

Ball God 671

Chapter 671

In the distant past, there were still fifteen universes existing in the entire universe. The overall strength of the universe was stronger than that of Muiyang's era. Of course, this strength was insignificant in the eyes of Zeno and the Grand Minister.

In the vast and deep void, Muiyang and Gaia wrapped in the power of time and space. This power was similar to that of Chronoa. Thus, the entire universe did not split up into new parallel dimensions due to their arrival. In short, Muiyang and Gaia had come to the past world.

“Lord Muiyang, shall we go directly to find Lord Beerus?”

Gai's human form was very small, looking like she was only in her early teens.

“That's right!” Muiyang nodded and said calmly, “At this time, both Beerus and Champa are just preparing God of Destruction Candidate. If Demigra really wants to make a move, he will definitely choose before he becomes the God of Destruction... Well, I found them. Beerus and Champa are wantonly moving through the lower universe...”

“Whis and Vados are also here. Their training methods are really special. In the blink of an eye, more than ten planets were destroyed. However, those destroyed planets deserve to be punished.”

...

In the sky of a planet full of debris, Vados in a green dress and Whis in a dark red dress stood on the broken meteor with an angel staff each.

He looked straight ahead and watched the match between Champa and Beerus indifferently.

Champa and Beerus were both God of Destruction Candidate in the future. Their strength could be said to be the strongest in the universe. The battle between the two was extremely intense. Only the official God of Destruction was sure to block their attacks.

Muiyang hid in another dimension in the void, calmly watching the battle between Beerus and his brother. The two of them continued to travel through the universe. With a boom, a large hole was drilled into the large mass of planets. The planet collapsed and broke into countless small pieces.

From the battle between the two sides, it could be seen that the two of them were fighting very fiercely, looking like they were going to fight to the death.

“Whis and the others are here. Demigra won't appear, so we have to speed up the progress.”

After saying that, a vast divine force swept through the void. The scene in front of him continued to accelerate like a movie. A hundred years passed in the blink of an eye... In fact, it was not that Muiyang wanted Universe 7 to speed up, but he and Gaia constantly shuttled through the timelines, because it created the illusion that Universe 7's time was accelerated.

About three hundred years later, time was frozen at a time. Whis and Vados returned to God of Destruction Planet because of their daily work, leaving only Beerus and Champa in the void of the universe.

“The Demigra is about to appear.” Muiyang examined the surrounding space and time, vaguely feeling the Demigra hidden in the dark.

Gaia said, “Lord Muiyang, can you let me devour that person as well?”

Muiyang glanced at Gaia. “Will devouring those negative substances affect you? I don’t want to see you turn black.”

Gaia patted her chest full of vitality. “It doesn’t matter. No matter how much I swallow, I can bear it.”

Seeing that Gaia was full of confidence, Muiyang nodded slightly, then patted his head and swaggered out of the seats.

At this time, Champa and Beerus were beaten black and blue and collapsed on a lonely meteor. Seeing Muiyang and Gaia who suddenly appeared, a light flashed in Beerus’ eyes and he asked warily, “Kid, who are you?”

Muiyang waved his hand. “Don’t worry about it. I’m not here for you.”

Champa said fiercely, “What attitude? Do you know who you are facing? Do you believe that I will slap you to death?”

Muiyang looked at them calmly and turned his gaze to the deep starry sky.

Gaia muttered, “You have to be more polite to Lord Muiyang. Otherwise, even if it’s you, I will beat you down.”

“Ha, with just you, little girl!” Beerus said with disdain.

“...” Gaia tilted her head.

Those who could become the God of Destruction were all people with good personalities. Like Champa and Beerus were candidates for the God of Destruction, their temperament was naturally not very good. Muiyang’s disregard directly angered Beerus. The two brothers looked at each other and actually attacked Muiyang at the same time.

“Go away, there is nothing for you here.” Gaia had an unhappy expression as she sent a slap over.

Bang! Champa and Beerus were struck by Gaia’s slap, and their bodies directly sank into the meteor. It was as if all of their strength had been locked, and they didn’t even have the strength to stand up.

Beerus said, “Aiyoo, what a powerful girl.”

Champa was a little scared. “We seem to have provoked someone we should not have provoked.”

Beerus continued, “Why hasn’t Whis appeared at this time?”

“Alright, don’t make things difficult for them. We’re not here to cause trouble for them. Try not to interfere with history.” Muiyang said to Gaia and continued to search for abnormalities in the deep sky.

“Yes.” Gaia nodded obediently.

“I found it.”

Muiyang’s eyes flashed with a brilliant light. He quickly threw a look at Gaia. Gaia understood and nodded. The two of them worked together to lock down the entire space and time. Their palms grabbed at the void, and with a crashing sound like cloth tearing, a large hole was dug out in the void. The blue figure of Demigra appeared.

His red hair fluttered, and he held a magic staff with a red crystal ball in his hand. This person was the strongest Demon Demigra.

“Who is this person?”

Beerus and Champa fell to the ground, looking at the deep sky foolishly.

“His name is Demigra. He is here to kill Beerus.” Muiyang turned around and said.

“Kill me?”

“Why do you want to kill Beerus?” Champa.

“Because Beerus will be Universe 7’s God of Destruction in the future, and he has a tight relationship with another god of destruction. This Demigra was entrusted by the God of Destruction, and he never had time to come over.”

When Beerus heard this, his face became gloomy, “Who exactly is it? I have no enmity with anyone...”

Suddenly looking at Champa, if there was a grudge, there was only this one in front of him. He roared angrily, “Champa, did you send someone to kill me?”

Champa did not catch his breath. “Is there something wrong with your brain? Can’t you see that I am also here?”

“Where is Whis? Where did he go? I am going to be killed.” Beerus was furious. When they did not know, there were so many people hiding around him. If not for the two people in strange robes in front of him, he would have lost his life. This was completely an angel’s dereliction of duty.

“Stop shouting. Whis’ strength can not control the future.”

After saying that, Muiyang ignored Beerus’ shouting and looked at Demigra. As one of the founders of the Dark Demon Realm, Demigra’s strength had reached the level of the God of Destruction. He was just a little bit weaker than the future God of Destruction, Beerus.

“How did you find me?” Demigra held the magic staff in his hand. Blood red tears streaked across his face, looking very strange.

Muyang said to Gaia, “I’ll leave this guy to you.”

Gaia’s eyes lit up. She used her power to make a very strong “En” sound. Then, as if she had seen prey, she looked at Demigra. Gaia would be a character like Acceleration World Grand Minister in the future. Although she was not as powerful as Grand Minister in the entire universe, her strength was still at the level of an Angel.

Especially after swallowing two Black Star Dragon Balls, the energy in his body became even more abundant.

Being stared at by Gaia’s golden eyes, Demigra felt his hair stand on end, as if he was facing the natural enemy at the top of the food chain.

“Ow...” Gaia shouted, and her body turned into a fluid body, instantly pouncing towards Demigra.

Chapter 672

Gaia roared away, like a starving little cute creature that was in a hurry to start eating. Her soft body wrapped around Demigra’s body, weakening his resistance while the power of devouring all things began to seep into his body.

Demigra was horrified to find that his body was entangled by something strange, and his whole body began to be unable to exert any strength.

“What is this thing” Shaking his body angrily, the muscles all over Demigra’s body tightened, trying to throw Gaia out of his body, but the more she wrapped around him, the more she did not give him a chance to break free.

“Ah”

Demigra’s voice continuously sounded, gradually becoming weaker. When his head was covered by Gaia, Muyang knew that it was impossible for Demigra to escape.

The energy contained in the body of a Demon God at this level was much more powerful than Towa’s. Gaia enjoyed a meal and then returned to her human form with a “poof”. In addition, the body had obviously grown.

Coming to Muyang’s side happily, Gaia let out a cheerful laugh.

“This person has provided me with a lot of energy.”

Muyang said, “It’s his bad luck to meet you, Demigra.”

Gaia’s devouring was all-round. Not only her body, but even her soul was also devoured. This made it so that even the Dragon Ball could not revive the person being devoured by her.

“That little girl actually swallowed him.” Champa looked at Gaia with a face full of horror. In his eyes, the other party’s pretty appearance was as terrifying as a

devil. All the hair on her body stood on end, as if she was in an ice cave. She felt cold.

Beerus also swallowed his saliva in horror and scolded, “Idiot, lower your voice, don’t let the other party hear you.”

Raising his head and suddenly meeting the other party’s smiling eyes, Beerus’ heart skipped a beat, and his face turned pale.

“The two of you have found the person you are looking for. There is nothing for us here... Although I am God of Destruction Candidate, it is inconvenient for me to greet you.” Regaining his identity as a God of Destruction, Beerus encouraged himself and secretly prayed that Whis could come over quickly.

“I am not going to find trouble with you.”

Muyang calmly looked at Beerus and Champa. These two must have been frightened by Gaia.

With a slight smile, Muyang ignored them and brought Gaia into the void, disappearing in front of them in the blink of an eye.

Beerus looked left and right with a face full of surprise. Seeing that the other party had really left, he heaved a deep sigh of relief and immediately felt a surge of anger. He, Beerus, actually felt fear. This was an emotion that many youths had never felt before.

“Ah, they finally left.” Champa said after a calamity.

Beerus’ face was livid. “Shut up.”

“Beerus, what did you say? Do you want to fight?”

“If you have the ability to be arrogant in front of those two people just now, what do you mean by fighting with me now...”

Champa’s face froze, and he shouted angrily, “How dare you say that to me? Weren’t you scared to resist just now?”

“Say it again!”

Beerus’ eyes were wide open, and his whole body was full of cold and murderous aura.

Champa was not afraid of Beerus. His face suddenly changed. His malicious face glanced at Beerus. The two suddenly confronted each other, as if to cover up the fear in their hearts. The attitude of the two sides became more and more unyielding, and the invisible aura made the chaotic starry sky even more chaotic.

Huuuummm... The conflict between Beerus and Champa became more and more intense. When Whis and Vados rushed back from their respective God of Destruction Planet, they saw the two people fighting with each other with bruises all over their faces and swollen eyes.

“Why are you fighting again?” Whis asked.

“Whis, you’re only here now!”

“Vados, you’re finally here...” Champa had been wronged and only wanted to find someone to talk to.

The corners of Vados’ mouth curled into a smile, “Did we miss out on a good show? Is Quitela willing to tell me?”

Champa glanced at the beautiful smile of Vados and shivered for no reason. He shook his head and said, “No, nothing. I just feel a little unhappy...”

“Since Champa doesn’t want to say, then forget it.”

“Then, in order for the two of you to become qualified gods of destruction in the future, Whis and I will increase the intensity of your training.”

“Okay, no problem.”

“Come on, I want to become a God of Destruction as soon as possible.”

Beerus and Champa agreed readily.

Barbara flashed a smile. She was surprised that Champa Beerus and Champa had agreed so readily. Something must have happened when she was not with Whis, but she did not insist on asking for the reason. As a high and mighty angel, even if something happened, it would not affect them.

This was the calmness that a This is the level 9 Dimension God should have.

...

On the other side, after Muiyang and Gaia left Beerus and the others, they did not leave the current space and time, but went directly to Universe 4.

At this time, the god of destruction in the God of Destruction of Universe 4 was already Quitela. He became the God of Destruction earlier than Beerus and the others. When he learned that the God of Destruction in the Universe 6 and Universe 7’s future God of Destruction was a cat-like creature, Quitela showed great hostility and stood against Universe 7.

Of course, the choice of the God of Destruction successor would never change because of his mere idea of God of Destruction. Therefore, even if there was any dissatisfaction, Quitela could only think about it in his heart and did not dare to express it in front of the Grand Minister and the whole king.

The cave in The Lookout.

When he knew that Beerus and the others still needed to train for a long time to become the God of Destruction, Quitela could not help but sneer.

“It’s not that easy to train the God of Destruction.”

“I think they will need at least tens of millions of years. It’s best if they are stuck at the bottleneck of their realm forever. It would be great if Universe 7’s previous God of Destruction didn’t fall...”

The God of Destruction, Quitela, sighed.

He didn't know that while he was muttering to himself, in another dimension, Muiyang and Gaia were monitoring him.

“He doesn't have the Black Star Dragon Ball in his hands yet.” Gaia's clear voice rang out.

“It means that at this time, the people of Demon Kai have not contacted him yet.”

Muiyang glanced at Quitela, and then joined hands with Gaia to “speed up” the passage of time and space. In the blink of an eye, more than a thousand years had passed... They kept changing at various points and finally arrived at the messenger sent by Demon Supreme Kai – Putine.

At this time, Beerus and the others had already become the God of Destruction. Even the universe of Zeno World had been reduced by two, leaving only thirteen universes.

When the God of Destruction, Quitela, saw the token given by Putine, her face became gloomy and uncertain.

“Is this something that the future me asked me to help with?”

“Yes, as long as you help us find the Black Star Seven Dragon Balls scattered in this space and time, Mechikabura will send people to kill the God of Destruction you hate, Beerus.” Putine said, full of temptation.

God of Destruction Quitela sat on the animal skin seat and thought for a long time. His eyes suddenly became fierce, “No problem, I will find this bead for you. That bastard Beerus must die!”

“You can rest assured that the God of Destruction Beerus will disappear in front of you.” Putine said confidently.

“Yes.” Waving his hand to let the other party leave, Quitela knew that this matter must not be known to others. Otherwise, not to mention the Grand Minister and Zeno would not let him go, even the angel beside him, Angel Cognac, would not forgive him.

The duty of an angel was to stop the god before he made a mistake. When necessary, he could even imprison the God of Destruction.

“Hehe...” Putine chuckled and turned into a wisp of dark smoke before disappearing from the sight of Quitela.

Muiyang, who was hidden, said to Gaia, “Follow him. Don't let the demon escape.”

Gaia nodded, and her slender body immediately passed through the space-time barrier to catch up.

Muiyang was naturally very assured with regards to Gaia's ability. His gaze turned to God of Destruction Quitela, and his eyes revealed a cold light. In his heart, he had already given the death sentence to this God of Destruction Quitela.

“Quitela, this is courting death!” As he spoke softly, Muiyang did not immediately go out to stop Quitela from making mistakes.

Not long after, Gaia returned to Muiyang's side. "Lord Muiyang, that person has already been dealt with by me."

"Devour again?"

"Yes, this time there is not as much energy as Demigra."

Muiyang laughed involuntarily. Gaia was addicted to devouring and immediately smiled. They were enemies anyway. If they did not affect Gaia's body, there was no need to care so much.

"What about this God of Destruction?" Gaia asked.

"Leave it to the Grand Minister to deal with... Hmm, after he finds the Black Star Dragon Ball." Looking at the bright eyes of Gaia, how could he not know what he was thinking?

Poor Quitela did not know that his fate had been clearly arranged by someone.

Chapter 673

From the bottom of his heart, the impression that Quitela had given Muiyang was not very good. Although a large part of it had been affected by the memories of his previous life, it had indeed not given Muiyang a good impression since Quitela had appeared.

Muiyang originally had no intention of making things difficult for a God of Destruction, but the other party had a connection with the people of the Dark Demon Realm, so his tragic ending was destined.

When Muiyang decided to hand Quitela over to the Grand Minister to deal with, he thought that it would be a big event to deal with a Level 8 Dimension God. However, when he really made a decision, he found that his heart was unusually calm, as if he was pinching an ant to death.

Muiyang sneered. Unknowingly, he had grown into a big shot who could be easily dealt with by dGod of Destruction.

...

Of course, Quitela did not know that his fate had been clearly arranged. At this moment, he was fulfilling his agreement with Putine and searching for the Black Star Dragon Ball that was scattered in the universe on behalf of Demon Kai Mechikabura.

Muiyang and Gaia did not have time to wait for Quitela, so they jumped directly to the moment when Quitela found the Black Star Dragon Ball.

The orange-red Black Star Dragon Ball landed in the hands of Quitela and looked at the dark stars flashing in the Dragon Ball. God of Destruction Quitela was still hesitating in his heart. Once he handed the Black Star Dragon Ball to the people of the Dark Demon Realm, there was no turning back.

"Are we really going to give it to Mechikabura..."

Finally, he gritted his teeth. In order to kill the God of Destruction, Beerus, he made a decision and was ready to contact the people of the Dark Demon Realm.

At this moment, a sigh suddenly sounded in his ear. The figures of Muiyang and Gaia came out of the darkness. At this moment, Quitela suddenly saw the stranger who had appeared in his palace without anyone noticing. A trace of doubt flashed in his cold eyes.

“Who is it? How dare you break into God of Destruction Planet!” Quitela said with a murderous intent.

Muiyang looked at Quitela with pity. He shook his head and said nothing. With a casual wave of his hand, a magical force applied to Quitela, making him unable to move.

Quitela felt great pressure, and cold sweat suddenly flowed down.

Since he was called the God of Destruction, he had never known fear.

But now, facing Muiyang, he felt a deep fear. The other party’s strength was definitely no less than an Angel!

“The God of Destruction is responsible for maintaining the balance of the universe. Although the God of Destruction does not need to be as broad-minded as Supreme Kai, the hatred for Beerus has blinded your eyes, allowing you to do things that will damage the entire universe... It seems that I need to discuss with the Grand Minister to change a God of Destruction.”

“You!!” When Quitela heard this, the pupils of her eyes suddenly shrank.

The God of Destruction was supreme in the universe. Even Supreme Kai, who was of the same level, had to show a polite attitude when facing the God of Destruction. Only when he was facing a higher level Grand Minister and Zeno would he restrain the arrogance in his heart.

When Muiyang said that he wanted the Grand Minister to replace the God of Destruction, Quitela finally panicked.

Gaia walked to the front of Quitela and grabbed the Black Star Dragon Ball from his hand, carefully collecting it. “This thing does not belong to you.”

Then he handed it to Muiyang like he was presenting a treasure.

Muiyang took the Black Star Dragon Ball and looked at it before putting it into Acceleration World’s hands.

Seeing that the Dragon Balls were taken away, the God of Destruction Quitela couldn’t resist, and his brain quickly turned to think about the identity of the opposite side. However, he searched all the memories in his brain and did not find the identity of Muiyang and Gaia.

Placing his hand on Quitela’s shoulder, Muiyang said, “You will temporarily lose this memory. When you recover your memory, it will be the time for you to be judged.”

After saying that, Muiyang no longer looked at the sweating Quitela. He forcefully knocked Quitela’s neck, causing him to immediately faint.

“Let’s go.” Muiyang said to Gaia before turning around and leaving the current time and space with Gaia.

...

The time and space known as “now” was the palace of Zeno.

Muyang and Gaia were dressed in Acceleration World’s divine clothes. Their beautiful blue trench coats were full of elegance and grace. Ta, ta, ta, ta, ta, there were towering stone pillars floating on both sides of the long corridor. One end was floating thirty centimeters above the ground, and the other end was deep into the clouds, blending into the dreamy starry sky.

In front of them, the Grand Minister was waiting with his hands behind his back.

“Mr. Muyang, you rarely come to the palace of Zeno. Lord Zeno will be very happy to know that you came to find him.”

Muyang shook his head. “I’m here to look for you.”

“What is it?”

Muyang tossed a video to the Grand Minister. It was the image of Muyang traveling through space to rescue Beerus and taking the Black Star Dragon Ball.

Taking out the Black Star Dragon Ball that he had collected from Quitela, Muyang said, “The God of Destruction of Universe 4 needs to be changed.”

“It does need to be changed.”

After looking at all the images, the Grand Minister nodded. His expression was still calm, but there was a deep anger hidden under his calm face.

The Grand Minister did not care about the matter of Quitela dealing with Beerus. After all, Quitela was an eccentric person. As long as he maintained the rules of the entire universe, he did not care about trivial internal conflicts.

However, the subordinate of the God of Destruction colluded with the people of the Dark Demon Realm, which violated the Grand Minister’s taboo.

The God of Destruction Quitela was dead for sure.

“Mr. Muyang, please wait a moment.” After the grand priest finished speaking, he picked up the angel staff and summoned the Angel Cognac from Universe 4.

Very quickly, Angel Cognac appeared in front of the Grand Minister. “Lord Grand Minister!”

“Cognac, Universe 4’s God of Destruction Quitela violates the Multiverse rules, you go and deal with it, and re-select a God of Destruction.”

Cognac was slightly startled and replied, “Yes, sir!”

The Angels of every universe served the God of Destruction because they accepted the orders of the Grand Minister and Zeno. There was also the meaning of supervision and control. Now that the Grand Minister had given the order, Cognac didn’t ask what Quitela problem was. He just had to carry it out.

“Sigh, something big is going to happen in Universe 4!”

With a sigh, Cognac bowed to Grand Minister and Muyang and left the palace with the Divine Staff.

The replacement of the God of Destruction does not require the Grand Minister to do it. Angel will naturally handle it. After Cognac, the Grand Minister thanked Muyang and invited him to meet at Zeno.

Muyang was just about to ask the Grand Minister and the others about the training of the universe, but he readily agreed.

Muyang stayed in the palace of Zeno for a few months. During this period, he accompanied Zeno to play a few games of “astrolabes”, and the rest of the time followed the Grand Minister to deal with the rules of the universe.

The Grand Minister controlled the operation of the entire universe, and following him, he could experience many different feelings. Watching him control and modify part of the universe rules in the void, Muyang had a clearer understanding of the evolution of Acceleration World’s next step.

When he returned from the core region of the universe with the Grand Minister, he happened to see Gaia and Zeno playing the game of “pushing” the planet on both sides of the chessboard. Zeno shook his small feet and stared at the copper coins in the chess board with his copper eyes like copper coins. Gaia turned her ice-blue hair with her fingers and looked very real.

Seeing this, Muyang smiled and shouted, “Gaia, we are going back.”

“Ah, okay.” Gaia jumped down from her seat.

“Hey, we’re going back now. How about we play a few more rounds?” Zeno asked.

“We’ll play next time,” said Gaia.

“Then let’s make it a deal.” Zeno said seriously.

“Yes.”

Gaia nodded and waved at Zeno before walking to Muyang’s side. Following that, she was escorted out of Zeno Palace by the Grand Minister.

“By the way, the Universe 4’s God of Destruction has been replaced. The new God of Destruction was transferred from the Universe 1.”

The Grand Minister suddenly said.

Muyang was stunned and then nodded. He did not care about the candidate of the God of Destruction.

He quickly walked out of the palace. Muyang observed the surroundings of the palace. The image of the universe representing the twelve universes on the water mother planet had changed a little. The water ball representing Universe 4 changed a lot. This was because the God of Destruction changed.

“Gaia, I will take you to a place.”

Muyang stopped for a while and said.

Gaia looked at MUYANG as if asking where she was going.

MUYANG looked at the dreamy starry sky and continued, "I'm starting to be interested in the Dark Demon Realm. Of course, I plan to bring a group of people over this time. Chronoa will definitely be willing to help. This time, I need you to lead the way..."

"Leave it to me." Gaia said seriously.

After devouring Towa, Gaia had all her memories. Of course, she knew the location of the Dark Demon Realm.

Chapter 674

There were many demon gods in the Dark Demon Realm who had obtained Mechikabura's power. These demon gods had the ability to travel through time. Their existence not only threatened the entire universe, but also Acceleration World.

As Acceleration World grew into a real world, when it entered the "Macro World", it had already entered the eyes of many people. In the eyes of people, the young and tender Acceleration World was like a fat roast meat. Everyone wanted to come up and take a bite.

Among them, there must be people from the Dark Demon Realm. They had a thousand days to prevent the thief. Instead of waiting for the other side to come and constantly be harassed, it was better to make the first move and lead the army to break into the enemy's camp and directly solve this hidden danger.

MUYANG had this plan now.

Of course, to be able to cause Chronoa's Time Patrol to be exhausted from traveling through various space-time, MUYANG naturally would not underestimate the strangeness of the Dark Demon Realm, so he planned to take Chronoa's troops and take action at lightning speed.

Leaving Zeno's Jellyfish Planet, MUYANG's silhouette soon came to Time Nest.

When he found Supreme Kai of Time and told her about the plan against the Dark Demon Realm, Supreme Kai's eyes lit up, showing great interest.

Supreme Kai of Time said, "I've wanted to do this for a long time. Do you have the coordinates of the Dark Demon Realm in your hands?"

MUYANG said, "Gaia got it. This is definitely a good opportunity. If you miss it, there might not be a next time."

The Demon Kai Mechikabura, was a cunning person. The death of Towa and Demigra would definitely arouse the vigilance of the other party. If they did not take advantage of the current time to act quickly, once Mechikabura reacted, they would definitely shift the location of the main camp.

Supreme Kai bit his finger and his body suddenly lit up with a golden light. The slim body grows up quickly and quickly becomes a majestic female God Form Chronoa. Chronoa said, "I will cooperate with your actions. All the experts of the Time Nest will attack together."

His words were unquestionable. Chronoa planned to annihilate Mechikabura in one fell swoop.

MUYANG revealed a relaxed smile on his face and glanced at Gaia. Gaia nodded and told him the coordinates of the Dark Demon Realm.

After hearing this, Chronoa said, “No wonder we haven’t been able to find their whereabouts for so many years. So they are hiding in such a remote corner...” Her golden eyes shone with a cold light. “This time, don’t even think about escaping.”

Following that, Chronoa’s orders were issued in the mission hall, immediately causing an uproar among the patrols.

Some people who did not understand the situation of the Dark Demon Realm knew that there was actually a place like the Dark Demon Realm in the world.

Demon Kai Mechikabura’s name spreads in Time Nest.

In the restaurant, Son Goku and the others had just completed a task. At this time, they were holding a huge bowl of food to eat and eat. The crackling sound kept ringing, and the people around were scared by his appetite. When they learned that they were going to encircle the Dark Demon Realm, Son Goku became excited.

“Is there a big battle? I will definitely not miss it.” After wolfing down the food, Son Goku said seriously.

“Dark Demon Realm, it sounds very interesting.”

Vegeta tore off a piece of fat meat and chewed it. His voice was very vague.

Broly said, “I heard my father say before that the Dark Demon Realm is the main target of the time and space patrols.”

“Then it must be very strong. I can’t wait.”

Everyone was rubbing their hands and preparing to show their skills. Son Goku and Vegeta, who came from the GT World, were also full of excitement. They, who had reached the fifth stage of Super Saiyan, wanted to complete the next step through the battle.

Melia sat quietly beside Muqiu and the others. Her eyebrows were as light as smoke like a willow leaf. Beside her was Melis, who looked exactly like her. Her quiet smile was beautiful. “Muyang has sent me the news. This battle was initiated by him.”

April smiled faintly. “There was also a shadow of the Dark Demon Realm behind the evil twenty-first incident. The conflict between them was very deep, so we are willing to participate in this battle!”

The space and time were distorted. Muyang’s figure came to their side and told them about himself and Gaia in the entire universe.

“The current biggest goal of the Time Nest is Mechikabura and the others. All the members of the Time Patrol team in the Time Nest will join this operation... In addition, the mission that is not particularly important will also stop. All the warriors will be divided into eight teams to guard the various gaps of the Dark Demon Realm. Before the destruction of the Dark Demon Realm, no one will be spared.”

April exclaimed in surprise, “This is an unprecedented war!”

Muyang said, “Because only by destroying the Dark Demon Realm will the world be peaceful.”

“In any case, we’ll listen to you.”

“That’s right.”

Muyang chuckled. Then, he gathered all the members that had been selected for the “Tournament of Power”. Adding the people on Acceleration World’s side, there were a total of 30 people.

These people would form one of the teams and go deep into the Dark Demon Realm to kill the enemy.

After assigning all the tasks, the organization of the Time Nest began to operate efficiently. Soon, each team was assembled. There were about two hundred people in total. In order to ensure that the task of destroying the Dark Demon Realm was successfully completed, Chronoa would personally take action and seal off all the space outside the Dark Demon Realm.

...

Dark Demon Realm.

Demon Kai Mechikabura, sat quietly beside a pool with a gloomy face. The surrounding water was flowing and the green trees were like pools. The floating islands were floating in the air. The whole scene was like an illusion full of dreamy beauty.

During this period of time, Mechikabura had been feeling uneasy. Ever since Towa disappeared in front of him for no reason, Putine had also lost traces of life, and even Demigra, who had been sent to the past, had disappeared without a trace.

“Could it be that even Demigra had an accident?”

Mechikabura had some doubts. He vaguely felt that a conspiracy was targeting her. At this moment, a flash of light penetrated the space and arrived in front of Mechikabura. Mechikabura pinched the flash. “It’s a message from Mable...”

Mabel was a member of the Demon God Race like Mechikabura, but she stood on the side of the Dark Dragon God, Pulred and belongs to Universe 0.

As the name implied, the Demon God Race was born with the strength of a Half-God Level. Even when compared to the Angel Race, they were not inferior. Their numbers were equally rare. Compared to Mechikabura, Mabel was a female, but her strength was strong. Thus, Mechikabura admitted that he could not compare to this woman from the same race.

After looking through the information inside, a few wrinkles appeared on his aged face.

“The God of Destruction in the Universe 4 has actually changed.”

After not observing the situation outside for a long time, the information of the Demon Supreme Mechikabura was somewhat outdated.

With his eyes closed, he thought about Mable’s intention to send the message over. Mechikabura’s fingers kept tapping rhythmically. Suddenly, Mechikabura stood up and released a dangerous

pressure from his entire body. He realized that Mable was sending him a message to inform him of some kind of danger.

“Gravy, go and inform everyone to be on guard,”

Mechikabura said sternly.

Although he did not believe that someone would find his base camp, the cunning Mechikabura still made some arrangements.

“Yes, sir.”

After getting the order from Mechikabura, his subordinate, Gravy, immediately mobilized the entire Dark Demon Realm to take action.

Mechikabura looked at all of this with a malicious expression. She sighed and glanced at the four Black Star Dragon Balls in her hand. A feeling of unwillingness echoed in her heart. She grinned and sneered, “Is everything I do to block the disaster for the Universe 0?”

...

In a space outside the Dark Demon Realm, Mable opened her eyes with a cold expression, a cold light flashing in her eyes.

“Mechikabura is not stupid. If the Dark Demon Realm is destroyed, the Universe 10 will become the target of public criticism.”

A pleasant smile crept over her face. Mable clapped her hands and casually arranged a large number of spatial traps around the Dark Demon Realm.

Chapter 675

In the Macro World, any magnificent sight seemed insignificant in front of this vast space. Next to the towering pillars in the deep space, the space curled and restrained, like a ferocious and monstrous beast, mercilessly devouring all the substances that invaded this world.

Dark Demon Realm, outside the space barrier.

A few wisps of light appeared in the dead world. The light flashed and kept closing the distance at a speed faster than the speed of light. When these rays of light approached the Dark Demon Realm, the whole outline gradually appeared. It was a few fortresses wrapped in a pale green gas sac. The fortress was in a strange shape, with a flat shape and a hollow in the middle, with a surface as bright as lenses.

Each fortress was only four or five meters tall, and it was too precious to call it a cosmic flying device.

This was actually an aircraft used by the ‘Time Nest’ spaceship used for Space-Time Jump. At first glance, it did not look like a high-tech equipment. In fact, it was not a technological creation. Because the surface was attached with the divine power of Chronoa, it could sail in the vast world of space-time.

“Mr. Muyang, we are already close to the location of the Dark Demon Realm.”

A warrior in a red uniform of the Time Patrol pointed to the distorted light and shadow in front of him.

The mission to attack the Dark Demon Realm this time gathered more than two hundred powerful warriors of the Time Nest. Each warrior had been through hundreds of battles and at least had the strength of a Half-God Level. Such a scale could be said to be full of elites. It was for the sake of completely eliminating the Dark Demon Realm led by the Demon Kai, Mechikabura.

If it was an ordinary dark force, they would have been scared out of their wits and surrendered when they saw such a lineup.

However, the Dark Demon Realm was not an ordinary place. There were countless Demon Gods in the inner area, so it was not an exaggeration to be more careful when dealing with it.

“Stop first.”

Muyang, who was standing at the front of the crowd, ordered with a cold expression. His eyes stared at the distorted space in front of him, and his whole body emitted the aura of a divine power.

Muyang asked Gaia, who was beside him, “Is that the location?”

Gaia nodded vigorously. “Yes, it is exactly the same as the one in my memory.”

Gaia devoured Towa’s memories and quickly determined that the location of the Dark Demon Realm was in front of them.

After receiving Gaia’s confirmation, Muyang thought for a moment and asked everyone to prepare.

This time, more than two hundred space and Time Patrol Warriors were divided into eight groups, attacking the Dark Demon Realm from different directions. The entire universe led by Muyang and Acceleration World’s warriors would directly face the core strength of Supreme Kai.

After entering the Dark Demon Realm, attack them directly. Do not miss any opportunity to attack. The strength of the people of the Dark Demon Realm is not as strong as you, so it is not scary, but there is one thing to pay attention to... According to Chronoa, there are a few devil gods in the Dark Demon Realm who have the ability to demonize and deteriorate.

“Once you encounter such an opponent, immediately ask for backup. Remember not to fight alone. Those with insufficient strength are allowed to retreat.”

The demonization and extreme deterioration was a special ability given to the subordinates by the Demon Kai Mechikabura. Once it was activated, it would be like a transformation, and its strength would undergo an earth-shaking change. Chronoa had especially explained its danger.

Some of the warriors nodded, and then split into eight teams and rushed towards different directions of the Dark Demon Realm.

Watching as all the warriors separated and gradually disappeared from sight, Muyang turned around and nodded to Broly and the others, leading them to the Dark Demon Realm.

Just as they were about to enter the Dark Demon Realm, a strange wave of energy swept over. Pitch black water splashed up and down, and the pale green dimensional fortress kept swaying up and down. The violent shaking caused the people inside to stagger and lose their balance.

“It’s a spatial trap!” Gaia cried out in alarm.

“Let me do it.”

Muyang stepped out of the fortress, his body directly exposed in the turbulent waves of energy. He stared ahead, and a hard fist suddenly punched forward.

Rumble!

The fist that carried Acceleration World’s energy collided with the distorted space, and it instantly shattered the space in front of him like a stone breaking through the sky.

Hiss... An ear-piercing sound. The dark and deep cracks tore open. Muyang took a step forward in a spurt of energy and swept through the obstacles in front of him one after another.

The power of an angel swept across the world. The distorted space traps could not stop Muyang at all. He grabbed at the void hand of the space-time fortress. It was like an invisible rope was dragging there. The space-time fortress instantly entered the edge of the Dark Demon Realm.

At this time, the world barrier was in front of Muyang and the others. Muyang sneered and smashed his fist forward with the strength of his riveted foot.

Boom!

The huge Dark Demon Realm shook and a big hole was smashed into the world barrier. The dark edge of the space twisted and was repaired at a speed visible to the naked eye.

“The people of the Dark Devil Realm are already prepared. Everyone, break into the Devil Realm and fight quickly.” A hint of coldness flashed through Muyang’s eyes.

“Charge in and don’t let anyone go.”

“The preparations are ready. We are waiting for the battle.”

There was no lack of warriors like Vegeta who were full of fighting desire in the team led by Muyang. When the gate of the Dark Demon Realm opened, they could not hide their excitement.

The tall body of Broly emitted an incomparable domineering aura, and soon turned into a green-haired super-class state.

Son Goku and Veeta were not to be outdone, and the Super Saiyan Blue Evolution Form quickly appeared.

After that, a fiery red light flashed, and the Super Saiyan Gods of Muqiu and Amelia also completed their transformation, followed by Son Hongye and the red-haired Super Saiyan 4 of Elek.

“Jiren, do you feel hot blood boiling?”

Seeing everyone rushing towards the Dark Demon Realm, Toppo propped up his fist and laughed.

Jiren’s dark eyes swept over Toppo and he calmly said, “There are monsters over there. I can feel their aura...”

Toppo restrained his smile. “A demon...”

Universe 11 was once attacked by a demon. At that time, the number one expert in the Universe 11, Jieqing, died because of a demon. Jiren was Jieqing’s disciple, so Toppo could imagine that Jiren must be full of anger at this time.

“Let’s go!”

Jiren said silently. His body shook and he turned into a shadow as he rushed into the door of the Dark Demon Realm.

Toppo sighed and let go of all distracting thoughts. He moved with the large team.

The large-scale operation of the Time Nest naturally caused the Dark Demon Realm to shake violently. When the demons and monsters in the middle reacted, a powerful energy impact swept down. One by one, high intensity explosions that could shatter the world continued to happen. Countless floating islands shattered and fell.

The illusory world that was like a fairyland before had turned into hell in the blink of an eye.

Although there were no lack of Half-God Level and peak Half-God Level experts in the Dark Demon Realm, they lacked the ability to destroy other experts like Gods. In the face of the full attack of the Time Nest, defeat was only a matter of time.

In the battle field, Melissa laughed loudly. Together with Broly, they were like two tanks that kept crushing them head-on. The rumbling sounds of explosions rang out one after another. All the people who resisted in front of them were annihilated.

“Wonderful!”

“Don’t hold back. Leaving them behind is a disaster!”

“Wow, what a wonderful time this is!” The Golden Frieza opened his arms wide and shouted in an awe-inspiring manner. His fingertips tapped lightly, and a fiery red planet of destruction was released.

Immediately, it was a scene that could destroy the world.

“Kill!”

Jiren’s tall and sturdy body shuttled between the monsters, each punch turning the monsters into minced meat. “This is the time for revenge!”

Clank!

Hit kept disappearing and reappearing, fully displaying his killer skills. Every time his shadow flashed, it accompanied the death of the enemy. “Time-Skip and “Time Lag” took over, killing the enemy was as easy as cutting a melon.

Compared to Jiren and Hit’s efficiency, Lapis and Lazuli were much more salted fish. They never took the initiative to pursue the enemy, as if they were taking a stroll. Only when the enemy approached them would they wave their fists symbolically.

With a punch, he crushed the enemy.

“Lazuli and the others are really too buddhist...” Muyang shook his head.

Perhaps it was because they possessed eternal energy that they were not afraid of being entangled with the enemy, so their attacks were not so active.

Muyang himself was in charge of the overall situation, so he was only observing the situation of the warriors of the Time Nest in the sky. When he turned his eyes to the other side, he could not help but laugh when he saw the battle between April and Gaia.

These two people were truly worthy of being called the true “devouring duo”. April constantly released hunting food to absorb the energy of the enemy. As for Gaia, she jumped and split into countless clones. One by one, slimes danced like mad demons, absorbing the essence of energy.

One of them was the God of Destruction, the other is the sultry Angel Level, which was unstoppable. The people of Dark Demon Realm are really unlucky to meet them.

Chapter 676

The fierce battle between the Time Patrols caught the Dark Demon Realm by surprise. When the other side reacted and was ready to fight back, the difference in strength between the two sides was very obvious.

The Time Patrols were all elites. There were many experts of the Dark Demon Realm, but they were still at a disadvantage in comparison. Their only advantage was that there were many people, like a swarm of ants rushing forward.

Boom! Boom! Boom!

The fiery mushroom cloud rose slowly, and the sky was illuminated. In an instant, it was as if hundreds of suns appeared at the same time. The floating islands were all disintegrated under the impact of the terrifying energy.

All over the Dark Demon Realm, sirens were ringing.

After detecting the energy bombardment from the outer space, all the high-level demons in the Dark Demon Realm reacted. They raised their heads one after another, knowing that the great battle that Mechikabura had expected had erupted.

“This is the Dark Demon Realm, and it has been invaded?”

All the Demons God felt that it was incredible. In the past, it was they who secretly sneaked into other worlds to destroy. As the base camp of the Dark Demon Realm, no one had ever invaded it! It was like an illegal organization specialized in terrorist activities had just announced that they were responsible for a terrorist attack. In the blink of an eye, their headquarters had been wiped out. It was completely unexpected.

“Bang!”

Demon Kai Mechikabura received a message from all over the Demon Realm. Her sinister face was even darker than before, “The Time Patrol, they actually managed to find the location of the Dark Demon Realm.”

“My prediction actually came true.”

“Lord Mechikabura, we can't hold on any longer.” Gravy reported cautiously.

Mechikabura looked at her subordinates and said coldly, “Order all the Demon Gods to move out and activate their demonification and extreme deterioration. Be sure to block the forces of the time and space patrols... Also, Gravy, immediately bring a group of elite Demon Soldiers and prepare to retreat. This world can not be protected.”

“Yes.” Gravy replied loudly.

Looking at Gravy's back as he left, Mechikabura's eyes shone with a green light.

The arrival of the army of time and space patrols meant that the location of the Dark Demon Realm was no longer a secret. Perhaps Supreme Kai of Time, Chronoa, would also personally take action. Mechikabura was definitely not a match for Chronoa, so he had no choice but to retreat.

Touching the few Black Star Dragon Balls in his hands, Mechikabura's face flashed with a stern expression. Even if he had to give up this world, he would definitely not let the people of the Time Patrol have a good time.

...

This was a mountainous and dense forest area. The undulating mountains converged together, forming a complex and ever-changing terrain.

“Dark Demon Race?”

Jiren swept across the entire continent with a single punch. Immediately, the earth's crust cracked, and lava surged. The blazing environment was like the end of the world. The moment he saw the Demon Race in front of him, Jiren's eyes suddenly widened. A red light flashed, and an awe-inspiring killing intent surged out. The earth trembled one after another, and countless stones floated up.

Whoosh!

The stones were accelerated to an extremely fast speed and shot out like cannonballs. The demons in the distance didn't have time to scream before they were smashed into pieces.

Toppo, Kayim, and the other warriors of the entire universe fought when they saw the demons. Soon, the weak demons were slaughtered.

This battle was very dark. As the demons died one by one, the dream-like Dark Demon Realm was dyed blood red. The air emitted an uncomfortable aura. It was the evil energy that floated out from the bodies of the demons.

“Hahaha, kill, kill, kill, kill!”

Golden Freiza's dark golden figure constantly shuttled through the crowd. His blood-red eyes were filled with carefree emotions. In the blink of an eye, corpses were smashed into pieces. Ordinary demons could not withstand his toying.

“The Demon Gods of the Dark Demon Realm are decreasing...”

Looking at the whole situation from high up in the sky, Muiyang frowned and felt that the speed at which the Half-God Level Demon Gods were decreasing was not right.

“Mechikabura’s people are retreating.” Realizing this, Muiyang quickly contacted Chronoa.

Chronoa said, “Don’t worry, the space and time outside the Dark Demon Realm has been locked by me. It is impossible for Mechikabura to leave.”

After receiving such an answer, Muiyang immediately felt a lot more at ease. At this time, he saw a piece of emerald green light soaring into the sky in the distance. He saw Kale and Fatty Buu, who were in the Legendary Super Saiyan State, working together. They were like little leather cards that had gone out of control, constantly rushing between the demons. They spread their powers to coordinate with the strength of the demons, and achieved unprecedented results in the battle.

Nodded, Muiyang stood still. He waved his arm, and a huge storm directly rolled up like a tornado, helping Fatty Buu and the others clean up the battlefield.

The raging battle lasted for half an hour. The entire Dark Demon Realm had been changed beyond recognition. After all the experts were removed, there were only some shrimp soldiers and crab generals left on the vast ground. Only some warriors of the time and space patrol were still cleaning up the battlefield.

It was as if they had entered a place with no one around, and the demons were wiped out in succession.

It was at this moment that Chronoa’s voice sounded in his ears. “Muiyang, we’ve found Mechikabura. As expected, he brought a group of subordinates and wanted to escape through the spatial gap. Fortunately, I’ve already sealed off the time and space that we have... Aiya...”

“What’s wrong?” Muiyang hurriedly asked.

Chronoa said anxiously, “Hurry up and bring the army over. Some people are interfering with my power... It’s the people from the Universe 0. I’m now being held back by someone. I can only give Mechikabura to you.”

Hearing this, Muiyang was shocked. When he heard Chronoa mention Universe 0, he felt that something was wrong.

He quickly waved his hand. Acceleration World’s power broke through the distant space barrier and descended to the Dark Demon Realm. Immediately, the spacious space was restrained by a force. The invisible energy caused the surrounding rules to retreat. Some of the warriors, whether it was Son Goku or Jiren, were pulled by Muiyang’s power and then teleported to the edge of the Dark Demon Realm.

“Hey, what is this place?”

“It seems to be the edge of the space.”

“Look over there, there are so many demon gods. Eh, it’s the Demon Kai Mechikabura and the others... Charge!”

Son Goku and the others were moved to Mechikabura's side by Muyang. After seeing Mechikabura's whereabouts clearly, all the warriors rushed up as if they had seen prey. The Demon Gods around Mechikabura were quickly divided up by more than 200 warriors.

Mechikabura's expression turned ugly. "The people from the time and space patrol have actually found us so quickly."

"Lord Mechikabura..." Gravy gulped, his throat a little dry.

"Hmph."

Mechikabura's face darkened. After hesitating for a moment, he suddenly tapped lightly on his forehead. A special symbol appeared. In an instant, Gravy lost his mind and turned into the purest demon.

"Go, stop them."

"Yes!"

The worn-out Gravy had no spirit in his eyes, and he obeyed the order to join the battle of the Demon Gods.

"Mable, I know you are here. I need your help now!"

Mechikabura raised her head and shouted.

"Ha!" A bell-like laughter rang out, and a female avatar with the same race characteristics as Mechikabura appeared in the void. It was the only female Demon God among the five people in the Universe 0 – Mable.

Mable's huge head looked at Mechikabura. "I'm helping you stop Supreme Kai of Time. I don't have the ability to help you anymore."

Mechikabura took a deep breath. "Please tell Dragon God Lord Pulred that I am willing to cooperate with all of his plans."

"I understand. I will inform you on your behalf..." Mable had not finished speaking when the avatar in the void was shattered by an energy.

"Who is it?" Mechikabura turned her head angrily. He happened to see Muyang's cold face. The anger in her heart suddenly stopped. When she cast magic on Muyang with her spare wand, she saw Muyang pointing at him.

"Confinement!" The light voice was like the judgment of the heavens.

Mechikabura's face froze. He couldn't even move a finger while holding her wand.

"Level 9 Dimension..." Mechikabura's pupils shrank and her face paled.

Muyang glanced at Mechikabura and broke his wand from the middle. With a few sounds, four orange-red Black Star Dragon Balls fell down. He looked at them for a moment and raised her hand. An invisible force lifted the four Dragon Balls.

There were a total of seven Black Star Dragon Balls. In addition to the two that were swallowed by Gaia, there was another one in Muyang's hands, and Mechikabura was the last four.

After collecting all the remaining Dragon Balls, Muyang glanced at them and put them into his space.

Mechikabura watched helplessly as his Dragon Ball was taken away, but he was unable to resist at all. He was already shocked by the sudden scene in front of him. "A Level 9 Dimension God is very rare even in the entire Macro World."

Angel of Multiverse, Priest of Red King World, are Level 9 Dimension God, which could be said to be the expert of each world pinnacle. In front of them, God of Destruction and Supreme Kai were just ants that could be defeated.

And to be able to imprison himself in an instant, this was definitely not something that an ordinary angel could do. It must be very close to level ten dimensional... Suddenly, Mechikabura remembered something and a trace of horror flashed across his face.

"Your strength is about to reach Level 10 Dimension."

Mechikabura's old face was covered in dark clouds and her teeth were chattering.

"Level 10 Dimension space, just a little bit more." Muyang said to Mechikabura with an indifferent expression.

Acceleration World had only released 12 universes. Even if he had already foreseen the barrier above the Level9 Dimension space, it would still take some time for him to break through that barrier.

Of course, Muyang's current strength was definitely not weak. If he used his full strength, even Whis would not dare to say that he could fight against him. It was naturally easy to deal with a mere Mechikabura.

Hahaha, what a world creator. However, it is wrong to want to capture me like this. After all, I am also the creator of the Dark Demon Realm. How can my ability only be this much? Mechikabura's eyes suddenly shot out a cold light. The body that was previously restrained by Muyang actually showed signs of movement.

Muyang looked at him in surprise. As expected of the Demon Supreme Kai. Although the strength was far from the former Supreme Kai, it was not easy to deal with.

People who had lived for a long time more or less had some ability to see through the family.

"Get lost!!"

He glanced indifferently at Mechikabura. Muyang increased his control over him. Suddenly, Acceleration World's tyrannical power fell on Mechikabura. The Dark Demon Realm power that Mechikabura had just mobilized was instantly smashed into pieces under the pressure of an even greater world power.

Bang! Bang! Bang!

Mechikabura's spirit suddenly shook and her face became even paler.

Her lips trembled as she smiled bitterly. Mechikabura became dispirited. He knew that he had lost.

It was impossible to wait for the rescue of Universe 0.

At this time, Melissa and April floated to Muiyang's side. "He is Demon Kai. Do you want to hand him over to Chronoa?"

Muiyang shook his head. "There's no need to go through so much trouble."

As he spoke, a ball of silvery-white energy appeared in his palm. This energy contained the absolute power of judgment, and it condensed the charm of Acceleration World's rules.

Mechikabura said, "Even if I die, I won't let you have a good time."

There was a crisp sound. There was a strange change in Mechikabura's body. A mysterious ripple spread out in all directions. As the ripple spread out, Mechikabura became even older, but her expression became more and more crazy.

"All of you have to stay in the Dark Demon Realm and accompany me to hell!" Mechikabura's body began to crack like a weathered rock surface and gradually disappeared.

"Not good!"

Muiyang's expression suddenly changed. He raised his head and saw a dark red flash in the clear sky.

...

Clusters of sparkling and translucent lights flashed. Blue chains suddenly appeared in the deep sky. These chains connected together, one entering the illusory space and the other bound together, sealing the entire Dark Demon Realm like a prison. As the chains jumped in, the Dark Demon Realm was constantly being compressed.

The air began to turn cloudy as the space became smaller. The continental plates were constantly being squeezed, and the hard ground collapsed with a bang, and hot magma gushed out.

"We can't stay in the Dark Demon Realm anymore, or we will be locked here. Quick, inform Broly and the others, we have to evacuate quickly."

"Okay."

Melissa and April quickly nodded, then teleported to look for Broly and the others.

"Even if Mechikabura disappears, she will still cause trouble for me!" She looked at the place where Mechikabura disappeared with hatred, but there was no excitement in her heart to destroy the Dark Demon Realm.

"Chronoa, we are leaving the Dark Demon Realm. Let go of the space-time blockade outside."

"I know."

After a while, Chronoa's clear voice sounded.

After waiting in the sky for a while, the Dark Demon Realm had already pressed down three thousand meters. After more than two hundred members of the time and space patrol had gathered, Muyang controlled the fortress aircraft to leave the Dark Demon Realm.

“Everyone, sit tight. We will pass through the space and time domain Chronoa has set up. Because Chronoa is fighting with the people of Universe 0, the space outside is not very stable. Everyone, be careful.”

Muyang told everyone the situation and then flew out of the Dark Demon Realm with the fortress.

When they left the Dark Demon Realm, the dimensional fortress suddenly shook violently, as if it was stuck in a swamp, unable to move an inch. April asked in a low voice, “Did something happen?”

Muyang nodded with a serious expression, “Our whereabouts were locked.”

“The target has been locked on.”

“How could that be... Isn't there Lord Chronoa outside to receive us?”

“I'm afraid there isn't just one person from Universe 0. Chronoa can't take care of this place anymore.” Muyang surveyed his surroundings, doing his best to maintain the stability of the dimensional fortress. If he lost his way in the Macro World, the consequences would be much more severe than falling into dimensional turbulence.

“Chronoa, what's the situation over there?”

“Damn it, Mable didn't come alone. She contacted the rest of the people in Universe 0. I was entangled.”

Opposite Chronoa, an enchanting female Demon God Mable was holding a magic staff. Beside her was a middle-aged man with silver hair. His pale golden eyes were full of smiles. Behind him stood a tall and sturdy man. The three of them blocked off his path, preventing her from rescuing the Dark Demon Realm.

“Miss Chronoa, long time no see.” The silver-haired man said gently.

“Shroom, General Carlyle, your Universe 0 actually sent out three people at once.”

“Miss Chronoa is actually here. If not many people come, I'm afraid they will be suppressed by you.” The silver-haired man Shroom had a smile on his face, as if he was an old friend meeting. He could not see the sword drawn crossbow at all.

“Hmph!” Chronoa's golden eyes narrowed, and her face revealed a trace of embarrassment.

The five people in Universe 10 were not a match for Chronoa, but facing three people at once, even Chronoa could not take it.

The two sides confronted each other, and Chronoa quickly contacted MUYANG to tell them about the situation on his side, and then sent a message to the Red King and the Grand Minister Segari.

“Don’t waste time. You don’t think that the three of us will come this time, do you?”

Hearing this, Chronoa’s expression changed. “Could it be that even Pulred has come?”

Mable sneered. “Not only Lord Pulred, but even Master Lutz is here. This time, the whole army was mobilized, not to save the Dark Demon Realm. Although Mechikabura is a good chess piece, he has lost his purpose now.”

Universe 0 Five Grand Demon Gods are coming? !

Chronoa’s face turned ugly. “You are here to devour Dark Demon Realm... No, your goal is not so small!”

“That’s right. The Dark Demon Realm is just a small target. We have our eyes on the creator of the new world. Hahaha, Lord Pulred’s Black Star Dragon Balls is not so easy to obtain. It is very easy for Mechikabura to play his role and lure the people we need over.”

“So your target is MUYANG.” Chronoa ground her teeth.

“On the way, the trash from the Dark Demon Realm will definitely reveal the location of the Demon Realm.”

“Did you guys calculate Gaia’s ability?”

If not for her ability to devour others, MUYANG wouldn’t have found the coordinates of the Dark Demon Realm. It could be said that the success of the Universe 0 plan would have to go through a lot of calculations.

“What Gaia” Mable frowned.

Chronoa suddenly laughed. “So you don’t know about Gaia. That’s good.”

Chronoa suddenly felt relieved.

At this time, an unimaginable power descended. The part of the Macro World trembled violently, and the energy tide flowed. Shroom glanced at it, indifferently said, “Lord Pulred is coming.”

Ow –

A dragon roar resounded through the world. A pitch-black dragon with a dim metallic luster appeared in this vast world. Its enormous body was powerful and powerful, as if it was a giant that stood in the starry sky. If it was in the entire universe, its size could even squeeze through a universe.

Dark Dragon God

The blood-colored dragon’s eyes flashed with a cold light as it towered above MUYANG and the others.

...

Chapter 678

Muyang, who was leading Broly and the others through the dimensional turbulence with all his might, suddenly sensed a mysterious power breaking through the void and descending. His expression suddenly changed.

Raising his head, he was shocked to see a huge dragon body that stretched for who knew how many miles. It was a huge dragon body that stretched across the vast world. Its black scales that flickered with a chilling light emitted a metallic texture. It made people shudder. The huge head lowered down, and its huge eyes were like two burning stars.

Muyang let out a muffled bang. He was hit by a strong aura, and his body could not help but fly back a distance. His face turned grim.

“Dark Dragon God?!”

As he muttered, Muyang used all his strength to stabilize the space-time fortress.

The expressions of Melissa, April, and Broly froze in an instant. The pressure of the Dark Dragon God made them unable to move. This was a true Level 10 Dimension pressure. It was not inferior to the Grand Minister and Zeno.

Son Goku raised his head and looked at the huge Dragon God on top of his head. “I have never seen such a huge Dragon God before... So powerful...”

Vegeta was silent and suddenly felt a little annoyed.

Gaia said, “The ‘Dragon God’ summoned by the Super Dragon Ball is as big as him, but it is not as powerful as his.”

There were several powerful dragons in the world of the Dragon Ball. They were the Super Dragon God of the Super Dragon Ball, the Ultimate Dragon God of the Black Star Dragon Ball, and the Black Smoke Dragon God of the Cracked Dragon Ball. Compared to these peak gods, the Earth Shenron and Namekian Porunga To stand by, there was no doubt that “Super Dragon God” was the most powerful.

However, even the “Super Dragon God” could not compare to the Dragon God in front of him.

After all, the Dark Dragon God, Pulred, was a genuine Dragon God. He could casually create a powerful Dragon God. His power was countless times stronger than the “Super Shenron”, perhaps only the legendary Dragon God Zalama, could match him.

Weng weng...

The aura that pierced through the void seemed to come from the ancient wilderness Era. The moment it descended, it swept through the entire universe. The pressure of the Dark Dragon God shook the Macro World. The Dark Demon Realm behind him even cried out, as if it was about to disintegrate in an instant.

“What’s going on?”

“This pressure...”

Everyone stared at the giant dragon in the sky with their mouths agape. They felt as if their souls were trembling.

“Muyang, can you activate Acceleration World?”

Melissa’s voice trembled and her face turned pale.

“No, time and space are restricted. This is a real ILevel 10 Dimension!” Muyang shook his head.

A Level 10 Dimension God could destroy the universe with just a wave of his hand.

“Why would he come to us?”

Muyang smiled bitterly. Even if he could get in touch with Acceleration World, with the support of Acceleration World’s energy, he would at most be close to Level 10 Dimension. He was still no match for the Dark Dragon God.

On the other side, seeing the true form of the Dark Dragon God descend, Chronoa’s face instantly darkened. She contacted the Red King, but she still needed some time to get the news.

“Hahaha, Chronoa, we meet again.”

The black dragon let out a loud voice. The space rumbled, and layers of ripples spread out like huge waves. The huge waves were layered, as if they wanted to swallow the entire space.

Chronoa clapped her hands and suppressed the chaotic time and space. She looked at the Dark Dragon God from afar. Beside him, she saw an old man with green skin. He was the fifth member of the Universe 0 wizard. He had a strange magic.

All members of the Universe 10 had arrived. Even Chronoa that it was troublesome.

“I heard that your goal is Acceleration World?” Chronoa asked indifferently.

“Acceleration World... oh, it’s the name of that new world. That’s right, that’s our goal.” The Dragon God, Pulred, nodded his head, not caring that his target was exposed. His blood-red eyes faintly glanced at Muyang.

“Die!”

“Not good!”

Muyang had a very bad premonition, and his nerves suddenly tightened.

Dragon God Pulred moved its claw toward Muyang, and the sharp sharp claw hole penetrated the space, as the universe opened up to sweep everything.

“Time and Space Cage!”

Pop!

Chronoa teleported to the front of Muyang and blocked a blow for him. The exciting collision produced an earth-shattering effect. The shock wave that contained a huge amount of energy instantly pierced through space and time, scattering to different time nodes.

At the same time, a small amount of energy swept towards the back of Muyang. The huge Dark Demon Realm instantly turned into powder and dissipated in the dead silence.

The Dragon God, Pulred, withdrew his dragon claw and sighed, "What a pity for a perfectly fine Demon Realm."

Mable and the silver-haired man Shroom stepped forward at the same time. The five people of the zeroth universe stood side by side. A huge pressure was released and collided with Shroom's divine power. Seeing this, Muyang quickly joined forces with Gaia to protect everyone. However, there were still a large number of people who were knocked unconscious by the energy.

In the collision of the Level 10 Dimension Gods, Chronoa suffered a loss in numbers.

"It's so uncomfortable, my head is dizzy..." Melissa smacked the corner of her mouth, and her snow-white neck could not help but shrink.

"Is this a battle between top experts?"

A chill flashed across Son Goku and Vegeta's faces.

Jiren opened his mouth and stared at Mable and the others with his pitch-black eyes.

"Chronoa, can you continue to hold on?" Muyang stood behind Chronoa and used his hand to block the pressure from the Dragon God, Pulred, and the others.

Chronoa pouted her pink lips and looked at Muyang. "They won't be able to last long. After all, they have too many people."

"We have reinforcements?"

"Yes, but it's too late."

"Are we dead for sure?" Fat Buu patted his stomach and spat out energy waves. However, before the energy waves could reach the enemy, they turned into smoke and dissipated.

Chronoa said, "No, there is still hope."

She looked at Gaia and said, "Come up, Gaia."

"... "

Gaia looked at Chronoa in confusion and walked forward without hesitation. However, she did not expect that Chronoa would suddenly grab at Gaia and then throw him towards the Dark Dragon God, Pulred and the others.

"Wow..." Gaia screamed.

"Chronoa, what are you doing?" Muyang was shocked.

Chronoa stopped Muyang and said, "Don't worry. This won't hurt Gaia. She is our last hope."

After Gaia was thrown out by Chronoa, she rushed all the way to the position of Dark Dragon God, Pulred. Mable and the others were surprised by Chronoa's actions, but they still launched a series of energy waves to eliminate Gaia.

But the energy that comes close to Gaia will automatically turn...

“What’s going on?” MUYANG asked in surprise.

Chronoa said, “I said that as long as Gaia is here, your Acceleration World can rest easy... Just watch!”

Aw...

A sharp shout came from Gaia’s mouth. When she approached the Dark Dragon God, her slender body automatically returned to the blue jelly-like form, and the shape became bigger and bigger. In an instant, a giant jelly-like jelly that was not smaller than the body of the Dark Dragon God appeared.

The blue giant jelly-like jelly blocked most of the vision, so that the body of the Dark Dragon God could not be seen.

MUYANG looked at it with a dumbfounded look, and Melissa and April were dumbfounded.

In the past, Gaia was only the size of a pillow, and there was still some coldness in her arms. When did she become so huge?

MUYANG had a flash of inspiration. He suddenly remembered Gaia’s identity. He was a life born from a Super Dragon Ball. His current ability was not worse than the “God Dragon” of the Super Dragon Ball. It was not a big deal to have a considerable body, but his psychological state had not changed for a while.

“...”

Pulred looked coldly at the jelly that Gaia turned into.

The next second, Pulred felt an energy that made him angry. “How can you have the power of Zalama in your body? Hasn’t he gone missing?”

Chronoa chuckled. “Zalama has indeed left, but his power has not disappeared. And Gaia is the heir of the Dragon God, Zalama!”

As soon as he finished speaking, a golden light suddenly appeared beside the giant pillar of the Macro World. The light became brighter and brighter. As the golden light spread out, a divine power descended.

After this power landed on Gaia, the golden light instantly turned into a silver-blue color!

At the same time, the giant jelly-like jelly in the deep sky began to change its form. Pulred’s expression changed and he said in shock, “The power of Zalama has always been hidden in the Macro World!”

“Shroom, General Carlyle, quickly stop that guy from absorbing energy!”

Shroom, General Carlyle both sucked in a breath of cold air. They knew that if the other party were to inherit Zalama’s power, he would become extremely powerful and suddenly attack without any explanation.

However, the energy in the deep air seemed to be conscious and actually split off a portion to stop the other party. The other portion fell onto Gaia.

“Gaia, try to inherit Zalama’s power. Level 10 Dimension is very simple for you.”

Chronoa shouted, and Dragon God Pulred was also anxious. He wanted to interrupt Gaia’s advancement, but Chronoa firmly stared at him.

Roar!!

Another loud dragon roar.

Gaia’s transformation was gradually completed. Her body underwent a drastic change from inside to outside. The giant blue jelly began to twist, and gradually, a giant dragon head grew out. Then, her body began to become slender. Scales began to appear, and powerful limbs grew out of her slender body.

Ow...

The horns resembled deer, the head was like a camel, the ears were like cows, the eyes were like rabbits, and the neck was like a snake. It was the appearance of a divine dragon.

Unlike the Dragon God Zalama, every scale of Gaia was silver-blue in color. She looked much colder, and her majestic was not lacking in dominance, and her dominance was not lacking in charm.

Chapter 679

“Gaia actually turned into a Dragon God?!”

Looking at the majestic and majestic blue dragon above the void, Muyang was a little absent-minded.

Gaia was actually able to turn into a Dragon God!

Unlike the Dark Dragon God, Pulred. This was the first time that Gaia had transformed into the Dragon God. Her strength had just advanced to the Level 10 Dimension, but there was still a huge gap between her and Pulred. However, even if her strength was not as strong as Pulred, she was still a powerhouse of the Level 10 Dimension. She could still buy a little time.

This was what Muyang and the others needed the most.

Ow...

Along with the clear dragon roar, Gaia’s body swayed. The blue dragon body hovered and rose, spitting dragon breath. The dragon head full of dominance stared at the black dragon in the distance. Its body emitted a pressure that was above the world.

“You are actually the heir to Zalama!”

The voice of the Dark Dragon God contained endless anger.

As Gaia transformed into the Dragon God, Dark Dragon God Pulred knew that everything had gone beyond his control. He and Mable and others can temporarily suppress Supreme Kai of Time Chronoa, but the situation had changed since Gaia joined, even though Gaia was just in the beginning of the Level 10 Dimension, but that was also the level of the pinnacle.

Moreover, the Red King and Grand Minister from far away were still rushing over.

In time, it was not good for Pulred.

“All of you, back off. Otherwise, I will swallow you all.” With a roar, the giant basin could swallow several galaxies.

“Did you become disrespectful after advancing to the Level 10 Dimension? Even Zalama did not dare to talk to me like this.”

Pulred suddenly burst into laughter. His loud voice reverberated in the void like rolling thunder, threatening the entire deep space.

After a while, the Dark Dragon God stopped laughing and his huge body began to circle.

For a moment, two mighty and huge divine dragons, one black and one blue, confronted each other. The pressure that could sweep through countless universes instantly filled the entire space. The sky and the universe trembled violently. If it was an ordinary god, even if they were at the level of a god, they would be easily crushed into powder in the face of this pressure.

“What should we do now?” Melissa asked Muyang in a small voice.

Muyang had a complicated expression on his face, “Just wait, I hope that Gaia can handle it.”

“En.” Melissa nodded vigorously, her breathing somewhat heavy.

Looking into the distance, Muyang clenched his fists, a complicated expression on his face.

In the past, he had always been the one to protect everyone, but now he could only retreat behind them. Relying on the protection of Gaia was truly a bit shameful! At this moment, Muyang had an urgent desire for power.

If he could break through the last layer and reach the Level 10 Dimension, then he would not be so powerless to watch others fight.

“Lord Pulred, they are stalling for time,”

The green-skinned Master of the Litz reminds.

“I know.” A heavy voice sounded. The Dark Dragon God glanced at the blue dragon opposite him and roared, “All of you, attack together and completely destroy those ants!”

“Yes.”

“Understood.”

The others in the zeroth universe nodded in understanding when they received the instructions of Pulred.

There was no doubt that Gaia and the others were now a great threat to him. If he let them go now, they would definitely become more and more disadvantageous to him in the future. Since he was certain that the other party was an enemy, then he might as well take advantage of the fact that the other party had yet to mature and eliminate them.

In the twinkling of an eye, Demon God Race Mable, tall and sturdy man General Carlyle, silver hair man Shroom and others simultaneously move. They scattered in different directions and then attacked Muyang and the others at the same time.

When Chronoa saw this, the pressure he faced suddenly increased.

The white skirt fluttered, and golden light shone on Chronoa.

“Space and Time seal.”

The nodes of different time periods opened. Chronoa used his supreme power to channel the timeline to suppress the attacks of Mable and the others. He dispersed and digested the boundless energy strand by strand, expelling it to other times. For a time, all was quiet, and time seemed to have stopped.

But even so, there was still a small amount of energy leaking out.

Although this energy was small, it swept to the location where Muyang and the others were like a storm.

Space trembled violently. It was as if a small boat in the middle of a vast ocean had encountered a violent storm, and was in danger of capsizing at any moment. Muyang took a deep breath, his face grim.

“Heavenly God Beam!”

A blinding light lit up, and a wave of energy that distorted space and time was released. The vast and mighty attacks collided with the energy of the other party. At this moment, the chaotic energy suddenly split apart, and with a loud crash, the entire world began to shine with a light that was like the sun.

After Muyang attacked, Melissa and April also reacted, assisting in releasing their strongest attacks.

“Tornado Storm!”

“Transfiguration Beam!”

“Tri-Beam!”

“Kamehameha!!”

In an instant, energy waves of various colors converged together, and the blazing energy instantly caused the surrounding temperature to rise by dozens of degrees.

However, the attack of Universe 0 was too powerful. Even a small amount of energy was not something that the Melissa and the others could resist. In the crisis, Muyang urgently increased his energy. After releasing the peak level nine energy, he barely managed to block it.

“A bunch of people who have not even reached Level 9 Dimension dare to interfere in the battle of high-level gods.”

A white figure suddenly appeared in front of him, his voice very cold.

It was the Silver Hair Man Shroom of Universe 0.

His strength was comparable to the Level 10 Dimension.

Shroom revealed an evil smile. He raised his palm and punched down.

“Shit, it’s dangerous!”

An urgent alarm flashed through his mind. In the face of the sudden strong attack, Muiyang’s pupils suddenly shrank into a small dot. He was extremely anxious. He glanced at the nearby Melissa and the others who had yet to react. Muiyang knew that they definitely could not block the attack of the other party!

Biting the tip of his tongue, Muiyang quickly reacted. He teleported to the front and used his body to protect everyone.

“Thunder Shock Surprise!!”

Golden energy shot out, and the shadow of a hundred million palms appeared out of thin air.

“Bang!”

“Bang!”“Bang!”“Bang!”

Muiyang’s Thunder Shock Surprise collided with Shroom’s attack. The dense explosions immediately linked together, and the energy of the backlash came with it. Muiyang’s body shook and he spat out a mouthful of blood. His face turned pale.

“As expected of a level ten dimension. Just a casual attack is so powerful,” Muiyang said with a bitter smile.

“Interesting, he actually blocked my attack,” Shroom said as he looked at Muiyang.

He immediately prepared an even more powerful attack.

At this moment, Gaia’s angry roar sounded in his ears.

Roar!

A series of deafening dragon roars came out from Gaia’s mouth.

Seeing that Muiyang was injured, Gaia gave up the confrontation with the Dark Dragon God. Instead, she locked her target on the silver-haired man. Crack! Crack! Crack! Crack! Under everyone’s shocked eyes, a gigantic dragon claw that covered the sky cut through the void and descended from the sky. This dragon claw was abnormally large. Every scale on the claw was larger than the size of a planet.

The silver and blue light was clearly visible.

Bang!

Shroom was in a hurry to block Gaia’s attack. His expression suddenly changed. At this moment, the sun and moon rotated, and the stars shattered. Shroom’s body was shot out like a cannonball.

“All of you, get away!”

A bright light shone. Gaia opened her bloody mouth as if she wanted to swallow the space in front of her.

“Gaya, you are really amazing.”

“This is just a Level 10 Dimension.”

“Fortunately, she is here.”

The people who survived the disaster exclaimed. Amelia quickly took out a Senzu Bean from her bag and fed it to Muiyang. After a while, Muiyang’s face recovered.

Chapter 680

The battle between high-level gods was too strong. Even a little bit of pressure was hard to bear. If not for Gaia’s sharp claws falling from the sky at a critical moment and sending Shroom away to save Muiyang and the others, the consequences would have been unimaginable.

From this point of view, even if he had just entered the Level 10 Dimension, his strength could not be compared to the Level 9 Dimension.

Gaia had the strength to resist other people apart from Dark Dragon God pulred. From a different perspective, as long as Supreme Kai of Time Chronoa could replace Gaia to stop Pulred and Mable, then Gaia could protect Muiyang and the others.

It was obvious that Chronoa had already thought of this. Her figure flashed a few times, and the graceful figure arrived in front of Pulred. At the same time, the blue dragon in the sky roared, and the intense sound waves stirred up chaos. Its huge body crossed the vast void, and a pair of huge dragon eyes looked down ahead.

“Get lost!”

The sound waves spread out, and the surrounding space seemed to be frozen, gradually cracking and twisting cracks.

Gaia’s body began to shrink, and finally became too small for ordinary people. Her silver-blue hair fluttered, and her whole body emitted a strong and terrifying pressure.

At this time, no one dared to treat Gaia as a child.

“Damn it, this guy is quite strong. With such a variable, it will be much more difficult for us to seize the small world.”

“This guy can stop us?” A fiery stream of air gushed out from General Carlyle’s nostrils.

“Of course he can’t, but we don’t have time to waste here.”

“Chronoa’s helpers are about to arrive,” Mabl suddenly said. Shroom frowned and checked the situation outside the distant space. Two fiery red figures were rushing over across the world and would soon arrive here. “Red King and Grand Minister, they came quite quickly...”

“Lord Pulred!”

A bright light flashed in the blood-red eyes of Pulred. "Let's retreat first. There's no need to tangle with the Red King and the others. We can't always protect the new world. We have plenty of time."

Hearing that Pulred was going to retreat, Mable and the others breathed a sigh of relief. To be honest, they were not willing to face the Red King and the Grand Minister. It was not because they could not defeat them, but because once a great battle occurred, it was inevitable that there would be casualties. The five people of Universe 0 gathered together because of various interests. There was no intention of others sacrificing themselves.

With a greeting from Pulred, the remaining people of the Universe 0 began to evacuate.

Several empty holes suddenly twisted in the void. Several people stepped inside and disappeared instantly.

"The heir of Zalama will meet again in the future. The next time we meet will be when you die." After leaving behind some harsh words, Pulred stared at Gaia. His huge body began to circle, and then turned into a flash of light and disappeared.

"I will devour you sooner or later..." Gaia bared her teeth and glared at the place where Pulred disappeared.

After the people of Universe 0 left, the vast world became quiet. All the people of the Time Patrol team survived the disaster and their spirits became powerless as if they were greatly oppressed.

"Lord Muyang, are you okay?" Gaia came to Muyang's side and asked with concern.

"It's okay. It's all thanks to you this time. If you didn't scare away the people of Universe 0 in time, the consequences would be unimaginable!"

Muyang waved his hand and could not help but feel a little scared. The operation to encircle and annihilate the Dark Demon Realm this time was really full of dangers. Even if the Dark Demon Realm was finally destroyed, Muyang did not feel happy. Instead, his heart felt a little heavy.

Looking at the exquisite face of Gaia, he felt a little emotional in his heart. When he brought Gaia back from Planet Ambera, he was only greedy for her ability to create the "Spring of Life". He never thought that she would be able to reach such a height one day.

To be honest, if not for Gaia's assistance, Muyang was not sure if he could reach the current height with his own strength. At least he would not go so smoothly.

Gaia revealed a brilliant smile, "I also did not expect that I could turn into a divine dragon... The power of the Dragon God has changed me a lot."

"Because you are a life born from the Super Dragon Ball. If the Dragon God, Zalama, wants to find an heir, you are the best choice. The truth is that the power of the Dragon God chose you in the end and molded you into the second generation Dragon God." Chronoa smiled as she came to Gaia.

Gaia tilted her head and asked, “Where did Lord Zalama go?”

Chronoa said, “Who knows? Some say that the Dragon God has fallen, and others say that the Dragon God has found a passage to another world. In any case, he is no longer in our world. However, with my understanding of Zalama, it is absolutely impossible for him to disappear so easily. Maybe he has broken through the Level 10 Dimension and reached the Legendary Level 11 Dimension, so he has transcended this world.”

“Haha, you really know how to imagine that it is not so easy to reach the eleventh dimension. Even the Dragon God, Zalama, has only touched a threshold...”

A clear and pleasant voice came, and two figures suddenly appeared beside Chronoa.

The one who spoke was a woman with long, flax colored hair. She was tall and extraordinary. Her entire body exuded a divine and distant charm. Beside her stood a woman with fiery red hair. She was similarly elegant and graceful like an immortal. She had a beauty that was different from that of a mortal.

These two people were the Red King and Grand Minister Segari of the Red King World.

“Lord Chronoa” Grand Minister Segari nodded towards Chronoa.

The Red King looked at the state of Gaia and secretly nodded. He said to Chronoa, “It seems that we are late. The people in the Universe 0 have already fled far away.”

Chronoa said, “If they had not felt your pressure, they would not have left.”

“Forget it. If not for the fact that their nest was too hard to find, I would have rushed over and killed them all.” The Red King said fiercely.

Chronoa smiled and asked, “You seem to know why Zalama disappeared back then. Explain the reason.”

Hearing this, Muiyang and the others pricked up their ears. This was related to the secrets of the Dragon God. They all listened carefully. Of course, the mysteries of the Level 11 Dimension made them even more curious.

“Actually, it’s not a big deal. The reason why Zalama disappeared was because he felt the shackles brought about by the innate advantage, so he wanted to get rid of the physical factors. He told me before that if there were more advanced level eleven dimensions, then it must be a breakthrough in many aspects, such as realms, strength, rules, and so on. Zalama’s rule power has already reached the peak of the Level 10 Dimension. It’s too late to change it, so he chose to start from the beginning...”

“This little fellow was born from the Dragon Ball and was unique. He was born to transcend the axis of time, and he was the replacement of Zalama!”

The Red King's words could be said to be earth-shattering, and he immediately spoke of the Dragon God Zalama's plan.

"Me?!" Gaia was shocked and pointed at herself in disbelief.

"Could it be that Saroma has really disappeared?" Chronoa exclaimed.

"It can't be considered to have disappeared. It's just a different form of existence." The Red King glanced at Gaia and said with a kind expression.

Gaia could be considered the other Zalama.

Chronoa frowned. Although he thought that Gaia was the heir to Sara, he never thought that Gaia had a deep relationship with Zalama.

"Forget it. Let's talk about the details when we go back together." Chronoa looked at Muiyang. "Although this time, Pulred has stopped, but we must not let our guard down. They have already set their eyes on your world, so we must strengthen the defense of the world."

"I know."

Muiyang said with a serious expression. The existence of the Dark Dragon God was like a fishbone stuck in his throat, making him unable to calm down.

Fortunately, he still had Gaia on his side, which could be considered as an insurance for Acceleration World. Now, he would not treat Gaia as a child.

Even in the entire universe, only the Grand Minister and Zeno had reached the Level 10 Dimension. Although Muiyang believed that he would reach it in the future, it was still only a Level 9 Dimension.
