

Chapter 0032

The billionaires heirs

Ashley...

"Daddy?" I hear Isabella say but I stand up and walk out of the room, not wanting my kids to see me in this state, although I think it's too late.

I make my way upstairs to my room. I need a shower. I turned on the water and stepped under the cold water, letting the water hit my skin. Adrian ruined my life. Why didn't he just stay away from me? Why did I agree to marry him again? God, my life is such a mess.

I cry for a few more minutes and then I wash before getting out. I wrapped a towel around my body and made my way back to my room. I was just about to put my pajamas on when I heard Adrian say, "You always liked sleeping naked."

I turned around quickly and saw him leaning against the door frame, looking at my naked body and a blush made its way to my cheeks.

"Did you forget how to knock?" I snapped.

"It's not like I haven't seen it before," he winks, smiling.

I roll my eyes but a smile forms on my lips as I quickly get dressed. "Why are you inside my room?"

"I came to tell you we are getting married in two weeks, then we will move to Sussex."

"Two weeks! Adrian I can't; I have things to do before I can leave," Ashley says, shocked.

"What things?" I asked, still standing there.

"I have to tell my employees and appoint a manager, the kid's school," she trailed off and I knew she wanted to say her family and friends.

"We will find a manager; I have already enrolled the kids in the best school in Sussex. And you don't have to worry about anything because you will have a life with me," he says.

I let out a sarcastic laugh. "A life with you?"

"Yes, I already told Grandma. She and Grandpa will be here tomorrow," he says before walking away, leaving me there with my mouth hanging open.

What the fuck? Grandma Betty and Grandpa Kenny? I haven't spoken to them in five years!

Adrian...

"Daddy?" Isabella's voice cracks. I looked at her and saw her crying.

"Yes, baby?"

"Why is mommy crying?" she sobs.

"It's a long story, baby girl," I say as I hold her close to me.

"Can you please make her stop crying?" she sobs.

"I will, I promise," I say, even though I know she is crying because of me.

I got the kids to calm down and put a story on for them, then I walked to Ashly's room. I opened the door without knocking and I almost got a

heart attack at the sight in front of me: "You always liked sleeping naked."
"

Fuck, I need to calm my hormones before I take her to bed and I know I will only fuck up more. 2

I love it when she blushes. 1

"Did you forget how to knock?" she snapped.

"It's not like I haven't seen it before." I wink, smiling.

She rolls her eyes but a smile forms on her lips as she quickly gets dressed. "Why are you inside my room?"

Fuck, she looks beautiful.

"I came to tell you we are getting married in two weeks, then we will move to Sussex."

"Two weeks! Adrian I can't; I have things to do before I can leave," she says, shocked.

"What things?" I asked.

"I have to tell my employees and appoint a manager, the kid's school," she trailed off and I knew she was referring to her family and friends.

"We will find a manager; I have already enrolled the kids in the best school in Sussex. And you don't have to worry about a thing because you will have a life with me," I inform her. I knew she was going to try to get out of moving away.

She let out a sarcastic laugh. "A life with you?" Ouch, that hurts.

"Yes, I already told Grandma. She and Grandpa will be here tomorrow," I told her before walking away, leaving her standing there shocked.
