

Billionaire CEO Won't Leave

Chapter 121

"Mommy, Lolo has been waiting for you for a long time."

"Mommy, look, Lolo is still wearing the clothes you chose for me!"

"Mommy, Lolo doesn't want any birthday presents. Lolo just wants you."

"Mommy, don't leave Lolo, OK?"

Every time Lolo says one more word, Bai nianxi feels struck by thunder. Every word of Lolo wants her to scold herself.

In the heart infinite sense of shame and guilt come together, Bai nianxi only feel a pain in the heart, also very happy about his final decision.

She finally came back.

Let's talk about leaving later.

Kangmo North for white nianxi dry hair, will Luoluo from white nianxi arms over, "I go to Luoluo change clothes, you go to the bath, wait for a cold."

Then he went upstairs with Lolo in his arms. Lolo usually goes to bed early. Today, he is really tired.

Bai nianxi nodded and climbed up the stairs.

Alas, how could she feel like being eaten by these two sons?

After kangmobei changed Lolo's clothes, he directly put Lolo on the bed. Lolo narrowed his eyes and pulled his sleeve. "I want to sleep with mommy."

"Well." "She will come to accompany you after taking a bath," he said

When Luo Luo was comforted and went out, Bai nianxi came over from the bathroom,

rubbing her washed hair with a towel, and just came to the side of Kang Mobei.

Kang Mo North light glanced at white to read Xi one eye, "washed?"

Bai nianxi nodded.

"Then go to bed early."

Then he walked to his room.

Bai nianxi hum a, unexpectedly also ghost make a difference of follow in Kang Mo north of after death walk.

Conmobei stopped suddenly, she couldn't stop and hit it.

Kangmobei turned around, deep eyes without force hanging, eyes very light, "follow me to do what? Not sleeping with Lolo? "

Bai nianxi just reflected that, yes, why did she follow him? She's sleeping with Lolo.

Turn around and walk back to Lolo's room.

All of a sudden, a hand came around, passed her slightly raised elbow, and dragged her in the opposite direction.

Pull into the study, conmobei sat down at the desk, "right here."

"Well?"

Glancing at her wet hair, "blow dry."

There is no hair dryer in the study. Bai nianxi goes out to find the hair dryer and comes in again.

Under the wind of the hair dryer, the room is full of the fragrance of shampoo.

When Bai nianxi blows her hair, Kang Mobei looks at it all the time. Under the gaze of death, Bai nianxi blows her hair hard.

"Now you can say it?" Conmobei went to the door of his study and clinked the lock.

"Say what."

"Really don't understand or fake don't understand?" Kangmo North look to white Nian

Xi's eyes, with exploration, step by step came forward.

"I was in my apartment at that time."

"Why go back to the apartment."

"Because, because I didn't want to come back."

"Why don't you want to come back?"

Every time Bai nianxi said a word, the temperature in the room became colder. Kang Mobei kept asking. His tone was not like asking, but more like ordering Bai nianxi to tell the truth.

"Because our agreement is over, I thought, I should leave."

"When did our agreement end?"

"The day before yesterday, the day before yesterday is the last day."

Kangmobei squinted, "is that right?"

Bai nianxi has been forced to retreat by kangmobei. Behind him is kangmobei's desk.

Conmo leaned down, with a kind of irresistible power, his eyes fell on Bai nianxi's face.

Kangmobei's eyes drooped, and his warm and cool thin lips rubbed against Bai nianxi's face. When he pulled away again, a few pieces of paper he had pulled out from the pile of papers on his desk had already appeared on his hand.

"That was the last one, I said, this one."

"This one?" Bai Nian Xi Lian Mei, is what Kang Mobei said the agreement he asked her to sign last time?

Kangmobei held the agreement in his hand and put it in front of Bai nianxi. "This agreement came into effect the day before yesterday. As for the end time..."

"Well?"

Conmber laughed and didn't speak any more.

Last time, she didn't have time to look at it carefully. Now she took it over and looked

through it. Sure enough, the same overlord clause and the same bandit treaty. The only difference is that there is no expiration date. This is to tell her that it depends on his mood to end it.

"Hello, combo north." Bai nianxi picked him with her eyes.

How else to say young is good? I don't know that the sky is so high and the earth is so thick that I dare to kick a tiger's ass."I said, do you just want to keep me?"

Kangmobei's eyes narrowed. How can this woman be so changeable? The first second or a submissive obedience, the next second will begin to call his name, began to provoke?

"So what?"

"If so." Bai nianxi left the agreement on the table, "please bring out some new ideas and sincerity. It's always an agreement. Are you tired of signing it?"

"Not tired."

.....

"You're not tired. I look tired. There's nothing new." After all, Bai nianxi is very creative.

"Mind?"

Kangmobei stares at Bai nianxi's eyes, grabs Bai nianxi's hand with one hand and puts it on his chest, "if I give it to you, do you dare?"

.....

"It seems that the agreement is the most effective," he said

White read Xi strong support hiss a, "agreement didn't sign, useless."

"Who said it wasn't signed." When he said this, there were some rogues in his words.

Bai nianxi said in his heart that it was not good. He picked up the agreement paper and looked at it carefully. Sure enough, in a small space, he really signed her name!

More importantly, it was her autograph!

When did this, this sign up?

It seems to see the question of Bai nianxi, and the corner of conmo's mouth began to smile, "I don't remember very well. It's estimated that when I asked you to sign a small document, you signed the agreement by the way."

.....

No matter what broke the agreement, for her, it just stimulated her resistance more and more!

Once again, he threw the agreement on the table, and Bai nianxi clapped his hand. "I'm going to sleep with Luo Luo. Mr. Kang, please slow down."

Then he walked towards the door of the study, opened the door smoothly, and went out. Kangmobei also followed him. As he passed by the door of kangmobei's room, kangmobei fished Bai nianxi and turned to the room.

Do you think he will let her go so easily? The reason for not being in the study, of course, is that it's more comfortable in bed.

Bai nianxi was about to leave, so he noticed the cake, candle and balloon in the living room.

"These are..."

Kangmobei has come over with a towel and put it on Bai nianxi's head. He covers it with his big hand and kneads it with familiarity.

It was like dusting a bowling ball.

Lolo leans in Bai nianxi's arms, and her voice is soft. "Mommy, Lolo thought you wouldn't come back for my birthday."

Bai nianxi suddenly froze, birthday? Lolo's birthday?

All of a sudden, all the Qi in her heart disappeared. Bai nianxi had only one idea. She almost decided not to come back on Lolo's birthday?
