

Ball God 561

Chapter 561

The one who appeared in front of him was a very beautiful girl who looked to be sixteen or seventeen years old. Her entire body was filled with a ruffian aura, but she was also a Super Saiyan.

Although she was only at the first stage of Super Saiyan, the strength she displayed was extremely strong. It could be seen that her basic power level was not inferior to Son Goku and the others.

“Who are you? Get out of my way!” Gotenks shouted at the female Super Saiyan in front of him.

The girl pointed at herself and laughed. “Me? My name is Caulifla. You look like a Super Saiyan. Can you tell me how you changed?”

“Don’t even think about it!”

“No, I won’t die if I teach you.” Caulifla pestered him.

“There’s something wrong with your brain. Oh right, you’re not Universe 7’s person, so you’re an enemy. I’m going to beat you down.”

Caulifla stared at him with her round eyes and patted her chest. “Kid, you’re making me very unhappy!”

However, before she could finish her words, Gotenks had already launched an attack on her. Even though the power level strength of Caulifla was very strong, she was clearly still in the first stage of the super race state. Her current strength was naturally not a match for Gotenks. Amidst the sounds of battle, Caulifla appeared to be in a very sorry state. This made this strong and wild girl very angry.

“Wow, wow, wow. I’m so angry. No one on Planet Sadala dares to do this to me.” The flames of Caulifla flared up, and her entire body shone with a golden light. Then, she waved her arms forcefully and fought with Gotenks.

At this time, another figure came to the side of Caulifla and Gotenks. It was the Super Saiyan Cabba of Universe 6.

“Caulifla, you are no match for him. We have to work together.”

Caulifla shouted angrily, “Get out of my way. I don’t need your help.”

After saying that, she threw Cabba away and rushed at Gotenks. Cabba sighed helplessly and ran up to help Caulifla. After the two of them were sent flying again, Caulifla bit her lips and her green eyes flashed with a cold light. She suddenly roared angrily.

Caulifla’s aura continued to rise, and soon, a layer of silvery-white lightning wrapped around her body.

When Cabba saw the changes on Caulifla’s body, he said in surprise, “Ah, this is the form that appeared on the planet of salad.”

Gotenks was also shocked. "Super Saiyan 2!"

Caulifla was in her Super Saiyan 2 form.

Her strength had increased by 100 times, and her overall strength was no less than that of the Super Saiyan 3.

This was because the overall power level of the Saiyan on Planet Sadala was far beyond that of Son Goku and the others. As long as they mastered the mystery of Super Saiyan Transformation and had a powerful body that could bear the burden of Super Saiyan Transformation, it was not impossible for them to quickly transform.

"Hahaha, what is this feeling? Wuwu, it's too strong, too strong. I feel like there is an endless amount of power in my entire body!"

Feeling the surging power in her body in an intoxicated manner, Caulifla let out a loud roar in excitement. A burst of energy that was not inferior to the power of Gotenks suddenly burst out, causing a vacuum to appear in a corner of the arena. The Gotenks staggered and was almost swept down by the energy of Caulifla.

Above the arena, Muyang narrowed his eyes as he watched Caulifla display her might. He could not help but rub his chin.

"This Caulifla is quite interesting. She seems to be Reno's sister."

In Muyang's own world, he had trained in the Universe 6 to for a period of time. At that time, he had seen Reno on Planet Sadala. At that time, the other party was only a trainee member of the "Sadala Defense Forces".

Undoubtedly, Caulifla was a very talented Saiyan. Although she looked a little wild and willful, in fact, her mind was very simple. Her youngest son, Mutian, was seven years old this year, and Caulifla in her own world seemed to be only five or six years older than Mutian. The two of them were quite compatible.

But then, Muyang remembered that when Caulifla was the head of the hooligans, she had a "little sister" Kale. The female Saiyan seemed to be a lily. Caulifla stayed with her all day, and her sexual orientation must be checked.

Forget it, let's not think about this. Anyway, his youngest son was only seven years old. It was too early to think about this.

Caulifla, who was enjoying her powerful strength, naturally did not know that she had been guessed by Muyang. She even almost smashed the score. At this time, she was holding on to the Gotenks and releasing her desire to fight to her heart's content.

"Strange, how can this woman's Super Saiyan 2 form be so powerful?"

While being shocked, Gotenks struggled to resist the power of Caulifla. Caulifla's energy was very wild. When the huge mushroom cloud rose up, clear and sweet laughter rang out continuously. Caulifla laughed loudly and jumped up and down continuously, not giving others peace.

The battle between the two caused a great commotion. Soon, she and Gotenks became the targets of the people around them. The experts of the other universes turned their heads around and rushed towards Caulifla and the others with a whoosh.

Facing the continuous attacks of several experts, Caulifla quickly felt the pressure, but this girl seemed to be born with a one-track mind. At this time, not only did she not retreat and save her strength, but she also provoked everyone even more arrogantly.

“Humph, humph, humph, you must be afraid of me. Wow, all of you joined hands. Come on, I am not afraid of you. Later, I will eliminate all of you.”

“This woman is too arrogant.”

“Is there something wrong with her brain?”

“Let’s eliminate the people from Universe 6 first.”

“Let’s go!”

Of course, the experts from the other universes couldn’t stand the provocation of. They immediately surrounded her and launched an even more intense attack. Caulifla showed off her might with her mouth, but she soon suffered the consequences. Facing the attacks of so many experts, even if she transformed into a Super Saiyan 2, she would still be no match for her.

“This... Caulifla, isn’t she a little too arrogant?” Muiyang shook his head, somewhat speechless.

“We seem to have been implicated by her.” Cold sweat appeared on Gotenks’s forehead. It had only been less than ten minutes since the start of the competition. If he was eliminated at this time, it would be too unworthy.

His brain suddenly turned, and Gotenks spat out several balls of gas from his mouth, and then he assumed his own appearance. At the same time, these mimicry Gotenks raised his hand to the middle of his eyebrows and shouted,

“Solar-Flare!”

Suddenly, more than a dozen dazzling suns rose at the same time. The dim and chaotic world of nothingness seemed to have suddenly become extremely bright. The dazzling light made people unable to open their eyes.

In a battlefield like this, the effects of the Solar-Flare were actually very limited, but it came too suddenly. Many experts were blinded by the sudden light. At this time, Gotenks took the opportunity to slip away and run towards the area with fewer people.

When the light gradually dimmed, Caulifla looked at Gotenks who had already disappeared. There were several experts from other universes attacking her.

“That bastard, he attracted all the enemies to me.”

“Sister, I’ll help you.” A girl dressed in a brownish-red blouse and short skirt came to Caulifla’s side. Her black hair was tied into a ponytail, and her skin color was a little dark compared to the other Saiyans.

“Kale, you came too timely.”

“It’s nothing. Sister, let’s work together to beat them down!”

“Okay!”

Chapter 562

“I’m sorry, I was beaten down.” The silhouette of Cabba appeared in the rest area of ??Universe 6

Champa moved his throat, covered his head and cried out in a trembling voice, “Bastard, how did you get eliminated so quickly? You should be able to hold on for a while longer.”

“Uh!” Cabba lowered her head in shame.

At this time, Vados said, “Lord Champa, you can’t blame Cabba. The opponent he is facing is too strong, and compared to other universes, our side is considered good.”

When Champa heard this, he glanced at the members of other universes. Most of them had already been eliminated. The most miserable Universes 9 and 4 had already eliminated six or seven people, and they were not far from being cleaned up. Seeing this, Champa was in a better mood, but when he looked at the king on the throne who was happily holding a tablet and dancing, he couldn’t be happy.

There will only be one universe left in this strength gathering. This means that six out of the seven universes participating in the competition will be eliminated.

“Ah, we should have raised more experts. Vados is your responsibility.” Champa lied through his teeth and pushed away his responsibility.

Vados narrowed the eyes. “Lord Champa, this is not the breadth of mind of a mature god. Forget it, Universe 6 will be cleaned up later anyway. I will miss you when the time comes.”

Champa was shocked. “What do you mean? Don’t you angels disappear with the universe?”

Vados nodded with a smile. “Of course. After the universe disappeared, we would at most lose a job. There wouldn’t be any danger.”

“Ah, why?”

“Because we are the Angel Race, maintaining the balance of the universe is only our job. If the universe is destroyed, we just need to change to another one.”

“Oh...” Champa never knew that there was such a thing, and he immediately looked at Vados with envy.

Compared with the Angels, he was a God of Destruction. He had no value! He didn’t enjoy any benefits. He was bound to the useless Supreme Kai. All day long, he could only eat the cornbread, and he could be cleaned up by Zeno at any time. He hadn’t even eaten delicious food.

Of course, the status of the god of destruction was high. The God of Destruction like Champa could only be said to be extremely rare. If he wanted to blame someone, he could only blame his Angel.

...

In the battlefield below,

All the contestants fought for their own universe until the end. Even Freiza, who was in his golden state, was using his last strength for the hope of resurrection. As the battle continued, several contestants from several universes had been eliminated. According to the rules of the competition, these universes should be cleaned up.

The two Zeno stretched out their small hands at the same time and clenched their fists. It was as if they were shattering a bubble, and a supreme rule descended.

The universe, along with the life within the universe, was cleaned up by the power of Zeno.

At the same time, the God of Destruction and Supreme Kai who were sitting on the viewing gallery had all disappeared.

Universes 9 and 4 had become the first to be eliminated, followed by Universe 2... By the time the competition reached twenty minutes, three universes had already been cleared.

Although the remaining universes were still considered safe for the time being, they couldn't help but feel a sense of sorrow. After all, only one universe could survive in the end, which meant that three of the remaining four universes would be cleared out.

“Everyone, work harder!”

In the remaining four universes, the participants from the third, sixth, Universe 7, and Universes 11 erupted with their last strength, and an unprecedented battle continued.

On Universe 7's side, Son Goten, Trunks, Piccolo, Son Gohan, and Android 16 had all been eliminated. The God of Destruction, Lord Beerus, was constantly shaking his legs. Seeing that there was only half of the time left, he stood up and shouted at Son Goku and the others, “Son Goku, Vegeta, it's done. Hurry up and use the Fusion Technique.”

He was afraid that if this dragged on, their physical strength would be exhausted.

When Son Goku and Vegeta heard this, they immediately left the battle line and began to use the fusion technique. At this time, the experts of other universes saw the situation and rushed over to stop it when they expected something to happen.

“We will delay this place.” Android 17, Android 18, and Frieza stood in front of the other universe experts.

Android 18 stroked his golden hair and suddenly smiled. “If you want to stop them, you have to pass through us first. Although the competition here has nothing to do with me, you have to try your best when you get your salary. I have to be honest.”

Android 17 glanced at his sister. “Alright, you don't have to talk nonsense with them.”

Standing in front of them were the pride members of Universe 11. “For the universe behind me, even if it is a tough battle, I must persevere.”

“You are right. Standing on this arena is for the universe behind me...” Android 17 took a deep breath and slowly exhaled. His body suddenly erupted with a strong fighting spirit.

Soon, Android 17, Android 18, and Golden Frieza fought with a few members of Pride Troopers. These people all had the strength of Majin Buu. The battle was extremely loud, but there was a Toppo on Pride Troopers. That was the Expert of the Half-God Level. When he joined the battle, only Golden Frieza could compete with him.

Under the attacks of Toppo and the others, Android 17 and Android 18 kept retreating. At this time, Golden Forza stepped forward and released his ki wave, but was caught by Toppo with his palm. His body was immediately seriously injured.

“Humph, you must compensate us when we go back this time.”

Feeiza turned his head and roared. Then he hugged Toppo and wanted to jump off the arena with him, but in the end, Toppo was still better than him and beat him down.

“Sorry, in order to protect your own universe, I can only let you go down.”

Toppo apologized. He, who adhered to the principles of justice, was actually not willing to step on the lives of other universes to protect himself. However, for the sake of the huge universe behind him, he could only shoot down all the people who blocked him.

“Death Cannon!”

Toppo opened his palm and released a powerful air current attack. The air current was like a huge wave that continuously surged. Wave after wave, it was impossible to resist. At this moment, a surging energy soared into the sky. A pale golden figure arrived in front of Android 17 and the others. Toppo’s attack immediately lost its effect.

Son Goku and Vegeta completed the fusion technique and appeared.

“Who are you?” Toppo looked at the warrior in front of him and his heart trembled.

“Me? My name is Gogeta!”

The black-haired warrior’s entire body flashed with a golden light. Gogeta combined the power of Son Goku and Vegeta, and his strength caused everyone present to tremble.

“Captain, there seems to be something wrong with the other party.”

“En.” Toppo’s forehead was covered in sweat. Other than his universe’s Jiren, he had never met such an opponent.

“You are very strong, but you are still not my match.”

Gogeta clenched his fists and suddenly turned into a Super Saiyan. Suddenly, an invisible pressure rumbled and spread out. The smooth air was wrinkled. Toppo was the first to bear the brunt of it. His face suddenly froze. He felt the pressure coming from Gogeta.

“So strong!”

“Android 17, Android 18, leave these guys to me. You guys go and deal with the experts of other universes.”

“Okay.”

Android 17 and Android 18 responded and were about to head to Universe 6 when a heavy figure blocked them. The terrible momentum made them tremble. “None of you can get away.”

The person who blocked Android 17 and Android 18 was Jiren.

The expression of Gogeta changed and he looked a little serious. “I finally met an interesting opponent.”

“My name is Jiren.”

“My name is Gogeta.”

“You are very strong. You are worthy of my help.” Jiren spoke very little, but he gave off an endless pressure. He slowly walked towards Gogeta. Every step he took caused his aura to rise. When he arrived in front of Gogeta, that terrifying aura had already caused the entire ring to tremble.

“You too. I’ll let you experience my full strength.” Gogeta shouted. He pressed down with his arm and assumed a combat posture. His entire body was already burning with light blue gaseous flames that were like smoke.

Super Saiyan Blue!

Feeling the aura suddenly released from Gogeta’s body, Jiren’s pupils suddenly shrank. At this time, he also officially put on a fighting posture, looking as if he was facing a great enemy.

At this moment, the God of Destructions in the stands were stunned. “These two guys have powers that are not inferior to the God of Destructions.”

Belmod was even more shocked. “This is the first time I’ve seen Jiren acting like he was facing a great enemy.”

Marcarita twirled her hair with her fingertips. “That Gogeta is very powerful. Jiren has finally met his opponent.”

And beside Zeno, when Muiyang saw Gogeta appear and show the form of a Super Saiyan Blue, his body began to lean forward and look at it seriously.

“This is probably the peak battle of the ‘strength gathering’. Between the Super Saiyan Blue Gogeta and Jiren, who is better?”

Chapter 563

“This person is very strong!”

Broly, who was sitting next to Kusu, stared at the fusion of the Super Saiyan Blue

Kusu looked at Broly. “Do you want to fight them too?”

“Yes!” Broly nodded honestly.

Kasu said, “Don’t worry, your body contains more terrifying power than theirs. Under my training, you will soon master it. At that time, no matter if it is the blue-haired Saiyan or the warrior with big eyes, they will not be your match.”

“I really want to fight.”

“Hehe, don’t worry. It’s the ‘Tournament of Power’ right now. Bear with it for a while and you can fight them in a few days. At that time, there will be an even more powerful God of Destruction waiting for you to challenge.” Broly was not even a trainee god, so he did not need to abide by the rules of not being able to fight for no reason.

Broly looked at Kasu with a face full of anticipation, then nodded hard.

“Yes, I believe in you!”

He turned his gaze to the arena. Over there, ever since the confrontation between Super Saiyan Blue Gogeta and Jiren, a terrifying aura had firmly enveloped the entire arena. All the contestants who had not been eliminated felt a tightness in their chests, and they felt like they could not breathe.

After staring at them for a moment, the battle between Gogeta and Jiren started very quickly. Their speed was obviously very fast, but their steps were very clear. However, when they got close to their surroundings, their line of sight seemed to twist, and strange curves appeared.

Jiren stepped hard on the stone floor. The violent force penetrated down, and the solid stone floor actually shattered. Several small stones flew out. Xiu, like a bullet speeding up to the extreme, it swept in all directions. The people around were all unable to avoid it. They were deeply afraid of being swept by the stones.

“Interesting.”

Gogeta rubbed the bridge of his nose. Just as he was about to make his preparations, a mountain-like body suddenly pressed down in front of him. The powerful aura immediately made Gogeta stare with his eyes wide open. The corners of his mouth curled into a smile. Gogeta sneered, as if he had already anticipated Jiren’s movements. His body nimbly jumped backwards.

“You are very strong, but facing me, you have no chance at all.” Jiren said coldly.

A dark red figure flashed to the side of Gogeta, and Jiren widened his black eyes.

A dim light flashed through his eyes, and his movements actually sped up a bit.

With a bang, the hard fist smashed into Gogeta’s body, but the shadow was dodged by Gogeta in a flash. Jiren’s fist landed on the ground, and a pit with a diameter of one meter suddenly appeared on the ground. The winding and broken area was about ten meters.

“Hahaha, come again...”

Gogeta laughed loudly. The blue flames burned fiercely, and his movements were very agile as he engaged in a battle with Jiren. The intensity of the battle between the two sides grew stronger and

stronger. At this time, even the God of Destruction had his eyes wide open as he watched their battle in horror.

“Are these two still mortals?”

“Even the God of Destruction is only so!”

“If they can survive in the conference, the next God of Destruction will be none other than them.”

“Terrifying!”

Peng!

The violent collision created a storm that covered the sky and covered the earth. The air was constantly filled with the sound of shattering explosions. Gogeta focused his mind. His fingers curled into claws and he attacked Jiren fiercely.

Du du du.

Figures flashed back and forth in the void. The two of them were extremely fast. Two flat rays of light constantly collided and separated, but the ground had already scattered pieces of fine stones. Even the arena that could withstand the battle between the God of Destructions had collapsed in the battle between Gogeta and Jiren.

A violent energy storm swept out, sweeping up a strong storm. Facing the terrifying power that Gogeta had erupted with, even Jiren was extremely alert.

Suddenly, Gogeta approached Jiren. He lowered his body and clenched his fist to attack.

“Cough...”

Fresh blood flowed out from the corner of his mouth, and Jiren’s eyes suddenly popped out. He suddenly laughed crazily, and then, as if he didn’t know the pain, he seized the opportunity to start a close combat against Gogeta.

Peng, peng, peng. In the face of the power of the battle between the two sides, the expressions of the remaining people on the arena changed. The slightly weaker universe people quickly retreated, and then left the battle zone.

“These two monsters.” Hit focused his face and maintained his physical strength.

“I... I’m so envious of that transformation. Pfft...”

Caulifla spat out a mouthful of blood. She stood with the support of Kale. At this moment, Kale had already taken on the form of a Super Saiyan. Moreover, he had green hair and his strength was comparable to an ordinary Super Saiyan God. If not for this, she would have been eliminated in the previous battle with her strength.

“Sister, don’t speak.”

“Kale, why can’t I transform like that? Wa wa... I’m so angry!”

Caulifla looked envious, and her eyes were filled with undisguised jealousy.

On the other side, Android 17 and Android 18 were confronting Pride Troopers and the others. Relying on the android's never-tired physique, they barely managed to deal with each other. However, after Toppo joined the battlefield, the two of them were at a disadvantage.

“Go down obediently. You are not my match.” His white beard fluttered, and his two strong arms pointed at Android 17 and the others.

Android 17 pulled down the clothes on her body. “Sister, the gender is different. What will happen if you use the Fusion Technique?”

Android 18 frowned and glanced at Android 17 with her delicate eyes. “I don't know. I won't merge with you.”

Android 17 smiled bitterly. “I think so too.”

Who knew what kind of person would appear when a man and a woman merged? If he had known this earlier, he would have tried to fuse with Son Gohan to see if he could salvage a bit of a disadvantage. But now, they were facing Toppo from Pride Troopers's confidence. Their strength was only a bit weaker than the terrifying Jiren.

Seeing that the battle could not be avoided, Android 17 looked at Android 18 and suddenly placed his hand on Android 18's shoulder.

“What are you going to do?”

“I will try to pass the energy to you. We are both man-made and our blood is connected. Other than gender, everything is the same. Maybe I can help you take the last step.” Android 17 threw all his energy into Android 18, and suddenly, like a dam, endless energy surged into Android 18's body.

Crash... Eternal energy surged up like a tide, endless. Because he was an eternal man-made man, Android 17 was not afraid of losing energy. As more and more energy was transmitted, Android 17's face began to turn pale, as if it were forgoing to be exhausted.

“This situation... seems to be a little bad...” Toppo looked at the actions of Android 17 and Android 18. He did not understand what they were trying to do, but when he noticed that Android 18's aura was getting stronger and stronger, he suddenly felt a chill in his heart and felt a sense of unease.

He definitely had to break the other party's movements.

“Hehe, it's already too late.” Android 17 withdrew his hand with a mocking smile on his face.

Toppo raised his eyes in anger and punched Android 17. Android 17 suffered a blow from Toppo, and his body flew out of the arena like a broken kite. With a whoosh, Android 17 returned to Universe 7's rest area.

“Android 17, are you alright?” Son Gohan asked with concern.

Android 17's face turned pale. "It's fine. The energy consumption is too great. I will be fine after resting for a while. This is the first time I feel powerless." Android 17 is an eternal android. The energy will never run out. The previous consumption was all because the energy was transferred to Android 18.

"What will happen to Android 18?"

Android 17 smiled. "She has accepted my energy. She should be able to take the last step."

"Huh?" Son Gohan could not help but be startled.

Android 17 smiled and looked down with anticipation.

Indeed, Android 18 was currently in the midst of a transformation. She, who was already at the Half-God Level breakthrough, only needed a single step to step into the Half-God Level. What was lacking was just a bit of comprehension. In the battle just now, the improvement of her realm had already been achieved. After all, Android 18 was in charge of a galaxy universe in Acceleration World's hands. Every day, she was directly in contact with the power of rules, and her body had already undergone a transformation.

And Android 17's actions just now were just the stepping stone for stepping into the Half-God Level.

Rather than saying that Android 17's energy allowed Android 18 to take a step forward, it was more accurate to say that Blackstone in Android 18's body felt the pull of Android 17's energy. In that instant, it changed and resonated with the rules of the galaxy universe.

As a result, the first Half-God Level android in history was born.

Boom! The surging energy suddenly exploded, like a tornado that did not disperse for a long time. The energy was very pure and powerful, and there was a trace of the charm of rules in the energy. It was obvious that it was not an ordinary Half-God Level.

In the white light, Android 18's graceful figure appeared. Her shoulder-length blonde hair fluttered. Her sapphire eyes were full of divine light, and her every move gave people a great pressure.

Android 18, who had stepped into the Half-God Level, had the rules of the Galaxy Universe on his body. It was the rules of a large universe second only to Universe 7, but it was also not comparable to ordinary Half-God Level. If the super Saiyan God had just stepped into the Half-God Level, then Android 18 could at least be comparable to the Super Saiyan Blue now.

"This is bad." Toppo muttered to himself, his expression ugly.

"Is this how it feels like to break through? It feels a little different from normal Half-God. Hmm, the power is still endless."

Android 18 stroked the hair on his forehead. "People from the Universe 11, it's my turn to teach you a lesson."

"Not good!"

Toppo only felt a blur in front of his eyes. Android 18's beautiful figure rushed towards them. In an instant, a slender arm appeared in front of him. Toppo hurriedly raised his arms to block, but he was sent flying by Android 18's strength.

“So strong. This woman has clearly just stepped into the Demigod rank. How can her strength be so strong?” Toppo’s face sank. His two thick arms were faintly aching.

At this moment, Android 18’s attack came again. It was as if she was aiming at Toppo. She continuously released energy balls, not giving Toppo any chance to react at all.

Chapter 564

Peng! Peng! Peng! Peng!

Android 18’s attacks were all fierce attacks, and energy balls were constantly being thrown out one after another as if they were endless. If it were for anyone else, they would have long since been exhausted.

“What’s wrong with this woman? Isn’t she worried that she’ll run out of energy?”

The God of Destruction in Universe 11, Belmod, said in disbelief.

“The situation is indeed like this!” Marcarita replied.

“What?”

Belmod was a little stunned.

Marcarita covered her face and said, “Her name is Lasuli. She is the niece of the Grand Supreme Kai. She has an inexhaustible source of energy. Didn’t Lord Belmod notice that since the start of the competition, she hasn’t shown any signs of exhaustion?”

“Bastard, an inexhaustible source of energy... This is too lazy.”

Belmod felt bitter at the corner of his mouth, and then he became flustered and exasperated.

This way, wouldn’t he lose? Although he had the strength of more than Android 18, if he was constantly attacked, his physical strength would be consumed in his defense! The other party would never be tired, so what was there to compare? Sooner or later, he would be dragged down by her.

The originally confident Belmod began to worry about his own universe winning and losing this time.

Unlike the low morale of Universe 11, in the stands, the God of Destruction Lord Beerus was dancing with joy, not to mention how happy he was.

“Hahaha, that’s it. Android 18, defeat them with all your strength and beat them all down.”

Although Universe 7 only had two people left now, Super Saiyan Blue. There were only two people left, but Super Saiyan Blue Gogeta and Android 18 were first-class experts and were not easy to get rid of. As long as Gogeta could resist the attack of Jiren, Android 18 blocks Toppo, then the victory was on their side.

Lord Beerus had never felt so close to them.

As the remaining four universes, Universe 7 currently had an obvious advantage. In addition, the Universe 3, Universe 6, and Universe 11 were all earth-shattering dogs.

On the side of Universe 6, Caulifla couldn't stand Lord Beerus' arrogant appearance and sat alone, sulking.

At this time, on the arena stage, Caulifla and the others ran into experts from Universe 3.

During the battle, two earrings fell from the belt of Caulifla's trousers. It turned out that she had gotten them from Supreme Kai of Universe 6 before the competition.

"What is this?" Hit picked up the earrings and asked.

"Aha, I got it from that fat Supreme Kai," Caulifla said awkwardly.

"Ah, that's my pair of Potara Earrings. She stole them."

Supreme Kai Fuwa said.

Seeing this, Champa's eyes lit up and he shouted at Caulifla and Champa, "Hey, what are you two waiting for? Hurry up and put on your earrings. Remember to wear one on the left and the other on the right."

"Hey, Champa, what are you doing? Using props is against the rules." Lord Beerus shouted at Champa.

"Hmph."

Champa completely ignored it at this time, because according to the situation, if Caulifla and the others did not wear earrings, the Universe 6 was clear that they would be eliminated, and if they put it on, there might be a chance of survival.

Caulifla and Kale heard the voice of Champa and put on their earrings in confusion. Suddenly, a strong suction force pulled the two of them closer, and in a flash, Caulifla and Kale combined.

This was the first warrior in the history of Universe 6 who was a fusion of female Saiyans, and it was called Kefla.

Her appearance was that of Caulifla, and her personality was the same as hers, but it had Kale's Legendary Super Saiyan Form.

"Oh, what's going on?" The girl was in high spirits as she felt the energy in her body in disbelief.

"Wow, so strong. I've also made a name for myself."

Kefla excitedly fiddled with his hands and feet. His eyes narrowed and he suddenly exploded. It was as if he had transformed into a Super Saiyan. His strength had directly reached the Half-God Level.

"Potara Fusion's Legendary Super Saiyan. Interesting." Muiyang laughed and looked at Zeno at the same time.

"How interesting. Another one has become a person."

"En, very interesting."

The two Zeno danced happily, as if they were very happy.

The Grand Minister looked deeply at the king and announced to everyone. Because the king was very happy now, it was not a foul this time. However, at the same time, it was stipulated that the people behind could no longer use the Potara Earrings. The purpose of the strength gathering was to make the king happy. All the rules were centered around this point.

When the gods of other universes saw this, it was useless to resist anymore, but they regretted not thinking of this in their hearts.

In the following battle, Hit and Kefla of Universe 6 fought against Universe 3. Soon, the two sides entered a white-hot stage. Finally, when there were only five minutes left in the competition, the third universe was eliminated.

“There are only three universes left. This ‘Tournament of Power’ will end in five minutes.”

At this time, Muyang stood up from his seat and looked down at the battle of Gogeta and the others. Although the battle below was not strong in his eyes, if he observed it carefully, he could still find something useful.

At this time, besides Android 18, everyone on the field was panting. Even Gogeta and Jiren were struggling hard.

Whoosh, the image of Gogeta continued to flash, and Gogeta continued to break through the afterimages.

Clank!

Gogeta aimed at the chest of Gogeta and attacked. After failing in one move, he started to distance himself.

Then, he exerted force in his legs and started to fight again.

“Hahaha, it feels so good. Again!”

Boom! Boom! Boom! Boom! The sound of explosions rang out. Brilliant mushroom clouds rose into the sky. The arena looked like it was facing a super typhoon. Broken stones scattered in the endless storm. Gogeta wiped the blood from his mouth and laughed loudly. He continued to fight like a madman as if he didn’t know exhaustion.

Whoosh! Whoosh! Whoosh! Whoosh! His body burned with a deep blue light. His robust body continuously flashed in the arena.

Jiren had a dark expression on his face, and a bloody light flashed in his eyes. Then, he suddenly punched the air.

Crack! Crack! Crack! The smooth air suddenly shattered, and sparkling lines appeared. The fragments of the void fell down like glass.

Bang!

“Super Kamehameha”

Gogeta suddenly released a huge wave of ki. Jiren hurriedly raised his hands to block. At this time, Gogeta teleported over and punched Jiren in the eye. Jiren felt dizzy.

“Energy Punch!!” Jiren was not to be outdone as he fought back.

“Hahaha, this is the real battle!”

Gogeta laughed wildly, as if enjoying the fun of fighting.

At this time, the competition was about to come to an end. Hit and Kefla of Universe 6 had already met up with Android 18 and Toppo. The three sides had completely started a chaotic battle. Hit and Kefla seemed to know the threat level of Number 18, so they joined forces with Toppo to attack Android 18.

Unfortunately, it was difficult to fight four punches with both hands. Android 18 was forcefully held back and finally fell out of the arena. However, Android 18 did not let them go when he fell. He directly pulled Kefla and Toppo to be eliminated together.

“Old auntie, I will remember you.” Kefla was furious after being eliminated.

“This girl is really annoying.”

Android 18 also had a bad expression. It would be strange if he was in a good mood after being called an aunt by a little girl.

When Android 18, Kefla, and Toppo were eliminated, there were only three people left on the arena. They were Gogeta, Jiren, and Hit. Among the three, Gogeta and Jiren were the strongest. Hit could not intervene in their battle at all, so he simply used his dodging ability and space energy to constantly avoid their battle and maintain his combat strength at the same time.

When the moment of the end of the competition was about to arrive, Gogeta and Jiren released their strongest attacks at the same time. In the end, both of them were injured and fell to the ground. Only then did Hit slowly walk out from the corner.

After a period of adjustment, Hit had already recovered his strength.

“It seems that I won this match.” Hit extended his finger and pointed at Jilian, sending him out of the arena.

Rumble! The stone pillar in the center of the Arena slowly entered the platform. At this time, Hit had already thrown out the Jiren. When facing Gogeta, Hit spent a lot of effort, but he finally succeeded.

“Although the victory is not fair, the last person who can stay on the stage is the winner.”

“Ah ah ah, it's over!” God of Destruction Lord Beerus pulled his ears, his two golden eyes bloodshot!

Champa happily raised his head. “Hahahaha, I am going to win, I am going to win.”

Then he burst into tears. He never thought that his sixth universe would survive to the end. It was not easy.

“‘Tournament of Power’ ends here, winner, Universe 6 – Hit!”

Chapter 565

“The competition is over!”

“The universe of victory is actually Universe 6.”

Everyone was immersed in the final battle of the competition. It was not until the Grand Minister announced the results of the competition that everyone finally reacted. What surprised them was that the final victor was not Universe 7 or the eleventh universe, but Universe 6 that was not considered powerful in all aspects.

“It’s a pity that those two powerhouses, I’m afraid even the ordinary God of Destruction is not their match.”

“Yes, but who let them die together in the end!”

The gods of the few universes who did not need to participate in the competition whispered. They felt pity for Gogeta and Jiren. However, this pity did not last long before it disappeared. The expression of God of Destruction became cold again. After all, he was just a mortal. Even if he had outstanding combat strength, he would not be in their eyes.

“Great, my universe does not need to be cleaned up.” Champa cupped his hands and almost knelt down to worship.

“Vados, we won.”

“Yes, Lord Champa.” Vados had a gentle smile on his face.

“Wow... it was not easy.” Champa remembered all his worries before the competition. Now, he could finally let it go. He couldn’t help but hug Vados’ thigh and burst into tears with snot and snot.

Meanwhile, Lord Beerus and Belmond’s faces were bleak. They looked at the final result with dull eyes and did not come back to their senses for a long time.

“It’s over.” Lord Beerus’ face was full of worry.

Whis took a deep breath. “Lord Beerus, looks like I have to say goodbye to you.”

Lord Beerus raised his head. “Whis, you don’t have to say anymore.”

“Son Goku, they are doing their best, but unfortunately we are not good at luck. We ended up fighting the people of Universe 11, and it makes the Universe 6 and let Universe 6 take advantage of us for no reason.” Lord Beerus looked at Champa. “Bastards, the fact that you can win is because I, Universe 7, gave it to you.”

After hearing this, Champasorted and turned his head away.

Muyang sat back in his seat and looked at him in a daze, "I didn't expect that Universe 7 would lose. He clearly replaced Master Roshi and the others. Logically speaking, he should be stronger... Is it because he didn't let Son Goku become the state of Ultra Instinct?"

No,

Gogeta was no worse than Son Goku, who was also on par with Jiren. However, the calculation of people was not as good as the calculation of heaven. Hit of Universe 6 actually survived until the end.

In the original story, the one who survived to the end should be Android 17, but at this time, there was a change.

Muyang felt that this was reasonable. After all, the final battle was an evenly matched battle. It was just a little bad luck. If Master Roshi, Tien Shinhan, and the others participated in the competition and won in the end, it would be really unscientific. To know that the "Ultra Instinct" state of Son Goku was not Jiren's opponent. In the end, he relied on the exhausted Son Goku and Vegeta's explosive energy time and time again to forcefully fight against Jiren. In the end, he could still win. It was not logical in itself.

"Forget it. Universe 7 will disappear for a while. Anyway, he will recover in the end." Muyang shook his head and looked at it calmly.

He knew that the Grand Minister and Zeno did not really want to destroy so many universes. Zeno might be ignorant, and he would not know the severity of his actions. However, the Grand Minister would definitely not be like this. The "Tournament of Power" this time was just the Grand Minister using the name of Zeno to whip the gods.

In the void, the Grand Minister looked at the gods with his hands behind his back.

"Since the last person left on the arena is the people of Universe 6, then the result of the competition has already come out. The final victory of the 'Tournament of Power' is Universe 6."

"Universe 7's Gogeta and the lucky chain of Universe 11, you have contributed a wonderful battle for this conference. But unfortunately, you have all failed. According to the rules of the competition, I can only tell you that it is a pity..." The Universe 6 turned to look at Zeno, "Please make the judgment."

"Mm..."

Zeno nodded. "Although it is a pity that Goku lost, there is no other way!"

"Yes, there is no other way."

Zeno nodded as well. The two Zeno looked at each other and raised their arms at the same time. Then, they clenched their fists tightly as if they were holding something. In an instant, the rules of the entire universe were activated, and bright rays of light lit up from Zeno's palm.

"Erase!"

As soon as he finished speaking, Universe 7 and the people of Universe 11 lit up with sparkling rays of light.

“Marcarita’s, thank you for taking care of me for so long.” Lord Belmodt sighed in relief as if he had a heavy burden on his shoulders.

A sorrowful expression appeared on Marcarita’s face. “Goodbye, Lord Belmod.”

“Son Goku, Vegeta, thank you for your hard work. There is nothing we can do about it.” In the end, Lord Beerus also hardened himself and said his thanks. He glanced at the elephant handkerchief in the sixth universe and gave him the middle finger.

“Lord Beerus, you are so magnanimous in the end.” Whis sent them off with praise.

“Of course.”

Lord Beerus rolled his eyes at Whis.

With a crashing sound, a brilliant light flashed. Universe 7’s group and everyone in Universe 11 completely disappeared in the flash of light of Zeno.

“...”

Champa stared blankly, not knowing what to feel in his heart. Although the two of them had always been at odds, Lord Beerus was still his brother after all. At this moment, Champa’s heart was empty.

“Eh, why hasn’t that old auntie disappeared?”

At the tip of the eye, Kefla glared at the position of the Universe 7. The woman with the golden beautiful hair sat quietly in the position where the crowd disappeared, and was not affected by Zeno “Erase” power.

“Little girl, who are you calling an old auntie” Android. 18 glared at Kefla angrily. The words this uneducated Saiyan said were so uncomfortable. Android 18 had the urge to slap her a few times.

“How can you be fine?” Kefla shrank her neck and shouted while pointing at Android 18.

“Yes, why didn’t she disappear?”

“The others have disappeared, but she is safe and sound.”

The gods of Universe 1 , Universe 5 , and Universe 8 is weird. Zeno’s erased ability can’t be offset, this is the law of everyone.

Champa also looked at Vados. “Vados, what is going on?”

Vados paused for a moment and said, “This Miss Lazuli is the niece of Lord Grand Supreme Kai. Before the ‘Tournament of Power’, the ‘Erase’ Fate has been waived.”

As soon as Champa heard this, he immediately showed an envious expression. Sure enough, it was good to have a backer!

Because the Angels had their backs to the Grand Minister, they could ignore the elimination of Zeno. This woman of Universe 7, because of Grand Supreme Kai, would also not be eliminated. Thinking about himself, he was always worried and scared. Even if he escaped this purge, who knew if there would be a next time? People really could not compare!

I also want to hug the thigh.

He glanced at Vados' slender thighs. She was indeed pretty, but unfortunately, the Angel's thighs were not 'thick' enough!

After Universe 7 and the eleventh universe were cleared, the Grand Minister looked at the final winner, Hit, and said, "According to the rules of the tournament, the contestant who won the final victory will be rewarded."

"Now the Super Dragon Ball is yours!"

After saying that, the Grand Minister waved his arm. Seven Super Dragon Balls that were bigger than planets appeared in the "Null Realm". The orange-red spherical surface shone with a dazzling and dazzling luster. When the seven Super Dragon Balls gathered together, it looked spectacular. Even the experienced and knowledgeable God of Destruction revealed a surprised expression at this time.

"Hit, you can make a wish to the Super Dragon Ball!" At some point in time, Muiyang was standing beside Hit.

"En."

Hit nodded slightly. His blood-red eyes looked at the Super Dragon Ball.

This was the second time he saw a Super Dragon Ball. The last time was when the sixth universe and Universe 7 held a Martial Arts Tournament. "Grand Supreme Kai, can I trouble you to summon the Super Shenron?"

"Of course." Muiyang chuckled and then shouted in the common language of the gods,

"Come out, Super Shenron!"

Chapter 566

"Come out, Super Shenron!"

Following Muiyang's shout, a dragon's roar rang out from the depths of the Null Realm. Just like how he had summoned the Super Shenron before, after a period of brewing, the golden radiance illuminated the entire Null Realm. "Roar..." The dragon's roar resounded through the heavens and earth, and a huge impact suddenly erupted from the golden auspicious cloud.

The majestic and vast body of the Super Shenron appeared as if it could cover the sky and cover the ground.

Looking at the Super Shenron, all the gods widened their eyes.

Zeno was even more happy as he danced. Muyang looked at Hit seriously and said to him, “Now you can say your wish. No matter what it is, the super divine dragon can fulfill it for you.”

Hit looked at Muyang and saw that his lips moved slightly. His ruby-like eyes suddenly shrank.

Hit nodded and said, “Please have the Super Shenron revive the universe and life that has been cleared on the ‘Tournament of Power’.”

Muyang smiled and conveyed the message for Hit. Soon, the eyes of the Super Shenron shone.

“This wish can be fulfilled!”

The ancient Super Shenron spread its golden wings. The golden light rushed out of the Null Realm and landed in the vast void outside. Under the divine power of the Super Shenron, the universe that had been cleaned up by Zeno before was completely restored.

Of course, it was not easy to resist the power of Zeno. Fortunately, Zeno did not completely destroy the universe under the command of the Grand Minister. Therefore, under the permission of Zeno, the universe was restored one by one. All the gods and contestants who disappeared in the world of nothingness also came back.

“Ah, why are we back?” Lord Beerus opened his eyes blankly.

“I feel my mind is blank!” Son Goku and Vegeta have separated from the Gogeta state.

“We are not dead?”

A puzzled voice sounded. All the gods who had disappeared walked around in death. When they opened their eyes again, they found themselves still standing on the grandstand of the Arena.

“It was Hit who used the power of the Super Dragon Ball to resurrect you.” Whis explained to Lord Beerus.

When Lord Beerus heard this, he understood what was going on. It turned out that they had indeed been cleared by Zeno once. It was just that Hit had used the dragon bead obtained by the victor to revive them. Thus, he nodded kindly.

Lord Beerus gave Hit a high look.

In reality, this was the last reminder that Muyang had given Hit. It was also a test given to the winner by the Grand Minister. If Hit had not made this wish, then it would have been troublesome. Fortunately, Hit was pure of heart and few desires. He did not have any urgent wishes. He immediately understood after a little reminder and did as told. The final result could be said to be satisfactory to all parties.

At this point, Zeno “Tournament of Power” was completely over. Before leaving the “Null Realm”, the Grand Minister emphasized on educating all the gods. He also told them that if they did not work hard to improve their own universe evaluation, the next time they would hold a real “Tournament of Power”, it scared all the gods to nod their heads to show their attitude.

“Vegeta, after we go back, we have to cultivate well. We can’t lose again next time.” Son Gokysaid seriously.

Vegeta said, “I know even if you don’t tell me.”

In a sense, they were all people who had died once. This kind of thing absolutely could not happen again. Next time, they would not be so lucky to be resurrected.

“rice comprehension, this is a lesson. Next, you can’t neglect your cultivation.”

Piccolo sternly to Son Gohan sternly.

Son Gohan nodded vigorously. “I understand.”

Speaking of which, practicing martial arts had never been Son Gohan’s ideal. The reason why he had embarked on the path of martial arts since he was young was mostly due to the oppression of the outside world. Once his life was comfortable, Son Gohan would no longer have the motivation to become stronger. This encounter made him realize something, but it was still hard to say if he could have the awareness of the broken arm Son Gohan in the world of Trunks.

Piccolo patted Son Gohan on the shoulder. As long as he was willing to spare half of his time to practice martial arts, Piccolo would be very pleased.

Just as everyone was about to return to their own universe, Caulifla, who had already separated herself from the state of Kefla, ran over excitedly. “Hey, you are all Saiyans. Can you teach me how to transform before?”

“You are so familiar with me!” Android 18 sneered.

Caulifla opened her round eyes. “I didn’t talk to you. Hey, can you teach me?”

Kefla gently pulled on Caulifla with his small hands. “Sister, you will cause trouble like this.”

Android 18 snorted in dissatisfaction, not looking at this savage girl. Speaking of which, if the other party was not so roguish, he was still quite cute.

“Sure, if you want to learn, you can come to Earth in the future.” Son Goku agreed readily.

“Well, then it’s agreed.”

Caulifla laughed and waved her hand as she was pulled away.

After the people from the sixth universe left one by one, Muiyang came to Andorid 18’s side. “Do you want to go back to Earth with Son Goku or do you want me to send you directly to Acceleration World?”

Andorid 18 said, “Send me back to Earth first. I haven’t gotten my prize money yet.”

Muiyang couldn’t help but laugh. He shook his head and no longer spoke. Then, he watched as Whis and the others left the Null Realm.

Very quickly, everyone in the Null Realm left. Muiyang teleported back to Zeno World and then discussed Broly with them. Broly was Universe 7’s Saiyan. Although he would succeed as the god

of destruction in the tenth universe in the future, he could temporarily not go to the tenth universe before Supreme Kai was in place.

After watching Universe 7's match, Kusu thought that there were so many top experts on Universe 7's side. It was better to let Broly learn from them.

Broly himself had not yet mastered the transformation of the Super Saiyan. This competition had touched him greatly and he agreed with Kusu's way of doing things. Therefore, after obtaining the permission of the Grand Minister, the two of them went to Universe 7.

"Mr. Muyang, I need you to contact the sTime Patrol about Zamasu. Although I have taken back all the space-time rings, I can't interfere after Zamasu escaped."

The Grand Minister assisted Zeno in managing the entire universe, but he did not have the ability to travel through space-time. For the free Zamasu, he could only rely on Muyang and the Time Patrol team.

"Grand Minister, don't worry. I will deal with this matter as soon as possible."
Muyang nodded and said.

"Sorry for the trouble."

"It's fine."

Muyang waved his hand and immediately used the Time Ring on his hand to contact Supreme Kai of Time, Chronoa. Then, he obtained the permission to travel through time and space from her. "Zamasu used the time and space ring to return to more than a year ago. Fortunately, under the protection of Supreme Kai of Time, there was no parallel world, so I chased after him now."

"En, sorry to trouble you." The Grand Minister looked at Muyang, then watched him leave.

Muyang raised the ring in his hand, and soon a silver-white space-time channel appeared in front of his eyes. He stepped forward, and as if time and space were reversed, he left Zeno World

A year and a half ago in the Universe 4.

Earth.

It had been almost four years since Majin Buu incident in this world, and the world was in a peaceful state of peace. There were still a few days before the God of Destruction, Lord Beerus, woke up.

Suddenly, a silver light appeared in the sky. A dignified, fresh and handsome black-haired man appeared from the light. Muyang looked around indifferently and soon noticed the situation on the north side of Mount Paozu.

At this time, Son Goku is still reclaiming the land in Mount Paozu. That is to say, Zamasu has not collected the Super Dragon Ball and has not replaced Son Goku's body.

"I have to get rid of him before he makes a major historical variable!"

In the original story, Zamasu had relied on the power of the Time Ring to return to the past. He also used the power of the Super Dragon Ball to exchange for Son Goku's body. Then, he killed Son Gokug and created a parallel world. What Muiyang needed to do now was to find him before he exchanged for Son Goku's body.

To avoid the birth of a new parallel world.

Originally, Supreme Kai's Time Ring was for Supreme Kai to observe the past. Now, it was better to manage the universe. It was attached with the divine power of Supreme Kai of Time. Therefore, when Supreme Kai used the Time Ring, from entering to leaving, the entire time period would be suppressed by the power of Supreme Kai of Time, preventing it from splitting.

During this period of time, Supreme Kai was only allowed to observe and not interfere with anything. Otherwise, when he left, it was very easy to generate other parallel worlds.

...

Chapter 567

The time and space that Muiyang had come to now was relatively peaceful, because it had been almost four years since the incident with Majin Buu. All the Dragon Ball warriors had put down their vigilance and lived a peaceful life.

Even the most terrifying evil Majin Buu in the universe had been eliminated, and the world should be truly peaceful.

Under such a mentality, the Dragon Ball warriors no longer had the spirit to struggle in the past.

Even Son Goku, who was the most passionate about training, began to participate in labor work every day under the oppression of Chi-Chi. He reclaimed the land in the corner of Mount Paozu and planted some vegetables and fruits to maintain his family plan. There was no need to mention Son Gohan. Fighting was not something he liked in the first place. Four years of neglect caused his strength to decline greatly, and even transforming into a Super Saiyan was relatively difficult.

However, he himself did not care. On the contrary, he was immersed in studying as a scholar. Perhaps this was the correct path he believed to be.

Muiyang did not show up to see Son Goku and the others. Because he had transmigrated here, he had to minimize the interference of this world. He sensed the situation on Son Goku's side from a distance. Muiyang shook his head.

"In a while, when the God of Destruction Lord Beerus wakes up, you will know that the usual peace is just a facade. There are more challenges outside."

If he believed in Supreme Kai and thought that there was peace after destroying Majin Buu world, then he was gravely mistaken. The world of the Dragon Ball had the least lack of experts. There was a mountain and a mountain. If he stopped struggling, then he would soon be surpassed by others. Son Goten was an obvious example.

Thinking about how the awe-inspiring "Ultimate Gohan" from a few years ago had become a "Mystic Gohan" that could not even be defeated by a trash fish in four years, the entire process really made people lament.

Shaking his head, Muiyang no longer cared about them. Instead, he focused on searching for the whereabouts of Zamasu. This time, Muiyang did not use the help of Whis and the others. Instead, he searched the Universe 6 and Universe 7 himself.

He even had to avoid the attention of Whis and Vados to avoid unnecessary trouble.

His thoughts calmed down. The next second, Acceleration World's power spread out. Muiyang's mind gradually covered Universe 7. Countless spiral galaxies and galaxy appeared in front of Muiyang. With a look, Muiyang found that Universe 7's four Dragon Balls were still safe and sound in the universe.

In that case, Zamasu was currently collecting the three dragon balls in Universe 6... Muiyang's eyes narrowed slightly as he made his decision.

Supreme Kai did not have the remarkable ability of an angel. Even if Zamasu found a Super Dragon Ball, he would not be able to do so.

It would take a lot of effort to transport it to Universe 7, which gave Muiyang enough time.

The next moment, Muiyang's figure began to gradually disappear from Earth. He did not go directly to Universe 6 to find Zamasu. Instead, he first went to Planet Ambera near the Central Area. Soon, in the galaxy where Planet Ambera was located, a huge blue planet appeared in his field of vision. Not far from it, there was also a huge Dragon Ball of the same scale.

Muiyang landed on Planet Ambera and searched for traces of Gaia on this planet full of vitality. In the end, he found nothing.

Gaia's existence is indeed unique. Even in a parallel world, it does not exist... That is to say, from the moment Gaia was born, its existence did not split because of the Time Axis. As for whether it was really like Supreme Kai of the Time, Time Axis, it still has to be verified.

Time Axis was something that was almost impossible. Even Zeno and Grand Minister could not do this because of the divine attribute. The reason why Muiyang surpassed the timeline was because he obtained the help of Supreme Kai of Time when he became a Time Patrol.

From this point of view, Gaia was not an ordinary life form. Perhaps it was as the great priest had said, it was the dragon soul of the Super Dragon Ball. The specific identity needed to be asked by Supreme Kai of Time.

After staying on Planet Ambera for a while, Muiyang also did not see Birgil. After some investigation, he found out that this world's Birgill had already died together with Lord Slug many years ago. Now, the two super dragon balls in Ambra Galaxy were unguarded.

After sighing about the difference in the world, Muiyang did not stay any longer and immediately teleported to Universe 6.

Passing through the barrier between the universe, Muiyang stepped into Universe 6 and released the same wide-area detection. Soon, the corners of Muiyang's mouth rose slightly, and a smile appeared on his face.

“Zamasu, I finally found you.”

“However, in order to prevent him from using Time Ring to escape, we have to reinforce the surrounding space-time before going.”

Muyang raised the golden ring in his hand. This ring was the symbol of Time Patrol Team. Compared to the white ring in Supreme Kai’s hand, it had many magical functions.

The construction of the “space-time barrier” was one of them. It could effectively imprison the enemy in a specific area in space-time.

The golden Time Ring was authorized by Supreme Kai at that time. It immediately shone with a bright light. In an instant, the space-time of Universe 6 was strengthened. Even if Zamasu had Time Ring, he could not break free with Time Ring

After doing all of this, Muyang changed into a red trench coat specially made by the members of Time Patrol Team, and a valiant and formidable temperament was born.

It was the first time he wore such clothes, and his temperament was quite good. Muyang had a faint smile on his face, and then he flashed toward Zamasu.

Speaking of which, Muyang now had two sets of divine clothes in his hands, which were the red trench coat of Time Patrol and the Grand Supreme Kai divine robe of the entire universe. Should he also make a set of unique clothes for Acceleration World’s people in the future to put up a facade?

...

On the other side, Zamasu, who was dressed in Universe 10’s Supreme Kai robe, stood in front of a Super Dragon Ball with an excited expression. His hands were spread open, and his face twisted with excitement.

“It was worth it for me to consult Mr. Zuno. I finally found the first Super Dragon Ball. As long as I collect seven dragon pearls, those stupid humans will disappear from the universe.”

Before entering this time and space, Zamasu specially went to Mr. Zuno’s planet. It was rumored that Zuno knew all the secrets of the world.

After getting the information about the seven super dragon pearls from him, Zamasu came to Universe 6 without stopping. The reason why he first came to Universe 6 instead of collecting Dragon Balls was because he planned to summon a Super Shenron from Universe 7.

When he was the Supreme Kai Apprentice, he had a faint dissatisfaction with humans. What really made him feel resentful was after watching Tournament of Destroyers between Universe 6 and Universe 7.

In the competition, the strength displayed by Son Goku, Vegeta, and the others had deeply impacted the pride in his heart, so that he gradually developed the crazy idea of destroying humans. However, it was not easy to do all this. He needed to obtain powerful strength.

Therefore, Son Goku’s body had been targeted by him.

It might be ridiculous to say it out loud. Zamasu wanted to completely destroy humans, but the first thing he needed to do was to borrow the power of humans.

Chapter 568

Zamasu stood in front of the first Super Dragon Ball and looked at the Dragon Ball in front of him with a somewhat embarrassed expression. Although Supreme Kai was proficient in the power of creation and was also skilled in teleportation, it was still a bit difficult to move an object as large as the Super Dragon Ball. After all, Supreme Kai's strength was not as magical as an Angel's.

If it were for Whis or Vados or the others, then with a wave of their divine staff, several Super Dragon Balls would fly away with them.

“If I want to move this Dragon Ball to Universe 7, I might be able to pass through the two highest worlds of Supreme Kai, but if I do this, it will easily alert Supreme Kai on both sides, so I have to be careful when moving.”

There was a bit of difficulty on his pale green face, but thinking of his great cause, Zamasu gritted his teeth and decided to take the risk.

His palms pressed against the surface of the flat surface, and Supreme Kai gradually activated his divine power. The Super Dragon Ball moved slightly, and then flew towards the Supreme Kai world of the sixth universe with great difficulty.

After all, only the Apprentice of Supreme Kai had God Power. Even if he secretly brought Supreme Kai's Potara Earrings, the divine power in his body was not so abundant, so he needed to rest for a while after moving for a distance.

“Human is the only failure of all things created by God. I want the world and the universe to become a more beautiful peach blossom source. In order to make up for the mistakes of the gods who refuse to admit defeat.”

With a crazy expression on his face, Zamasu murmured to himself.

In the name of justice, do things of justice.

This meant that Zamasu's life creed had always believed that this was the truth, so when he executed this creed, he felt endless power surging out from his body.

Suddenly, a subtle ripple appeared in the void. Space fluctuations gradually spread out, as if a high latitude object had fallen into a low-dimensional space. The entire starry sky of the universe became no longer calm. Zamasu, who was trying to push the Super Dragon Ball forward, suddenly felt a resistance in the space. He felt as if he had fallen into a quagmire.

Zamasu's face suddenly became ugly.

“What's going on? Why did the space suddenly become muddy? Did someone discover my movements?”

The abilities of a high-level god were unpredictable. Zamasu was really worried that other gods would discover his ambitions.

At this time, a red figure appeared in front of Zamasu. When this person appeared, the rules of the surrounding space seemed to faintly move to the sides. This was the majesty of the space-time patrol. When carrying out missions, everything had to retreat.

“I finally found you, Zamasu!”

“Killing the Universe 10 Supreme Kai Gowasu, snatching Supreme Kai Potara Earrings and Time Ring, and violating the Gods rules through time and space, and attempting to destroy the entire Univers Human Race, it is a felony!”

The cold voice came, and the faint voice was full of majesty.

When Zamasu heard this, his pupils suddenly shrank, and his face was ugly. “Who are you exactly?”

“Me? You can call me ‘Grand Supreme Kai’, or you can call me the executor of ‘Time Patrol’. You violated Supreme Kai’s law, and now I will punish you!”
Muyang floated in front of Zamasu, his eyes sizing up this green skin apprentice Supreme Kai.

He looked quite talented. He should have become an excellent Supreme Kai, but unfortunately, his mind was not right. Just as Universe 10 Supreme Kai Gowasu said, he hid too many thoughts in his heart.

When Zamasu heard the other party speak of his hidden ambition, his face instantly changed, but soon he showed disdain again. “I don’t care who you are. Anyone who stops me is my enemy.”

“Everything I did was to correct the mistakes that the gods made.”

Zamasu had never heard of any great Supreme Kai. He also didn’t know about the Time Patrols. In his eyes, anyone who blocked him was an enemy and should be eliminated. Muyang was deliberately stopping him from achieving his great dream.

Muyang shook his head. “A mere trainee of Supreme Kai thinks he is a god? This world is not up to you to decide. As a god, especially Supreme Kai, he does not have any charitable intentions. I will kill you before you make a big mistake.”

“Humans are a race full of mistakes. Sooner or later, their existence will threaten the entire world.”

“That is not something you need to care about!” Muyang frowned.

Not in his position or in politics, Supreme Kai should have the appearance of Supreme Kai, to create a planet and promote the development of the universe.

“Hmph.” Zamasu coldly snorted with a malicious expression. He seemed to have seen that Muyang was not an ordinary god, but at this time, he had nothing to worry about. He threw down the Super Dragon Ball in the distance, and Zamasu waved his arm to attack Muyang.

However, Zamasu’s strength was much weaker. Before obtaining Son Goku’s body, his strength was only a little stronger than Perfect Cell.

There was almost no need to resist. Zamasu’s attack was unable to cause any damage to Muyang.

With a bang, Zamasu's attack landed on Muiyang's chest. Muiyang's entire body did not move at all. He lightly flicked the area that was attacked by Zamasu. Muiyang's face was cold and expressionless.

"Your attack can not cause me any harm. Speaking of which, as an apprentice Supreme Kai, you are also under my jurisdiction. Are you ready to receive punishment now?"

After listening to Muiyang's words, Zamasu's entire body turned cold, revealing an expression of disbelief.

"You..." Zamasu had a dejected look on his face. The other party had no defense at all, but even so, his attacks had no effect at all.

"Who exactly are you?"

"Didn't I say it before, Grand Supreme Kai!"

"Impossible, I have never heard of the existence of Grand Supreme Kai!" Zamasu was in a mess. He seemed to have used up all the strength in his body when he said this.

Was it really as the other party said? Because the other party's identity was too high, he had never heard of it before? But even if he was a high-level god, it was impossible for him to withstand his attack without any precautions! One had to know that although his strength was not the top Supreme Kai, it was definitely not bad.

At this time, Zamasu suddenly thought of escaping.

As long as he had the Time Ring in his hand, he could leave at any time. At most, he could change space and time again.

Thinking of this, Zamasu grinned. He raised the Time Ring in his hand and was about to travel through space and time. However, after a long time, his body did not leave the current world.

The Time Ring seemed to be ineffective.

"How could this be? How did the ability of the Time Ring disappear?" Zamasu's green face was stiff. His heart was beating violently and his body couldn't help but curl backward.

"Unfortunately, the ring in your hand is not of a high level. It can't be used in front of me."

As he spoke, he flashed the golden ring in his hand, and then his face became serious. He looked coldly at Zamasu. A ball of energy full of rules power rotated in his palm. The "Obliterate" energy that belonged to Acceleration World bloomed with dazzling light.

His palm stretched out in the direction of Zamasu...

"Obliterate!"

He let out a light shout. An endless amount of power rushed towards him. It was even more overbearing than the “Energy of Destruction. It was similar to Zeno’s “Erase”! The next second, Zamasu’s expression was stiff. In the fierce struggle, his body was crushed into powder bit by bit from the bottom to the top. Soon, it dispersed with the wind.

After Muiyang’s Acceleration World advanced, his ability to “Obliterate” also upgraded. Now, not only his physical body, but even his soul could be wiped out.

Zamasu could be said to have died before he had even made a move. Before his ambition had sprouted into a big tree, he had been struck by Muiyang and vanished along with his body and soul.

Two golden Supreme Kai earrings and a box of containers containing dimensional rings and accessories fell down.

Muiyang caught the two items and put them into his space. After confirming the surrounding situation, he used the Time Ring in his hand to adjust the surrounding space and time.

With a crash, all traces of Zamasu were erased, and a crack suddenly split open in the void. The influence that Zamasu had created was also integrated into the dimensional crack in a tornado. Then, under the suppression of Supreme Kai’s mighty power, it formed a strange space-time singularity.

It was just like the strange dot when he first met Pitou and Noether.

Of course, the Super Dragon Ball returned to its original position.

Nodding in satisfaction, after making sure that there was nothing missing, Muiyang’s figure flashed and left the space-time.

Chapter 569

As the space-time shuttle flashed in front of their eyes, they opened their eyes again. Muiyang had returned to the real world.

In Universe 7, Android 18 had already returned to Earth with Son Goku and the others. Thinking of what had happened in the “Tournament of Power”, these warriors who had participated in the competition all felt scared.

“Wow, Son Goku, you should fulfill your promise and revive me.” Freiza stood in front of Son Goku with a cold face. Compared with former Freiza, he was much easier to get along with.

Son Goku nodded. He kept his promise and said, “Wait a moment. I will go to Bulma and ask for the Dragon Ball Radar now.”

“There is no need to go through so much trouble.”

Whis stopped Son Goku. Then, under Son Goku’s puzzled gaze, he pointed his divine staff at the top of Frieza’s head. A mysterious halo flashed past, and the halo that represented the dead had disappeared.

In a sense, Angel is a representative Zeno who manages Universe’s Rules. The Divine Staff in their hands is more magical than the Dragon Balls, because in order to allow Frieza to participate in the

representative Universe 7, it has made a case for him to produce a fleshly body. So now, the resurrection was just to remove the halo above his head.

“Oh, have I been resurrected?”

“Yes, this is a reward for you.”

Freiza represented Universe 7 in the competition. Although he did not win in the end, it was still a labor. Whis would revive him.

“Wahaha...” Freiza moved his body and did not feel any discomfort. He could not help but laugh happily. His eyes narrowed. Freiza wanted to build his Freiza Force again.

Vegeta pursed his lips and stared at Freiza. “If you dare to do anything evil again, we will not let you go.”

Freiza smiled coldly. He looked at Vegeta with his charming face and waved his hand at him.

“Vegeta, you can give it a try, but we don’t want to build any large forces now... Well, maybe it’s good to make a small organization.”

The strength of a large universe was bound to offend the interests of many people. Moreover, Son Goku and the others would definitely not let him invade other planets without restraint. Freiza, who was resurrected, was no longer the same as before. He, who had participated in the Tournament of Power, understood the wider world outside. How could he care about the forces of the North Area?

He only wanted to gather his old subordinates and then move around in the universe in the name of the Freiza team. He was active and at the same time strengthening his own strength.

“Freiza, you have a good idea.”

As if he had seen through Freiza’s thoughts, Whis looked at him with a faint smile. “Universe 7 lacks experts like you. If you are willing to continue to become stronger, then even if you encounter a crisis again, you can still overcome it.”

Freiza’s heart skipped a beat. He felt like he had been seen through... Looking at Whis’ calm expression, Freiza chuckled, but his heart was extremely vigilant.

“Of course, we are very willing to make friends with Son Goku!”

After that, he glanced at Son Goku out of the corner of his eyes. “The next time you meet us, you will definitely be shocked. Don’t blame me if you die in our hands.”

“I will work harder on my training.” Son Goku knocked his hands against each other.

Freiza stared at Son Goku for a moment, then suddenly burst into laughter. Then, he leaped into the sky and flew away.

“That guy Freiza, I keep feeling that he is a hidden danger!” Vegeta had a deep fear of Freiza. This was a habit developed when he was young. Son Goku said

seriously, “No matter what, as long as we don’t lose to him, it will be fine. Only with a person behind us threatening us can we continue to improve.”

Vegeta nodded, agreeing with this point. “You are right.”

Lord Beerus stood to the side, one finger digging at his ear, and then blowing on it. “I think that Frieza is quite a good guy. Son Goku... You and Vegeta sometimes lack his ruthlessness!”

Vegeta used to be very evil, but the life on Earth had already worn out his cruelty as a Saiyan. As for Son Goku, there was no need to say, he was sometimes as simple as an idiot.

To the God of Destruction Lord Beerus, the good and evil of mortals were meaningless to him. Whether it was Frieza or Son Goku, they were just living under the rules of mortals. Although they now had the power of a demigod, as long as Lord Beerus was willing, he could use the authority of the God of Destruction at any time and give them the most equal destruction!

Of course, now that there was a lack of experts, Lord Beerus had to think more about things.

“Aiya, Lord Lord Beerus, don’t mislead them with your standards. Everyone has their own standards. They are not the god of destruction, so they naturally can’t kill the innocent like you!” Whis rolled his eyes at Lord Beerus and continued to undermine him.

Lord Beerus snorted and turned his head. This time, he did not argue with Whis.

At this moment, a bright light flashed in the courtyard. Muiyang’s figure appeared in front of everyone. When they saw Muiyang appear, everyone immediately bowed to him. After Lord Beerus had seen the authority of Supreme Kai, he walked up to him with a mischievous smile.

Muiyang nodded slightly at them and then looked at Android 18 next to them. He saw that the girl was sitting in the pavilion, happily counting the boxes of cash that she had taken from Burma. Her beautiful eyes could only see the money.

He did not know why she wanted so much money.

“Lasuli, you have got your money. Now go back with me.”

“Okay.”

She closed the suitcase and walked to Muiyang with a few suitcases. She did not forget that there was a competition waiting for her in her world. “Uncle, help me get it.”

Muiyang shook her head helplessly and snapped her fingers. She put the suitcase into Acceleration World’s pocket.

This time, Android 18’s harvest was the biggest. Not only did she break through the Half-God Level that other people dreamed of, she became a top master in the universe in one fell swoop. She also gets 100 million Zeni from Bulma. It could be imagined that she would have to sleep secretly.

“Everyone, there will be many uncertain powerhouses waiting for you in the future. For the sake of your universe, hurry up and increase your strength!” Muiyang warned.

“Yes, Lord Supreme Kai!”

“We will continue to work hard.”

Lord Beerus, Son Goku and the others replied in unison.

Since the great Supreme Kai said that there would be a strong enemy in the future, then there must be some basis for it and would not shoot without reason. For a moment, whether it was Lord Beerus or Son Goku, they all looked as if they were facing a great enemy.

Seeing Son Goku and the others so serious, Muyang knew that his words had scared them. Just as he was about to say something, he thought about it and decided to forget it. Anyway, they would meet the “goat” Moro who escaped from the Prison Planet in a short time. It was good to keep alert at any time.

Waving his hand, he enveloped himself and Android 18 with energy, and the two of them disappeared under the gaze of Lord Beerus and the others.

...

The sun and moon turned upside down, and time passed.

Two months passed quickly. In the main universe where Muyang lived, after a long period of preparation, the 28th Martial Arts Tournament, which had been delayed for two years, was finally about to begin.

In the past few days, martial artists from all over the world were carefully preparing. Because the competition had been delayed for two years, the Martial Arts Tournament this time received more attention than the previous ones.

It was unknown how many martial artists were waiting for five years and wanted to show their skills in the Martial Arts Tournament.

Chapter 570

West City, home of Krillin.

Ever since he married Suno six years ago, Krillin had moved out of Kame House and held the post of general counsel in the Martial Arts Tournament in West City.

“Krillin, you are the general counsel of the Martial Arts Tournament this time. When the time comes, you have to arrange a few of the best positions for us.” As a comrade-in-arms of Krillin for many years, Yamcha joked as he placed a hand on Krillin’s shoulder.

Krillin smiled. “Do you still need me to take the position? As long as you reveal your identity, the organizers will definitely arrange it properly.”

On Earth, where the atmosphere of martial arts was rich, the image of Krillin, Yamcha, Son Goku and the others was almost well-known. In addition, the battle against Hildegarn two years ago made them the Saviors of Earth. Now, no matter where they went, they could enjoy the highest treatment.

Yamcha whispered, “Aren’t I planning to keep a low profile?”

“You still have to keep a low profile. In the past few years, you have been the one to show your face the most. Look at Goku and Vegeta, and the others, they are all focused on cultivating.”

“I am different from them.”

At this time, Yamcha noticed a cute little girl pushing open the door and walking in. She was about four or five years old and had a head of bright red hair. Her small face was carved with jade and was extremely cute. She was the daughter of Krillin and Suno – Marron, just four years old this year.

“Wow, Little Marron is getting more and more adorable. When will she start teaching her martial arts?”

Krillin picked up a cup of coffee and took a sip. “Suno means to wait until she goes to school. Anyway, she is a girl, so there is no need to hold her tight.”

“How about I be her teacher in the future?”

“No, I’ve already found her an initiate teacher.” Krillin rejected Yamcha’s good intentions.

“Who did you look for?”

“Of course it was Chi-Chi!”

Among the female warriors on Earth, the strongest were naturally the ones from Muiyang’s family. Next were Chi-Chi and Kanalita. In recent years, Muiyang’s family had focused their attention on Acceleration World, so Krillin had found Chi-Chi to be Marron’s future teacher. Anyway, she was his junior sister, so everything was negotiable.

When he heard that Krillin had asked Chi-Chi to be Marron’s teacher,

Yamcha also nodded. At this time, Suno, who was wearing a police uniform, came back from work. When he saw Yamcha, he nodded at him and then began to prepare dinner with Krillin.

Watching Krillin and Suno working together in the kitchen, Yamcha smacked his lips, feeling like he was being fed dog food.

Perhaps it was time for him to set up a family.

...

On the other side of the West City, Vegeta and Shasley were training in the Gravity Chamber. There was another room on the other side of the gravity room, where their son Alex was cultivating.

Knock, knock, knock. Son Goku brought his family to Vegeta’s home.

“Alex is still training at this time?” Son Goku looked at the young man who was waving his fists and feet in the Gravity Chamber in surprise.

Vegeta said proudly, “My son naturally needs to work hard. Although this child was not as outstanding as Son Goku and the others when he was a child, he was still a descendant of the Saiyan Royal Family. He has never relaxed for a while.”

“By the way, why are you the only ones here? Where are Son Goten and Son Hongye?”

Son Goku scratched his head. “Goten recently made a new girlfriend, so he never went home. And Hongye always went to Elek’s house.” He was also very distressed about the discipline of children. On the contrary, Chi-Chi, Bulma, and the others were very relaxed, as if they were not worried at all.

Begeta laughed and arrogantly turned his head away. “It seems that there is no need to compete. My son is more powerful than your son.”

“I can’t pretend that I didn’t hear that. Although Goten is outside, his cultivation has never declined. As for Hongye and Elek, they will only become more powerful. You should know that when they were nine years old, they were already able to transform into Super Saiyan 2.”

Qiqi said proudly from the side.

“Then let them compete in the Martial Arts Tournament and see whose child is stronger.” Vegeta crossed his arms. Anyway, he had been competing with Son Goku for more than ten years, and he was not interested in participating in the Martial Arts Tournament this time. It was better to let their children participate in it for them.

Son Goku nodded and said, “Sure, they all know about the Martial Arts Tournament.”

“By the way, Kakarot, haven’t you been developing Super Saiyan 3 for the past few years? I wonder how the development is going?” Shasley came out wearing a casual suit.

Son Goku scratched his head. “Super Saiyan 3 is indeed developed, but compared to Super Saiyan 2, it consumes a lot of energy. With my strength, I can’t fight for a long time.”

Vegeta said disdainfully, “I think you must have gone the wrong way. Look at Mqiu and the others who have further developed Super Saiyan 3. There is no such thing at all. Therefore, I think the next way should be to optimize the Super Saiyan 2 foundation, instead of blindly increasing the strength of the transformation. After all, our bodies can’t support the unlimited power superimposition.”

Super Saiyan 1 overlaps 50 times the strength of the body, and Super Saiyan 2 is 100 times. When it comes to Son Goku’s Super Saiyan 3, it directly reaches 400 times. With the flesh and blood of mortals, there is no way to support it.

“Maybe, but I still want to continue to experiment.”

“Then you can continue to experiment. Don’t think that you can surpass me just because you went further than me in the past. I haven’t rested for the past few years. The current me is no longer the same as before.” Speaking of his achievements, Vegeta’s face was filled with a smile. He abandoned his previous fighting style and began to pursue the full power of Super Saiyan 2. Although it

seemed that his transformation state had not changed, his strength had actually increased.

“Is that so? Then I am looking forward to it.”

Son Goku looked at Vegeta with a very serious expression.

When they saw the two of them start to argue with each other in a few words, Chi-Chi, Bulma, and Shasley couldn't help but laugh. They were already used to this kind of situation. It would be strange when Son Goku could get along with Vegeta!

A few days passed quietly.

All the participants had finished their final preparations. On this day, Son Goten brought his girlfriend Angela to the Martial Arts Tournament venue. Son Hongye also left with Ilk. Other than them, there were also experts from the Divine Hall in the new generation.

“Dad, you said that you also want to participate in the World Martial Arts Tournament?” In the city, a young girl with short hair looked at her father in surprise.

It was a middle-aged man with an afro. “Of course, you look down on me. Although your father is not capable of entering the Divine Hall to train, he is still a martial artist. He also achieved good results in the previous Martial Arts Tournament.”

“Alright, you go and participate. In any case, there won't be any particularly powerful people at the Martial Arts Tournament,”

The short-haired girl said in a light tone.

The two people who were in the middle of a conversation were Videl and her father, Satan.

If not for Teacher Kanalita's instructions, Videl wouldn't have any interest in the World Martial Arts Tournament.
