

《Billionaire CEO Won't Leave》

Chapter 33

Lolo's eyes are wide open. Daddy is too much! Hum, since daddy is unkind, don't blame Lolo for his unfairness. He pulled Bai nianxi's clothes and put on an expression of grievance: "Lolo is still a baby, and the baby can't sit alone."

Bai nianxi thinks that what Luo Luo says is very reasonable. How can he leave Xiao Luo alone?

Just as he was about to speak, he saw Lolo, who was carried by conmobei, fell down from the sky on Xiaoguo's side and said, "sit with your sister."

Looking at Kang Mobei and his son sitting together in pairs, and then looking at the person sitting beside him, Wang Yijing is itching with hatred.

After a long flight, the group finally landed at Zurich Airport in Switzerland, and then drove to the snow mountain scenic spot.

Still ran had already ordered a room, and handed the room card to conmobei, "I didn't know my sister-in-law was coming. I only ordered a room for you. It's OK for you three to live together, isn't it?"

Kang Mo North light glanced at Luo Luo holding Bai Nian Xi thigh, stretched out his hand and carried his son out, "it's related."

Looking at Luo Luo's small expression, Wang Yijing couldn't help but gloat in his heart and said: no way, Xiao Luo, who let you have such a father?

"Naluoluo..."

Kang Mo north face has no facial expression of pointed to Wang Yi Jing's direction with chin, "sleep with him."???

Wang Yijing's eyes are big. Last second, he was still pitching his son. How could he be pitching him this second?

Bai nianxi feels that it's not right, so he opens his mouth and wants to speak. Kangmobei suddenly moves his mouth to Bai nianxi's ear, "if you want Lolo to be

beside me when I love you, I don't mind Lolo staying."

This is his son! Is conumber so shameless? Bai nianxi's face turned red and he didn't speak any more.

Wang Yijing's eyes are sparking. Damn, kangmobei, even if you bring a woman to abuse a dog, let me bring you a child?!

After the long-distance flight, several people were tired, so they went back to their respective rooms to have a rest. Lolo couldn't bear to stay at the door with Bainian for a long time. He really didn't want to leave mummy. Uncle Wang Yijing was so stupid that he didn't want to stay with him.

Luo Luo rubs and rubs in Bai nianxi's arms. He just doesn't want to leave. Bai nianxi can only coax him patiently.

Luo Luo rubs against Bai nianxi's chest. Suddenly, his black head rubs against Bai nianxi's chest. Kang Mobei endures it patiently for a long time. Finally, he can't help it. He puts Luo Luo out of Bai nianxi's arms and strides into Wang Yijing's room.

Wang Yijing is holding a lollipop in his mouth. He opens the TV screen wall and is playing games. Kangmobei comes in and shoves Lolo into Wang Yijing's arms like garbage. "Take care of my son."

Finish saying, mercilessly went out, also close the door, for fear who chase out the same.

Luo Luo climbed out of Wang Yijing's arms with a snort and went to the bed. He put his arms in his arms and got sulky.

Wang Yijing wondered if the young master was angry? So the hand of the game machine in the past, beaming said: "do you want to play with super Mary ah, your uncle Wang is super powerful oh."

Lolo nose up, "naive."

Bai nianxi takes out the items collected in the suitcase one by one and puts them in order. Kangmobei stands on one side and looks at Bai nianxi tiding up like a boss supervising employees.

I suddenly found that I forgot to bring some thicker clothes. The temperature in Switzerland is relatively low, and I don't think I have air conditioning now. But after I go out, I can't wear these thin clothes again.

Is embarrassed, behind suddenly came a sentence, "stupid woman, go out to freeze not dead you."

As soon as Bai nianxi's eyes glared, she was about to retort. Suddenly, a black coat came to her face and covered her head, bringing a warm feeling.

Taking off the coat, Bai nianxi found that the texture of the dress was surprisingly good, surprisingly warm, and the logo of Kangshi group was printed on his chest.

"What's this?"

"Clothes."

Nonsense. Of course, she knows it's clothes. She just wants to know why the logo of Kang's group is still printed on the clothes?

Kangmobei didn't answer. He began to take off his clothes directly. Bai nianxi's eyes kept roaring, "kangmobei, what are you going to do again?"

Conmber frowned, "rest, what else can you do?"

Seeing Bai nianxi's expression, Kang Mobei suddenly understood and explained with a smile: "in the evening, I'm going to inspect Kang's branch in Switzerland. It's afternoon. I want to take advantage of the time to have a rest. What do you think I do?"

Bai nianxi touched his nose. "No, I didn't do anything. Have a good rest. I still have work at night."

"But." Conmobei untied his shirt without delay, with a narrow smile at the corner of his mouth, "I think your proposal is good."

Proposal. What proposal? Does she have a proposal?

The next moment, conmobei has put her on the bedKangmobei has already put on his clothes. He is wearing a neat suit and is waiting for Bai nianxi at the door. He looks like a business elite. Abstinance is a male god.

Seeing that Bai nianxi took out a pair of black framed glasses from his bag and put them on, he couldn't help asking, "what are you doing with your glasses?"

"Didn't you ask me to inspect with you?" Bai nianxi put on his glasses and looked in the mirror with satisfaction. "How do you feel like a secretary?"

Secretary? Conmobei came forward with some dissatisfaction, "I let you be my secretary?"

Bai nianxi: "I'll accompany you to the inspection instead of being your secretary So what do I do? "

"Madame, Madame Kang." Kang Mo North strong correction way, stretch out a hand to pick down the glasses on Bai nianxi's face, carefully look at some, and hang the glasses back to Bai nianxi's face, "you'd better take it."

Scared by the name of Mrs. Kang Mo Beikang just now, some of his soul came out of his body. Bai nianxi swallowed: "why?"

Kang Mo North light glanced a white to read Xi, "take uglier a bit."

Then he took Bai nianxi's hand and went to the door.

Just arrived at the downstairs of the branch office, there was already a line of suit men waiting there early, including some tall foreign handsome men with blonde hair and blue eyes.

Wow, it's just, it's just a movie! Bai nianxi's eyes brightened and his face showed a lovely smile unconsciously.

Suddenly, I don't know what I'm stumbling over. Bai nianxi stumbles and falls forward. Kang Mobei reaches out his hand and hugs Bai nianxi in his arms.

"Ma'am, you should look at your feet when you walk. Don't put your eyes in other messy places." Obviously, it's a gentle word, but Bai nianxi always has a kind of threat in his ears. It feels like Kang Mobei's gnashing of teeth.
