

# Billionaire CEO Won't Leave

## Chapter 381

Yu Feixue is not only pale, but also broken to pieces.

She never thought of getting the protection of her parents, but at the beginning of the accident, her father fell down on her as her own daughter. Yu Feixue's Three Outlooks collapsed on the spot.

Yu's mother sobbed and sat up. She forced her dizzy brain to help Yu Feixue up from the ground.

"Dad, will your heart hurt when you treat me like this?" Yu Feixue looks at Yu's father with a miserable smile.

Yu's father looked back coldly: "don't you think you are a fool to do such a thing?"  
Hum

After that, Yu's father slammed his fist on the tea table, accompanied by a dull, stiff sound, and he went back to his study alone.

"Flying snow Your dad was just angry Don't take it to heart... "

"Now, I have no heart." Yu Feixue wipes away the tears on her face and leaves the house without expression. Yu Feixue walks on the street in confusion. The world seems to have changed its color and covered with a layer of fog -

prison.

Mu Rushun curled up in a corner, around, is still the five crazy women, five crazy women often look curled up in the corner, holding knee buried mu Rushun, eyes are full of contempt.

"It's boring." The eldest daughter continued to read the book with a cold hum.

"That's it. It's so boring ~" the second flattered and looked up at mu Rushun. "The old lady's temper was so easy to break up."

"Ha ha ha ha." Laughter of ridicule reverberates in the small cell.

The most troublesome thing for the prison guards is that they have to come to this cell several times a day to drink angrily. If it wasn't for the warden's personal command that mu Rushun couldn't be transferred to the prison, he would have solved this problem:

"keep your voice down!"

Mu Rushuang raised her face and looked at the prison guard outside the prison door. Her eyes were written asking for help and desperation. On her face, she had an unnatural light plateau red, which was beaten out.

The C.O. interprets the meaning of this look, but he has no authority to adjust the allocation of the prison room. The poor man must have something pitiful. The C.O. can only think like this, who told her that she didn't know her fortune in the first place? She had to make trouble, and she had to taste the price before she regretted it.

In the past, mu Rushun could think that when she went out, you must let the ants taste the consequences and cost.

But now, her father didn't care about her at all, and even her brother just came out once in court, and then left.

In recent months, there was no one in her family to visit her. She knew in her heart that she had been given up.

After returning home, Mu Si reported the situation to Mu Liancheng and learned that Yu's family wanted 100 million yuan. Mu Liancheng was very angry.

"Dad, don't get excited. First give them 100 million yuan. After that, we can get it back." Musi from light comfort way.

"Bring it back?" Because of these words, Mu Liancheng suddenly realized that his face was clear, "Sili, you are finally mature."

Musi from the bleak smile: "I am quite surprised that the Yu family abandoned Yu Feixue like this, but also because of the reality of the Yu family, I am not so tangled now."

"Oh, what were you struggling with before, fairness, justice, morality and humanity? Hum Mu Liancheng asked in a mocking voice.

"Well, I used to feel guilty about Kang family and Bai nianxi, but now, this feeling has faded." musili has his own independent idea, which can be realized only a few times, because as Mu family, his position has decided his choice, and no one cares about his inner suffering and struggle, including his father, "give 100 million to Yu family first, and then solve the problem." I'll ask the Yu family to turn around and beg for mercy. "

"Good, beautiful." the change of Mu Sili is the only gratifying thing for mu Liancheng recently. At the moment, his heart is no longer so angry. "You can do it quickly, Mu Shi, and you will take it over in the near future. Be ready. I'm optimistic about you."

Mu Liancheng patted Mu Sili on the shoulder as a sign of encouragement, then walked upstairs and left the living room.

Yu Feixue turns around aimlessly in the street. Unconsciously, she comes to the private house where Bai nianxi lived before.

The door of the private house was closed. She saw through the window that it had been emptied.

According to a few pieces of news, Yu Feixue learns that Bai nianxi has moved back to Kang's home. To her, other people's happiness is like a knife, stabbing her heart and mocking her defeat.

When Bai nianxi comes back to Kang's home from the company, Kang Mobei has already prepared a table of dishes.

"Nianxi, come and get ready for dinner," said Kang Mobei, looking at Bai nianxi with a loving smile. "Tonight is the meal I cooked with my aunt. It may taste like..."

"What? What might it taste like? " Kang Xinyue raised his dissatisfied face and turned his eyes at Kang Mobei.

"Haha, grandma's cooking is terrible. She still has to cook." Luo Luo doesn't give Kang Xinyue any face. She looks at Mommy with a smile and says.

"Oh, you little son of a bitch, you are a little kid," Kang Xinyue complained. "You can improve your cooking skills by cooking more." "Mm-hmm," Bai nianxi nodded with a bitter smile, "try the dishes made by my aunt."

Hearing Bai nianxi's words, Kang Xinyue's resentment dissipated: "you male animals, your mind is not delicate at all. It's really not intimate."

"Ha ha, well, hurry to eat. Nianxi has just finished his work in the company, so he should be hungry." Kang Liqing put away his magazine with a smile and asked Bai nianxi to take a seat.

The dinner of talking and laughing makes everyone have a big appetite. Although there are a few dishes that are not delicious, they can only be evaluated as "edible", but this warmth is cherished by everyone tacit understanding.

"Guanglang!"

At the end of the dinner, the glass windows of the living room suddenly broke, and the slightly loud sound of the broken glass surprised everyone.

Bai nianxi subconsciously looks at the source of the sound, the broken glass window, a wisp of black shadow passing quickly.

As soon as she saw this, Conmobei had rushed out of the house.

"Don't run!"

Conmobei roared and ran after the thin figure quickly.

Yu Feixue is so angry that she smashes a brick against the Kang family's glass window. She doesn't want to be chased so soon. Yu Feixue regrets it again. She runs away panting and frets that she has done something stupid.

Within a minute, kangmobei's fast running caught up with her. Yu Feixue didn't dare to stop. Kangmobei had to fly to her and they fell to the ground heavily.

When he saw that it was Yu Feixue, kangmobei was surprised for a second.

But kangmobei didn't say much. After controlling Yu Feixue, the family members who came after him took the rope and tied up Yu Feixue.

Bai nianxi looks at Yu Feixue, who has been tied back. He is unable to laugh or cry. After he asks Kang Xinyue to take Lele and Luoluo back upstairs, Bai nianxi asks with a bitter smile:

"this Which one is it? "
