

Billionaire CEO Won't Leave

Chapter 120

He once gave Bai nianxi another contract, and knew that Bai nianxi would not take it seriously. These two days, he did not mention it, just did not want to hear Bai nianxi mention the matter of leaving.

Today is Lolo's birthday, he thought. If you feel bad, you can wait until after Lolo's birthday.

He really thought that as Lolo's biological mother, she would not choose to leave today anyway.

The clock on the wall has pointed to ten.

She hasn't come back yet.

I don't know when it began to rain outside.

A burst of thunder woke Lolo from his trance. Lolo jumped up and stood on the sofa, holding the back of the sofa in both hands. He heard the sound of rain outside.

Conmber looked out of the window, too.

They looked at each other, and Lolo said, "Mommy doesn't have an umbrella. What if it rains?"

After separated from Jiang zhiang, Bai nianxi first went back to his small apartment.

What Jiang zhiang said echoed in her heart over and over again, as if a voice had been asking her: do you love kangmobei? Do you love him?

She replied: No.

The voice asked her a hundred times, and she answered again and again.

However, when the thunder outside the window, she suddenly found that she seemed unable to convince herself.

No wonder Jiang zhiang is angry. She can't even cheat herself. How can she cheat his eyes? He always knew her so well.

He must have seen it before he said that.

The rain is getting heavier and heavier. With the thunder coming from time to time, Bai nianxi doesn't turn on the light. Occasionally, lightning cuts through the clouds. After the whole room is shining, he falls into the boundless darkness.

Suddenly, the phone on hand lights up, and the remarks on the screen are dazzling in the dark night.

It's comber.

Suddenly, conmobei told her to go home early tonight, and Lolo was still waiting for her at home.

Maybe Kang Mobei is also angry, angry why she didn't go back, all night, just waiting at home, didn't call her.

After thinking about it, I pressed the connect button.

It's no big deal. If you don't do it, just tell him.

How would he react? stamp with rage? Scold her? Climb up the phone line and call her?

"Hello." Bai nianxi makes his voice sound as relaxed as possible.

"Why don't you come back?"

"I..." Despite so much ideological work, by this time, Bai nianxi was still unable to answer the question, "I'm outside."

"When will you be back?" As he said this, conmobei looked at Lolo, who was staring at him expectantly with big black eyes.

Clenching the quilt under his body, Bai nianxi can even hear the quiet breath of kangmobei, which is very calm.

Calm very unusual, she thought he would be furious, originally did not. It seems that if she proposes to leave at this time, the odds are pretty good, right?

After thinking about it, he said, "I, I won't go back."

Commo North pupil suddenly shrunk a circle, face but no abnormal, at the moment, Luo Luo is looking forward to the phone that white nianxi answer.

He answered.

Look out of the window.

There was another thunder.

Bai nianxi's heart also jumped with it.

"It's raining hard. Do you have an umbrella with you?" Conmber's voice is still very calm, calm to let her feel gentle.

That is, at this moment, Bai nianxi realized that she had been trapped in the gentle whirlpool of conmobei.

He is like a nail, into her heart, don't pull out, will let her feel uncomfortable, but if pull out, she will die.

Gentle trap, should be said to be like this?

Hang up the phone, she picked up the door umbrella, ran out.

Miss Bai's escape plan was initially declared a failure.

It's ridiculous that she chose to go back.

It's not easy to get a taxi late at night. She waited for a long time by the side of the road. When Bai nianxi came back, she was already half wet.

Drowsiness hit, Lolo is still forced to sit on the sofa, small head has been half down, a down a down. Conmobei had seen it. He put his arms around Lolo and put Lolo's head on his shoulder.

Luo Luo woke up for a moment, opened his confused little eyes and looked. Seeing that it was Kang Mobei, he struggled again in his sleep.

There was a knock outside the door.

Kang Mo North coagulates eyebrow to look, stood up, the eye light twinkles, walked to the front door, opened the door.

The hand was a tremor that he did not notice.

The rain was too heavy and the wind was too strong. After the door was opened, cold rain and cold wind poured in from the door at the same time. The rain floated on conumber's face as if it had covered his face with a hazy mist. Bai nianxi's body and hair were dripping with water. He looked up and said, "Kang Conumber. "

"Back?" Commo's face was expressionless, but the mood in his eyes was heavy.

Bai nianxi nodded.

"Well." Kangmobei nodded. Luo Luo in his arms was awakened by the cold wind. He narrowed his eyes and twisted his little body to Bai nianxi, "Mommy!"

Bai nianxi is stunned. Luo Luo hasn't called her Mommy for a long time. All of a sudden, she has a kind of cordial feeling?

Also want to reach out to take over small Luo Luo, and remember the body was wet clothes, some embarrassed way: "I am wet."

I don't know whether it was intentional or unintentional, commo North took a step forward, Luo Luo ran out of the body will fall to her wet arms.

Luo Luo rubs Bai nianxi's face with a fat face. Bai nianxi's face is too cold.

"Lolo doesn't like mommy."

"Come in." Kangmobei reaches out his hand and pulls Bai nianxi in. Then he closes the door.

However, the temperature at home seems to betray the calmness on conumber's face.

This man, pretend!

With the indoor temperature at home now as low as ten degrees, she didn't feel so cold when she stood outside in the wind and rain. It can be imagined how long the fully automatic mood based refrigeration central air conditioner of commobei has been on!

I'm afraid I've been angry all night! I'm afraid I'll eat her! Even in front of her pretending to care, pretending to be calm!

Bai nianxi was about to leave, so he noticed the cake, candle and balloon in the living room.

"These are..."

Kangmobei has come over with a towel and put it on Bai nianxi's head. He covers it with his big hand and kneads it with familiarity.

It was like dusting a bowling ball.

Lolo leans in Bai nianxi's arms, and her voice is soft. "Mommy, Lolo thought you wouldn't come back for my birthday."

Bai nianxi suddenly froze, birthday? Lolo's birthday?

All of a sudden, all the Qi in her heart disappeared. Bai nianxi had only one idea. She almost decided not to come back on Lolo's birthday?
