

Billionaire CEO Won't Leave

Chapter 427

In fact, Mu Sili's insincere promise to help Shen Shimo carry out his business is to get the reagent to poison kangmobei. At the same time, he wanders around Shen Hedan, exchanging intelligence for Shen Hedan's trust, and also for Mu's re emergence.

As long as his father and sister have no worries in this life, he is not afraid to take risks to do such things.

Inside the blue lab, researchers with doubts on their faces repeatedly checked the reagents in the lab. after repeated confirmation, their faces were filled with panic.

"Wei, President Wei! No, the lab lost a reagent! "

Wei Xia received a phone call from a researcher of a health science company. As soon as she heard the call, she was frightened.

"No way! The company's security is so tight, how could it be lost? What reagent is missing? " Wei Xia tone with a trace of confusion, harshly asked.

If spread out, blue will face the risk of exposure, Wei Xia how can not worry.

"Mr. Wei, we have checked several times, and we have indeed lost a medicine. Mr. Shen came here a few days ago and brought in strangers. Could it be..."

Wei Xia didn't wait for the end of the phone to finish, then she hung up decisively and dialed the number of Shen Shimei.

"Hello, ma..."

"Who did you bring into the lab?" Wei Xia asked harshly.

"Ah? Oh, moussili, you didn't mean to give him the business this time... "

"I said he was allowed to carry it out! I didn't say that he could read our secrets! " Wei Xia growled.

Shen Shimei didn't understand why her mother lost her temper, just for the sake of Musi Li, didn't she?

"How can you be so angry..."

"The lab lost a potion! Do you think I should be angry? I tell you! Anything happened! You get out of here! Bring me the potion in three days" Wei Xia angrily scolded finished, quickly and angrily hung up the phone.

"....." Silent panic face are a little white, "Muse from steal medicine?"

Without time to think about it, Shen Shimo drives to the villa where Musi left.

"Pa!"

One punch down, moussili's cheekbone is about to fracture. Moussili, who has been beaten all the time recently, is still suffering from a new injury.

"Did you steal the potion?" Silent staring at Musi from, vicious way.

So fast? Mousse left the accident for a moment. He covered his face, hung his head, and nodded gently.

"You! Do you want to die?" He quickly grasped his collar in silence and pulled up the mousse sitting on the ground.

"Hey, hey, it's just a reagent I want to use it on commobei..." Musi Li giggled, because in his mind, he once again made up the picture of commobei's whole body festering and dying. Just making up his brain, he felt comfortable in body and mind.

"For conumber? Are you crazy?" Shen Shimo clenched his teeth tightly, gnashing his teeth.

It is equivalent to exposing the Wei family's core business when it is used on commobei. Moreover, commobei has been watched by the media all the year round, and his accident is bound to endanger the Wei family's core interests.

"Give me the potion!" He said angrily in silence.

Moussili raised his eyes and said with a fearless smile, "No

"Pa!"

It was another blow, and the bone of the bridge of the nose made a click, which made Muse feel anoxic.

"Hand it in!"

"No

It seems that Musi is dead.

"You..." Silent and angry, he threw Musi to the ground, and then walked back.

Hard don't eat, so soft?

After thinking for a few seconds, Shen Shimo softened his voice: "if you want to kill kangmobei, I'll help you. If you hand in the medicine, you can die whatever you want."

"Is it?" Musili is not credulous.

"I can hire a mercenary, and I can make him die without leaving a clue. It's no good for anyone to make a big deal. You don't want to be sentenced to death for murder, do you?" Shen Shimeis tries to be patient and says with a smile.

It makes sense Mousse was shaken. If he could, he also wanted to live beside his father and sister after he got rid of conmobei.

Silence, in Shen Shimo's opinion, is a kind of wavering. Shen Shimo continued to swim and said, "if you don't believe me, I'll organize mercenaries right away."

After that, I got through a number. There was a cold voice on the other end of the phone.

"How much is the current market price for domestic affairs?"

"Who?"

"Conmber."

.....

The other end of the phone seemed to be inquiring about something. Almost a minute later, the voice came from the other end of the phone again: "big man, 50 million."

Shen Shimo looks at Mu Sili, waiting for his reaction.

Mousse thought about it and finally nodded.

"I'll think about it." Silent satisfied with a smile, hung up the phone."Take me to get

the potion." Shen Shimei arranges his clothes and gets up to go out.

In an abandoned factory in the wilderness, moussili and Shen Shimo detour around the factory.

Soon, the two entered a basement.

There was only one table in the open basement. On the table, there was a silver box.

After Shen Shimo confirmed that the silver box was a storage box, he immediately ran to take it.

Mu Si left decisively a arrow step to rush past, block the silence in front of: "think about it, or this death method looks more happy."

"You..." Shen Shimei was very angry. For the sake of the overall situation, he could only try to be patient, so he said under the pretext, "I'm not sure whether this medicine is useful or not. The stability needs to be tested. You'd better give it back to me."

"Think about it, the whole body festering scene of komorbei..." Musi Li smirked, once again brain fill such a scene.

After a while, Shen Shimo pushed away moussili and quickly held the silver box in his hand.

Musi from the subconscious, a carp stand firm from the ground, quickly rushed past, and compete with Shen Shimei.

During the struggle, the lock of the silver box made a clattering sound because of the snatch. It seemed that if the strength was a little stronger, the lock would not hold and would be pulled open by Sheng Sheng.

"Let go! Danger Shen Shimo was afraid and frightened, afraid of any problems.

Seeing that his reaction was so intense, mousse confirmed that this medicine should be useful, and naturally refused to let go.

Shen Shimo raises his foot and kicks to musu Li. Musu Li can only pull the box with one hand and Shen Shimo with the other. When you drag me, the box will "click" and the gap will gradually open.

Two people gaped and looked at the silver box - the blue potion lying in the box really slid down with extremely slow motion

"Ah There was a silent scream.

It's too late.

With a bang, the blue reagent was broken on the ground, and the liquid in it was instantly vaporized and filled with yellow mist around them

Shen Shimo and Mu Sili stopped breathing
