

Billionaire CEO Won't Leave

Chapter 403

"Be quiet!" The judge reminded all parties to abide by the court order, and then slowly said, "the plaintiff's lawyer claims that the defendant's illegal request is to murder his life, so as to prove that the defendant Musli is suspected of kidnapping. This is a temporary dispute. The court will be suspended for 30 minutes, and the judge will discuss with the jurors before hearing."

When the judge finished speaking, he stood up and led a group of jurors to the back. The trial was temporarily suspended, while Kangmobei stood up from the gallery and went to Bai nianxi, who was sitting on the plaintiff's seat.

"Tired or not? If you're tired, just go back and have a rest. Just have a lawyer Commo North warm channel.

Bai nianxi smiles and shakes her head. She looks directly at Mu Sili: "I have to be here to let Mu family see my position clearly."

Kangmobei nodded in silence and looked back. Musi Li was also looking at Bai nianxi. His eyes were clear and complex. He couldn't guess what he was thinking.

Half an hour later, the judge walked out of the rear conference room and returned to the bench. The noisy conversation on the scene gradually quieted down.

"In view of the fact that the victim, Ms. Bai nianxi, was not seriously injured in the end, and according to various evidences, it took less than two hours for Ms. Bai nianxi to go from being detained to being rescued, and just now the members of the jury roughly calculated the total length or depth of the low-level air raid shelter and underground cave according to the cross-section of the incident site, only based on the concealment of the entrance and exit. In addition, more than 60 people on the desert island jointly carried out the search and rescue activities. The defendant Mu Sili also clearly understood that if the defendant had the subjective intention to kill the victim, there should be corresponding material evidence. However, there was no direct evidence except for the cross-section and the search and rescue process. Therefore, the plaintiff was not satisfied. Fang's claim is untenable."

.....

After the conclusion of the most controversial point, the following trial becomes

simple. Finally, Musili was convicted of illegal detention. According to the provisions of the criminal law, Chinese citizens who commit crimes in foreign countries and violate China's criminal law should be investigated for responsibility, but if the maximum legal penalty is less than three years, they can not be investigated.

Therefore, the defendant Mousi was acquitted in court.

After the judge left the bench, the audience left the court one after another.

"I knew for the first time that there was such a rule..."

"That is, if we all know that if we break the law abroad and return home, we can be exempted from investigation, then we can do anything abroad, as long as we can go back home."

"It just feels a little unfair."

"....."

Everyone talks about leaving the court. Kangmobei also holds Bai nianxi's hand. If he doesn't look at Musi Li again, Yu Guang of kangmobei has already seen it. There is a cold smile on Musi Li's face.

Back at Kang's home, Kang Liqing's face darkened when he heard the result of the lawsuit, but he didn't say much. Kang Xinyue called everyone to have dinner. The silent dinner atmosphere was not very comfortable.

Mu Sili, who has become a free man again, clearly realizes how comfortable the air of freedom is. But now, it's not the time to enjoy freedom. My sister is still in prison.

Meeting mu Rushuang is something that Mu Si will do as soon as he is free.

And often see often mu Rushuang, mu Rushuang's words, mostly cry about the pain in prison.

"Brother You think of a way. If you stay here any longer, I'm going to be crazy. I might as well let me die! " Like frost, the storm cried.

Mu Sili has no way to solve this problem, and he can't think of any clue. If he didn't miss his sister in his heart, he would not come to see her. However, every time he hears a similar cry, which makes Mu Sili feel very sad, but he can't help it.

"If you are short of food or use, please tell me. I'll bring it to you." Musili, as always, responds to murushuang with similar words.

"Wu Wu Wu..." Mu Rushuang has no past crying.

.....

Driving back to Mu's home, it's already late at night. Mu Liancheng has no plans to go to bed. He sits alone in the huge living room, shaking his red wine glass.

Mu Liancheng didn't have a good temper. Seeing that Mu Si came back so late, his face became more ugly. What he didn't want to say, he couldn't help saying:

"hum, just after being released, he didn't even come back home. Where did he go?"

"It's frost." Musi from hearing, light answer.

"....." Mu Liancheng naturally remembered that he knelt down to Kang Liqing to plead with him that day. He knelt down to Kang Liqing. As a result, Kang Liqing not only didn't make any concessions, but also carried out the lawsuit against his son Mu Sili.

Anger and depression stirred the heart of muliancheng.

"What's the use of seeing it, and you can't let your sister be released." Mu Liancheng breathed.

Moussili said with a wry smile, "I have to go and see. My sister is in pain. If even her family doesn't care about her, she will be more miserable."

"Ah, I'm a fool. I thought that if I knelt down to the Kang family and begged for mercy, they would let us go. Now it seems that I'm really a fool." Mu Liancheng uses the tone of crazy self mockery to accuse Kang's ruthlessness. Musi Li heard the sound, his face sank: "kneel down?"

"Well, even you think your father is old and confused, don't you?" Mu Liancheng is dissatisfied.

Musi stood still. His father's words made him clench his fist: "did you give it to them? They didn't give in at all, did they? "

"Stop it. I'm sick of it." Mu Liancheng some regret to hurt self-esteem things out of the mouth, repeatedly mentioned, let him feel extremely resentful.

"Hum..." Mu Sili twitched his mouth, sneered, anger was born from the heart, this anger, red fruit aimed at the Kang family, "in this case, then a city, there is mu family, there is no Kang family."

Mumbling to himself, has already had the role of firm inner thoughts, mousse from cold face back to the room, with a laptop query some subconscious thought of the problem.

In response, when I am doing meaningless things, my heart is full of my chest.

Inadvertently, some information related to the search results showed a news that was not really relevant:

[after Shen Hedan sold off the American industry, his younger brother Shen Shimo also frequently returned home.]

"Shen Shimo..." Murmuring the name to himself, Musi Li thought of the past not to deal with each other, but also thought of Maybe the Wei family and the Mu family joined hands to fight against the Kang family

Thinking of this, moussili had a general idea.

Shen Shimo's childhood in China is very leisurely. Since the collapse of the Kang family, the action against the Mu family has never been carried out. He is not in a hurry. Since it is a game, play it slowly.
