

Billionaire CEO Won't Leave

Chapter 133

In order to cover up the scar, her dress style today is more conservative. She rolled up her sleeves to show the bruise on her arm.

The bruises spread one after another on Jenny's white arm. It looked terrible.

"See! This is your fight Jenny turned to the crowd again. "This is her fight, she fight!"

"And, and." Jenny wiped her face again and wiped the powder off her face. Even if her makeup was damaged and she looked very embarrassed, she didn't care.

"See that!" The corners of her mouth were swollen, and the corners of her eyes were blue. "It's all from her. It's from this vicious woman!"

Bai nianxi smiles. "Miss Jenny, when did I hit you?"

"Just last night! Last night in the coffee shop, you..." At this point, Jenny suddenly realized something and stopped.

Hateful, Bai nianxi this cheap woman, dare to set her up!

"Oh." Bai nianxi nodded thoughtfully, "it's also a coincidence that my recording was recorded in the coffee shop last night."

If people don't understand what's going on, there's something wrong with them.

Bai nianxi looks at Jennie's pale face being dragged away by the people under conmobei, and the smile on the corner of her mouth disappears a little bit.

The evildoer will eat his own bitter fruit after all.

The next day, the headlines of the major media in a city were all occupied by Jenny, stealing paintings, threatening, slandering, buying murders

This crime, each single out, is enough to destroy Jenny's reputation and future.

Bai nianxi himself destroyed the painting, which cost 200 million yuan. Because this painting is not Jennie's, but Bai nianxi's, so the 200 million yuan donation has become an oolong.

Even though Jiuzhou landscape has been destroyed, the original author Bai nianxi is still famous for a while.

All the dirty water that Jenny spilled before was also cleaned by Bai nianxi.

Bai nianxi came in from the door, holding the post sent by the organizer of last night's charity dinner this morning, and put it in front of Kang Mobei, "look, I saved you 200 million."

There is a feeling of pretending to be relaxed in the voice.

Conmber sat in his office chair, his face still gloomy.

Bai nianxi had no choice but to turn her lips. Last night, because of Jenny's affair, connmobei had to deal with it late into the night. She didn't go to the police station with her. After she handed in the recorder, she went home to have a rest.

When conmber came back, it was early in the morning. By that time, she had fallen asleep.

It's just that she didn't fall asleep.

She knew that connmobeir had been in her room. After she pushed the door in, she began to stand by her bed without saying a word.

Although she was still covered with a thick quilt, she could still feel the cold air from conmo's north body and could not help wrapping her little quilt tightly.

In fact, she also wanted to get up and chat with him for a while, but for the sake of life safety, she chose to continue to pretend to sleep.

Just did not expect, the north of the station will stand until dawn, also tired she did not sleep all night. After getting up in the morning, she dawdled for a long time, and finally got out of bed when conmbert went out first.

This matter will eventually give kangmobei an explanation. Just when I came in, I saw the paper sticker sent by the banquet party. I wanted to take advantage of the east wind that saved 200 million credit to kangmobei to explain this matter calmly.

However, from the face of conmobei, he didn't take it.

Bai nianxi twisted his hands and planned to leave again. He was stopped by Kang Mo Bei: "stop."

"What's the matter?"

Kangmo North glanced at the paper pasted on the table by Bai nianxi, "in addition to this, there's nothing else to tell me?"

"Well, what else do you want to know?"

The eye color of Kang Mo north is deep, "say, did you sleep well last night?"

He also knew that she didn't sleep, so he saw when she got up to explain to him. He didn't expect that the woman had been sunken in the quilt all night, and they had to confront each other until dawn.

Bai nianxi touched the dark circles under his eyes and said with a dry smile, "OK, OK."

Conmobei seemed to sigh slightly, and then said, "come here."

It doesn't sound that cold.

Bai nianxi walks over, and Kang Mobei looks at her from the bottom up. The chill in her eyes makes her shiver a little.

Why does she feel like a loser when she looks down on him?

"That's why you didn't let Jenny be Lolo's teacher?"

Bai nianxi nodded sincerely.

"Then why don't you tell me?" It's dangerous to see the way conumber squints.

It's the kind of danger that people want to jump on and eat.

"At that time, I didn't have any evidence. I couldn't prove that it was my painting. Who would believe it just with a mouth?" "Didn't I say I would?" Kangmobei's eyes are filled with discontent.

Bai nianxi thought about it carefully. It seems that kangmobei really said something like this?

"I'm afraid it might scare you. After all, it's a little bit scary." Bai nianxi explained very seriously that if she was asked to do it again, she would still choose not to tell him.

"Thriller?" Kang Mo North picks eyebrow to look at Bai nianxi, "have the thing of last night frighten?"

.....

Bai nianxi doesn't speak any more. Kangmobei takes Bai nianxi's expression into his eyes, and his mood is surging in his heart.

If he had known that the painting belonged to Bai nianxi, not to Jenny, he would have helped her get it back. And many things that happened after that, he would not have no leader.

Bai nianxi suffered all kinds of inexplicable attacks and traps. If he knew, he would guard against Jenny. Maybe she would not have to suffer all the grievances behind.

He knew early on that Jenny was hostile to Bai nianxi, and he also guessed that there would be a festival between them, but he didn't expect it to come to this point.

He was careless.

"Forget it. Go and do your work." Kangmobei didn't look at Bai nianxi any more. He lowered his head to open the work information at hand and looked at it.

Bai nianxi pursed her lips and turned away.

He shouldn't ignore her strength.

After a while, Secretary Xing pushed the door and said, "Mr. Kang, Panasonic people are looking."

Commo did not lift his head, but said, "let them in."

From the door, several men in suits and shoes came in. After they came in, they first said hello to kangmobei. Then they said hello to Bai nianxi: "Miss Bai."

Bai nianxi stepped forward with a smile, "President Li, director Yang."

"Have you seen the agreement for you?" The first person to speak is Mr. Li, whose tone and attitude are very polite.

Bai nianxi nodded, "have you seen it?"

"I wonder if Miss Bai has any intention?"
