---- Chapter 484 Lazarus and the others exchanged glances. 4 At that moment, they also realized that Trevor had attended the lunch specifically because of Celeste. 1 But Trevor already had a girlfriend, and their relationship seemed quite good. He probably just purely admired Celeste.. Probably... didn't mean anything else, right? Celeste and Trevor continued talking for quite a while.

After finishing their discussion on the parts of the plan that interested him, their conversation came to an end. After that, Trevor and Celeste did not speak again. 2 However, Jacob, Zeke, and the other sharp-eyed ones at the table all noticed that Trevor would occasionally glance in Celeste's direction... 4 When the lunch was almost over, Trevor suddenly received a phone call. No one knew what was said on the other end, but his expression suddenly changed.

After hanging up, he said to Celeste and the others, "Ms. Rodriguez, everyone, my apologies, but something urgent has come up and I have to leave. Let's get together again next time." 1 ---- Since he addressed her directly, Celeste could only reply, * Alright, take care." Trevor and Jacob left quickly. Watching Trevor's hurried departure, Lazarus said, "Mr. Fleming looked so worried and left in such a rush...

I'd guess something must have happened." Celeste's heart skipped a beat, and she couldn't help but feel concerned. Could it be that Martha's condition had suddenly worsened? Thinking of this, she quickly took out her phone from her bag. If something really had happened to Martha, Trevor would definitely have messaged her the moment he left the private dining room. But when she checked her phone, there were no messages from him. So, his urgent departure probably had nothing to do with Martha.

Realizing this, she finally felt relieved. Meanwhile, Zeke and Jacob only found out after leaving the restaurant that Wynn's car had been rear-ended, and she was ---- seriously injured. 4 Trevor and Zeke soon arrived at the hospital.

Seeing them, Linda immediately came forward, "Trev, you're finally here." Trevor glanced at the emergency room and asked, "How is she now?" Before Linda, Lilian or anyone else could respond, the emergency room doors opened, and the people waiting outside rushed forward "Doctor, my daughter-" "Doctor, my granddaughter-" "Doctor-" Their voices all speaking at once made the doctor frown.

The doctor gestured for them to quiet down, and when the Shaw family finally calmed, he said, "The head injury isn't life-threatening, but the exact situation will have to be confirmed after the patient regains consciousness and we run some tests." The Lockets and the Shaws surrounded the doctor, asking ---- countless questions, while Trevor instructed Zeke to go downstairs and complete the hospital admission paperwork for Wynn.

4 Once the admission was done, everyone gathered around Wynn's hospital bed, showing their concern. Jacob had gone back to the company, so only Zeke stayed with Trevor at the hospital. Trevor had originally planned to leave on a business trip tomorrow, but before heading to lunch with Celeste, something had come up, and their trip was moved forward. 2 Zeke checked the time, walked over to Trevor, and whispered, " Mr.

Fleming, it's already 2:30 pm If we don't leave for the airport by three, we won't make it in time..." Although the doctor had said Wynn's injuries weren't life- threatening, her head trauma was still quite serious. She probably wouldn't wake up for another hour or so... ®

---- Chapter 485 Without the slightest hesitation, Trevor said, "Get in touch with them and tell them we'll go over tomorrow instead." Zeke wanted to say something, but when he saw Trevor's gaze already returning to Wynn, the words that had been on the tip of his tongue stayed unspoken. He simply nodded As he was about to step out of the ward to make the call, Trevor seemed to remember something and turned his head to add, " Have Jacob handle those urgent documents.

I'll contact him later about the details." "alright." Zeke went outside and, following Trevor's instructions, first called Jacob. "Alright, got it," Jacob replied. But instead of hanging up right away, he couldn't help saying, "Lately, the boss has been paying more and more attention to Celeste. Today he even... Well, I thought Mr. Fleming..." Zeke understood exactly what he meant. In fact, he had the same thought as Jacob.

But now, seeing how nervous Trevor was over Wynn, he realized he had been overthinking it. --- - Maybe Trevor's attitude toward Celeste had changed somewhat from before, but the one he truly cared about and loved was still Wynn. 8 When Wynn woke up, it was already after 4:30 pm. Seeing Trevor there, she smiled. "Didn't you say you were going on a business trip this afternoon?

Why..." 1 Linda cut in before she could finish, "Because he was worried about you, so he postponed his trip until tomorrow." & Then, smiling, she added, "And he's been here at the hospital with us, waiting for you to wake up." Hearing this, Wynn felt a warmth in her heart and smiled. But she quickly said with a concerned tone, "I'm fine now.

Trevor, why don't you head back to work?" 2 Trevor replied, "No rush." 5 Hearing him insist on staying with Wynn, Linda, Patricia, and the others all exchanged teasing smiles in her direction. The test results came out that night after the doctor reexamined Wynn. When they learned that she really didn't have any serious problems, both families breathed a sigh of relief. 2 ---- Although her head injury wasn't serious, she still needed to stay in the hospital for a few days to rest.

That evening, Miles came to visit Wynn at the hospital, bringing fresh flowers and fruit after hearing the news. "Beck couldn't get away because of an urgent matter. He said he'll come visit you when he's free. This fruit basket is from him." Hearing that, the smile in Wynn's eyes faded, and she said lightly, "Is that so? Then thank him for me." 2 Her reaction was because she knew Beck was only keeping up appearances. Even if he had the time, he wouldn't actually come see her.

2 Lilian and Patricia also felt that Beck's "urgent matter" was just an excuse. However, they didn't know that Beck had developed feelings for Celeste and had distanced himself from Wynn because of her. 1 They still thought his absence was simply to avoid Linda. The next morning, Celeste went to the hospital to visit Martha, Just as she walked out of the parking lot, she saw Linda and ---- Lilian.

Since Trevor had not only postponed his business trip for Wynn the day before, but had also stayed at the hospital with her for a long time, the entire Shaw family was in high spirits over his show of importance toward her. Seeing Celeste, Linda tilted her chin and gave a cold hum before deliberately raising her voice, 2 "Aunt Lizzie, yesterday, when Wynn had her accident, Trev rushed straight to the hospital, postponing his business trip again and again. © "And because he was still worried about her, he even said this morning he had to come see her at the hospital before he could feel at ease enough to go on his trip." ®
