

Billionaire CEO Won't Leave

Chapter 376

Yao Mei couldn't bear to come to Kang's house with doubts. However, when she stepped into Kang's house, the warmth she shouldn't have seen hurt Yao Mei's heart and eyes.

Kang Li qingben is quietly watching Kang Xinyue and Luo Luo's painting, but he doesn't expect Yao Mei to come.

"Oh, what brings you here?" Kang Liqing joked.

"What do you mean?" Yao Mei can't help but ask in a questioning tone.

Kang Li raised the corner of his mouth and said, "I haven't asked you, what do you mean, how did you come to ask me, what do I mean?"

"Just give up? That's it? " Yao Mei has never felt the market war that is so easy to win.

Kang Liqing smiles and looks around the big Kang family:

"before, I never thought that it would be so easy for me to let go of everything I won. Now it seems that it's right to let go. My Kang family should have enjoyed the four generations together. After my father left, it's not too late for me to enjoy the harmony."

"Ha ha." Yao Mei sneered. Once upon a time, the Jiang family and Le family were peaceful and warm. After the Kang family appeared, the peace of the Jiang family no longer existed. The Kang family was not qualified to have the taste of home.

"I'm too lazy to care about what you've done to my Kang family. Let's go." Kang Liqing smiles and politely says he doesn't welcome Yao Mei.

Yao Mei's heart was a little angry. He stared and left consciously.

Kangmobei takes the moving company to pack all the things in Bai nianxi's private house and transport them to Kang's home. If everything goes well, Bai nianxi will return to Kang's home tonight. Kangmobei is very happy.

Kangmobei, who went back to Kang's home first, was slightly surprised to see Yao

Mei coming out of the gate of Kang's home. Yao Mei raised her eyes and happened to see kangmobei as well.

"You can't do anything without going to the three treasures hall." He hummed coldly.

Yao Mei must be in a good mood to see the light color in the north of Kangmo. She is not affected by the great loss of Kang family's withdrawal from Kangshi.

"Don't be happy too soon. It's not over yet." Yao Mei cold road.

"Yes, it's not over yet," said Kang Mobei with a shrug. "You Jiang family, you're the only one left. How can you give back all the things you've done? It's really hard for me..."

"You Yao Mei glares at kangmobei.

Moving company's truck slowly came, the North casual glance: "don't get in the way, hurry back."

After that, kangmobei waved and asked the truck to stop at his designated position. He was busy living on his own, and no longer took care of the angry Yao Mei.

Mu's family, Mu Si, has been closed for several days. That day, after mu Rushuang was released from the court, he was arrested by the public security organ before he came to the house.

After learning about long Qumai, Mu Sili didn't even bother to go to the police station, even to see Mu Rushan.

I didn't expect that mu Rushuang hired a murderer to hurt Bai nianxi. Mu Sili was full of pain.

However, Bai nianxi's formal report to Mu Rushun on this matter also means that it is a declaration of war. From now on, the relationship between the Mu family and the Kang family, even the Shen family in the United States, has officially broken.

Mu Liancheng hasn't had a smile for several days. Even if the family members mention mu Rushuang's name by chance, Mu Liancheng will be furious and won't allow these three words to appear in Mu's family.

Mu Sili did not dare to talk to his father about his sister, but after all, it was his sister, and how could he ignore her.

Bai nianxi came to the police station and submitted a series of evidence she secretly

collected to the police. When the police saw the detailed evidence, they were relieved. At least they didn't need to use their manpower to investigate the case. In this case, they would go directly to the procuratorate and wait for the public prosecutor's court to put forward a trial.

The Kang family was very busy. After the moving company moved a series of furniture to the corresponding position, the servants were also busy. At 4 p.m., the move was completed.

Kangmobei subconsciously steps out, ready to go to the market to buy vegetables.

Lolo accompanied her aunt to paint quietly, and time also slipped away.

The front foot of the servant who was in charge of buying vegetables just came in with big and small bags, and the back foot, kangmobei, came back with fresh food.

When Kang Xinyue saw that Kang Mobei was carrying vegetables, her face was full of doubts: "what do you want to buy vegetables for?"

Lolo said casually, "daddy likes to cook."

"What?" Kang Xinyue was surprised, "do you cook? What do you want a domestic servant to do? "

"Romo and nianxi like to eat the dishes I cook," he said with a smile

Kang Xinyue's mouth twitched a little, almost subconsciously uttered a complaint, and finally swallowed it back to her stomach, saying nothing more.

At dinner time, Bai nianxi came to Kang's home. Kang Mobei also prepared a table of dishes, waiting for everyone to serve.

"Back? Eat. " Kangmobei gently smiles at Bai nianxi.

Bai nianxi is also smiling. Although she looks a little tired, she has been driving for a long time in many places today."What did you do?" Bai nianxi saw the familiar dishes and asked.

"Well, you like my cooking. I'll cook dinner later." He said with a smile.

"Dinner. I'll call Grandpa." Luo Luo, who is sensible and joyful, runs upstairs. Kang Liqing stays in the study all the time and doesn't come out in the afternoon.

Silent dinner, each leave, or eat together, such things have not been staged for a long

time, everyone does not know what to say, after dinner, they are busy.

"Let's travel." Kangmobei is lying on the bed, looking at Bai nianxi who has just taken a bath.

Bai nianxi wiped his wet hair, and his expression was not affected by Kang Mobei's words: "where do you want to go?"

"Well In the past, we always went to developed countries, but now we want to go to West Asia to relax. What do you think? " Kangmobei sat up and took the initiative to help Bai nianxi clean his hair.

Bai nianxi nodded: "this proposal is good."

"Let's go tomorrow! I'll book in a minute. " Three days later, bendibull.

White read Xi full face tired of lead a face excited Luo Luo, in front of, is Kang Mo North in panting to explore the way.

In this small city of nizhel, there are few people. Conmobei carries all his luggage on his back, so that bainianxi and Lolo can have a more relaxed visit.

"Mommy, it's beautiful here. I want to draw here." Lolo's eyes are full of exploration. He is in the community of ancient buildings, but in the distance, there are snow capped mountains.

The setting sun at dusk, let the whole town covered with sunset orange, the distant high snow mountain, but still as white as ever.

"Well, let's find a hotel. Let's find one with windows. Lolo can draw in the hotel." Bai nianxi smiles and pinches Luo Luo's little hand.
