

《Billionaire CEO Won't Leave》

Chapter 112

The ribbon cutting ceremony has already started. Century manor, where commobei lives, is the most high-end villa area in city a, while the largest villa area in city a is developed by Kangshi group this time. Since it is the largest villa area in city a, it certainly attracts a lot of people's attention.

There are not only many invited businessmen, but also many journalists, some of whom interviewed Bai nianxi yesterday.

In order not to attract people's attention, Kang Mobei chooses an unimportant position to stand beside Bai nianxi and Secretary Xing.

It's just that the position is insignificant, but it can't stop the people standing there from shining, which still attracts a lot of reporters' flash.

Many of the photos taken at the scene are sent out in real time.

The ribbon cutting ceremony went smoothly. After the ceremony, the manager on the stage was very busy.

Kang Mo North Light looked at him one eye, way: "lead the way."

The boss didn't know what he meant. He took a look at Secretary Xing and got to know Kang Mobei's idea from Secretary Xing's eyes.

The four went to the villa together.

After walking for a while, conmmobei suddenly stopped and said to Bai nianxi, "which one do you think is better?"

Bai nianxi took a look around. He only felt that the villa area was too big. He just saw a few villas along the way.

Every villa here looks almost the same, and there are some subtle differences in design when you look closely, but you can't tell which one is good and which one is not.

So Bai nianxi gave a very pertinent view, "I think it's almost the same."

I don't know why, when Kang Mobei asked this, the boss standing on one side was very nervous. His eyes turned to Bai nianxi for fear that she would say something bad.

Kangmobei nodded slightly, let the boss directly take him to the golden position of the villa area.

"And here?"

Bai nianxi took a look and found that the villas here really look better than before, and the surrounding scenery is more open.

"It's not bad here."

Hearing Bai nianxi's words, the boss finally let out his breath, as if his fate was pinched in Bai nianxi's words.

"Which is the best one?" He continued.

Bai nianxi doesn't know why Kangmo North Africa wants her to say the best. It's clear that she really feels almost the same. Each has its own luxury and beauty.

Looking around, the sight was attracted by a red maple tree in a courtyard.

Bai nianxi has never seen such a beautiful color, that kind of red, which can even inject vitality and bleak feeling into people's hearts at the same time.

So he pointed there, "I think it's the best."

She loves that red maple.

"Well." Conmber nodded, "that's the one."

Secretary Xing understood and said to the boss who was leading the way beside him, "this one, Mr. Kang wants it. By the way, he wants two other buildings beside it. Mr. Kang doesn't like noise."

The boss was a little surprised at the way commobei did, but he didn't say anything. He just nodded his head busily. Why did he buy commobei? He has money anyway. Conmo North won three villas at one stroke, which just reduced his sales burden.

Bai nianxi is shocked and speechless. She always thinks that Kang Mobei is here for

inspection, but she doesn't think that she is here for shopping?

Three when you buy them? Is he crazy?

After Kang Mobei finished cutting off his hands, the boss left first and went to handle the follow-up work for Kang Mobei. Secretary Xing, who was also very aware of current affairs, left with him.

Because the villa area has not yet begun to officially sell, there is no one in the villa area at this time, except kangmobei and bainianxi.

"Why do you want to buy a villa?" Kangmo North walk in front, feel behind Bai nianxi a pair of words and stop appearance, first open a way.

Bai nianxi nodded, "well, isn't the house of century manor very big? Not satisfied? "

"Can't you buy another house if you are satisfied?" he said

"I can buy it, but why do you buy so much?"

"I like it."

.....

It's really rich and willful. Buying a villa is the same as buying vegetables.

Looking at Bai nianxi eating shriveled, Kang Mobei was in a good mood. Then he said, "I'll give it to you."

"Oh."

When Bai nianxi made a sound, he realized that it was wrong. Who did you send it to?

"What did you say?"

Conmobei's pretty eyebrows slightly folded, "I said I'll give it to you."

"You mean villas?"

"Otherwise?" Bai nianxi's reaction made Kang Mobei feel a little unhappy. Is it strange that he gave her something? Is it surprising?

Kangmobei, what's the rich disease again? Good. What are you doing with her villa? How much money!

There's too much money to spend!

.....

As soon as these two soul torture from the heart came out, Bai nianxi felt that he could not convince himself. I can only patiently say: "I don't need you to send me a villa, I have a place to live."

"Does it matter whether you need something or not that I give you?" Kangmobei stops, slightly turns over and squints at Bai nianxi.

That eyes will white read night to see of shake three to shake.

"But I have a house..."

"It's up to you." Conmobei's expression is light, light description wrote: "anyway, the house is in your name, sold or burned, you are free."

Listen to the voice, it seems that I'm not happy.

Helplessly spit out a breath, it seems that this matter, can only be considered in the long run.

The scenery of villa area is very good, walking inside, the wind is light, the air is clear, comfortable and refreshing. Kangmo north still does not return to walk in front, the body sent out the breath of some indifference.

Maybe he was really angry. Conmber didn't look back at her. But she followed him, looking at his straight back, broad shoulders, straight legs, meticulous hairstyle, even the back of his head is so delicate and sexy

Bai nianxi pats his head, and the need to go to the psychiatric department for examination is very urgent.

Before I got out of the villa, I heard the crowd outside.

It's strange that the ribbon cutting ceremony has been over for so long. Hasn't the crowd dispersed yet?

Kangmobei didn't stop and went out. Because there was a security system in the villa area, he didn't worry about anything. When he went out, kangmobei subconsciously separated the crowd from Bai nianxi.

There are also some staff outside the venue, some people walking around.

Secretary Xing has prepared the car, and when kangmobei comes out, he leads kangmobei to get on the bus directly.

I don't know whether it's an illusion or something. Bai nianxi always feels that among the people who come and go, it seems that there are some eyes floating towards her intentionally or unintentionally, falling on her.

After Xing's secretary opened the door, Kang Mobei first glanced at Bai nianxi, "go in."

After Bai nianxi got in, Kang Mobei got on the bus.

The car stopped in the sun for a long time, because it was stuffy inside, Secretary Xing kept the window open for ventilation.

A few people watched Bai nianxi and Kang Mobei get on the bus together. They put down their work and ran towards Kang Mobei's car. Kang Mobei caught a glimpse of what the man was holding.

Before Bai nianxi reacts, Kang Mobei's body suddenly leans down, grabs Bai nianxi's shoulder with one hand, presses her to her arms, slightly leans over, and lets her back out, facing the open window.
