

Billionaire CEO Won't Leave

Chapter 315

"Well. Bai nianxi replied faintly," and told her that she had worked hard. If she had such a working attitude in the future, she would not have to worry about being fired for the time being."

answered ran.

"And. Bai nianxi said again and handed Xiang ran the post it note he had taken from the plan." he told her that when she had time to practice calligraphy, it was too ugly."

he looked down at the post it note. The words on it were not pretty.

Because Yu Feixue grew up abroad, he wrote few Chinese characters. In addition, he stayed up late yesterday and was almost unconscious at the end. It's also normal for him to write such words.

After looking at the contents of the post it note, Yu Feixue said that Bai nianxi really picked out the bones in her eggs.

After returning to ran, he conveys Bai nianxi's words to Yu Feixue intact. Yu Feixue almost breathes with two big black circles under her eyes.

If you can't find out what's wrong with your work, just say she's ugly. What kind of hero is Bai nianxi?!

Bai nianxi finished his day's work early and returned to the hotel. Today, Luo Luo's eyes were bandaged.

After a period of recovery, the condition of Luo Luo's eyes has been basically stable, and no bandage is needed. After a careful examination, Gao Yu decides to remove the bandage from Luo Luo's eyes tonight.

Bai nianxi stood aside, feeling more excited than anyone else. He clenched his fist all the time, and his breath seemed a little restless. He was holding a mobile phone in his hand, and the video was on the mobile phone. Shen Hedan sat on the camera.

It's 7 p.m. in a city, and it's 3 a.m. in Shen Hedan's side. It's really hard for him to get up in the middle of the night and remove the bandage just to watch Lolo live.

"Miss Bai, the young master's eyes have just recovered and can't be stimulated by the strong light. Please try your best to turn the light in the room to the darkest."

An Qing obeys Gao Yu's command and turns the light of the room to the lowest level. Shen Hedan screams over there, "so I can't see my little nephew!"

"Dr. Gao said that Lolo's eyes can't see strong light." Bai nianxi has some helplessness to explain to Shen Hedan, and there is a shiver in his voice.

Shen Hedan thought, "well, you aim your mobile phone screen at my little nephew. The first time I want my little nephew to recover his eyesight, I see his handsome uncle."

Bai nianxi wants to smash his cell phone on the ground.

Gao Yu a little bit will be wrapped in Luo Luo eyes bandage solution down, the last bandage solution down, revealing inside Luo Luo closed a pair of eyes, long eyelashes slightly trembling, weak as cicada wings.

"Young master, try, can you open your eyes?"

In Gao Yu's gentle voice, Luo Luo tries to open his eyes slowly. Since the operation, Lolo's eyes have never been opened again, and now there are still some maladjustments.

Under the dim light, Lolo's soft skin gives out a milky luster. Lolo shakes her eyelashes and slowly opens her eyes. Her eyes are as black as black gems. They are still the good-looking eyes in the past.

Just, in front of a dark, nothing to see.

"Can you see it? Young master

Lolo shook his head.

At that moment, Bai nianxi's heart sank to the bottom of the valley. For a moment, even the sound of breathing disappeared in the room.

Gao Yu motionless stare at Luo Luo's eyes, slowly pacify a way: "it doesn't matter, we slowly, close the eyes, re open, try several times."

Lolo tried back and forth a few times.

Finally, there was a light in front of him. It was a long time later that he saw such a clear light. First, he felt that it was dazzling. The bright light made him cry. Then, he slowly saw the picture in front of him.

Shen Hedan almost panted up a whole face and carefully looked at Lolo in the lens. What Lolo saw at first was his handsome face magnified several times by the lens.

"I see it." Lolo's calm voice didn't seem excited.

The others took a long breath as they heard Lolo say it.

Shen Hedan's enlarged face showed a little surprise, "Luo..." , affectionate call has not finished, see Lolo a hand mercilessly pushed the mobile phone in front of, turn to Bai nianxi's arms, "Mommy!"

Next, with the help of Anqing's kind-hearted mobile phone, Shen Hedan watched a moving scene of a mother and son reuniting, weeping and sharing their thoughts through the camera.

Shen Hedan wiped his tearful eyes and scolded: "heartless smelly boy, see how I will deal with you next time."

After Lolo's eyes see the light again, it will be a long-term recovery process. During this period, as long as you take good care of your eyes and pay attention to rest, there should be no more big problems.

Because Lolo's eyes still can't be exposed to strong light, Bai nianxi prepared a pair of small sunglasses for Lolo, which usually hang on his face. Don't say, Lolo's cool face, coupled with the cool expression, and the cool sunglasses, the whole person's temperament is cold and cool.

Sometimes, Bai nianxi is afraid to see such Luoluo.

Because, it's so much like commobei.

During this period of time, in order not to remind herself of commobei, she always paralyzed herself with all the things she could do at hand, tried every possible way to prevaricate her heart, which was so painful that it was on the verge of breaking, and told herself that it was OK. Without commobei, she could have a good life, and she could have a good life with Lolo.

However, whenever she saw Lolo, she always couldn't help thinking of combo north. Lolo was so like him. What could she do?

According to an Qing, today seems to be a girl's day. Many shopping malls are engaged in activities.

After returning to city a, Bai nianxi hasn't taken Lolo out for a good stroll. The atmosphere in the street seems to be very good these two days. After work, Bai nianxi takes Lolo out for a stroll.

When you come to a shopping mall, it should be newly opened. It looks brand-new and has a sense of design. When you enter it, you will feel more resplendent. The first floor of the mall is almost full of luxury counters. At a glance, it is full of RMB.

Bai nianxi just leads Luo Luo to come in, heard the voice that comes from the market place.

It's a very sweet female voice. The voice comes from the microphone. It's clear and resounding. Bai nianxi listens carefully. It seems that there's something going on here.

Bai nianxi is not a person who likes to join in too much, but after listening to the introduction of the host, he thought the game was quite interesting, so he stood in the same place and listened to a few more sentences.

"Mommy, do you want to play games?" Luo Luo looks up and says to Bai nianxi.
