

# Billionaire's Ex-Wife And His Hidden Babies

123

"Mom... hurry up!! Dad has going to propose to you." Calvin said, pulling her hand

"Propose me?"

"That was a surprise, Calvin," Colton said, shaking his head.

"Oops! Sorry." Calvin said, sticking his tongue out and winking, to which Sophia smiled and looked around.

"Where are Uncle Jake and Uncle Bruce?" Sophia asked, and by then, she was already in her room. The room was decorated with nothing fancy but red flower petals, scented candles, and rice light decorations.

"I arranged a room for Jake in the hotel and asked him to enjoy the city, and Bruce is with his girlfriend." Brandon replied and then looked at Calvin, "Ready, Calvin and Colton?"

"Yes! Ready." They said, holding Brandon's phone and Calvin's camera.

'Seriously?' Sophia looked at her babies and at Brandon, who was already on his knee.

"Bran..."

"Ssshhh!! Don't disturb me in between, and let me complete. Sophia, My love, first of all, I'm very sorry that I'm doing all this so late but .... But thankfully, I got a second chance. I know you're someone who gives more importance to hard work than throwing money, and because of my situation right now, this is the best thing that I could do with the help of two little princes that you have given to me." Brandon said, looking at his twins while Sophia laughed with teary eyes. "But I will repeat everything again with a twist of my style; I promise you that, Grand and Big." he winked. "Sophia Weasley, mother of my twins..."

'Is he going to propose to me for his girlfriend? Or Marriage?' Sophia wondered.

"I love you since when? I don't know, but I do, and I will always do. Mon, Amour veux-tu être ma petite amie?" he asked in french, forwarding me a bouquet of red roses. Little did he know even I was trying to learn french because if we were going to shift in Paris. I should know french, right?

I knelt down, reaching his height. "Oui (Yes). I will be your girlfriend.", Taking flowers from him. I didn't miss the surprised look on his face.

"How did you know what did I ask?"

"Actually..."

"Mom, dad. It's kiss time." Calvin cut in between.

"Yes, seal the deal with a kiss," Colton added. Brandon cupped Sophia's face and gave a quick kiss on her lips because making out in front of babies was something that neither of them wanted.

"Yayyyy!!" Calvin jumped happily and ran near his parents to hug them. "Now, dad, you will have to propose to Mom for the marriage." He told Brandon.

"Sure, baby!! But before that, I will have to talk with your Uncle Oliver and convince him for the marriage of your mom and dad." Brandon explained, and that was the plan as well.

"Is that important?" Colton asked, reaching near them.

"Yes, sweetheart. Before proposing to any lady for marriage, one should convince her family member and make them assure that he can keep their precious daughter, sisters, or whatever relationship they have with that lady happy and won't let her cry for any reason."

"Don't worry, Dad; Uncle Oliver will give approval to you to marry Mom." Calvin said happily, but a deep frown appeared on Colton's face.

"What will happen if he says NO to the marriage?" Colton asked.

"Then I will keep trying until he finally says YES."

"You don't have to worry about anything, dad," Calvin said nonchalantly. "I got everything in my hand where adult's magic doesn't work, kid's magic does, right, Colton?"

"Right." Colton agreed.

"Thank you, boys! But promise me that you won't do anything first. It should be ME who will talk to your uncle first." Brandon said. He really didn't want Oliver to think that he was using kids to convince Oliver. Sophia told him that though Oliver loves both Calvin and Colton like his own, but he was pissed at the fact Brandon left his sister after sleeping with her.

When everything was cleared from the beginning that it was a contract marriage, then neither of them would have gotten that close because of which lives of two innocent kids got included in all this mess. And if they did, then both should have taken responsibility for it.

"Calvin, Colton. Will you please give us some time?" Sophia requested, on which they nodded their head and left the room. "Don't worry about Oliver; I will try my best that he won't kill you for the things you did to me," Sophia said, knowing what was going on in his mind.

"Trust me, Amour. You're doing NO good." He chuckled, caressing her cheek, "But I also know that I deserve it. Just because you didn't give me a hard time, that doesn't mean I don't deserve it."

"Anyways, I won't want to lose my perfect moment to kiss my girlfriend with the topic of my brother-in-law," he added and kissed Sophia without wasting a single second. They broke the kiss when they were out of breath and used that time to sit on the bed before lunging on each other again.

"I... I love you, Amour. I love you so much."

"I love you too, Hunter."

"Hunter?"

"Yes! The name which your mom gave to you. I thought of giving you a name, but then I realized that you don't need any name because you already have a name that is given by your mother. And I couldn't thank your mom for giving you to her best friend because of her one decision; tonight, we are here."
