

Billionaire CEO Won't Leave

Chapter 364

After the doctor walked away from him for a long time, he tried to let himself experience the feeling of suffocation, the feeling that his grandfather would eventually feel

After holding it for about two minutes, kangmobei's eyes turned red. Finally, he couldn't bear the pain of suffocation. He took a big breath, filled with the smell of disinfectant.

Kang Liqing sits beside the hospital bed with his face full of pain. He looks at Kang Taiye lying on the hospital bed. It's like he won't wake up again. He only has his breathing mask slowly stained with fog and then melt away. He explains to Kang Liqing that Kang Taiye is really "sleeping".

The mobile phone in his pocket sent a rapid buzz, which Kangli Qing noticed for a long time.

"Hello, Mr. Kang, the shareholders are going to protest! If the stock price goes down like this again, Kang's will It's going to fall! Can you come and take charge of the overall situation? Now the company needs you very much! "

On the other end of the phone, the Secretary's urgent voice, even the basic etiquette, urged Kang Liqing back to the company.

Kang Liqing grins bitterly and says nothing. He looks at Kang Taiye on the bed. At this time, how could he be willing to leave the hospital? The doctor has said that it's just a few days.

"I see. I'll call you back later."

"Why?"

Secretary's urgent voice, only got Kang Liqing a sharp hang up.

Looking back, Kang Liqing sees Kang Mobei, still standing at the door of the ward.

"You come with me, I have something to tell you," Kang Liqing said faintly as he passed by the north of Kangmo, and then turned to his sister Kang Xinyue, "watch dad, don't let anyone in."

"I see." Kang Xinyue wiped her nose with her fingers to wipe away her uncontrollable sobs.

In the nearby fast food restaurant, there was a cup of coffee in front of them, but they didn't mean to taste it.

After a long silence, Kang Liqing took the lead in saying: "Kang has been maliciously attacked for more than half a year, just because of you."

Commo north corner of the mouth twitch, silent quiet and so on below.

"Ah," Kang Liqing sighed deeply, "it's Shen Shimo who made use of the Jiang family. Go to Shen Shimo and ask him to let go of our Kang family. Kang's family was built by your grandfather himself. I don't want your grandfather's hard work to be buried in my hands."

Conmobei is still silent, thinking about his father's words.

"Are you sure it's Shen Shimo?" Conmber asked faintly.

"Yao Mei said that madman herself. She wants our Kang family to bury her son." Kang Li Qing had been tired for a long time. Even though he was talking about the topic of hatred, he couldn't mention it now.

"Go bankrupt and restructure. Give me two years." Kang Mo North light way, seem to say a trifle.

Kang Liqing finally had some fierce reaction. He glared at the copper bell angrily and stared at Kang Mobei: "what I said, are you deaf to me?"?! I don't want your grandfather's efforts to be ruined in my hands! "

"It's not a funeral, it's a sinking." Commo North Road.

"Hum," Kang Liqing came to a conclusion in his heart that kangmobei would not change his mind. This negotiation also means breaking up, "sink down, ha ha, joke! Career is accumulated bit by bit! It wasn't delivered to you overnight! "

"I know," in the face of Kang Liqing's fierce reaction, Kang Mobei doesn't want to intensify the contradiction. Now, his head is full of only grandfather's business, "you

don't believe me, even if you are dead now or surrender, I will not change when I go to see Shen Shimei. He just wants me to kneel down and beg for mercy. I will never follow his will."

Kang Liqing doesn't want to listen any more, and angrily turns around and leaves -

in the detention room of the police station, mu Rushuang has been locked up for a whole day. Even if the lawyer comes, he is not allowed to meet. Without knowing the outside news, mu Rushuang is very worried.

"As far as I know, the Kang family did not file a lawsuit! Why do you keep my sister in custody? " Mousse left outside, pointing to the police and accusing him that he would never give up if he didn't leave here with his sister.

"After the victim's family members report the case, they have already put the case on file. If they violate the criminal law, they will not withdraw the case because of the victim's understanding or abandoning the lawsuit. Don't make trouble. I advise you to go back. It's useless. We must act according to the law."

The police don't want to offend the powerful Mu family in a city, and they persuade them with good words.

"I want to see my sister!" Musili roared again.

"Well, don't embarrass us, will you?" He has been pestered all day.

"See me! I'll leave! " Moussili stares at the police.

"Are you sure?"

"Sure!"

"Well, I hope you do what you say, or I'll have a hard time."

The police were so entangled that they had to lead Mu Si to the interrogation room alone and take mu Rushun to the interrogation room.

Mu Rushuang's hands are handcuffed. When Mu Sili sees this scene, his heart aches.

"Sister, I will find a way to take you out, you..."

"Brother! Can't I go out now! " Mu Rushuang saw her brother and asked in a hurry. Musi left a face of embarrassment, immediately put on a slightly relaxed expression: "I believe brother, brother will take you out, these days on the grievance,

ang, good."

"I don't know! I didn't do anything! Why are you keeping me here! Where are your parents? Do your parents know about this?" Mu Rushun heard that she had to stay here for a few days, and her fear was spreading.

Mousse was very helpless and realized that meaningless meeting could not solve the problem at all, and even his sister could not pacify him. He tried to make his voice calm:

"listen, I promise you that I will take you out in a few days."

"Brother! It's really just a prank! I really didn't want to hurt anyone!" Mu Rushun's face was full of tears.

Musi didn't say anything more. Now it's most important to find a way. He finally shook mu Rushun's hand and quickly left the detention room, so as not to hear his sister's call for help again, which would only increase his heart.

Standing outside the police station, Mu Sili was confused. He didn't dare to tell his parents about it, and he didn't know who to find to bring his sister out of the police station.

Thinking about it, even though I feel guilty, for my sister's sake, musili still takes out his mobile phone and dials Bai nianxi's phone.

Bai nianxi was surprised by the call from Mu Sili, but it's reasonable that he called just after his sister had done such a vicious thing. He didn't have to think much to know what it was for.

"Hello." Bai nianxi silences the sound of the screen in front of him.

Mu Sili was very guilty, but he still summoned up courage and said frankly: "Rushun has been detained by the police, eh I'm sorry I didn't take care of her

"Well, then?" Bai nianxi's tone is calm.

"And then..." Moussili said with a bitter smile, "although the request is shameless, I can only say it frankly. Would you please write me a letter of understanding?"
