

# 《Billionaire CEO Won't Leave》

## Chapter 228

When he woke up, his originally round stomach was empty, and Bai nianxi couldn't see the baby. According to the nurse beside him, he was sent away by kangmobei.

Bai nianxi thinks that kangmobei is really cruel. Let her have a look at the child she gave birth to.

After another day's sleep, Bai nianxi regained some strength. When he woke up, he saw Kang Mobei sitting by the bed with a cold face.

See her wake up, the first sentence is, "how so careless?"

Bai nianxi doesn't know how to feel aggrieved. He didn't come back when she gave birth to her baby. Now he's caring here?

Do you care about her or hold her accountable?

He didn't answer kangmobei's words, but Bai nianxi was silent. Kangmobei looked at Bai nianxi with anger in his eyes, but he couldn't get angry when he looked at Bai nianxi's weak appearance.

He had been on a business trip, suddenly received the news of her premature birth, and hurriedly left the cooperation there and drove back by himself.

I don't know what kind of psychology it is because I care about this child?

In a word, I don't know when kangmobei's concern for Bai nianxi has exceeded a man's normal concern for women. No, for kangmobei, when he cares for a woman, it's already an abnormal thing.

It's just that he didn't realize it.

"And the child?"

"In the hospital."

Bai nianxi bit his lips. Well, why should he go to the hospital? Doesn't he have everything here? Even if she gave birth here, why send the child to the hospital?

It must have been sent for paternity testing.

Subconsciously think of the man who took her blood, should be sent to do paternity test.

At that time, Bai nianxi didn't realize that something was wrong.

For example, if it's a paternity test, it shouldn't be taking her blood.

For another example, children born prematurely need special examination and care. Before komobi, he didn't prepare for Bai nianxi's premature birth. Of course, the family can't take care of the children.

Somehow, Bai nianxi felt very angry and didn't know what he was angry about.

After the child was sent away, Bai nianxi didn't speak to Kang Mobei for three days. She only made a request at the end that she should also be transferred to the hospital.

Conmbe agreed.

After Bai nianxi went to the hospital, he met the man who had come into the room to draw her blood.

The man was still wearing a white coat and looked like a doctor. There was no one in the ward except Bai nianxi. After the man came in, he closed the door and took off the mask on his face.

"Who are you?"

The man looked gentle and polite, "my name is Jiang, Miss Bai just call me doctor Jiang."

"Dr. Jiang?"

Jiang zhiang gives people a totally different feeling. When he talks, he is as warm as jade. When he laughs, he makes people feel like spring breeze. He is not like the coldness and indifference of kangmobei.

But with this, let Bai nianxi unconsciously close a lot.

Jiang zhiang says that he is a doctor, and Bai nianxi has no doubt. Jiang zhiang often

comes to Bai nianxi's ward to chat with her.

Because Kang Mo's visit time is fixed after 7 p.m., Jiang zhiang's visit time is between 3 p.m. and 5 p.m.

Because he was wearing a white coat, no one doubted him.

When people are weak, it's easy to be taken advantage of. Although kangmobei comes here every day, they sit quietly with a indifferent face, and they don't have any communication.

Because of the children's affairs, Bai nianxi eventually complained to kangmobei in his heart. Gradually, Bai nianxi had dependence and trust on Jiang zhiang.

She began to believe what he said.

Bai nianxi once asked Jiang zhiang what the tube of blood was used for. Jiang zhiang just laughed and said, "do identification."

"Paternity testing?"

Jiang zhiang is noncommittal.

Even though it's right to understand the family background of kangmobei and be so cautious in the treatment of children, Bai nianxi still feels that she should be cautious.

Bai nianxi also heard a lot from Jiang zhiang.

For example, he said that conmbbe had a fiancée.

Although he had never heard of it before, Bai nianxi didn't find it strange. After all, it's common for such a rich family as Kang family to marry other rich families early.

Just for the first time, Bai nianxi had the idea of running away with her child.

Because when you think about it, if her children stay at Kang's, they may not be very popular with their stepmother.

Bai nianxi has a deep understanding of this. For so many years, she knows exactly what ye Chunmei has done to her. No matter how rich the Kang family is, she doesn't want her children to be wronged.

If a child stays in Kang's family, he is an illegitimate child. Jiang zhiang also said that he asked Bai nianxi to be careful and take good care of himself recently. Bai nianxi

asked why. Jiang zhiang just gave an enigmatic smile and didn't speak.

He just told Bai nianxi that if Kang Mobei offered to give her a sum of money and let her leave, she would leave this land of right and wrong as soon as possible.

Looking at Bai nianxi's puzzled expression, Jiang zhiang smiles again, "I just hope I think too much, I just want you to be safe."

Jiang zhiang didn't say it very clearly, but the meaning was a little obvious. Bai nianxi also gave full play to his imagination.

Is he afraid that she will be killed by conmobei?

It seems that it's not impossible to think of the cold face of conmbere.

Su Yian's project was signed. The day after he offered Bai nianxi to the old man's bed, he sent the contract over there. He seemed particularly satisfied with that night.

It was only months later that the old man seemed to realize that something was wrong.

He seems to have AIDS.

Check out, has been infected for three months, the old man according to the time calculation, suspected and Sue Yian Xian bed woman.

Angry people find Su Yi'an and beat him up. The project has been signed. If it's not easy to go back on its promise, they keep making mistakes in the ongoing project.

Since it's a rotten life, the old man doesn't mind doing more bad things before he dies.

Su Yi'an once sent people to inquire about the news, trying to find out what was going on, but after being beaten violently, he was thrown out again.

The old man's people just left a word and asked sue to think about what he had done three months ago. He asked him what he wanted to send that woman to bed.

Only then did Su Yi'an realize that Bai nianxi had something to do with his recent tragedy.

He had been looking for Bai nianxi for several months, but Bai nianxi had been locked up by kangmobei because he was pregnant and was ready to have a baby.

The sudden disappearance of Bai nianxi confirms Su Yian's idea. It must be Bai nianxi's ghost.

In recent months, Su Yi'an has not found Bai nianxi until Bai nianxi is transferred from another hospital to the hospital by kangmobei. Su Yi'an finally has the news of Bai nianxi.

Bai nianxi can gradually get out of bed and walk around. From time to time, she will go downstairs and walk around the hospital. She won't let the people in komobi follow her. She says that's the same as surveillance.

One day, Sue Yian came to the door.
