

Billionaire CEO Won't Leave

Chapter 378

In April of a city, there is no feeling of early summer, it is still late spring.

In the court, mu Rushuang, who has not been detained for two months, has no human form. She sits in the dock with a dull face. In the dock, what she attends is not Bai nianxi, but the procuratorate.

Mu Rushuang doesn't care about the result of the trial, because in the past two months, she has been living in hell, waiting for her every day, which is the bullying and insulting of the five crazy women in the prison.

However, Mu family, it seems to really give up her, did not come to see her.

"Now let's invite witnesses Li Xiaohu and Zhang Wei to attend."

These two people are the people mu Rushuang invited from the dark net to fight against Bai nianxi. After they failed to escape, they didn't even dare to ask for the final payment.

He hid in other cities for a while, but he lost all his money because of blocking Bo and was arrested because of a crowd fight.

Bai nianxi secretly asks the police to collect the clues left by the two people, including their DNA information.

After the fight was arrested, the DNA information of the two people was accidentally matched in the information database. After the police compared the monitoring, the two people were brought to justice by conclusive evidence.

In order to reduce the penalty, it's a logical choice to give up the admiration.

"Li Xiaohu and Zhang Wei, you two took money from the defendant mu Rushuang, and then attacked Ms. Bai nianxi, didn't you?" The prosecutor asked in a dignified voice.

They bowed their heads and nodded.

"Mr. judge, the evidence of the crime of instigating homicide and intentional injury advocated by the procuratorate is conclusive, and the defendant keeps silent from beginning to end and does not cooperate with the examination of the case, so it should be given a heavier sentence. According to Article 29 of the criminal law of our country, whoever instigates others to commit a crime should be punished according to the role he plays in the joint crime, and according to Article 234, intentionally injures others' body If serious injury is caused to a person, he shall be sentenced to fixed-term imprisonment of not less than three years but not more than 10 years; if death is caused to a person or serious disability is caused by extremely cruel means, he shall be sentenced to fixed-term imprisonment of not less than 10 years, life imprisonment or death penalty. Therefore, the procuratorate advocates that the defendant mu Rushuang be sentenced to fixed-term imprisonment of 15 years... "

"Wait a minute!"

Before the prosecutor's words were finished, the door of the trial scene was heavily kicked open, and everyone frowned and looked back. It was Mu Sili who came.

Seeing that mousse is coming, his eyes are slowly returning to a ray of light.

The prosecutor frowned and stared at Mu Sili: "according to paragraph 3 of Article 101 of the procedural law, the people's court will investigate the criminal responsibility of those who make a noise and seriously disturb the court order according to law. If the circumstances are minor, they will be fined and detained. Mr. Mu Sili, you are suspected of breaking the law! Please leave consciously

"Mr. judge! My sister has a mental disorder test report! I'd like to apply for a retrial of the case at a later date! "

"Nonsense!" The prosecutor was furious.

The judge was slightly dissatisfied with Mu Sili's violation of the procedure and forced to break into the scene of the trial. Just as he was about to ask the bailiff to expel him, Mu Sili yelled again:

"my sister mu Rushun issued a mental test report in the last trial! At that time the court and have been accepted as evidence! The people's Procuratorate deliberately avoids this point and has to sentence my sister for a felony, which is against the justice of the public security law! "

.....

"This case is scheduled for retrial."

Being separated from this commotion by mousse, the judge left his voice dissatisfied and hurriedly got up to leave the bench.

"Brother..." Mu Rusheng looks at Mu Sili chokingly.

Musi's eyes were cold. She only looked directly at mu Rushun, and then stopped looking at her family -

because of the openness of the trial, the case of Mu Rushun's abetting and wounding was finally learned by the major media, and the outside of Mu's family was full of reporters.

Mu Liancheng sits in the living room with a tired face, and the noise outside lasts for a long time.

At the last moment, mousse couldn't resist his inner suffering and struggle, so he went to the court. After the judge announced his words, he left the court directly. He didn't intend to defend mousse in person, but asked another lawyer.

Back at home, moussili was surrounded by a group of reporters.

"Mr. musley! Your sister almost got 15 years! Why did you go to court at the last minute? "

"Is the Mu family disappointed in Mu Rushun? Don't want to recognize mu Rushun as a member of my family? "

.....

Moussili rudely pushed away the reporters around him, did not respond to anyone's questions, quickly got into the house, and sat down on the sofa in the living room with a sigh.

Mu Liancheng heard a sigh, and his brow turned into a knot in one's heart.

"I said, leave her alone!" Mu Liancheng said angrily.

Musi Li wry smile: "I also want to ignore, but sensibility conquers rationality."

"Hum," Mu Liancheng glanced at Mu Sili and said, "even if she rotted to death in prison, I won't care about her any more!"

"My sister was almost sentenced to 15 years." Muse leaves light way.

A light clattering sound, knocked on Mu Liancheng, Mu Liancheng is also full of entanglement, habitual hard mouth of him, just hard mouth, heard the word 15 years, Mu Liancheng heart mixed.

"Our Mu family has completely offended the Kang family." Muliancheng sighed.

Musi can't forget that in the last court trial, his family used such a dehumanizing defense to attack his family. Now no matter what the heavy consequences are, Mu Rushan is to blame himself. Although he is not willing to admit it directly -

Kang Liqing's temper is getting more and more fierce, because Kang Mobei and Bai nianxi have been traveling abroad for two months, and they don't call back.

He forgot that kangmobei had never heard from the Kang family for nearly two years before. He forgot his previous unhappiness. He only remembered that kangmobei had not called home for two months now, and he didn't even return Kang Xinyue's messages.

On the other side, with Bai nianxi and Luo luolele, kangmobei is visiting Pakistan.

When Bai nianxi finally heard that he was tired, the party had arrived in Karachi, the former capital of Pakistan.

For two months, in the dark place at night, kangmobei and bainianxi did nothing. They just leaned back, looked at the clear starry sky, thought nothing, and felt each other's existence.

Zhenna International Airport, the tour is over, it's time to go back.

Lolo painted a lot of paintings. Everywhere he went, Lolo would quietly draw the scenery he thought was worth leaving in a quiet corner.

"Lolo, you played truant for two months. Go back to school well." Bainianxi joked with Lolo.

"Bang, don't worry, Mommy, even if I didn't go to school for two months, I would not be worse than those childish ghosts." Lolo has a lot of confidence in himself.

"OK, if you can get a full mark at the end of this semester, daddy will give you a little wish." Conmbe teases Lolo, too.

Lolo's eyes glowed: "really?"

"Well, of course." Conmobeir is noncommittal.

"I want to have another trip like this, OK?" Asked Lolo expectantly.

Kang Mobei and Bai nianxi look at each other: "Luo Luo likes to live such a hard life?"

Lolo shook his head: "when I travel, I think mommy and Daddy are more like a couple."
