

# Billionaire CEO Won't Leave

## Chapter 329

"It has nothing to do with him." Bai nianxi turned around and covered his eyes with cold words. "I have nothing to do with him any more, and this child has nothing to do with him."

"Never mind? How could... "

"That's right." Bai nianxi interrupts Mu Sili, "what did Qin Nanfeng tell you? What did he tell you? "

Sensing Bai nianxi's resistance to the incident, Mu Sili hesitated and said, "he just told me that you are pregnant and that the baby is his."

Bai nianxi's brow slightly frowned. It seemed that Qin Nanfeng would say such a disgusting word.

"Nianxi, what's the matter?" Mu Sili seems to be a little anxious. If Bai nianxi is really pregnant with kangmobei's child, it will become very difficult to deal with.

Bai nianxi shook his head, "I don't know whose child is."

It's embarrassing to say that, but she really has no clue.

Musi Li didn't expect that Bai nianxi would say such a thing, but after several confirmations, Musi Li almost believes that Bai nianxi may not know about it.

"What are you going to do, child?"

Bai nianxi shakes her head again. A few days later, she still doesn't want to make a decision.

Mousse stood in the same place, his face was a little white, looking at Bai nianxi, his eyes were deep, and his eyes showed a faint worry.

What should he do with her? What should he do now to be good to her?

After a long time, mousse left.

Bai nianxi is sitting on the sofa with some weakness. Gao Yu gives her a week to think about it. Now, there are no days left.

In the afternoon, I went to work in the company. In the evening, Anqing called with a worried tone, saying that she didn't receive Lolo at school.

Bai nianxi stood up from his chair in a hurry. "Why didn't he receive Luo Luo? He's not at school? "

Anqing frowned, "the school teacher said that in the afternoon, Luo Luo was picked up. The person who picked up Luo Luo claimed to be Luo Luo's aunt."

"Aunt?" Bai nianxi's first reaction was Kang Xinyue, "is the person who took Luo Luo surnamed Kang?"

Anqing over there seems to have asked someone something, then said to the phone: "it's really Kang."

This makes sense. Kang Xinyue goes to pick up Luo Luo. Luo Luo will not follow him and the school teachers will not let him go. Unless Kang Xinyue takes advantage of his identity, the school teachers will have nothing to do.

Since it was Kang Xinyue who took Luo Luo away, Luo Luo should not be in any danger now, and Bai nianxi's heart was slightly relieved.

However, if Luo Luo is in Lao Kang's family, can she only go to Lao Kang's family to ask for someone?

After two years, she stepped into Lao Kang's home again

After the embarrassment, Bai nianxi took the woolen coat next to him and walked out of the company.

Before anqing came back, she would go to Lao Kang's house to ask for someone.

Bai nianxi drove to Laokang's compound along the route she remembered. Although it was more than two years later, her memory was not wrong. Soon, she came to Laokang's gate.

Everything seems to have not changed, everything seems to have changed.

The old housekeeper seemed to have expected that Bai nianxi would come and wait at the door. Seeing Bai nianxi, he said with a smile, "Miss Bai, are you here?"

"Is Lolo here?" Bai nianxi asked directly.

The old housekeeper nodded, "the young master is at home. He is playing with the old master."

"Take me in."

As soon as Bai nianxi came to the door, he heard the sound of broken glass falling on the ground, followed by Luo Luo's angry voice, "stay away from me!"

Speed up the pace to the door, push the door to go in, only to see Lolo standing in the living room, surrounded by Mr. Kang and others, are looking at Lolo eagerly.

"Lolo, this is your home too..."

"No!" Lolo retorted, "where Mommy is, it's my home!"

"Lolo, I'm your grandfather..."

"I don't have a great grandfather!" Lolo almost cried out, "I don't even have daddy. In this world, I only have Mommy!"

"You

"Lolo!" Bai nianxi calls out in time. As soon as Luo Luo sees Bai nianxi, he runs over and pours into Bai nianxi's arms.

The rest of the Kang family, seeing Bai nianxi, could not help changing their faces. Although I already know that Bai nianxi will come to visit some important people, when I see Bai nianxi again, everything is different.

Bai nianxi is no longer the girl who used to be timid in the face of them. Now she has a sharp edge on her body, but the sharp edge is hidden, and will not stab people all the time. It seems that she will only make people feel confident and powerful.

However, if she touched her scales, she would release her sharp points, just as at this moment, holding Luo Luo's Bai nianxi, has shown a sharp momentum. Bai nianxi first holds Luo Luo for a while, then looks at Kang Xinyue, "did you bring Luo Luo here?"

Kang Xinyue doesn't speak, pick eyebrows.

"Who allowed you to take Lolo away?" Bai nianxi's eyes were sharp and he was forced to ask.

"Lolo is my Kang child. What happened when I brought it back?"

"The children of the Kang family?" Bai nianxi smiles, with a chill in his voice. "Now, Luo Luo has nothing to do with the Kang family."

"How can you say that?" One side of Kang Youqin discontented: "Luo Luo has the blood of the Kang family. Xinyue brings him back to see his grandfather. What's wrong with his grandfather?"

"Lolo is also my blood. Don't you need to ask my opinion when you take him away from me? If you are related by blood, you will be able to take my child with you? "

"How do you speak?" Kang Youqin is just stunned by Bai nianxi's attitude. Is that what she said?

Kang Taiye and Kang Liqing stood aside and did not speak for a moment.

Probably thinking of the last time in kangmobei and mu Rushuang wedding, at that time, Bai nianxi didn't know where he was bound. Maybe when he was dying, Luo Luo came to them for help.

In order to take into account the feelings of Mu Rushan, no one stood up.

At that time, Hou Kang was also a little guilty. He and Bai nianxi had no hatred of life and death. It turned out that those prejudices gradually dissipated with the passage of time.

Maybe he's really old, and Bai nianxi is Luo Luo's biological mother after all. Although Bai nianxi says so now, he doesn't leave any feelings, and the old man doesn't get angry.

Kang Liqing looks at Bai nianxi with a complicated look.

Over the years, he has always seen clearly where kangmobei's heart is. Being liked by kangmobei shows that Bai nianxi must not be an ordinary girl. There must be something extraordinary in her character or other places.

I just didn't expect that Bai nianxi would become so powerful.
