

Billionaire CEO Won't Leave

Chapter 243

Bai nianxi shakes her head. How dare she feel ashamed? She is just at a loss!

She's not prepared at all!

"Didn't you ever want to be seen more? Why do I have to be exposed to you today? "

Kangmobei took a look at Bai nianxi, "because I want everyone to see clearly what my wife looks like."

Of course, he deliberately handled it in a high profile. The more people there are in the Civil Affairs Bureau, the better. It's better for everyone to see clearly that the woman around him is Bai nianxi. In the future, we should never associate him with other women every once in a while.

Bai nianxi's head didn't go down any more, but his palms were sweating.

This feeling, happiness is so unreal.

It also made her feel insecure.

Up to now, she still remembers what Qi Zhiwei had said to her when he found her before going abroad.

"Some people are doomed to be unable to get together. There may be love between you, but love is not equal to fate. Mo Bei's destiny is to find a girl who is equal to him and hold hands with him. After his life of grace and wealth, you ask yourself, "are you qualified to stand beside him?"

"Why don't you think, since you've been around him, have you brought him more trouble or more luck?"

"Mo Bei is still young, you may be able to stay with him now with his sincerity, but

ten years, twenty years, thirty years, when you are old and your feelings are worn thin by the daily life, why do you keep him?"

"You have to know that women who can marry into the Kang family really rely on their strong original family background. But what about you?"

"Do you really want to wait until that day, when your self-esteem is trampled to pieces, before you are willing to let go?"

Qi Zhiwei's words are cruel and realistic. They linger in Bai nianxi's mind for a long time and never go away.

Family background is an insurmountable gap between them.

Bai nianxi thinks that she is not a person without self-confidence. On the contrary, for so many years, in Bai's family, there are countless sufferings behind her. It is her strong heart that supports her.

But no matter how strong the heart, in front of the north, also become timid.

Love, is no reason to let people become strong, no reason to let people become humble.

Why, after all, should she stay with commobei?

With the sincerity of conmbere?

But after su Yihao and Jiang zhiang, she seems to have no confidence in love.

"What do you think?"

Is out of God, next to that elegant and indifferent voice, that voice, only in the face of her become different.

Not so indifferent, a little more warmth.

Voice with a touch of displeasure.

Kang Mo North slightly wrung eyebrow, white read Xi this appearance of trance, make him see flustered, really afraid she don't know when to leave him again.

"Leave my mind, you'd better never have it again." Conmobei said, it seems that the words also brought a bit of threat.

Bai nianxi raised his head, looked into the eyes of Kang Mobei, saw his indifference,

and saw through the tension hidden under his indifference.

He knows what she's thinking?

"Of course I know." He said to himself.

Maybe she never found that when she was planning to leave him, the expression on her face could be seen at a glance.

All right.

It was not the first time that he had seen through her mind.

Kang Mobei reaches out his hand and presses it on Bai nianxi's knee. He saves it in the palm of his hand and holds it tightly.

Bai nianxi smiles.

But I love you all.

You can't refuse all starts just because you're afraid of the end.

If one day kangmobei no longer love her, no longer need her, her self-esteem, will not be crushed by the fragmented trample, she will still leave arrogantly, never look back.

But now, she doesn't want to run away. Life is too short, love as long as you can.

"You know what I'm thinking?" White read Xi pick eyebrows.

"Well?" Kangmo returned to the north to pick his eyebrows. Bai nianxi's expression let loose the tension in his heart. The tension dissipated, and his mood improved. Only at the next moment, a few cracks appeared on his indifferent face.

"I wonder if it's better to set up some family rules before I get the license. For example, when you make a mistake, it's better to kneel down on durian or remote control. Ai -
"speaking of this, Bai nianxi poked kangmobei's hand with her elbow.

"We are a democratic and loving family, durian and remote control, you choose one."

.....

Bai nianxi looked at Kang Mobei's silence and said, "keyboard is OK."

Kangmobei seemed to meditate for a long time. After a long time, he lifted his eyelids

lazily, turned his head, and fell in Bai nianxi's ear, "how long do you want to kneel?" The voice of sexy low evil spirit stabs of white Nian Xi half body all numb, the man of Kang Mo north, is really evil.

He could not help feeling soft, so he relaxed the amnesty, "one night, no, a few Two hours... "

Conmobei's lips were hooked. He seemed to shake his head dissatisfied and said in a low voice, "two hours is not enough."

White read Xi wring eyebrows. What's wrong with this man? Is he addicted to kneeling? Is there any tendency to be abused?

Then, there was a voice from conmber, "why don't you let me kneel on you, so that I won't be tired all night."

.....

Bai nianxi's face, Shua on the red, can be called blood red.

People on one side had already whispered.

"..... They look like they are in love. "

"That's right. Mr. Kang has to get a certificate from her. Is there any doubt about the feelings between them?"

"Didn't you say you had an engagement with Miss Mu before?"

"It has been clarified. A few days ago, the public relations department of Kang group issued a notice saying that Mr. Kang will get married in a week, and the bride is the biological mother of the young master of Kang family..." At this point, the speaker was suddenly surprised by himself, "so Miss Bai is the mother of the young master of the Kang family?"

At the thought of this layer, the faces of the crowd changed.

This discovery is simply, startling

But soon, the discussion was deflected.

"But I think they are really good match! Men are handsome and women are beautiful. Standing together, they are a pair of people who can't move their eyes! "

"That's right. I've wanted to say that for a long time. Before, Miss Bai's wind rating was always bad. I didn't dare to say that. In fact, she's really beautiful. She's the one I like!"

"Looking at Mr. Kang's eyes, it's obvious that it's also the one he likes." The voice was full of envy.

"Two people should be very happy I've met the young master of Kang family before. His appearance combines the advantages of Young Master Kang and Miss Bai. He's really cute and cute. He also has a cool feeling! "

Suddenly, a voice of admiration swept the Civil Affairs Bureau building.
