

Billionaire CEO Won't Leave

Chapter 117

Kangmo North slightly drooping eyes, "that trouble Mu total, directly back to Kangshi group."

These two, one dares to do it, the other dares to do it. Listening to the tone of commo north, he really regards Mousi Lizhen as his driver.

Mousse looked ahead and turned the steering wheel in his hand. It seemed that he was very focused on driving, and he didn't talk to the two people in the back row.

Kangmobei began to close his eyes. The red wine that had been splashed on his body had dried up, leaving a red wine stain with faint aroma.

The wine stains remained on the white shirt on his chest. Instead of being dirty, they showed a feeling of desperation.

Not long after, the car had stopped at the gate of the company, and there was already a special person waiting at the gate. After getting off the car, mousse directly left the car key in his hand to the waiting staff.

Kangmobei also stepped down from the car, walked in side by side with Musi Li, followed by Bai nianxi, unconsciously separated them little by little.

Today, komorbei is in a black suit, while musili is in a pure white suit. They are similar in height, and their bodies are symmetrical and elegant. They walk together with two long legs, as if with their own background music, attracting countless eyes.

Bai nianxi looked behind him, and the more he looked, the more he sighed. These two should be a perfect couple.

Kangmobei and Musi got into the elevator together. They stood well. Bai nianxi slowly came forward from behind, feeling that he didn't really want to get in between them.

But the eyes of conمبر and moussili were staring at her like that, and she could only take one leg slowly.

At this time, the door of the elevator began to close, and Bai nianxi, who had just stepped into the elevator, was about to get stuck.

Mousse leans away from one and reaches out his hand quickly to block the elevator door that is about to close.

Connobei also quickly extended his hand, but his hand was facing Bai nianxi.

A pull, will white read Xi pull into his arms.

Kangmo North bow, eyes seem to have dissatisfaction, "walk so slow what?"

Mu Sili looks at Bai nianxi who rushes into the arms of Kangmo north. His eyes are deep. He releases his hand to stop the elevator door, and his mouth is still smiling.

Bai nianxi didn't speak. She stood silently in a corner. The two men stood together, which made her feel oppressed.

When conumber came back, the first thing he had to do was to go into the bathroom, take another bath and change his clothes.

It's hard for him to take so many baths a day.

Of course, Musi Li didn't come to work as a driver for connobei. Naturally, he came here to talk with connobei.

Give the place to two people, Bai nianxi out of the office.

"Can Mr. Mu say it now?" Connobei sat down in his Ceo chair and touched out a cigarette. Before, because Bai nianxi was by his side, he had not smoked.

And his mood today, has been dark to the extreme.

Musi Li also touched the cigarette case casually and lit the cigarette.

In the smoke, there are two men's equally handsome faces.

"Isn't Kang supposed to know?" Mu Sili also used a rhetorical question. He believed that Kang Mobei was very clear about the purpose of his trip.

"I don't know until you say it. If you don't say it." Connobei dusted his fingertips. "I'll take it you haven't been here."

Musi Li gave a low smile and rubbed his eyebrows. "Before the lunch, I felt bad in my

heart. Now it seems that my premonition is not wrong."

"I don't know if we can count on the cooperation we talked about before in general manager Kang's office?"

Kang Mo north raises an eye, "Mu always thinks?"

"I think, I and Kang general idea, is probably contrary."

As if some tiny string quietly broke, breaking the original subtle atmosphere.

Commo looked at musili without expression in the north, "want to cooperate? Give me a reason. "

Mu Sili thought a little, "I also want to ask why Mu always doesn't want to cooperate?" He took a deep breath of the smoke, spitting out a little smoke, "is it because of President Qi?"

It's really because of Qi Zhiwei.

Kangmobei knew very well that Qi Zhiwei had come back to China for this cooperation and business. And the so-called as his mother, but to be able to intervene in his life just to find an identity.

If before, he can endure, but Qi Zhiwei's action today has completely angered him.

It's also normal for Musi to have such a performance. Everyone knows how much effort they have spent on this cooperation. It's really stressful for commobei to overthrow all of them this time.

Conmobei didn't speak, so Musi left as a default.

"No one can control the decision that Laikang always has to make. Although the contract has been signed, you can't afford the penalty."

Musi from looking at the north, good-looking eyes lingering shallow smile, "just, it is not worth the loss.""What do you say?"

"If Kang always insists on finishing the meal today, he should be able to hear that President Qi is going back to England."

The British M group has accumulated a lot of affairs to deal with, and Qi Zhiwei has been abroad for some time. The day before yesterday, there came news that she needs to return home.

She's British, her country, in England.

This is also the reason why she suddenly wants to invite Bai nianxi to dinner. As soon as Bai nianxi stays by the side of kangmobei, she can't rest assured.

She can still leave business affairs to musu Li, but if kangmobei doesn't confirm the relationship with mu Rushuang one day, she can't let go and leave.

At noon, she originally wanted Bai nianxi to recognize the truth, give up the thought of kangmobei, and force her to leave kangmobei.

It's just that she underestimated Bai nianxi's position in kangmobei's heart, and things are developing in an unpredictable direction.

"To say these words is just to tell president Kang that our cooperation can continue, of course, if President Kang is willing to."

"As for Mr. Kang's personal affairs, Mr. Qi should not interfere in the near future."

Moussili had already made his meaning clear, so he didn't say any more. After putting out the cigarette end, he turned and left.

At that time, with the fury of commobei, it was expected that he would overthrow the cooperation when he went back. He invested a lot in this cooperation project, but of course, he could not afford to suffer such losses.

He is a businessman, so is conmba, and businessmen are all profit-making.

He understood the pros and cons, and so did conmba.

He came for the sake of continuing to cooperate, but with a little selfish in his heart.

When moussili left the office and went out at the corner, Bai nianxi just stood at the corner, pressing her mobile phone in her hand, as if she had just hung up.

This is his selfishness.
