

Attributes 941

Chapter 941

Before Gu Shaoyang reached the entrance of the jungle, which was the starting point, Ling Yun, Vigo, and Winged Dragon were all standing at the entrance of the jungle, being supported by the people of the Winged Bird Tribe.

When the three people saw Gu Shaoyang walking towards them, they immediately stood upright and looked at Gu Shaoyang, waiting for him to come towards them.

When Gu Shaoyang walked up to them and looked at them, he found that they were not injured and their clothes were not damaged. He couldn't help but nodded with satisfaction.

"Yes, none of the three of you were injured. It seems that the first level of the mission was completed very well!"

Gu Shaoyang praised the three people without hesitation. When the people around the Winged Bird Tribe heard his praise, they couldn't help but burst into thunderous applause. Waves of cheers also sounded in the crowd. The three people who were praised by Gu Shaoyang looked at them again. Seeing the encouragement given to them by the people around them, Gu Shaoyang couldn't help lowering his head shyly and scratching his head with his hands. Gu Shaoyang was afraid that they would be proud and would have to belittle them.

"This is only the first level. What's there to be proud of? I said that the subsequent levels will only become more and more difficult. If you can pass the first level, you may not be able to pass the second level, so take care of yourself."

Gu Shaoyang, who was kind-hearted just now, immediately changed his expression. People in the Winged Bird Clan felt that he was unstable and moody, and some did not dare to provoke him.

But when the three of them heard Gu Shaoyang's criticism, they immediately lowered their heads in shame and did not dare to be proud. , after seeing the actions of the three of them, Gu Shaoyang's face looked a little better.

"It's noon now. You go and rest until the evening. Then we will continue the second level of the game."

Gu Shaoyang looked up at the sky, roughly judged the time, and then said coldly. After saying that, he left again without looking back. The

Winged Bird tribe members standing there looked at Gu Shaoyang's actions and did not feel anything. He was very proud because he did have this strength. When he turned around, he disappeared very quickly.

"Our future leaders! You three should take a good rest as soon as possible!"

The leader of the Winged Bird Clan has not yet been selected, but the new leader will eventually be born from three people, so the people of the Winged Bird Clan directly call them leaders. The three people running back and forth in the jungle are already exhausted. Now, they are very tired and need a good rest to ensure that they have enough sleep and energy when proceeding to the second level.

"Everyone, please give in. We have to go back and rest quickly. Do we have better energy for the second game at night?"

Ling Yun looked at everyone and greeted loudly, and the people from the Winged Bird Clan behind him obediently made a way for the two of them to walk.

Finally, the three of them returned to their residences to have a good rest, fill their stomachs, and then He just lay on the bed and rested, waiting for the night to come.

On the other side, Gu Shaoyang, who had just left, did not return to the Winged Bird Clan hall to practice. Instead, he walked around the door of the Winged Bird Clan, still thinking about Venus.

"This Venus can't be beaten or killed. If I don't come forward, I'm worried that Medusa will think too much. If I come forward, I'm afraid that my decision will chill Medusa."

"well!"

Gu Shaoyang, who was walking back and forth at the door, was very tired and really didn't know how to make a decision.

Just when he was at a loss, a marmot suddenly appeared in front of him.

"Are you Gu Shaoyang?" The groundhog jumped up to Gu Shaoyang and asked, but Gu Shaoyang was a little confused about the sudden arrival of the groundhog.

"How? What's up?" Gu Shaoyang squatted down and asked tentatively, and then the groundhog jumped directly on him, leaned close to his ear and said

"I am the prairie dog who was sent by Venus to the Snake Clan to find out information. I think he is just concerned about the situation in the clan and his nature is not very bad."

"But I also know that you are wondering what to do with Venus. You are in a dilemma, and so is Medusa."

The groundhog said one sentence after another, and Gu Shaoyang just listened quietly, because he also wanted to know what Medusa was thinking, just like Medusa wanted to know what he was thinking.

"So what did Medusa think?" Gu Shaoyang asked, leaning on the branch.

"She wants to preserve Venus and is assured that her actions will be followed by others in the clan, so she leaves the decision-making power to you, but you are afraid that your punishment will be too severe and it will damage the friendship between you and the Snake clan."

"Well, that's true, so what do you think you should do?"

Gu Shaoyang didn't know what happened to him, but he went back to ask a little groundhog

"I think you can let Medusa decide for herself. After all, you have got your key back, has Venus done anything else that is too much, and you are already leaving."

"In this way, you and Venus will never see each other, so his future will not have much to do with you. You can still give Medusa a favor, why not?"

Chapter 942

After listening to the groundhog, Gu Shaoyang suddenly felt that he was still very lacking in handling things. He was not as good as a groundhog that often moved around in the fields. He was really ashamed.

"Thanks for your advice!" As the saying goes, when three people are walking together, there must be a teacher. Gu Shaoyang didn't feel this way before, but now that he met the groundhog like this, he found that it was indeed true. It is true that there are people outside the world, and there is a sky outside the world. This can never be done in this world. Who have you underestimated? Don't let yourself be wronged

"Then I definitely can't say it directly to Medusa because she will definitely rush me. Why don't I just stay busy for a few days and then leave directly after a few days after the new leader is elected."

In order to avoid dealing with Venus, Gu Shaoyang took great pains. After making the decision, he immediately went to the Winged Bird Tribe to create the illusion of the second level without letting anyone disturb him. When night came, Gu Shaoyang finally created the illusion. Okay.

Because it was a fantasy he made himself, the content in it is all about the Winged Bird Tribe. The main purpose of this level is to see how the three people will deal with the crisis of the Winged Bird Tribe.

This second level It is also a level that is particularly easy to eliminate people. It is also possible that all three people will be eliminated in this level. The three people who participated in the election of the new leader were all awakened by Gu Shaoyang before the start of the second level. Then they updated Come to Gu Shaoyang quickly

"How was your rest?" Gu Shaoyang saw that the three people did not start the game immediately, but asked with concern, because if they did not rest well and went to sleep directly in the illusion, they would probably die.

Or they would be in the illusion all their lives. In order to ensure their safety, Gu Shaoyang He had to ask for safety, otherwise if something happened to them, the members of the Winged Bird Clan would most likely resent him.

"Don't worry, we have all had a good rest and are now full of energy. There will be no problem in the second level of the game!" Vigo among them patted his chest very confidently, and the other two people also nodded towards Gu Shaoyang, saying that they could do it too.

After seeing that there were no problems with the three people, Gu Shaoyang waved his hands to create a big one in the air. time hole

"Come in, this is a fantasy I specially created for you. After entering this hole, you have to judge for yourself whether the scene you are in is true or false."

After Gu Shaoyang finished speaking, he raised his chin to signal, and the three of them looked at the tribesmen surrounding them and the two people running with them before entering without hesitation. After all three people entered, Gu Shaoyang waved his hand. The time and space in front of people immediately disappeared.

"Okay, let's all go back. Whoever among the three of them can insist on the content of the fantasy of self-resistance will come out on their own. If they can't come out, then they are trapped."

As soon as Gu Shaoyang's words fell, the people of the Winged Bird Tribe actually started talking about it.

"What! There's a chance he won't be able to get out! This is the elite of our Winged Bird Clan! Even if you can't be elected leader, you must not let anything happen to them!"

The people of the Winged Bird Tribe gathered around Gu Shaoyang, wanting to give an explanation. Gu Shaoyang had already considered this issue when he created this illusion, so he created the illusion that he could enter and bring out the people inside. In this way, You don't have to worry about their safety when you come.

"Don't worry, everyone, since I can let them in, I can naturally let them out. Now that the game has begun, everyone should go back and wait for news."

After Gu Shaoyang finished speaking, he turned around and left again. Although the Winged Bird tribe members who stayed there were still worried about the three people who entered the illusion, they felt better.

Gu Shaoyang on the other side wanted to see the reactions of the three people more clearly. He cast a spell to enter the illusion in his own room, and then directly entered the scene to watch.

Although he was also in the illusion, the illusion would not have any impact on him, and the three of them would not see him in the illusion.

If It was said that in the previous game in the jungle, three people advanced and retreated together, so this time in the illusion, the three of them could only rely on their own strength.

Because after they entered the illusion, they were alone and could not see the other two people at all. Although This is an illusion formation made by Gu Shaoyang, but in fact it is just that he arranged the formation in three different places. However, after merging the three formations, when he opened the time hole to teleport, the three of them were also directly teleported to three different places. Place.

And in order to make the actual feelings more real, Gu Shaoyang specially added psychedelic drugs to the formation to ensure that they would not slack off because they thought it was just a fantasy.

At this time, Gu Shaoyang was staying in the fantasy where Vigo was. , he had just entered the fantasy and had not yet woken up. He was lying on the ground in confusion, so Gu Shaoyang left directly and went to the next house.

He came to where Ling Yun was to check, and saw that although Ling Yun was awake, he was hiding in a daze. The corner looked very scared.

Chapter 943

Gu Shaoyang stood next to Ling Yun and checked what he was seeing through his eyes, and found that what he saw now was the image of him being bullied as a child.

And the person who insulted him was the leader who was killed by him not long ago.

"I didn't expect that boy's arrogance and domineering attitude was brought about since he was a child. It seems that that person really deserves to die! So why did the former leader condone him instead of sanctioning him?"

A doubt suddenly popped up in Gu Shaoyang's mind, leaving him puzzled.

Now that the former leader is no longer here, and the leader he designated has been slaughtered by him, there is no way to solve this doubt immediately.

"do not come! do not come!"When Gu Shaoyang was thinking about how to know why the former leader indulged his designated leader, he found the reason from Ling Yun's fantasy.

In Ling Yun's fantasy, all the bad things done by the leader he slaughtered would be revealed. He was blamed on Ling Yun, and every time he was unable to refute.

But when the former leader passed away, the current leader brutally killed him. However, before the former leader died, he learned that Ling Yun had not done anything before. Since then, the current leader has been a docile, kind, humble, and constantly improving good person in front of the former leader, but he never thought that he was the worst person.

But by the time he realized it, it was already too late. It was too late. Although Ling Yun got rid of the previous leader's misunderstanding of him, he never waited for the former leader's apology and reconciliation.

In this way, the current leader successfully assumed the position of leader of the Winged Bird Clan, and once he took office, he exposed his true nature.

Ling Yun hated this very much but could do nothing about it. Just watching others take away his position as leader made him feel very unhappy.

"From this point of view, Ling Yun is still very good, but he doesn't know how to protect his rights when someone falsely accuses him."

Gu Shaoyang stood up and looked at Ling Yun to see if he would resist now, but after waiting for a long time he still didn't react at all. He had no choice but to go to the next candidate to check.

He came in the psychedelic formation where Pterodactyl is, Pterodactyl fantasizes about the days spent with its former leader. In the past, Pterodactyl was a seedling cultivated by the former leader as the leader. However, because of the current leader, the former leader's concern is gone. Wait until he is alone. The rest of the people are also ignored.

"It seems that the current leader I slaughtered is very good at fighting for favor! Two of the three candidates were ignored by the former leader because of his competition for favor."

"But we have to take a closer look at what makes these two men inferior to Mr. Leader." After Gu Shaoyang finished speaking, he watched quietly. Just when he was watching with enthusiasm, he found that his body was being touched by someone.

In order to prevent someone from hurting his body, he had to quickly return to his original position.

When he returned to his physical body, he found that Medusa had sent people to look for him.

"Why did you burst in suddenly! Didn't I say that I am practicing and don't allow anyone to intrude without my order?"

The person arranged by Medusa was very ignorant. He clearly saw Gu Shaoyang practicing but still deliberately touched him. His heart was vicious. Gu Shaoyang was very angry. He ignored him in a hurry and ran towards the snake people.

In the snake people clan The people standing guard only felt a gust of wind blowing, and then nothing happened, but they didn't know that it was Gu Shaoyang who was angry and ran away.

When he came to Medusa's room, Gu Shaoyang immediately threw the person who touched him to the ground, and Medusa Sha was startled by the sudden appearance of Gu Shaoyang, and then looked at the person on the ground.

"How is this going?" Medusa was also confused about the person appearing on the ground.

"Isn't he the person you sent to find me? He deliberately sabotaged it while I was practicing. Fortunately, I have good concentration, otherwise I would have gone crazy!"

When he thought of the thrilling situation just now, Gu Shaoyang was very lucky that he often practiced concentration, otherwise he would have been a demon by now.

"I don't know this person. I have never sent anyone to contact you. Usually when I go to the Winged Bird Clan to find you, I go there myself. Have you forgotten?"

Medusa's words made Gu Shaoyang suddenly wake up. At the same time, he was also curious, if Medusa didn't do it, then who could it be?

Just when both of them were puzzled, the person caught by Gu Shaoyang tried to sneak away quietly. Medusa's quick eyesight and quick hands caught him tightly.

"Where to run!" After Medusa caught the man, she discovered that he was a Jiao man who was very similar to the snake people. They have always been at odds with the snake people. Because their shapes are very similar to the snake people, many people misunderstood them. , I didn't expect Gu Shaoyang to misunderstand this time.

"This person is from the Jiao Human Clan, why would he suddenly go to the Winged Bird Clan to look for you?" Medusa was puzzled, and Gu Shaoyang was even more confused: Why did they come to find me? Where did they get the news?

Just when Gu Shaoyang wanted to ask Jiao Ren, he suddenly cast a spell to kill himself, letting Gu Shaoyang and Medusa were caught off guard.

Chapter 944

At this time, the only thing that appeared in front of them was Jiao Ren's body. Gu Shaoyang stepped forward and tried to find out whose order he was in Jiao Ren, but there was no trace on his body.

"It seemed that this was a spy specially trained by the top brass of the Jiao Ren clan. There were no traces on his body. He was prepared to find out on his own if he was exposed."

Gu Shaoyang's face was very solemn. The matter of the Winged Bird Clan has not been resolved yet, and the conflict between the Snake Clan and the Jiao Clan has hit him again, catching him off guard.

It seems that I have to make plans for these three groups before I leave. That's it, otherwise I really don't feel at ease!

Gu Shaoyang thought silently in his heart. Medusa, as the leader of the snake people, was even more worried.

"Since this person from the Jiao Human Tribe can find out our inside information, he must be an insider. I will tell my confidants to pay more attention to them and report any situation in time."

Medusa said her performance and went out to give orders, but was pulled back by Gu Shaoyang.

"no! The fewer people who know about it, the better. You said you should ask your confidants to pay attention, but who knows whether they can be trusted!"

Medusa's confidant is also very close to Gu Shaoyang, but in the face of major events, who is close to whom is secondary and not worth mentioning. What is important is the overall situation.

"Then... don't talk about it, we will catch it ourselves." Medusa hesitated for a while and then said, Gu Shaoyang didn't stop her from doing this.

"How about this! You should always pay attention within the Snake Tribe. I will quietly go to the Jiao Tribe to have a look. If nothing happens, don't let people go to the Winged Bird Tribe to find me, but you must tell them that I am busy electing a leader in the Winged Bird Tribe."

Gu Shaoyang and Medusa discussed his whereabouts, and at the same time told her some precautions to avoid any emergencies.

After the two people discussed it, Gu Shaoyang left and flew in the direction of the Winged Bird Clan, and Medusa She also stayed in her own room as usual.

However, Gu Shaoyang, who returned to the Winged Bird Clan, did not stay in the room obediently.

After returning to the room, he closed the door directly and cast a barrier to prevent the situation from happening again. happened.

Then he turned invisible and left quietly, flying in the direction of the Jiao Human Clan.

Behind him, the three candidates from the Winged Bird Clan were still in the illusion. Gu Shaoyang had something to do, so he couldn't observe them carefully for a while. Every move he made could only be to see if he could enter, and then rush to do the next thing.

Soon Gu Shaoyang came to the territory of the Jiao people. Although they also had a barrier, to Gu Shaoyang it was just a layer of window paper. It's not worth mentioning at all.

After he pierced other people's "window paper", he could still reunite intact, and no one would notice anything strange.

After entering the Jiao Human Clan, Gu Shaoyang did not run towards the main hall. Because the more dangerous the place, the safer it is, and the safer the place, the more dangerous it is.

The main hall has the highest defense capability but is also the most dangerous. If there are really important secrets, people from the Jiao Human Race may not put them in it.

With this idea Gu Shaoyang went directly to a very inconspicuous small house farthest from the leader of the Jiao people.

Sure enough, when Gu Shaoyang walked to the door of the small house, he found that the surrounding area was surrounded by barriers and alarm bells. Although there were no guards at the door, But the defensive ability is no worse than that of the main hall.

When he saw this, Gu Shaoyang knew that he had gone to the right place! He carefully broke the barrier and then restored it. The layers of barriers made Gu Shaoyang couldn't help but sweat beads on his forehead. He After wiping away the sweat, he continued to cast the spell.

Finally, after two hours, he finally broke all the barriers, and this time he broke the formation.

Gu Shaoyang was quite familiar with the formation, so he successfully passed it in about ten minutes. After going through the previous three levels, he finally came to the core.

From the outside of the small house, it looked like it was in tatters, as if it had been uninhabited for a long time. But when Gu Shaoyang came in, he discovered that from the outside, Everything you see inside is a fantasy, only the scene you see when you enter the small house is real.

After finally entering the core, just when Gu Shaoyang was about to open the box in the middle, the door outside suddenly opened. , it seemed that someone had come in.

Hearing the sound, Gu Shaoyang immediately ran away and hid, and someone came in outside the door. He saw the man wearing a red robe and a big hat on his head, and his face was completely invisible.

Gu Shaoyang saw it and thought In order to see the person's appearance clearly, I couldn't help but slowly lift my feet and tried to go out and change the angle. However, the messy stones on the ground made a slight sound when they were lightly touched by Gu Shaoyang's feet.

Although the sound was very subtle, it was still entered. The person heard it, and after a while, the person froze on the spot and looked in the direction of Gu Shaoyang. Gu Shaoyang immediately held his breath and used the invisibility technique.

The person took two steps in the direction of Gu Shaoyang and only gave up after finding that there was nothing. Come.

Chapter 945

Gu Shaoyang also breathed a sigh of relief. Medusa on the other side, like Gu Shaoyang, locked herself up after returning to the room, and then moved invisibly within the clan.

Although Medusa is the leader and knows the general location of the snake people, she has never visited it in detail. This time she took advantage of this opportunity to learn about all the situations in the clan.

Because she is the leader, people often come to her to report things, so Medusa even casts a spell outside the door. If someone is looking for her, she can immediately sense it.

After walking for more than half of the time in the clan, Medusa discovered that many new lives had been restored after the last sneak attack by the Winged Bird Clan, and they seemed to have increased. This was good for the snake clan. matter.

Seeing such good things, Medusa felt a lot better, but she was very angry when she thought about someone trying to deal with her tribe.

Speeding up the inspection, Medusa was almost finished checking in a short while, but found nothing.

"How could there be nothing? Shouldn't it?" Medusa stood on a high mountain and looked down, feeling very puzzled and anxious. Gu Shaoyang was also the same on the other side.

Although the people who entered the small house did not notice his presence, he kept the inside of the small house occupied. The hidden box was taken away.

But Gu Shaoyang could only hide in the dark and dare not make a sound, for fear of disturbing others.

When the man took away the box, the boundaries and formations around the small house disappeared. At this time, the small house truly turned into an ordinary small house.

Gu Shaoyang followed the man to see where he was going, and saw the man carrying the box directly to the place where the leader of the Jiao tribe was raising alternative leaders.

Could this be the Jiao people? In order to prove his ability, the candidate member of the human race is inquiring about information from the snake people?

Gu Shaoyang silently thought in his heart to continue to follow, but at the door, he had no way to go invisibly, despite his powerful magic.

Raising preparations in the Jiao human race There should be a magical weapon that suppresses people's cultivation outside the door where the leader is selected. It should be to protect the safety of the people living inside.

But in this way, Gu Shaoyang has no way to go and check unless he recovers his true form, but this is absolutely Impossible.

He had no choice but to leave temporarily and look for the next opportunity. Medusa, who was checking the snake people, also found nothing like Gu Shaoyang.

Medusa used her own special signal to send a message to Gu Shaoyang. Gu Shaoyang also replied in the same way, so the two agreed to continue again.

After Gu Shaoyang returned to the Winged Bird Clan, he quickly entered the illusion to check the situation of the three people. At this time, Vigo had woken up, and the illusion he faced at this time was that someone was using it. His parents threatened him.

Gu Shaoyang found his situation very interesting, so he stopped to watch, wanting to see how he would choose.

Vigo's face was very painful. On one hand, he was the parents who gave birth to him, and on the other hand, he was burdened as the leader. The palms and backs of his clansmen are full of flesh, but he has to make a choice as to what is more important.

When Vigo hesitates to make a decision, Gu Shaoyang is suddenly told that someone has walked out of the illusion. After learning the news, Gu Shaoyang hurries from Go out of the illusion.

After opening the door, Gu Shaoyang saw a seriously injured person outside his door. That person was Ling Yun.

His injuries were not visible to the naked eye because he suffered internal injuries.

"Help him to rest." Although Ling Yun was the first to come out of the illusion, the things he encountered in the illusion and the choices he made made Gu Shaoyang very dissatisfied.

Because the illusion allowed him to have a lot of influence on the future development of the Winged Bird Tribe and his personal cultivation. He was asked to make a choice, and in the end he chose an individual.

This may be because he has been bullied by the current leader before, but it also just shows that he is not suitable.

Now one person has been eliminated, and there are still two people left in the illusion. , Gu Shaoyang and everyone could only wait obediently.

Just when he wanted to enter the illusion again to check the condition of the pterosaur, he also came out. Compared with Ling Yun's situation, the pterosaur was not harmed at all, as if he had gone to As if they were having fun, Gu Shaoyang looked at him and nodded to him.

In the eyes of the Winged Bird tribe, his actions seemed as if Gu Shaoyang recognized the pterodactyl more. In fact, it was just his way of greeting.

Now the three Two people have come out, and only Vigo is left.

At this time, Vigo has made a choice in the illusion. He chose the development of the Winged Bird Clan, but he was very painful. He led the development of the Winged Bird Clan. He is getting better and better, but there is always a knot in his heart that cannot be solved.

Because his knot has never been solved, he has never been able to get out of the illusion. Gu Shaoyang and everyone in the Winged Bird Clan have also been unable to get rid of the knot. He could only wait quietly outside.

Three days passed directly after this waiting time. Seeing this situation, Gu Shaoyang could only step forward and take him out personally.

Chapter 946

Vigo, who was brought out by Gu Shaoyang himself, was completely listless. In the eyes of the Winged Bird tribe, he seemed to have experienced a huge blow.

And they also guessed that he must have lost, and Pterodactyl should be their future leader, but the result of Gu Shaoyang's announcement was not like this.

"Okay, the people who enter the third level are Vigo and Pterodactyl. You guys have a good rest for a day and start the last level tomorrow."

Gu Shaoyang's decision surprised the Winged Bird tribe, and the Winged Dragon was also surprised.

"Doesn't it mean that the one who comes out of the illusion first will win?"

This is what Gu Shaoyang said at the time, but the result he announced now seems to be different.

"I also said that it will be decided based on your performance in the illusion. The final decision is in my hands, but in the end I will tell you the reasons why I decided this way, so don't worry."

Gu Shaoyang's dissatisfaction with Pterodactyl also reduced his impression somewhat, but he didn't say anything. After leaving, he did not return to the room, but went to the place where the eliminated Ling Yun lived.

Ever since he was eliminated, Ling Yun seemed to Like a deflated balloon, he had been lifeless all day, and his whole person was very lack of energy.

When he saw Gu Shaoyang coming to where he lived, he immediately got up from the bed and wanted to see him, but he stopped him

"Sit down, I know you are dissatisfied." The purpose of Gu Shaoyang's visit to him this time is to help him untie his knot. He has always been brooding about the fact that his former leader wronged him.

So this is also the reason why he was seriously injured in the illusion. If he doesn't help him clear up his heart, if the knot is untied, I'm afraid his cultivation will continue to stagnate, or even endanger his life.

"It's okay, I can adjust it myself." Ling Yun waved his hands gratefully towards Gu Shaoyang, but he didn't want him to take any more care, and he didn't want him to see his fragile side.

"If you could really adjust yourself, I wouldn't come to your place."

Gu Shaoyang exposed him without hesitation, but Ling Yun, who had exposed him, lowered his head silently and did not dare to look at him, with tears still in his eyes.

It would be useless for a grown man to cry in front of Gu Shaoyang. If he didn't cry, he would feel uncomfortable.

"Cry, adults are also children. The former leader is no longer here, and he can't apologize to you, but the former leader wanted you to be the leader."

"But you can't entirely blame the current leader for not becoming the leader. You also have reasons for it, but I don't know if you have discovered it yourself."

After hearing Gu Shaoyang's words, Ling Yun started to cry. He had been holding back the grievances in his heart for many years, but he never dared to tell others because he had grown up, but in his own heart, he actually did not. He didn't want to grow up.

Now Gu Shaoyang's words really spoke to his heart, making him cry, but also made him feel a lot better.

Gu Shaoyang didn't stop after he set his goal, because he cried bitterly. He really didn't know how to comfort the person.

So he simply chose to escape.

When he returned to his residence, Gu Shaoyang was not idle. Tomorrow night, he would let the last two remaining people compete in the final game. This was also a decisive game.

Only seeing Gu Shaoyang in the room, his hands kept flying in the air, just to make the last level. After working hard for a long time, he finally finished it until late at night. After finishing it, he still had no time to rest, because he still needed to go to the Snake Man Clan. Discussing with Medusa about the snake people.

Taking advantage of the cover of the night, Gu Shaoyang quietly came to the door of the snake people. Before going to look for Medusa, he stayed outside the door for a long time to see if there was any. What a weird person.

In the end, he really caught one - Venus!

Venus has been on the run for a long time, and Medusa and Gu Shaoyang have been very busy recently, almost forgetting about him. Who knew that he would be suddenly caught by Gu Shaoyang? Met.

And Venus who met Gu Shaoyang had no place to escape, because he was no match for him, so Gu Shaoyang directly caught Venus and came to Medusa's room.

"How could he?" Medusa was very surprised to see Venus brought back by Gu Shaoyang, and Venus knelt on the ground obediently after seeing Medusa.

"How are you going to handle it?" The man was captured by Gu Shaoyang, and the mistake was made by Venus. Although Medusa is the leader, it is not easy to protect her, so she can only let Gu Shaoyang make the decision.

"You should deal with it according to the clan rules. This way, you will not be biased because of my affection for you, and you will also establish rules within the clan."

Medusa was very happy when she heard Gu Shaoyang's words. She thought he would kill Venus, but she didn't expect him to be very generous.

Similarly, Venus was also incredible. He always thought that he would die after being caught by Gu Shaoyang, but never thought that he didn't want his life at all

"You...I'm sorry...I did that to you, but you still....."

Venus felt truly guilty, self-blame, and painful about Gu Shaoyang's actions.

Chapter 947

Facing Venus' belated apology, Gu Shaoyang didn't care.

"Okay, you can handle it yourself, I'll wait for you outside."

After Gu Shaoyang said that, he left directly from Medusa's living room. Only Medusa and Venus were left in the room.

Although Gu Shaoyang asked Medusa to deal with it according to the clan rules, she felt that Venus Her behavior was too hateful, so she decided to increase the punishment to serve as a warning to others.

"Qinger!"

When Gu Shaoyang left, Medusa called out to the door. After a while, a woman came to Medusa.

She was Medusa's personal bodyguard and a confidant who helped her manage the tribe. Medusa was very interested in her. Very trustworthy.

Now she has to ask her to complete the disposal of Venus.

"Take Venus away and deal with theft according to clan rules. In addition, he will not be allocated training resources for ten years, and he will not be able to participate in any selection within the clan for five years!"

Medusa said fiercely with a flick of her sleeves. Under normal circumstances, Venus' punishment for the crime of theft would never be so serious.

Medusa's pursuit of responsibility made him have to bear the responsibility of almost ruining his future. The consequences of his future.

Without giving him any training resources for ten years, this alone can almost ruin Venus's future!

In addition, not allowing him to participate in any elections within the ethnic group is tantamount to telling everyone, Venus will never be able to get an official position in this life, and can only live and die.

Such a decision directly made Venus see the end of his life at a glance, and he finally knew that Medusa was responsible for him stealing Gu Shaoyang's things. One thing, how angry are you?

"leader! I was wrong!" Venus knelt on the ground and wanted to kowtow and admit her mistake, but Medusa walked away directly and handed him over to Qing'er.

After leaving the room, Medusa went straight out to look for Gu Shaoyang who had just left.

In order not to disturb Mei While Dusha was dealing with matters within the tribe, Gu Shaoyang deliberately stayed away from suspicion. He sat in the gap in the rockery and observed the beautiful scenery from the gap in the rockery. Unexpectedly, he got an unexpected harvest. Medusa stood next to

Gu Shaoyang. At that time, I only saw him crawling in the crevices of the rocks, as if he was looking for something, very focused.

"What are you doing?" Medusa, who didn't know why, stepped forward and patted his shoulder gently. When he realized that the person behind him was Medusa, Gu Shaoyang quickly pulled her to check with him.

"What do you think this is?" Medusa looked around with doubts, and then discovered that this was what she and Gu Shaoyang had been searching for about the inner ghost.

Although you could see a different kind of beauty in the faint small hole in the stone crevices, at the same time Gu Shaoyang also discovered a package of clothes hidden in a crack in the stone.

"See if you have any impressions. Have you ever seen anyone in the tribe wearing such clothes and approaching you? Or have you been close to the dormitory where you live?"

Gu Shaoyang pieced the clothes together to remind Medusa, but Medusa was stunned when she looked at the clothes, and an incredible expression gradually appeared on her face.

Seeing her appearance, Gu Shaoyang knew that she knew the real clothes. I'm afraid the owner is very familiar, otherwise it wouldn't be so incredible.

"Okay, the person has been found for you, it's up to you how to deal with it." Gu Shaoyang was afraid that she would miss her old relationship, but he was a ruthless person, so he simply turned around and left without asking.

This approach also gave Medusa a chance to save that person.

"No! I think this person may have an accomplice. Let's wait and see what happens and don't alert others yet."

Medusa stopped the approaching Gu Shaoyang, then put the clothes back intact, and the two of them quietly exited, as if what just happened had never happened.

"Let's talk somewhere else."

After being stopped by Medusa, Gu Shaoyang understood what she was thinking, so he took her directly out of the tribe.

Now she should be the most disappointed and least willing to stay in the tribe. After all, someone around her betrayed her.

"Who is that person?" After arriving far away from the ethnic group, Gu Shaoyang couldn't help but ask

"It's Qing'er beside me." Medusa held her forehead in pain, with sad eyes. She really couldn't understand why Qing'er betrayed her and the ethnic group!

She was obviously as close to her as a sister! She also gave her such great rights! How could she? How ungrateful!

"Unexpected and unexpected." After learning who that person was, Gu Shaoyang's surprised expression swept away, and then he returned to calmness.

The reason why he said this was because he and Jiao Ren reported their affairs in detail. This mole must be around Medusa. person, but she didn't expect to be the most considerate person around her.

As the saying goes, people are separated from each other by their belly, and it takes time to see people's hearts. This is probably what they say.

"She knows you very well, and if you continue to deal with the clan's affairs, she may notice it." Gu Shaoyang and Qing'er have no feelings at all. Although they often see Medusa next to her, they don't have much communication.

Chapter 948

"What do you mean?" While Medusa was still immersed in sadness, Gu Shaoyang was already thinking of a way to deal with it.

He needed to investigate the Jiao people, and Medusa needed to investigate the snake people. At the beginning, they both investigated the groups they were familiar with, but the final result was disappointing.

Instead of continuing like that, it is better for the two to switch. Sometimes being too familiar may not be a good thing.

"Let's switch. I'll help you take care of the Snake Tribe before you find out the inner culprit, and you can secretly investigate the Jiao Tribe."

Soon Gu Shaoyang made a plan, and Medusa nodded directly in agreement: "Then let's announce to the outside world that I am practicing in seclusion, so that they will not be suspicious of my whereabouts."

With Gu Shaoyang's plan, Medusa also covered up her whereabouts, and soon the two of them made plans.

"Okay, it's getting late. I'm going back to the Winged Bird Clan to elect the remaining two people. You go back and make your own arrangements. Let me take care of the affairs of the Winged Bird Clan and then I'll take care of it for you."

Gu Shaoyang is busy like a spinning top. He is either a winged bird tribe or a snake tribe, and now there is an additional dragon tribe.

He just wants to finish the mess here quickly and find his fourth key. After delaying like this As he went down, he was afraid that the fourth key would be taken away by others.

"It's almost time, call Vigo and Pterodactyl, it's the last game."

Gu Shaoyang is also looking forward to her last competition. After all, the burden on him will be relieved after passing this final level.

Soon the two of them were summoned by Gu Shaoyang to focus in front of him, and behind them there were also Following many tribesmen, they are looking forward to who among these two people will be their new leader.

"I won't say much more, I wish you good luck!"

Gu Shaoyang is not a person who talks a lot. After he finished speaking, he directly formed complicated handprints on his chest, and then a golden door appeared in front of the two people.

"Go in, the last level is up to you."After Gu Shaoyang said that, Vigo and Pterodactyl glanced at each other, and then entered one after another.

When the two of them entered, the door also disappeared. The surrounding tribesmen were also very curious about the third set arranged by Gu Shaoyang.

"Mr. Gu, what is your last hurdle?"He just smiled lightly at the crowd's curiosity.

"Please be patient and wait." Gu Shaoyang answered everyone's questions for the first time with his hands behind his back, but no one understood what he meant. On the other side, after entering the gate, the two people saw that the surroundings were very empty, and there was no one else except the two of them. At first, the two people were very vigilant, but after staying for a long time, they realized that there was really no danger around them.

"What is going on? What does this level test us for?" The pterodactyl looked left and right. He kept walking towards the east, but he found that this place was endless.

No matter how he walked, he was surrounded by a vast expanse of white, and he was clearly heading in the direction of Vigo. He walked for a long time, but when he walked back to him, he reached it in two or three steps.

"Take a break and don't leave."

Vigo has been meditating and practicing since he found out that this place is not threatening and there is nothing. Pterodactyl has a particularly strong utilitarianism, so he keeps walking around as if rushing out to get the position of leader. Outside,

Gu Shaoyang and Yi The members of the Bird Tribe have been waiting patiently, but Gu Shaoyang, who was leading the group alone, suddenly thought of a way for everyone to witness together.

He asked the temporary supervisor of the Winged Bird Tribe to summon everyone, and then live broadcast Vigo and Pterodactyl Performance in the third level.

I saw Vigo meditating very blandly, while Pterodactyl was very anxious. He couldn't help but get angry when he looked at Vigo's look.

"Are you not anxious at all? Why is there no reaction at all!"

Vigo walked up to him angrily, wanting to see his angry look, but Vigo showed no expression and didn't even say a word to him.

"Just calm down, you can't eat hot tofu in a hurry."

In fact, Vigo, who had his eyes closed at this time, had already started the third level of the game. Many questions about the Winged Bird Tribe appeared in his mind.

These questions were carefully selected by Gu Shaoyang and came up with hard work. He just wanted to see the two people's understanding of the question and how they handled it.

In the past, every competition was handled by Gu Shaoyang and sent them to different places. When they entered, the competition started, but this time Once, Gu Shaoyang's teleportation was just a cover.

Although they both entered the same place, they could only start to answer the questions when they really calmed down.

Vigo also wanted to tell the pterosaur the rules, but he found out in this space He wanted to open his mouth to tell the pterodactyl but couldn't.

He wanted to tell him in handwriting, but whenever he wrote the key words, his hands were out of control and the words he wrote disappeared.

Several times Later he knew that this was Master Gu's intention.

Chapter 949

It seems that this competition is about people's hearts, minds, character, as well as personal opinions and abilities.

Vigo figured things out and ignored the pterosaur, and the pterosaur became more and more impatient.

"What the hell is this place! Why haven't you started yet? Is this what makes me sleep? Nothing to eat or drink! People are starving to death!"

The Winged Dragon was irritated and kept forming spells in his hands to cause damage, but the surroundings were still white and were not affected by his spells. The

Winged Birds outside couldn't help but see the reaction of Vigo and the Winged Dragon. In contrast, Ling Yun, who was eliminated before, also came to check

"Lord Gu! Thank you for your last teaching!" Ling Yun had always had knots in his heart before, but since Gu Shaoyang's enlightenment, his knots have been relieved a lot.

Precisely because of the knots in his heart, the points that he had been stuck in before and couldn't be promoted have been smoothed out. Now his cultivation for improved again

"You're welcome, it seems that the depression in my heart has completely dissipated." Gu Shaoyang saw the difference in his cultivation at a glance and congratulated him immediately.

Since the depression in his heart disappeared, Ling Yun has taken a dim view of many things. If the thing that worries him the most now, then it must be the matter about the leader.

Although He is no longer qualified to run for leader, but he has no idea about the leader position now, but if possible, he will still contribute his strength to the Winged Bird Clan.

"Who do you favor in this situation?" Gu Shaoyang looked at the live broadcast of Vigo and Pterodactyl, and then looked at Ling Yun beside him, wanting to hear his opinion.

"I think these two people are actually pretty good, but Vigo has a more impatient temper, while Vigo has a peaceful temper, but is a little too peaceful. It would be better if the two could be combined."

Ling Yun spoke his opinion boldly. He didn't want to express himself in front of Gu Shaoyang, but was seeking truth from facts. His thoughts were the same as Gu Shaoyang's.

"If these two people were to be leaders, who do you think is more suitable?" Gu Shaoyang suddenly asked Ling Yun this question, and he immediately took a few steps back and bowed.

"I don't dare to speak nonsense about such a big matter as electing a leader, and I leave it up to Sir Gu to make the decision."

Ling Yun is one of the candidates. It is indeed inconvenient for him to make a choice on such a major matter as electing the leader, but Gu Shaoyang wants to know his opinions and opinions.

"It doesn't matter, you can give me your thoughts for reference." Gu Shaoyang patted Ling Yun on the shoulder, very curious about his answer.

"Then...then I'll...be bold." Ling Yun turned his attention to Vigo and Pterodactyl and said carefully.

"Generally speaking, both of them are very good, but it is very difficult to choose one of them to be the leader."

"I think we can let two people complement each other and lead the Winged Bird Tribe to develop better and better together."

Ling Yun's words made Gu Shaoyang couldn't help but nod with satisfaction. He and he had the same idea.

The temperaments of Vigo and Pterosaur are complementary. One is impatient and the other is peaceful.

"I'll announce my thoughts after Vigo finishes answering the questions." After hearing Ling Yun's thoughts, Gu Shaoyang turned his attention to Vigo and Pterosaur and did not continue to ask.

Ling Yun saw this and stopped talking. He just watched silently, waiting for the final result.

Soon, Vigo was there After an hour of answering the questions in his mind, he finally finished it. The pterosaur also gradually calmed down from the initial impatience, and finally directly developed negative emotions.

When Vigo opened his eyes again, both of them were taken out at the same time. They came to this vast white place.

After the two people came out, they were Gu Shaoyang and Ling Yun. After seeing Gu Shaoyang, the pterosaur couldn't help but complain.

"Mr. Gu, where did you do this? It was over before I even started!" The words of the Winged Dragon were very loud, and the people of the Winged Bird Tribe reminded them one after another.

"Lord Pterodactyl! It's not that you didn't start, it's that you didn't go in!"

The words of the tribesmen made Pterodactyl confused. After listening to their explanations, he understood what was going on and why Vigo wanted to talk to him several times but was speechless in the end. It turned out to be because of the restrictions of that place, and he never calmed down and never came into contact with the content of the third set. It can be said that he voluntarily gave up the opportunity to elect the leader.

"okay! Everyone has already seen the result, and I don't need to say more." Gu Shaoyang looked at Vigo with satisfaction, and the members of the Winged Bird Tribe also cheered immediately.

"Everyone, please be quiet for a moment! Then the winner was decided, but I ended up with three bosses."

The Winged Bird Tribe and Vigo, who looked happy just now, were stunned after hearing Gu Shaoyang's words.

"Why three?" Vigo looked at Gu Shaoyang with confusion, and Ling Yun and Yilong were even more confused.

"That's right! Three! Lingyun, Winged Dragon, and Vigo, you three each have your own characteristics, and you are all very strong. If you work together to develop the Winged Bird Clan, I believe that the Winged Bird Clan will be very strong in the near future!"

Chapter 950

"So I decided that Vigo would be the leader, and you two, Ling Yun and Pterodactyl, would assist Vigo."

In the end, Gu Shaoyang decided on the leader of the Winged Bird Clan, and also asked the two losers to assist, which was never possible before. This is like two people fighting for the king in the tribe, and the loser will be ostracized by others. But Gu Shaoyang broke this rule.

Jointly managing the Winged Bird Clan? Isn't that not good?

The members of the Winged Bird Clan couldn't help but argue inwardly when they heard Gu Shaoyang's arrangement, but the final decision was in his hands, and their opinions wouldn't have any effect.

So the tribesmen had no reaction to the result of Gu Shaoyang's sentencing. They just stood there blankly.

"What do you three think of this result?" Gu Shaoyang ignored the reaction of the clansmen, because they were all thinking about the past traditions, but what he had to do was to change.

Gu Shaoyang's eyes shifted to the three of them. Ling Yun was also surprised when he heard that Gu Shaoyang's arrangement was included: "Gu Shaoyang Sir, just let Vigo and Pterodactyl take charge of the Winged Bird Clan together. As someone who has been eliminated a long time ago, I might as well forget it."

Ling Yun said respectfully, but Gu Shaoyang directly rejected his opinion: "Don't be modest, if you get out of the depression early, you will be the first one today."

Gu Shaoyang said what Vigo and Yilong had to admit, because now they can no longer see through Ling Yun's cultivation. It seems that he has been promoted again.

"Then I will follow your arrangements." Ling Yun has always wanted to contribute to the Winged Bird Clan, no matter in what capacity, so he hesitated for a while and then agreed. Vigo also thought about it and finally agreed to Gu Shaoyang's decision.

Only Winged Dragon was still hesitant: "Mr. Gu, isn't this always a leader? Why did three of them suddenly come?"

Yilong has an impatient temper and only looks at one side when thinking about problems, but he has good strength and valuable character.

So Gu Shaoyang thinks that he is a useful talent, and if he is trained, he will be extraordinary in the future! This is why he is also managed together.

"There is only one leader, Vigo, but both of you are very good. It would be a waste of talents if you don't help develop the Winged Bird Tribe together, so I arranged it this way."

"The old tradition should have been replaced long ago. Now I have decided to officially enthrone the leader in the afternoon. Everyone should go down and prepare."

After Gu Shaoyang confirmed the leader, he hurriedly prepared, because after finishing this matter, he had to do the next thing.

Seeing that the three people had no objection, the people of the Winged Bird Clan naturally agreed.

In the afternoon, the tribe was very busy, just waiting for the time to come. A grand ceremony was held, and Gu Shaoyang, as a person trusted by the former leader, had no choice but to participate in such a power generation, and even announced it personally!

But in order to make a quick decision, he was so busy that the three-hour ceremony was abruptly shortened to half Hours

"Please take care of me personally! Granted the title of leader!" Every minute and every second now is torture for Gu Shaoyang. Now that he has finally entered the last stage, he is very excited.

When the host saw him, he immediately took the scepter belonging to the leader. Walking towards Vigo, his ceremony was completed before the host finished speaking.

"Okay, congratulations!" Gu Shaoyang held Vigo's hand and left while holding it tightly. The people of the Winged Bird Tribe below the stage didn't notice anything was wrong on the stage, and they all paid homage below.

"See the new boss! The new leader has a great cause for a long time!" Vigo looked at Gu Shaoyang who was about to leave and tried to hold him back, but he only saw him waving to him, and then said in a secret voice

"I still have something to deal with with the Snake Tribe. Don't forget the peace treaty between the two tribes. You can come find me after you've finished dealing with it."

After Gu Shaoyang transmitted his voice, he disappeared in a flash. When the Winged Bird Tribe people in the audience bowed and stood up, they no longer saw him.

Vigo heard his voice and wanted to reply, but he didn't have the ability. Then he hurriedly After completing the worship ceremony, he quickly devoted himself to handling the affairs of the Winged Bird Tribe.

Ling Yun and Yilong also hid from him to deal with it together. Vigo directly sealed them as guardians and gave them sufficient rights and status.

Gu Shaoyang left Winged Bird. After the clan came to the place where Medusa was, Medusa had already told Qing'er that he would be practicing in seclusion and that Gu Shaoyang would help her manage things for the time being.

After Gu Shaoyang came to the snake people clan, Medusa She entered the cave under the witness of Qing'er and Gu Shaoyang, and finally Gu Shaoyang personally helped her seal it.

"Okay, let me take care of it now. You can report the situation in the clan in detail later."

Gu Shaoyang's temperament has always been cold, so he was not warm to Qing'er. After giving his instructions, he drove her out. After confirming that she was really far away, Gu Shaoyang quickly released Medusa from the cave.

"You should go investigate on your own quickly and leave the matter of the Snake Tribe to me." After coming out, Gu Shaoyang said to Medusa, and Medusa nodded angrily and agreed, then disappeared and left the snake people.
