

《Billionaire CEO Won't Leave》

Chapter 203

Jiang zhiang said, Bai nianxi suddenly raised his head, what is he going to do?!

The shock and consternation in Bai nianxi's eyes arouse Jiang zhiang's possessiveness more and more. He reaches out his hand and hugs Bai nianxi's waist, forcing her to press against him. Bai nianxi can't get rid of it.

"You let go!"

"No Jiang zhiang leaned down and bit Bai nianxi's clavicle, but because it was very inconvenient to cross the clothes, he went to open the button of Bai nianxi's shirt with his tongue.

The warm touch on her chest made Bai nianxi's scalp feel numb even though she was wearing clothes. It was different from the feeling given to her by Kang Mobei. At this moment, she just wanted to break free.

"Jiang zhiang, you are crazy!"

Jiang zhiang put the disgust on Bai nianxi's face into his eyes, and the crazy obsession in his heart became more and more arrogant.

"Crazy? Bai nianxi, I tell you that today, whether you are willing or not, I want you. This is what you owe me in the past four years! "

With that, Jiang zhiang's action became more and more rampant.

On the one hand, Bai nianxi's fierce resistance, on the other hand, Jiang zhiang's death suppression.

Jiang zhiang has become disheveled. He reaches down to his body and unzips his trousers. The fear on Bai nianxi's face gives him a little pleasure.

"You call, call everybody else and see us doing this here."

At this moment, Bai nianxi had never been in a panic.

All of a sudden, there was a sound of talking outside, followed by a rush of footsteps, which came closer and closer.

"Mr. mu, why are you here?"

"I've lost something. Come and look for it."

The manager of the shopping mall behind him was puzzled. This is the women's clothing counter. What can moussili throw here?

He saw that Musi Li was walking towards the fitting room and quickly stopped: "Mr. mu, this is the fitting room for girls. There are still people trying on clothes. You can't..."

Musi left did not speak, followed by zhixia has come forward to stop the store manager.

Musi went straight into the dressing room where Bai nianxi was and said, "open the door."

Jiang zhiang stops when he hears the sound of Musi Li. He reaches out his hand to cover Bai nianxi's mouth and doesn't let her make any sound.

I heard moussili's low voice again, with some danger, "I'll count three."

"One."

"Two."

Two words fall, the door of the fitting room is opened, and Musi Li sees Bai nianxi, who is in a hurry to tidy up his clothes.

"Mr. mu, have you found what you lost?" Outside came the voice of the store manager.

Musi Li looked at Bai nianxi and said, "I found it."

Then he reached out and pulled Bai nianxi out of the fitting room. At the moment when Musi leaned out, he saw Jiang zhiang hiding behind the door, his untied shirt and baggy trousers.

Jiang zhiang also clearly felt the chill and warning in Musi Li's eyes. Without speaking,

Ren Musi Li pulled Bai nianxi out.

After seeing moussili pull Bai nianxi out, everyone's face is a little surprised at first, and then a piece of understanding, only think that the rich people's life interest is really unique.

After Bai nianxi was taken out by Musi, his mood gradually eased down.

"Mr. mu, why are you here?"

Musi left looking at Bai nianxi, the chill in his eyes has not yet subsided.

Today, I happened to have a summer vacation. I came to the shopping mall and saw everything that happened here on Bai nianxi.

When Bai nianxi came into the fitting room, she seemed to see a man's shadow. At first, she thought that she was wrong and couldn't put her heart down. Then she went to the next fitting room. After listening for a while, she found that there was a man's voice. After thinking about it, she called Musi away.

"How are you?" Musili's voice is a little low.

"Nothing." Bai nianxi shakes her head. Because of her fierce resistance, most of Jiang zhiang's efforts are spent on suppressing her. He can't do too many actions. At the last critical moment, musili arrives in time. Jiang zhiang hasn't come yet to do anything to her.

"That's good." Mousse turned away, opened the car door and got on, "get on, I'll take you back."

When Bai nianxi and Mu Sili returned to the hotel, it was too late.

Mousse is not at ease, and has been sending Bai nianxi back to the hotel room.

Secretary Xing looked at the back of Mu Sili and Bai nianxi walking into the hotel room together, and meticulously reported: "after Miss Bai came out of the mall, she has now returned to the hotel room, and Mr. Mu went in with her..."

"He's in?" Kangmobei is sitting in his president's office, listening to Secretary Xing's report on the other end of the phone. When he hears Secretary Xing's saying that Musi left Bai nianxi's room, his brows obviously wrinkled.

"Well." Secretary Xing nodded as if he were dead. Now, he has picked up his old business, which he has not done for a long time, and become a private detective in

conmber.

Who was still saying that she ignored Miss Bai a few days ago and let her go? Where did she go has nothing to do with him?

Before the day passed, conmber sent him to "supervise" Bai nianxi's every move.

"Let Lolo out," he said, after pondering heavily for a long time

There was a crack in secretary Xing's face. How could he feel that the president said, "open the door, let the dog go!" What do you mean?

In the luxurious presidential suite of the hotel, Bai nianxi stands in front of the French window and looks at the night view of the city outside.

She felt very sad at the thought of what happened tonight.

How did Jiang zhiang, who was gentle, respected and understood her, become what she is now? Why can he do what he is today?

Since Jiang zhiang took her away from the concert hall last time and threatened to jump off the car, she already felt that he was very strange. This time, she couldn't believe it.

"What do you think?" Musi left and stood beside Bai nianxi and asked.

Bai nianxi looks back at Mu Sili, "Mr. mu, why haven't you left?"

As soon as she said it, she felt that something was wrong, which made her feel like she was chasing people.

"I didn't mean that," he said immediately

Musi Li gave a smile, as if he didn't mind the meaning of Bai nianxi's words. He explained, "I don't think you are in a good condition, so I want to stay with you."

Musili said it naturally, but the gentle feeling in the words was directly linked to Bai nianxi's heart.

"If Miss Bai finds it inconvenient, I'll go now." With that, Musi will turn around and leave.

"No Bai nianxi stops Mu Sili, "I don't feel inconvenient. If Mr. Mu happens to have time, why don't you have a drink with me? "

There is just red wine in the hotel room. She usually doesn't drink. She is in a bad mood and has never indulged herself.

Today, since moussili is also here, why don't we have a drink together. Anyway, he saved her just now. No matter what, I want to express her gratitude.

"Want to drink?" Mu Sili glanced at Bai nianxi curiously, "there are only two of us here. Miss Bai is not afraid that I am drunk. What can I do to you at this opportunity?"

Bai nianxi shook his head. "Mr. Mu is the most gentlemanly man I have ever seen."
