

Billionaire CEO Won't Leave

Chapter 160

Her doubts are more and more, thinking, the brain is also more and more heavy, unconsciously, gradually sleep in the past.

When she woke up the next day, it was Lolo's voice that woke her up.

"Xiaoxi -"

Bai nianxi opens her sleepy eyes, and Lolo is standing at the door barefoot, wearing a white jacket and short sleeves.

Seeing Bai nianxi open his eyes, Luo Luo runs over.

He ran to Bai nianxi's arms and rubbed his head to Bai nianxi's arms. Bai nianxi was tickled and had no sleepiness.

"Lolo baby, what are you doing

Luo Luo is attached to Bai nianxi, "Xiao Xi, I miss you."

Last night, he had a dream about mummy. He had a dream that mummy was leaving.

Mommy told him that if Lolo listened to daddy's words, she would come back soon, so he always listened to daddy's words well, but for many years, Mommy still couldn't come back as promised.

When he woke up in the morning, he saw no mummy around him.

Since his fourth birthday last month, daddy said that he was no longer a three-year-old child, but a man. A man should have the sense of independence and can no longer sleep with his mother.

But when he woke up, he really wanted to see if Mommy had left. So he didn't even care to put on his shoes, and went directly to Bai nianxi's room.

Hoo, it's OK. Mommy's still here.

Luo Luo raised his face from Bai nianxi's words. His two little hands touched Bai nianxi's face, and his fleshy hand held Bai nianxi's face in his hand.

A very cherished and cautious look, "Xiaoxi, you promise me not to leave me, OK?"

Looking at Luo Luo's frightened little eyes, Bai nianxi felt a pain in his heart and nodded.

"It's said that lying to a child will bring retribution."

I don't know when, conmobei appeared in front of the door, with a look of fatigue on his face. He should have stayed up all night and was busy dealing with things.

Bai nianxi had heard all the words he had just said. Then he got the sentence "I heard that there is retribution for lying to children."

I don't know what it means.

Luo Luo's eyes are a little confused. After being confused, he even tightens Bai nianxi's neck. "Xiao Xi won't lie to Luo Luo. Luo Luo loves Xiao Xi the most, and Xiao Xi also loves Luo Luo the most."

Bai nianxi is stunned, "if you really lie, what will be the retribution?"

Split up? be struck by lightning and split into two halves? How can I die?

A touch of emotion flashed from the eyes of conmobei. He seemed to be stunned, and then a smile came up from the corner of his mouth, "he will become a fat man of 200 Jin."

Bai nianxi breathes out a breath. The punishment is too weightless for her.

Luo Luo hugs Bai nianxi's neck again, buries his head in Bai nianxi's neck, and his voice is stuffy. "Even if Xiao Xi becomes a 100 million jin fat man, I still love Xiao Xi."

Bai nianxi burst out laughing, amused not only for Lolo's innocence, but also for Lolo's warmth.

Conmbe said nothing more, turned and went out.

He has dealt with the matter of last night. Since he fell into the lake yesterday, until now, he hasn't even had time to take a bath.

I went back to my room and took a bath. Lolo had class this morning. After taking a bath, conmobei changed his clothes and got into Lolo's car.

Bai nianxi and Luo Luo are a little surprised. In the past, Secretary Xing or other reliable people around Kang Mobei were sent to pick up Luo Luo. How can Kang Mobei drive himself today?

After Kang Mobei sat in, Secretary Xing knocked on the window and said, "Mr. Kang, I've checked, there's no problem."

"Well." Conmber nodded.

They didn't speak very loud. Bai nianxi, who was standing outside the car, couldn't hear clearly. He just put his schoolbag into the car and picked Lolo up again.

Bai nianxi was about to wave goodbye to Luo Luo when he heard Kang Mobei in the front seat say, "get in the car."

Bai nianxi was stunned.

"Let's go to the company together," he explained

Bai nianxi doesn't understand. After he's busy, he doesn't rest in the office. Instead, he goes home. Does he come to pick her up and Lolo?

After sending Lolo to the teacher, conmobei turned the direction of the car and drove directly to the company.

"Did you find out about yesterday?" After Luo Luo left, Bai nianxi asked.

"Well." Conmber gave a deep answer.

Now that we've found out, I think it's no big deal.

Bai nianxi can also think clearly about the attack on kangmobei. After all, it's a big powerful man in a city. The general top class can't have the treatment that ordinary people can't enjoy such as being assassinated.

Bai nianxi comforted himself, and heard from Kangmo North: "during this period, you should be more careful when you travel." Heart began to drum, not to say nothing?

Just after being comforted by herself, she raised her heart again. She was worried about conmobei and Lolo.

Probably seeing Bai nianxi's worry, Kang Mobei said, "I just want you to be careful. Yesterday happened. I'm worried about you."

Bai nianxi didn't say anything. Since kangmobei didn't want to worry her, she was relieved.

Kangmobei is cautious. Bai nianxi and Luo Luo are only allowed to go out in his special car every day. Before driving every time, someone checks the car inside and outside, and they are protected by special personnel. For several days, nothing happens again.

The day after tomorrow is the wedding of Jiang zhiang and Gu xuanlin.

Tonight, a bachelor party will be held in the castle hotel of a city. All the people present are friends of Jiang zhiang and Gu xuanlin.

Bai nianxi thinks that it's not appropriate to go to Jiang zhiang's wedding. If Yao Mei sees her, she doesn't know how angry she is.

In the end, she just wanted to express her mind. It's better to go there at the single party tonight. Maybe we can get along more freely.

Bai nianxi put on the clothes and shoes she had prepared before. Her make-up was her own. Her light make-up was just a little pink and black, and she was still elegant.

But when Kang Mobei knew that she was going to a single party, or Jiang zhiang, her face turned black immediately.

"You're not single. Why go to a bachelor party?"

Bai nianxi said, "if I don't go to the bachelor party, I'll have to attend Jiang zhiang's wedding."

"Do you want me to go to a party or a wedding?"

"Can't we not choose?"

Bai nianxi shook his head. "I'm just going to give a gift. I'll come back after it. You know my relationship with Jiang zhiang. He once helped me."

Her relationship with Jiang zhiang?

Kang Mobei's eyebrows are even tighter. He only knows that Bai nianxi and Jiang zhiang were once lovers. Jiang zhiang almost became Bai nianxi's husband.

"You know, you're at a bachelor party." Conmber stressed again.

What does a bachelor party mean? He doesn't want his woman to go there and get hooked up.

"But I didn't go there to party, I went there to give presents."

"You can send someone to deliver the gift."

.....

"That would be insincere."

Bai nianxi and Kang Mo stare at each other.

No way, Bai nianxi can only compromise: "if you don't worry, send someone to supervise me."
