

《Billionaire CEO Won't Leave》

Chapter 28

Bai nianxi has a splitting headache. She has been at home for more than a week! If she doesn't go out again, she will be mentally ill!

"Why don't you just let me go out for a while and get some air?"

Bai nianxi's voice is helpless and painful, which makes people mistakenly think it is tender.

Conmberg moved his throat. "But it's dangerous for you to go out."

His eyelids slightly pick, seems to reveal the real concern, see the white Nian Xi heart inexplicably a soft, choked for a while, said: "otherwise, you send me a bodyguard?"

Kangmobei seems to feel very good, full promise down, the next day also obediently went to work.

When she came to buy tomatoes in front of the tomato seller in the vegetable market with 12 strong and powerful black bodyguards behind her, Bai nianxi knew how unreliable the advice she gave to Kang Mobei was, which could be regarded as a model of lifting a stone to hit her own feet.

No one dares to sell her things, even if they can't give them to her directly. She's not going to buy things. She's going to collect protection fees. OK!

Kangmobei finally put down his heart and didn't worry about Bai nianxi's running out every day. But Bai nianxi refused to go out again. It was a rickety motorcade, the leader of the underworld, which was just this kind of momentum.

No, no, I still have to talk to conmobei.

"You asked me to provide bodyguards." Kangmobei haughty face, did not realize his mistake.

"I mean bodyguards! Just give me one, two, twelve. Don't you think that's too much? "

"I don't think so." Commo north of the expressionless shook his head, in case of a two

hit?

Bai nianxi gritted his teeth, "then you take all your bodyguards back to me! I don't need it. "

Conmobei's eyes suddenly chilly down, "unless you don't leave the Kang family half step, otherwise, I won't withdraw anyone."

Bai nianxi was so angry that he rushed to the study upstairs and locked himself up.

Looking at Bai nianxi's back, a touch of unspeakable emotion flows through Kang Mobei's eyes. Does this woman know how terrible things were for him that day. He absolutely, absolutely can't tolerate such a thing happening again.

Kangmobei's study is full of books. At ordinary times, kangmobei does not allow anyone to enter his study. Except Lolo occasionally sneaks in, no one has ever come here again.

After Bai nianxi came, in order not to make Bai nianxi too boring, kangmobei's study has no restrictions on Bai nianxi. Bai nianxi can go in and out freely and read the books.

Now Bai nianxi locked himself in his study and sat down for a while. Bored, he began to look at the books on the shelf. He accidentally knocked down a book and it fell off the shelf.

Bai nianxi stoops to pick it up, and a bookmark falls to the ground from the book.

Picked up, is a paper bookmark, probably because of the age of some yellow, bookmark is a handwritten words: Spring ten miles less than you.

The handwriting is beautiful and neat. It can be seen that it was written by a girl with only one sign: for example.

Looking at the words on the bookmark, Bai nianxi fell into meditation.

I thought that although kangmobei was popular with girls, he had a strong and domineering personality. I'm afraid it's hard for him to fall in love seriously. But when I saw this bookmark just now, it seems that when he was young, there was a girl who fell in love with him when he was young.

Girls like kangmobei, and kangmobei can treasure the girl's bookmarks for such a long time. Naturally, her heart is no more than saying, but why didn't they get together later?

The sound of unlocking came from the door. Bai nianxi reacted and quickly put the bookmark in the book, then put the book back to its original position.

When Kangmo North opened the door, he happened to see Bai nianxi running up on tiptoe, as if to take something on the bookshelf.

"What do you want?" Commo North closed the door and approached.

White read Xi Leng for a while, then pick out a book at will from the side, took out.

Seeing the book in Bai nianxi's hand, Kang Mobei turns his eyes and looks at the bookshelf. His mood is not clear.

"What are you doing here?"

"This is my study. I can't come?" Conmobei's voice was a little indifferent. He went to his desk and sat down. After thinking about it, he said, "I promise you to withdraw those bodyguards."

"Really?" Bai nianxi was overjoyed.

This woman, happy? Conmo North eyebrow picked to pick, slowly open mouth said: "however, there is a condition."

"What conditions?" Bai nianxi was puzzled at first, and then she read out a few evil interests in the deep eyes of kangmobei.

Kang Mo fiercely stood up, put Bai nianxi on the desk, gently raised one of Bai nianxi's legs and put it on his waist. His nose was hot and his voice was low and charming. "What do you say?"

Bai nianxi only thinks that this man is a reincarnation of Teddy?!However, at last, she can go out to buy vegetables, like a normal person!

Because he promised to cook hot pot for Lolo today. In the afternoon, he came to the vegetable market as usual. At this moment, Bai nianxi felt that the muddy air in the vegetable market had become so fresh

After choosing a lot of dishes, Bai nianxi finally decides to buy some seafood. Carrying two bags of fresh food, he comes to the seafood stall. Bai nianxi suddenly feels a dark shadow behind him!

Looking back, I didn't find anyone.

After what happened last time, Bai nianxi became much more alert. At the moment, her intuition told her that someone was following her!

Sure enough, Bai nianxi went around several times and ran to other stalls. The dark shadow behind her always followed her. When she turned around, she would disappear suddenly.

Is it someone from the last time? Do you have to buy her life?

I feel bad in my heart. I'm ready to take out the phone and call kangmobei. I touch my pocket, but I find that the phone has been left in the car. Bai nianxi is in a hurry. Suddenly, he notices the frozen hairtail in the stand beside him, and his plan rushes to his heart.

He picked the biggest and hardest frozen hairtail and paid for it. Bai nianxi went to a slightly remote corner and waited there. Sure enough, the shadow behind him followed him.

Holding the frozen hairtail in his hand, Bai nianxi listens to the footsteps of the comer. After judging the distance, when the person passes by, he smashes it down fiercely. The person is quick to react and hides, but he doesn't expect that Bai nianxi is crazy and smashes it hard one after another.

There is a kind of momentum that we don't give up until we die.

The frozen hairtail is very hard, but the man is still in a hurry. Bai nianxi takes out a Chinese cabbage and smashes it in the man's face. "Tell you to follow me! I want you to kidnap me! I call you... "

"White night!"

It's the unbearable voice of conumber.

Bai nianxi's hand pounded the cabbage, and his mouth spat out the words he hadn't had time to finish Bully me... "

There is a fresh rotten vegetable leaf hanging in the north of Kangmo, and the ice crumbs on the hairtail, emitting a faint fishy smell.

Bai nianxi was stunned.

There was warm liquid on his forehead. Conumber twisted his brow and reached out to touch it. His fingertips were covered with blood. He almost gnashed his teeth and said, "who bullied whom?"
