

# 《Billionaire CEO Won't Leave》

## Chapter 114

"He said he didn't know either."

"The source of the cover comparison?"

"I don't know. It's just that someone gave it to him through the dark network IP address. We checked it out and it's an invalid address."

"Well." Kangmobei nodded, as if waiting for secretary Xing's next report.

"As you instructed, beat the man up." Secretary Xing's understatement made Bai nianxi sound like nothing. She probably didn't expect that the man would be beaten up for three months.

"We have the evidence that they planted Miss Bai, do you think?"

"Let's make it public. In addition, let's talk to the public relations team to guide the business war."

Business war is a very mysterious development direction, which can arouse people's curiosity. In this way, sudden rumors and innumerable abuse can be easily explained.

After receiving the instructions from kangmobei, Secretary Xing turns around and is about to leave, and is called back by kangmobei.

"Let Kang's lawyers prepare for a big case."

"Big case?" Secretary Xing was curious and nervous.

Kangshi group, a business empire, is also involved in a lot of commercial disputes, and the amount of money involved is more than one billion. Kangmobei has a group of lawyers who are specially responsible for litigation for Kangshi group.

"Well." Conmber nodded faintly.

Secretary Xing is ready to listen.

"Those marketing numbers or media numbers that have slandered Miss Bai on the Internet must have a lawyer's letter."

In a word, Kang's lawyers have been idle for a long time. Anyway, they are idle.

Secretary Xing finally went out with his dizzy head.

Go to the door, almost into the arms of people, it is mu Rushuang.

Xing secretary a spirit, wake up, bow greetings: "Mu vice president."

Mu Rushuang nodded, his face was always decent and approachable smile, "excuse me, is Mr. Kang in it?"

"Yes." Secretary Xing thought about it and said, "with assistant Bai."

What is mu Rushuang's identity? He also knows that Bai nianxi is the sweetheart of kangmobei, but she may not be the future president's wife of Kangshi. This vice president Mu who has come down from the sky is more likely.

What he said at the door now is not only for mu Rushuang, but also for the president of his family. Mu Rushuang is here.

Xing secretary said Mu Rushuang then buttoned the door and went in, "general Kang."

His eyes fell on Bai nianxi's body, and he said with a kind smile, "is assistant Bai also here?"

Bai nianxi nodded and lowered her head to do her own business, but she unconsciously played a drum in her heart. I don't know when she began to pay attention to all the things related to kangmobei.

Kangmobei has returned to his president's chair. Seeing mu Rushuang coming in, he asked, "what's the matter with vice president Mu now?"

"It's about the tripartite meeting between Conrad, moose and M group in the afternoon."

Conmobei looked at his watch. "The meeting time is two o'clock in the afternoon. There are two hours left. Vice president Mu is coming now?"

Deep in his dark eyes, he has probably guessed what mu Rushun is going to say. 12

o'clock is just a meal, isn't it?

Mu Rushuang lowered her head and smirked, "well, aunt Qi said, I hope we can have a meal together before the meeting."

"It's a pity that I don't want to have anything to do with Qi outside of work."

Qi Zhiwei's job is nothing but about him and Mu Rushan. And his fate, never allow others to arrange.

Having been used to Kang Mo Bei's attitude towards Qi Zhiwei, mu Rushun was not surprised. She turned her eyes to Bai nianxi, "President Qi said that I hope Miss Bai can go with me at lunch."

What mu Rushuang called Miss Bai just now is really different. At the original workplace, everyone can carry it clearly. Mu Rushuang also called Bai nianxi as Bai assistant all the time. At this time, she suddenly changed her words, which is thought-provoking.

Obviously, Qi Zhiwei not only wants Bai nianxi to attend the lunch, but also wants her to attend as a person around kangmobei.

Suddenly heard his name, Bai nianxi some surprised, also unconsciously raised a little spirit.

When I heard that Qi Zhiwei had invited her to have dinner with her, I felt a little relaxed.

Sure enough, when mu Rushuang said that Qi Zhiwei invited Bai nianxi to go with him, Kang Mobei's indifferent face changed.

Finally, Bai nianxi followed Kang Mobei to lunch.

Since Qi Zhiwei said to invite her, it is obvious that she is Qi Zhiwei's main goal today. It's arbitrary whether Kangmo will go north or not, but if she doesn't, it would be too much to refute Qi Zhiwei's face.

Since Bai nianxi has gone, Kang Mobei will certainly go with him. I have to say that Qi Zhiwei really knows how to catch people. Qi Zhiwei ordered the restaurant, and kangmobei drove directly to it with Bai nianxi. By the time he arrived, moussili was standing downstairs in a suit and seemed to have come out specially to meet him.

Kangmo north and murushuang's car came together. After murushuang got off the car, musili first said hello to Kangmo north, then went to murushuang's side and let

murushuang take his arm.

The dining room is resplendent and full of luxury.

Every place Qi Zhiwei goes, he must make a reservation.

"Miss White is coming?" Qi Zhiwei said first.

Bai nianxi nodded slightly, "President Qi."

"No, in private, just call me Auntie Qi like frost." Qi Zhiwei's momentum seems to be not as fierce as before, and has eased a lot.

From the tone to the meaning, are very normal, but Bai nianxi listen in the heart, always feel that there is something wrong.

Today's Musi Li, however, is different from the past. It seems that Qi Zhiwei will consciously restrain all the cynicism in his presence.

"What would you like to eat?" Qi Zhiwei asked again.

"No, Mr. Qi, just order casually." Kangmo North for Bai nianxi cut off the beginning, the mood in the eyes of some deep.

There is no menu here, and Bai nianxi has never been to such a place. To make her order is to embarrass her?

Qi Zhi said with a slight smile, "Mobei, since Rushuang and Miss Bai have called me aunt Qi, do you still call me general Qi?"

Kang Mobei ignored the implication in Qi Zhiwei's words, "I'm not used to calling people aunts, so I won't call president Qi like this with them."

Qi Zhiwei looks at Kang Mobei. Sure enough, her son really hates her.
