

# Billionaire CEO Won't Leave

## Chapter 345

When Bai nianxi heard the sound, he felt more at ease.

"Take good care of your body, the child is very healthy, more than six Jin." Shen Hedan sits next to Bai nianxi and raises his hand. His shaking hands hold Bai nianxi's hand tightly.

Bai nianxi smiles and winks instead of nodding in response to Shen Hedan's words.

"He..." I don't know if it's because I'm too weak, or I don't know what to say. Bai nianxi only said one word, and then there's no following.

Shen Hedan already understood who this "he" meant, and immediately frowned and said to Bai nianxi, "I've driven him out. In a word, it's good to keep healthy. Don't think about those irrelevant things

Bai nianxi didn't say much at last, and his body was really weak.

What she wanted to say was that she wanted him to have a look. In fact, she also wanted to have a look at conmobei.

"Don't embarrass us, Mr. Kang."

"Bang" a heavy fall, is a group of people led by Jin Ting, will be the sound of commobei rude thrown out of the door of the hospital.

Kangmobei reluctantly got up from the wet ground. The sky was still drizzling.

"At least tell me what the child's name is..." Kangmobei's great grievance came faintly. The grievance made him close his lips, and the bitterness of his nose attacked him, which made him feel vulnerable.

Luo Luo knows Chinese characters. There is a sign on the transparent cover, which says "Bai Jingyou".

"My sister's name is Bai Jingyou..." Luo Luo murmurs without expression, because his name is Kang, and his name is Kang Jingchuan.

When there's nowhere to go in conmba, it's always going to the bar.

Memory has a time limit. Whether it's the memory of the Internet, the memory of public opinion, or you, ask yourself, what happened a long time ago, conmba can't guarantee how much you still remember.

In the bar, after a few strong drinks, komorbei gradually talked more, although there was no audience around.

"My wife gave birth! Bai nianxi is my wife! Ha ha ha

Kangmobei laughed madly and poured a glass of liquor into his mouth. A few drops of disobedient liquor spilled over his lips, which made his face look like a despondent rogue.

Crazy words suddenly spread out from the quiet bar, which can't help but make other drinkers frown and turn their eyes to komobei to protest against the destruction of their quietness.

It has been eight months since commobei disappeared in the newspapers. Now, except for a few people who have good memories or who have met with commobei, no one will take the initiative to recall that there was such a famous business tycoon as commobei in city A.

"Isn't Bai nianxi the president of Qianqiu group?" The two drinkers listened to Kang Mobei's words and began to talk.

"Well, yes, Bai nianxi, who is famous for her cold blood, didn't know whose child she was when she heard that she was pregnant."

"Well, I guess it's young and playful. It's normal not to know who the father is..."

"But Bai nianxi's heart is really ruthless. She is more ruthless than US men. The ten directors of Qianqiu group were impeached and driven away by her. Qianqiu group is such a big stall. I don't know how long she can last alone."

"Ah, I don't care about other people. Even if they are bankrupt, the camel is bigger than the horse."

"It's not chatting."

.....

The Remy Martin in front of Commo North had only empty bottles left. Commo North tried to control the remaining drops of liquid in the bottle with his drunken hand. After confirming that there was no drop, he raised his voice again and howled to the waiter:

"whisky! Have a bottle! Bottle Commobei emphasizes the word "bottle".

Seeing that he had drained a bottle of liquor, the waiter was afraid that he would die if he drank it again. Instead of responding to his request, he went to the manager and whispered.

After hearing what the waiter said, the manager frowned and said politely, "Sir, liquor is not beer. You can't drink it like this. If you are drunk, I'll take you to the rest area to have a rest."

"Let's go! I want wine! Don't say anything Commobei stares rudely.

Dissatisfaction flashed across the manager's face. When the dissatisfaction disappeared, he once again put on a smiling look, politely said, "please wait a moment", and then got behind the bar.

In a few minutes, the police from nearby came.

The manager was afraid that the psychopath would have an accident if he drank too much, so he called the police in the name of "possible" drunk driving ", hoping that the police could get the psychopath out of his shop.

"Don't touch me! Who are you "My wife is in vain! The number one cold-blooded animal in city a! You dare to touch me

"Ha ha, sir, I'm afraid you've drunk too much. Come to the bureau with us and have a rest." Said the policeman with a sneer.

"Let's go! My wife has a baby, I'm happy! What! It's against the law to drink! "

Kangmobei spat with saliva. He thought that he had a child, and he suddenly laughed madly. But when he thought that he didn't even know whether his child was a daughter or a son, he suddenly collapsed on the table like a deflated balloon."Bang, I don't want a cold-blooded woman like Bai nianxi to send me to bed. This person is really crazy."

Suddenly a murmur in a low voice, although deliberately lowered the voice, but still clearly broke into the eardrum of Commo.

"You want to die!"

With the sound of "yanlang", the empty bottle with collection value broke into glass on the head of the man with broken mouth.

Kangmobei yelled and scolded. He added two bad fists to the man with broken mouth. The police and the man who came to the bar just reflected that there was a violent incident!

"Er..." Inexplicably by a bottle of man, even fainting have to respond to come over, just began to slip to the ground.

"What are you doing?"

The police quickly grabbed the epileptic kangmobei. Before being pulled out of the bar, kangmobei still didn't forget to put on his feet to the man who had fainted: "knock in!"

A few days later, Bai nianxi recovered a little and left the hospital accompanied by Shen Hedan.

Bai Jingyou, the youngest daughter with the nickname "Lele", is in her arms. Bai nianxi gives Luo Luo to her brother Shen Hedan. After settling down, she goes straight to Qianqiu group with Lele in her arms.

Bai nianxi, who has always been on the go, makes Qianqiu group's employees, who are gradually loose in heart because of her absence, tense up in an instant and quickly deal with what they have to do.

"Mr. Bai, the documents you need to deal with have already been put in your office. In addition, the United States has arranged a new inspector. These days..."

"Reply to the U.S. headquarters, Qianqiu group doesn't need to inspect and manage. If it's to monitor me, it's better to take back the decision." Bai nianxi, before the Secretary's voice is settled, interrupts coldly.

"It's, it's!" With a little hesitation, general manager Bai, who is used to suddenly becoming vigorous and resolute, has gradually accepted general manager Bai's characteristic ruthless style of secretary, so he doesn't say any more.
