

Billionaire CEO Won't Leave

Chapter 444

"Fortunately, it was discovered early. After first aid and detoxification, the patient was all right."

The doctor who took part in the first aid came to Bai nianxi in a hurry with a look of relief.

"But I suggest you call the police, because the poison in the patient is cyanide, which is a kind of highly toxic. Fortunately, it was found in time. If it was found one second later, the consequences would be unimaginable." The doctor cautioned cautiously.

Bai nianxi was stunned for a while. She was afraid in the bottom of her heart. She couldn't figure out which evil person would do such a vicious method: "doctor, is Mobei sure he's ok now?"

The doctor nodded: "I will be able to transfer back to the general ward in a moment. You can wait."

After that, the doctor left in a hurry, and Bai nianxi was still thinking about who the vicious means came from.

"Why? You're here," Bai nianxi realized that Musi Li was coming. She even forgot. Just now she had a conversation with Musi Li.

Moussili gave an embarrassed smile.

Thinking that Kang Mobei was suddenly targeted, Bai nianxi suddenly remembered whether Musi's departure was also targeted, so she resolutely raised her hand and turned Musi around in front of her. After confirming that Musi was ok, she was relieved:

"great, you're not hurt."

From Bai nianxi's care, Mu Sili felt flattered and looked at Bai nianxi with a smile. Mu Sili said, "I'm ok. I thought Shen Shimo did it. Now it seems that it's not him."

After that, moussili fell into a state of thinking and continued to think about the answer to this question.

"We'll just look into this matter. You should pay attention to safety, OK?" Bai nianxi says.

The words of concern made Mu Sili feel a little heartfelt: "let me investigate this matter. After all, I owe kangmobei a favor."

During the conversation, conmobei was pushed out of ICU. He lay on a mobile stretcher and looked up at Bai nianxi.

"You can be safe, I didn't let you return the favor, you don't owe me." Kangmo North light way, just their conversation, Kangmo North faintly heard.

Bai nianxi nodded and agreed: "yes, you are safe."

Having said that, Bai nianxi worries about the hidden danger in this hospital. After thinking for a few seconds, he takes out his mobile phone and calls Shen Hedan.

"Hello?" Shen Hedan receives a call from his sister and answers it decisively.

"Brother, do me a favor and call some security for me." With that, Bai nianxi simply states what happened to kangmobei. Shen Hedan is surprised.

"Well, I'll come right away." Shen Hedan hung up the phone in a hurry and rushed to the hospital with his 20 member security team.

"I've checked. It seems that Shen Shimo didn't do it."

In the ward, the four gathered. After a short silence, mousse left and said.

Outside the ward, 10 security guards are strictly guarding. Even outside the hospital, security guards are also arranged to watch. In addition, some people are arranged to patrol the hospital.

"I'll check if you're safe," Shen said coldly. "And you, Musi Li, pay attention to safety."

"Stop monitoring!" Gao Shun, the leader of Shen Hedan's security team, is checking and monitoring the doctor's whereabouts one by one at the police station under his jurisdiction.

After zooming in, the person on the screen is really wearing a white coat. The next

second of the convergence of road monitoring, the man in the white coat quickly takes off his white coat and leaves it in the garbage can.

"That's him! Find out the route! Go after it Gao Shun said with a cold face.

"You can lock it! This guy's upstairs! Go

As soon as the order is heard, ten security guards quickly follow Gao Shun out of the monitoring room and rush to the building captured by the monitoring.

"Madam, I have done what you asked me to do. Please call me the balance." The middle-aged man had excitement and joy on his face. After all, he had just finished something exciting for him.

"I'll give you the balance when the news comes out that conmobei is dead." The female voice on the other end of the phone, without any emotion.

"What? no I disagree! I didn't say that before! As long as I get it, will I pay the balance? You can't do that, and I need money to run away! " The middle-aged man retorted excitedly.

"Bang!"

The man suddenly heard a loud noise. Obviously, the person at the other end of the phone also heard it, so he hung up the phone in a hurry.

All of a sudden, a large group of people rushed in front of him and pushed him to the ground.

"Oh! they hurt! Take it easy When a man is pressed on the ground, his arms will be taken off.

Gao Shun stares at the man who is pressed on the ground and takes out his mobile phone to call Shen Hedan.

"Mr. Shen, I found it." After the call, Gao Shunhui reported.

"That's great," Shen Hedan celebrated. "You ask him who ordered him to do such a bad thing. If you don't cooperate, you can deal with it. I don't have to know who is behind the scenes from him." "I understand." After hearing the instructions, Gao Shun hung up.

When the middle-aged man saw Gao Shun squatting in front of him, he didn't have time to cry and beg for mercy, so he said:

"the boss said, you can't move. If you don't move, you'll die. If you do, you can go to jail at most. You can choose by yourself." Gao Shun loosened his tie, and his face was full of anger.

The man's heart clattered, and he thought quickly about countermeasures. He didn't want to die.

"I will! Give me some running money and I'll tell you everything! "

"Hehe, what more money? "I'm afraid I'll die," Gao Shun said with a sneer. He stood up and said to his opponent, "kill me."

"Yes

"Wait!! I'll do it! " The man in the face of drug money, finally admit counsels: "I don't know who she is, but I have her number, my mobile phone is next to! Let me live! Please

Gao Shun nods to his subordinates and signals to let him go. He takes the man's mobile phone from one side. After inquiring about the unlock password and confirming it, Gao Shun takes his subordinates and leaves the shabby house.

"Call 110. When the police come, you can go. Gather at the hospital." Leave orders, and then leave two people to guard, Gao Shun with mobile phone network to the hospital.

Shen Hedan quickly organized people and used positioning technology to lock the number. He used to communicate frequently in a villa area.

"Mr. Shen, I've checked the villa area. I can confirm that Yao Mei of Jiangshi group is very suspicious. " Gao Shun with a group of people around busy investigation, the conclusion is clear.

"Yao Mei?" Shen Hedan was surprised again.

Yao Mei, dressed in a noble manner, sits in the luxurious living room, tasting the bright red wine. After the number is thrown away, she has been paying attention to the news.

[it is said that there is no serious problem when kangmobei is attacked suddenly.]

similar news was published in most of the news, but there was no news about the death or poisoning of conmobei.

Yao Mei sneers. She has reason to believe that she has been cheated, or Kangmobei is more likely to choose not to scare the snake and secretly investigate her.

Out of caution, Yao Mei prefers the possibility of the latter.
