### Chapter 571

In a big city near the West City, today was the day of the 28th World Martial Arts Tournament. Because it had been suspended for five years, the Martial Arts Tournament this time was particularly paid attention to by the outside world.

The competition form of the World Martial Arts Tournament was roughly the same as before, but the organizers had been recommending new things. According to the actual situation, the competition this time was divided into two parts: the youth group and the adult group. The youth group's competition was very simple, and it was directly carried out in front of the open-air audience. Because the adult group had a large number of people, they were divided into preliminaries, the competition, and the finals of the top 32.

When the Junior Division is competing for audience, the fully grown group will perform the Preliminaries Competition for the early stage in the competition Dojo.

In addition, the conference also had the general consultant and the hosting team. The general adviser position was temporarily held by Krillin. This was also why Yamcha asked him to help get a few good positions when he was at Krillin's house.

The registration area for the competition.

Since a few days ago, martial arts enthusiasts from all over the world had come to report in one after another. Today was especially packed with people, so busy that the staff did not even have time to rest.

Because there were many martial arts enthusiasts who registered for the adult group, they still needed to undergo a strength test to eliminate some people who made up the numbers.

“Zzzt zzt zzzt...” The broadcast to maintain order kept on ringing.

The crowd rushed towards the registration office. As the time of the competition gradually approached, the registration office was packed with people. The reporters of the TV station reported the situation here with their microphones. Then, they interviewed the participants with the help of the cameraman.

The registration point was divided into sixteen service areas. In front of each service area, there was a machine equipment to test the strength of the human body. Every participant had to take the test, and then the information was recorded by the staff who were specially recording next to them.

Bang!

As the crowd exclaimed, a short-haired girl clenched her fist and hit the testing machine. The numbers on the machine monitor rolled up and finally stopped at 1400 J, which was 140 combat strength.

“Contestant Videl, 1400 J, qualified!”

The staff in charge of recording adjusted his glasses and solemnly wrote down Videl's name on the roster.

“Wow, this little girl is so powerful.”

“It seems that he hasn’t used his full strength yet!”

This Martial Arts Tournament looks very interesting.

It has only been a while and there are already several experts. It would be great if the situation from more than ten years ago could appear.

There was a commotion in the crowd. They were all shocked by the strength of the young girl. The quality of the Martial Arts Tournament had been rising, but it was still very rare for experts like the 23rd Martial Arts Tournament to gather. At this time, they could not help but be surprised to see a young girl who was sixteen or seventeen years old had such strength.

“Ha ha ha, better than Videl.” Satan shouted happily.

Videl looked at the others as if nothing had happened and said to Satan, “Dad, it’s your turn.”

“Yes.”

Satan moved his wrist and took a deep breath. He shouted loudly and punched the human body testing instrument. With a bang, 2350 J s.

“Contestant Satan, 2350 J s, qualified!” The staff shouted again.

Satan laughed proudly. “What do you think of Dad, Videl? She’s not bad, is she?”

“Just show a little strength. You don’t have to use your full strength.” Videl said helplessly. Her father just liked to show off in front of others. It was just a preliminary selection for registration. Was there a need to be so flamboyant?

“Hahaha...” Satan, however, raised his head and laughed. He took the number plate from the staff and turned to go to the reserved hotel.

Videl sighed beside him and was about to leave as well. When he turned around, he did not notice and bumped into a soft body. Videl hurriedly apologized, “Ah, I’m sorry. I didn’t hurt you, right?”

“Uh... I’m fine!”

A very gentle voice sounded. When Videl raised his head, he saw a girl with bright eyes and outstanding charm. Her black hair was tied into a ponytail, and her eyes were bright like the stars in the night sky.

This girl was so beautiful... Videl stared at her blankly and could not help but be stunned.

He suddenly remembered that it was rude to stare at her all the time, so he quickly stood aside and stopped blocking her way.

“Are you also here to participate in the World Martial Arts Tournament?” Videl couldn’t help but ask. As soon as he spoke, he felt that it was unnecessary. Since the other party had come to the registration point, then he must have come to participate.

“Yes, I came with a few friends.”

“My name is Videl.”

“My name is Son Hongye!”

The black-haired girl smiled beautifully and pulled the black-haired youth beside her. “This is my boyfriend, Ilk.” The youth standing next to Son Hongye was Ilk.

So she had a boyfriend...

For some reason, Videl suddenly felt a sense of loss. Even she felt it was strange.

Videl did not know that if Son Hongye was born as a man, he should have been her boyfriend, Son Gohan. But now, under all these changes, Son Hongye was not the Son Gohan like in the original work.

The fate between him and Videl in the original work naturally vanished.

Graceful and polite, he smiled at Son Hongye and the others. Videl was not in a hurry to go to the hotel, so she stood to the side and chatted with them. There were four people on the other side. In addition to Son Hongye and Elek, there was a teenager with light purple hair. His name was Son Goten. From the name, it was Son Hongye’s relative.

At this time, Son Goten was holding the hand of an orange-haired girl. It was his girlfriend Angela...

“Judging from your breathing, you must have been practicing martial arts since you were young, right?” Videl asked. A martial artist’s breathing had been specially trained, and their breathing and exhalation were very long, and they were more stable than ordinary people.

“Well, I practiced martial arts under the supervision of my family when I was very young. It was really not easy at that time.”

“I am the same, but I also persevered. I hope to meet you in the martial arts meeting later.”

“Then you have to be prepared. We are not weak.” Son Hongye gently combed her hair, her expression indifferent.

“When the time comes, let’s see the real move!”

Videl smiled. Because she had received training in the Divine Hall, her vision was very high. Although she could tell that Son Hongye and the others were not ordinary people, in her opinion, there should be very few young people who could withstand her attack.

“By the way, the deadline for registration is about to arrive. Are you still not going to sign up?” After chatting for a while, Videl asked.

“There are still a few people waiting for them to sign up together.”

“Oh.”

Not long after they finished speaking, a few more figures walked over. They were Muqiu, Lazuli, Amelia, Lapis and Android 18 ready to grab another bucket of gold on the Martial Arts Tournament. Only Android 18 was here to participate in the competition, Muqiu and the others were purely watching the show. After a brief exchange of pleasantries, they walked towards the registration area.

“Videl, we will go register first. We will meet at the Martial Arts Tournament later.”

“En.” Videl stood there and watched Son Hongye and the others register. Just as he was about to turn around and leave, the crowd suddenly let out a cry of alarm.

Not surprisingly, Son Hongye and Son Goten quickly caused a sensation in the pre-selection of the registration, and several people directed the power tester light as a feather, and directly hit the data.

“Son Hongye contestant, 5600J, qualified!”

“Son Goten contestant, 5700J, qualified!”

“Elek contestant, 6600J, ..... qualified!” Even the staff member responsible for the record looked silly.

One by one, the number of people played an astonishing number, making the people who were preparing to sign up think that there was a problem with the instrument, and inserted other players in the middle. When several numbers were lower than 500 J in a row, everyone reacted. It was not that there was a problem with the instrument, but that the players in front were really powerful.

When it was Android 18’s turn, she frowned and did not know how much strength she should exert. After thinking for a while, she stretched out her finger and gently tapped on the testing instrument.

Clang!

“9999 J!”

“Hey, the strength is a bit too great!” Android 18 stretched out his finger and shook his head to look at everyone.

“Ama... amazing!” The staff member’s eyes were wide open.

“Contestant Lasuli, 99,999 J, qualified!”

Standing at the side, Videl looked at Son Hongye and the others with a shocked expression. It was as if a huge rock had been thrown down from the calm lake, creating a huge wave. “Where did Son Hongye and the others come from? Why are they so powerful?”

The words her teacher Kanalita had said when she left the shrine suddenly appeared in her mind. So there were really so many experts in the lower realm.

Chapter 572

Wait!

Son Hongye, Son Goten are both surnamed Son. Could they be the children of Mr. S. Son Goku?

Videl suddenly remembered the hero who saved the earth two years ago. Even his name was so similar. It must have something to do with him.

Just as Videl was lost in his thoughts, there was a sudden boom. A young man with a cold smile on his face punched out, turning the testing device into a pile of scrap metal.

“Aiya, Alex, you used too much strength!” Son Goten shouted.

Alex shrugged. “It’s because this machine is too weak.”

Videl widened his round eyes. “This person is also Son Hongye’s companion? They are all so strong!”

At this time, Satan, who was watching the situation from the side, nudged Videl on the shoulder with his elbow and said with a face of fear, “Are these people here to participate in the World Martial Arts Tournament? I feel that the hope of winning this time is very slim...”

Videl nodded. She originally thought that it would be easy for her to get a good ranking with her strength, but now it seemed that it was not the case. There were actually so many hidden experts on Earth.

But I won’t lose either... Let’s cheer ourselves up.

At this time, the golden-haired host who walked out from the corridor of the dojo in the distance saw the situation here and jogged over. When he saw Son Goten and the others, his eyes suddenly lit up.

He knew Son Goten, and because Krillin was the general consultant, he was also clear about the family situation of Son Goku and the other Dragon Ball Warriors.

“Miss Son Hongye and Mr. Son Goten... The Martial Arts Tournament that you can participate in are no longer ordinary. To be honest, I still miss the few matches your father participated in back then!” The golden-haired host could be said to have grown up together with the World Martial Arts Tournament. In terms of brilliance, it was still the first few years.

“Hey, you are Mr. Muqiu and Miss Amelia!” Seeing that Muqiu and the others were also there, the golden-haired host became even more excited.

When he was in the Divine Hall, he had seen Muqiu and the others. They were from the same sect as the goddess, Kanalita, not to mention that their father was the legendary God of Martial Arts, the founder of an era.

“You look a lot older.” Muqiu greeted with a smile. After all, he had presided over the Martial Arts Tournament for decades, and wrinkles had appeared on the forehead of the blond host.

“Are you also here to participate in the Martial Arts Tournament?” The blond host asked expectantly.

“No.”

“That’s a pity.”

The blond host looked regretful, but when he learned that Android 18 was going to participate in the competition, his face immediately filled with a smile. He had a hunch that there would be a few more unprecedented battles in this competition. He had to upgrade the camera equipment in advance.

The golden-haired host exchanged a few words with Muqiu and the others before continuing to maintain order.

“This host is quite enthusiastic.” Android 18 crossed his arms.

“Of course. Otherwise, Sister Kanalita would not have taken him to the temple for training.” Muqiu nodded.

“He started hosting the martial arts meeting when his father was young.” Son Hongye heard Son Goten talk about the past.

The next few of them walked towards the hotel, talking and laughing. Because of their powerful parents, the accommodation was already prepared in advance. When they arrived at the hotel, Muiyang, Melia and others were already waiting there. There was also Son Goku and Vegeta. In order to pay attention to their children’s competition, they came personally.

A few hours later, the Martial Arts Tournament officially began.

“Alex, show off your manliness and defeat Kakarot’s child in the competition.” Vegeta sternly requested Alex.

“En!” Alex nodded vigorously.

Son Goku had also specially entrusted Son Goten with this task. On the contrary, he did not have too many requests for Son Hongye.

“Goten, you have to work hard!” Son Goten’s girlfriend Angela waved her arms. This little girl was Son Goten’s classmate and had just confirmed their relationship.

“Don’t lose to Alex.” Bulma was also shouting.

Son Goten waved his hand at them. Then he followed the large group to the dojo. In the open arena, the competition of the youth group was about to begin. Because Son Goku and the others did not participate in the youth group, they did not pay much attention.

“In this Martial Arts Tournament, something interesting might happen.”

Muiyang sat in the small attic specially arranged by the organizers and looked at the competition below.

“What will happen?” Melissa blinked.

April thought for a moment and realized something. “Brother, you mean that there is a high chance that Majin Buu will appear in this competition.”

“Majin Buu? Is it the cells in April’s body?”

Melissa smacked her lips and suddenly looked very interested.

“Perhaps I can borrow the power of Majin Buu to make a breakthrough!” April had a faint smile on her face.

She had the cells of the Majin Buu in her body, and during the time she was with Android 21, she had roughly heard of the future. She thought that if she could absorb Majin Buu, she might be like Android 18, who would be promoted and become a Half-God Level Android.

After Android 18 participated in the ‘Tournament of Power’ of the other world and was promoted, her powerful strength had stimulated Lazuli and Lapis. These people were now thinking of advancing to Half-God Level as soon as possible.

“But will our world be the same as other worlds? Whether Majin Buu will appear is a problem.” Melissa said uncertainly.

Muyang’s deep eyes looked out through the window, faintly staring at some people. “Don’t worry, they are already here.”

On the other side, just as Muyang and Melissa were discussing the matter of Majin Buu, in the Martial Arts Tournament Hall, a youth with white hair opened his eyes doubtfully.

“Lord Supreme Kai, what are you doing?” Attendant Kibito, asked with concern.

East Supreme Kai shook his head in confusion. “Nothing. I just sensed a strange thought. It seems that someone is watching us?”

“Could it be Babidi and the others?” Kibito’s expression became serious.

“It shouldn’t be. Babidi and the others can’t give me that kind of pressure. The other party should be a god, but what kind of god in the universe would be able to pressure me!” East Supreme Kai naturally did not have enough knowledge and did not even know the situation of Universe 7’s God.

Kibito opened his mouth. If even Lord Supreme Kai could not figure out the situation, then he, as an apprentice Supreme Kai, would be even more confused.

“Forget it, let’s not bother about him for now. Let’s go get in touch with Son Goku’s children.”

“Forgive this subordinate for being direct. I do not think that a mere mortal can help us solve the problem of Majin Buu...” Kibito was not optimistic about this contact. Supreme Kai said, “You should have heard from Grand Kai of this galaxy that two years ago, there was a strong enemy that was not inferior to Majin Buu. It was Son Goku and the others who solved the crisis.”

“But are there any experts in this world that are comparable to Majin Buu?”

Although he had never seen Majin Buu with his own eyes, he had been following Lord Supreme Kai all year round. His fear of Majin Buu was the same as Supreme Kai. Kibito could not imagine who could rival Majin Buu.

“I don’t know. I investigated the Hildegarn that Grand Kai reported. It is also the Lifeform that survived in the ancient times.” East Supreme Kai shake his head, “And according to the fluctuations two years ago, there is indeed a very powerful ki. ”

As he spoke, East Supreme Kai squeezed through the crowd and walked towards Son Goten and Son Hongye.

“Hello, can we have a chat?”

East Supreme Kai floated thirty centimeters away from the ground.

“Huh?” Son Goten and Son Hongye looked at East Supreme Kai in confusion.

At this time, a light flashed in Ilk’s eyes. He, who was in charge of Acceleration World’s Galaxy Universe, saw the divine light on East Supreme Kai.

Chapter 573

“Who are you?”

Son Goten looked at East Supreme Kai and Kibito with a puzzled expression. The two people in front of him did not have the aura of a strong person, but to be able to float in the air, they should at least have some ability.

“My name is Shin. I came here by name. I have heard of your father’s deeds. The battle two years ago attracted a lot of attention.” East Supreme Kai looked at Son Goten and the others with a smile and extended his hand to them.

“It was all thanks to your efforts that the matter with Hildegarn happened. Otherwise, I don’t know how big of a disaster it would cause.”

Although he was skeptical about the strength of Hildegarn, there was no doubt that he was also a very powerful monster. As for whether he could compare to Majin Buu, Supreme Kai was not sure about it.

“Hildegarn? The name of the monster from two years ago?”

“That’s right!” East Supreme Kai nodded smirkingly, and his tone became serious. “I know that you are all Super Saiyan, but soon, an even more terrifying enemy will appear on Earth. At that time, I need you and your father’s help.”

Son Goten was stunned for a moment and asked, “What kind of enemy is so powerful?”

East Supreme Kai said with a serious expression, “Majin Buu!”

“Majin Buu?”

Son Goten and Suo Hongye repeated this name. They felt as if they had heard of this name somewhere before. Son Hongye turned her gaze to Ilke, who was beside her, only to see him staring fiercely at East Supreme Kai and Kibito. She whispered to Ilke, “Do you know who they are?”

Elek nodded and gave Son Hongye a look. He walked over to East Supreme Kai and sized up his clothes.

“You are Supreme Kai?”

“Yes... Eh, you actually know my identity?”

East Supreme Kai was shocked. It had to be known that he had not appeared for more than ten million years. Even Kai of the North Area did not know his identity. Now, he was actually recognized by a very young youth.

East Supreme Kai looked deeply at Elek, and vaguely felt a trace of difference from him.

“There is a very mysterious aura on your body. It is a bit similar to that of a god, but it is also somewhat different.”

“Hehe, I can’t compare to Supreme Kai.”

Elek smiled. This was his identity as the “Manager of the Galaxy” that made East Supreme Kai see a little difference.

East Supreme Kai shook his head, and he was even more confused about who the other party was.

“You just said that Majin Buu would appear on Earth?” As far as I know, Majin Buu should be sealed in the egg and can’t come out for a while. ” Elek said seriously.

“It seems that your identity is very mysterious and you know Majin Buu.” East Supreme Kai looks strange. “Yes, if it is normal, Majin Buu really should not appear, but there is one in Demon Realm.” The guy named Babidi knows how to release Majin Buu and comes to Earth with Majin Buu’s eggs. If he is conspiring, the entire universe will be despair!”

Every time he talked about Majin Buu, East Supreme Kai could not help but be nervous.

Son Hongye held Elek’s hand and asked softly, “Who is Majin Buu?”

“Majin Buu was Majin who jeopardized Universe 7 in ancient times. At that time, countless planets were destroyed by him. Even Supreme Kai, who manages Universe 7, died in his hands.” Elek explained the general situation and pointed to East Supreme Kai and said, “This Supreme Kai was the only one that survived the disaster.”

A look of surprise suddenly flashed through Supreme Kai’s eyes. This person knew a lot... But what did he mean by Universe 7?

It seemed to be the serial number of a universe!

“Doesn’t that mean that Majin Buu is very powerful?” Son Hongye’s eyes lit up, and even Son Goten and Alex were excited.

“Majin Buu is the most terrifying and evil existence in the universe. I know that you Saiyan people can transform into Super Saiyan, but you are definitely no match for Majin Buu.” East Supreme Kai’s attendant, Kibito, said.

In his eyes, the most terrifying thing in the world was naturally Majin Buu. In the past, there had been powerful Super Saiyan in the universe, but most of them only had over a hundred million fighting strength, and the most powerful ones were only two or three billion. They were still not a match for Lord Supreme Kai, and they were not a match for Majin Buu.

“More powerful than Hildegarn from two years ago?” Son Hongye asked.

“Of course!”

Kibito replied without thinking.

Elek shook his head. “No, as far as I know, Hildegarn should be even more powerful than Majin Buu!”

“Impossible. How could there be a monster more powerful than Majin Buu in this world?” The first reaction of East Supreme Kai was disbelief.

“That’s because you’ve seen too little.”

“Human, please pay attention to your tone when you speak to Lord Supreme Kai!” Kibito frowned as he spoke. Elek glanced at Kibito, and a powerful pressure was suddenly released. Kibito suddenly felt a pressure, and his body felt like it was stuck in a quagmire, unable to break free.

“Please pay attention as well. You’re just an intern Supreme Kai.”

Elek said coldly to Kibito. To tell the truth, whether it was East Supreme Kai or Kibito, he did not care at all. Not to mention that his strength was far above the other party, even if it were for his status, as the manager of the galaxy, his status was definitely not lower than the other party.

Moreover, his grandfather was still Grand Supreme Kai. The teachers that Acceleration World taught him were all Angels. Even Zeno and Grand Minister, he had seen them before.

“Uh...” Kibito choked on Elek’s words, and his red face became even redder.

“Sorry, I apologize for Kibito’s slip of the tongue.” At this time, East Supreme Kai vaguely sensed that Elek was extraordinary, but he could not figure out what his identity was.

Elek shook his head and did not argue with them.

When East Supreme Kai was about to ask about his identity in detail, Android 18 noticed the movement here, so he walked over from his own division. Seeing East Supreme Kai and Kibito, Android 18 said, “Why did Supreme Kai also come to Earth?”

Another person who knew his identity

East Supreme Kai was full of doubts. How did everyone on Earth know him? Could it be that his identity as Supreme Kai was no longer mysterious? On the other hand, Kibito noticed the faint divine pressure flowing from Android 18. For a moment, he was speechless.

“Aunt Lasuli, they said that Majin Buu is coming out.”

Android 18 waved his hand indifferently. “It’s that chubby guy. Other than eating, he just keeps jumping around everywhere. Oh right, he should still be sealed. It’s about time for him to come out.” The latter part of the sentence was said very softly, but Supreme Kai still noticed it.

The other party was indeed talking about Majin Buu, because he recognized the chubby appearance of Majin Buu.

“Miss, have you seen Majin Buu somewhere? Has he been released by Babidi?”

East Supreme Kai’s face turned ugly. If Majin Buu really appeared, then no one could stop him. Thinking of this, East Supreme Kai’s face became pale.

Android 18’s eyebrows, which were as light as smoke, slightly frowned, “How can you be so timid?”

“It’s just a mere Majin Buu. Even if you can’t beat him, you can go and ask the God of Destruction, Lord Beerus! As long as the God of Destruction attacks, one finger can kill him!”

“May I ask, what kind of god is the God of Destruction, Lord Beerus?” East Supreme Kai asked.

“Hey, you don’t even know the God of Destruction. Are you Universe 7’s Supreme Kai or not?” Android 18 said with some dissatisfaction. No, she clearly saw Supreme Kai talking with the God of Destruction in the other world. They were very familiar with each other.

Chapter 574

“I really don’t know who the God of Destruction is.”

East Supreme Kai shook his head. Strictly speaking, he had never heard of the name of the God of Destruction since he became Supreme Kai.

“You really don’t know?” Android 18 was surprised.

“Yes.” Supreme Kai was also puzzled. Was there really a god in the universe that he didn’t know? But seeing the other party’s confident expression, it didn’t seem like he was talking nonsense.

Android 18 was speechless. This Supreme Kai actually didn’t know as much as a Half-God like her. She waved her hand. “Forget it, then I will tell you about the division of work of the gods in the universe. This is something you should know.”

“Please speak!” East Supreme Kai was all ears.

Android 18 nodded and said, "Supreme Kai is also known as the God of Creation. He is a god who is responsible for creating and improving the environment of life planets in the universe. There is creation and destruction. In contrast, there is a God of Destruction, also known as the God of Destruction. His duty is to destroy life and planets that have lost the potential to develop, so as to maintain the balance of the universe."

"Because of the different division of labor, the God of Destruction has to face more resistance and hard bones, so compared to Supreme Kai, the God of Destruction also has more power."

"And the name of Universe 7, the God of Destruction, is called Lord Beerus!"

"Right, the universe we are in is called Universe 7, one of the 12 existing universes in Zeno World. Above Universe 7, there are higher gods, namely Zeno, the Grand Minister, and the Grand Supreme Kai!"

"Grand Supreme Kai!" East Supreme Kai cried out in surprise.

"It's not the 'Grand' Supreme Kai in your mind, but the real Grand Supreme Kai in all the universes." Android 18 looked at East Supreme Kai with disdain and explained to him in detail. This Supreme Kai in front of him seemed to be really a rash person, and his understanding of the situation was even worse than hers.

"... So, you don't have to worry about the so-called Majin Buu at all. There are many experts on Earth who can get rid of him. Well, you just need to find Son Goku and Vegeta."

Android 18 did not mention Muiyang and the others, mainly because in her heart, a mere Majin Buu really did not need to trouble her uncle and aunt to make a move.

East Supreme Kai was a little confused when he heard this. Because Android 18 was already at the Half-God Level and was also in charge of a galaxy universe, she naturally had a goddess-like charm. This made East Supreme Kai have no choice but to believe her words.

It was just that... Supreme Kai, the god of destruction, Universe 7, the entire Zeno World, and the Grand Supreme Kai, so much shocking information really exceeded his imagination.

In the end, East Supreme Kai did not know how he left Android 18's side. Only when he went to the corner and calmed down for a long time did East Supreme Kai recover.

"Lord Supreme Kai, do you think what that woman said is true?" Kibito was still unable to believe that shocking piece of information.

East Supreme Kai smiled bitterly. "I can't see the look of deception in her words. Sigh, perhaps I know too little..." In his mind, he suddenly recalled the scene where he lived with Supreme Kai in the world of Supreme Kai in the distant past. At that time, he was only a trainee Supreme Kai and did not know too much about the things between gods.

Thinking back to the ancient times, Universe 7 could be said to be very brilliant. At that time, not only did there exist Supreme Kai who ruled the entire Universe 7, but there were also four trainee Supreme Kai in the north, south, east, and west. Supreme Kai was the youngest of them all, and he had the least understanding of the universe. Later, as Majin Buu appeared, the four Supreme Kai died in the hands of Majin Buu one after another, and no one knew anything about the highest level gods.

Perhaps what the blond woman said was true.

If that was the case, the matter of Majin Buu might not be a problem, but the God of Destruction Lord Beerus... did he really exist?

Just as Supreme Kai was unsure whether he should believe it or not, a voice rang out in his mind. It was a voice transmission from the current North Kai.

“Lord Supreme Kai.”

“Oh? You are the North Kai?”

“Yes, Lord Supreme Kai, welcome to the North Area.” Supreme Kai was a god that all the Kai believed in. Because East Supreme Kai had not appeared for many years, the North Kai had always thought that Supreme Kai was just a legend.

“North Kai, is there anything you need?”

“Lord Supreme Kai the God of Destruction, Lord Beerus, does exist.” North Kai said with certainty. East Supreme Kai’s eyes suddenly widened and he anxiously said, “Hurry up and tell me what you know.”

“Yes, that was a long time ago...” North Kai looked at his precious North Kai’s Planet and told East Supreme Kai in detail about what had happened when he met the God of Destruction, Lord Beerus. “Lord Beerus is an extremely terrifying god. He is usually temperamental, but he is indeed the strongest god in the universe.”

“As long as Lord Beerus is willing, destroying the entire galaxy will be a matter of time. Even destroying the universe is not impossible. Therefore, Lord Supreme Kai, Majin Buu that you are worried about is not a big problem. Moreover, I think that even Son Goku and the others have the strength to help you.”

After telling the information he knew, the more East Supreme Kai listened, the more excited he became, and his eyes lit up even more.

“Yes, I know. I will go and seek help from Son Goku.” East Supreme Kai was emotional.

“By the way, do you know who that blonde woman was?”

North Kai said, "Her name is Lazuli. She is the niece of an expert on Earth. Oh right, that expert is called Muyang. She is the Grand Supreme Kai."

"Ah, great Supreme Kai!" East Supreme Kai was shocked.

"So there really is Grand Supreme Kai, and he is on Earth!" East Supreme Kai felt that his world view had been seriously impacted. If he could obtain the help of that lord, Majin Buu would be quickly dealt with.

...

The preliminaries in the martial arts dojo finally ended after an afternoon of competition. The Martial Arts Dojo had decided a total of thirty-two. These experts would appear in the open competition the next day. Of course, Son Goten, Son Hongye, Elek, Alex, and Android 18 had successfully advanced.

In addition, there were also people like Videl, East Supreme Kai Shin, Kibito, and others. As for Satan, due to his bad luck, he met a veteran martial artist. After experiencing a desperate fight in the preliminaries, he was unfortunately eliminated.

At night.

Muyang and Son Goku were having an outdoor meal. At this time, the Saiyan people present displayed an astonishing appetite. They directly gave the staff members a big fright. Their speed of serving food was not comparable to the speed of Son Goku and the others eating. The scene could be said to be like a hurricane sweeping through the clouds. It was very terrifying.

Muyang smiled and sat next to April, sipping wine. At this time, two figures, one tall and one short, appeared in front of them. Muyang glanced at them and gently put down the glass in his hand.

East Supreme Kai, and probationary Supreme Kai

East Supreme Kai came to Muyang's side with some restraint and whispered, "Lord Supreme Kai?"

"En!" Muyang nodded slightly. A jade green divine halo automatically appeared behind him. This halo only appeared for a few seconds before it quickly disappeared. However, when Supreme Kai saw it, it was as if he had found an organization.

This was a true High Level God. The faint pressure was stronger than all the gods he had seen before.

"Supreme Kai Shin greets Lord Grand Supreme Kai."

"Apprentice Supreme Kai Kibito. Greetings Grand Lord Supreme Kai!"

East Supreme Kai and Kibito bowed to Muyang. Muyang released a force to help them up. "We already know about Majin Buu. You don't have to worry about this."

East Supreme Kai was excited and reminded, "Grand Lord Supreme Kai, that Majin Buu is very strong."

Muyang smiled faintly, "There are at least 12 people here who can defeat that dMajin Buu."

Muyang and his wife, together with Muqiu, Broly, Android 18 and others, including Son Goku, Vegeta, and Shasley, all 12 of them were very few.

“Grand Supreme Kai, is this true? Ah, I’m not doubting your words!” East Supreme Kai was momentarily at a loss for words.

“As Supreme Kai, you have to broaden your horizons. Otherwise, it will be very difficult for us, Universe 7, to obtain a ranking in front of other universes.” Muyang stared at East Supreme Kai. Before he could overcome the fear in his heart, it would take a very long time for him to take charge of his own side.

Chapter 575

East Supreme Kai naturally listened to the teachings of the Grand Supreme Kai Muyang. It was only now that he suddenly woke up. It turned out that he had always lacked understanding of the universe that he was in charge of. There were many things that he did not know about in Universe 7.

“Shin, tell me about your original plan.” Muyang looked at East Supreme Kai with an indifferent tone. That calmness immediately filled East Supreme Kai with confidence.

“Yes!” East Supreme Kai perked up and said, “Now, there is a Dark Wizard named Babidi who came to Earth. He is the son of Bibidi, the one who sealed the demon. Only he knows the location of Majin Buu’s egg. I was going to lure Babidi’s subordinates out at the Martial Arts Tournament tomorrow, and then follow them all the way to find the whereabouts of Majin Buu egg.”

“Using the energy of Super Saiyan to lure?” Muyang shook his head.

East Supreme Kai smiled awkwardly. “Yes, even I can’t see through Babidi’s magic, so this is the only way to find Majin Buu. Babidi originally had a hand that gave Dabura, but he died for some reason many years ago. So as long as I find Babidi, I have a great chance of taking back Majin Buu’s egg.”

Muyang interrupted Supreme Kai. If it is just taking back Majin Buu’s egg, it will not solve the problem. The best way is to completely eliminate Majin Buu.

Taking advantage of the fact that there were so many experts on Earth, he should make a prompt decision to settle the matter of Majin Buu. Otherwise, if he missed this era, there might not be such experts in the future. If he let Majin Buu come out at that time, it would be a real disaster. The chain would constantly be disrupted. This was also the reason why Muyang felt that East Supreme Kai was indecisive.

Relying on East Supreme Kai or the God of Destruction who slept all day long was not reliable.

Muyang remembered that the world in the original story was Majin Buu killed Supreme Kai after he appeared and petrified Supreme Kai’s sword, causing the death of the God of Destruction. It was so that there were no experts in Universe 7 who could fight against Majin Buu. In the end, if not for Trunks fighting to the death, who knew what the outcome would be!

After hearing Muiyang's words, East Supreme Kai wanted to say something but stopped. He really wanted to say the horror of Majin Buu, but when he saw Muiyang's indifferent appearance, he did not know what to say.

April poked her head out from the side. "Senior brother, how about I deal with Majin Buu in the end?"

Perhaps she had gained experience from breaking through to the Half-God Level from Android 18, and April also wanted to try absorbing Majin Buu as energy.

"Yes, this may be good for your demon body, but before absorbing Majin Buu, you have to deal with the evil part in his body. Don't be affected by it."

Muiyang thought for a moment and said.

"I know. I am an expert in this field." April replied with a bright smile.

When Eastn Supreme Kai heard this, his eyes widened. He did not understand the meaning of Muiyang's words. Kibito whispered, "Lord Supreme Kai, Lord Supreme Kai, do you mean... you want to absorb Majin Buu?"

"I don't understand."

East Supreme Kai was a little stunned. Absorbing other people's energy had always been the ability of Majin Buu. Back then, the few Supreme Kai had been absorbed by Majin Buu. However, he did not even dare to think about absorbing Majin Buu.

"Alright, we will talk about this tomorrow. I promise to give you a satisfactory result."

Muiyang made up his mind. After that, he no longer talked about Majin Buu. Instead, he began to taste the delicious food together with April and the others.

The entire night was spent in a state of unease. It wasn't until dawn the next day that the morning sunlight shone through the window and sprinkled the light and shadows of the spots. Only then did East Supreme Kai take a deep breath and welcome this most crucial day.

He hoped that Grand Supreme Kai could handle the matter of Majin Buu... Eastern Supreme Kai could only pray in his heart at this time.

The venue of the World Martial Arts Tournament followed the flow of people into the venue of the Martial Arts Tournament. The noise was endless. Because there were specially designed rooms to watch, Muiyang and the others did not have to sit in the stands like the seats of the gymnasium with the other audience.

Son Goku warned the two children before the competition. "Hongye, Goten, pay attention during the competition. Don't cause too much damage to the surroundings!"

"Got it!"

"We will control our strength."

Son Goten and Son Hongye nodded in unison.

Vegeta, on the other hand, said to Alex with a serious expression, "Go all out. Don't lose to the children of Kakarot. Let them experience the power of the royal family!"

"En." Alex nodded hard, his eyes shining.

In addition, due to his strength, Elek had a relaxed attitude towards the upcoming matches. After a round of cheering, Son Hongye, Son Goten, and the others all walked towards the backstage of the Martial Arts Tournament. Muyang also led everyone into the viewing gallery.

The independent viewing gallery had a luxurious setting. Through the window, one could clearly see the matches on the arena. It could be said that the organizers had put in a lot of effort for these positions.

Dong, the gong sounded, and the competition began.

Although Son Goku and Vegeta were not participating in the entire competition, Elek and the others were not weak either. Sure enough, not long after the competition began, the audience was immersed in watching it, and from time to time, intense cheers erupted.

As for Muyang and the others, they sat on the seats of honor and watched the competition with smiles on their faces. From time to time, they would comment on the matches on the arena. The moves of the contestants on the arena looked exquisite and varied, but in the eyes of the grandmasters, they were still full of improvements.

Very quickly, the first round of the competition ended, and the top 32 decided the top 16.

These 16 matches contributed a wonderful battle for the audience, and at the same time, it gave everyone a new understanding of the strength of Son Hongye and the others.

In addition to the blonde host's detailed introduction of the contestants in every match, the audience knew that these people had extraordinary backgrounds and had once participated in a battle to save the world.

Videl looked at Son Hongye and the others in shock. "So they are all so powerful. Teacher is right. I still have a long way to go before I can become a top expert." Even though he had received guidance from the gods, Videl's age was clear, and his strength could not be as shocking as Son Hongye and the others.

On the other side, East Supreme Kai and his attendant, Kibito, were watching the match seriously. Kibito frowned and said, "The average combat strength of the people on Earth has already exceeded the average level of the universe. It is hard to believe that there is such a powerful expert on this Low-Level Planet."

East Supreme Kai nodded and said, "Therefore, Babidi's subordinates will definitely make a move here. Keep an eye on Spopovich and don't let them succeed."

"Yes, Lord Supreme Kai."

Kibito replied seriously.

East Supreme Kai nodded and looked at the next match seriously. In the first round of the second round, Android 18 appeared. His opponent was one of the older brothers. The two muscular brothers had black marks on their foreheads. It was a sign that they were controlled by Babidi.

Because of Muiyang's advice, East Supreme Kai and Kibito did not restrict Android 18 like they did in the original story. In fact, even if they wanted to restrain him, they did not have the ability. After all, Android 18 was now a Half-God expert, and he was a peak expert who could rival the Super Saiyan Blue. East Supreme Kai's divine power was still far from enough to restrain her.

However, Supreme Kai paid special attention to Babidi's subordinates. What he didn't expect was that not long after the competition began, the person named Spopovich was played by Android 18 in the palm of his hand.

Suddenly, Spopovich couldn't help but rush up to the arena with a needle-like thing, approaching Android 18 to absorb the energy in her body.

"Be careful, that's the energy absorber of Babidi." East Supreme Kai shouted to remind.

With a whoosh, the indicator on the absorber is deflected to the apex, and the face of the Spopovich is excited, but I don't know that the Android 18 face is very gloomy.

"What the hell are you doing?"

Android 18 frowned. Her face was as cold as frost. Then, she grabbed the barrel of the absorber and pulled it. She raised the absorber and knocked the two brothers out of the arena. She was here to make money. If not for the rules of the competition stating that she could not kill, she would have killed the other party.

"Referee, these two people violated the rules." Android 18 turned around and shouted.

"Yes, Spopovich has violated the rules of the World Martial Arts Tournament. He has been disqualified." The golden-haired host sternly announced the result of the judgment and directly canceled the qualification of the two.

Android 18 grunted and walked off the stage with his hands in his pockets.

"You have been absorbed so much energy. Is your body okay?" East Supreme Kai wanted Kibito to heal Android 18, but he saw that the other side was full of energy and seemed to be fine.

Android 18 raised his head proudly and said coldly, "It's just a little bit of energy. It's just a drop in the bucket."

How could android with eternal energy worry about insufficient energy?

Chapter 576

"Uh..." East Supreme Kai was speechless for a moment. He took the energy absorption device of Spopovich and took a look. He immediately sucked in a breath of cold air.

That full amount of energy was almost the same as that of the King of the Demon Realm, Dabura. After being absorbed so much energy, the other party was still acting as if nothing had happened. Just how much energy was contained in her body

Perhaps, just this woman called Lasuli in front of him had the strength to deal with Majin Buu.

“Lord Supreme Kai, maybe we really have hope.”

“Yes, as expected of the niece of Grand Supreme Kai. Her strength is unfathomable.” “Carefully observe the situation of Suo Hongye and the others. This time, Babidi may suffer.”

It did not matter if he did not observe. As soon as he observed, East Supreme Kai discovered the fact that shocked him. The strength of those warriors participating in the competition were actually above his. Even East Supreme Kai’s former enemy, the King of the Demon Realm, Dabura, could not be compared to them.

It had to be known that this was not the strongest warrior on Earth. According to what he knew, Son Hongye and the others were only juniors. What was more powerful were their fathers, Son Goku, Vegeta, Shasley, and others.

As for the sons and wives of Grand Supreme Kai, East Supreme Kai did not dare to speculate about their strength at all.

The raging competition continued. Every match after that was very exciting, especially Son Hongye against Alex, as well as Sson Goten and Elek. The few of them displayed the super strength of Super Saiyan 2. The audience was intoxicated and screamed.

This also made East Supreme Kai and his servant even more aware of the horror of Super Saiyan.

In the end, Alex defeated Son Hongye, but he lost to Broly’s son, Elek, and Elek lost to Android 18 without any suspense. This was a very normal thing. Since Android 18 chose to participate in the competition, the result was already decided.

“Kakarot, it seems that my son is more outstanding.” Vegeta laughed in the audience stands, feeling very comfortable.

“Alex only won against Hongye.” Son Goku argued back.

“No need to quibble. Losing means losing.”

Vegeta’s hard face was full of pride. He had competed with Son Gok for so many years, but he had lost more than won less. His son had defeated Son Gokg’s daughter in the end. Although he had lost to Ilk in the end, there was nothing he could do about it.

After all, the other party was Broly’s son!

Vegeta had never thought of competing with Broly, because it was purely looking for trouble.

The exciting 28th World Martial Arts Tournament came to an end in the victory of Android 18. When Android 18 received the prize money with joy, all the audience gave a warm applause.

Seeing Android 18 holding the prize money in high spirits, the slender haired Lazuli kept biting her fingers, her eyes full of envy. After all, they were the same person from different time and space, and their interests and hobbies were actually the same.

“Grand Supreme Kai, should we go to Majin Buu?” After the match, East Supreme Kai asked carefully.

“Yes.”

Muyang nodded and looked at Son Goku and the others. “Next, we will meet an expert. Do you want to go with us?”

“What kind of expert is he? Is he as powerful as my Super Saiyan 3?” Son Goku became interested.

Vegeta stood confidently and said, “If he is an expert, I want to see him.”

“It’s not any worse than the Hildegarth from two years ago.”

“Wow, then I want to go.” Son Goku immediately shouted. Right now, he was training his Super Saiyan 3 form and urgently needed an expert to test his strength.

Broly held Lancy’s hand and said, “If it’s this strong, I won’t go.”

Android 18 said, “I won’t go either.”

Everyone expressed their opinions. In the end, there were some who were not strong enough and were not interested in going. There were more than ten people who followed, including Muyang Family and Son Goku, Vegeta, Shasley and others.

Muyang looked at everyone and asked them to hold hands. Then, he used the power of teleportation to find the whereabouts of Babidi and the others. It was a relatively remote and desolate area. The surrounding areas were bare with rocks and soil that were cracked due to lack of water. With a whoosh, Muyang and the others appeared behind a rock rack near the Babidi base.

“Babidi’s spaceship is in the desert. Under that entrance is the place where Majin Buu is hidden.” Muyang pointed to a protruding spaceship entrance hundreds of meters away.

“What should we do next?” East Supreme Kai asked.

“Don’t waste time, go straight to the door.”

Muyang waved his hand, Son Goku, Vegeta, and the others directly rushed toward the base of Babidi. Because of the lack of Dabura’s obstruction, the few of them quickly conquered Babidi’s base and saw the huge egg of Majin Buu.

“Who are you?”

Babidi’s face darkened when he saw the intruder. Then, he looked at East Supreme Kai. “Wow, Supreme Kai, so it was you who brought people here. Damn it, it is clearly the crucial time for Majin Buu to revive.”

“Babidi, your ambition will not succeed.”

East Supreme Kai stood out.

Babidi’s expression was already stiff. His body kept retreating. Knowing that he was no match for them, he took advantage of the time when no one was paying attention to him and flew towards the other door of the spaceship. However, Vegeta and the others would not let go of any enemy. He directly swept out with his ki wave and blew up the entire base. Even Babidi was directly killed.

“This guy doesn’t have any ability at all!”

Vegeta walked out of the smoke.

After a clear vision, a huge eggshell appeared in the ruins. The surface of Majin Buu egg was uneven, full of lines like a walnut.

“Why don’t we seal it up? Of course, everything will be left to Grand Lord Supreme Kai to decide.” East Supreme Kai respectfully said to Muiyang.

“Don’t be so troublesome. Release Majin Buu now.”

Muiyang looked at Majin Buu egg. He placed his palm on the eggshell and stroked it. Then, he directly injected energy into it. As more and more energy was injected into it, the egg began to tremble. Its surface released a fiery steam. Finally, when the energy reached the critical point, Majin Buu eggshell cracked with a “pop”.

A cloud of evil smoke emerged from the eggshell and then filled the sky with black clouds.

“Is this evil aura Majin Buu? It feels very strong.” Son Goku raised his head and looked at the sky. The black clouds gave people a sense of unease.

“It is an amazing guy.”

Vegeta’s eyes flashed with a cold light, and he was ready to move.

Finally, the black clouds condensed and gradually took the shape of a human.

“Pop!” A pink ball opened its body and shouted, “Buu!”

“Hu Gaga...” The Fat Buu fell to the ground, squinting his eyes to look left and right, and smiled foolishly.

It was undeniable that the Fat Buu looked quite cute, but his whole body was full of silly energy.

“He is Majin Buu?” Son Goku asked.

“Yes, although there is a change in appearance compared to before, I can recognize the aura of Majin Buu even after countless years!” After seeing Majin Buu, Supreme Kai’s forehead was covered in cold sweat. He recalled the scenes from millions of years ago.

Muqiu, Lazuli and the others looked at Majin Buu in surprise. The pink skin, the white light cage pants, and the black vest on the upper body were really similar to April Majin Form.

“Hehe, you are the ones who released me. You are good people.”

Majin Buu saw Muiyang and the others. Perhaps because he had discovered something, Majin Buu was surprisingly easy to talk to, “If there is nothing else, I will be leaving. Bye bye...”

Muiyang snapped his fingers and stopped Majin Buu. He said to Son Goku and the others, “Go play with Majin Buu. It is best to force out the evil part in his body.”

“Okay.”

Son Goku, Vegeta, and Shasley three people took the lead, and Muqiu, Lazuli, Amelia, and Lapis seemed to be interested in Majin Buu as well.

Soon, Majin Buu was surrounded by seven people.

Majin Buu’s eyes turned into crescent moons. He stuck out his tongue at everyone and said angrily, “What are you doing? The more people there are, the less people there are. I don’t want to play with you!”

Chapter 577

Majin Buu floated in the air and stuck out his tongue at Son Goku and the others. Then, he wanted to escape from the sky. Son Goku, Muqiu and the others would not let him do as he wished. Therefore, seven bright flashes of light soared into the sky. Son Goku and the others flashed and blocked off Majin Buu’s path of retreat.

“Geh!” His eyes narrowed into a line. The air hole above Majin Buu’s head slowly emitted hot air. An evil aura spread out and enveloped the entire earth.

“What do you want? If you don’t want me to leave, then I will kill you.” His bones were full of evil thoughts. As soon as he finished his threatening words, Majin Buu raised his fist and attacked Son Goku and the others.

“If that’s the case, then I won’t be polite.” Son Goku roared loudly. His body surged with power and instantly became a Super Saiyan 2 state. Majin Buu’s attack landed on Son Goku’s body. It was like a thin wall of air, reflecting his attack back.

“Next is Super Saiyan 3!”

Every muscle was coiled up. After some brewing, Son Goku finally transformed into the form of Super Saiyan 3. His golden hair was directly draped over his waist, his forehead protruded out, and his eyebrows disappeared. His face became even more fierce.

“Hey, how did the appearance change?” Majin Buu shook his head, showing that he was very surprised.

“Majin Buu, let’s have a good fight next.”

The strength of Super Saiyan 3 was a huge burden to the physical body, so it was impossible to maintain its peak state for a long time. Son Goku needed a spurt of energy to fight, so he raised his fist to fight against Majin Buu. Soon, the intense battle began. Huge mushroom clouds rose up, and the sky was illuminated.

Fortunately, Earth had been strengthened by the Super Dragon Ball a few years ago. Otherwise, the aftermath of this battle would have destroyed the planet countless times.

Bang! Son Goku got close to Majin Buu. All the attacks fell on his belly, shaking like a water ball. Majin Buu was so angry that his pores were smoking.

Peng! Peng! Peng! Peng!

Super Saiyan was extremely explosive in an instant. Majin Buu had not grasped the rhythm of the battle at the beginning, and his body was thrown back and forth. A series of fierce attacks made his head dizzy, and he saw stars in his eyes.

His simple and honest face darkened, and his two eyes were vertical into the shape of a crescent moon. The corners of tMajin Buu's mouth trembled, and he clenched his fists tightly. He patted his belly hard, and the small hole in his head suddenly spewed out a large amount of steam.

“Ah, I am so angry. I will turn all of you into chocolate and eat you!”

The tentacles on the top of his head released a lightning-like light wave. Son Goku saw Majin Buu release a strange electric light and quickly teleported away.

The light wave streaked across Son Goku's body and shot into the distant mountains. Immediately, the dense vegetation on it turned into dark chocolate.

“What a strange ability. I almost fell into the trap.”

Son Goku looked at the distant mountains that had changed forms and patted his chest with lingering fear.

“Bastard, bastard, it's not enough. I want to turn all of you into chocolate.”

Several attacks did not work, and Majin Buu became even more angry.

At this time, Vegeta and Shasley did not watch. The two of them shouted and joined the battle. In an instant, two waves of shocked energy broke through the clouds and surrounded Majin Buu together with Son Goku.

Vegeta and Shasley's Super Saiyan 2 Transformation had been tempered and improved for many years. Their strength was not inferior to Son Goku in the slightest. Thus, when they felt these energies, even Majin Buu could not help but be shocked.

Peng! Peng! Peng! Peng!

The three of them began to attack together. Majin Buu's combat talent was extremely high. He grew up as he fought. However, it was difficult for two fists to fight against four hands, let alone Son Goku and the others who were not weaker than him. After a few battles, Majin Buu's body bounced back and forth between them. His round head became uneven and his clothes were wrinkled. There were many holes in his chest. He looked very miserable.

At this time, Supreme Kai and his servant were already shocked. They did not expect that... Majin Buu, who they were so afraid of, would actually not be able to get any advantage in front of the experts on Earth.

“So strong, their strength is actually not the slightest bit inferior to Majin Buu!” East Supreme Kai stuttered as he spoke, feeling as if he was dreaming.

“This is the power of Super Saiyan?”

Kibito, who usually looked down on the power of humans, now had a feeling of his values collapsing. Perhaps it was because he had not left Supreme Kai Realm for many years, so he could no longer see the situation of the lower realm.

“This is Super Saiyan 3 and the improved Super Saiyan 2. It is not an ordinary Super Saiyan transformation.” Melissa’s clear and melodious voice rang out, and then she looked at the sky calmly.

East Supreme Kai nodded in amazement. He sighed at the strength of Super Saiyan, and then looked nervously at the battle in the sky.

Over there, under the siege of Son Goku and Vegeta, Majin Buu suffered a lot. If not for the extraordinary physique and strange magic ability of Majin ordinary warriors would have been killed long ago.

“Wow, wow, wow. These people are so powerful. I can’t beat them. Let’s get out of here quickly.”

Majin Buu shouted angrily. Although he looked silly, he was actually very smart. Seeing that he might not be the opponent of the other party, he was not willing to continue fighting. He spat out a large cloud of smoke to confuse his opponent. Then, he wiped the oil off his feet and directly walked away.

However, he definitely did not expect that his aura had already been locked on by everyone.

“You want to escape in front of us? It seems that you have to let that fatty experience our power.”

Muqiu watched from the side for a long time. At this time, he also called for Lazuli and the others to attack together. One must know that Muqiu and his sister were very close to the Half-God Level. Once they joined, Majin Buu’s situation became even more miserable.

If previously, in the battle with Son Goku and the others, Majin Buu still had room to resist, then after Muqiu and the other two joined, he was completely reduced to being ravaged.

His fat body was almost rubbed into a ball by Muqiu and the others, bouncing back and forth, looking very miserable.

At this time, Majin Buu was very sad in his heart. The remnant evil in his body constantly burned his soul, causing his body to be in pain and his soul to suffer.

“Majin Buu is really miserable!” East Supreme Kai silently muttered.

Majin Buu wanted to be treated as a great threat by him. Majin Buu, who once wreaked havoc in the entire universe, actually had no strength to fight back in front of these few people.

He looked at Muyang with respect, and East Supreme Kai was full of admiration.

As expected of Lord Supreme Kai!

They were not even on the same level!

Pop!

Muqiu shot a burst of energy into Majin Buu's stomach. Then, with a snap of his fingers, violent energy exploded in his stomach. Immediately, the wilderness was covered in a bright white light. Majin Buu's body was blasted into smithereens.

"Is that guy dead?" Son Goku gasped for breath, almost leaving the Super Saiyan 3 State.

Muqiu glanced at the fine smoke in the sky and shook his head. "No, it was just temporarily scattered."

Muqiu and his mother, April, had lived for many years, so they were very familiar with the characteristics of demons.

Sure enough, not long after, the fine smoke accumulated into many small demons, and then continued to gather, finally forming Majin Buu.

East Supreme Kai said with a serious expression, "This is the life force of Majin Buu. If not for this, the other Supreme Kai would not have been killed."

Muyang said, "Supreme Kai can be stronger. If not for the fact that Grand Supreme Kai consumed half of his divine power to seal a certain person in ancient times, he would actually have the ability to defeat Majin Buu"

"Eh?"

East Supreme Kai was shocked and had to believe Muyang's words.

Chapter 578

Muyang said to April, "Do you think we should absorb Majin Buu right now?"

April said, "Majin Buu has a strange divine power in his body. He must separate that divine power, or it will affect the purity of Majin."

Muyang knew that April was talking about Supreme Kai's power that remained in the body of Majin Buu, so he shouted to Muqiu and the others in the sky, "Hurry up, make Majin Buu even angrier, and then force out the evil part in his body."

"Okay."

"Understood."

Muqiu and Lazuli responded in unison.

At this time, Son Goku and the others had already exhausted too much of their physical strength. They were unable to continue maintaining the Super Saiyan state. Thus, they handed over the following battle to Muqiu and the others. Muqiu smiled at this and increased his attack on Majin Buu. However, their methods were controlled at the right time. They did not completely kill Majin Buu, and they did not let him have a good time either. It was as if they were purely torturing him.

About ten minutes later, Majin Buu gasped for breath and was very angry.

Phew. Black smoke continuously emerged from the holes in his arms and head, and then condensed into a thick layer of air above. This was the evil part of the body of Majin.

“Whoa whoa, my body is so uncomfortable. What is in my body? Hurry up and come out!” He opened his hands and a dazzling light lit up. An earth-shattering energy burst out in an instant. Majin Buu roared and expelled the thing that made him feel pain in his body.

Muyang blinked his eyes and smiled.

“Evil Buu has been expelled.”

April smiled sweetly. “That is exactly what I need.”

Fat Buu, who was full of divine power, was useless to her. On the contrary, the purest demon was the key to her exploration of the Half-God Level and opening a stronger evolution.

In the sky, Fat Buu, who had lost most of his energy, panted heavily. After separating Evil Buu, he fell from the sky in exhaustion. His fat body bounced a few times like a ball. Then, he looked at the strange phenomenon in the sky powerlessly. He suddenly felt a life threatening aura.

“That guy... is very dangerous.”

Fat Buu swallowed his saliva. After looking left and right, he actually ran towards Muyang and the others.

The black smoke gathered together.

Then, under the surprised gazes of everyone, he turned into a thin and skinny figure. He glanced at Fat Buu who was running. His eyes lit up and he directly rushed towards Fat Buu.

“How could there be two Majin Buu?”

East Supreme Kai shivered.

Muyang said, “That Skinny Buu is the evil part of Majin Buu. He has most of the essence and power of Majin. On the contrary, that Fat Buu, in fact, Supreme Kai has integrated a trace of Majin Buu.”

East Supreme Kai looked at it in surprise. He could indeed see the appearance of “Grand” Supreme Kai from the shape of the Fat Buu.

“What does that thin Buu want to do?” East Supreme Kai asked doubtfully.

“Devour Fat Buu and recover to the most primitive state.”

“Are we just going to watch him succeed?” Seeing that Skinny Buu was getting closer and closer to Fat Buu, East Supreme Kai found it hard to imagine what kind of disaster would happen when the original Buu appeared.

“Of course not!”

As soon as the voice of April fell, a beautiful figure flashed by and blocked in front of Fat Buu when he was about to be caught.

The slender white arm blocked the Skinny Buu, and the palm directly grasped the fist of Skinny Buu.

“Eh?” Skinny Buu looked at April in surprise.

April said to Fat Buu behind her, “Fat Buu, if you don’t want to be devoured, then hurry up and stay away from him.”

“Oh, so you’re a good person.”

Fat Buu gave a simple and honest smile and ran back. The original Majin Buu had strength comparable to Super Saiyan 3. After separating from Skinny Buu, he was immediately taken away by close to 60 of his strength. At this time, Fat Buu’s strength was sharply reduced, but he still had the strength of the peak of Super Saiyan 2.

“En, let me study you properly next.” A smile bloomed on April’s fair face.

Skinny Buu tilted his head in confusion. “There is a different aura on your body.”

April took off her glasses. Her blue eyes were full of smiles. Suddenly, a strange energy fluttered in the air. Her brown hair turned pink and white, and her skin turned delicate pink. Her ears were sharp and her tail swayed. April, dressed in demonic attire, appeared before everyone.

Licking her lips, April’s little tiger teeth flashed as she looked at Skinny Buu as if she had seen prey.

For some reason, Skinny Buu felt a chill run down his spine, and his expression became even more gloomy.

“You’re actually a Majin too”

“Hehe, obediently become my food!” The Majin, April, blinked her eyes. Her pure face was immediately filled with charm.

Seeing April personally take action and display her Majin form, Muqiu and Lazuli knew that the situation had been decided. The ethereal figure flashed a few times and returned to MUYANG’s side. It had to be known that April was the closest to the Half-God Level. If she took action... there would definitely be no suspense.

East Supreme Kai rubbed his eyes in disbelief as he looked at April’s state. His voice trembled with shock, “That young lady, why does she look so much like the Majin Buu?”

But it was really beautiful.

“April is also an individual with the power of Majin.”

“?!”

East Supreme Kai’s mouth opened into a “O” shape.

“That little sister, could she be one of my kind?” Fat Buu stumbled to Muiyang’s side. Muiyang looked at Fat Buu. At this time, there was only a little bit of Majin power left in his body. Most of it was more like Supreme Kai’s power.

“No, I just have the ability of Majin.”

“Oh.” Fat Buu shook his head in disappointment.

Not far away, Skinny Buu stared at April cautiously. Suddenly, his head pointed downwards, and the antennae on his head shot out a light wave, “Turn into chocolate!”

Majin April’s eyes lit up, and she smiled. She crossed her arms in front of her chest, one hand holding her elbow, and the other hand gently stretched out.

“Hunting!”

An even brighter wave of light swept over. When the Evil Buu’s Magic touched the light wave of April, it was directly swallowed up. Then, under the horrified and incredulous eyes of Evil Buu, the light wave hit his body.

With a pop, Evil Buu was turned into a unique cream cake by the Majin April.

Compared to the chocolate of Majin Buu, April still felt that the cream cake was more delicious!

Holding the cream cake in her hand, Majin April opened her cute little mouth and swallowed the cake in one gulp. After eating, she licked her tongue. “Yes, it tastes good.”

“Could it be that Majin Buu has been eliminated?” East Supreme Kai rubbed his eyes.

“Of course, Majin Buu is not a powerful character.”

Majin Buu is not strong... Eastern Supreme Kai was suddenly speechless.

“Hehe, no matter how many times I look at her, I feel that her ability is very strange.” Muqiu commented. Lazuli nodded in deep thought, “If I were to fight with Little April, I might be turned into a snack by her in a few seconds.”

April returned to her human form and came to the side of Lazuli and the others. “Don’t worry. Auntie won’t use this ability to deal with you.”

Muiyang asked, “Have you completely swallowed up Skinny Buu?”

April shook her head and replied, “Not yet. It’s locked in a different dimension space in my stomach. I need to properly absorb the essence of the demon and prepare to advance to the Demon God Level.”

A Half-God Level demon naturally had the qualifications to be called a Demon God.

Muiyang nodded and instructed April to be careful and let her make her final breakthrough in Acceleration World. Naturally, April agreed.

“That... will you hurt me?” Fat Buu’s simple and honest voice sounded.

“As long as you listen to me, you can stay on Earth.”

“Yes, I won’t make trouble.” Fat Buu hurriedly nodded. The Majin Buu, who had removed the evil part, was very simple. As long as he did not make him angry, he was as harmless as a little puppy.

At this point, the big problem that had troubled Supreme Kai and his servant for countless years was finally resolved.

Chapter 579

In the Sacred World of the Kai, there were dozens of planets that were filled with life hanging in the pale pink sky. The grass under his feet bent slightly and looked at the dark green grassland like the sea rising and falling, releasing gentle ripples in the breeze.

This was the last time Muiyang had entered the Supreme Kai world after so many years. The last time he had entered was when he had just obtained Grand Supreme Kai’s divine power.

Looking at the familiar scenery in front of him, East Supreme Kai respectfully stood behind Muiyang. A second ago, they were still on Earth, but in the blink of an eye, they had come to the supreme divine realm. This ability could only be achieved by Supreme Kai’s Instant Transmission.

“Grand Supreme Kai, what are we doing in the Supreme Kai world?” After the Evil Buu was devoured by April, East Supreme Kai suddenly put down the heavy burden and finally could no longer be on tenterhooks.

“I think I’ve been to this place before.”

Fat Buu followed and looked around.

“As Universe 7’s Supreme Kai, you need to understand the secrets of the deep universe, but I should not be the one teaching you.” Muiyang looked at the dark green grassland in the distance and walked forward with light steps.

East Supreme Kai raised his head. “The secret of the deep universe?”

Could it be the relationship between Supreme Kai and the God of Destruction that Miss Lasuli mentioned before? After being verified from the North Kai East Supreme Kai had already believed in the existence of the God of Destruction, Lord Beerus. However, he still did not know about the secrets of Universe 7 and the higher level.

Glancing at Supreme Kai from the corner of his eye, Muiyang sighed. Supreme Kai was really not a qualified Supreme Kai. In these millions of years, he had been frightened by Majin Buu and had no time to care about the development of the lower realm planet. It was no wonder that Universe 7’s evaluation was so low.

Muiyang savored the refreshing fragrance in the air and asked, “Where is the ancient Z Sword?”

“Z Sword is stuck on a mountain peak at the highest point of the Divine Realm. However, for so many years, Supreme Kai has never been able to pull it out.” East Supreme Kai was slightly stunned and answered honestly.

Muiyang said, “It’s normal that you can’t pull it out. That Z Sword has the power of the God of Destruction, Lord Beerus. If you don’t have super power, you can’t shake it at all.”

It was said that the Old Kai in Z Sword was sealed by the God of Destruction, Lord Beerus. Muyang didn't know the exact fate, but the seal on the Z Sword clearly rejected Supreme Kai's divine power. He guessed that the reason why the God of Destruction Lord Beerus sealed Old Supreme Kai in was to prevent the other party from being killed when he slept and implicating him. Therefore, Lord Beerus had never even thought of having Supreme Kai pull out the Z Sword.

East Supreme Kai had never heard of such a secret before. He could not help but reveal a look of understanding. Following that, under the lead of his attendant, Kibito, the group arrived at a stone pillar peak in Supreme Kai's world.

There was a long sword inserted at the top of the stone peak. The Z Sword had completely sunk into the ground, only revealing the hilt of the sword.

The cold wind howled here. It was especially cold in the high sky. The towering mountain peak had been eroded by the wind and frost for many years. The steep rock wall had already been eroded and cracked. Only the area around the Z Sword was covered by a powerful divine force. There had never been a sign of weathering.

“Grand Lord Supreme Kai, this sword is Z Sword. For countless years, no one has been able to pull it out...” Before East Supreme Kai could finish speaking, he saw that Muyang had already grabbed the sword hilt and pulled it out. His eyes suddenly popped out.

“How is this possible... The Z Sword was actually pulled out?”

“Don't make a fuss. What a big deal!”

After berating Supreme Kai, Muyang's gaze fell on the Z Sword. After looking at it for a while, he held the sword hilt with one hand and the sword blade with the other, forcefully pulling it.

There is indeed remnants of the power of the God of Destruction on it. This power excluding Supreme Kai, and it requires at least the power of Super Saiyan 2 to destroy the Z Sword! With a crisp “beng” sound, Supreme Kai's sword broke in the middle, breaking into two pieces. Supreme Kai was stunned speechless.

“It actually broke the Z Sword.” Kibito watched in a daze.

“The sword is broken...” Fat Buu held his finger.

Throwing the broken sword to the ground, Muyang put his hands behind his back and looked ahead indifferently. “Come out, Old Kai!”

“Hehe, after such a long time, it was actually Grand Supreme Kai who let me out. It seems that an extraordinary expert has appeared among the younger generation.” An old voice sounded. East Supreme Kai and Kibito nervously looked around and saw an old man with a hunched back and gray hair.

“This old man is also wearing Old Kai's clothes!” When Supreme Kai saw that Old Kai was dressed, he thought to himself.

“I am not your junior.” Muiyang’s voice was indifferent.

“Eh?” At this time, Old Kai clearly saw Muiyang’s appearance and then looked at East Supreme Kai next to him. “But I clearly felt Supreme Kai’s power.”

“Who is this old man? Why is he in Sacred World of the Kai?”

“Hehe, I am Supreme Kai from fifteen generations ago!” Old Kai’s old voice sounded.

“The one from fifteen generations ago... Supreme Kai”

East Supreme Kai and Kibito were startled. After looking at Muiyang, East Supreme Kai forced himself to calm down. He had even seen the Grand Supreme Kai. Now that he had seen the Old Kai from fifteen generations ago, it didn’t seem to be a big deal... He was amazing. There was actually such a senior sealed in Z Sword.

“Junior, who is this young man? Why does he have Supreme Kai’s power?”

Old Kai pointed at Muiyang and asked East Supreme Kai.

East Supreme Kai was afraid that Old Kai’s attitude would neglect Muiyang, so he hurriedly said, “Ancestor, this is Lord Supreme Kai.”

Old Kai’s eyelids suddenly widened. “Grand Supreme Kai, when did such a god appear in the universe?”

“Grand Supreme Kai is the highest Supreme Kai in the universe. He is personally conferred by Zeno and the Grand Minister. Even the God of Destruction has to show respect to him!”

As he spoke, Muiyang released the Grand Supreme Kai shen power in his body. Immediately, it was like a towering mountain pressing down on everyone’s chests. Other than the adorably foolish Fat Buu, who did not notice it, Old Kai and East Supreme Kai were already sweating profusely. This was the pressure of a superior god against a lower god.

Old Kai shuddered and hurriedly shouted, “Universe 7 Supreme Kai greets Grand Supreme Kai.”

Muiyang nodded. “The one who sealed you in the divine sword back then was the God of Destruction, Lord Beerus?”

“Yes, it was Lord Beerus...”

It was indeed him. Muiyang understood in his heart. In order to not die from an accident when he slept, the God of Destruction, Lord Beerus, had racked his brains. However, it was a pity that Old Kai had been sealed for fifteen generations. However, thinking about it carefully, Old Kai was considered lucky. After all, he had avoided more than ten disasters that could kill Supreme Kai.

If not for this, he wouldn’t have been able to live until now.

However, the God of Destruction, Lord Beerus, had never expected that the method he had designed for once and for all would also fail. Supreme Kai’s sword wasn’t indestructible. Lord

Beerus of the world of Trunks had lost his life because the divine sword had been shattered by Dabura.

“Old Kai, do you understand the situation of the outside world?”

“Yes, although it has been sealed within the Z Sword all these years, it can still see the great events that have happened in the universe.” Old Kai had been in Supreme Kai’s world all year round, but he was very clear about the matters of the lower realm.

“Then it’s easy. Teach Shin everything you know, and let him become a qualified Supreme Kai.”

“Yes, this junior of mine is indeed somewhat unsatisfactory.”

“Ancestor...” East Supreme Kai lowered his head in shame.

Old Kai glanced at East Supreme Kai and bluntly reprimanded, “You really lack cultivation before succeeding the position of Supreme Kai, but this is something that can not be helped. From today on, study hard with me and become a qualified Supreme Kai as soon as possible. And Kibito, although you are an apprentice Supreme Kai, you also lack the necessary common sense. Also, you have to change your attitude towards mortals. Otherwise, there will be disaster.”

“Yes, ancestor.”

“Thank you, old Lord Supreme Kai.”

East Supreme Kai and Kibito answered loudly, full of expectation.

Muyang looked at them. It was estimated that it would take a long time for them to grow up and pass. After all, before this, East Supreme Kai did not even know about the God of Destruction and Zeno.

Chapter 580

“By the way, Old Kai, hand over the Time Ring in your hands. From today on, all the Time Ring will be returned to the Grand Minister. You have just broken out of the seal and need to report to the Grand Minister!” All Universe Level Gods had to go to Zeno Palace to file a case.

Of course, Old Kai agreed. Although East Supreme Kai had seen a Time Ring before, he did not know how to use it at all. Therefore, he had always placed the ring in the wooden compartment of Supreme Kai’s treasure trove.

Muyang took the box containing the Time Ring from Old Kai. He looked at Fat Buu and waved his hand to take him into Acceleration World. Then, he went to the king world with Old Kai and the others to meet the Grand Minister.

...

The dreamy world of the king was full of stars, but these bright stars were just decorations that served as decorations. Like Acceleration World, only the water mother planet in the center was the real entity.

East Supreme Kai had never been to Zeno World before, so he felt curious about everything. It was just that the faint rhythm of the rules in the space was telling him the difference here all the time.

According to Old Kai, this was the most sacred place in the center of the universe. Supreme Kai was like a mortal here, and he needed to be humble and humble.

Soon, Muiyang and the others saw the Grand Minister.

Old Kai and East Supreme Kai quickly knelt down and saluted.

“Mr. Muiyang, thank you for sending Universe 7’s time and space ring over.” The Grand Minister was still full of smiles as usual.

Muiyang smiled and said, “Of course it’s good to put away the Time Ring as soon as possible. Coincidentally, I have a question to ask the Grand Minister so I brought it over.”

The Grand Minister smiled and nodded. He gestured to Old Kai and the others to leave first. Old Kai nodded respectfully and then took East Supreme Kai to travel to other universes. He also introduced the situation of the 12 universes in ZENO World to him. This was a different experience for East Supreme Kai, who had never left Universe 7.

“Mr. Muiyang, what do you want to ask?”

“Some of them train, and some of them are related to the construction of the universe. I want to know how to break through to the ninth level dimension...”

After advancing to the eighth level dimension and completing the initial transformation of Acceleration World, Muiyang’s strength advanced by leaps and bounds. Under the guidance of several Angels and Grand Ministers, he grasped a lot of knowledge about rules.

As his level continued to increase, Muiyang felt that his progress began to slow down, and he faintly felt that he was stagnant.

This problem was not about training.

Instead, it was about Acceleration World’s advancement. If Acceleration World did not continue to develop, it would be very difficult for his strength to improve greatly.

The Grand Minister patiently listened to Muiyang’s question. Then, he waved his hand and the two of them arrived near the suspended rocks around the palace. There was a bright water ball on each rock, which was the universe in Zeno World.

“Your Acceleration World already has six small universes. Although they are only the size of a galaxy, they are all at the initial scale. If they continue to grow, it will involve the power of creation. Every season in Zeno World, all the universes will collapse and reform. The process is similar to the universe in your Acceleration World’s world.”

“So there are two paths to go next: one is to continue to strengthen the six galaxies and upgrade them to the specific size of the universe. Two is to increase the number of small universes, but it is not easy.” The creation of the

universe involves many aspects. Whether it is strengthening the universe or building a new universe, it is not a simple matter.

“The training of the multiverse is the path of realm. The higher the level of the god, the more profound the rules will be. Even as the creator, it is no exception.”

The Grand Minister looked at Muiyang who was deep in thought and said, “It is better to stay in the palace of the king for a period of time. This is a very mature creation space. It can comprehend the rules of the universe more deeply. In addition, the level nine dimension angel must first master the use of the time rules. I think this is not a big problem for you.”

“Yes.”

The members of the Time Patrol team all had the power of time bestowed by Chronoa. Although they did not need to completely grasp the rules of time for the Angel level, Muiyang had a great advantage in nature. Adding on the similarity between Acceleration World and the entire Zeno World, walking the “realm path” in the entire universe was much faster than walking the “path of strength” and “path of order”.

Muiyang naturally gladly agreed to the Grand Minister’s invitation.

It had to be known that it was almost difficult to find an expert more powerful than the Grand Minister in the entire Dragon Ball World. To be able to receive the detailed guidance of the Grand Minister was enviable for any expert. On the path of realm, it could save a lot of trouble.

Therefore, Muiyang stayed in the palace of Zeno. The first person to be happy was Zeno. He felt that he finally had a playmate.

Although Muiyang would not play the game of “planet flicking” with him.

The Grand Minister was worthy of being the top god in the entire universe. His attainments in the rules were extremely deep. Under his guidance, Muiyang quickly grasped the mystery of the rules. He also borrowed the energy of Zeno World to nourish Acceleration World’s universe bit by bit, urging them to grow strong and strong. His physique slowly grew.

...

Time slowly passed. In the blink of an eye, two years had passed. During this period of time, Muiyang greedily absorbed the essence of all the laws of the universe, and then he slowly absorbed it into Acceleration World.

It was worth mentioning that during this period of time, the Grand Minister had contacted the Grand Minister of other worlds and recycle all the Time Ring placed in Supreme Kai’s hands. The Supreme Kai who was no longer afraid of degeneration used it to distort time and space.

In this period of time, apart from Muiyang’s great harvest, April had the latest development.

In Acceleration World, after two years of concentrated absorption, April finally tempered the evil part in the body of Skinny Buu and restored him to the purest form of original Buu. Although the size of the body shrank again, every piece of flesh was more essence. Logically speaking, if not for

April feeling that the Majin's Essence in her hand was enough to be used, she might have even absorbed the Fat Buu that Muyang had placed into Acceleration World.

After two years of adjustment, April switched her state to its best state.

On this day, the sun was bright and the clouds stretched.

April transformed into a Majin. Her body stretched out as she soaked in the Spring of Life. Suddenly, the entire pool of clear spring water began to boil, bubbling like a hot spring.

Without a sound, April's body changed from inside to outside.

A mysterious, vast, and distant charm was reflected on her body.

Her pink and white hair fluttered. The woman's enchanting body was immersed in the clear pond water. Her delicate and soft body emitted a strange pressure. Evil, holy, enchanting, holy, all kinds of contradictory temperament appeared at the same time. Her whole body was full of charm and beauty.

At this moment, the body of the demon turned into the body of a Demon God.

April blinked her crystal clear eyes and let out a soft moan. "The Galf-God Majin State is finally completed!"

Clenching her fists and feeling the surging power in her body, April narrowed her eyes in enjoyment. She felt that her current state was no worse than that of a Half-God Level Android 18. It was probably just a little bit inferior to the "Legendary Super Saiyan."

"Congratulations on completing your breakthrough."

An elegant and crisp voice was heard, and Melissa's charming face appeared in front of April.

"Yes." April maintained her demon form.

"Probably about the same as Lasuli, but unfortunately, she is not a match for you and Broly."

Maylia smiled. "I should be content to have such power after just breaking through. Oh right, Muqiu and the others are about to break through as well. They are the real Super Saiyan Gods!"

"They could have broken through a few years ago if they had used tricks." April looked at him.

Melissa said, "They don't want to take shortcuts. It will be detrimental to their future breakthroughs!"

In Multiverse No.4, Son Goku and others reached Super Saiyan God realm through the power of Fusion Six Good Saiyan, that is what everyone said Super Saiyan God, but the result of this trick is that Super Saiyan God Form is not stable. It can't be maintained for a long time, and it is full of difficulty to continue the breakthrough.

This was also the reason why Son Goku and the others later gave up the Super Saiyan God and became Super Saiyan Blue.

In fact, the Super Saiyans in the divine realm were the true path, and the Super Saiyan Blue pursued temporary strength.

Muqiu and Amelia did not lack time, so they would rather spend more time on the realm to polish it, not willing to rashly break through, causing the foundation to be unstable.
