

# 《Billionaire CEO Won't Leave》

## Chapter 212

Musi turned around, the cold in his eyes dispersed, a deep, "you are still small, you don't understand."

He likes a woman, but he doesn't want to do anything to get her.

It's good to see her happy, isn't it?

As for whether she knew what he meant, Musi Li thought of Bai nianxi's smiling face.

It doesn't seem that important whether she knows or not.

Kangmobei already knows what happened at the general meeting of shareholders of Mu's group. When Mu Liancheng said that, he realized that it was not good.

But unexpectedly, Musi Li actually stood up and denied Mu Liancheng's words.

Mu Liancheng's mind to Bai nianxi is clearer than Bai nianxi's, but he can't understand Mu Sili's doing so.

Looking at the calendar on the desk, there is less than half a month left.

In the previous time, he didn't make any action against mu Rushuang's engagement. At first, he wanted to cool the heat of the news and people's attention. Later, because he had a quarrel with Bai nianxi, he was not in the mood to deal with all this.

His wife, from beginning to end, was Bai nianxi alone.

After the meeting, Bai nianxi felt exhausted. Then he was sent back to the president's office by his assistant Xiao Xiao.

There is a TV in the office. She has seen everything that happened at the shareholders' meeting of the Mu group.

When Mu Liancheng said that Mu Sili had an engagement, for some reason, she suddenly had a bad feeling. She didn't let go until Mu Sili denied it again.

You can see the expression and tone of Musi Li's speech, and a strange feeling in her heart.

Then I think of what moussili said to her in the hotel room that night. She is also a woman. How can she be so insensitive and imperceptible?

However, she would rather not think so much. After all, in her opinion, musili has no reason to like her.

But she forgot that she didn't need any reason to like it.

Bai nianxi is thinking, a young woman in a professional suit pushes open the door of the office and comes in. Her figure is outlined in a suit and skirt.

Bai nianxi thought that if she were a man, she would have no resistance to such a figure.

"Mr. Bai." The woman gave a cry to Bai nianxi.

It's a familiar sound. It's the sound that wakes her up in the morning and calls her to come to the meeting.

The woman went to Bai nianxi and introduced herself to him first: "Mr. Bai, I'm your assistant. Just call me Xiao Xiao. This is my phone."

Then he handed out a business card and said, "you can call me if you have anything. I'll be on call."

"Xiao Xiao." Bai nianxi murmured in his mouth.

Xiao Xiao nodded, "yes."

"My assistant?"

"Yes."

Bai nianxi raised his head, sharp eyes shot at Xiao Xiao, "who sent you?"

"The company sent me, of course."

"The company?" Bai nianxi said with a smile, "do you know what I'm talking about?"

"What did you say?"

The smile on Bai nianxi's face gradually cooled down, "I parachuted here for no reason, and sat in the position of president. Do you know what happened?"

Xiao Xiao shakes her head.

"That's good." If you can't get it out here, Bai nianxi changes direction. "Shen Hedan, do you know him?"

Sure enough, when hearing Shen Hedan's name, Xiao Xiao's shoulder trembled slightly.

Sure enough.

"Tell me, what's the origin of Shen He Dun?"

Today, Bai nianxi is wearing a professional dress. Her upper body is a white bottomed shirt, with a silver gray slim suit coat, and her lower body is a little loose trousers. When she came to the company, someone specially handed her this dress.

Bai nianxi's appearance can be soft and sharp, with a face of workplace makeup, at this time appears full of momentum.

Xiao Xiao's assistant's shoulder trembled slightly again. She was not afraid of Bai nianxi, but just now she heard Shen Shao's name in Bai nianxi's mouth.

Since Shen Shao took over the Shen family, no one has dared to call Shen Hedan.

However, Bai nianxi also has this capital.

Although she doesn't know Bai nianxi's real identity, she can see that this woman named Bai nianxi is very important to Shen Shao.

Since the young master values her so much, it should not be a big deal for her to call her name directly?

"Mr. Bai knows Mr. Shen?"

Bai nianxi narrowed his eyes. "Master Shen?"

He added: "you are really his man. Why did he mention me to the position of president of Panasonic for no reason

"I dare not ask about the young master."

Bai nianxi frowned, "then you should know what he sent you to me for, right?" "Of course, the purpose is to be the assistant of general manager Bai."

Bai nianxi looks at Xiao Xiao with a respectful face. She thinks it in her heart. It can be seen that her deference to her is just the obedience to Shen Hedan's order.

I don't know what reassurance Shen Hedan gave his men, so that she couldn't ask for any useful information.

Forget it.

Now the president of Panasonic is her. No matter how this position comes from, how inexplicable it is. Since she is sitting in this position, she has to shoulder a responsibility.

Let's take care of Matsushita first. As for the things behind it, let's make it clear.

When Bai nianxi came back to the hotel, kangmobei had already been waiting in the room.

Seeing her walk into the room, she has a look of exploration on her face. However, after seeing Bai nianxi, a strong woman in the workplace, the meaning in her eyes has changed.

"You look good."

Bai nianxi came over and left his bag on the sofa. "Which one of me is not good-looking?"

Kangmobei's eyes narrowed slightly, sharp as he, of course, recognized the trap in this sentence.

"How does it feel to be president?" he said

Bai nianxi paused and looked at Kang Mobei, "do you know?"

If you think about it, there is nothing in a city that kangmobei doesn't know, not to mention such a big personnel change in Panasonic.

"Do you know who did it?"

Conmber shook his head.

"I thought you would know." When Kang Mobei said this, he had been observing the expression on Bai nianxi's face.

In any case, the most obvious thing in this matter is that the person who kicked Su Yihao out of the position of president and promoted Bai nianxi to be the president of Panasonic undoubtedly came for Bai nianxi.

This cognition makes Kang Mobei feel very uncomfortable, as if his most important baby has been missed, and the person who cares about his baby is still a very powerful person.

Bai nianxi does know who did it, but he doesn't know what his purpose is.

When I first met Shen Hedan, I felt that he was particularly strange. I don't know where to say that he was wrong. Was he the person who had appeared in the past that she had forgotten?

After thinking about it, I decided to explain it to kangmobei.

"Do you know a man named Shen Hedan?"
