

Baby alliance: helping daddy get a rich mommy chapter 745

Although Selena said this, in the end, men and women were one and the same. "Selena, if the two of them clash with each other one day, I will not stand on his side, nor will I stand on your side. I hope you can understand me." Smiling, Jude spoke frankly without much filter. Yes, Jude wouldn't be on Selena's side this time.

"Will you blame me?" Before, Jude had already chosen Selena once, and she had deceived Satan in order to help Selena bring Jameson back, and of course, she had paid a painful price herself.

Hearing these words, Selena solemnly shook her head. "How can I blame you? Jude, I want you to be happy."

Jude nodded. "I will, as long as I stay with him. Selena, I have betrayed him several times, so I will not betray him again. Of course, I will not betray you either."

At that, Selena's eyes filled with tears. She was crying not only for the possibility of losing Jude Knight, her best friend, in the future but also because she felt heartache for Jude and Satan's difficult relationship. At this moment, she felt happy yet sad, and it was hard to vocalize this kind of complex emotion.

"Okay now, why are we two silly women thinking about these messed-up things? We'll talk about it when the day comes!" Jude was back to her easygoing and cheerful self. The day had not yet arrived, and when it did, they would talk about it more. So, now they should enjoy the present instead.

"By the way, where's Juniper? Let my goddaughter hurry up and give me a good treatment. Maybe you'll still have a chance to hold your godson!"

Reaching out a hand, Selena poked at her. "Sure enough, you love Satan the most!"

What she said at the beginning had been true. When Jude was with Wyatt, she didn't care if she could get pregnant or not, but when she was now with Satan, she was very concerned about this matter.

"Hehehe!"

At night, Pierre finally came back. Once Selena took a look at his face, she knew that he had not caught Linda yet, so she didn't bother to ask. Later, Pierre was lying on the bed and seemed to be thinking about something. In fact, he couldn't even sleep well without catching Linda.

Then, Selena came over. "Honey, can you promise me one thing?"

"What is it?" Only then did Pierre turn his head to look at Selena. "If, I mean if, one day you really go up against Satan, don't use Jude as a tool, okay?"

Pierre looked at Selena for a long time without moving his gaze away. He did not know how to answer her. Of course, he knew how important Jude was in Selena's heart, but if such a day came, his organization would also notice Jude, and since Jude was a local citizen, they would certainly take advantage of her. Although Selena knew that this would make things difficult for Pierre, she had to do it.

"If I don't tell you, you wouldn't know that Jude and Satan got back together. This is our personal relationship, so it should not be taken advantage of."

Selena knew that what she said would be difficult to convince Pierre. As long as it was for the country, Pierre would do it! There was no other excuse not to!

"A duel between men should not use women as tools, okay? You should fight him with your own ability."

Pierre reached out his hand to rub Selena's cheek.

"I'm only begging you to promise me this one thing. I will not ask nor interfere in your identity, your work, and your tasks. However, you have to promise me this one thing, okay?"

"Okay, I promise you."

The moment Selena heard Pierre promise herself, her tears fell down. Then, she snuggled into Pierre's chest and said, "There are very few people I care about in this world."
