

# Billionaire CEO Won't Leave

## Chapter 305

"However, as a project director, you can't tell the difference between the academic forecast and the actual data, and you don't know how to adjust measures to local conditions, which makes me really doubt whether you have the ability to take the post of project director."

"What does Mr. Bai mean?" Yu Feixue asked, frowning.

"It's better." Bai nianxi sat upright and said to the people in the meeting room, "since you have made a mistake in this project, Xiang Ran has helped you correct it. It's better for you to be deputy director and Xiang ran to be director from today on."

This remark surprised everyone.

No one expected that Bai nianxi would make such a personnel transfer directly in the meeting. Even if Yu Feixue made such a mistake, it should not embarrass her in public, right?

What's more, the people behind Yu Feixue are said to have great influence.

"Why, do you have any opinions?" Bai nianxi noticed people's faces, found something wrong, also guessed a little, deliberately asked.

No one spoke.

Bai nianxi pointed out: "in my case, it's not important to be a relative. As long as you have enough talent, I can give you enough development space. Of course, if your ability doesn't match your position, I can pull you down mercilessly."

Glancing at the crowd, "do you understand?"

The crowd nodded.

After the meeting, all the people in the meeting room dispersed one after another. Only Yu Feixue and Bai nianxi remained in the meeting room.

"Why, deputy director Yu is not leaving yet?" Bai nianxi glares at Yu Feixue. His eyes

seem to see through everything.

"What does Mr. Bai mean by what he said at the meeting just now?" Yu Feixue stares at Bai nianxi.

"If you have such a poor understanding, I'd really like to think about whether our company can keep you." Bai nianxi said as if nothing had happened.

Yu Feixue clenches her fists tightly. Every word Bai nianxi says is a great ridicule and irony to her!

"Bai is always aiming at me on purpose?"

"Why should I aim at you?"

"Because of me..." Yu Feixue said here, did not go on.

Bai nianxi said with a smile, "you think too much, I don't have that leisure. As for what you said, I'm aiming at you, just because your working ability makes me dissatisfied."

"I don't mind how you get to this position, as long as you have enough talent to match it."

Yu Feixue sneered, "White always go to today's position, is a clear conscience?"

Bai nianxi casts a look at Yu Feixue. The look is sharp at first, and then shows a faint disdain. "It seems that you not only need to exercise your working ability, but also don't understand the basic rules and regulations of the company very well?"

Yu Feixue wanted to say something more, so he heard Bai nianxi say, "OK, go back. Because of the project data prediction error, you can deduct all your performance bonus this month. Is that ok?"

Bai nianxi didn't wait for Yu Feixue to say whether there was a problem, so he went out directly.

After returning to the office, Bai nianxi orders Anqing to take the personnel files of Yu Feixue and Xiang ran.

While handing the transferred files to Bai nianxi, an Qing said: "it's said that Yu Feixue and Xiang ran have always been powerful competitors in the company, and they are also enemies to each other. However, Yu Feixue's backers are bigger than Xiang Ran's, so they basically press against ran everywhere."

Bai nianxi had a rough look at the files and found that both of them had excellent resumes.

"The backer of Yu Feixue?"

Anqing lowered his head, "it is said that it is a major shareholder of Shengshi group."

"What are the major shareholders of Shengshi group doing in Qianqiu?" Bai nianxi frowns discontentedly.

"It was arranged by general manager Xie before. When Qianqiu entered a city, he and Shengshi group were very important partners." Anqing explained.

Bai nianxi nods and asks Anqing to send back their files.

Yu Feixue has always been looked up to by other ordinary colleagues in Qianqiu group because of her excellent resume and strong backing. However, after the confession came, Yu Feixue suddenly changed from director to deputy director.

After less than three days of work, Yu Feixue made another mistake in her work and was criticized by Bai nianxi at the meeting.

"You are so listless these days." Mu Rushuang sits on the wheelchair and notices that Yu Feixue's mood is not very good.

Yu Feixue is her cousin, and their relationship has been very good since they were young. After graduating from University, Yu Feixue came back to work, which was arranged by mu Rushun.

After mu Rushuang's amputation in a car accident, her mood is very unstable. Yu Feixue accompanies her and gives her a lot of comfort. Mu Rushuang is more and more dependent on Yu Feixue.

Yu Feixue just thought about the company's affairs and came up with God. After mu Rushuang said so, she came back to God and gave mu Rushuang a massage again.

Carelessly replied: "well, there are some things in the company that are more annoying." "What about the company?"

Yu Feixue nodded.

Under mu Rushun's detailed questions, Yu Feixue just tells what happened in Qianqiu group these days.

When the former President Xie left office and the new CEO took office, he lit a few fires, and Yu Feixue was the first one among them.

I don't know how big the new CEO is. Even the former President Xie can only be a vice president under her.

"Who is your new president?" Mu Rushuang asked suspiciously.

"It's said that her name is Shen Youyou, but everyone calls her general manager Bai." The name of Bai nianxi listed in the company is Shen Youyou, so Yu Feixue doesn't know Bai nianxi's real name.

"A woman?" My eyebrows are closed like frost.

"Well." Yu Feixue pressed her legs to Mu Rushuang and said: "she's still a troublesome woman."

Yu Feixue has always been arrogant, but when Bai nianxi came, he suffered so much anger under Bai nianxi. Of course, he couldn't stand it.

Because he has just taken over Qianqiu group, Bai nianxi has so many things to do these days that he almost forgets to eat and sleep.

Bai nianxi often lives in a hotel. After working in the evening, Mu Sili will visit Bai nianxi in the hotel. After chatting for a while, Mu Sili will return to the company.

Bai nianxi basically goes out early and comes back late, just because he wants to accompany Luo Luo and tries not to put off his work too late.

Regular meeting at 7 p.m.

Bai nianxi was sitting in the conference room, reading the conference documents. Everyone was tired. Who could have thought that the new beautiful female president was a work maniac.

Bai nianxi looks through the meeting documents, and his pretty brows suddenly wrinkle. People feel that it's not good. Bai nianxi is afraid that he has found something wrong.
