

Billionaire CEO Won't Leave

Chapter 129

Mu Sili's eyes fall on Bai nianxi's body, and his deep eyes are full of amazement.

"Miss Bai is very beautiful today," she said

"Thank you for your compliment." Bai nianxi nodded, "Mr. Mu is also very handsome today."

There was a faint chill on Kang Mobei's face. He glanced at Bai nianxi, then looked at Mu Sili and Mu Rusheng, nodded and said hello.

Then he took Bai nianxi to one side.

Mu Rushun's eyes fall on Kang Mobei and follow his broad and straight back. Where Kang Mobei goes, mu Rushun's eyes follow.

Moussili shook his red wine glass in front of murushuang, "who are you looking at?"

Mu Rushun this just withdrew the vision to come back, "don't you know?"

Mousse took a sip of the wine and said with a smile, "why, do you think he looks better than me?"

"Well." Murushuang answered without hesitation, and by the way, he took a glass of champagne from the tray in the hand of the waiter who passed by.

"Do you have one?" Musi li felt his face suspiciously, then said with a smile, "I don't think so."

Along the way, Bai nianxi also met many acquaintances, such as Jiang zhiang and Gu xuanlin, who were holding hands in front of each other.

Gu xuanlin saw Bai nianxi and Kang Mobei standing together. She was slightly surprised, but soon the surprise disappeared.

With a happy smile on his face, he said, "Mr. Kang, Miss Bai."

Jiang zhiang didn't speak, and his cold eyes were always on Bai nianxi's face.

She was still standing at the side of commobei.

Five years ago, he could take her. Five years later, what should he do?

Bai nianxi was also a little unnatural when Jiang zhiang looked at him like this. She lowered her head slightly. Some of them didn't know how to explain to Jiang zhiang, although she didn't have to explain again.

"It's better for Mr. Jiang to focus more on his fiancée." Kangmobei noticed Jiang zhiang's eyes and voiced his dissatisfaction to remind him.

Jiang zhiang took back his eyes and looked at kangmobei with a gentle smile. "Mr. Kang, too."

This is a very meaningful statement.

No longer looking at Bai nianxi, Jiang zhiang takes Gu xuanlin and leaves.

Gu xuanlin has been warm and warm since she became pregnant. She also knows that Jiang zhiang can't let go of Bai nianxi, but now she doesn't care so much.

After all, she and Jiang zhiang have a lifetime to go, and Bai nianxi is a passer-by after all.

Bai nianxi breathed. It's really tiring to attend these banquets.

This tone just spit out, the Kang Mo north then wring eyebrows to see her, "sigh what gas?"

When he comes across something about Jiang zhiang, the woman always gives him a sense of frustration.

"Nothing, just a little out of breath." Bai nianxi's answer is somewhat casual, but he has already planted the seeds of jealousy in the president's heart.

"Nianxi." A voice came from behind.

It's Lu Yichen. He's here, too.

Conmber's brows tightened.

Bai nianxi's eyes lit up the moment she saw Lu Yichen. Among these people, only Lu

Yichen could make her face without pressure.

Lu Yichen came over, first said hello to kangmobei, and then came to Bai nianxi.

Bai nianxi will appear here. He is not surprised at all. He has seen the relationship between Kang Mobei and Bai nianxi very clearly.

If the person around her is combe, he thinks it's good.

For her, it's enough to be a lifelong friend.

"You're here, too?" On the contrary, Bai nianxi was surprised.

"Why can't I come?" Lu Yichen asked with a smile, and then smelled the faint sour smell of vinegar from Kangmo north.

However, it's time to say, "you're beautiful today." Then he looked at Kang Mobei, "it seems that Mr. Kang has a good eye."

Does he have a good eye in choosing clothes in kua kangmobei, or does he have a good eye in choosing female partners in kua kangmobei?

"And." Lu Yichen looked up and down at Kangmo north again, "Mr. Kang is also good, and nianxi you, or quite match."

Bai nianxi's face turned red. There was a faint light under her fair skin. It was the first time that someone praised her for matching with Kang Mobei.

Actually, Lu Yichen praised it. What he meant was that kangmobei was worthy of her, not that she was worthy of kangmobei? Unconsciously put her in the main position?

Although Lu Yichen's words mean to belittle kangmobei, kangmobei is rare and lifeless. After taking a sharp look at Lu Yichen for a few eyes, he suddenly said, "well."

.....

There were a lot of distinguished guests at the party, and many people would choose to come and toast after seeing commobei. Bai nianxi stood aside and saw many ways.

Although a lot of people come to talk to each other, most of them come here to say hello politely, and komorbei is not everyone's wine. Most of the time, what he was responsible for was standing there and nodding his noble head at the faces of the people who came to greet him.

Few of them have touched a cup with him. Bai nianxi has seen them. They are all business tycoons in their 40s and 50s. They have been on the covers of top financial magazines for countless times. Even Bai nianxi is familiar with them.

After a while, mousse came over.

Waving the wine glass gracefully.

Compared with kangmobei, Musi Li is obviously more popular with celebrities and actresses in a city, probably because he always has that kind of light smile on his lips, which makes people feel closer.

Unlike conumber, with five words on his face: don't get close to me.

Mu Si from such a walk, and bring a look of envy.

"The dinner is about to begin, and Mr. Kang is not taking Miss Bai to the table?" There is always a sense of playfulness in Musi Li's words.

"Just go." Kang Mo North puts down the wine cup in the hand, slightly sidelong Bai Nian Xi one eye, signal her to go with him.

Mu Sili chuckled and walked in behind them. Mu Rushuang came over from one side, took Mu Sili's arm, and his eyes fell on Kang Mobei.

The guests were seated one after another. The seats of the guests were arranged according to the dignity of the visitors. Conumber and bainianxi just sat at the same table with Musi and murushuang.

Jiang zhiang, Gu xuanlin, Lu Yichen and others were scattered everywhere.

Jennie was sitting not far from the table in conumber, where she could see everything clearly.

Since Bai nianxi came in, she has been paying attention to her every move.

She won't Miss Bai nianxi, absolutely not.
