

Billionaire CEO Won't Leave

Chapter 168

Wu Ling doesn't know Mu Sili. He just looks like he is a powerful man. Maybe he can compete with Kang Mobei.

So he followed Mousse out.

Moussili takes Wu Ling out of the hotel. A black Bentley is parked at the door.

"Take it away."

With a wave of his hand, some big men in black surrounded him and dragged Wu Ling into the car in spite of Wu Ling's resistance.

After putting Bai nianxi in the car, Kang Mobei orders Secretary Xing to drive directly back to Century Manor.

"Don't you go to the hospital first?" Bai nianxi's voice was weak.

Kangmobei looked at Bai nianxi, "go home first." He said, "take a bath and have a rest."

Bai nianxi is silent, "but Gu xuanlin is still in the hospital, the child in her stomach..."

"I've already sent someone to keep an eye on it. I'll let us know what's going on in the hospital as soon as possible." When he said this, his face was a little cold. "There's nothing you can do there."

Seeing that Bai nianxi didn't speak, Kang Mobei said, "it's not your fault."

After thinking about it, he said, "don't blame yourself."

White read Xi Leng Leng, Kang Mo north this is in, comfort her?

Nodded, "well, I'm just worried about Gu xuanlin. I hope there's nothing wrong with her baby."

It's also Jiang zhiang's child. She doesn't want to owe him anything.

After returning home, kangmobei puts water on bainianxi and asks bainianxi to take a bath. Bainianxi walks into the bathroom, turns around and closes the door. Kangmobei grabs it.

Bai nianxi is puzzled.

"Let me see."

.....

"There's nothing good about my bath." Bai nianxi insists on closing the door.

Kang Mo north still does not let go of the door, and step forward, a strong pick off white Nian Xi's clothes, face instantly gloomy down.

There are several bruises on Bai nianxi's legs and body. They are all about to be slapped. Bai nianxi should have been smashed when he was blocking Gu xuanlin's body.

Because Gu xuanlin just fell by the door, when Bai nianxi went to pick her up, she not only had to bear the weight of Gu xuanlin's fall, but also Bai nianxi's body fell on the wall and the ground. The hard edges and corners made her bruise.

Kangmobei looks at Bai nianxi's injury, and his eyes are cold and black.

Bai nianxi, holding her body in her arms, stood naked in front of kangmobei. She only felt shy.

"Fall?"

Bai nianxi's face turned red. "It's just a little bruise. You go out first. I'll take a bath."

"Out?" Conmber frowned and closed the door behind him. "I'll wash it for you."

What???

Without waiting for Bai nianxi to say anything, kangmobei's hand has reached out and the water in the bathtub has been put. Kangmobei holds Bai nianxi in his arms and puts him into the bathtub.

A warm feeling all over the body, white night bubble in the water, feel a lot more

comfortable, the body injury seems not so painful.

Conmber's hand reached out.

"What are you doing?" Bai nianxi is on guard.

"I'll rub it for you." The voice is very low.

Kangmobei put his hand on the bruised place on Bai nianxi's body and rubbed it gently. Soak in hot water, massage with your hands, blood stasis should fade faster.

Knowing the character of Kang Mobei, Bai nianxi didn't dare to resist, so he could only let his hands rub on his body.

"Well..." Bai nianxi's mouth made a sound of exhortation.

Kangmo North dark eyes cast over, white read Xi frown, face some pain, gently out of voice: "pain."

His movements were a little lighter, but Bai nianxi still couldn't help whining. A small voice escaped from Bai nianxi's throat and spread to Kang Mobei's ears.

"Ah..." White read night and timely call.

"Why?" Conmber's voice is low.

Bai nianxi's eyebrows tightened more tightly, and his eyes darkened, and his strength was a little less.

But it's really painful. Previously, I was in a trance, but I didn't feel it. Now I'm in the water and relax a little, and the pain is getting worse.

Bai nianxi couldn't help groaning. His voice was very small and he had a different temptation.

Conmobei's expression seems to be more painful than Bai nianxi's.

Originally, he looked at the wound on Bai nianxi's body, but he felt extremely distressed. When he helped her to knead it, he had no distractions in his heart, but this woman had been tempting him!

Somewhere under the body has been high, faintly swollen.

"Well..." Bai nianxi called again.

"Don't shout!" I can't help it any more, said conmoibeir, his voice is dull and depressing.

"But I hurt." Bai nianxi feels aggrieved. He doesn't allow people to cry because of the pain. Kangmobei has no humanity. Kang Mo north takes away the hand on Bai Nian Xi's body, a finger picks up Bai Nian Xi's chin, "if you can bear now, just tempt me, eh?"

Bai nianxi didn't understand what Kang Mobei said at the beginning. When he reacted, his face turned red.

Kangmobei didn't speak any more. With dark eyes, he took Bai nianxi out of the bathtub, wrapped her in a bathrobe and carried her to the bed.

"Clean up," he ordered

Then he turned and walked out of the room.

He can't help looking at it any more.

Bai nianxi dried his body, and when he came out of the room, he had already changed his clothes.

When he opened the door, he was startled by the figure standing straight at the door. "What are you doing here?"

"Waiting for you." Conmobei just turned around, his face had returned to the old indifference, and he had changed into a new suit.

Bai nianxi nodded and said, "let's go to the hospital. I can't wait here."

Kang Mo North's eyes flashed, eh, looking at Bai Nian Xi's back in front of him, he still said: "the news just came from the hospital."

"How's it going?" Bai nianxi turned around and looked nervous immediately.

"Gu xuanlin, miscarriage."

Bai nianxi's face turned white with a roar in his mind.

A life is gone like this. Gu xuanlin's child is gone. Jiang zhiang's child is gone.

When he arrived at the hospital, Gu xuanlin was still in a coma. Before Bai nianxi entered the ward, he heard the cry coming from the ward. It was Yao Mei crying.

Bai nianxi's steps are very heavy. He pushes open the door of the ward and goes in.

Yao Mei's face was full of tears. He looked back and saw that it was Bai nianxi.

"You're a bitch! I'll fight with you! " Yao Mei scolds, has already jumped to Bai nianxi's front, the hand has not scratched Bai nianxi's face, has been stopped by the people in black around kangmobei.

Yao Mei's face relaxed when he saw kangmobei. After all, he didn't dare to offend kangmobei too much, and he restrained his momentum.

He still scolded: "I didn't expect you to be so vicious, even zhiang's child! That's my grandson. It's a life! "

"You say, you say! Why do you push xuanlin! Why hurt my grandson

"I didn't push her."

"Not yet!" Yao Mei pointed to Bai nianxi with a fierce expression, "others have seen it! It was just the two of you! You pushed xuanlin when she came in! "

"Who saw it?"

"Who else! It's - "
