

Ball God 601

Chapter 601

On Earth, when the universe competition was about to begin, Muiyang gathered his family and prepared to go to Universe 6 to watch the competition between Universe 7 and Universe 6. There were about twenty people in total. If Son Goku and his family went together, there would be even more people.

Because the people representing Universe 7 mainly came from Earth, Master Roshi, Krillin, Piccolo, and the others were also qualified to go to Universe 6 to watch the competition because of Son Goku.

This was a rare experience for Master Roshi who had never gone out of the galaxy.

“Goku and the others will be taken directly to Universe 6 by Whis, and you will go with me... Because it is another universe, after arriving at the competition venue, please don't wander around. After explaining the rules, Muiyang prepared to open the door to Universe 6.

“I didn't expect that I would have the chance to see the powerhouses of other universes.” Krillin held his daughter's hand and stood with Suno. Master Roshi, with a white beard, stood next to them with Yamcha and Tien Shinhan.

“I wonder what the other universes are like.”

“Maybe it's similar to our place.”

Everyone was very excited. Muiyang glanced at them and saw a golden light like a spark drawing a circle. A passage leading to another universe suddenly appeared in front of everyone.

“Everyone, go in.”

People walked into the passage one after another. When dozens of people entered, the flaming passage immediately closed. The other end of the passage was not directly connected to the martial arts venue, but into a protective space of a cube. Everyone stood in the universe void as if they were on flat ground.

The background was the vast and deep starry sky of the universe. Looking up, countless stars flashed and disappeared, forming a magnificent sight like the galaxy. Everyone was stunned by the profound and magnificent sight of the universe and could not speak for a while.

“This is Universe 6. The specific address of the competition will be notified by Vados. We just need to wait.” After Muiyang finished speaking, he stood at the front of the cube with his hands behind his back and looked at the scenery in the distance.

About ten minutes later, Vados' news was transmitted. Muiyang smiled and then controlled the protective space of the cube to move to the competition venue.

It was a giant arena floating in the universe. It was supported by a thick pedestal. It was a very wide area. The length and width of a thousand meters could let the participants play to their heart's content. On one side of the giant arena was a terrace. Compared to the large arena, the grandstand looked particularly small.

On both sides of the arena were two huge portraits, engraved with the heads of the God of Destruction, Lord Beerus and God of Destruction Champa. Because of the Vados correction, Champa's image is somewhat distorted compared to reality.

“The God of Destruction who looks very similar to the God of Destruction is the God of Destruction of Universe 6, right?” Yamcha pointed to the portrait of the God of Destruction. Except for his fat figure, he looked exactly like the God of Destruction, Lord Beerus.

“That's for sure. Be careful. Even a god of destruction can not be offended so easily.”

Master Roshi stroked his white beard and solemnly warned everyone.

Yamcha and the others nodded vigorously. At this time, they noticed the seven gigantic Super Dragon Balls floating in the distant starry sky. They were immediately shocked speechless by their huge size.

“The Super Dragon Ball is so big. I thought that the Dragon Ball of Namekians was already considered huge...” Bulma's voice was trembling. He was obviously frightened by the size of the Super Dragon Ball.

“Such a big Dragon Ball, how powerful must it be!” Krillin was shocked.

Muyang looked at them. “Apart from a few existences that are related to the universe, basically all wishes can be fulfilled.”

He still hadn't figured out the upper limit of the Super Dragon Ball, but there was no doubt that Half-God powerhouses were definitely within the range of the Super Dragon Ball's ability. As for whether they could resist the power of the Destruction God and the Angel, it still had to be verified. From the fact that the Super Dragon Ball could revive and be “Erase” by Zeno, its power could not be underestimated.

Of course, Muyang would not exaggerate the power of the Super Dragon Ball too much. After all, the Super Dragon Ball was not the Dragon God Zalama himself, and the power of the Super Dragon Ball could not surpass the entire universe.

Bulma and the others were shocked by the power of the Super Dragon Ball. They followed Muyang into the stands and sat down. From here, they could see the situation of the competition clearly.

“It's just us. When will Goku and the others arrive?”

“Soon. It will take them some time to rush over from God of Destruction Planet.”

Everyone found a good seat and sat down. It had been a long time since the contestants of the two universes appeared, and they began to discuss.

“Teacher, who do you think will win between Universe 6 and Universe 7?”

Kanalita sat next to Muiyang. This time, she had brought her disciple, Videl, purely to increase her knowledge.

Muiyang smiled faintly, “Is it important to us who wins or loses? We just need to watch the competition in peace.”

Kanalita was slightly stunned. Muiyang did not explain. If he really cared about winning or losing the competition, he would not allow the people of Universe 6 to enter his Acceleration World for training. From a certain perspective, Muiyang’s level had already exceeded Universe 7’s limit. As long as it was not a matter of life and death in the universe, he did not need to care.

No matter who won or lost in the Tournament of Destroyers between Universe 6 and Universe 7, it would be fine as long as it was a wonderful match.

In the end, this match was just a competition between the God of Destruction, Lord Beerus, and the god elephant handkerchief. In Muiyang’s eyes, it was nothing extraordinary.

On the contrary, it was a good opportunity for Kanalita and Mutian to gain experience.

Kanalita was still unable to understand Muiyang’s realm, but looking at her teacher’s calm and composed appearance, it seemed that nothing could make things difficult for him. There was a hint of worship in her eyes. If she could have a one in ten thousand realm of her teacher, she would be able to better manage the earth.

“Someone is coming.”

Muiyang suddenly looked in a direction.

In the corner of the spacious arena, a ray of light appeared, and Vados and the others had arrived.

Behind her, headed by God of Destruction Champa, Hit, Cat Majin, Caulifla, Kale, Cabba all came.

When he saw Hit and Cat Majin, the corners of Muiyang’s mouth curled up. It was indeed Hit and Cat Majin who could represent Universe 6 to participate in the competition. Speaking of which, the last time he saw Hit and Cat Majin was more than twenty years ago. Their strength seemed to have improved a lot.

“Hasn’t Beerus come yet?” Champa looked around with his big belly and saw Muiyang and the others in the stands, but he did not see Lord Beerus and the others.

Vados contacted Whis and replied, “They are rushing over. They will be here in a few minutes.”

“Humph, humph, they will be late for the key matches. That guy, Beerus, only has this much potential,” Said Champa disdainfully.

“Lord Champa, be a bit more polite. If we lose later, there will be no place for you to put your face down.”

Champa stared at him with his golden eyes. “Can you please make me happy? Speaking of which, I haven’t gotten even with you yet. It is only today that I know that the eggs of the Gu Gu Bird are not amazing food at all.”

“But it is delicious, isn’t it?” Vados said calmly.

“Uh... In the future, you must give me something more delicious. Otherwise, I will go on strike like Beerus...” Champa really wanted to be ruthless, but when he saw Vados’ expressionless face, he suddenly shivered and his voice couldn’t help but lower. He, an angel, was very black-bellied and often wanted to cheat him.

“Lord Beerus is here.”

After he finished speaking, a ray of light flashed on the other side, and Lord Beerus and Whis’ group appeared on the arena.

In addition to the participating Son Goku, Vegeta, Shasley, Majin Buu, Millif, along with Old Kai, East Supreme Kai, Kibito, and Son Goten to Sacred World of the Kai Unlock Potential and Son Alex of Vegeta.

Chapter 602

After seeing Beerus and the others arrive, Champa and Vados flew over.

“Beerus, I thought you were too scared to come. Look at this arena. Today, all your people will lose here.” Champa was very aggressive as soon as he came up, looking arrogant.

The God of Destruction Beerus glanced at Champa and retorted, not willing to be outdone, “Don’t be too proud. The one who will lose later will be you.”

“Ha!” Glancing at Son Goku and the others behind Beerus, Champa sneered disdainfully.

Seeing that Beerus and Champa were about to argue again, Whis and Vados stopped them with their divine staffs respectively. Vados said, “Everyone, please go to the stands first. Let me explain the rules of the competition... There are five participants in each universe in this competition. It is an elimination round. The universe represented by the last participants in the arena will win the competition. The prize is the seven wishing stars in the distance.”

“Lord Beerus, let’s go to the stands and wait.” Old Kai said to Lord Beerus, then pulled Supreme Kai and the others to the arena.

“Lord Grand Supreme Kai, do you think we have a high chance of winning?” Old Kai sat in the back row of Muyang and poked his head out to ask in a low voice.

Muyang smiled and said, “From the perspective of the people on both sides, the hope is pretty high.”

“Then I am relieved.”

Old Kai's expression relaxed a lot. Although this competition did not concern the life and death of the universe, as long as it was involved with the Destruction God, there was no small matter. Old Kai had experienced this before.

Because it was related to the battle for the face of the two God of Destructions, who knew what kind of trouble they would cause? Old Kai only hoped that the competition could be safely carried out to the end.

"Dad, I think Sister Kale is very powerful," Mutian said to Muiyang.

"Yes."

Muiyang patted his son's head and nodded.

Kale was a Super Saiyan. After Acceleration World's seven years of special training, she was a variable in the victory of Universe 6! But even so, there was still a big gap between the players of the sixth universe and Son Goku. Normally, they should not be a match for Universe 7, but it was uncertain!

"You guys discuss the order of the match first."

"Let me do it, I want to take the lead." On the side of Universe 6, Sulifla excitedly promoted herself.

"It seems very interesting." The Cat Majin squinted.

The rules of the elimination round stipulated that as long as the first player was not defeated, the next player could not go on stage. If the first player was too strong and defeated five opponents in a row, then the competition would end directly. The next player would naturally lose the opportunity to perform.

"Vegeta, let me go on stage first." Son Goku said.

Vegeta retorted, "No, I must go on stage before you. Don't think you can defeat all your opponents by yourself."

"We have to make a good order," Said Shasley.

"Just like the World Martial Arts Tournament, let's draw lots." Son Goku said after thinking for a while.

Fat Buu smiled and said, "I am good at this." After saying that, he took out a large paper box for drawing lots. Son Goku and the others drew lots to determine the order of the competition.

The first go on stage is Majin Buu, then Millif, Shasley, Vegeta, and finally Son Goku.

"Buu, are you cheating?" Vegeta frowns, dissatisfied with the order he had drawn.

"No!"

Fat Buu laughed, his fat face very simple and honest.

Vegeta let out an unhappy “tsk”, but the order of appearance was in front of Son Goku, which made him feel much better. He secretly made up his mind, “Kakarot, you won’t have a chance to appear this time, because all the masters will be defeated by me.”

Seeing that Universe 7 had divided the order of the competition, Universe 6 also learned to draw lots to determine the number of places. The order was: Caulifla, Cat Majin, Cabba, Hit, Kale.

Dong!

The huge gong sounded. All the unrelated people went to the stands and sat down. With a loud gong, the host of the competition appeared. It was a universe person who looked like Ultraman in the sixth universe. Next, Lord Beerus and Champa also solemnly carried out the opening ceremony and sang the song of the universe.

Muyang watched the farce end with a wry smile and did not look at it until the first match began.

According to the draw of the two universes, the order of the appearance was:

Five contestants of Universe 6: Caulifla, Cat Majin, Cabba, Hit, Kale.

Five contestants of Universe 7: Majin Buu, Millif, Shasley, Vegeta, Son Goku.

“The first match, invite Universe 6’s Caulifla and Universe 7’s Majin Buu.” Whis and Vados siblings floated in the air and set up a thick layer of protective shield for the entire competition venue. As long as the attack did not exceed the Destruction God level, it was impossible to break through their defense.

“Hahaha, I’m going to go on stage. Kale, watch carefully. Sister will knock everyone off the stage with a bang.” Caulifla tightened her fluffy trousers and jumped to the center of the stage.

“Sister, do your best!” Kale shouted loudly.

Caulifla laughed out loud. She extended her hand and made a victory gesture. Then, she looked confidently at Universe 7’s opponent.

Vegeta frowned and looked at Caulifla. “That little girl looks very similar to the people on Earth. Is she also a Saiyan?”

“Majin, it’s up to you.” Son Goku patted Fat Buu on the shoulder. Fat Buu laughed. He narrowed his eyes and patted his chest. Hot steam came out of his head. Then he trotted close to the arena and carefully climbed up.

East Supreme Kai said, “As long as Majin Buu takes action, he can definitely defeat his opponent.”

Old Kai nodded. “This Fat Buu is very strong. At least he is stronger than the original Majin Buu.”

In the stands, the blue-haired Gaia sat next to April. She was holding a pillow like blue jelly in her arms. It was a clone of her. When she saw Fat Buu appear, Gaia’s golden eyes focused on him seriously.

After Fat Buu went on stage, he stood on the side, raising his head and laughing foolishly. The purple cloak fluttered in the wind.

“Hey, are you my opponent? You look silly. Don’t let me down!” Caulifla bent her body and pointed her finger at her chin.

“I won’t lose to you.”

Caulifla said confidently, “I’ll show you my super power.”

“Ah!” With a loud roar, Caulifla swung her arms. Her eyes were filled with contempt as silver electric arcs wrapped around her body. Her fluffy hair was raised in an instant and turned golden. Her jade-green eyes were filled with a cold light that made people tremble.

“You look much better after you change.” Fat Buu narrowed his eyes into a line and his smile gradually disappeared.

“That little girl is indeed Saiyan, Super Saiyan 2...” Vegeta crossed his arms and looked at her calmly.

“It’s starting.”

With a swish, Caulifla, who had turned into the form of Super Saiyan 2, had a more noble temperament. With a flash, she directly attacked Fat Buu. Fat Buu tilted his head and looked at her in confusion. When Caulifla’s attack was close to him, his whole body suddenly tilted and flexibly avoided Caulifla’s attack.

Fat Buu was a true martial arts genius. Although his body was very fat, he was a flexible fatty.

“Hehe, I caught you.” He sprinted as fast as lightning, and in an instant, a flash of light appeared. Fat Buu left an afterimage on the spot, and in an instant, he seemed to have penetrated through space. In the blink of an eye, he arrived in front of Caulifla, and then grabbed one of her arms.

“So fast!”

An expert.

Caulifla became alert and was no longer as arrogant.

Fat Buu used his hand to grab hold of Caulifla and slapped her several times before throwing her away.

Caulifla’s body was flung away. She opened her arms and steadied herself. Caulifla roared in anger. With a loud bang, her aura became stronger and her state directly changed to Super Saiyan 3!

“Damn fatty, let me show you how powerful I am.”

Fat Buu’s eyes turned into crescent moons. “I have seen this state before. I have bullied me before, but now I am also stronger.”

When Fat Buu had just come out of the egg that had sealed him, he had been beaten up by Son Goku, who had transformed into a Super Saiyan 3. Thus, he had a deep impression of Super Saiyan. Now that he saw the form that Caulifla had transformed into, he immediately felt a surge of anger.

His eyes curved into a crescent shape. Fat Buu slapped his chest, and hot steam emanated from the top of his head.

“Then you can continue fighting.”

Fat Buu nimbly rushed in front of Caulifla. His round body pressed down on her, pushing her away. Kacha! A cold wind blew against her cheeks. She grinned and laughed, “You think you can defeat me? My body is full of power right now.”

“Huhuhu, it’s too strong. I have to vent my anger.” Caulifla attacked like a madman.

She was similar to someone who would go crazy without fighting for three days.

“Continuous Ki Blast!” Fat Buu pushed out his palm, and countless ki wave shot out without regard for his life.

Caulifla swayed her body to avoid Buu’s attack. Because Super Saiyan 3 had a huge pressure on her body, she could not maintain her peak state for a long time, so she had to win the match before her strength dropped.

Staring at Fat Buu, Caulifla roared. The golden light on her body was even more dazzling and unrestrained. The surging power surged like an avalanche. Her body was short, and the stone floor suddenly cracked, and fine stones flew out. Caulifla clenched her fist and hit Fat Buu’s stomach.

With a bang, a big hole appeared in Fat Buu’s stomach.

“Oh no, he was too ruthless.” Caulifla’s face stiffened, worried that she would beat him to death.

Fat Buu touched his stomach in surprise and smiled. The big hole in his stomach disappeared with a pop.

“Hehe, I’m fine.”

“You’ve actually... recovered?”

“You’re very strong, but I’m stronger than you.” Fat Buu raised his head proudly. Caulifla looked at Fat Buu with great interest. He said he was stronger than her, and she was not convinced. “We will only know who is more powerful after we fight.”

After saying that, Caulifla took a deep breath and slowly exhaled. Her entire body was filled with high fighting spirit. She had always been a lawless person on Planet Sadala. Although she had seen many powerful experts after coming out of the planet, she had always been proud of herself.

Peng! Peng! Peng! Peng!

There were only two gorgeous lights on the spacious arena. Due to the speed of the battle between Fat Buu and Caulifla being especially fast, there were hundreds of exchanges every collision. The figures of the battle kept flashing. The arena was filled with the illusion of two people.

In such an intense battle, the warriors could no longer see their movements clearly. Master Roshi rubbed his eyes and sighed. “Not only the naked eye, but even their ki are so fast that they can’t be captured.”

Closing his eyes to sense, the entire venue was filled with the ki of two people. It was impossible to tell where their real bodies were.

“If we go up, we might be torn apart by their ki before we even start fighting.” Krillin looked on in shock, his voice trembling.

“Compared to them, our battle is just a small fight.”

Yamcha smiled bitterly and nodded. “This is a Universe level battle.”

Bardock said, “The Saiyans of Universe 6 are also very powerful. I want to go up and fight.”

Son Hongye sat next to Bardock. After hearing his grandfather’s words, he said, “They are very fast. Both of them are top experts, but the Super Saiyans ‘energy can’t last long. That girl has to end the battle quickly.”

Son Hongye’s strength was not at all inferior to Caulifla. She knew the situation in the arena better than Bardock.

Although Super Saiyan 3 was powerful, it was mainly reflected in explosive power. It was the same for Super Saiyan Transformation. Other than the Super Saiyan full power that had adapted to the transformation state, both Super Saiyan 2 and Super Saiyan 3 were greatly oppressed by the body and could not fight for a long time.

In Universe 6, Champa shook his legs impatiently and shouted, “Hurry up and beat that fatty down.”

Vados said, “Please don’t interfere with the competition, Lord Champa.”

Champa snorted unhappily. He frowned and felt a little uneasy. As a God of Destruction, he could clearly see the weak side of Super Saiyan 3.

The Cat Majin looked curiously at the battle between Fat Buu and Caulifla. “That guy called Buu has amazing abilities. I really want to fight him!”

“Sister, do your best!” Kale clenched his fists tightly and watched nervously.

Like Kale, Cabba also stared fixedly at the arena. Only Hit watched calmly, his expression not changing at all.

“Caulifla can’t hold on any longer.” Muyang said softly.

Sure enough, after the competition lasted for a while, Caulifla gradually began to breathe heavily, while Fat Buu was still smiling mischievously. He missed the best time for the explosive power of Super Saiyan 3, and her physical strength dropped sharply.

With a bang, the violent impact shook the entire competition venue, and Caulifla was no match for Fat Buu and was pushed off the arena.

The first match ended with Fat Buu's victory.

"Hahaha, Majin Buu, you did a good job. Try to defeat the other people in the sixth universe." The God of Destruction Beerus shouted happily, and then looked at the elephant handkerchief provocatively.

There was a flash of coldness in the elephant's eyes, and he stomped his feet angrily.

"As expected of Majin Buu, he is as amazing as ever." East Supreme Kai was very excited. After becoming a teammate, the Majin Buu, who had once terrified him, had become so reliable. This was something he had never dared to think about before.

"Hehe, the situation is not bad for us." Old Kai had a smile on his face. He appeared to be calm, but his heart was already blooming with joy.

"Damn it, I actually lost to that fatty."

Caulifla returned to the stands with a displeased expression. She was still brooding over her loss to Fat Buu. She had already gone through special training and her strength had risen several times. Yet, she still lost the competition.

Ah, so annoying, so angry.

Kale said seriously, "Sister, I will avenge you."

Caulifla glanced at her junior. "That's right, we still have Kale here. The final victory still belongs to us."

"Cat Majin, it's your turn. Teach Universe 7 a good lesson." Champa said to the Cat Majin. As a cat, Champa treated the Cat Majin better.

"En, hand me over." The Cat Majin laughed and ran towards the arena.

Very soon, on the arena, Fat Buu and the cat demon confronted each other.

"You are very strong." Fat Buu's tone became serious.

The Cat Majin stood there, and a terrifying aura suddenly erupted. The entire arena and even the entire venue was enveloped by this aura. Everyone suddenly felt their chests stiffen, and their breathing became difficult.

"How terrifying. Who is this guy?"

"Universe 6 is indeed full of crouching tigers and hidden dragons."

Son Goku frowned and looked at the Cat Majin, "That guy is very strange. There seems to be even more terrifying energy in his body."

Vegeta nodded seriously. "Perhaps, the Majin Buu might lose."

As the warrior who was going to enter the arena after the Majin Buu, Millif looked at the arena with a serious expression.

Chapter 604

The battle began. Almost at the same time as the gong sounded, Fat Buu and the Cat Majin quickly moved.

Xiu, the figure moved like lightning. Fat Buu's attack arrived at the Cat Majin's side as fast as lightning. However, the Cat Majin bent its body and then shot out. Almost at the moment when it dodged the attack, it changed its direction. Then, an attack landed on Fat Buu's body. Fat Buu was kicked straight out. After landing, his body bounced continuously on the ground like a meatball. He almost slipped out of the arena.

“Your ability is amazing, but I am much stronger than you.”

The Cat Majin's attack suddenly strengthened. In the face of the Cat Majin's strong attack, Fat Buu did not react for a moment. Countless fist shadows fell on his body, and soon his round head became uneven.

Crash! The terrifying attack fell, and Fat Buu instantly exploded into powder. Then, countless clouds of energy gathered together, turning into hundreds and thousands of Fat Buu.

“Ki Wave!”

Cat Majin attacked again, but this time his attack was ineffective. Fat Buu had learned his trick, and also used the Ki Wave to rebound his attack back.

“Kamehameha!”

The two energies collided in the air. A terrifying whirlwind and energy shockwave burst out. The entire venue shook violently. If not for the protective shield set up by Whis and Vados, the attack just now would have been enough to destroy several planets in the universe.

East Supreme Kai looked at it in disbelief. “The attack of the Cat Majin actually has no effect.”

Old Kai said, “That strange cat seems to be a Majin...”

East Supreme Kai looked at Old Kai in surprise, then carefully looked down. “Sure enough, could it be that there are Majins in Universe 6?”

Muyang said, “Majin can be produced in every universe, but they are a little different from other Majin...” He had interacted with the Cat Majin when he was training in Universe 6. As far as he knew, the Cat Majin were not pure Majin, but they had a super learning ability comparable to the Majin Buu.

In addition, for countless years, because of Champa, no one had sealed it. Who knew how many skills he had learned, but he knew a few.

And more importantly, the Cat Majin had been a “Half-God” long ago!

By the way, the Cat Majin seems to have the same transformation as Super Saiyan...

In the following battles,

Fat Buu and the Cat Majin began to compete in skills. Ordinary combat methods had no effect on each other. At this time, Fat Buu began to use his various White magic and Dark magic crazily. The Cat Majin was tirelessly learning and coping with it.

Pop, a wave of electricity whistled past. Fat Buu wanted to turn the Cat Majin into chocolate. The Cat Majin sensed the danger and his energy surged.

“Body Transformation!”

The Cat Majin’s body shone with a golden light. All the hair on its body stood up straight as if it had been electrocuted, and its strength suddenly increased several times.

Son Goku’s eyes almost popped out. “Super Saiyan”

Vegeta said in disbelief, “How can a cat become a Super Saiyan?”

“Hehe, my one is called ‘Super Cat Majin!’”

The Cat Majin corrected.

His transformation was learned from the ancient Super Saiyan of Universe 6. Although he was not a real Super Saiyan, he still had the ability to increase his power level by several times.

“Damn, this golden light is clearly a Super Saiyan!” Vegeta’s face was ugly. Even the group of people who represented Universe 6 with the Cat Majin did not know that the Cat Majin had hidden this move.

A curious light flashed in April’s eyes. She seemed to be wondering if she could learn this move, but she quickly shook her head. Although she had the cells of the Majin Buu, she was more inclined to the Majin Buu. She was completely different from the Cat Majin.

“This time, Fat Buu is in trouble.”

Shaking her head regretfully, April could tell that the Cat Majin had not used its full strength.

Clearly, Fat Buu was also stunned by the scene that appeared on the Cat Majin. He gave himself a breath, and Fat Buu’s eyes turned. He pulled out a pink piece of meat from his belly and threw it at the Cat Majin. However, this piece of meat was quickly sent flying by the Cat Majin.

“Hehe, you’ve been tricked.” Fat Buu laughed, and another small ball of flesh rose from his back. He suddenly turned into a great general – Cat Majin and wrapped him up.

“Absorb!” Fat Buu ran over and swallowed Cat Majin.

“The Cat Majin was eaten?” Champa looked surprised.

“Great, Majin Buu won again.” East Supreme Kai danced and was overjoyed.

Son Goku and Vegeta looked serious. “Buu’s ability has no effect. The pressure of the Cat Majin is still there.” His body was clearly absorbed by the Fat Buu, but the Cat Majin was not digested.

With a bang, the Fat Buu's body exploded again. The Cat Majin came out of the Fat Buu's body and slammed his palms together. A violent storm overturned the earth and blew the Fat Buu out of the arena.

"In the second match, the Cat Majin of Universe 6 wins." Ali, who resembles Ultraman, announced the competition results

"Hmph, Beerus, didn't you say that you would continue to win against me? Look, I won the second match." Champa stuck his tongue out at Beerus proudly, looking like a villain who had achieved success.

Even Vados turned his face away, not looking at him.

In the third match, Universe 7 sent out Millif. After Old Kai had developed her potential in the Supreme Kai world, her strength was not inferior to the Majin Buu. However, she was still not a match for the Cat Majin in the state of Super Cat Majin.

The Cat Majin stood on the arena and shouted, and a golden wave of air swept up.

Millif in the mysterious state was very powerful and resisted the first round of attacks. However, in front of the endless strange moves, Millif gradually showed signs of decline.

With a pop, the Cat Majin's fingers shot out a curved wave. Millif carefully responded with a serious expression, but as soon as she touched Millif, her body became stiff and then turned into chocolate.

"How could this be?"

"That Cat Majin actually learned Buu Magic... Isn't this a Race Innate Talent?"

"What's going on?"

"..."

The God of Destruction, Beerus, was stunned.

"..."

Fat Buu couldn't believe it either.

Champa laughed proudly. Vados explained, "The strength of the Cat Majin is actually 'Half-God', so it can imitate the moves of everyone below the Half-God Level."

"It's actually 'Half-God Level'!"

Beerus gritted his teeth. Only Son Goku, Vegeta, Shasley could deal with this kind of strength. Moreover, the other party had deliberately learned so many of Fat Buu's moves, making it even more difficult to deal with.

Vados, all of Universe 7's people would fall on him.

Thinking of this, cold sweat dripped down Lord Beerus' head. He covered his face and did not know what to say.

“Shasley, you go up for the third match. You must not lose.” The God of Destruction, Lord Beerus, repeatedly warned.

Chapter 605

“Alright.”

Shasley nodded at Lord Beerus. Then, with a tap of her toes, she arrived in front of the Cat Majin.

Shasley was at the Super Saiyan Blue Level. Although she was still a distance away from Son Goku and Vegeta, she was still a bit stronger than the Majin Buu. From the perspective of strength, Shasley should be at the same level as the Cat Majin. However, the Cat Majin’s ability was too strange. Therefore, even the God of Destruction, Beerus, could not predict the outcome of this battle.

Beerus stared at the two people on the arena and whispered, “There shouldn’t be any problems, right?”

“There won’t be any problems.”

Whis said, “If there are no accidents, then Shasley will also lose.”

After hearing this, Beerus glared fiercely at Whis. “Can you say something nice?”

Whis shrugged. “What I said is the truth. Shasley’s training is not perfect. Although her strength and realm are enough, you know the Cat Majin. He is more difficult to deal with than the average Majin. If we had more time, Shasley still had some hope of winning.”

“Is there not enough time for training...” Beerus muttered.

Whis said, “Don’t worry. Even if Shasley loses the competition, we still have Vegeta and Son Goku on our side. They have the ability to win the competition.”

“I hope so.”

Beerus looked coldly in the direction of Champa. He glanced at the remaining contestants in Universe 6. There were still two Saiyan people and a killer over there. They didn’t seem to be very strong. Beerus immediately had confidence. In any case, as long as the last person left on the arena was Universe 7’s people, they would win.

On the arena, the Cat Majin looked at Shasley. “What strange moves do you have? Hurry up and show them to me.”

Shasley combed her long and slender hair. Saiyan people were a fighting race. In order to retain their strong fighting strength, their adolescence was very long. Even if they were in their fifties, Shasley still had an enviable youthful appearance like young people.

“I am a Saiyan like Millif, but I am much stronger than her.”

“Really?” The Cat Majin was suddenly interested. “Then you must also know how to transform into a Super Saiyan. Quickly use it.”

“I have become more than just a Super Saiyan.”

Shasley sneered. Then, she shouted, and a golden light flashed. Shasley had become a Super Saiyan 2 from the very beginning. The silver lightning crackled and buzzed.

“Just like the woman just now, but this is useless to me.” The Cat Majin chuckled.

Shasley’s beautiful eyes swept across the crowd coldly. Then, she continued to increase her energy. Suddenly, the golden light began to change. The bright red light lit up, and there was a faint blue mist. Shasley directly transformed into her Super Saiyan God Form. Her red hair and red eyes shone like flames.

The aura of Super Saiyan God completely disappeared.

Even if not for a pure Super Saiyan God, it still had some characteristics of a god.

“This is my current state, Super Saiyan God.”

“Very interesting!”

The Cat Majin looked at the form that Shasley displayed in surprise. It suddenly became very interested. At the same time, the aura on the Cat Majin suddenly disappeared without a trace.

The two stared at each other for a while, and then suddenly made a move. The fast-paced fight instantly began. The Cat Majin followed the footsteps of Shasley. Its narrowed eyes suddenly opened, and two beams of light shot out. Peng, peng, peng. The Cat Majin lightly fought with Shasley and instantly penetrated dozens of meters into the range of three meters of Shasley.

In the face of the Cat Majin’s attack, Shasley had a pair of cold eyes. Because of the disappearance of aura, Half-God experts could no longer rely on aura to fight. In high-level battles, the naked eye had lost the ability to track the enemy. Therefore, at this time, it would test the intuition of both sides and the keen consciousness cultivated by countless battles.

Ka!

Shasley received the first round of attack from the Cat Majin. The stone floor beneath her feet suddenly shattered, and a crack that was more than ten meters in diameter suddenly appeared on the spot. In a flash, Shasley turned around and appeared at the side of the Cat Majin at an unbelievable angle.

With a horizontal kick, an afterimage, Shasley was shocked.

A drop of cold sweat dripped down.

The Cat Majin laughed. Once again, it came to Shasley’s side. Its two arms flashed and suddenly extended. Shasley frowned. This move was similar to the Namekian, and the same could be said for the Majin. Because she had some understanding of the abilities of the Namekian and the Majin Buu, even if she saw a similar move, she was prepared and did not make any mistakes in her moves.

Hiss, the long-haired, blue-haired arms turned in the air. The Cat Majin’s arms seemed to have a pair of eyes as it chased after Shasley.

“Stop!”

With a delicate shout, Shasley flung her hair. She no longer avoided the attack. Instead, she pounced towards the Cat Majin. However, the scene before her eyes suddenly changed. The figure of the Cat Majin suddenly disappeared from Shasley's sight. The biting cold pressure continued to approach. Shasley frowned slightly and suddenly struck towards the void beside her.

However, she immediately realized that she had failed.

“Not good!”

Boom! A sonic boom sounded from the arena. Shasley's attack broke through the void.

Raising her head, she saw the Cat Majin holding his fists and attacking from the sky. Boom! Shasley was hit by the powerful attack, and her body was like a cannonball as she sank into the deep pit. Then, a ball of fiery red flames burned up. Shasley jumped up and began a fierce fight with the Cat Majin. All the movements dazzled the eyes of the audience.

“Amazing! As expected of a Saiyan who is good at fighting. Her level has already reached a level that we look up to.”

Piccolo watched the movements of the arena with a serious expression. Because there was no aura to refer to, he could not see the movements of both sides clearly.

Bardock and Gine stared at the arena, not wanting to let go of any moment.

“This is also a type of Super Saiyan God. The endurance of battle is much stronger than Super Saiyan.” Muiyang looked at the battle below. At this time, Gaia, who was beside him, raised her head and said, “It seems that Shasley is not a match for that Cat.”

Muiyang touched Gaia's head. “The strength of the Cat Majin is not bad at the Half-God Level. The Super Saiyan God is at best at the early stage of the Half-God Level. Without the strength of the Super Saiyan Blue, it is naturally impossible to pose a threat to him. As for the Super Saiyan Blue...”

Muiyang shook his head.

Melissa continued to say, “The Super Saiyan Blue should be able to defeat the Cat Majin, but he abandoned a part of the characteristics of the gods. Excessively seeking strength is the most important thing, so that the burden on the body is increased again.”

In terms of form, although the Super Saiyan Blue was generally a lot gentler, it was still not a desirable transformation. On the contrary, it was a bit like the Super Saiyan of Melissa and Broly, stepping on the path of strength training.

“Oh.”

Although it had power close to the Level of an Angel, Gaia had no combat experience and no fighting desire. If he wanted to become as high as Whis or the Grand Minister, he needed infinite time to accumulate.

Chapter 606

On the other side of Universe 6, Caulifla stared blankly at the battle between Shasley and the Cat Majin. She grabbed Gary's shoulder and shook it continuously, "Hey, hey, what form did that big sister transform into? Her red hair is so magical!"

"Cough, cough, I don't know."

Gabba's face turned green as he broke free of her hands.

"Lord Champa, do you know what kind of Saiyan it is?" Cabba asked Champa.

Champa was speechless. He coughed and looked at Vados, meaning to let her answer. Vados had trained Muqiu and Amelia in Acceleration World. Naturally, he had seen the Super Saiyan God. Although Shasley was a little weaker than the real Super Saiyan God, her state was the same.

Vados replied gracefully, "That is the Super Saiyan God. He comprehended the transformation of the divine realm above Super Saiyan 2 and Super Saiyan 3."

"So it's the Super Saiyan God. I thought it was Super Saiyan 4 after Super Saiyan 3!"

Caulifla said thoughtfully.

Whis corrected her, "To be exact, it is a Super Saiyan God. It has a part of the characteristics of a Super Saiyan God, but it is not a complete Super Saiyan God."

"Yes." Caulifla felt that she understood a lot.

She continued to watch the competition, and Caulifla had a desire for a higher level. On the arena, the battle between Shasley and the Cat Majin continued.

Hiss... She suddenly felt a burst of coldness in her mind. It was as if she had been locked on by a beast in the dark forest. The illusory figure of the cat demon approached Shasley silently. Blue light flashed, and the Cat Majin transformed into countless arms. Those arms left his body one by one, and in the blink of an eye, thousands of fists struck at Shasley together.

In the face of endless attacks, Shasley shouted angrily. Blue flames burned, and her fiery red hair turned blue in an instant. Her eyes were shining like sapphires.

Rumble! The majestic attack was blocked by Shasley. The Cat Majin was shocked. In the next second, Shasley turned to attack, and the fierce attack caught the Cat Majin unprepared.

"Wow, wow, it transformed again!" Caulifla shouted.

"Sister." Kale held tight to the seemingly hyperzoa.

"That's called the Super Saiyan Blue, it's the Super Saiyan transformation that was made on the Super Saiyan God." Whis explained lightly.

"Shasley, don't hold back. Beat the Cat Majin down in one go." The God of Destruction, Beerus, stood up from his seat. He originally thought that there was not much hope of winning this match, so he was prepared to lose another match. He placed his hopes on Son Goku and Vegeta who were behind him.

But looking at the current situation, Shasley was also very powerful.

“Use your strongest attack and beat the opponent down.” Vegeta shouted at his wife. He knew the flaw of the Super Saiyan Blue. If Shasley did not beat the opponent at this time, it would be difficult to defeat the opponent in the next moment.

“...”

Hit also narrowed his eyes. If the previous Super Saiyan God had not attracted his attention, now that Shasley had become a Super Saiyan Blue, he suddenly felt that it was tricky.

“Cat Majin, quickly counterattack. Don’t let the other party catch hold of your rhythm.” Champa yelled.

The battlefield was changing rapidly, and the usual experience had to be used at this time.

Shasley was also a warrior who had been training for a long time. She naturally understood this point, and her fierce attacks continued to sweep towards Cat Majin. Thick smoke rose up, and there was no safe place in the huge arena. The stone slabs under her feet cracked into small stones, and there was no stone slab that was bigger than a palm.

Right at this moment, a thick wave of energy suddenly swept over from the side. Layer upon layer of energy continuously roared like the beating of a war drum. Shasley bit her lower lip and her pupils suddenly contracted.

After suffering from her powerful attack, the Cat Majin held up an energy shield and arrived in front of her.

“What a strong attack, but it’s useless against me!” The Cat Majin took a deep breath. His body changed into various shapes like a dough. Shasley’s attack suddenly lost its effect.

Peng! Peng! Peng! Peng!

In the intense collision, the cat demon engaged in close combat. Shasley was exhausted, sweat dripping down her cheeks.

“The competition will end here.” The Cat Majin opened his arms and closed them forcefully. Suddenly, it was as if a star had exploded. The wide arena began to tremble. There was no safe place, and the air waves continued to radiate...

The air became chaotic. It was as thick as paste. Invisible waves of air swept out like waves of water. The air was vast and endless. Bright light suddenly rose in the void of the venue. Everyone was stung by this light. The momentary blindness only lasted for a short while. But for the people fighting, it was enough to change the situation of the battle.

Bang! Shasley was knocked out of the arena by a fist. She spat out a mouthful of blood, and her state suddenly changed from a Super Saiyan Blue to a normal state.

“Shasley!” Vegeta roared and rushed over to pick up Shasley, stuffing a Senzu Bean into her mouth.

“I’m sorry, but I still lost the competition.”

“I will avenge you.” Vegeta cut through the metal and glared at the Cat Majin.

“Hahaha, Beerus, I think you will lose for sure. In several consecutive matches, your people have lost to the Cat Majin. I think the Cat Majin alone can defeat Universe 7.” The voice of Champa was heard.

The God of Destruction, Beerus, sat in his seat and kept shaking his legs. This time, the ridicule of the target did not respond. He said to Vegeta, “You must win the next match.”

“Leave it to me.” Vegeta nodded vigorously.

At this time, Whis and Vados waved their divine staffs together. The arena that had been destroyed by the battle instantly returned to its original appearance. Vegeta clenched his fist and walked up the arena with a cold expression.

“Vegeta, good luck.” Son Goku said.

“Yes.” Vegeta nodded faintly.

“This time, it is still Saiyans. Universe 7 has so many Saiyans. Four out of five people.” Caulifla stretched her neck. “That big sister just now is such a pity. She clearly has such a powerful transformation. If it were for me, I would definitely beat her down.”

Cabba glanced at her. “Don’t say that. You don’t know how to transform like that.”

“Hmph, there will be sooner or later. I am the smartest.” Caulifla said proudly. In just five days (Acceleration World was in middle school), she had become a Super Saiyan 3. As long as she was given another month, she would not be able to change her state.

Cabba shook his head helplessly at Caulifla’s self-confidence, but to be honest, he was quite envious of her talent.

Although her brain was a bit straight, or rather, a bit stupid, her talent was indeed lacking.

“If the remaining Saiyans all have the ability to transform into a Super Blue, we might lose.” Hit, who had been silent all this time, suddenly opened his mouth, and then his eyes stared seriously at Vegeta on the arena.

Chapter 607

The fifth match was about to begin. Once Vegeta went on stage, he adjusted his state. His eyes were shining. As the gong of the match sounded, Vegeta immediately turned into a Super Saiyan Blue without saying anything. Then, he took the lead and launched a storm of attacks at the Cat Majin.

“That Saiyan really knows that kind of strange transformation. Maybe the Saiyan in the end will also do it.” Hit was stressed and his tone became serious.

Looking at Son Goku on the other side of the arena, Hit was a little worried about Universe 6.

On the arena, the Cat Majin resisted the attack from Vegeta. Compared to Shasley, Vegeta’s attack was obviously much more ferocious. Even with so many strange moves, the Cat Majin had a feeling that he could not use them.

“So powerful, I can’t beat him.” The Cat Majin’s tone was still so casual, but his forehead was covered in cold sweat.

Vegeta glanced at the Cat Majin and did not say anything. In one go, he continued to increase the attack!

Puff! Water mist rose up and filled the surroundings. The energy of the Super Saiyan Blue surged crazily like a super engine. Its body was wrapped in bright blue light. The thin energy mist turned into a sharp storm and spread in all directions.

Because the Super Saiyan Blue had lost the ability to restore the body, it brought a strong burden to the body. Therefore, Vegeta had to take advantage of the time when his body was at its peak state to quickly defeat the Cat Majin.

“Final Flash!”

Violent energy shot out from his hands. Since he had already figured out the strength of the Cat Majin, Vegeta attacked recklessly.

The momentum suddenly skyrocketed. The dazzling light flashed a few times. A bright white flash was like a huge wave in the ocean, bringing with it a vast amount of energy. At this moment, all the hair of Vegeta lit up with a blue light. The powerful attack was like a hot knife through butter, holding up the energy that swept the universe.

In the face of the ferocious attack launched by Vegeta, the Cat Majin opened his eyes wide and raised his hands to release the same energy wave. Suddenly, the protective cover made a loud noise. The floor that had just been repaired before the competition formed two fan-shaped impact bands in the collision of the two people.

“This match, I will win for sure.” Vegeta roared as he strengthened his energy without hesitation.

“Not good!”

The Cat Majin felt the pressure coming from the other end of the energy wave and whispered.

Swish!!

A straight energy surged over.

The level 17 typhoon hit the energy barrier, and the Cat Majin was also brought to the top of the barrier by the energy of the collision. His body was still under the impact.

“Cough cough, I won.”

Vegeta's arms hung down, and he gasped for breath. The competition had only begun for a few minutes. With the spirit of a spurt of energy, Vegeta killed the Cat Majin in one breath. The same damage also made his body exhausted.

If the Cat Majin dodged a little and did not compete with him in terms of energy, then the one who lost was him.

"Good job, Vegeta." The God of Destruction Beerus laughed happily. With this victory, he finally won a round for him. Beerus could not imagine if he would be so angry that he wanted to destroy the universe if he lost this game again.

"Hum, I just won a game. You are already the fourth player on your side, and I only have two here. There are three left!" Champa looked at Beerus' happy appearance and attacked him. Beerus said confidently, "Are the remaining three players all at Half-God Level? If they are not, they will definitely lose."

Champa glared and turned to look at his own players. His aura suddenly dropped by quite a bit.

"I don't need to be at the Half-God Level. Just having one powerful one is enough."

"Then is that so? To tell you the truth, my Vegeta and Son Goku are both at the Half-God Level, so I will definitely win." Beerus' eyes became sharp, and the two gods of destruction competed with each other across space.

Champa turned back and shouted, "Cabba, it's your turn."

"Got it." Cabba walked up to the stage and began to move his limbs.

At this time, Shasley threw an immortal bean on the stage. Vegeta bit the Senzu Bean and after recovering his energy, he stared at Cabba seriously. "You are also a Saiyan. You also know how to transform into a Super Saiyan, right?"

"Yes."

Vegeta nodded. "Then I will go all out. I want to see how powerful the Saiyan of Universe 6 is!"

Thump!!!

The sound of the gong rang out like a bell.

Suddenly, the atmosphere became tense. Cabba looked at Vegeta seriously. A golden light suddenly lit up on his body.

"The golden light, is it a bluff?" Vegeta looked at Cabba's young face.

At this time, Muyang shouted from below, That young man named Cabba is an expert of the Sadala Defense Forces.

"'Sadala Defense Force', the name is the most elite team like the 'Planet Vegeta Protection Team'? So that this kid in front of me most likely hide a more powerful

power. Because despise me, I was not ready to make out then I will force all your power out.”

With this thought in mind, Vegeta immediately used his full strength. The energy of the Super Saiyan Blue burst out at full strength, and suddenly the energy waves swept up.

Like a wave, the blue energy swept out in all directions. Cabba, who had just leaped up and attacked, was swept by the energy. His body was directly sent flying. With a bang, just like the Cat Majin from before, Cabba also crashed into the energy shield and fell out of the field.

“Huh?”

“Why did you fall down just like that”

Cabba was also stunned.

“Cabba, what the hell are you doing? Why aren’t you using your full strength?”

Cabba said innocently, “Lord Champa, it was my full strength just now.”

Champa paused and said gloomily, “Your strongest state is the Super Saiyan form with lightning? Isn’t that even weaker than Caulifla?”

Cabba said awkwardly, “I really only have the strength of Super Saiyan 2.”

Champa was stunned. He threw a tantrum at Vados. “This is the player you found. He is clearly the weakest among all of us.”

Vados said, “Of the ten players on both sides, there must be the weakest. Unfortunately, this person happens to be in our universe. To be honest, Gary is definitely an expert in Universe 6.”

Super Saiyan 2 was a power that could not be ignored in any universe.

After all, this was also the level of “Lightning Cell” in the original work.

Champa was suddenly choked by Vados’ words, and simply stopped talking. At this time, Vegeta also reacted, and then glanced at Cabba with a strange expression.

It turned out that he thought too highly of his opponent.

That’s right, not all Saiyans are powerful, just like Planet Vegeta, more than 10,000 power level is the most powerful power level, Super Saiyans are legends.

Chapter 608

The God of Destruction, Lord Beerus, saw that the contestants of Universe 6 were actually swept out of the arena by the aura released by Vegeta. After being stunned for a moment, he laughed out loud and did not forget to mock Champa.

Champa covered his head and his face was ashen. “Hit, you should know what to do in the next battle.”

Hit said expressionlessly, “Due to the rules of the competition, many of my moves can not be used directly.”

Champa roared, “You must win.”

Hit shook his head. He had his own pride. He did not only hear Champa's words. His figure flashed and suddenly appeared in front of Vegeta. His blood-red eyes stared at Vegeta. He said, "Since it's Lord God of Destruction's request, then I can only fight you."

Vegeta's eyebrows twitched. The instinct of the combat race made him wary. The purple dressed universe man in front of him had a power that made him afraid. However, he immediately smiled. No matter what kind of warrior he was, he had no reason to retreat. He would crush him with absolute power.

"Bring it on. I will let you experience the power of Super Saiyan."

"Good!"

Hit nodded lightly. His smile became serious. He took out his hands from his pocket and looked at Vegeta. He assumed a combat posture. Hit was the number one assassin in Universe 6. In terms of killing techniques, he was definitely the number one in the universe. Even though most of his abilities were restricted by the rules of the competition, he still had the strength to fight against Vegeta.

Bang!

Hit leaned forward. The next moment, he disappeared from Vegeta's line of sight. Vegeta's expression immediately became serious. He carefully examined the surrounding void and searched for Hit's whereabouts. But next, Hit's attack came from nowhere.

The bones of Vegeta all over his body cracked. The combat suit on his body suddenly broke into a big hole. The corners of his mouth curved up. He seemed to be in great pain.

Vegeta's eyes shot out a sharp light, and then he roared. The power of the Super Saiyan Blue burst out violently, and the terrifying energy that could tear everything was raging wildly. Vegeta suddenly punched in a direction. Crash... The void seemed to be broken, and there were winding cracks in it. Hit's body came out of the alternate space. He frowned, and his chest suffered an attack.

"It actually broke my alternate space!" Hit looked at his chest.

After a moment of silence, Hit looked at Vegeta and used all his strength.

"If you have any moves, just use them. I will take them all." Vegeta shouted at Hit excitedly.

"Alright then."

Hit clenched his fist. The moment he released his fist, his speed suddenly increased to the limit. The martial arts arena that was a thousand meters long and wide had no concept of distance to him. It was as if he was directly shuttling through space. Hit's attack came to the side of Vegeta.

Bang! Bang! Bang! Bang!

Hit clung to Vegeta. Both of them were peak-level experts. Hit was good at assassination, but he was also very skilled in ordinary combat skills. Vegeta, as a Warrior Race, had been fighting in high-intensity battles since birth. Their battles were naturally full of places to admire and learn.

Whoosh! Both of their bodies were very agile. Each attack was full of strength, but the moment they came into contact with each other, there was still some leeway left. Thus, Vegeta and Hit fought.

Vegeta's fist was very hard, and his expression was also very crazy. The hard iron fist landed on Hit's body, but it was like two pieces of iron smashing together. Flames splashed everywhere, and after a few more hits, even Hit could not help but change his expression.

“Time-Skip!”

Suddenly, Hit's figure disappeared in front of Vegeta and reappeared in a completely unknown place. Time seemed to stop all of a sudden. Before Vegeta could react at all, Hit's fist landed on Vegeta's abdomen.

Wow, he spat out a mouthful of acid. Vegeta bared his teeth and his face was full of confusion. The intense pain caused his anger to burn. His entire body was filled with killing intent, and his murderous aura rose wave after wave.

“Bastard, what happened just now?”

Vegeta was as gloomy as water, and his eyes were about to crack. He had been fighting well just now, and the rhythm of the other party was also in his grasp. But why did it suddenly attack his abdomen?

Meeting Hit's calm eyes, Vegeta quickly threw a punch, but Hit did not dodge. Instead, he faced the attack head-on. Just as Vegeta thought that he was about to succeed, there was a loud bang, and Hit's attack came from the side of his body.

It was like this again!!

Vegeta's body suddenly shook, and his eyes revealed shock. His body was sent flying.

“I clearly didn't give him a chance to attack...”

The attack just now was definitely the strongest. It was impossible for Vegeta, who had been trained by Whis, to not be able to judge his own strength. However, the other party was not affected at all. Moreover, he instantly retaliated from another angle, as if he could control time.

If it were for Vegeta in the original story, he might have thought of Guldo from Ginyu Force, the alien who controlled the time ability. However, in this world, Guldo had been killed by Muyang before he joined Ginyu Force, so no matter how hard he thought, it was impossible for him to understand Hit's “Time-Skip” ability.

However, Vegeta was an experienced warrior. After failing several attacks, he began to think and took a deep breath. Vegeta distanced himself from Hit, then calmed down and lowered his strength.

The blue flames turned red, and the blue hair on his head turned blood red. Vegeta changed from a Super Saiyan Blue to a Super Saiyan God.

“Vegeta is smart. He knows that before he finds a way to deal with his opponent, he can't always use the powerful Super Saiyan Blue Transformation.” Muyang sat in the stands and chuckled.

Although the Super Saiyan God couldn't compare to the Super Saiyan Blue in terms of energy, in terms of long-lasting combat ability, they were far superior to the Super Saiyan iBlue n a few streets. Vegeta planned to find out the characteristics and weaknesses of the tricks of the Super Saiyan God.

“Where did Champa find such a strange contestant? Even I couldn't see his movements in that split second.” The God of Destruction, Beerus, had a solemn expression. Muiyang said, “The ability Hit uses is called ‘Time-Skip’. It can jump for 0.1 seconds and ravage opponents at will during this time.”

Beerus frowned and said in surprise, “So it's the ‘Time-Skip’. No wonder.”

Although 0.1 seconds seemed very short, in a high-intensity battle, even a one-thousandth of a second could be used to decide the outcome. It was easy to imagine what kind of damage the bug ability Hit had to deal to the opponent.

“I hope Vegeta can hold on.” Beerus murmured.

“This kind of move is too against the rules...”

When Krillin and the others heard this, they widened their eyes in shock. They thought about how terrifying it would be if they met an expert who could control time in battle.

Son Goku stared at the battle on the arena and said, “Vegeta must have adjusted his state to that of a Super Saiyan God. He must be trying to figure out how to crack this move in the next period of time by relying on the super strong recovery ability of the Super Saiyan GOD.”

Krillin swallowed and said, “Can we succeed?”

Son Goku said, “When Vegeta and I were under Whis' training, Whis said that when the consciousness is too late to respond, it is better to let the body fight back on its own.”

This was the foundation of the “Ultra Instinct”. If Son Goku had learned the “Unfettered Instinct” or “Extreme Instinct”, he would be able to understand these things more clearly. The body's automatic response was different from the initial conditional reflex of martial arts. The “Ultra Instinct” contained a profound meaning of martial arts.

“This... can it be done?”

His voice trembled slightly, and Krillin seemed to be in disbelief.

“Vegeta, it should be possible.” Son Goku said confidently.

Muiyang looked at Son Goku with a deeper meaning. Son Goku's judgment was correct. Hit was limited by the rules of the competition. Many skills could not be used in one move, so the damage caused by the “Time-Skip” would be greatly reduced. In addition, Vegeta was a martial arts genius, and maybe he could really find a way to restrain the “Time-Skip”.

In the original work, the one who fought with Hit was SSON Goku. He was the one who fought with Hit at the super red Saiyan stage, and then used the power of the Super Saiyan Blue to crush Hit.

Chapter 609

On the arena, Vegeta, who was in the Super Saiyan God state, dealt with it calmly. In the face of Hit's attacks, he constantly groped about. Many attacks almost caused him to be seriously injured and lose. However, the super recovery ability of the characteristic of the gods always saved him from danger.

About ten minutes after the competition, Vegeta finally smiled. He had already figured out the pattern of Hit's attacks.

Bang!

Hit used "Time-Skip" the moment he took a step forward. The surrounding space instantly lost its color. Except for Muiyang, who could still move because he had grasped the power of time, the movements of the others all stagnated.

In the next moment, Hit came out of the dim alternate dimension, clenched his fist, and attacked Vegeta. At the same time, the time effect of "Time-Skip" ended.

At this moment, in almost a thousandth of a second, a slight chill rose from the side. Vegeta sneered, clenched his fist, and rushed toward Hit.

Bang, the heavy fist collided.

Hit and Vegeta each retreated several meters.

After a brief visual remnant, the air suddenly trembled and cracked into crystal fragments.

"You actually took my attack!" A trace of surprise appeared on Hit's indifferent face.

Vegeta said proudly, "For me, isn't it normal for me to receive your attack?"

Hit nodded silently, lowered his head, turned around, and suddenly disappeared again.

In an instant, he came to the side of Vegeta.

Once again, the battle was a mess.

"I have seen through your moves, Super Saiyan Blue!!" Vegeta roared loudly, and the energy in his body boiled. At this time, he used his full strength again.

Super Saiyan Blue was relatively strong among the Half-God Level. Unless he used a killing method, Hit could not defeat his opponent in a short time. Vegeta's attack became more and more violent. Even Hit, after a long fight, could not help but sweat.

"Final Flash!!"

Vegeta released a terrifying energy.

In the face of Vegeta's overbearing attack, Hit sighed regretfully. He was already somewhat powerless.

Rumble! A sparkling and translucent light enveloped the entire venue. The huge martial arts arena was instantly swept away by the terrifying energy. A layer of the arena was forcibly scraped off. Other than Vegeta floating in the air, there was no place to rest.

“In the seventh match, Universe 7 Vegeta won.”

The universe judge announced the result of the match.

Vegeta gasped for breath. If the attack just now was unable to defeat Hit, he probably would not have the ability to attack a second time.

“Wow, wow, wow. He lost again. What should we do?” Champa grabbed his ears, his eyes red. It was clearly his own match. If he lost to Beerus in the end, he would lose face.

Beerus, the God of Destruction, crossed his legs and said proudly, “Champa, you still have one last contestant left. Let her come up!”

“Kale!” Champa shouted coldly.

“Oh, yes, I’ll be there right away.”

Looking at the somewhat dark skinned girl in front of him walking up the stage timidly, no matter how he looked at her, he felt that the other party was not an expert. He suddenly realized that he was really going to lose face.

Champa asked Vados, “That Kale... How strong is she?”

Vados glanced at him. “It’s alright. It should be passable.”

“Aiya, Vados, how did you choose? If I lose this time, you must take responsibility.”

“Lord Champa, you really know how to joke.” Vados covered his mouth and chuckled, giving off a cynical look.

After Kale went on stage, Beerus was even more relieved. “The little girl from Universe 6 doesn’t look very strong. Eh, her basic power level is actually a bit stronger than Son Goku. However, the Saiyan from Universe 6 is just that...”

Previously, Caulifla could only use the power of a Super Saiyan 3, and even worse, she was only a Super Saiyan 2. Even if this Kale was stronger than them, she could at most reach the limit of a Super Saiyan God. Looking at her weak appearance, she was definitely not a match for Vegeta.

Vegeta took a Senzu Bean from Shasley and ate it. His body immediately recovered to its peak.

“Vegeta, defeat the last player of Universe 6.” Beerus shouted loudly. This time, Vegeta performed very well. He defeated several opponents in a row. When he went back, he must be rewarded.

“Yes.” Vegeta nodded seriously and then looked at Kale.

This female Saiyan looked sixteen or seventeen years old. It was rare that her normal power level was not inferior to his. If she cultivated well in the future, she would definitely be a powerful warrior.

“Little girl, I will definitely not hold back.”

“Kale doesn’t need you to hold back... Kale, hurry up and transform, and then beat those annoying fellows down.” Caulifla stood next to the ring and shouted.

Kale nodded at Caulifla and then looked at Vegeta seriously.

For some reason, when Kale looked at him, Vegeta felt a trace of coldness.

“This is interesting.” Muiyang leaned back and looked at her with interest.

“Is this little girl very powerful?” Everyone had a bad feeling. At this time, Mutian said, “Sister Kale is very powerful, even more powerful than Caulifla... just like a mother.”

Broly frowned. “She’s also a Super Saiyan from the legends?”

Melissa nodded. “Kale is indeed a Super Saiyan.”

Broly nodded. His normal combat strength was no weaker than Son Goku and Vegeta. If he suddenly became the strongest green-haired Legend, his strength would probably be comparable to the Super Saiyan Blue.

“Then let the match begin.”

Following the referee’s command, the gong rang out.

Just like the previous battle, Vegeta had used his full strength at the beginning of the match. He had used his full strength when fighting against the rabbit, let alone a battle that represented the universe. Vegeta had always been too proud. However, after being attacked by Melissa, Son Goku, and the others, he had restrained his pride.

Weng, the super blue power appeared again, and everyone felt an indescribable pressure.

At this time, with a timid expression on his face, Kale clenched his fist and cheered himself up. Then his body lit up with grass green light, and his hair that was tied up into a ponytail loosened up. The muscles all over his body began to expand slightly, and the thick energy roared. A pressure that made the soul throb suddenly appeared.

The green hair crossed and directly appeared.

Feeling the bone-piercing chill, Vegeta’s face suddenly changed.

“A green-haired Super Saiyan?”

Vegeta was surprised by Kale’s transformation. Speaking of which, he had never seen a green-haired Super. As for Universe 7’s only two Super Saiyan, Melissa and Broly, when they truly displayed their green-haired Super Power, they were all among Acceleration World. Thus, Kale’s transformation was the first time he displayed the power of a green-haired Super in front of everyone.

Son Goku and Shasley had ugly expressions on their faces. “That girl is simply a monster.”

“Then what transformation is it?”

Bardock looked at it in surprise.

“That’s called the ‘Super Saiyan’ in the legends, while the green-haired Super Saiyan Transformation is the strongest form of the Super Saiyan! Kale’s strength is only not weaker than Vegeta’s.” Muyang explained with a smile.

Bardock was stunned for a moment, and then looked at Melissa and Broly. According to what he knew, the two were also Super Saiyans.

Looking at their calm faces, it was obvious that they had already reached that state. Bardock could not help but sigh, “The Saiyans of this era are really capable people. This is the real Warrior Race.”

“Thinking about the Saiyans of Planet Vegeta, it is really a bit of a reputation.”

Chapter 610

“The Legendary Super Saiyans? What’s the difference between them and the ordinary Super Saiyans?”

As Bardock and the others discussed amongst themselves, Vegeta looked at Kale. Because he had never seen the Legendary Super Saiyans, he did not know what the difference between the Super Saiyans and ordinary Super Saiyans was.

However, he felt a great pressure from the waves of coldness released from Kale.

Cold sweat dripped down from his forehead. Vegeta’s stiff face pretended to be calm. “Is this a mutated Super Saiyan? I wonder how strong he is...”

Kale’s pupils could hardly be seen. Her green hair fluttered in the wind. His terrifying aura was like a prehistoric beast that roared towards Vegeta. Kale shouted from below, “It’s your turn to show off your power. Just like when you were training, let that uncle see how powerful Universe 6 Saiyan is.”

During the five years of cultivation in Acceleration World, Kale had long known the strength of her little follower. Although she would lose control when she first turned into a green-haired Legend, after a few years of training, she was already able to control the power in her body.

“Okay.” Kale responded after hearing Caulifla’s shout.

She stomped on the ground with her toes, and a hole suddenly appeared on the ground. Kale’s body was like a cannonball as she rushed towards Vegeta. In a split second, her hard fist landed in front of Vegeta, and he suddenly broke out in a cold sweat. Vegeta’s pupils shrank, and he raised his arm to block.

Ka! His body suddenly sank, and a large pit suddenly appeared on the ground. Half of Vegeta’s body sank into the ground.

“What a terrifying force!” Vegeta was shocked.

Then he roared. The strength of the Super Saiyan Blue was fully unleashed, and he began an intense battle with Kale. A majestic and mighty momentum swept out, and the entire venue was covered by a storm.

“I want to defeat you...” Streaks of sparkling lightning appeared out of thin air, bringing with them a grassy green light. Kale attacked Vegeta with all his might.

“Is this guy’s energy limitless?”

After fighting Kale for a while, Vegeta narrowed his eyes and continuously retreated, his face somewhat pale.

At this time, Kale was chasing after him relentlessly. He had no intention of letting Vegeta go at all. A sharp blast of air suddenly appeared, like a whirlwind, striking Vegeta’s body. Bang! Vegeta’s legs and feet collided with Kale, causing a stretch of stagnant air. A terrifying whirlwind spread from the side of the collision.

It was as sharp as a blade.

Kale’s expression was ferocious. She turned her body sideways, grabbed one of the legs of Vegeta, and smashed him hard into the ground.

Boom, the martial arts arena suddenly collapsed, and the deep pit was constantly emitting smoke, and then –

“Final Flash!!”

Vegeta attacked Kale angrily. Kale looked coldly at Vegeta’s attack and also fought back.

Rumble!!

An earth-shattering explosion of energy, as if a terrible mushroom cloud had risen in the end of the world, the residual power of the explosion spread out, and the biting cold storm directly swept through the venue.

Whoosh... The arena became unrecognizable. Kale was like a reckless person, crazily destroying everything he saw. After a period of fighting, Vegeta gasped violently. He looked at Kale again, whose morale was like a rainbow. He couldn’t help but feel helpless in his heart. Compared with Kale, his physical strength was not comparable at all. In the Super Saiyan state Blue, he couldn’t hold on for long.

“This girl is simply a monster!”

Vegeta cursed and roared, squeezing out the strength of his body.

Whoosh! Whoosh! The vast energy rose again. The muscles all over his body swelled, and the blue veins were constantly twisting. Vegeta used all his strength to attack Kale. Kale also roared, and the sound of piercing eardrums made many people in the audience unable to help but cover their ears.

Clang! Clang! Clang! Clang!

Bang!

The heavy fists struck each other.

The two of them retreated a hundred meters respectively. Blood leaked out of the corner of Vegeta’s mouth, and the light on his body flickered.

“Hahaha, if we were to fight head-on with Kale, how could we win?”

Caulifla laughed out loud. She was the most clear about how terrifying Kale was. She almost did not know exhaustion. When she went crazy, she would not care about the characteristics of pain. She would only become more courageous as she fought until she forced her enemy into a desperate situation. When Caulifla was targeted by Kale, she was filled with joy.

“Yes, that’s it. Beat that uncle down with a bang.” Caulifla cheered for her junior.

On Universe 7’s side, Son Goku watched the competition with a solemn expression. “The situation is not good. Vegeta’s physical strength is starting to be unable to keep up. If we continue fighting, we will only lose this match.”

Shasley said, “Is the girl’s energy infinite?”

The God of Destruction, Beerus, asked Whis angrily, “What the hell is going on? How can there be such a monster in Universe 6?”

“That is the Legendary Super Saiyan. It can be considered a variant among the Saiyan people. We, Universe 7, also have such a Super Saiyan. It is Melissa and Broly.” Whis had a smile on his face.

Beerus was shocked. “Our universe also has one?”

“Yes.”

Hearing this, Beerus calmed down a little. As long as Universe 7 had as well, it was good. What he was most afraid of was that the sixth universe had one, but he did not have one here.

In fact, in terms of energy alone, Kale could not compare to the similarly Super Saiyan Melissa and Broly. However, even though his strength could not compare to Melissa and the others, with the characteristics of fighting more and more bravely, Kale was enough to fight against the Super Saiyan Blue. And as the battle continued, the chances of winning would only be higher and higher.

“Vegeta, don’t lose the match so easily.” Beerus shouted at Vegeta.

Vegeta took a deep breath and attacked Kale in the blink of an eye.

“Big Bang Attack!”

He stretched out his palms, and a thick energy shot out in the lightning.

Kale raised her head and raised a finger. Green energy gathered to form a huge energy ball. When the energy ball expanded to a diameter of more than ten meters, it suddenly exploded and spread in all directions.

“Power Up!!”

Boom! An earth-shattering energy exploded. Kacha! Kacha! The violent energy caused the outer layer of the protective shield to tremble. Whis and Vados looked at the protective shield with slight surprise, a faint smile on their faces.

“Still can’t defeat her?” Vegeta stared blankly, and the corner of his mouth twitched.

“Final Impact!”

The moment the energy was released, Vegeta tapped the tip of his foot lightly. A force was released from the soles of his feet, quickly closing the distance between him and Kale. Since pure energy attacks could not defeat the other party, then he would use close combat. Vegeta believed that his experience was richer than the other party's.

At this time, Kale had just blocked the energy attack in front of her. Before she could catch her breath, she saw Vegeta rushing over. Her expression suddenly changed. Kale laughed crazily and fought with him. Suddenly, her face turned pale. She spat out a mouthful of blood and wiped the blood from his mouth. Then, his eyes became fierce and he roared. His grass green hair fluttered in the wind, and the color gradually changed in a deeper direction.

“The state is starting to change again.”

“Can't she use up all her energy?”

Vegeta shuddered and gritted his teeth as he continued to fight.

Melissa looked at the changes in Kale in surprise and said to Muiyang, “This is considered a high level of Legendary Super Saiyan. If not for the fact that the little girl's basic ability was slightly low, Vegeta would have lost a long time ago.”

If Melissa went up on stage herself, then there was no need to use the Legendary Super Saiyan's form. Vegeta would be defeated. For example, Broly, a normal Super Saiyan, would be able to defeat the Super Saiyan Blue.

Muiyang nodded slightly in agreement, “So the strength of Saiyan is still dependent on their basic power level. The so-called transformation is just adding flowers to the brocade. Son Goku and Vegeta value the transformation state too much.” He turned his head and looked at his children. “You also have to learn your lesson. When you go back, train the ‘Super Saiyan God’ state into a normal state.”

How can you have the opportunity to transform in a high-level battle!

“Got it.”

Muqiu and Amelia answered in unison.

Muiyang nodded and his gaze shifted back to the arena. “Vegeta is going to lose.”

Even with his rich experience, when his stamina could not keep up, the battle would naturally fail. Sure enough, the intense battle continued for a while. Vegeta finally could not bear the strength of the Super Saiyan Blue and retreated.

At this point, the eighth match ended with Kale's victory.
