

Attributes 921

Chapter 921

When he landed, the surrounding stone beasts stepped forward to surround him, preventing him from having any chance to escape.

Venus was still standing on the stone wall, looking at Gu Shaoyang below. He wanted to go down to save him, but he was afraid of the attack of the stone beast, so in the end he chose to stay on the stone wall.

Gu Shaoyang, who was below, faced the attack of the stone beast. He only defended and did not attack. He also gave in properly every time and would never hurt the stone beast.

After several rounds, Gu Shaoyang was out of breath, but he still did not give up resistance, but he also did not attack.

This group of stone beasts had been reminded by their leaders before they came out to look for Gu Shaoyang and Venus. They already knew the weaknesses of the stone beasts and asked them to pay attention to them.

But when they actually fought against Gu Shaoyang, they found that his tricks had captured their weak points every time, but in the end they didn't make a move.

If he didn't take action to seize their lifeline once or twice, it was a coincidence, but if he could seize their lifeline every time he made a move, then it would no longer be a coincidence, but intentional!

"Okay, bro, can we make a truce quickly? Are there any white rabbits watching around here?"

In fact, when Gu Shaoyang was fighting the stone beasts, he discovered that there was a white rabbit watching nearby. In order to let the white rabbit leave with peace of mind, he fought with the stone beasts.

Now he found that there was no trace of the white rabbit around, but He still couldn't help but ask, because the stone beasts were more familiar with the white rabbit, and there might be some secret code between them that he didn't know.

"What do you want to do whether you are here or not?" The stone beasts did not intend to answer Gu Shaoyang's inquiry, but they were still very curious as to why he let them go every time.

And Gu Shaoyang was also very good at reading people's faces, so when he found that the stone beasts had puzzled expressions on their faces, deliberately arousing their curiosity and leading to their doubts

"The reason why you are asking this now is because you are curious about why I didn't take action?"

"You answer my questions first, and then I can answer your questions. Only by exchanging with each other will you not lose money."

Gu Shaoyang and the stone beasts fought each other, but the atmosphere between the two sides relaxed a lot.

Venus, who was standing on the stone wall, watched Gu Shaoyang move among the stone beasts with ease, and couldn't help but viciously wanted the stone beasts to quickly kill him. He was beaten to death.

However, the next second made him very disappointed.

"They had already gone to report the news to the mythical beast and were no longer here." The stone beasts thought about it and answered Gu Shaoyang after a while.

After receiving their answers, Gu Shaoyang immediately stopped, then took a step back and bowed to the stone beasts.

Seeing his actions, the stone beasts were full of doubts, and Gu Shaoyang But he opened his mouth to explain

"You are being taken over by the mythical beast and become king, and we are looking for the mythical beast to get the third key in his hand and take his life, so that we can cooperate"

"Firstly, you can get your home back and regain your control, and secondly, I can also get what I want, and we won't disturb each other."

Gu Shaoyang directly made his purpose clear. After hearing this, the stone beasts looked at each other and finally didn't know how to make a decision.

"If you can't decide, you can take what I said back and tell your leader, but I don't know if the beast will know if you go back in such a swagger."

Gu Shaoyang said very confidently. He was 80% sure that the stone beasts would cooperate with him.

"We will naturally have our own ideas on how to go back. You can wait here for us to come back."

The stone beasts really couldn't make a decision about Gu Shaoyang's proposal, but his proposal was too tempting, so they decided to report to the leader before making a decision.

"No problem, I'll wait for you here." After Gu Shaoyang finished speaking, he bowed to them again, then jumped back to the stone wall.

After a while, the stone beasts walked directly into the wall and merged with the wall and disappeared.

"He...they...what? gone!" Seeing the stone beast leaving and Gu Shaoyang Venus returning safely, his face was full of surprise.

"It's okay, we just talked about cooperation with them, and they are now going back to report to their leader."

Gu Shaoyang shrugged and said it very easily, but Venus felt that he was very powerful.

After standing on the stone wall for a while, the stone beasts appeared in great numbers. This time, except for those who had just fought with Gu Shaoyang, in addition to the people, there are also a few more stone beasts with more powerful martial arts.

Looking at the behavior around them, it is not difficult for Gu Shaoyang to guess that the ones coming now should be convinced by the leader of the stone beasts and come with the leader's answer.

And since the leader sent his confidants, he probably agreed to his proposal, otherwise he would not have sent such an important person to come forward.

"How about it? What did your leader say?" Although he already had the answer in his heart, Gu Shaoyang still couldn't help but ask.

The leading stone beast did not answer the question, but nodded affirmatively.

Chapter 922

After seeing the action of the stone beast, Gu Shaoyang took a step forward and started discussing with the leading stone beast. Those standing around the stone beast also quickly backed away, not daring to eavesdrop.

Seeing the actions below, Venus on the stone wall carefully came down from the stone wall. He wanted to know what cooperation Gu Shaoyang and the stone beasts were talking about, but he was stopped by the stone beasts outside.

"Not for you to listen to!" The stone beasts gave a very fierce warning, and Venus was very unhappy when he saw this. He only felt insulted. But in the end, he did nothing because his strength did not allow it.

In this way, he could only quietly interact with the surrounding stone beasts. Waiting quietly, and after a long, long time, Gu Shaoyang completed the discussion with the leading stone beast.

"Then it's a pleasure to work with you." The leader of the stone beast was the first to reach out his hand. Gu Shaoyang quickly took it when he saw it, and the cooperation between the two was signed.

After talking to Gu Shaoyang, the leader of the stone beast turned around and walked into the stone wall with his younger brothers to leave, while Venus Only then came forward to ask

"What the hell is going on?"

Venus looked confused. When Gu Shaoyang saw his appearance, he actually didn't want to tell him, but he felt that the two were now teammates who relied on each other, so he still told him what happened.

After learning what happened, Wei Nas didn't know what to say for a long time, and after listening to Gu Shaoyang's words, he felt even more inferior.

Originally, his strength and intelligence were not as good as Gu Shaoyang's, which was something he had already realized, but now he is with him Will you still be impressed by his ability?

"Although we have now reached cooperation with them, we still cannot take it lightly."

When Venus was surprised, Gu Shaoyang suddenly pulled up his hand and wrote quietly in his palm. Venus frowned and wanted to ask, but was stopped by him.

"Write something in the palm of your hand and tell me."

Gu Shaoyang had seen the way the stone beasts left and appeared, and was worried that their ears were on top of their stone walls, so he reminded him carefully.

After hearing this, Venus also nodded silently, and then put it in the palm of his hand. Wrote:"Why do you think we need to be more careful?"

"Because the third key is a treasure, it is good for us and it is also good for the stone beasts."

"The stone beasts in the cave are more familiar with us than we are. This is their territory. It is beneficial for us to cooperate with them, but if we kill the beasts together and then they turn back! Then we would be in great danger."

Gu Shaoyang is thoughtful and has already considered everything. Venus is like a baby bird, waiting to be raised by its parents, with no motivation to think.

However, Gu Shaoyang is like a crow's beak, and his worries are exactly those of the leader of the stone beasts. idea

"Leader, this move of yours is simply a plan within a plan! Cooperate with the two boys outside to kill the mythical beasts in the cave. After that, we will be the king of the cave again, and those two intruders cannot be our opponents at all! Aren't we just reaping the benefits of the fishermen!"

The subordinates of the leader of the stone beast were complimenting him. The leader of the stone beast was also very helpful. The smile on his face could not be concealed at all.

"Okay, stop flattering! Hurry up and follow what you discussed with them first, but you must not be exposed in front of the divine beast!"

The leader of the stone beasts was not happy for a long time and immediately ordered his men. After receiving the order, the stone beasts also hurriedly set off.

In this way, Gu Shaoyang and the stone beasts acted together. Yes, everyone discharged by the stone beasts would be defeated by Gu Shaoyang and the two of them. The white rabbit always reported to the beast.

When the beast learned that Gu Shaoyang and the two were about to approach him, he immediately called the leader of the stone beast to get angry.

"You can't even do anything well! Do you still need me to take action personally?" The claws of the divine beast slapped the stone beast leader hard, and with just one blow he felt that his whole body was about to fall apart.

Although he was a stone, whenever an attack threatened his weakness, he would still feel pain and the approach of death. , especially the mythical beast is so powerful that one claw almost killed him.

"Sorry, sir! Neither do we! But those two boys are really awesome! I also apologize to you for my mistake!"

After saying that, the stone beast took out the gift he prepared for the divine beast.

"This is the Ox Blood Pill that I have treasured for a long time. If you need to increase your skill in a short time, or take it while practicing, the effect of your practice will be twice the result with half the effort."

"And this thing is very precious, there is only one in the world!"

The leader of the stone beast boasted that the thing in his hand was very magical. The beast had been in the cave for a long time and knew nothing about the outside world, so he believed what he said.

But in fact, this ox blood pill was just Gu Shaoyang Someone was sent to him. This effect will indeed increase his skill in a short period of time, but the time is short but only a few seconds, and the stamina will also dissipate the skill.

Its real name is not called Ox Blood Pill, but it makes all major The dissipation pill is something that practitioners are afraid of.

Its main function is to swallow up all the people's skills and turn them into nothing.

Taking the "Ox Blood Pill" from the leader of the stone beast, the beast was very satisfied and worried that someone would use the only treasure in the world. Fighting with him so he quickly took it.

Chapter 923

When the mythical beast took the "Ox Blood Pill", the stone beast leader's face immediately showed a look of success. He just stood there and waited for the opportunity to pass slowly and his power to slowly dissipate.

"No, boss! Something bad is happening!" Just as the divine beast had just taken the "Ox Blood Pill", the white rabbit suddenly rushed into the hall and shouted loudly, which made the divine beast frown.

I just got a treasure and was immediately criticized after taking it. It was really shocking. Damn it!

The mythical beast thought this way, looking at White Rabbit with a bit more murderous intent in its eyes. When

White Rabbit noticed that the mythical beast was angry, he immediately knelt down and reported tremblingly: "Boss! The two intruders outside are almost approaching us! The ones sent out by the Stone Beast are all minions, and they are not enough for him to fight!"

Seeing that the mythical beast was angry, White Rabbit immediately threw the blame to the stone beast, and the stone beast had just given him a gift, so naturally he would not blame him.

"so? I'm in a good mood today, so I'll deal with him myself! I want to see who is so powerful!"

After saying that, the mythical beast got up from the chair. Anyway, he wanted to find Gu Shaoyang and Venus in person. Upon seeing this, the stone beast immediately stepped forward to stop him.

"Eh! King! Don't worry!"The leader of the stone beast turned sideways and raised his hands to block his way, and the divine beast also stopped to see what he wanted.

"King! My subordinates are not doing their job well. Please give me another chance to make amends so that I can redeem myself!"

The leader of the stone beast knelt down directly as he spoke, his attitude was very sincere, and the divine beast was also very impressed by his surrender, and immediately burst into laughter.

"Hahaha! You are really good at getting things done! good! good! Just give you a chance!"The divine beast was very generous, and then he let them leave with a wave of his hand, and he returned to his high position.

The white rabbit looked at the joyful behavior of the leader of the stone beast and then at the very arrogant reaction of the divine beast. His There was a faint reaction in his heart.

However, he was only a small member of the White Rabbit family, and his cultivation level was low. He could not influence the strong man's decision at all, so in the end he could only retreat silently.

After receiving the order from the divine beast, the leader of the stone beast Then he ordered his men to deal with Gu Shaoyang, while he returned to his cave and sat on a chair to wait for the opportunity.

"Don't be too harsh, leave half of his strength, he will be needed to fight the mythical beast later!"

The stone beast leader closed his eyes and couldn't hide the smile at the corner of his mouth. His territory was about to return, and he would soon have the third key. How could he not be excited?

At this time, Gu Shaoyang and Venus were struggling to move forward, hoping to take one more step. After all, cooperation with the stone beast was unreliable, and everything depended on oneself.

Not long after, Gu Shaoyang and Venus were three times closer to the guardian of the mythical beast. The key was still two or three meters away, and just when they thought hope was in sight, the stone beast suddenly appeared. The cultivation base of the stone beasts that appeared this time were all in the middle or upper level, and Venus's cultivation base was not even as good as a stone beast. But this time he was not afraid.

Because they had an agreement with the stone beast, it was just for show, so he could just hit him casually. However, Gu Shaoyang didn't think so.

This was not the agreement with them before, so why did he suddenly change his mind?

Seeing the huge number of stone beasts with high cultivation levels, Gu Shaoyang's mind was running continuously, and he guessed the thoughts of the leader of the stone beasts: This stone man must have betrayed him! He must want to reap the benefits!

No! I tried my best. We can't let him succeed after so long!

It didn't take long for Gu Shaoyang to see through the identity of the leader of the stone beast. But when he fought with the stone beast, he pretended that they were still cooperating, just for show, but the next second he was beaten by the stone beast. The punch flew away hard.

Naturally, Venus was the same as Gu Shaoyang, but his cultivation level was too low, so he spit out a mouthful of blood before he fell to the ground. When Gu Shaoyang saw Venus' reaction, he also vomited a mouthful of blood and pretended to Weak.

After all, he now wants to pretend that he is not so powerful.

The stone beasts saw that Gu Shaoyang was so weak when facing them, and they couldn't help but doubt that the stone beasts sent before were too good at playing tricks! Because Gu Shaoyang couldn't even make a move on them They couldn't bear it!

But the next second the stone beasts gave up this idea, because Venus suddenly took it seriously, and could barely avoid being hurt when fighting the stone beasts.

Seeing this, Gu Shaoyang could not be worse than him, so he was able to do it with ease. Get up, and when the stone beasts saw that their strength was not as strong as before, they also became serious.

"I didn't expect you to hide your strength!" The stone beast sneered coldly, as if he looked down on Gu Shaoyang very much.

"That's because we agreed at the beginning that it was just a show, but why are you so serious now?" Facing the ridicule, Gu Shaoyang bluntly pointed out their breach of trust.

However, the stone beast found an excuse to evade: "It's not that we want to be serious, but the beast king is angry. If we don't take it seriously anymore, he will do it himself!"

"Yeah? With that said, I am very grateful to you!" Gu Shaoyang said coldly.

Chapter 924

The leader of the stone beasts thought he was very smart, but he asked his men to come and stop playing tricks without informing them in advance, and this wave of stone beasts was obviously not as respectful as the previous stone beasts.

They all exuded an arrogant aura, as if they looked down on Gu Shaoyang, or were taking advantage of them.

"There's no need to thank you. Just use more force when you fight the mythical beast later. Looking at you like this, I'm afraid you won't be able to survive a few attacks from the mythical beast!"

After fighting with Gu Shaoyang, he neither took the life of the stone beast, nor did the stone beast hurt him at all. The two sides were in a stalemate.

Venus, who was fighting with the stone beast on the other side, was exhausted and was struggling with the stone beast surrounding him. Everyone retreated step by step, and when they finally had no way to retreat, they had to ask Gu Shaoyang for help.

"Brother Gu! Help me!" Venus was about to be pulled into pieces by the stone beasts. Gu Shaoyang immediately kicked away all the stone beasts surrounding him, and then quickly came to Venus. He saw his left hand coming out of the circle and raising his right leg. His left hand also stretched out

his skills, and he was able to deal with the stone beast as soon as he got on it. Without the lift of the stone beast, Venus's whole body fell to the ground and hit him hard.

Gu Shaoyang, who was busy fighting, had no time to help him get up, so Venus Si could only quickly get up from the ground. However, after getting up, he did not help Gu Shaoyang fight, but ran backwards.

"Hello! What are you doing! Seeing Venus' actions, Gu Shaoyang was confused, "Come back quickly!"

If Venus runs back and encounters another stone beast, he won't be able to save him, so Gu Shaoyang must keep him within his sight.

"Can you beat the other stone beasts later?" Seeing that Venus still didn't stop, Gu Shaoyang immediately shouted loudly.

Sure enough, upon hearing Gu Shaoyang's words, Venus immediately stopped and then returned to his side in despair.

"What should we do with so many stone beasts!" Venus is a grown man who sheds tears when he looks at so many stone beasts. Looking at him looking so worthless, Gu Shaoyang just feels a headache.

"The old way! Seize their lifeblood and solve them with one move! But this time we have to work together in pairs!"

Gu Shaoyang and Venus discussed back to back, and immediately started taking action.

Gu Shaoyang took action to control the stone beast, and then Venus took action to deal with it. The two slowly got along and cooperated very well.

The stone beasts around them were a little scared when they saw it. But they also found their weakness.

There were only two people, Gu Shaoyang and Venus, and they could only deal with one at a time. If there were one more, they would be in a hurry, so the stone beasts no longer attacked alone, but swarmed in.

Sure enough, when the stone beasts swarmed in, Venus and Gu Shaoyang's plan could not be carried out, but they took advantage of the stone beasts to catch the weakness of one and attack.

And this effect was better than if they attacked one by one. The effect was even better!

Seeing that their number was getting smaller and smaller, the stone beasts no longer dared to attack easily, and Gu Shaoyang and Venus began to use their old methods again, attacking one by one!

When they both stepped forward At this moment, the stone beasts retreated one after another, as if the two people in front of them were some kind of monsters.

"Don't...don't...don't come here!"

The stone beasts that were so arrogant at first are now like toothless tigers, completely fearless. Venus is no longer afraid at this time, but a sense of superiority arises spontaneously.

"how? Scared? You also know fear! Why don't you come and fight to the death with Grandpa and me!"

Gu Shaoyang imitated their arrogant manner and fought back, while the stone beasts turned around and slipped into the stone wall and fled in a hurry.

Seeing them flee, Gu Shaoyang and Venus finally breathed a sigh of relief, but they did not dare to take it lightly.

"They just said that the mythical beast will come out in person, and we have to speed up our pace, otherwise we may not know where we will end up when the mythical beast attacks in person!"

Gu Shaoyang patted Venus on the shoulder, and he nodded vigorously towards him.

The two reached an agreement on their goals, so they accelerated their pace towards the third key.

On the other side, the fleeing stone beast came back. When they arrived in front of their leader, they were in a panic!

"This is what you are doing?" The leader of his men who saw the return immediately guessed it, but he still couldn't help but ask.

Finally, he learned what happened from his men's mouths, and then sat on the chair and thought for a while: "Okay, you guys go down and have a good rest, I'll go to find the King of Divine Beasts, let him come forward in person."

The leader of the stone beast pretended to be helpless, but actually a smile appeared on his face the moment he turned around and left.

He waited for his men to come back, and then he could report to the beast, so that he would come forward in person and be punished. Gu Shaoyang was beaten almost to death, and he could just enjoy the results.

When he came to the cave where the mythical beast was, the leader of the stone beast immediately knelt down and apologized: "I'm sorry, my king! My men failed their mission! Please punish me!"

The attitude of the leader of the stone beast is very sincere, and the more submissive and self-reproaching he is, the less likely the divine beast will punish him.

Chapter 925

In addition, the divine beast had just received the "Ox Blood Pill" from the leader of the stone beast, so how could he have the nerve to deal with others?

Not only did the mythical beast not blame him, but he personally lifted him up from the ground.

"fine! fine! I have already said that I would personally come forward. If you want a chance to redeem yourself, I will give it to you. It doesn't matter if you fail now."

The mythical beast is very generous, but the more he behaves like this, the more the leader of the stone beast has to pretend to blame himself.

"Sorry, it's all my fault! I can't complete the guarding task you gave me!"

The expression of the stone beast became more and more self-blame, and the deep beast patted his shoulder to comfort him: "Did those two boys outside bully you? It's okay, don't be afraid, wait for me to avenge you!"

The so-called short-handed manipulator and soft-spoken cannibal. After this mythical beast benefited from the leader of the stone beast, it regarded him as one of its own and was not even willing to blame him. It was also very protective of its calf.

After the mythical beast finished speaking, he immediately turned around and left. Only the leader and his men were left alone in the cave.

When the mythical beast left, a successful smile immediately appeared on the face of the stone beast leader. He slowly turned his head and looked at the departing figure of the mythical beast, with a smile on the corner of his mouth. He smiled.

After a while, he stretched out his hand and came to Gu Shaoyang and Venus. The beasts guarding the third key all have unique responses to keys.

But when he saw Gu Shaoyang, he sensed two keys on his body. The presence

"You kid actually has two keys on you! Now he wants to get the third one from me!"

He was very angry when he thought that his other divine beast friends who guarded the key were killed by Gu Shaoyang, while Gu Shaoyang looked at him with a faint smile.

Seeing Gu Shaoyang's gentle smile, the divine beast became even more angry, and raised his hand to shine a light directly onto him, but Gu Shaoyang directly resolved his halo with a wave of his hand.

Seeing how easily the spell was resolved, the divine beast couldn't help but concentrate on gathering energy and cast it more seriously.

However, he used all his strength to create the spell. It persisted in Gu Shaoyang's hands for only ten seconds before dissipating again.

"this! this! You are!"The mythical beast realized that Gu Shaoyang was so powerful, but he also had a trump card! He was getting more and more angry, and his body quickly swelled dozens of times. After he swelled, the cave could no longer accommodate him, and the stones around him rolled down.

After soaring dozens of times, Gu Shaoyang and Venus stood under his feet like ants. He could crush them into minced meat with just one kick.

Gu Shaoyang and Venus couldn't help but worry, especially Venus. Si.

He has never encountered such a situation. He had never gone out in the clan most of the time before. This time he came out of the cave to look for Gu Shaoyang.

And Gu Shaoyang's reaction when he saw the divine beast was slightly worried.

If he They have been fighting here, and the huge body of the mythical beast has caused the cave to collapse. Then their hope of survival is very slim!

"We have to fight quickly!"Gu Shaoyang looked at Venus and roared loudly. At this time, the leader of the stone beasts in his cave was lying down and resting comfortably.

Suddenly he felt the ground shaking, and then heard the sound of huge rocks sliding down, which seemed to be Somewhere in the cave collapsed!

Hearing the huge noise, he immediately came out of the cave to check. After all, every stone here was his years of hard work. This is why he refused to leave after the mythical beast occupied his lair.

Because he had built this place by himself at the beginning, and the stone beast that served him was also made by his own hands.

Following the sound, he came to the front of the divine beast and Gu Shaoyang. At this time, the two people were constantly entangled, and the stone beast The leader wanted to take action but held back.

Now was not the best time. He wanted to wait until both of them had suffered losses before going out to reap the benefits of the fishermen!

Although his abacus was very good, he was hiding in the dark. Venus discovered his trace, so he secretly sent a message to Gu Shaoyang.

Gu Shaoyang was fighting with the mythical beast above. Because Venus was not strong enough, he arranged for him to hide in a dark corner, but they There is a secret contact between the two

"The stone beast leader is below, be careful as he attacks secretly!"

After Venus sent the message to Gu Shaoyang, she held her breath and concentrated, no longer moving, for fear of being discovered by the leader below. The divine beast whose body had grown dozens of times had greatly reduced its power because of taking the "Ox Blood Pill", and he himself also Found something wrong

"how? Only then did you realize that your skill has faded a lot?" Seeing the confusion on the face of the divine beast, Gu Shaoyang mocked.

Under normal circumstances, Gu Shaoyang could not be the opponent of the divine beast, but now he can compete with him.

"What on earth have you done to me!" The mythical beast was on the verge of rage, and looked at Gu Shaoyang with a very fierce look.

"Hahahaha...it's not what I did to you, it's your men! oh! No! It should be said that he is the owner of Yuan Ben in this cave!"

Gu Shaoyang knew that the leader of the stone beast would never let him leave safely with the third key.

Chapter 926

So the best way is to completely eliminate the mythical beasts and stone beast leaders! This way no one will stop him from moving forward!

"he! How dare he!" The furious divine beast heard Gu Shaoyang's words and couldn't help but become even more angry after knowing that he had been betrayed by one of his own!

Gu Shaoyang, on the other hand, gloated: "Hahaha! After finding out, shouldn't you seek revenge on him? Aren't you afraid that he will take the opportunity to sneak away with your treasure?"

Gu Shaoyang joked, and what he said was not really to ask the mythical beast to find the leader of the stone beast, but to explode where the third key was.

Sure enough, after listening to Gu Shaoyang's words, the mythical beast subconsciously thought that he wanted to support him. Walk away from him and then run away: "Don't think about it, I'll take him away and run away alone."

"Even if I defeat you, I can still deal with him! Naturally, I carry my baby with me everywhere! How could it be placed in a hole?"

The divine beast said proudly, as if he was asking for praise. However, after hearing his words, Gu Shaoyang showed a successful smile. Although you are a divine beast, your IQ is indeed a bit inferior compared to humans! You are so young. A light explosion will reveal everything.

Venus and the leader of the stone beast below heard the words of the mythical beast and couldn't help but look gloomy. Although they did not get entangled with the mythical beast, their abacus happened to be told by Gu Shaoyang.

They planned to follow Gu Shaoyang. When fighting the mythical beast, they secretly went to take the third key, but no one expected that the mythical beast would take the key with him.

The behavior of the mythical beast directly wiped out their plans, but it was a good thing for Gu Shaoyang

"Then you are so smart! I actually know how to carry it with me." Hearing the words of the mythical beast, Gu Shaoyang couldn't help but praise him.

And the mythical beast that was praised actually grinned, as if a puppy was praised by its owner.

However, the smile of the mythical beast did not last long before it turned into a dull smile. , he seemed to notice the gaffe in his expression just now, so he immediately put away his smile and turned into a very serious and fierce look.

However, Gu Shaoyang could see from his performance just now that he was just a little guy who was very eager to be loved.

"Child! How dare you tease me." The mythical beast was very dissatisfied with the appearance he had just shown, and seemed to be a little shy on his face.

As he grew bigger, his bulky body raised his claws and struck hard in the direction of Gu Shaoyang.

Although he was dozens of times bigger than Gu Shaoyang, But Gu Shaoyang excelled in his small size and light movements. He ran out of the sight of the divine beast in two steps and went directly behind him. The divine beast looked at it in front of him and did not find Shaoyang's figure for a long time: "Silly big man! Are you looking for me?"

I only heard a voice behind the mythical beast, it was Gu Shaoyang.

At this time, he took the mythical beast with a large stone of 1 and turned around slightly, then hit it hard on his nose. The mythical beast was heavy and too late. Dodge.

In this way, the divine beast was successfully attacked by Gu Shaoyang, and the speed at which he attacked Gu Shaoyang also accelerated a lot, but he was still dodged by the flexible Gu Shaoyang every time.

Several attacks failed, and the divine beast also discovered him and Gu Shaoyang at this time. With his physical advantages and disadvantages, he slowly shrank into a body that was about the same size as him.

After watching the divine beast shrink, Gu Shaoyang jumped even more fiercely, because at this time, he had already figured out the terrain of the collapsed stone below, and the divine beast had been He was aloof and unfamiliar with the situation below.

Therefore, Gu Shaoyang deliberately led the mythical beast to a suspended stone several times, stepped on the air and fell hard. Several stones hit the mythical beast hard, although it was not It hurt, but it made him very embarrassed.

After doing this several times, the beast was completely angered. This time he took out his hometown magic weapon - the spirit whip!

The spirit whip was a relic of his previous owner. After the death of the second owner So he gave it to him, but no one ever recognized it, because the divine beast could not be recognized as its owner.

When Gu Shaoyang saw him taking out the spiritual whip, he recognized it as a good thing at a glance, and his eyes were filled with greed, and his desire told him: take it Down!

"This good thing probably doesn't have an owner yet."Gu Shaoyang stared at the spiritual whip in his hand and said lightly, but the desire in his tone was very obvious.

"snort! You kid wants to claim this thing from me!"

For Gu Shaoyang's desire, the beast only thinks that he is delusional, and for his greed, he thinks it is a blasphemy against his former master.

"Eat my whip!"Looking in the direction of Gu Shaoyang, the divine beast swung out the whip. Although the whip did not recognize its owner, it still listened to the divine beast's words.

He followed the divine beast's will and locked onto Gu Shaoyang, chasing after him. He was so stunned that he jumped up and down and almost made the hole. He ran all over the place.

In the end, Gu Shaoyang was defeated by the spiritual whip that entangled his feet and was unable to run. The spiritual whip also directly hung him upside down in mid-air and sent him in front of the divine beast.

"let me go!"Gu Shaoyang struggled hard, but every time he struggled, the spirit whip was tied tighter and tighter. But he could only watch the divine beast angrily demand.

Chapter 927

"Hahaha! Aren't you very arrogant! Why don't you run away!"

The mythical beast poked Gu Shaoyang's head with his hand. Although he had shrunk to the limit, Gu Shaoyang was still like a small toy in his hand.

After being caught, Gu Shaoyang was not in a hurry. Instead, he secretly competed with the mythical beast while blowing his beard and staring.

After catching Gu Shaoyang, the beast did not leave because he remembered that there was another person

"Okay, there's another person, please come out quickly."

After successfully catching one person, the mythical beast became a little drifting. He sat directly on the scattered stones, propped his head, crossed his legs, and looked around leisurely.

Venus, who was hiding in the dark, heard the words of the mythical beast and became even more confused. Hiding in the cracks of the stone, his breathing became even quieter, for fear of being discovered by the mythical beast.

At the same time, besides Venus, there was also the leader of the stone beast who hid himself. He came to the scene early and watched the battle.

He originally thought that Gu Shaoyang could fight with The mythical beast fought to the death, and both sides suffered losses, but he did not expect that he would be so unwilling to withstand the fight and was caught within a few moments.

At this time, the mythical beast had shrunk, and he did not dare to move around for fear of being discovered by the mythical beast.

The mythical beast let out the words , but there was no sign of the other person, so he couldn't help but start to stand with his hands behind his hands and stomp around nearby. The mythical beast wandering nearby was not just walking around randomly. His ears were very sensitive and he had already heard the breathing of two people nearby. How come there are two people? There is another person who is an accomplice of the kid above. Who is the other person? At this time, the mythical beast is guessing who the other person is. It doesn't take long for the mythical beast to guess.

Because he heard it The man's breathing rate was the same as that of the people he often heard. This man was the leader of the stone beast who gave him the "Ox Blood Pill"!

After the divine beast confirmed it, he couldn't help but feel cold in his heart: "Haha! It was delivered to my door by myself, saving me the effort of searching for it!"

The divine beast walked towards the direction of the leader of the stone beast, getting closer and closer step by step. The leader of the stone beast also heard his footsteps and couldn't help but become more and more nervous.

After experiencing a fierce ideological struggle, the stone beast The leader finally walked out from the crack in the stone.

In the end, he could not hold back the huge psychological pressure:"Huh - yes, it was the medicine I gave you, but the kid on the key gave it to me!"

"He said he would work with me to clear you from the hole and take your third key."

The leader of the stone beast, who was about to die, attributed all the responsibilities to Gu Shaoyang, but the beast was not extremely stupid.

"Yeah? So it's him who picked you?"The divine beast stood with his hands behind his back and did not take action immediately. Seeing this, the leader of the stone beast thought he was so stupid, so he continued.

"yes! I did something sorry for you just because I was confused, but you are so powerful, how could you not be able to do it just because of a small pill?"

The leader of the stone beast kept flattering and shirk blame, while the divine beast also pretended to accept it and nodded:"Okay! Then I forgive you, come here and find the other person for me."

The sacred beast waved to him, but the leader of the stone beast hesitated. He hesitated and didn't dare to step forward, but he didn't know what to do.

"what! Could it be that after I said I forgive you, I would go back on my word?"Seeing that he didn't dare to come forward, the mythical beast immediately shouted loudly. The leader of the stone beast was also frightened by his voice.

Then he immediately ran forward and came to the front of the mythical beast.

"No, no, I just saw how awesome you are and I admire you a bit." Although the stone beast leader came in front of the divine beast, he still kept a safe distance.

Just when the divine beast was thinking about how to deal with the stone beast leader who betrayed him, Gu Shaoyang, who was suspended in mid-air, suddenly had an idea.

This spiritual whip has been If he doesn't recognize his master, will I give him my blood and he will recognize me as his master if he is willing?

Such an idea suddenly came to Gu Shaoyang's mind, so he stretched out his two empty hands and bit them directly. His own fingers.

Just when he stretched out his bloody fingers to the spiritual whip that trapped him on his feet, the divine beast below also reached out at the moment when the stone beast leader turned around, and grabbed his lifeline.

Then he used hard force Yi pinch: "I will not go back on my word, but I will never let anyone betray me!"

When the divine beast struck, his voice suddenly came from behind the ear of the stone beast leader. At this moment, the stone beast leader's face was full of fear. He wanted to open his mouth to beg for mercy, but before he could say the words, he had already become a

Just when the leader of the stone beast turned into a pile of rocks, the divine beast suddenly felt the departure of the spiritual whip in his heart. He looked up and found that the edge of the forest that had originally trapped Gu Shaoyang turned to meekly. Lying in his hand.

Seeing this scene, the divine beast immediately understood that Gu Shaoyang had accepted the spiritual weapon of his former master.

But what surprised him most was not that Gu Shaoyang accepted the spiritual weapon, but that the spiritual weapon was willing to Recognize him as the master!

Regarding the recognition of the spiritual weapon, Gu Shaoyang also looked confused.

Chapter 928

Because he just had the mentality of giving it a try, but he didn't expect that it actually happened!

When the mythical beast eliminated the stone beast, Gu Shaoyang was also successfully freed, and Venus was forgotten by the mythical beast again.

Venus, who was hiding in the dark, couldn't help but breathed a sigh of relief: "Great! I wasn't found!"

When the divine beast saw the spiritual weapon being collected, a drop of blood and tears suddenly flowed from the eyes of the divine beast.

This is the bloodline of the previous owner that he and the spiritual weapon once shared, but now that the spiritual weapon has recognized its owner again, the divine beast no longer belongs to the former owner, but to Gu Shaoyang.

Because they did not want to be separated when the previous owner left, the previous owner kept them together.

Although they cannot use spiritual weapons and cannot recognize the divine beast as their master, they can coexist together and recognize one master.

In this way, as long as either one of them recognizes a certain person, the other one will also have a master.

So at this moment, the divine beast flew in front of Gu Shaoyang. He raised his hands and knelt down to acknowledge its master. However, Gu Shaoyang thought that he was going to attack again, so he subconsciously blocked it with the divine weapon.

But after a long time, I found the mythical beast kneeling on the ground, making no movement, looking very respectful.

"This... you?" Seeing the movements of the mythical beast, Gu Shaoyang's face was full of doubts.

"This is the agreement between me and the spiritual weapon. Now you are my master."

The divine beast is still kneeling on the ground, very submissive, completely different from the angry look before, but Gu Shaoyang is confused.

What the hell! Master! Didn't I only recognize the spiritual weapon? Why is there another one! What the hell? Me?

Gu Shaoyang froze on the spot, not knowing what to do for a long time. Venus, who was hiding below, saw that the surroundings were quiet and cautiously poked his head out to check.

As a result, he saw the divine beast kneeling towards Gu Shaoyang. He He was also confused.

Seeing Gu Shaoyang confused, the mythical beast slowly explained to him: "So that's it."

And Gu Shaoyang's spiritual consciousness immediately checked his bloodline. Sure enough, in addition to the spiritual weapon he just recognized, there was also the divine beast kneeling in front of him in his bloodline. After learning about it,

Gu Shaoyang didn't know what to say when he came face to face with the divine beast. Just as he was When he was thinking about it, the mythical beast directly gave him the third key that he had been thinking about.

"I heard that you have been looking for this, master. Now that I have recognized the master, this thing is no longer my responsibility, it belongs to you."

Gu Shaoyang was so happy when he saw the third key given by the divine beast!

I didn't expect that by claiming a spiritual weapon, I could also get a divine beast! And I could get the third key I wanted without any effort!

This is simply too great So cool! It's like killing three birds with one stone! Hahahaha...

As I thought about it, Gu Shaoyang's proud laughter immediately echoed in the cave, and Venus below also walked out of the crack in the stone.

"Okay, now there's nothing going on for us in the cave, so we'd better leave quickly."

Gu Shaoyang helped the mythical beast up from the ground, but he was too big, and when Gu Shaoyang helped him, he suddenly fell straight down and hit the ground.

Venus below saw this and was immediately caught off guard. Dodge, but Gu Shaoyang only felt his heart tremble and throb violently.

"How is this going!" Having established telepathy with the mythical beast, he can also feel the discomfort of the mythical beast at this time, but he doesn't understand why.

"Because of that Ox Blood Pill!"

The weak divine beast closed his eyes tightly. At this time, he could only communicate with Gu Shaoyang in his mind, and after he finished speaking, he never said another word.

"oops! You've screwed yourself!" After learning the reason, Gu Shaoyang immediately slapped his thigh and blamed himself, but he still had a remedy.

He came to the side of the divine beast and fed him the standing Qingshen Pill. Although it could not completely remove the Dissipation Pill, that is, The effect of Ox Blood Pill is still slow.

As long as the mythical beast takes it for a long time, his skill and body can still recover as before, but it may take a long time and be expensive!

After giving it to the mythical beast, he briefly woke up. Instead, it turned into a ring and put it tightly on Gu Shaoyang's hand.

No matter how hard he took it, he couldn't take it off. The spiritual whip on his hand turned into a necklace and hung up.

After accepting the two newly recognized treasures, Gu Shaoyang then Fly down from the stone wall to Venus

"What happened just now? What about the mythical beasts? Why is it missing?" Venus asked curiously, and Gu Shaoyang told him without hesitation. After learning about it, Venus began to become jealous, but she still had to put on a congratulatory expression on her face.

"Okay, let's get out quickly."

After Gu Shaoyang said that, he flew directly and borrowed the thrust from the stone wall to fly out of the cave. Because the body of the divine beast suddenly swelled just now, the hole had already been burst.

Venus saw him leaving first and quickly followed. They were in the cave. I have been here for a month, and I haven't seen the sun for a long time.

The sudden glare of the sun made both of them uncomfortable.

"I'm not going to rush tonight. I'm just going to have some rest." Gu Shaoyang looked around and then flew directly to hang on the tree to rest.

Chapter 929

Venus was very jealous when she saw Gu Shaoyang who had already flown into the tree.

Two people entered the cave at the same time, dealt with the stone beast at the same time, and went out at the same time, but he got the spiritual whip and the divine beast, and also got the third key that he had been longing for, but he got nothing.

Such a strong contrast between the two people couldn't help but make him feel very unfair, and envy, jealousy and hatred arose in his heart.

And Venus also wants to own what Gu Shaoyang brought out from the cave.

The spirit whip and the mythical beast have already recognized their owners, and only the third key can be successfully taken away by him, but how to get the third key from him is a big problem.

Standing under the tree and looking at Gu Shaoyang on the tree, Venus's mind kept spinning. Suddenly, he thought of something.

Immediately, Venus also jumped up and flew up the tree. He came directly to Gu Shaoyang's side and stretched out his hand to poke him.

"Brother Yang, can you take out your third key and have a look? I have seen the spirit whip and the mythical beast just now, but now I have only the third key that I have not seen."

Venus was very curious next to Gu Shaoyang, and Gu Shaoyang was not wary of him. In addition, he was really trapped, so he stretched out his hand, his thoughts surged, and the third key instantly lay in his hand..

He held the key and handed it to Venus for her to look at. After holding it up for a while, he was about to take it back, but Venus grabbed his hand in time and took the third key directly from his hand. Walk

"Brother, please continue to sleep and let me take a closer look at what this key looks like!"Venus said she wanted to take the key and jumped down from the tree.

In response to Venus's move, Gu Shaoyang just calmly raised his head from the branch and reminded:"It's okay, but you must not expose the key in your hand. The third key, if someone discovers it, you will be in trouble!"

Gu Shaoyang kindly reminded him, and after that he continued to lie on the branch to rest. Venus was so excited after getting the key that she didn't hear Gu Shaoyang's reminder at all. Her greedy desire made Venus look at the third key on her phone. He just wanted to take it for himself. When he had this idea in his mind, he was like a sapling growing like crazy.

He saw that Venus did not leave after coming to the tree, but sat directly under the tree from time to time. Looking at Gu Shaoyang lying on the branch, he carefully got up and left after confirming that he was really asleep.

When he walked far away, he quickened his pace and walked faster and faster, for fear that Gu Shaoyang would worry about the fruit and catch him back.

Just like that Weiner Si kept running all night, not daring to take any time to rest. Gu Shaoyang on the other side did not notice Venus' departure at all. He slept until the afternoon of the next day.

After he woke up, Wei Nas had already waited for the third key to disappear.

"Venus! Venus!"Up to now, Gu Shaoyang still hadn't thought that Venus was holding his key to escape. He was still calling, thinking that he was around.

But when he waited there for several hours, he didn't see Venus. When he saw the sight of Venus, he panicked.

Could this Venus be interested in the third key? Yesterday, he also deliberately asked me to get the key, on the pretext of watching it, but in fact it was dandruff that took away my belongings. Stolen!

Only then did Gu Shaoyang react, but Venus had disappeared, and he didn't know which direction he had gone.

In order to find out, and to understand the doubts in his heart, Gu Shaoyang immediately cast a spell He summoned the little beasts around him and asked.

Because his bloodline and the bloodline of the divine beasts have been integrated into one, the little beasts whose bloodline level is not as good as his will be obedient and obey his instructions.

"Did you see a man sneak away from here?"Summoning the little beasts with a radius of several kilometers, Gu Shaoyang planned to inquire like this.

Otherwise, he had no other choice but to do it now.

"man? There seems to be a person, but I forgot where he went."A little mole tilted his head and thought, while the squirrel beside him quickly jumped out

"I know! He went in that direction!"The squirrel pointed at the place where the sun rises in the east. Then Gu Shaoyang asked several times to confirm that Venus was heading east.

Then he got ready and walked in the direction pointed by the little beasts. He was not there all the way. He kept searching.

Venus kept running around with the key he had stolen from Gu Shaoyang. Finally, after wandering for several days and nights, he finally came to a city. When he entered the city, he directly found a person who could Where he slept, he lay down on the bed and snored.

Venus slept all day and all night. The boss almost thought he died in the room, and finally saw him go out to find food and was relieved. After eating and drinking, After Venus returned to the room, he took out the third key and looked at it carefully, with a proud expression on his face.

He thought that having the third key was like having a treasure.

Chapter 930

"This Gu Shaoyang, I went to the cave with him, and he got so many things. It was not too much for me to take away a key from him."

Venus was in the room holding the key in his hand and looking at it carefully. He was very proud of it. The more he looked at the key in his hand, the happier he became. But what he didn't know was that at this time, his behavior of looking at the key in the room had actually been People discovered that it was because of his low skill that he did not notice the presence of others.

The man in Venus' room often stole things, and he was also a person who knew the goods. He could tell at a glance what Venus was holding. This thing is extraordinary, and evil thoughts arose in my heart.

Wouldn't it be possible to obtain the treasures in this world after collecting five keys? This boy actually has one in his hand! It seems that he may also know the whereabouts of the other keys. You will know.

The man in Venus's room has been hiding in the dark without making a sound. He has very good endurance. Now he just wants to wait for Venus to fall asleep and secretly take the key away from him..

At this time, Gu Shaoyang kept walking in the general direction of Venus, asking everywhere along the way, wanting to find him quickly. After all, it was not a small matter that the third key was taken away by him.

But it took him several days and nights to search. After that, there was still no trace of Venus. Just when he was about to give up, he suddenly thought that the east is the gathering place of the Medusa clan.

Could it be that Venus sneaked back to the clan with the third key? Inside?

This idea suddenly came to Gu Shaoyang's mind. In order to verify his idea and find helpers to help him search for Venus, Gu Shaoyang decided to go to Medusa first and tell her about Venus.

Because he knows best The people of Venus are still from the Medusa clan, so they may know where Venus will go after getting the treasure.

After having an idea and a destination, Gu Shaoyang walked faster. Every day, he They successfully arrived near Medusa's nest.

After experiencing the attack by the Winged Bird Clan, Medusa's tribe would patrol near the nest every day. When the patrollers saw Gu Shaoyang, they couldn't help but be very surprised.

"Gu...Gu? Gu Shaoyang? Brother Gu!"

The snake man who thought he was standing guard was stunned for a long time when he saw Gu Shaoyang. Finally, he slowly stepped forward and walked around him. He took a closer look before he dared to confirm.

"Brother Gu is really you! You're okay!"

During the days when Gu Shaoyang left, the people of the Snake Clan thought that he had encountered some danger and was no longer alive, or that he had left this place to go further away and would not come back in a short time.

In short, all kinds of There were all kinds of speculations, but they never thought that one day he would come back and appear suddenly and quietly.

"I have finished my work, so I came back, and I have something to do with your clan leader."Gu Shaoyang noticed that some people who were anxiously standing guard also noticed it, so they quickly took him inside.

"You don't know that our clan leader has been worried these days when you disappeared! Now that he sees you returning safely, he can feel relieved, and the people we sent out to look for you can also come back."

Under the leadership of the sentry, Gu Shaoyang quickly came to Medusa's room.

"Medusa!" Before entering the room, Gu Shaoyang called outside the door, and Medusa in the room heard a familiar voice, immediately stood up from the chair and walked towards the door. Is this the voice of Brother Gu? Is it my imagination? Did you hear it?

Medusa looked in disbelief, but he still walked towards the door. When he opened the door, Gu Shaoyang happened to walk outside the door, and the two met.

"Why don't you invite me in and sit down and talk?"

Seeing the dull Medusa, Gu Shaoyang gently pushed her away, then sat directly in her room and poured himself a bowl of water.

After finishing the last sip, Medusa turned her head and looked at her in surprise. His figure: "Where have you been these days? I can't find you no matter how hard I look!"

Medusa has been worried about Gu Shaoyang, but he can't find anything. As the leader, he can't go out personally, so he can only send people out to look for him.

"It's okay, I just entered a cave and now I have successfully come out." Gu Shaoyang's brief words directly conveyed his experiences in the past few months.

But Medusa wanted to know more details about him: "You didn't encounter anything special? Are there any injuries?"

After saying that, Medusa walked around Gu Shaoyang a few times to check his physical condition, but he did not resist.

"Don't worry after you check it yourself. There's really nothing wrong with me." Gu Shaoyang knew that Medusa was worried, so he let her do whatever she wanted.

"Just be fine. By the way, have you seen Venus? He also went out to look for you, but never came back." After feeling relieved, Medusa suddenly thought of his people.

And Gu Shaoyang's trip was just for Venus, even if she didn't tell him, he would take the initiative to mention it.
