

Billionaire CEO Won't Leave

Chapter 137

Singing that is called a sentimental sad, Lolo can not help but sad, the lyrics, said is not he?

Singing and singing, he began to cry, and a sobbing voice came from the door.

Originally heard Luo Luo sing, Bai nianxi is already in the heart move, now is clench one's teeth, Kang Mobei, how can you so pit child!

Breathlessly open the door, a will Luo Luo fished in, will close the door, connmobei has used his tall and straight body stuck in the door.

The meaning in the eyes is like saying: I knew you would not leave me.

Luo Luo sobbed in Bai nianxi's arms for a while, and then looked around curiously with her big black eyes.

Kick these two short legs and run around the apartment. Look here and feel there.

So this is Mommy's home? Did you live here before Mommy?

Bai nianxi sat on the sofa and didn't speak. He took a book and read it.

Luo Luo played for a while, ran to Bai nianxi and touched his stomach, "Xiao Xi, Luo Luo is hungry."

Bai nianxi had a look at the time. It was already more than seven o'clock. As usual, Luo Luo had already had dinner. He thought that Luo Luo was still young and could not go hungry. Kang Mobei had a stomachache, so he had to get up and go to the supermarket.

There is a large supermarket chain not far from the residential area. Bai nianxi and Luo Luo come here directly, while Kang Mobei follows.

Anyway, I can't get rid of it. It's good to have a porter.

After pushing the cart, Bai nianxi first went into the fruit and vegetable area, and then

bought some meat and aquatic products. After all, it's the weight of three people tonight, so we need to prepare more vegetables.

After buying, Bai nianxi takes Luo Luo to the snack area. Luo Luo never eats snacks, except for the three meals a day, he can eat more fruit at most.

Bai nianxi felt that it was a cruel and inhumane act to let kangmobei take care of her children.

"Lolo, do you want chips?"

"Eat

"No way."

One voice is soft, the other is deep.

Bai nianxi's ears automatically filtered into the former, and lost several packages of potato chips with different flavors.

"Lolo, do you want sugar?"

"Eat

"I can't eat it."

Bai nianxi ignores Kang Mobei's words and throws in a few packets of sugar.

"Lolo, do you want this?"

"Yes!"

"No way."

Bai nianxi continued to ignore, picked up things from the shelf and threw them into the car.

"Lolo..."

"Good!"

"I can't buy it."

"Lolo..."

“OK! ”

There's no sound from conumber.

Bai nianxi and Luo Luo are both curious, so they go to kangmobei. Seeing this, kangmobei, who has given up struggling, can't help thinking that they are consulting him.

So he shook his head.

Then Bai nianxi reaches for it again and throws it into the shopping cart.

.....

After a tour, Bai nianxi's cart was full. Because of kangmobei, a child in Luoluo was so abstinent that Bai nianxi couldn't see it.

After shopping, Luo Luo went directly to the book area

after Bai nianxi finished shopping, he had to push the cart to the cashier to check out. Suddenly, he remembered that he had to buy some personal toiletries for kangmobei and Luo Luo.

"Wait a minute. I'll get something."

With that, he walked towards the other side. Unexpectedly, a man suddenly appeared at the corner. He came out in a hurry and hit Bai nianxi hard.

After the man's "ah", he stumbled, and Bai nianxi almost fell to the ground.

The man slowed down and scolded Bai nianxi, "what's the matter with you! You don't look at the road when you walk! "

Bai nianxi rubbed his arm and upper abdomen, which was hurt by the collision. "Miss, it seems that you bumped into me first."

"I hit you? What am I doing with you? It's clear that you don't have eyes when you walk. " Women are very arrogant.

Just now, it was really hard. After the sharp pain, it was a dull pain.

The domineering appearance of women makes Bai nianxi's mood become bad. "I don't have a good reason to bump into you. Who is the one who doesn't walk with long

eyes?"

"What do you mean?" The woman's voice became loud, which attracted the attention of many passers-by.

Bai nianxi rubs the hurt place on her body. You can see who bumps who. What's the arrogance of this woman?

"What's the matter, Kexin?" A beautiful woman's voice came.

Kang Xinyue came over with Su Yihao in his arm. Su Yihao's eyes narrowed when he saw Bai nianxi. Is this woman here? On the surface, he didn't show any difference, just like he didn't know Bai nianxi.

Bai nianxi also saw Su Yihao. He was stunned at first, and then his face returned to normal.

Kang Xinyue first cast a concerned look at Zhai Kexin, only to see her face full of anger, without any discomfort. Then she turned her eyes to Bai nianxi.

"It's OK. I was hit by a man who didn't have eyes." Zhai Kexin looks at Bai nianxi and pulls Kang Xinyue away.

All of a sudden, Zhai Kexin looked into her arms and found that the chocolate box she had just bought had oozed a lot of light red liquid, which made her clothes wet.

This wine chocolate is packed in cartons. It's fragile. I think it's because the chocolate inside cracked just now and the wine liquid flowed out.

The most important thing is the clothes on Zhai Kexin. This is

Zhai Kexin takes a look at Su Yihao and turns to Bai nianxi. He is already angry and throws the exposed wine chocolate into Bai nianxi's arms.

Originally, after Zhai Kexin said that, Bai nianxi was ready to turn around and leave. She didn't want to pester people who were not polite.

But, Zhai Kexin unexpectedly fell this already broken wine heart chocolate to her body?

Zhai Kexin wants to say something, but considering Kang Xinyue beside her, he doesn't say it. He just stares at Bai nianxi with hatred, as if he has any hatred with her.

Kang Xinyue understood Zhai Kexin's temper and said, "well, what's so angry? Isn't it just a dress? If it's dirty, it's not that you can't afford it. Let's go. "

It's just that people like Kang Xinyue always judge people by their appearance, so this is to persuade Zhai Kexin not to worry about Bai nianxi, but people like Bai nianxi are not worth worrying about.

Kang Xinyue said, pulling Zhai Kexin to leave.

"Wait a minute."

Bai nianxi suddenly made a cold voice and clamped Zhai Kexin's arm.
