note next to me. At this time, Gu Shaoyang also wanted to try it.

After all, all judgments may be false before trying them, so I must All of this must be done properly here.

But now he still has a position in mind as to what to do. If Gu Shaoyang was able to identify the location of Emperor Liuyun when he took out the Seven-Star Longyuan and the compass here before, then in fact Chris The key he mentioned was fine.

Just as he started to glow, he glanced at the compass beside him. The other party seemed to respond and made a sound here. At the moment, he was a little caught off guard.

But then, Another weird thing happened here. The eight holy gods in front of us actually followed the previous template.

But there were missing 4 formations that were activated here. It seemed that only half of them could be activated, but no one had them. Hesitating in this place, or even delaying time, on the contrary, what everyone should do has been completed naturally.

But correspondingly, the moment the door to the secret room was opened, Xiaobai behind him suddenly flinched. After all, several people also survived from the hands of Emperor Liuyun at this time.

There may be some fear in facing this matter. At this time, Gu Shaoyang did not say anything, but led them inside.

Then the next The desert climate here was actually applied to this cave, and all the surrounding fog was blown.

Then a light screen appeared in front of the network. It was a luminous thing, but the person who turned away from him was There was no trace.

Then he could only turn his head to face the luminous screen in front of him, and then touched it with his hand. I really didn't expect to be able to see part of the inheritance here this time, with the number 1/3 written on it.

Maybe this is part of the inheritance now. Gu Shaoyang probably read it from top to bottom. Then he just wanted to try crossing his legs here, but found that all the mana and skill in his body disappeared, as if he had turned into an ordinary person. People are the same.

I definitely can't let this situation go, and I have to save people. How is this possible now, but when Zhao Yuyan suddenly appeared at this time, Gu Shaoyang understood.

And he also connected the two things together. It seems that This time, this matter was probably made possible by Zhao Yuyan. Although he didn't know what to say to him, his guilty expression now showed some of it.

"I really didn't expect you to choose him in the end. How am I inferior to him?"

Chapter 729

"He promised to avenge me here and even give me my freedom."

"It's also because I signed a contract with you and I may not take the initiative to let you go. Are you treating me like this?"

The other party was silent here, as if this matter had nothing to do with him. At the moment, Gu Shaoyang was really caught off guard. He pursed his lips and said nothing more. Seeing

Zhao Yuyan's natural look, it made him feel a little bit I was caught off guard, and it was really beyond my budget.

Of course, I also saw several nearby directions around me. The more this happened, the more I had to ensure that these things could happen smoothly.

Then that person appeared in front of me In front of my eyes, I didn't forget to take a look at the corner here. It seemed that things this time were definitely not as smooth as I expected.

And the corresponding man in black waved his hand at me, and he seemed like It was as if she smelled something in the air, so she turned aside.

But correspondingly, she also saw some things. At this time, she also understood some aspects. It seems that this time Zhao Yuyan was deliberately here. Go against yourself.

Then there is no other way. After all, just relying on yourself to turn the tide here can be said to be telling lies with your eyes open, but Gu Shaoyang took out the compass next to him.

The other party emitted a bright light here, allowing The man in black in front of her couldn't touch her. When Zhao Yuyan saw this scene, her eyes flickered and she returned directly to the spiritual world.

Gu Shaoyang didn't care. Where he went, he had nothing to do with it. Anyway, he saw through it now. His true face.

I guess he was here just to find this thing. This really made me not consider it. After all, there were people controlling every aspect. But in the end, I followed this path and actually fell into a world. On the grass, the position of the wild trees was gone, which made Gu Shaoyang a little bit at a loss. Then he got up and saw that this was the entrance to the forest that he had entered before.

Moreover, the forest seemed to have undergone some changes at this place. Is the order of the trees next to it slightly different? Don't ask yourself why you noticed these deviations first.

Because this place has been completely closed from the beginning. In order to avoid the Bagua array being shaped here, Gu Shaoyang then The first moment I came here, I took a look at the surrounding environment.

Unexpectedly, I could still see the Five Elements Law nearby. In the Bagua array, there were fire, wood, water and earth, but gold was missing.

It seems that The only way to escape here is to find a gold, but unexpectedly, the figure of the barbarian demon suddenly appeared next to him, and the other party came over with a smile. He seemed to be hesitating about something, but Gu Shaoyang didn't think too much at this time. But as the time difference here changed, Manmo could see clearly.

This person was no longer Gu Shaoyang, so he immediately pulled him over. This choice really caught him off guard. Of course, in this state, he was still It really surprised me

"How will you be here?"

Chapter 730

"Did you make a mistake? Now it's my turn to ask you. If you really have any ability, don't hide it here. If you get choked, take it out quickly. Otherwise, in the end, it will be all in vain.."

Hearing his words, the people in front of me were somewhat caught off guard. How could I not know these things?

But in the current process, I must handle it according to the situation, and I absolutely cannot relax at all, otherwise I will It may cause some trouble. I had no choice but to do the remaining actions of the opponent here. Then the barbarian demon actually brought himself to the inside of this area, which suddenly made his eyes light up. It seemed that the situation here was still somewhat different from what he expected. After all, the first and second names on the previous list seem to have disappeared, and he is the only one left to solve the problem here. Now this scene really catches me off guard.

Of course, I have cracked some clues along the way, so the next step is There must be some hesitation about where to go.

Now I asked tentatively, but the barbarian demon in front of me ignored me.

"So now the troops are divided into several groups, right?"

"What does this have to do with you? It's good enough that I'm willing to take you in. It's best to put away all these problems of yours."

When the other party answered him, there was still a bit of dissatisfaction on his face. Then when he returned to the camp, he saw a line of words hanging on the sign next to him.

Then he found Taoist Huoman in the corner here. It really surprised me. You have to know that Huoman Taoist was considered a strong one here before. How come he is in this situation now?

"Why are you here?"

Huoman Taoist looked at the people nearby, and then whispered to himself here.

"I advise you not to talk about such topics here. He seems to hate hearing this recently."

Then Taoist Huo Man looked at the situation, took out something like a map, stuffed it into his hand, and then left unsteadily. Gu Shaoyang looked at his back and suddenly felt a little at a loss.

Why has everything changed here?

It has become strange, and even makes me unable to control it. But at this moment, the seven-star dragon abyss on the notebook suddenly emits a scorching appearance.

It seems to be hinting that I will come around soon. Gu Shaoyang certainly couldn't refuse the seat next to him, but this barbarian demon didn't come towards him at all.

Instead, he tied his hands and feet. Then Gu Shaoyang focused on the piece of paper next to him, and then He opened the neatly folded paper and found that it was a small knife inside. The knife was covered with various patterns. Seeing this scene made Gu Shaoyang a little weird, but at this moment he understood In some aspects.

If you really want to deal with it according to the way you did before, then you will definitely need someone to lure these people away for you.

Then the Taoist Huoman just now has undoubtedly become the best choice. So at this stage, Gu Shaoyang also took stock of his surroundings.

Seeing that everyone was getting ready to rest, he remembered Zhao Yuyan who had followed him to the spiritual world.
