

Billionaire CEO Won't Leave

Chapter 308

Qianqiu's meeting finally ended. Bai nianxiqiang, with the last trace of soberness, made clear all the things that should be explained, and then the meeting ended.

The crowd gradually dispersed, leaving only Feixue in the conference room. Yu Feixue walked to Musi and said, "cousin, how did you come here today?"

"Come and have a look." When talking, Mu Sili's eyes fell on Bai nianxi and turned to Yu Feixue: "Go back first."

"Then you?"

"I have something else to do."

Yu Feixue looks at Bai nianxi without good intention. She has no good impression on Bai nianxi. Besides, she now knows that Bai nianxi was the woman beside Kangmobei, and she has a worse impression on Bai nianxi.

If Bai nianxi became her cousin, she would not be happy.

Although I thought about this, Yu Feixue just left after seeing Bai nianxi. There are only two people left in the meeting room, Mu Sili and Bai nianxi.

"How are you?" Asked Musi, approaching.

Bai nianxi was still sitting on the chair, as if thinking about something. When he heard Musi Li's words, he turned around and said, "Thank you today." The voice sounds feeble.

"Shall I take you back?"

Bai nianxi shook his head, "By the way, how did you come?"

"At that time, I was with him." Mu Sili explained that when he spoke, he noticed the expression on Bai nianxi's face and moved when he talked about Kang Mobei.

She was too depressed. She was so miserable, but she refused to let go of herself. Her forbearance and depression even made him feel heartache.

She needs to be released. It's funny to cry. He doesn't want to see her keep everything in mind.

"To drink?" Mu Sili asked suddenly.

An hour later.

Bar.

The atmosphere here was noisy and warm. Musi chose a slightly quieter corner, ordered a few drinks and had a few drinks with Bai nianxi.

Under the lights, Bai nianxi has some alcohol. She has almost never been drunk. Today, she suddenly wants to indulge herself. She drinks one cup after another, but after a while, the wine on the table is swept away by her.

"Waiter, some more wine." Bai nianxi is holding an empty wine glass in one hand and beckoning to the waiter with the other hand.

Seeing this, the waiter came over and said, "beauty, what kind of wine do you want?"

Bai nianxi's blurred eyes glanced at the empty wine bottle on the table. "Give me the same wine you have here."

How about the same? The waiter's face is a little strange. They are a bar here. There are so many kinds of wine. If you want one, you can't set the table.

Seeing Bai nianxi like this, he should be a little drunk. He sees more drunk people. It's not unusual for him to say such words. His eyes turn to the sober musili, who seems to be consulting him.

Mu Sili's eyes stayed on Bai nianxi's face all the time. The waiter looked at him and said, "let's have some better wine, not too strong."

The waiter brought the wine, and Bai nianxi began to think about it. The atmosphere in the bar was jubilant and lively. Under the influence of alcohol, Bai nianxi's mood was not so depressed.

Musi Li didn't speak much after Bai nianxi got drunk. She just picked up the bottle again and again when she knocked it down.

Bai nianxi's body shakes and he always leans back unconsciously. Musi moves to Bai nianxi's side and reaches out his hand to protect Bai nianxi in his arms. He doesn't touch her, but helps her up when Bai nianxi is about to fall.

After drinking for a while, Bai nianxi suddenly stood up and walked out. Musi quickly followed him and held him, "what are you doing?"

"Wei In the living room..." Bai nianxi said vaguely.

Mu Sili's eyebrow slightly frowned, which he didn't expect before. Bai nianxi entered the women's toilet, and he couldn't follow him.

"You look like this, OK?"

Bai nianxi waved his hand, "it doesn't matter, it doesn't matter."

Then he pushed away the hand of Musi Li, proving that he really stood firm. But Musi Li frowned and didn't want to release his hand. "Be careful, the ground is slippery here."

Take Bai nianxi to the door of the bathroom. Bai nianxi breaks away from Mu Sili's hand and goes in.

Looking at Bai nianxi's rickety back, Musi Li was still not at ease. He reached for a waitress and took out a few bills from his wallet. "Please look at the lady and don't let her fall."

After the waiter followed in, they didn't come out for a long time.

Musi Li looks at his watch and is anxious to wait outside. At the moment, there are not many people going in and out of the bathroom. The music outside is very noisy, and Musi Li can't hear what's going on inside.

Finally, the waiter ran out of the bathroom and ran to Musi, looking a little strange.

"What's the matter?" Musi asked, wringing her eyebrows. "The lady you asked me to talk to seems to be fighting with someone else."

Because when the waiter followed in, what she saw was just a figure of Bai nianxi. She didn't know who Bai nianxi was. She only remembered that what Mu Sili asked her to stare at was a woman in white.

After the waiter walked in, he didn't find the figure of Bai nianxi for a long time. He

had been waiting outside. Later, he heard a man swearing in the bathroom. Then he saw someone coming out of the compartment. A man and a woman almost wrestled together.

The woman was dressed in white clothes, like the woman that Moussili said, and then ran out in a hurry.

"A fight?" "Musi Li's look has become strange," is there anyone else in it?"

" should be gone." "The waiter shook his head.

Musi didn't think about it any more. He rushed into the bathroom directly. When he went in to see it, as expected, Bai nianxi had already twisted with others.

"I said you're insane!" "A man is cursing while blocking the slap of Bai nianxi's greeting," you damned women, it's endless, isn't it!"

" beat you to death!" "Bai nianxi scolded and kept waving his fist at the man.

The man was irritated, clenched his fist, and swung to Bai nianxi.

Mousse strode past, took the man's fist in his palm, and then put his hand around Bai nianxi, who was standing in the same place. He protected him in his arms and pushed the man out.

This is the women's bathroom. Why is there a man?

Mu Sili frowned and looked at the man in front of him. He was covering his hand that had been pinched by him just now and showing his teeth. The man was wearing a white shirt on his upper body and black trousers on his lower body.

It's just that the shirt on the man's body has all been untied, the chest is wide open, revealing the white belly inside, and the lipstick print on the belly can be seen vaguely. The belt of the trousers under the man's body has already been untied, and the trousers are loose around the waist, as if they can fall down at any time, which makes people can't bear to look directly at him.

Just looking at such a scene, it seems that people can already guess what happened just now.

But he felt a little strange. After Bai nianxi went in, he had been standing outside the bathroom and didn't see a man walk in. This shows that he should have been in it long ago. If he had any purpose, he didn't come for Bai nianxi.
