Chapter 991

"If something like this happens, what can be done to remedy it?"

Because Gu Shaoyang didn't understand the situation of the snow mountain, he thought for a long time but couldn't figure out the reason, so he could only ask the person in charge of the snow mountain next to him.

"This situation has never been encountered in the snow mountains, but...even if it does happen, there is a solution."

Xue Nu didn't understand why Gu Shaoyang asked this question, so she turned around and looked at him in confusion.

"Hahaha, keep going, what should you do?"

Suddenly being stared at by Xue Nu, Gu Shaoyang still felt a little guilty. He just smiled awkwardly and then raised his hand to signal her to continue. Xue Nu didn't think much about it and just thought he was curious.

"If you really encounter it, there are several situations."

According to such special circumstances, the snow girl must also be determined according to the situation, so that she can cope with different situations.

"If there are many people going up the mountain, and they all come for the treasures on Tianshan Mountain, then it is appropriate to let them take away some, but absolutely not everyone can be taken away. If everyone can take away, then go up to the Snow Mountain. There will be more people"

"In the second case, if there are not many people going to the snow mountain, then you only need to recover the snow elves and snow ice elves. Since it has just snowed and the weather has become clearer, I think they should have recovered by now."

Xue Nu explained to Gu Shaoyang carefully word for word, and after hearing Xue Nu's explanation, Gu Shaoyang nodded blankly.

"Well, I think I still have to tell you something."

Gu Shaoyang looked at Xue Nu and hesitated to speak. When Xue Nu saw him, she said cheerfully: "Brother Gu, if you have anything to do, just say it directly. There is no need to be so careful."

I saw Xue Nu looking at Gu Shaoyang with a faint smile, waiting for his answer, and Gu Shaoyang finally told Xue Nu the most! The most! The most! True situation

"In fact, I accidentally temporarily wiped out all two groups, the Snow Elves and the Snow Ice Elves, and they never responded on my way up the mountain."

Originally, Xue Nu's face was still looking at Gu Shaoyang with a faint smile, but after listening to his words, the expression on Xue Nu's face became stiff and the smile disappeared instantly. Seeing

Xue Nu's expression, Gu Shaoyang felt bitter in his heart: Finished Damn you! Now you are in big trouble!

"sorry! I didn't expect the matter to be so serious. How about I go fix it and you can take care of Dahan here?"

Looking at Xue Nu's colorful expression, Gu Shaoyang was afraid that she would get angry again later and tear him apart! Moreover, he couldn't guess how Xue Nu looked angry and silent.

So Gu Shaoyang got up and walked down the mountain. , wanting to leave here quickly. However, before he could go far, the snow girl suddenly appeared in front of him

"No need, Brother Gu, no need to go, I will just send the elf to see them."

Although Xue Nu was very angry inside, she still held it back for Dahan's sake. In addition, she said she wanted to forgive him, so she couldn't say much now.

"Forget it, let me go and do something to make up for it."

Gu Shaoyang felt very guilty in his heart, but Xue Nu temporarily stopped him: "Gu Shaoyang, I know what you are thinking, but if you want to make up for it, you have to wait until I find the elves to investigate the number of people who went up the mountain, right?"

"And Dahan is still here, and he still needs your treatment. If you leave, I can't handle it alone, but what should I do?"

Xue Nu pointed at Feng Xiaodi who was lying alone on the bed in the direction of the fortress, and Gu Shaoyang also thought about it silently, and finally accepted Xue Nu's proposal.

"Okay, then I won't go for now. When Little Brother Feng gets better, I will set off to make up for my sins." Gu Shaoyang said with a sincere face.

Finally, Gu Shaoyang finally told everything in his heart, and he felt a lot more relaxed, but Snow Girl became even more curious about him.

Under normal circumstances, it is impossible for anyone to be able to tell the difference between Snow Elf and Snow Girl. If the ice elves are eliminated, even if they are really eliminated, then that person must have some obsession with the things in the snow mountains.

So why does Brother Gu care so much about the treasures in the snow mountains? He actually wants to directly eliminate the elves of the two groups?

Because the snow girl wants to The matter was too serious, so he stared straight at Gu Shaoyang and told him to be cautious and panicked.

"What's wrong? What's on my face?" Gu Shaoyang touched his face and looked at Xue Nu and asked.

"ah? Nothing, just curious about what Brother Gu went to the snow mountain for? Is there anything you want, baby?"

After being asked by Xue Nu, Gu Shaoyang finally remembered that he had come up the mountain with a purpose. He had been running around for Little Brother Feng along the way, and he had almost forgotten his purpose.

"If you didn't tell me, I would have almost forgotten that I actually came up the mountain for the fourth key on the mountain. do you know?"

Chapter 992

Because Xue Nu has always lived in the snow mountains, Gu Shaoyang asked her directly, hoping that she could give him some tips, but he did not expect it.

When he told him his purpose, the snow girl's face instantly became fierce, and then she stood up from the ground and took a few steps back to stay away from him.

"You actually want to get the fourth key to my snow mountain! No way! While I am thinking about Dahan right now, you should hurry down the mountain!"

"If you let me know that you are still delusional! Don't blame me for being rude to you!"

Xue Nu suddenly showed her unique skill Snow Ice Blade to Gu Shaoyang, and Gu Shaoyang immediately made defensive movements, fearing that Xue Nu would release the ice blade from her hand in the next second.

"Calm down, I...I....."

Gu Shaoyang took a few steps back, and then spoke in a very gentle voice, trying to calm down Xue Nu, but he opened his mouth to calm her down, saying that he didn't know what to say.

"Get out of here now!"

Before Gu Shaoyang could say anything else, Xue Nu immediately pointed him in the direction with her chin, meaning that he had to leave immediately in front of her, otherwise she would really take action.

Gu Shaoyang didn't want to fight with Xue Nu at first, but It's not that he can't win, it's just that she is too difficult to deal with, and she is Dahan's crush.

If he really fights with her and hurts her, I'm afraid Dahan will feel bad, but if he is ignorant He couldn't do it passively without fighting back and being beaten.

So leaving for the present seemed to be the best way.

"okay! Don't worry, I'll just leave!"

Gu Shaoyang said as he slowly retreated behind him. After he retreated and saw Xue Nu's figure, he turned around and strode away. After the above drove Gu Shaoyang away, Xue Nu truly relaxed, but she looked at Gu Shaoyang But he didn't know whether the direction of leaving was good or bad.

Halfway through, Gu Shaoyang didn't go too far after leaving Xue Nu's fortress. Instead, he stayed directly behind the fortress, and then started to add oil to the pot, and then put the snow worms into the pot. He threw two in.

He has been on the snow-capped mountains for almost a month now and is used to the climate, but his empty stomach still makes him feel uncomfortable. And now that he has nothing to do, he is ready to give himself a full meal. After a while, have a good sleep.

In this way, Master Gu's big meal and a pot of soup were quickly prepared, and after he drank it in a few times, he fell directly into the snow and fell asleep.

Different from before, , this time he did not spread a layer of cloth on the snow, but lay down directly.

Because spreading a layer of cloth would easily attract snow bugs, but now he does not need snow bugs, so there is no need to do that..

But while Gu Shaoyang was immersed in his own deep sleep, the snow girl on the top of the mountain was anxiously guarding Dahan's bedside.

"Dahan! Don't scare me! Wake up quickly!"

It turned out that after Gu Shaoyang left, Xue Nu went back to the room to take care of him, but when she touched Dahan's body, she unexpectedly found that his body was unusually hot!

And this was on a snowy mountain with ice and snow, no doubt. Dahan may have become more seriously ill!

But Xue Nu has lived in the snow-capped mountains since she was a child. She has never gone down the mountain, has never been sick, and does not know how to take care of patients, so she started to panic at this time.

"You've been so hot, why not let me cool you down?"

Xue Nu, who had no experience in caring for patients, wanted Dahan to lower his body temperature quickly, so she directly input her disease elements into Dahan's body. And in order to lower Dahan's temperature quickly, she The input was even more fierce, without considering whether Dahan's body could withstand it or whether their spiritual powers could be integrated.

So when the snow girl finished the delivery and checked Dahan's physical condition, she found that he was His physical condition is worse than when he was just rescued from the snow pavilion.

"what to do? Dahan!"It was then that the Snow Girl realized that what she did was wrong, but what happened had already happened and she was unable to undo it. She could only try her best to save it, but she couldn't do it alone! Then the

Snow Girl thought of Gu Shaoyang who was driven down the mountain by her.

"Brother Gu! right! As long as we find him, Dahan will be saved!"

Thinking of this, Xue Nu immediately sealed Dahan in ice. She thought this would be good for him, but she didn't know that it would only make him die faster.

At the foot of the mountain, Gu Shaoyang ate and drank enough, and slept comfortably again before he started Wandering around the snow mountain, he wanted to sneak up again when the snow girl was unprepared.

However, just when he was about to reach the fortress, the snow girl suddenly appeared behind him.

"Uh-huh...I'll leave right away!" Because Gu Shaoyang always remembered Xue Nu driving him away.

So now when he saw Xue Nu again and saw the anxious expression on her face, he subconsciously thought that she was going to get angry.

So he turned around and left Gu Shaoyang quickly. , and Xue Nu only saw Gu Shaoyang running away as soon as he saw her!

Chapter 993

"Eh! Wait a moment." Before Xue Nu finished speaking, Gu Shaoyang had already run very fast and disappeared because he had eaten snow worms. When Xue Nu saw him swishing out of sight, he immediately caught up with her, and Gu Shaoyang thought that Xue Nu was I wanted to cause trouble for him, so I ran faster.

Isn't it right... You know, I wouldn't be so anxious to go up the mountain, otherwise she wouldn't be discovered so quickly! Miscalculation! Miscalculation!

Gu Shaoyang was annoyed in his heart , while secretly using his peripheral vision to check the snow girl who was following him closely, and after confirming that the snow girl was not as fast as him, he felt slightly relieved. Why did this Brother Gu suddenly run so fast! Alas! He shouldn't have just run away. Drive him away in such a hurry! If you don't take him back to see Dahan now, something big will happen!

The less Xue Nu can catch up with Gu Shaoyang, the more anxious she becomes, and because she is too anxious, she is chasing Gu Shaoyang I almost fell down several times while walking, and Gu Shaoyang in front also noticed something strange about the snow girl.

What happened to the snow girl? Why did she keep running and fell? Could it be that she was sick?

When this thought appeared in Gu Shaoyang's mind At that time, he subconsciously denied it, because Xue Nu chased him so passionately, and it really didn't look like she was sick.

And Xue Nu, who had been following Gu Shaoyang, watched the time pass by, inside the fortress The situation of the lying Dahan became more and more dangerous.

So Xue Nu used the ice blade directly in the palm of her hand and smashed it in front of Gu Shaoyang. When Gu Shaoyang saw that Xue Nu still attacked him, he subconsciously avoided it.

But when he dodged When he opened it, he discovered that the target of Snow Girl's ice blade was not him, but the iceberg next to him.

Huh? Why did Snow Girl chase me and attack the iceberg next to me?

Just when Gu Shaoyang was puzzled, he saw the iceberg that Snow Girl was attacking. Several big words soon appeared on the iceberg - Save Dahan!

It turned out that because Xue Nu had delivered a very fast cultivation to Dahan in the fortress, her body couldn't keep up and it was hard to adapt for a while, so she was chasing after Gu Shaoyang. At that time, she felt a little powerless.

She had been unable to catch up with Gu Shaoyang and was very anxious, so she came up with this method, and the final result was just as she expected.

When Gu Shaoyang saw the big characters on the iceberg, he stopped immediately footsteps, and then immediately turned around and ran towards the fortress, shouting at the snow girl behind him as he ran

"I'll take the first step! Come here quickly, I won't wait for you!"

When Gu Shaoyang finished shouting, his speed became faster. Seeing that her goal was finally achieved, Xue Nu's body softened and she fell directly into the snow and began to breathe heavily.

After she repaired herself a little, she He got up and ran towards the fortress.

On the other side, Gu Shaoyang was one step ahead of Xue Nu, and he increased his speed, so he quickly arrived at the fortress.

And when he entered the room, he saw Dahan being used by Xue Nu A layer of ice was frozen, and when frost appeared on his body, he immediately screamed in his heart that it was bad, and then he quickly knocked the frost off. Then he moved Dahan from this very cold room to a slightly sunny one. place.

And when he moved Dahan and touched his body, he discovered that although there was a small layer of frost on Dahan's body, the temperature of his body was frighteningly high!

Not good! The wound must have been left untreated. Okay, maybe he's infected!

Gu Shaoyang had already determined the cause of Dahan's illness before carefully checking Dahan's condition. Then he moved him to a room and took out all the pills of his space ring again.

Finally, he was inside the pills. He successfully found the anti-inflammatory pills and immediately fed the pills into his mouth. After feeding Dahan the medicine, Gu Shaoyang moved Dahan's body into the air and looked carefully. In the end,

Gu Shaoyang discovered that Dahan was Because the wound on his back had been kept under pressure, it could not wait for the circulation of air, which led to infection.

So he treated the wound again, and asked him to find two quilts and put two vertical strips on them, and finally put the Dahan put it up.

In this way, Dahan's back did not have to be pressed all the time, and there was no need for people to hold his body all the time.

After Gu Shaoyang finished all this, he tested Dahan's back with his hands. Body temperature, after making sure that his body temperature had dropped a little, his hanging heart dropped.

When the snow girl came back, Gu Shaoyang had finished processing Dahan's body, and Dahan's character had recovered a lot more than before.

"How is he? Are you okay?"

When Xue Nu went to the previous ward, she didn't see Dahan and Gu Shaoyang. She thought it was Gu Shaoyang who had stolen Dahan away. Just when she was about to look for it, she discovered that they had just changed rooms.

And as soon as she entered The room immediately asked about Dahan's body, but Gu Shaoyang had a cold face and did not answer her question.

#### Chapter 994

When Gu Shaoyang didn't answer Xue Nu's question, she thought Dahan was dead, so her body began to stagger a little, as if she had suffered a major blow.

"Sorry, I thought he would be better that way! I thought he was hot and just needed ice to cool him down!"

The snow girl who fell to the ground looked at Dahan. She wanted to get close to him, but was afraid of getting close to him. She blamed herself and said something annoyed, but Gu Shaoyang still ignored her.

Because if it weren't for her ignorance, Dahan would not have suffered these crimes at all!

If Gu Shaoyang had come a few steps later, it is very likely that Dahan's body would have been seen again! And all of this was caused by Xue Nu's careless treatment!

The more I think about this Gu Shaoyang The more she can't forgive her, even if she is Dahan's heart! Because she didn't put Dahan's health first! Don't let such a woman go!

"You go out! Dahan doesn't want to see you!"Gu Shaoyang couldn't stand Xue Nu's crying and talking to herself, so he spoke directly, with a cold tone.

Seeing Gu Shao Yang's attitude, Xue Nu felt even more uncomfortable:"No! I do not go! Dahan is almost dying! Don't let me go! I want to accompany him!"

Xue Nu looked at Gu Shaoyang very firmly, but Gu Shaoyang was speechless to Xue Nu: Who said Dahan can't survive? Didn't you see him lying here quietly?

Gu Shaoyang took advantage of the situation and looked at where Dahan was lying. He was stunned for a while and then silently shook his head: Okay! Looking at him motionless, he really looked like he was dead.

"Dahan has been rescued and is fine, but I don't want to see the person who caused this for the time being, which is you!"

Gu Shaoyang was silent for a while, and then said to Xue Nu. After seeing that Xue Nu had not moved, Gu Shaoyang stood up and said again.

"If you don't leave, then I'll leave! But if something happens to Dahan later, you can handle it yourself!"

After saying that, Gu Shaoyang actually raised his feet and was about to walk out, but when Xue Nu saw this, he immediately blocked his way.

"no! You can't leave! What will you do if you leave?" Xue Nu has not forgotten the stupid thing she just did, so after stopping Gu Shaoyang's footsteps, she stepped back toward the door, her eyes fixed on Dahan on the bed.

She kept saying silently Replied Gu Shaoyang: "You won't leave! Let me go! I go....."

After she retreated from the door, she kept holding the door frame and secretly looking at Dahan on the bed. Gu Shaoyang felt really uncomfortable seeing her like this, so he raised his hand and closed the room directly.

In this way, the sight of the snow girl who was holding the door frame and trying to peek at Dahan was blocked.

"You should think carefully about your relationship with Dahan outside the door. It is not possible for him to stay in the snowy mountains for a long time like this."

"I know you love Dahan, but his grandfather also loves him, so you have to keep him close to you!"

Gu Shaoyang said to Xue Nu outside the door. After hearing Gu Shaoyang's words, Xue Nu subconsciously shook her head and answered.

"Don't know what you are talking about!" Actually, Gu Shaoyang had long known that the reason why Dahan couldn't go down the mountain was because of the Snow Girl, but he had never pointed her out. The last time he talked to the Snow Girl, he didn't directly mention her by name, but just hinted at her, but the result was obvious. She I have no intention of letting Dahan go.

"I know everything. The reason why Dahan can't get off the mountain is because you selfishly tied him to yourself. Don't tell me that you don't know and can't help it!"

"As the biggest leader on the snow mountain, don't you have a solution? Do you think I am a three-year-old child?"

Without waiting for Xue Nu to refute, Gu Shaoyang directly asked sarcastically, and Xue Nu outside the door fell into silence after hearing his words.

Gu Shaoyang in the room saw that Xue Nu did not answer, so he did not continue, but quietly stayed in the room. Han's side was always paying attention to his physical condition.

But while Gu Shaoyang was paying attention to Dahan inside, the Snow Girl outside the door was sitting outside the door frame, staring blankly at everything on the snow-capped mountains.

The Snow Girl outside the door didn't know her either. After sitting there for how long, she finally slowly stood up and left the fortress.

When Dahan's condition improved and he was no longer angry with Xue Nu, he opened the door, wanting Xue Nu to see Dahan.

But when When he opened the door, he didn't see the snow girl:"Huh? Where are people? Why not anymore?"

Gu Shaoyang muttered to himself in confusion, and finally removed the door with a wave of his hand, and then continued to stay by Dahan's side to take care of him.

He thought that Xue Nu would definitely come back soon, but for several days, Dahan didn't Even after he woke up, he still didn't see the figure of the snow girl, which made him feel strange.

"Where do you think this snow girl can go?"Gu Shaoyang asked Dahan on the bed, and Dahan shook his head helplessly.

Chapter 995

"I don't know, maybe she knew I was awake, so she didn't want to see me."

Dahan, who was originally immersed in a coma, heard the call of the snow girl when he was buried in the snow pavilion. He thought that the first person he saw when he woke up again was her.

But he never thought, When he woke up, the first person he saw asked his grandfather to look for him, Gu Shaoyang, and he had been taking care of him alone for the past few days while lying in bed.

This made Dahan think that Xue Nu really didn't love him. However, he never told Gu Shaoyang about this idea in his heart, and Gu Shaoyang failed to notice his emotion.

"This snow girl disappeared without seeing anyone for several days. Could something have happened?"

Although Gu Shaoyang doesn't like Snow Girl, it's not that he hates it. What's more, she knows the whereabouts of the fourth key and he still needs her help.

So Gu Shaoyang asked Dahan. Seeing that he had been on the snow mountain for so long, Moreover, he and Yuki Onna were once lovers. Do you know where Yuki Onna will go?

"Brother Feng, you have been in the snow mountains here for so long and know the Snow Girl quite well. Do you know where she usually goes? I don't think she has been back for so long."

As Gu Shaoyang said, he hid his head outside and poked his head out. However, he still didn't see Xue Nu. Dahan, who was lying on the bed, had already wanted to look for Xue Nu!

But he never said anything because he thought that Gu Shaoyang had already It's so tiring to take care of him every day, and it's not good to bother him to help find the snow girl again.

So Dahan's inner thoughts have been hidden, and now Gu Shaoyang took the initiative to bring it up, so Dahan took the opportunity.

"OK! You go find her! My health is almost healed and I don't need to take care of it anymore!"

Dahan was very anxious, wishing that Gu Shaoyang would soon set off to find Xue Nu. When Gu Shaoyang heard Dahan's anxious tone, he also understood what he wanted to see Xue Nu.

"OK! Just tell me your address and I'll go right away!"

In order to satisfy Dahan's desire to see Xue Nu, and also for his own fourth key, Gu Shaoyang stood up and started to take out some medicines from the space ring. He planned to prepare pills for Dahan for a few days and put them on the Next to him, so that he won't worry too much even if he is gone for a few days

"She usually goes back to stand on the top of the mountain in the east, and occasionally she goes to the west to see the morning glow, and she goes to the south to listen to the reports from the elves on the snow-capped mountains, or she goes back to the north....."

Dahan told Gu Shaoyang everything he knew about Xue Nu's whereabouts, and wanted him to visit every place, but he didn't realize it himself.

The places he mentioned were all directions on the top of the snow mountain, and the range he gave was no different from asking Gu Shaoyang to conduct a carpet search directly around the top of the snow mountain.

"Uh-huh... Your scope is too broad. I'd better check it out myself when the time comes."

After listening to the scope given by Dahan, Gu Shaoyang finally decided to search according to his own planned route.

"This one is anti-inflammatory, this one is for scar removal, this one is for strengthening the body, this one is for....."

Before Gu Shaoyang left, he deliberately arranged the pills neatly and placed them within Dahan's reach. He carefully told him how much to use before leaving.

"Take good care of yourself! Otherwise, I won't be able to explain it to your grandfather!"

Gu Shaoyang walked towards the door and said to Dahan lying on the bed. Gu Shaoyang's words suddenly made him think of his grandfather who had been waiting for him to go back at the foot of the mountain.

"Got it, Brother Gu! Go ahead with confidence! I will take good care of myself!"

Because his body was not fully recovered, Dahan's voice was still hoarse and weak when he spoke loudly.

After hearing what Dahan said, Gu Shaoyang did not answer any more, but walked directly outside, and he also prepared a lot of food on his body, mainly to give his mouth something to do during the boring journey.

However, Gu Shaoyang was so well prepared that when he was about to fight a protracted war, the Snow Girl he was looking for unexpectedly An unexpected return!

When Gu Shaoyang walked out of the room, before he could reach the Snow Pavilion, Xue Nu unexpectedly opened the door from below and entered the fortress. When he saw the figure of Xue Nu, Gu Shaoyang thought that he had seen it wrong because of his dim eyesight.

"Snow girl? Why are you back?"

Gu Shaoyang searched his eyes, and when he opened them again, there was still the Snow Girl standing in front of him.

"its not right! Hasn't the Snow Girl been back for a long time? I'm about to go look for her! It's not like you're hallucinating!"

Gu Shaoyang looked at Xue Nu and said to herself, while Xue Nu looked at Gu Shaoyang with a cold expression, like a robot.

And her reaction was why Gu Shaoyang thought it was his own hallucination.

Because according to Normally, it would be impossible for Yuki-onna to handle things so calmly, unless...

Chapter 996

"Are you a snow girl?"Gu Shaoyang circled around Xue Nu several times, questioning her carefully, wanting to hear her admit her identity.

But Xue Nu, who was surrounded by Gu Shaoyang's confused look, just nodded lightly, and then walked in the direction of Dahan. Go, Gu Shaoyang quickly followed her after seeing this.

After Xue Nu entered Dahan's room, she first looked him up and down, and then confirmed that his condition was much better than before, and then she slowly spoke.

"You can go down the mountain now. When are you going to leave?"

Xue Nu's sudden words caught Dahan off guard. He thought that when he saw Xue Nu again, he would have a good chat with her about their relationship, but he didn't expect that now she actually took the initiative to break his curse, and also wanted to he drives away

"Are you... so anxious to drive me away?" Dahan looked at Xue Nu with a sad face, but Xue Nu turned her head away from him.

"Grandpa needs you, please go back." Xue Nu pondered for a long time, and finally said it with pain, and every word that came out of her mouth was like someone was digging into her heart.

In fact, she was very reluctant to let go of Dahan. She was mentally dependent on Dahan. , but the person who is as dependent on Dahan as her is her grandfather!

And as her grandfather is getting older, he is no longer just mentally dependent, but may also need Dahan's care in life and body in the future.

And she is like what Gu Shaoyang said In that way, she can no longer keep Dahan tied to her side. She has selfishly occupied Dahan for four years. It is time to return him to her grandfather.

"Then you don't need me?" Maybe he is used to being played by Xue Nu, but now that Xue Nu suddenly asks him to leave, Dahan can't bear it.

And he can also see from Xue Nu's expression that she is actually reluctant to leave, and is just standing in his shoes for him. After thinking about it, she thought she should just treat him as leaving.

"okay! You two stop arguing about this! It's not like there's no solution!"

Gu Shaoyang, who had been eating dog food on the side, couldn't stand it anymore, so he stood up directly to give them some advice.

Xue Nu's current actions were indeed both expected and unexpected for him, and it also made him distrust Xue Nu. The attitude is a little better

"Dahan, you go down to see grandpa, and then feed him snowworms so that grandpa can come up the mountain quickly, so that you can live together on the snowy mountain."

"There is another way. If grandpa's body can't bear it, then you and the snow girl can go down the mountain to live with grandpa together."

Gu Shaoyang blurted out the method directly, but after hearing Gu Shaoyang's method, Xue Nu and Da Han remained silent.

"What's wrong? Are there any restrictions? Don't stay silent and say something instead!"

Now Xue Nu's temper is not anxious, but Gu Shaoyang is very anxious.

Because he can only help Dahan handle his relationship with Xue Nu, then Xue Nu will not keep driving him down the mountain, let alone wait for him to mention the fourth one. When I get the key, I have to drive him away.

"The snow girl has been guarding a precious key on the snow mountain for generations. She can't leave here, and grandpa is too old to be able to walk up the snow mountain."

"Even if grandpa can come up, he is already old and his body can no longer withstand the cold on the snow-capped mountains."

Dahan replied dejectedly. They had already thought of the solution that Gu Shaoyang had given them a long time ago. And if it weren't for the fact that they couldn't think of a solution, how could they have quarreled?

"Because temporarily?" Dahan thought Gu Shaoyang explained a lot, but what he really heard was only the word key.

He had also asked Xue Nu about the fourth key on the snow mountain before, but as soon as he mentioned it, Xue Nu scolded him. He drove him down the mountain, and now Dahan talked about the key again.

Moreover! The keeper of the key he mentioned was Xue Nu! After hearing his words, Gu Shaoyang finally understood why Xue Nu wanted to drive him away at that time. gone

"Uh uh... because of the key, then... what if the key is taken away? Does the snow girl still want to guard there?"

Gu Shaoyang looked at Xue Nu's cautious and tentative inquiry, because the purpose of his trip was to get the fourth key, and he would not give up until he achieved his goal.

Therefore, he was not afraid that Xue Nu would be angry with him again. After all, He already knows that Yuki-onna is the one keeping the key.

"If the key is taken away, Yuki-onna no longer has to guard the key and she can be free."

Speaking of which, Dahan still has some complaints about the key that Yuki-onna protects. If it weren't for the key, he and Yuki-onna would definitely have a very good relationship now, and they might even have a child.

But it's precisely because of the key that Yuki-onna can't. After leaving, she was also helplessly imprisoned on the snow mountain, and she was even worse than Dahan.

Although Dahan was trapped up the mountain by Xue Nu, he could still walk towards the foot of the mountain, but Xue Nu could only Activities high in the snowy mountains.

Chapter 997

And for such a long time, Xue Nu has had no one else except Dahan. If he also leaves, then she will be even more lonely.

"Xueer, if the key is taken away, can you go down the mountain?"

Dahan was also very curious about the questions raised by Gu Shaoyang, so he simply asked Xue Nu directly to get her answer.

But because Xue Nu knew what Gu Shaoyang was thinking about the fourth key, Xue Nu just walked to Dahan. In front of me, I took his hand and wrote in his palm

"If the key is taken away, I can indeed go down the mountain, but the person who wants to take the key now is Brother Gu!"

After Dahan understood what Xue Nu wrote in the palm of his hand, he immediately wrote the same thing in her palm: "Then are you suspicious?"

Gu Shaoyang saw the movements of the two people and understood that Xue Nu did not want him to know the information about the fourth key, or that there was some secret conversation between the two of them that he did not want him to know.

So Gu Shaoyang very wisely withdrew from the room, leaving space for the two of them to discuss among themselves.

Gu Shaoyang, who left the room, still returned to the snow pavilion. He stood aside and looked down at everything on the snow mountain.

Suddenly he saw the height of a place, It is different from others.

Although it is normal for mountains to have different heights, on the top of the snow mountain, the height of the top of each place is the same.

Gu Shaoyang has always thought this way before, but now he is facing the direction of the snow pavilion. It turned out that there was an exception.

The fourth key was hidden on the top of Xueshan Mountain, so Gu Shaoyang immediately noticed the location of the fourth key, which should be the unique top of the mountain. After noticing, Gu Shaoyang He couldn't wait to leave, but Xue Nu and Dahan were discussing inside, and Xue Nu should be the one guarding the fourth key. So Gu Shaoyang planned to use a cunning trick to get the fourth key, and then come back.

Thinking like this As Gu Shaoyang quickly set off towards the distinctive mountain top, neither Xue Nu nor Dahan in the room noticed Gu Shaoyang's whereabouts.

By the time they realized that Gu Shaoyang was missing, he had already arrived at the distinctive mountain top. Beyond the top of the mountain

"Where is Brother Gu?" At this time, Xue Nu has already discussed with Dahan that taking away the fourth key will not have any impact on her.

Moreover, Gu Shaoyang was not sent by anyone to get close to Dahan on purpose. In addition, during these times, he had no influence on Dahan. Taking care of her with all her heart. He was also worried about their relationship, so Xue Nu and Dahan discussed it and prepared to give the fourth key to Gu Shaoyang directly.

"I don't know, should Brother Gu go down the mountain?"

Dahan secretly guessed after hearing Xue Nu's words, but as soon as he said the words, he immediately found Xue Nu's denial.

"impossible! I also rushed Brother Gu down the mountain before, but he always lingered around the top of the snow mountain and never left." Xue Nu said with great certainty.

Seeing that Xue Nu was so sure, Dahan could only let Xue Nu go out to look for Gu Shaoyang temporarily. After all, there are still many dangerous places on the snow mountain. The reason why Gu Shao Yang had a smooth journey up the snow mountain , but it's all because he followed Dahan.

Because Dahan knows everything about the snow mountain, he knows the approximate range of elves' activities on the snow mountain.

"You go find Brother Gu quickly, don't worry about me. Before you came back, Brother Gu was planning to go find you."

"So he prepared a lot of pills for me before leaving, so you don't have to worry about me, just go ahead."

Dahan waved to Xue Nu, and Xue Nu left the room after confirming that Dahan could really do it alone.

Because Xue Nu's perception of snowy mountains was different from ordinary people, she came to the snow and squatted down, and then directly put the two She placed her palms on the ground and sensed them carefully.

In this way, she could sense the traces of all the people who went up the snow mountain, and the most important thing for her was to find the traces of Gu Shaoyang's activities among these people.

And soon the snow girl was able to distinguish Gu Shaoyang from them, because He was the only one among the small number of people who came to the top of the snow mountain.

After the snow girl's perception, she couldn't help but be a little surprised to find that Gu Shaoyang was actually at the place where the fourth key was. But then she thought about it, he was so smart, he found where the key was. It was also very normal.

So Xue Nu was not too surprised and set off directly because she was worried that Gu Shaoyang could not cope with the elf guarding the key.

However, on the other side, Gu Shaoyang, who was now at the top of the highest mountain, looked at the entrance of the cave, but he gritted his teeth. Drilled in.

Because the outside of the cave is made of ice, and the cave has been sealed from light for many years, and the location is special, the temperature inside the cave is extremely cold.

Even though Gu Shaoyang was already on the snow-capped mountains. It took him a long time to adapt to the weather in the snow-capped mountains, but he still couldn't help but shudder when he entered the cave.

#### Chapter 998

Just in case, Gu Shaoyang was worried that the temperature would get lower as he went inside, so he spread the heat throughout his body to ensure that he could keep the temperature constant.

After doing all this, Gu Shaoyang walked into the cave with great determination. As he walked into the cave, he looked around cautiously, for fear of encountering any danger.

In this way, the further he walked inside, the colder Gu Shaoyang's body felt, and the light inside became less and less, and eventually he could not see his fingers.

Just when Gu Shaoyang had already walked into the cave, Snow Girl arrived belatedly.

When she came outside the cave, the snow girl saw the footprints outside the door that had not been buried by the snow. As soon as she saw the footprints, she guessed that they might be left by Gu Shaoyang.

So in order to prevent him from touching the monster in the cave, the snow girl immediately raised her feet and entered the cave.

Because she was very familiar with the environment inside this cave, her speed did not slow down even after she walked into a dark place, but became even faster.

Moreover, the snow girl will not feel cold even if she stays in the cave, because she has lived in the snow-capped mountains since she was a child, and her physique has already been changed by the snow-capped mountains.

It can even be said that she didn't have to fumble for anything with her eyes closed, and she didn't need to wear more clothes to resist the cold and find the right intersection.

In this way, Gu Shaoyang walked in front, while Xue Nu chased behind him. Because Gu Shaoyang was not as familiar with the journey as Xue Nu, it didn't take long for Xue Nu to discover his traces.

"Huh? Isn't this the aura of Brother Gu?" When Xue Nu walked to a bifurcated corner and was about to continue walking forward, she suddenly smelled Gu Shaoyang's breath on the wrong road.

In order to confirm, Xue Nu specially smelled it several times to confirm that Gu Shaoyang was really the person. After taking the wrong road, she caught up with him even faster.

Because the road Gu Shaoyang took happened to meet the snow beast guarding the fourth key, and the snow girl was worried that Gu Shaoyang was not its opponent.

If Gu Shaoyang really fought with the snow beast When she got up, she still didn't know who she should help.

Firstly, the snow beast was her treasure that she had raised since she was a child. It had a very deep relationship with her and she was reluctant to hit him; secondly, Gu Shaoyang was Dahan's eldest brother Gu and her grandfather. She can't do anything to the person who entrusted it to her.

So if the two of them meet Xue Nu, it will be very difficult. The best way is that neither of them can meet each other, and then Xue Nu will get the key and give it to Gu Shaoyang.

In this way If so, Xue Nu can avoid the problem of discord between them, and Gu Shaoyang will save a lot of trouble, and the snow beast will not be unhappy.

So far, this method is the best way, and after thinking about it, Xue Nu couldn't help but start running, Because Gu Shaoyang should be getting closer and closer to the snow beast now.

If she doesn't hurry over, I'm afraid the two people will meet.

And in the dark snow cave, Gu Shaoyang also rushed in in a hurry in order to hurry up. Running in the snowy mountain cave, it was precisely because of this that he took the wrong path. And soon he saw a bright place along the wrong road.

When Gu Shaoyang saw a bright place, he accelerated forward, but before he could When he actually reached the bright place, he stopped.

Because he saw a huge creature in the bright place! It was all white, its nostrils were wide open, and its breathing was very heavy.

His claws It is very sharp when it is inadvertently exposed while sleeping. If you are accidentally scratched by it, I am afraid that the whole person will be broken into two halves while sleeping.

And it seems to have been living in the snowy mountains, so it has thick white fur. , the ears are small, which looks like a very strong contrast with its huge body.

Just when Gu Shaoyang finished observing the snow beast in front of him and made sure that it was asleep, he tiptoed and prepared to move forward secretly.

But just as he When he stepped into a bright place with one foot, the snow beast that had been sleeping immediately woke up.

The moment it opened its eyes, Gu Shaoyang also noticed that its breathing was wrong, so he quickly retracted his foot.

Although he was avoiding it very much In time, the snow beast was still awakened by him, and after waking up, it immediately felt sleepless and kept spinning around. Its big nostrils also kept sniffing the smell in the air, but it was in it at first The back of his butt started sniffing in front of his eyes, so he didn't find Gu Shaoyang for the time being.

But soon he saw that it was about to smell Gu Shaoyang's feet, and he was also very worried that the snow beast would find his traces.

But what Gu Shaoyang didn't know was that early on When the snow beast woke up and found someone approaching, the snow girl already knew that it might be Gu Shaoyang who was approaching the snow beast.

Therefore, the snow girl ran faster in the direction of Gu Shaoyang, just to get there before the snow beast found him.

And to hide. Gu Shaoyang, who was in the dark, didn't know that the snow beast's nose was particularly sensitive, so he kept lying quietly on the spot, not moving at all.

When Xue Nu arrived, she saw Gu Shaoyang lying in a dark place, motionless.

#### Chapter 999

After she arrived, she simply ignored his figure, stepped over him to stand where he was before, and then stepped directly into the light with one foot.

When the snow girl stepped into the light with one foot, the snow beast that had been sniffing the smell immediately started roaring wildly.

The snow girl stepped her face into the light and immediately pulled it back, so the snow beast did not notice her.

And when the snow beast turned around and continued to smell the surrounding smell, the snow girl stepped into the light again.

After repeating this several times, the snow beast also discovered the location of the snow girl, but it did not immediately turn around to check, but still turned its back to her.

But when the snow girl stepped into the light again, the snow beast turned its head fiercely, and then discovered the snow girl's figure in an instant.

And when the snow beast saw the figure of the snow girl, its clawing movements also stopped in an instant.

Then the snow beast was like an ordinary puppy, wagging its tail and approaching her. It also lay down obediently and looked at the snow girl eagerly.

It seemed that he was waiting for her touch, her love, and her ravage.

When the snow girl saw that she had been discovered, she stepped directly into the light and slowly approached the snow beast.

But when she walked out of the dark place, she silently shook her head towards Gu Shaoyang who was hiding in the dark next to her, and then said

"I'll get it for you for the time being, but don't act rashly, otherwise the snow beast will trample the snow mountain flat when it gets angry, and the people at the foot of the mountain will not be spared."

After Xue Nu finished speaking, she strode towards the snow beast, and Gu Shaoyang, who was told by Xue Nu, did not doubt Xue Nu's words at all.

Because he had secretly spied on the strength of the snow beast after he just came in and discovered the snow beast, but in the end he It was discovered that the strength of the snow beast was unfathomable!

Gu Shaoyang was shocked when he saw the result, because at first he thought that the snow girl was the most powerful person on the snow mountain.

But now it seems that the snow girl should be The person who raised the snow beast and then played with the snow beast, and the snow beast should be a mythical beast that has lived on the snow mountain for a long time and has a strong cultivation level.

And the bright spot just now was probably set by the snow beast himself Once someone steps into the barrier, he will immediately notice whatever he is doing.

The snow girl kept repeating his previous actions just now, probably to make the snow beast believe that she was doing it alone all the time, and to prevent the snow beast from suspecting There are other people in this snow mountain.

After Gu Shaoyang realized this, he obediently hid in the dark without moving, just watching the snow girl and the snow beast getting along. The snow beast liked the snow girl very much, and the snow girl moved towards it. After getting closer, he leaned directly on it, and then kept stroking it with his hands.

The snow beast was so comfortable that it closed its eyes after being caressed by the snow girl's hands. Then the snow girl took out a super big snowball and slammed it. He threw it into the air and started playing around with the snow beast.

Just when Gu Shaoyang was confused and wondered how the snow girl could get the fourth key, the snow girl suddenly said to the snow beast

"Let's race! We bet on each other! If I lose, then I will come to the cave to play with you every day. If you lose, then your most precious move, the fourth key, will be mine!"

The snow girl proposed a bet for the game, and after the snow beast's big eyes turned around in its sockets, it nodded silently, agreeing to the snow girl's request.

When the snow beast saw that the snow beast agreed, the snow girl began to discuss the game with it.

"So what do we play? You have played relatively few games, so I will leave the right to choose the game to you."

The snow girl looked at the snow beast and said very generously, and the snow beast was not polite at all to the snow girl's humility.

It did play few games in the cave, but there was a game that it and the snow girl had played since childhood, and the snow girl had always played The snow beast didn't beat him, so the snow beast directly chose the game it was best at.

The snow girl was not surprised by the game proposed by the snow beast, nor did she regret it. It seemed that she also wanted to play this game.

The two decided After the game was over, the game started in earnest. Yukimon stood opposite Yukionna, seemingly because this game was his best. So his expression was a bit unconcerned, while Yukimon was a little more nervous compared to Yukionna's calmness. And rush.

When the ball was thrown from the air, the snow woman and the snow beast competed at the same time, but the snow woman did not win the snow beast, so it went first. In this way, the snow woman did not score several times in a row, but the snow beast scored consecutively. After that, the tail almost floated to the sky.

Gu Shaoyang, who was hiding in the dark, looked at Xue Nu's performance and wished he could go in and help, but he didn't dare to act rashly.

Just when the snow beast thought he had a win, Gu Shaoyang's position as Xue Nu was about to lose. At that time, Yuki-onna suddenly broke out and snatched every ball away from her. However, Yuki-on was not as nimble as Yuki-on and missed every time.

In this way, Yuki-on quickly brought the situation back, and Yuki-on became more and more anxious.

## Chapter 1000

After moving the situation back, the snow girl was also very stable. She scored one goal after another, but the snow beast couldn't stop one ball after another, and it was also a little angry.

The score at this time has exceeded the snow beast, and there is not much time left.

"The last ball! Let me in!"The snow girl vigorously caught the snowy mountain on her body and kicked it up, then flew into the air and kicked the ball into the hole with her foot.

Just like that, the last ball, the snow girl, also went in perfectly, and the final result was the snow beast's score. It was several points behind the snow girl, so it naturally lost.

"okay! I am willing to admit defeat! Give me your baby now! Hahaha....."

After winning the game, the snow girl was happy from the bottom of her heart, but the snow beast was unhappy. The snow beast was also a little reluctant to take out the bet that had been agreed upon before.

The snow beast was seen lying on the ground glumly, with its butt pointed directly at the snow girl. Its tail that had been wagging was drooping on the ground now, looking lifeless.

When the snow girl saw the snow beast like this, she knew that it was unhappy, but his unhappiness was not because he was unwilling to give her the fourth key.

He was unhappy because the snow girl had grown and progressed without him knowing it, but it had not participated, so he felt lost and sad.

"Okay, I actually practiced secretly behind your back on purpose. Who let you beat me every time? Don't let me go! So now I'm going to give you a big scare!"

The unhappy snow girl facing the snow beast was very happy to say it in front of him. The unhappy snow beast, who was originally unhappy, looked at the lively and lovely snow girl and his unhappiness was slowly dissipated.

He stretched out his big tongue and licked it gently. The barbs on his tongue quickly messed up the snow girl's hair.

It looked like a chicken coop, but the snow girl was not angry, she just giggled, and the snow beast finally wagged his drooping tail again.

When his mood recovered, he abided by his agreement with Yuki-onna and gave his bet, the fourth key, to Yuki-onna.

Because he couldn't speak, he just After gently licking the key to express his cherishment, he gave it to her. But after getting the key, the snow girl was not as happy as expected.

Because the key has always been his to the snow beast. Baby, but now she took away his most precious thing for a man.

This couldn't help but make Yukionna feel very guilty, and Yukimon noticed Yukionna's low mood and immediately comforted her. It seemed that he had already known about Yukionna The purpose was the same.

But after the snow girl was comforted by the snow beast, she could no longer bear the guilt in her heart, and suddenly cried out, and the snow beast immediately started to become irritable when he heard the cry of the snow girl.

Only to see that he was not He kept rubbing his body against the snow girl and humping her with his head. His voice also became choked with the characteristic cry of the snow girl.

Gu Shaoyang, who was hiding in the dark, couldn't help but feel a little touched when he saw their affectionate scene. This is not disturbing. They, he quietly retreated out.

Then he walked towards the outside of the cave along the way he came, and soon he arrived outside the cave.

After arriving at the door, Gu Shaoyang did not leave. Instead, he sat quietly at the door and waited for the snow girl.

I don't know how much time passed, but the sound of footsteps finally came from the cave. When Gu Shaoyang heard the footsteps, he immediately jumped up from the ground, and then stood guarding the door obediently..

After a while, after hearing the sound, the figure of the snow girl appeared at the door of the cave, and in her hand was the key that Gu Shaoyang had been thinking about.

"take it."When Xue Nu saw Gu Shaoyang holding the key, she handed it to him directly without any hesitation.

Gu Shaoyang was still a little confused when he took the key from Xue Nu's hand. He originally thought that Xue Nu would ask for him after giving him the key. Do something, but in the end she didn't say anything. She just handed him the key calmly, and then moved towards the direction of the fortress where Dahan was. Gu Shaoyang also followed Xue Nu silently.

"Thank you, thank you for being willing to help me get the fourth key for me and for Dahan."

Walking on the snow with Xue Nu, Gu Shaoyang said to her, but Xue Nu smiled lightly and shook her head.

"I'm not doing it for you, I'm just doing it for Dahan, and I can't leave the snow mountain without the fourth key. Now that you take the fourth key away, I can leave the snow mountain."

"Only if I leave the snow mountain can I be with Dahan forever, so strictly speaking, I am actually doing this for the sake of a better life for me and Dahan."

When Xue Nu thought about her future happy life with Da Han, the only thing that filled her face was a smile.

"Then you won't go back to the snowy mountains in the future?"Hearing that Xue Nu was about to go down the mountain, Gu Shaoyang suddenly thought of the snow beast in the cave.

After being asked this question, Xue Nu silently shook her head, and then she nodded again.
