

Billionaire CEO Won't Leave

Chapter 159

Secretary Xing knows that for kangmobei, even if he just came out of the ghost gate, the impact and shock to kangmobei can't compare with the cleanliness addict who has been soaking in the lake for so long.

Kangmo North light should sound, stand up from the side of Bai nianxi, Bai nianxi also helped up.

Secretary Xing came to the RV, and Kangmo north and Bai nianxi got on the RV. The original car was driven back.

After getting on the bus, kangmobei began to change clothes. Looking at the wet Bai nianxi, kangmobei pulled out a white man's shirt from the bag and threw it to her.

"What for?"

"Put it on." Conmber had begun to unbutton his shirt and said, "the lake is dirty."

Bai nianxi took over the clothes. This shirt should be from commobei. It's a big size. It should be more than enough for her.

While she was thinking about it, conmobei had taken off all her clothes. To her eyes, she was a muscular and well-organized man's back.

Even though she has seen this scene many times, she still wants to cover her eyes.

Conmber buckled the belt around his waist and put on a new shirt. Then he slowly buckled the buttons on his shirt one by one. Although the action was elegant, the actual speed was very fast.

When he changed his clothes, Bai nianxi was still holding the shirt handed over by commo north, with an awkward face.

Conmbe can change clothes in front of her without any burden, but she can't.

"Not yet?" Conmber frowned.

"I think I'd better go home and change it." She felt uncomfortable and faltered.

Kangmobei takes the shirt in Bai nianxi's hand and reaches for Bai nianxi's back.

With a click, Bai nianxi's underwear button was untied.

Bai nianxi's eyes were shocked and said, "you, what are you doing?"

"I don't want to change it? Then I'll change it for you. "

.....

She changed!

Then he turned around and took off his clothes. The bright and white woman's body was shining in the light of the car.

With a big hand, the lights in the car went out.

In the dark, Bai nianxi felt relaxed at last. When he was relaxing, his hands were already caressing him.

Bai nianxi almost screamed, thinking that there was someone in front of the car, Sheng Sheng held back.

He said in a low voice, "what are you doing, kumobi?"

"I'll help you with it."

In five minutes.

"Does it take so long to wear a dress?" Bai nianxi's low voice was filled with the anger of forbearance.

Kangmobei reluctantly releases Bai nianxi, buttons the last button for her, and turns on the light in the car.

Bai nianxi only wore a white man's shirt, which was very long and just closed her buttocks. Her broad clothes covered her curvy body without any lines.

But still reveals the fatal temptation.

Comber's eyes darkened and his Adam's apple rolled.

He put out his hand and turned off the light in the car.

"What are you doing?"

Kangmo North attached to the body, white read night into his arms, voice hoarse, "I'm afraid I saw you, can't help it."

.....

Bai nianxi feels speechless and doesn't dare to move. Her rich experience tells her that at this time, any resistance is just fanning the flames.

In the dark, a mobile phone rang.

Secretary Xing got on the phone with a dignified voice, "well, OK, I see."

Then he came over from the front of the car, stood behind the curtain and asked, "Mr. Kang."

"What's the matter?"

Secretary Xing was silent for a while. Kang Mobei agreed to let go of Bai nianxi. He pulled a white bath towel from the side and put it on Bai nianxi. Then he turned on the light and let Secretary Xing come in.

After Secretary Xing came in, he went to kangmobei, leaned down and whispered a few words to kangmobei.

Bai nianxi noticed the contraction of the eyes of Kang Mo North in an instant.

After Secretary Xing left, he asked, "what's the matter?"

Kang Mo North shook his head, just said: "the company still has things to deal with, wait for me to send you back first."

Bai nianxi didn't say any more. The RV went to the company of Kangshi group first, and then Kangmo North sent Bai nianxi back to century manor.

Bai nianxi originally wanted to say something more, but he didn't ask any more when he saw Kang Mobei's dignified face.

"Say, what's going on." After getting out of the car, he went straight to the company.

Secretary Xing followed him and said, "I asked you to drive back your car parked in the park. Unexpectedly, the car exploded a few minutes after it was on the road, and the driver I sent died on the spot."

"Dynamite?" The voice of Conmber was cold. "It's a time bomb." Secretary Xing then said: "the people sent to inspect said that the bomb was well made, not made by individuals, and it was most likely imported from abroad."

Conmber nodded, "what about the monitoring of the road section in question?"

"It has been sent to your office."

"Is there any witness to this?" Conmber stopped suddenly.

Secretary Xing shook his head. "Because it's late at night, no one has witnessed the explosion. It's just that there are residential areas around, so it's inevitable that some residents will be woken up..."

"Well." Conmobei nodded and walked into the elevator. "Coordinate with the police station and traffic bureau in the city. Don't spread the news."

If you let people know that Kang Mobei, the president of Kang's group, was attacked last night and almost died, Kang's stock would plummet.

After Bai nianxi came home, he took a bath first, and then came to Luoluo's room. Luoluo's door was unlocked and the light was still on.

Lolo likes to leave a light in her room when she is sleeping.

Bai nianxi went in, and Luo Luo was already asleep. His breath was even, and his body sent out the sweet smell of milk.

Hand unconsciously stroked Lolo's red face, the flesh on Lolo's face was soft and q-bullet, which made people want to take a bite.

Bai nianxi reaches into Luo Luo's hand again. Luo Luo likes to hold her little fist when she sleeps. Her short little fingers are very lovely.

While appreciating Lolo's beauty, Lolo's small fist suddenly loosened and grasped Bai nianxi's fingers.

Red little lips moved, very clear spit out two words, "Mommy."

Hearing Bai nianxi, my heart trembled.

Lolo, is this unconscious or conscious?

But no matter whether he is unconscious or conscious, Bai nianxi feels confused.

He tried to pull his finger out of Lolo's small fist, but Lolo was too tight to let go. Bai nianxi felt helpless and bent down to kiss Lolo on the forehead.

It seems that Luo Luo has been comforted. Then he loosens his fist. Bai nianxi pulls out his finger, tucks in the horn for Luo Luo, and goes out.

Back in the room, Bai nianxi lay down in bed and began to think about what happened tonight.

All of a sudden, the voices in her mind disturbed her mind.

Why on earth, when she saw the quarrel between the two young lovers, would she have such a mood, even shed tears?

Why did those voices reappear in her mind after she fell into the water? Let her immerse in that kind of virtual emotion, difficult to extricate herself, even forget the survival instinct?

What do those voices represent and explain?
